# Cardiovascular System National Charts

Supporting the NHS, supplying the NHS, protecting the NHS

NHS Prescription Services is a service provided by the NHS Business Services Authority

## Cardiovascular – Index of National Charts

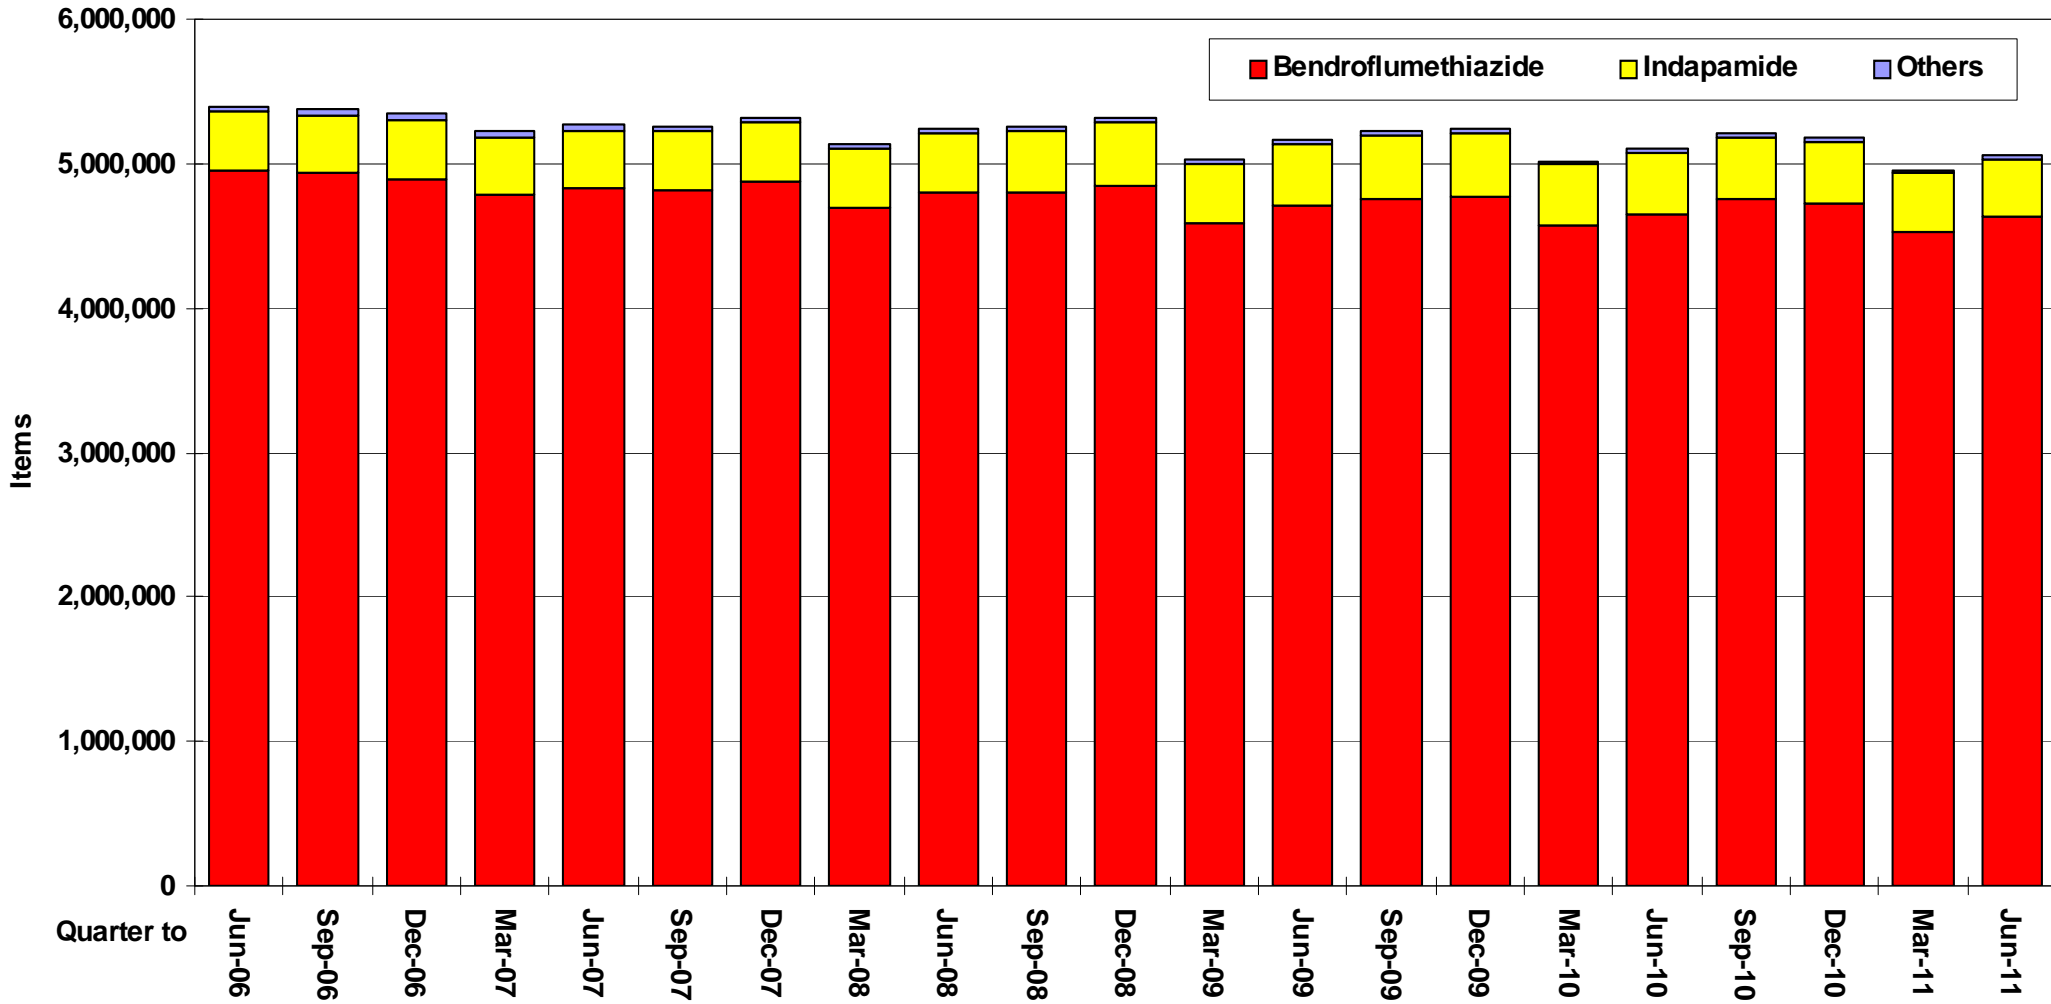

## Prescription Services

1	Cardiovascular	22	Prescribing of Peripheral Vasodilators
2	Cardiovascular - Index of National Charts	23	Spending on Peripheral Vasodilators
3	Prescribing of Thiazides and Related Diuretics	24	Prescribing of and Spending on Warfarin
4	Spending on Thiazides and Related Diuretics	25	Prescribing of Antiplatelets
5	Prescribing of Potassium-sparing Diuretics	26	Spending on Antiplatelets
6	Spending on Potassium-sparing Diuretics	27	Prescribing of Aspirin BNF 2.9 (E/C Tablets vs Other Formulations)
7	Prescribing of Spironolactone (strengths)	28	Spending on Aspirin BNF 2.9 (E/C Tablets vs Other Formulations)
8	Prescribing of and Spending on Amiodarone	29	Prescribing of Lipid-regulating Drugs (excluding Statins)
9	Prescribing of Beta-adrenoceptor Blocking Drugs (including combinations)	30	Spending on Lipid-regulating Drugs (excluding Statins)
10	Spending on Beta-adrenoceptor Blocking Drugs (including combinations)	31	Prescribing of and Spending on Ezetimibe
11	Prescribing of Alpha-adrenoceptor Blocking Drugs	32	Prescribing of Statins
12	Spending on Alpha-adrenoceptor Blocking Drugs	33	Spending on Statins
13	ACE Inhibitors vs Angiotensin-II Receptor Antagonists - Prescribing	34	Prescribing of Atorvastatin Tablets by Strength
14	ACE Inhibitors vs Angiotensin-II Receptor Antagonists - Spending	35	Spending on Atorvastatin Tablets by Strength
15	Prescribing of ACE-Inhibitors (including combinations)	36	Prescribing of Simvastatin Tablets by Strength
16	Spending on ACE-Inhibitors (including combinations)	37	Spending on Simvastatin Tablets by Strength
17	Prescribing of Angiotensin-II Receptor Antagonists (incl combinations)	38	Prescribing of Rosuvastatin Tablets by Strength
18	Spending on Angiotensin-II Receptor Antagonists (incl combinations)	39	Spending on Rosuvastatin Tablets by Strength
19	Prescribing of Calcium-Channel Blockers	40	Prescribing of and Spending on Inegy
20	Spending on Calcium-Channel Blockers	41	Prescribing of High Strength Statins vs all other Statins
21	Prescribing of and Spending on Nicorandil	42	Spending on High Strength Statins vs all other Statins

# Trends in Prescribing of Thiazides and Related Diuretics in General Practice in England

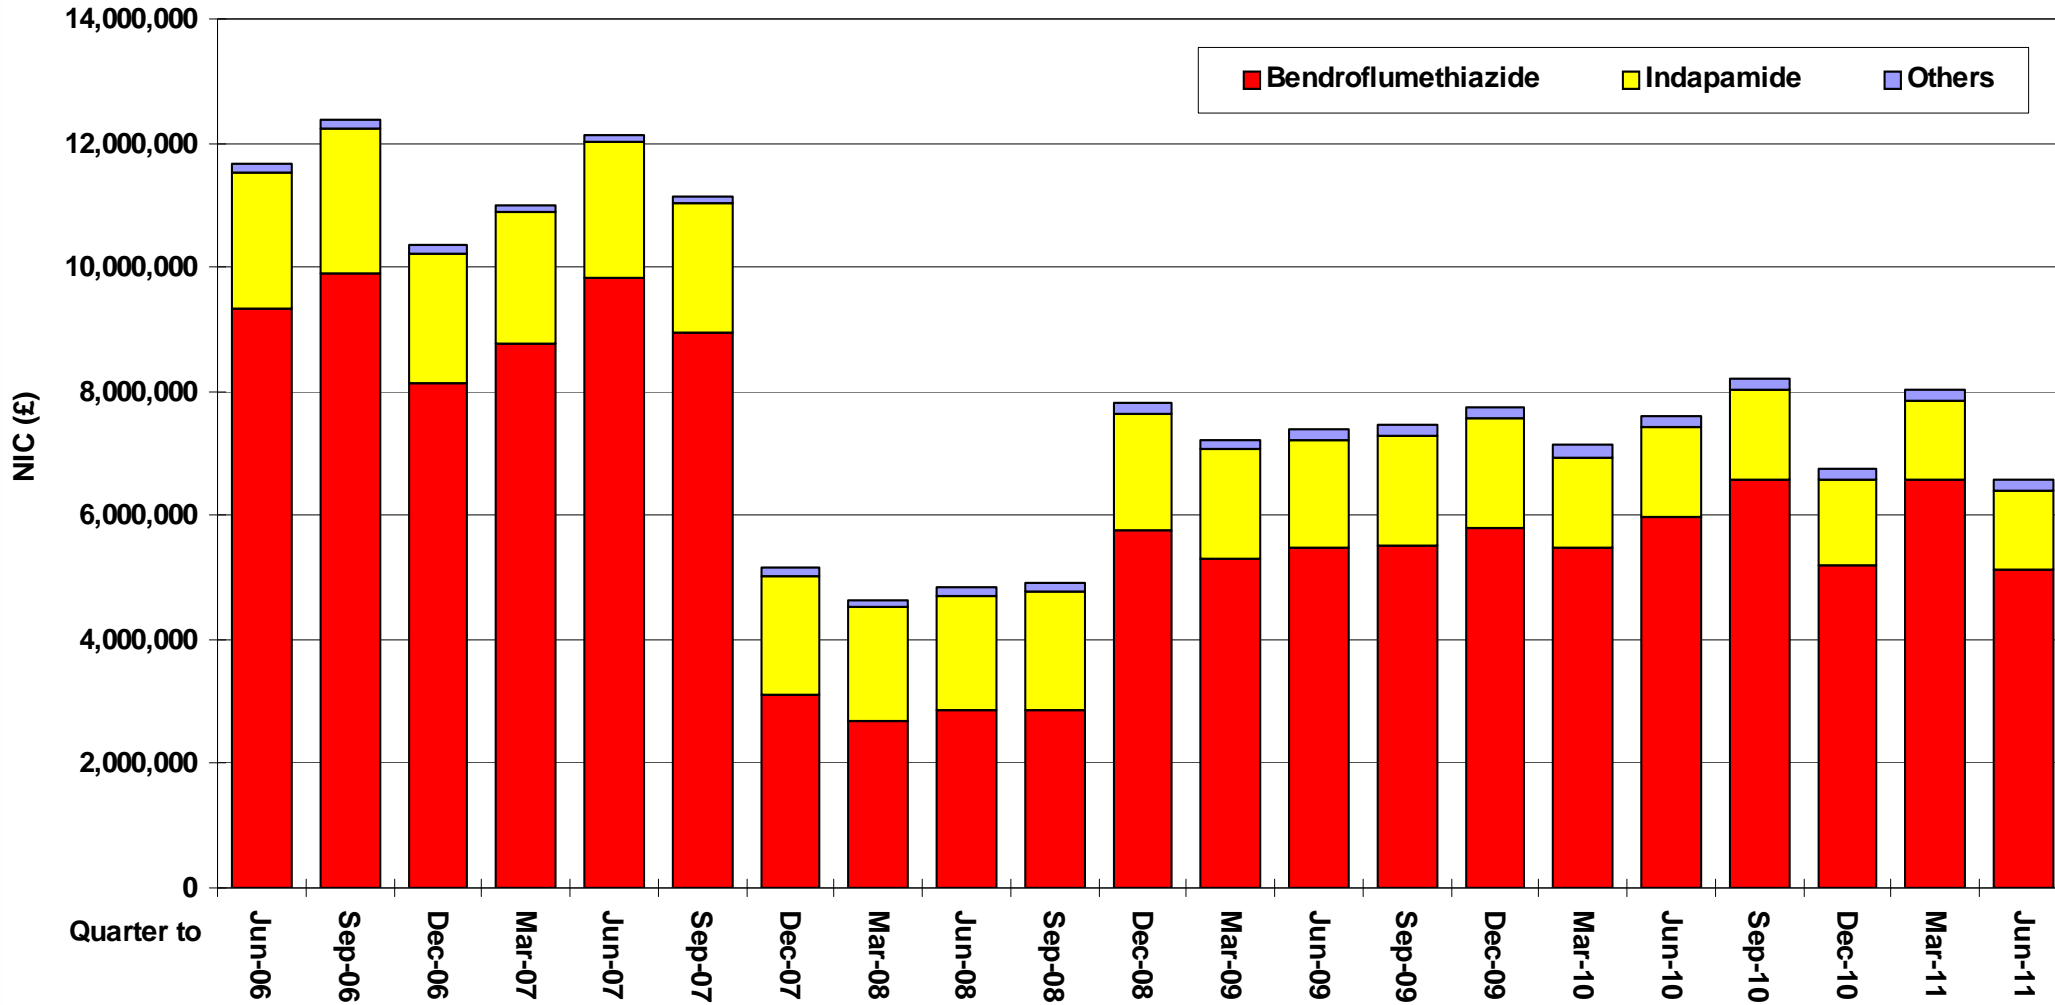

## Prescription Services

# Trends in Spending on Thiazides and Related Diuretics in General Practice in England

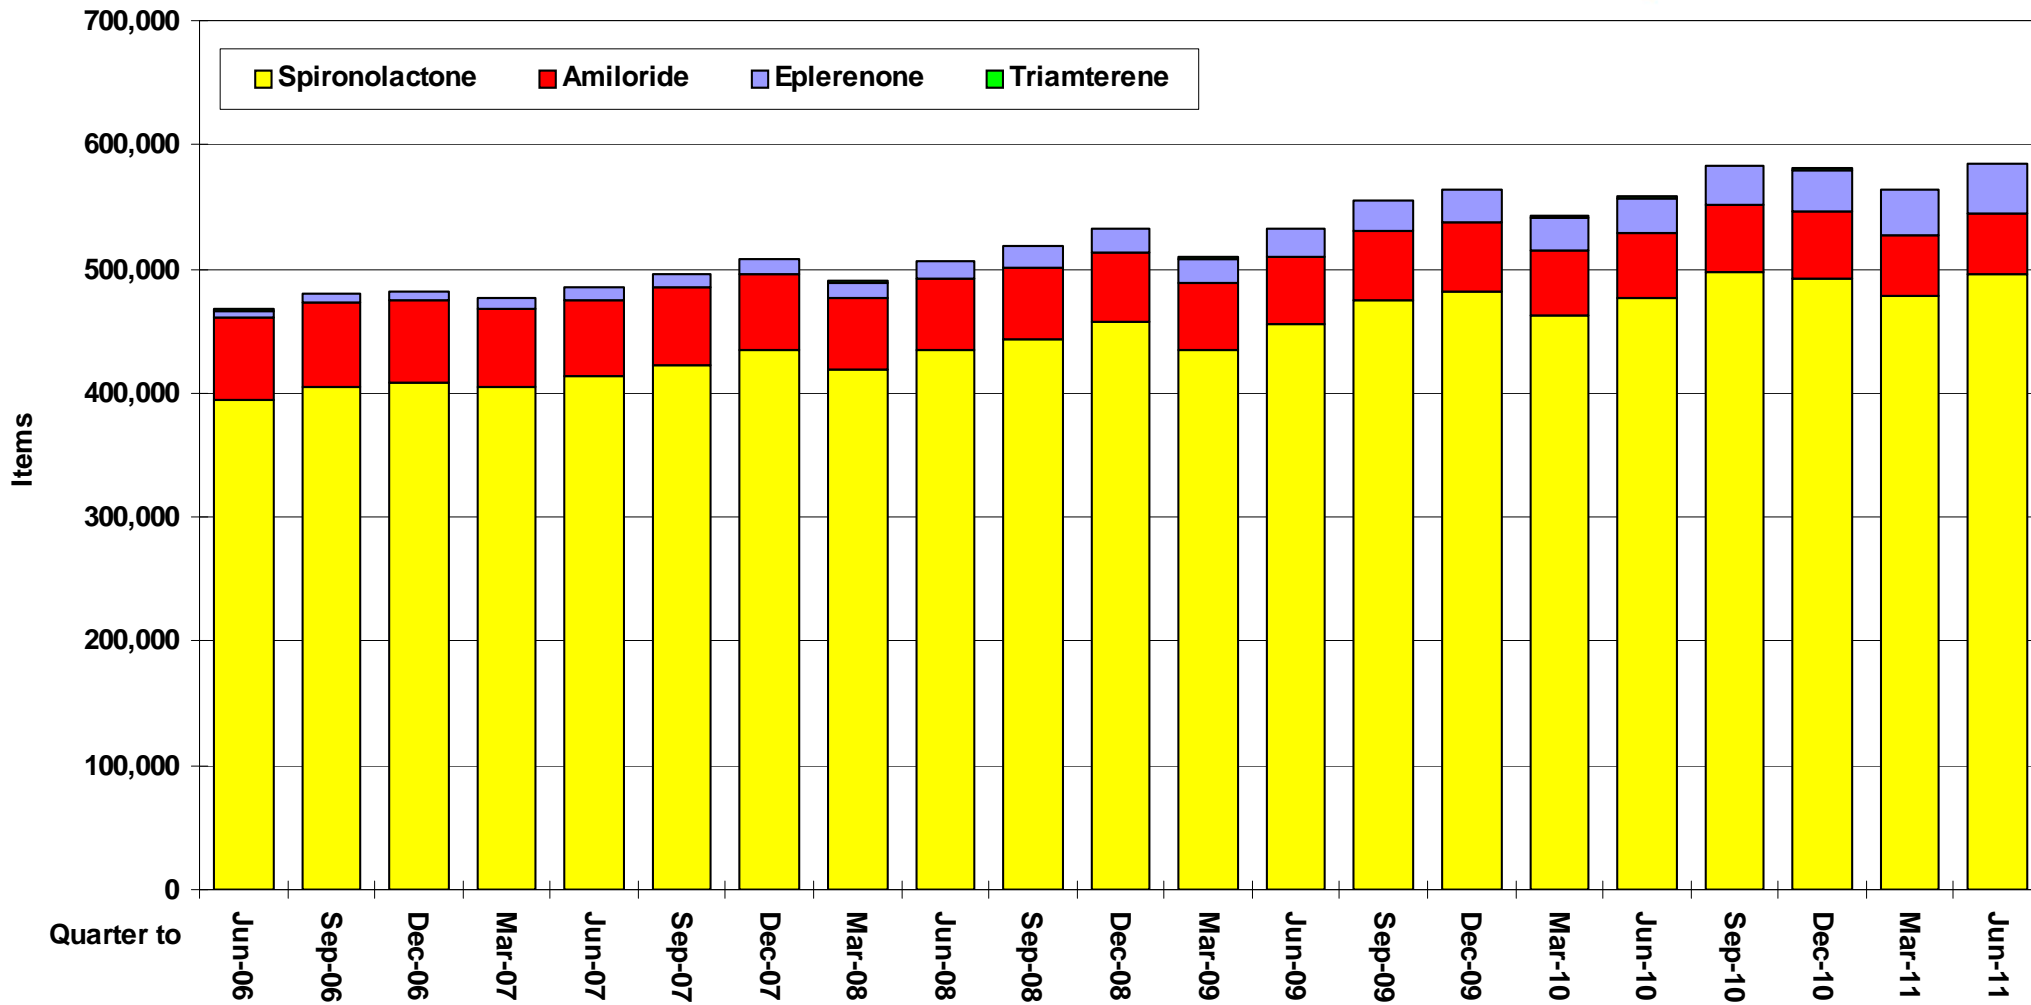

## Prescription Services

# Trends in Prescribing of Potassium-sparing Diuretics in General Practice in England

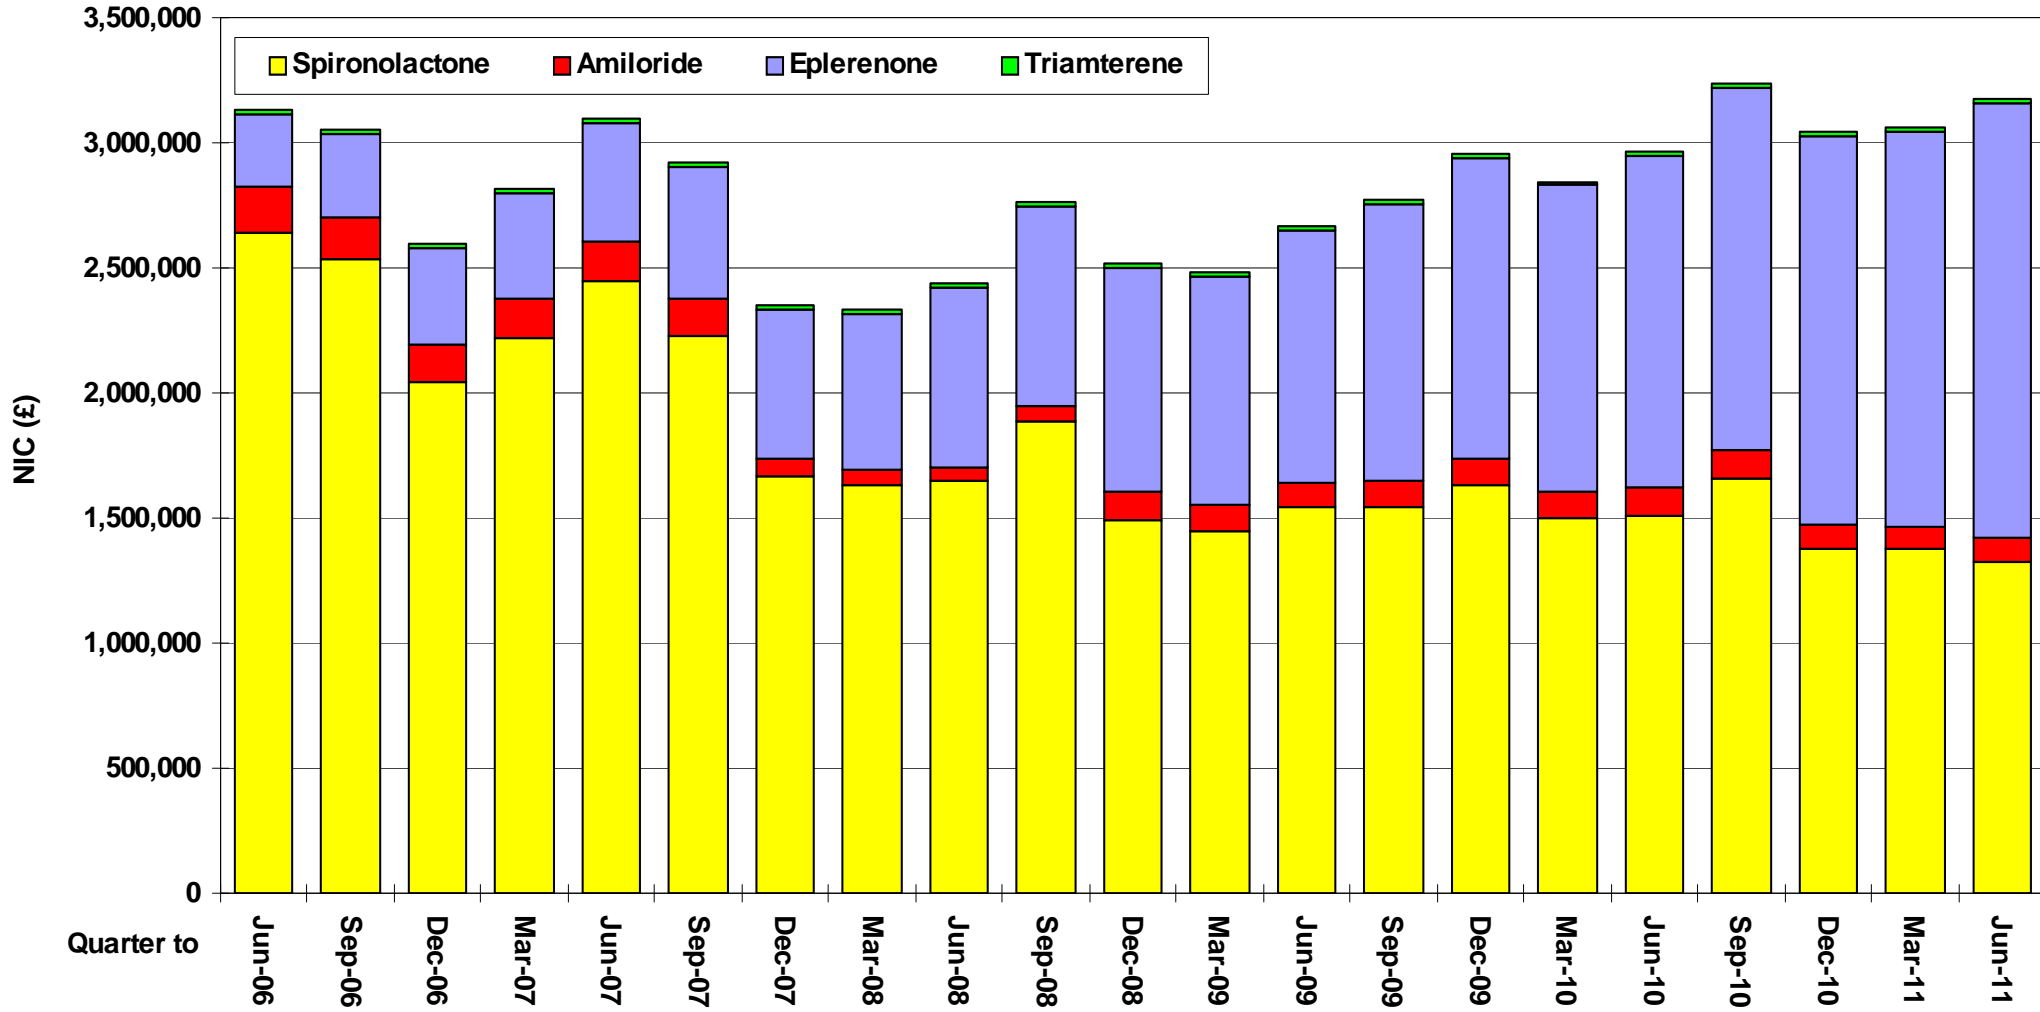

Prescription Services

# Trends in Spending on Potassium-sparing Diuretics in General Practice in England

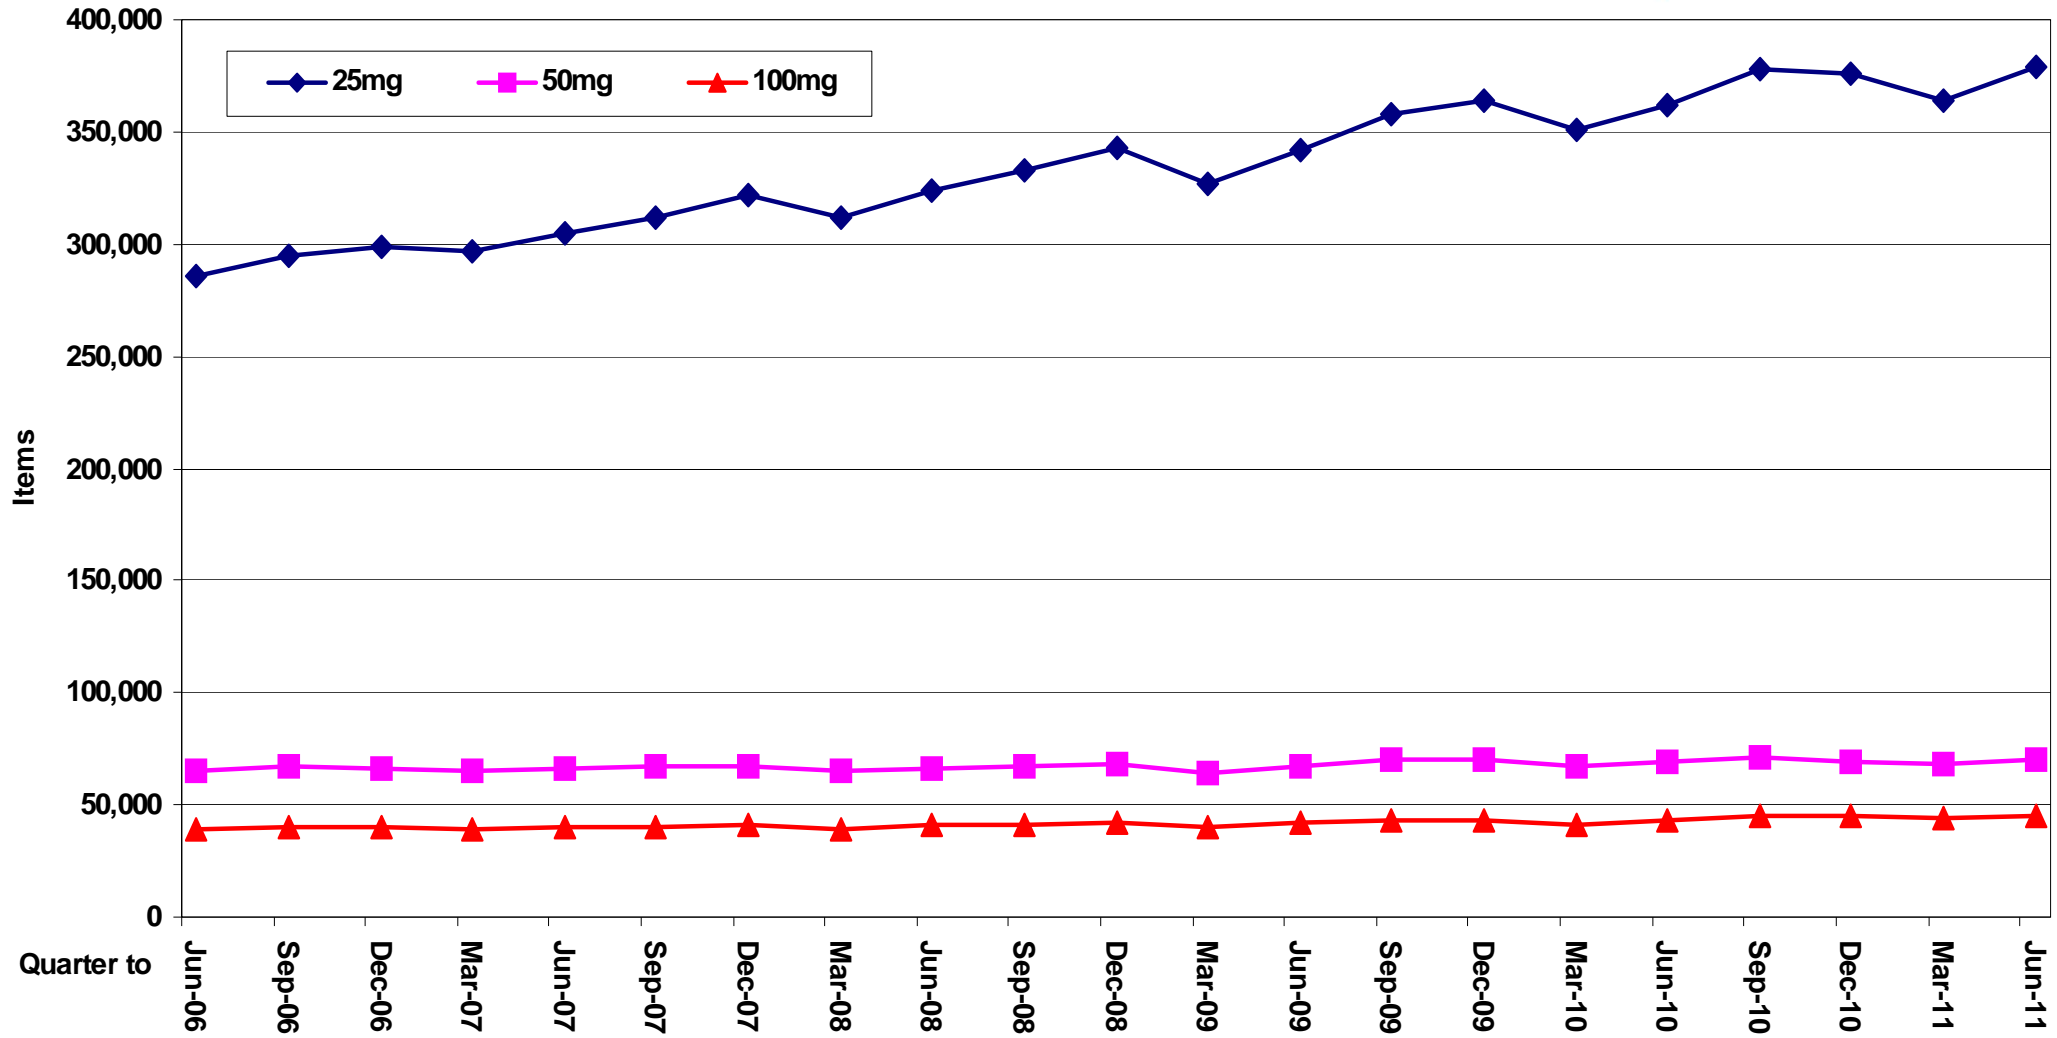

## Prescription Services

# Trends in Prescribing of Spironolactone Caps/Tabs in General Practice in England

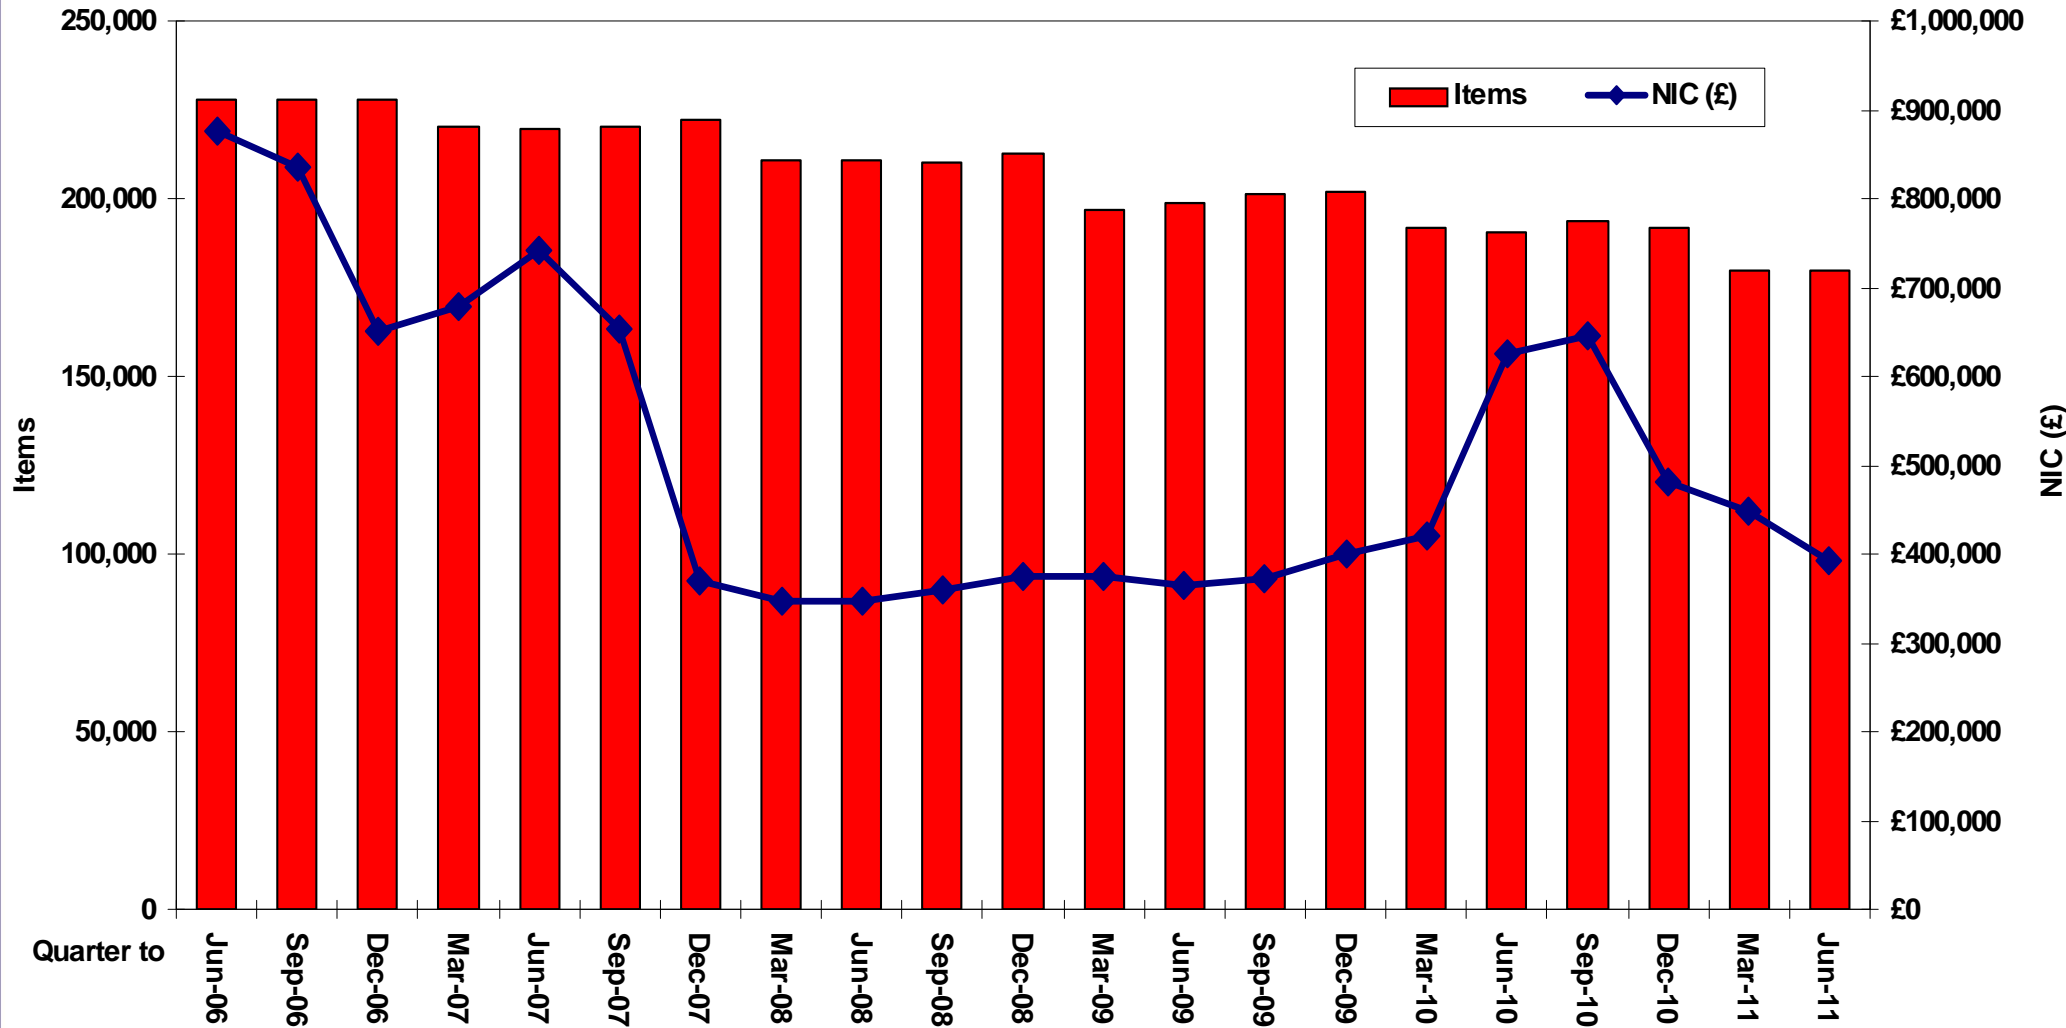

## Prescription Services

# Trends in Prescribing of and Spending on Amiodarone in General Practice in England

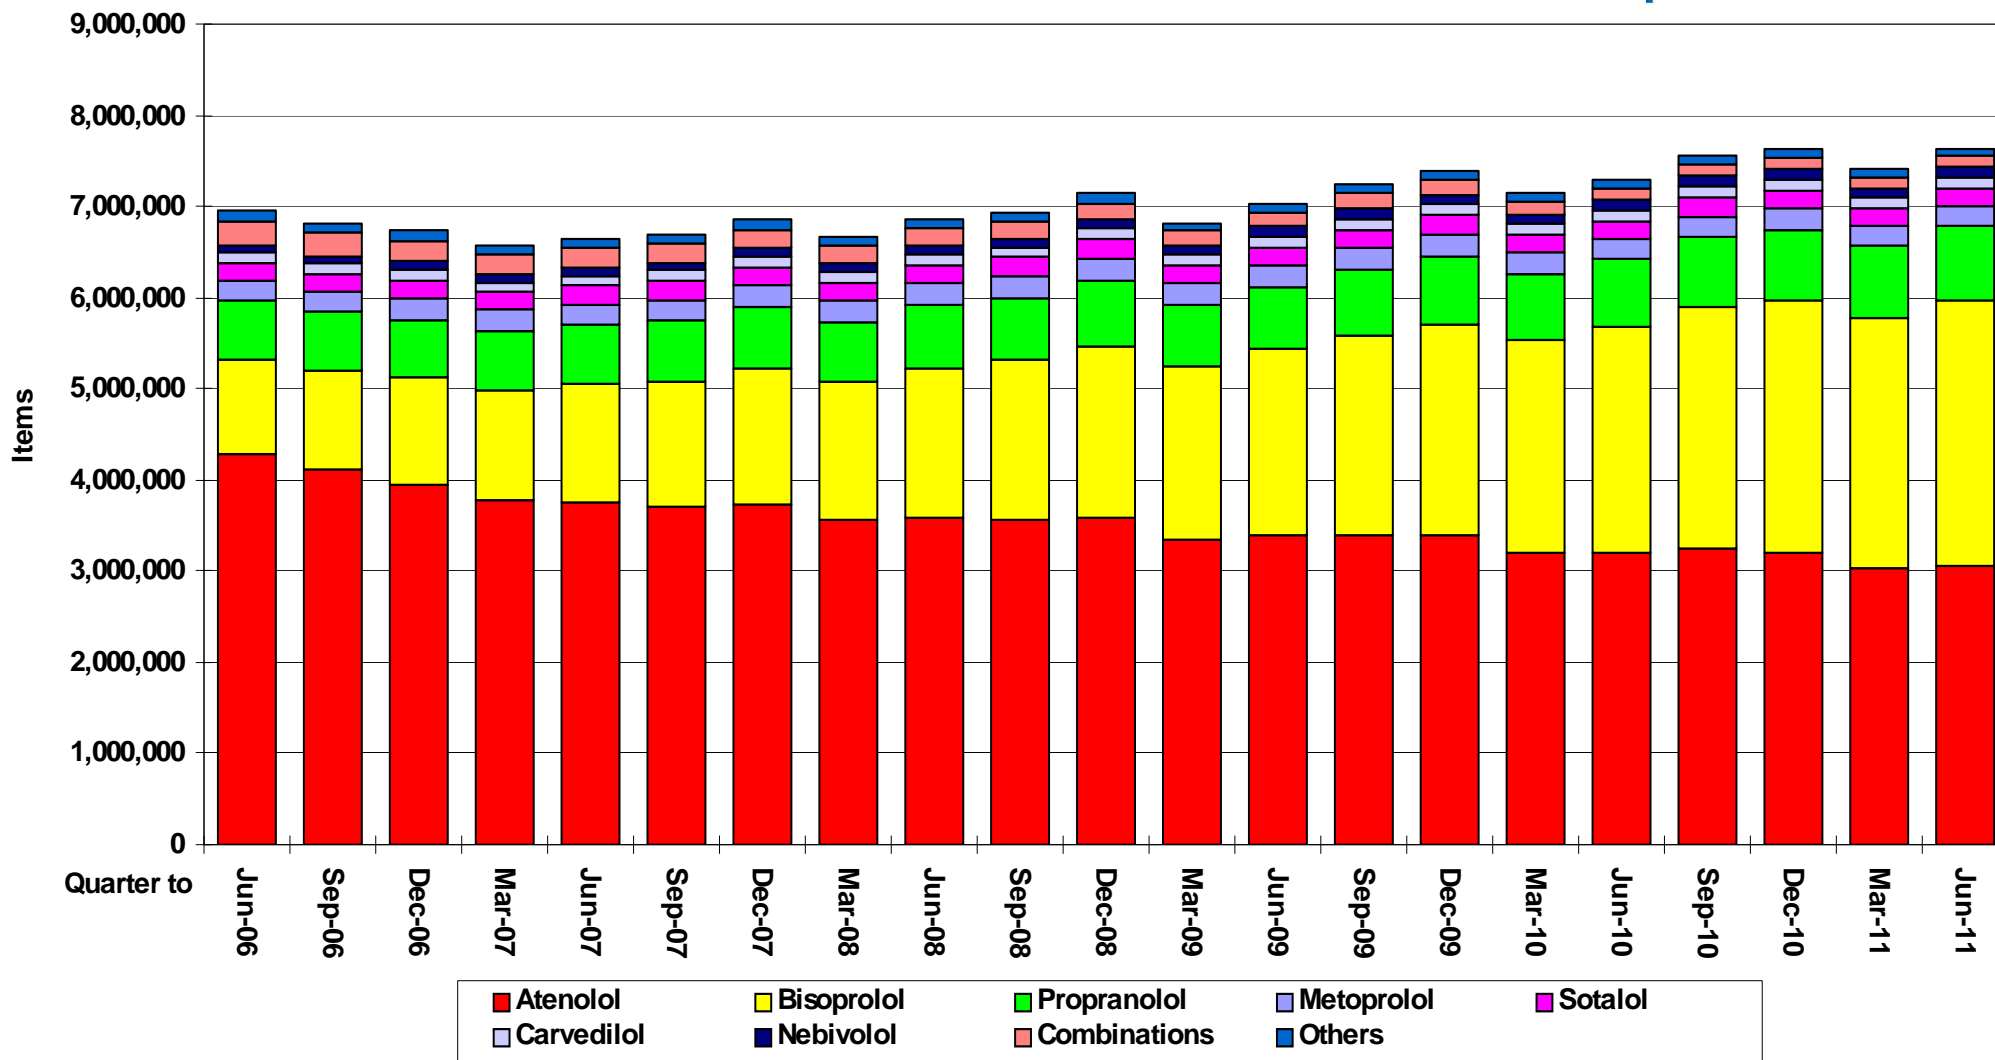

## Prescription Services

# Trends in Prescribing of Beta-adrenoceptor Blocking Drugs (including Combinations) in General Practice in England

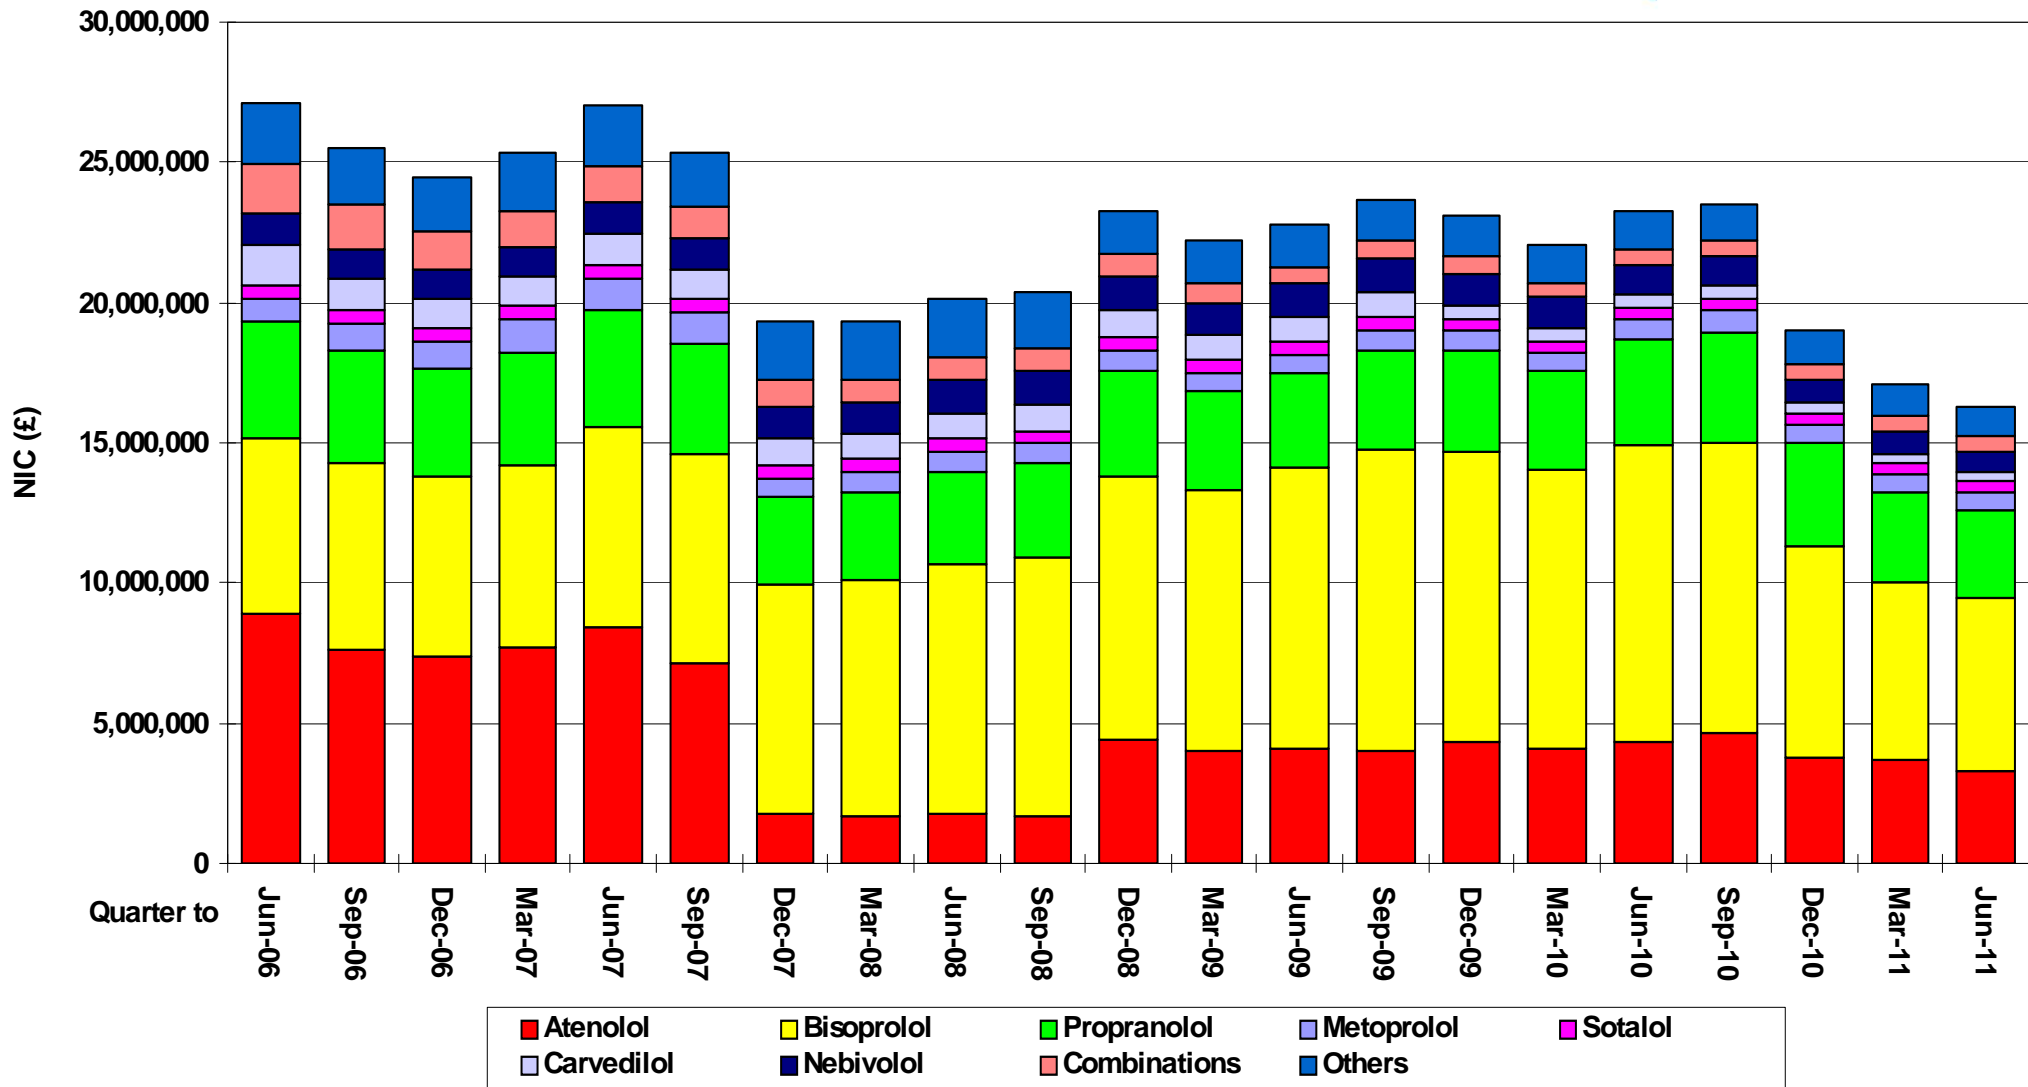

Prescription Services

# Trends in Spending on Beta-adrenoceptor Blocking Drugs (including Combinations) in General Practice in England

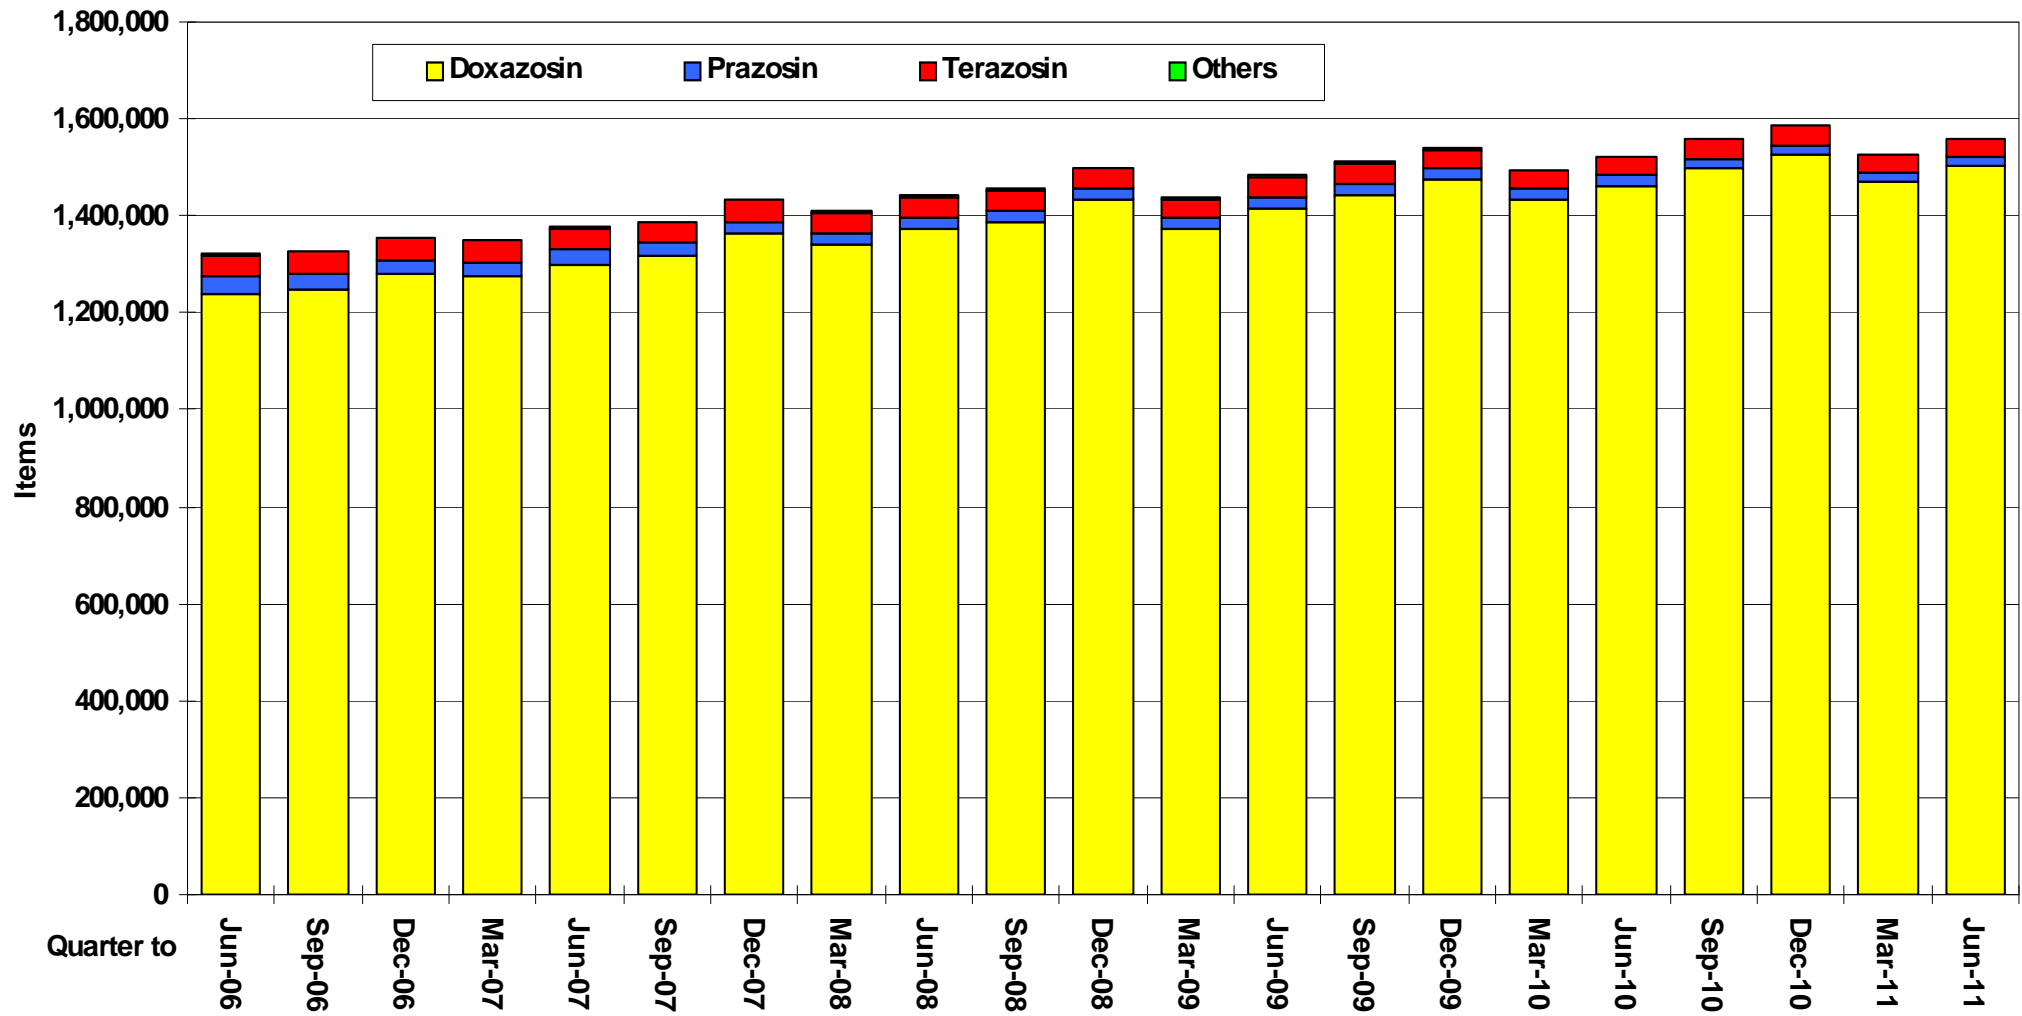

Prescription Services

# Trends in Prescribing of Alpha-adrenoceptor Blocking Drugs in General Practice in England

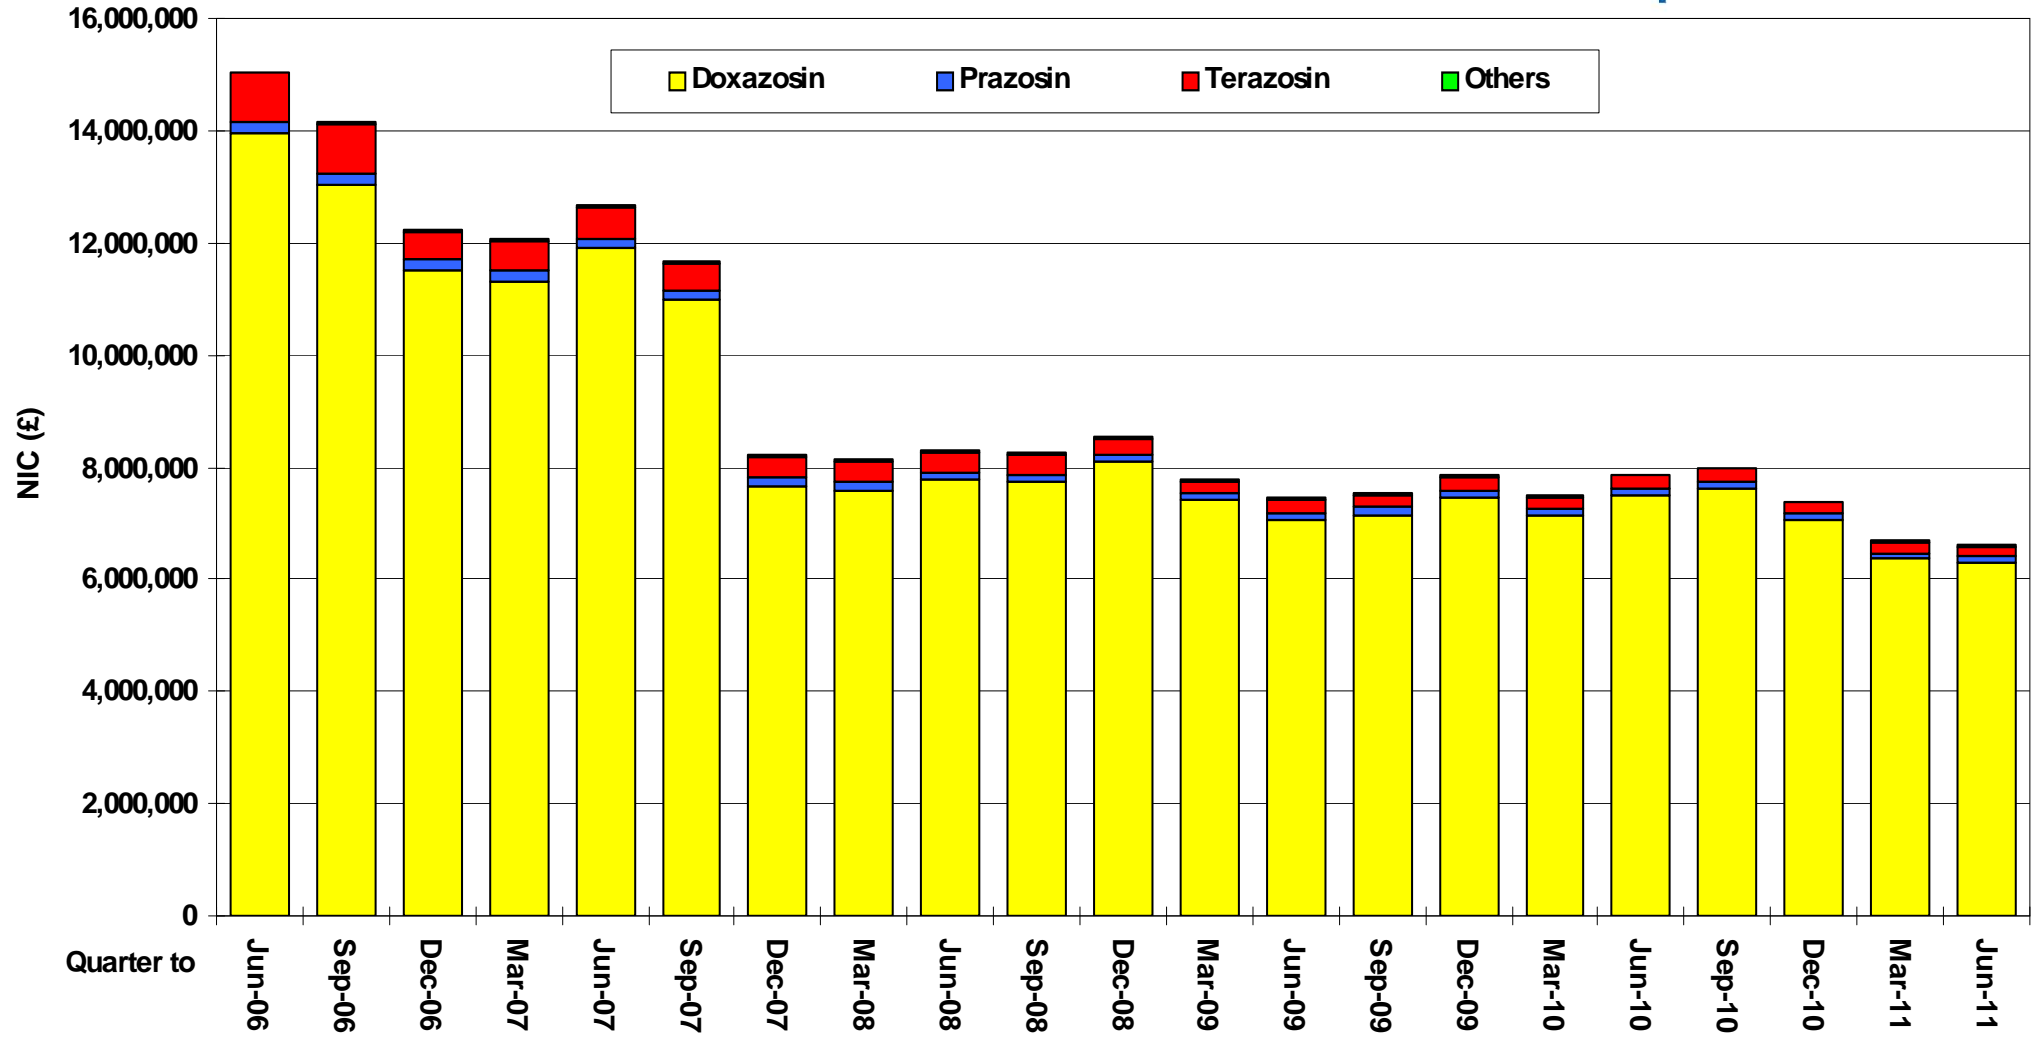

Prescription Services

# Trends in Spending on Alpha-adrenoceptor Blocking Drugs in General Practice in England

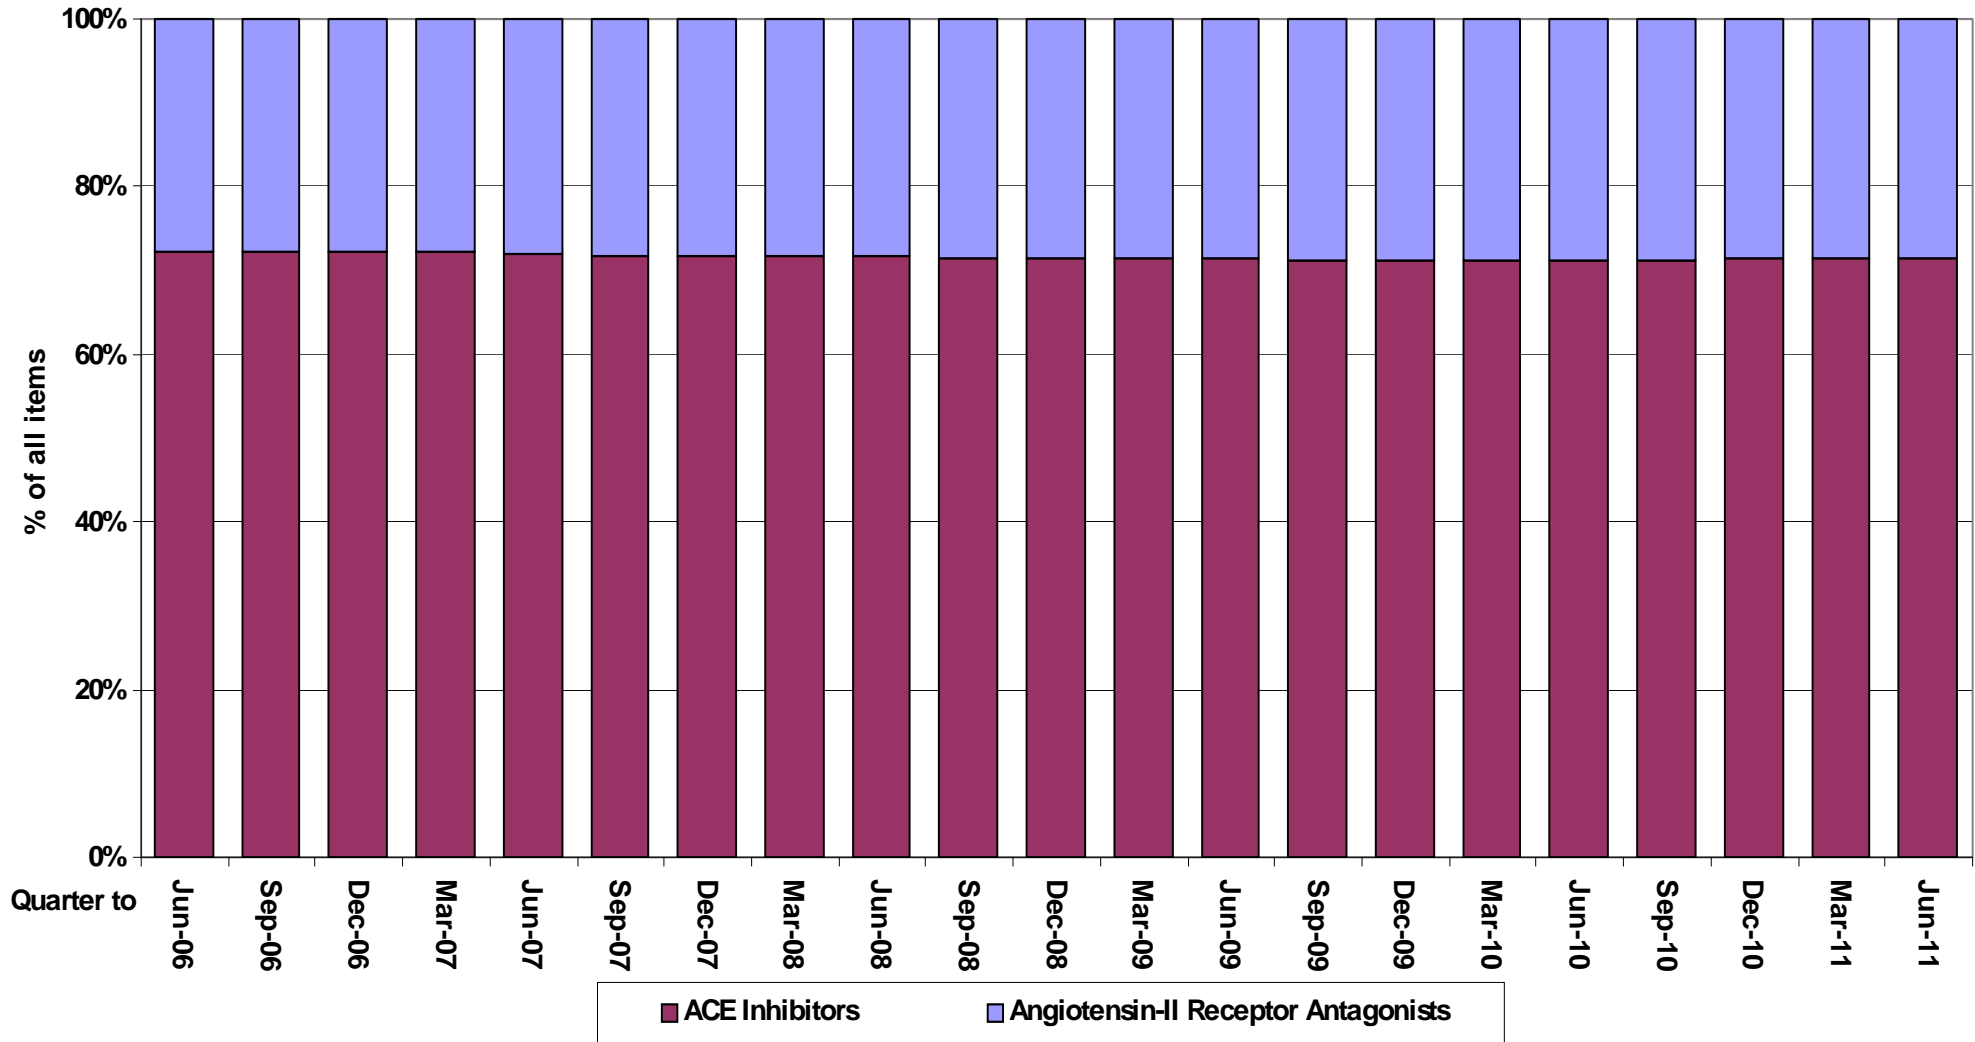

## Prescription Services

# % of Prescribing of ACE Inhibitors vs Angiotensin-II Receptor Antagonists in General Practice in England

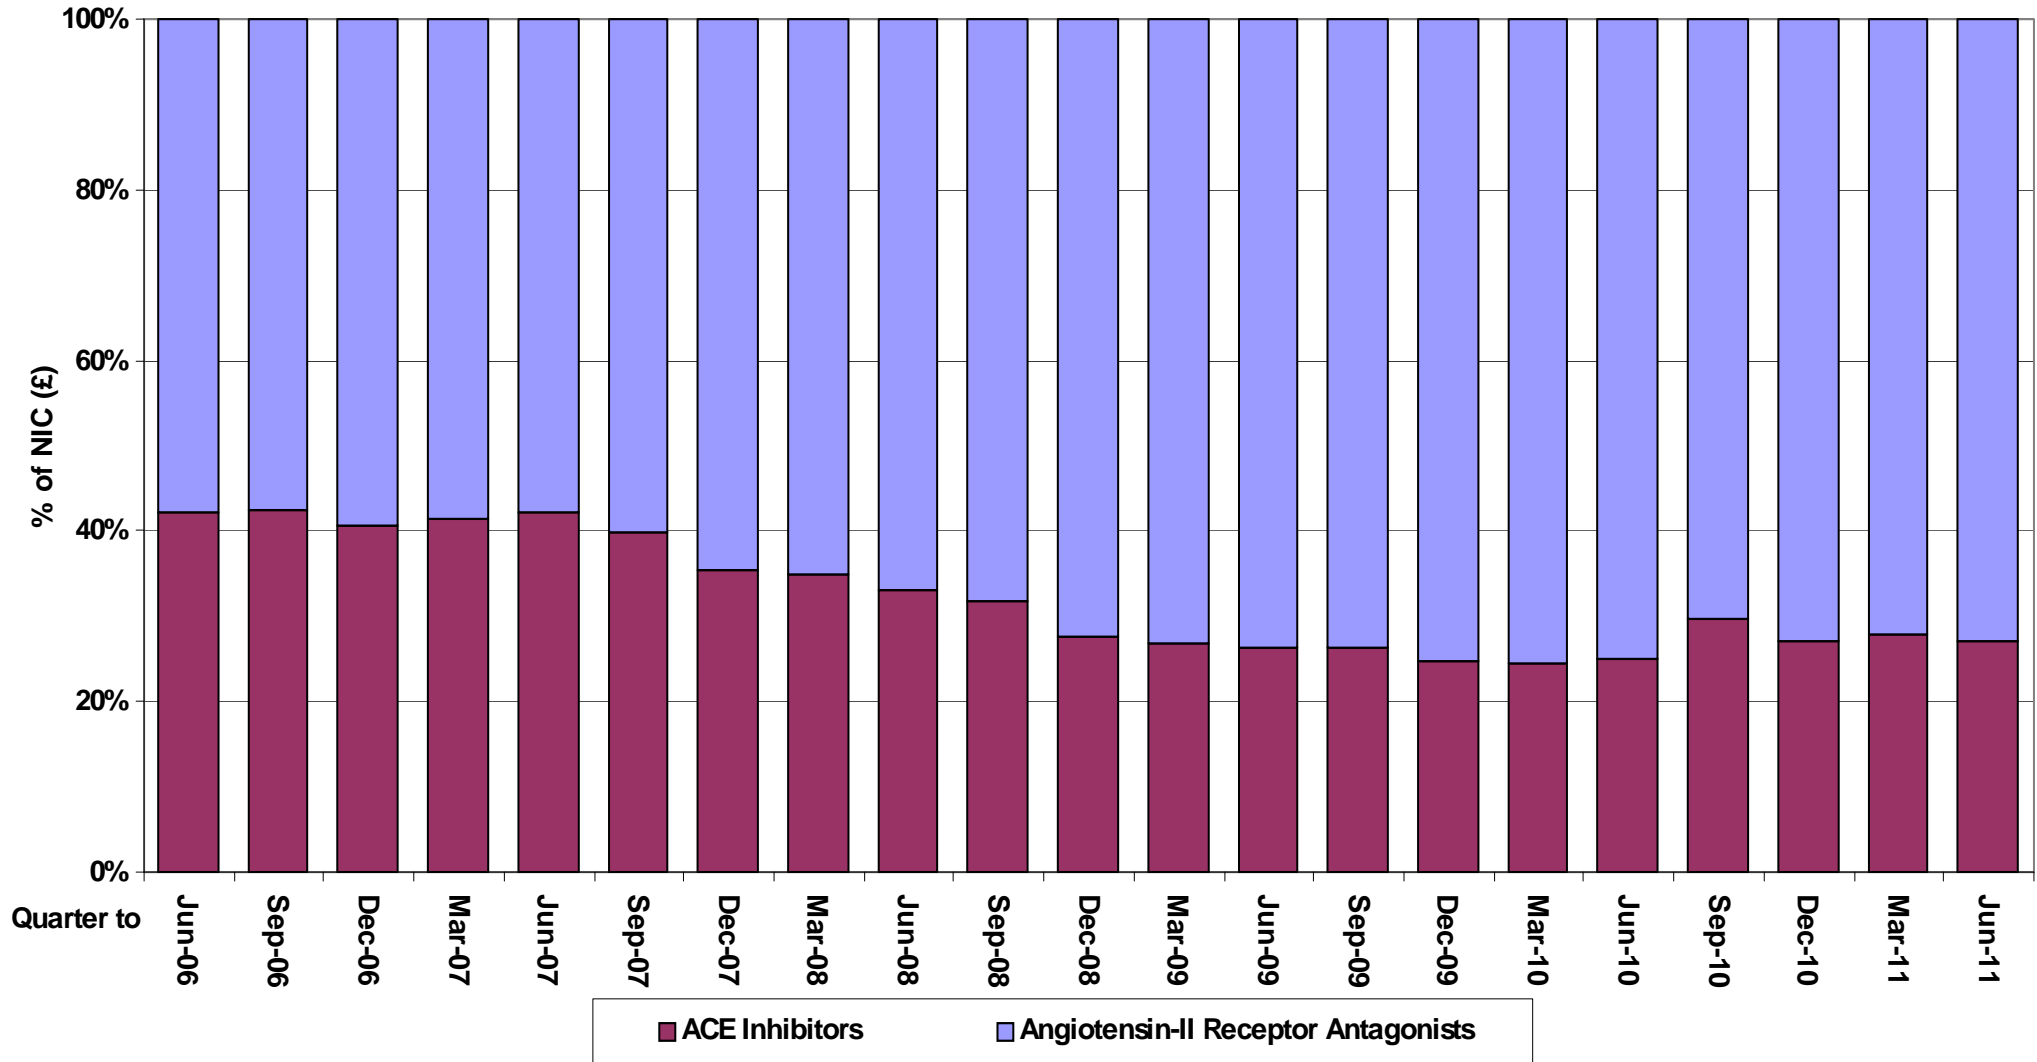

## Prescription Services

# % of Spending on ACE Inhibitors vs Angiotensin-II Receptor Antagonists in General Practice in England

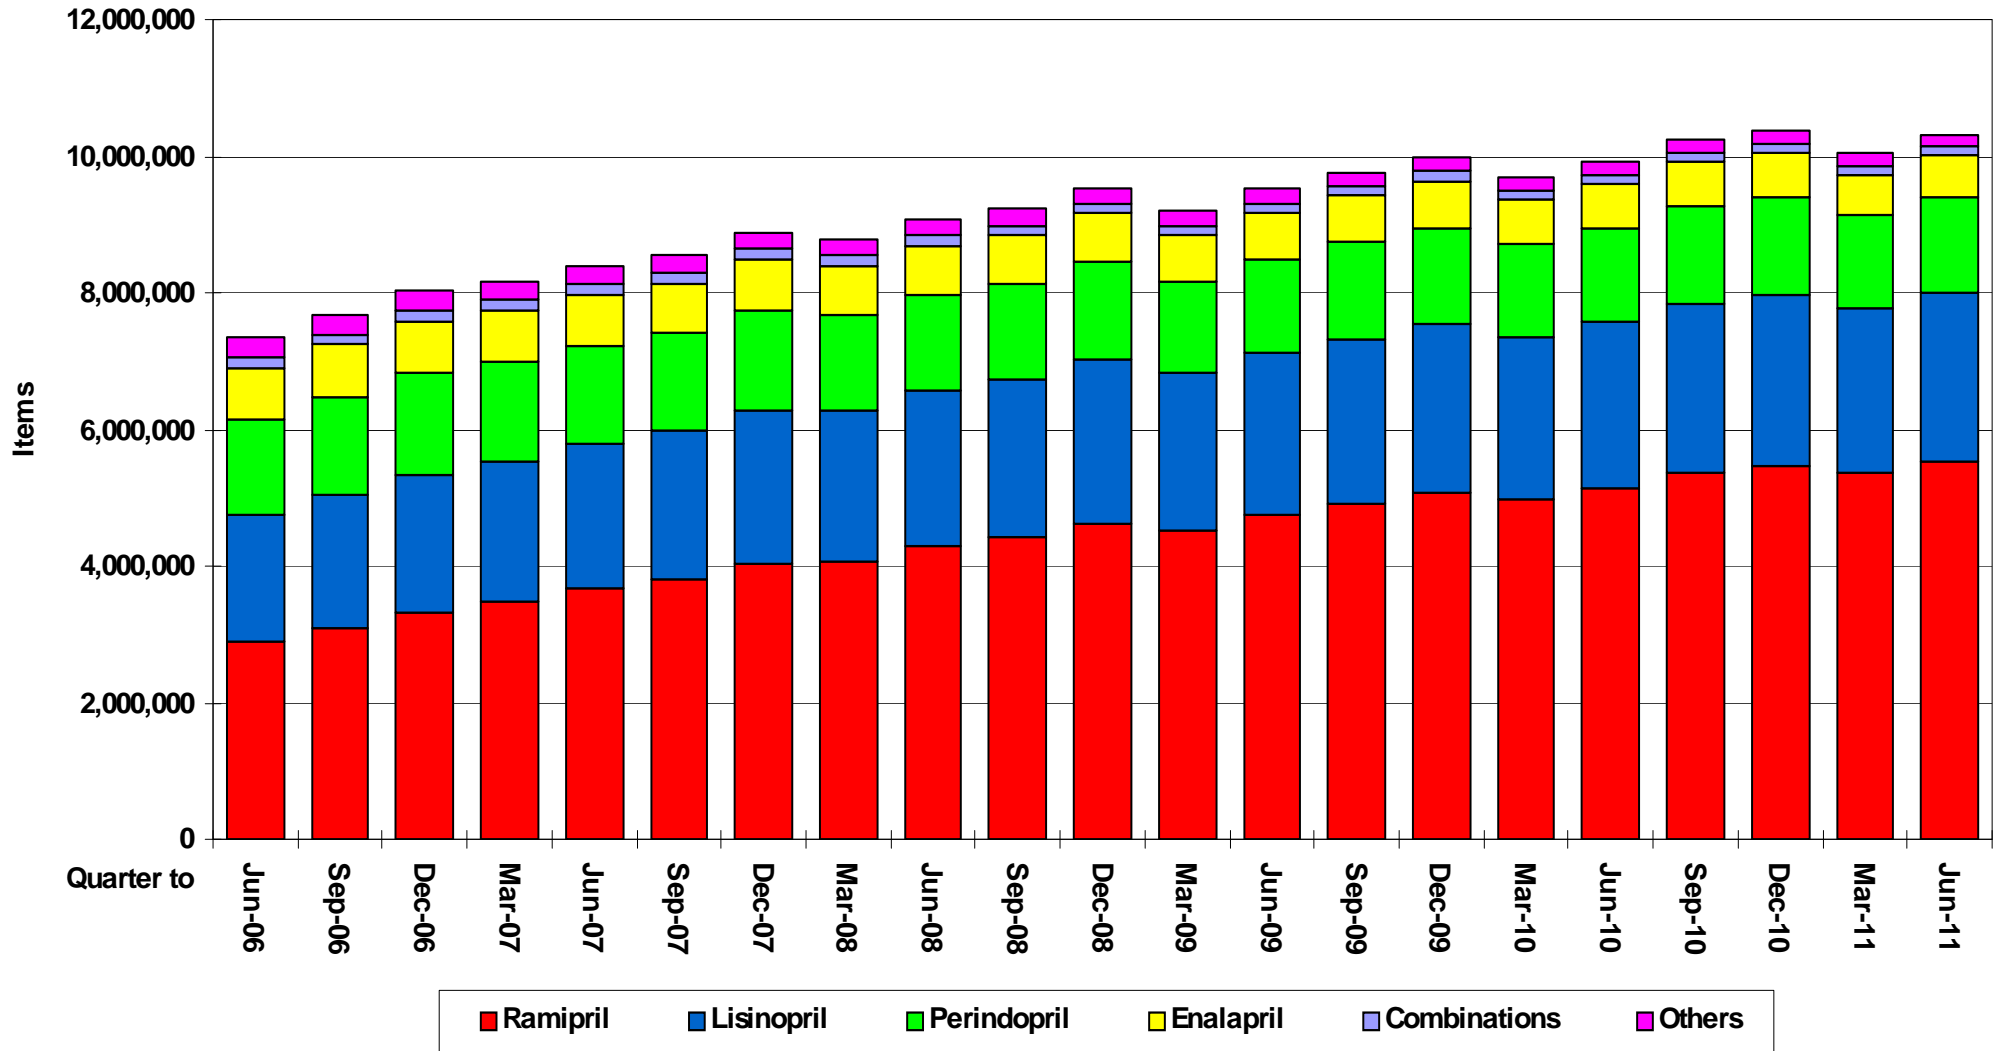

## Prescription Services

# Trends in Prescribing of ACE Inhibitors (including combinations) in General Practice in England

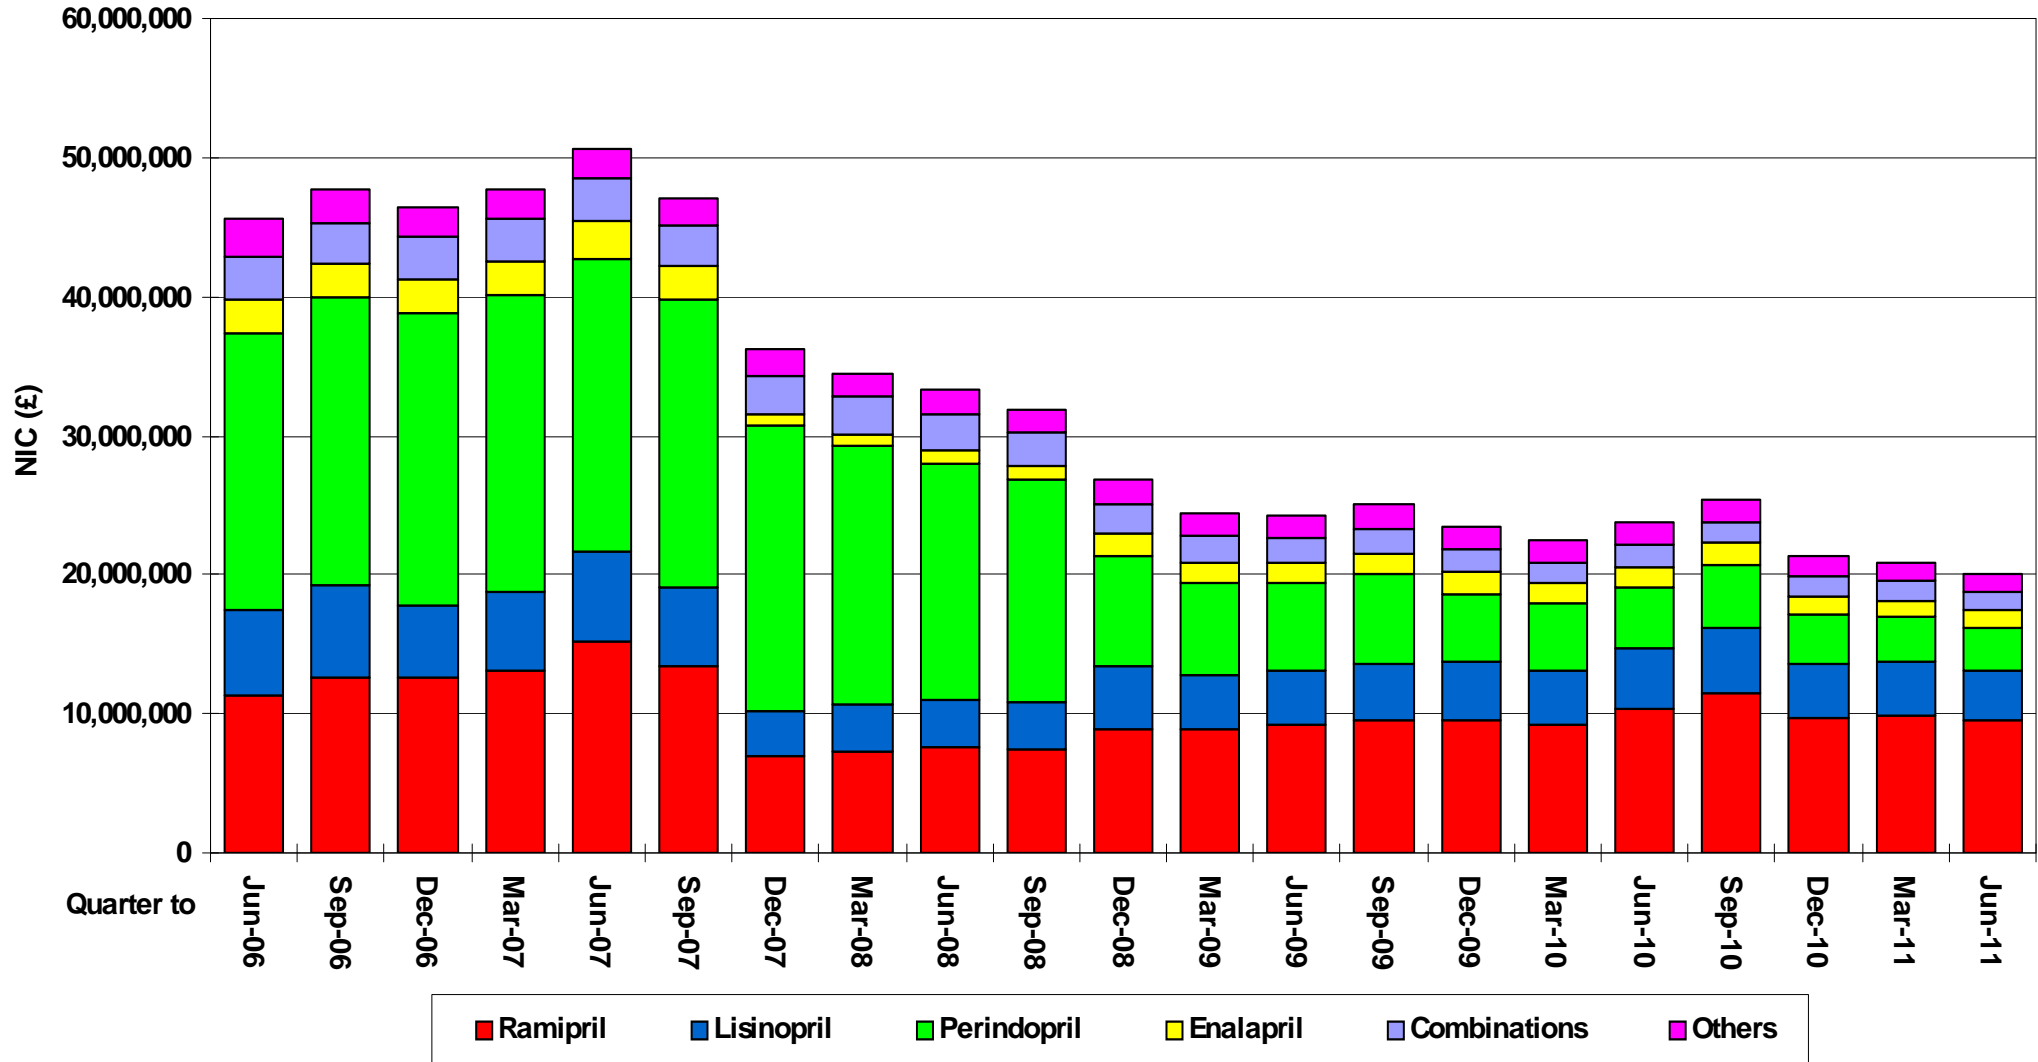

Prescription Services

# Trends in Spending on ACE Inhibitors (including combinations) in General Practice in England

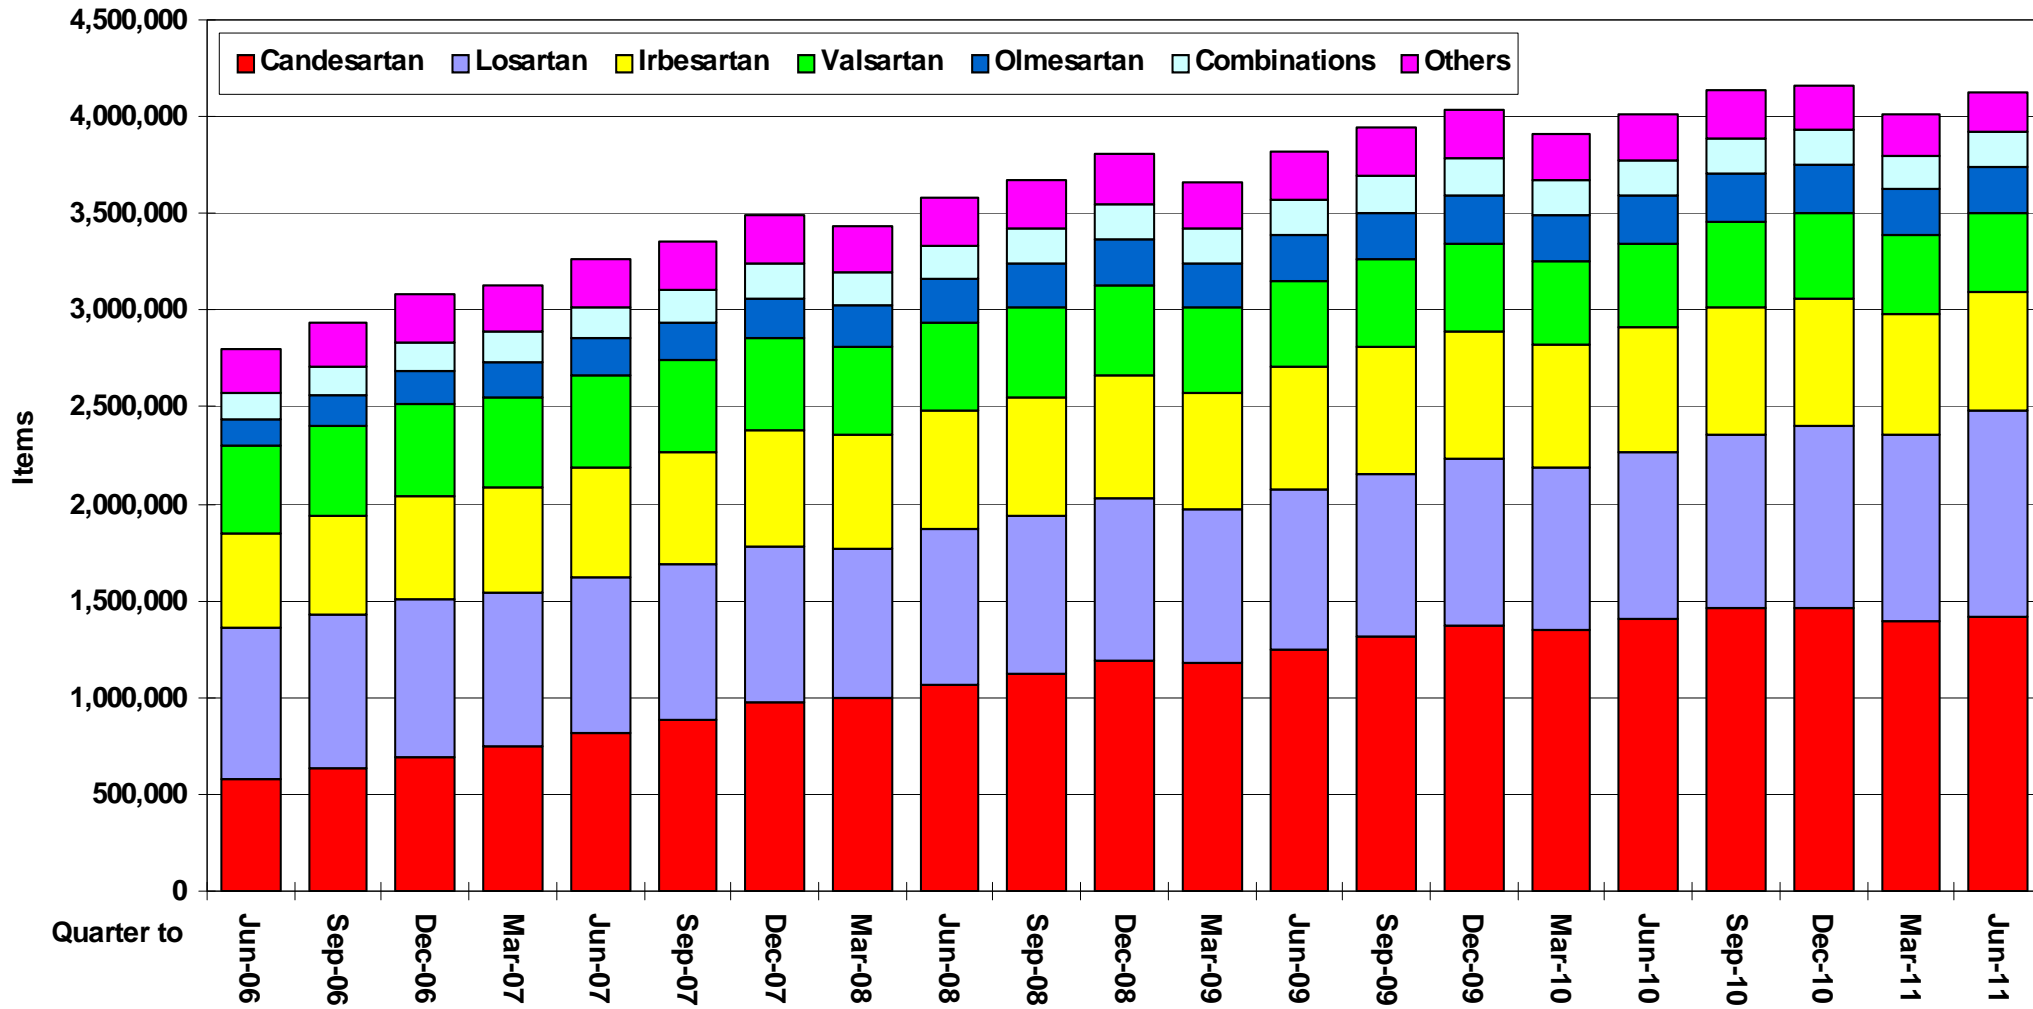

## Prescription Services

# Trends in Prescribing of Angiotensin-II Receptor Antagonists (including combinations) in General Practice in England

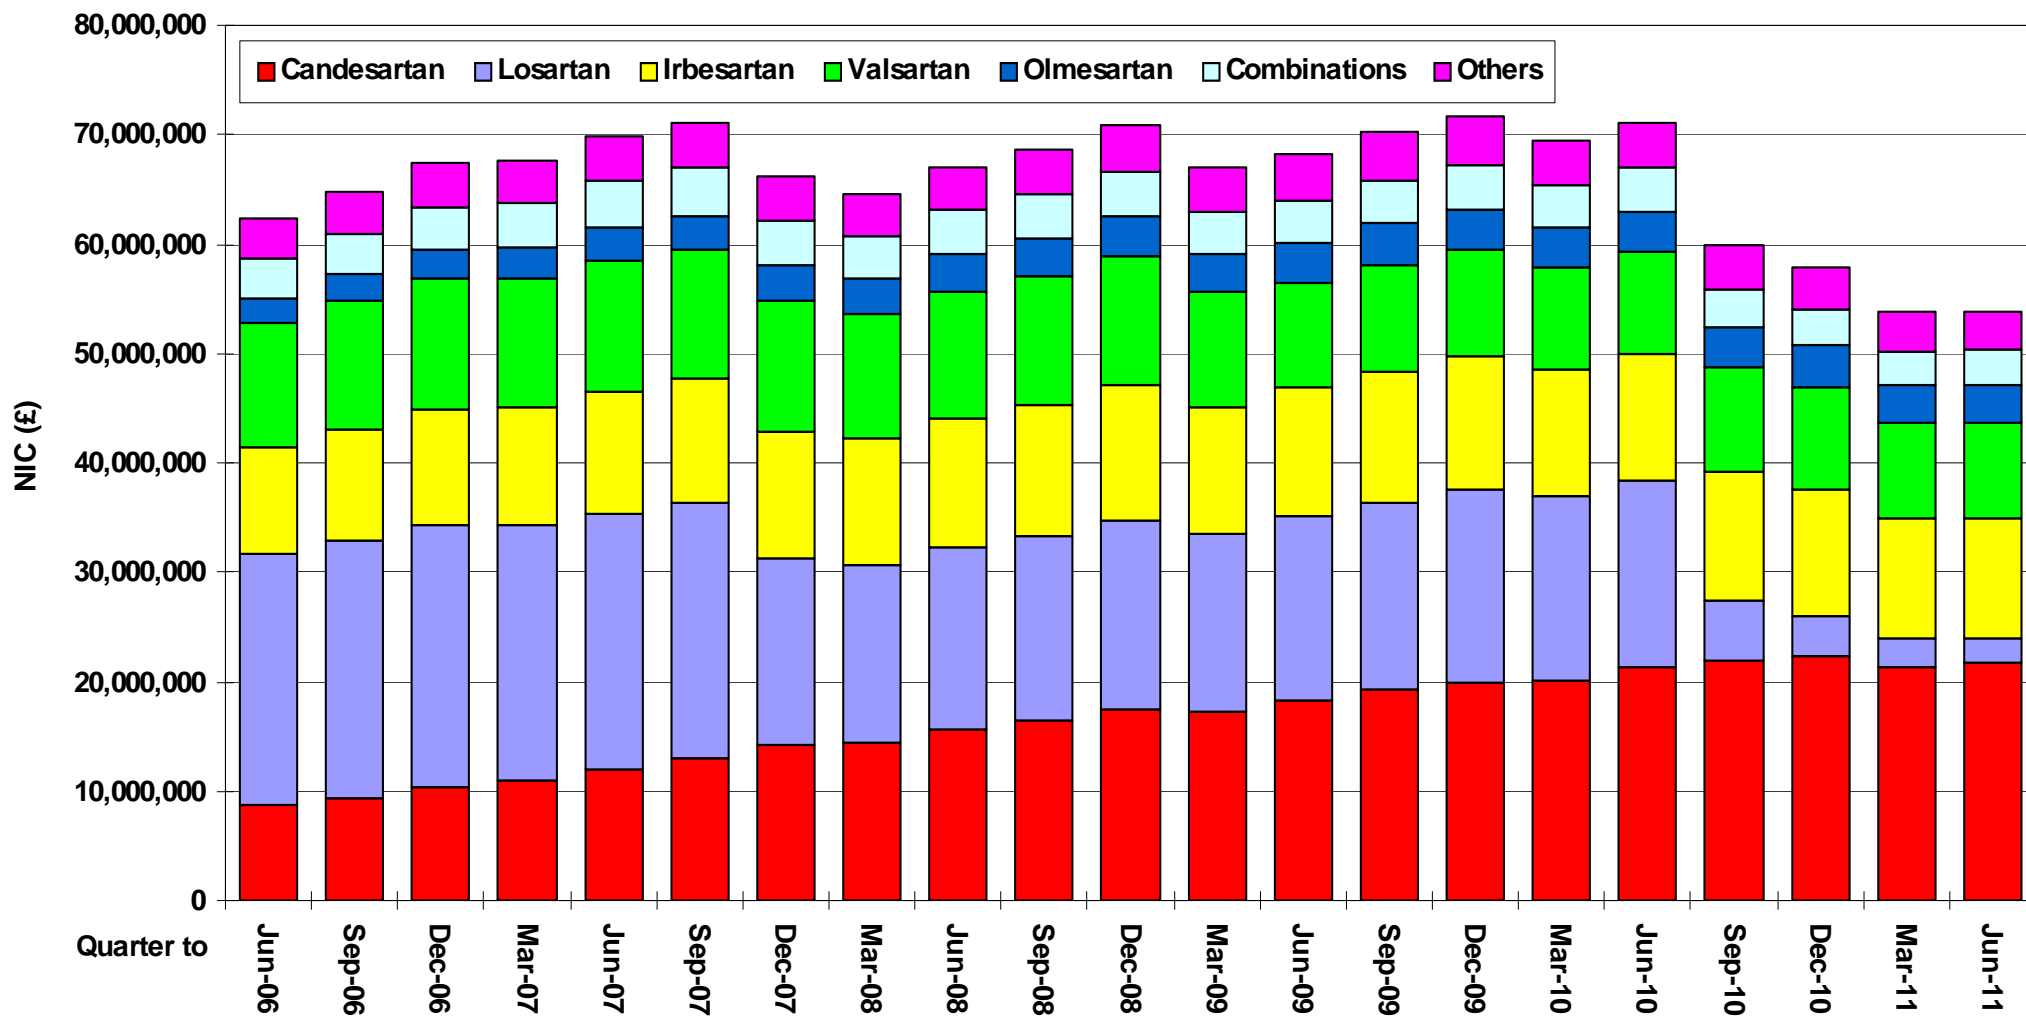

## Prescription Services

# Trends in Spending on Angiotensin-II Receptor Antagonists (including combinations) in General Practice in England

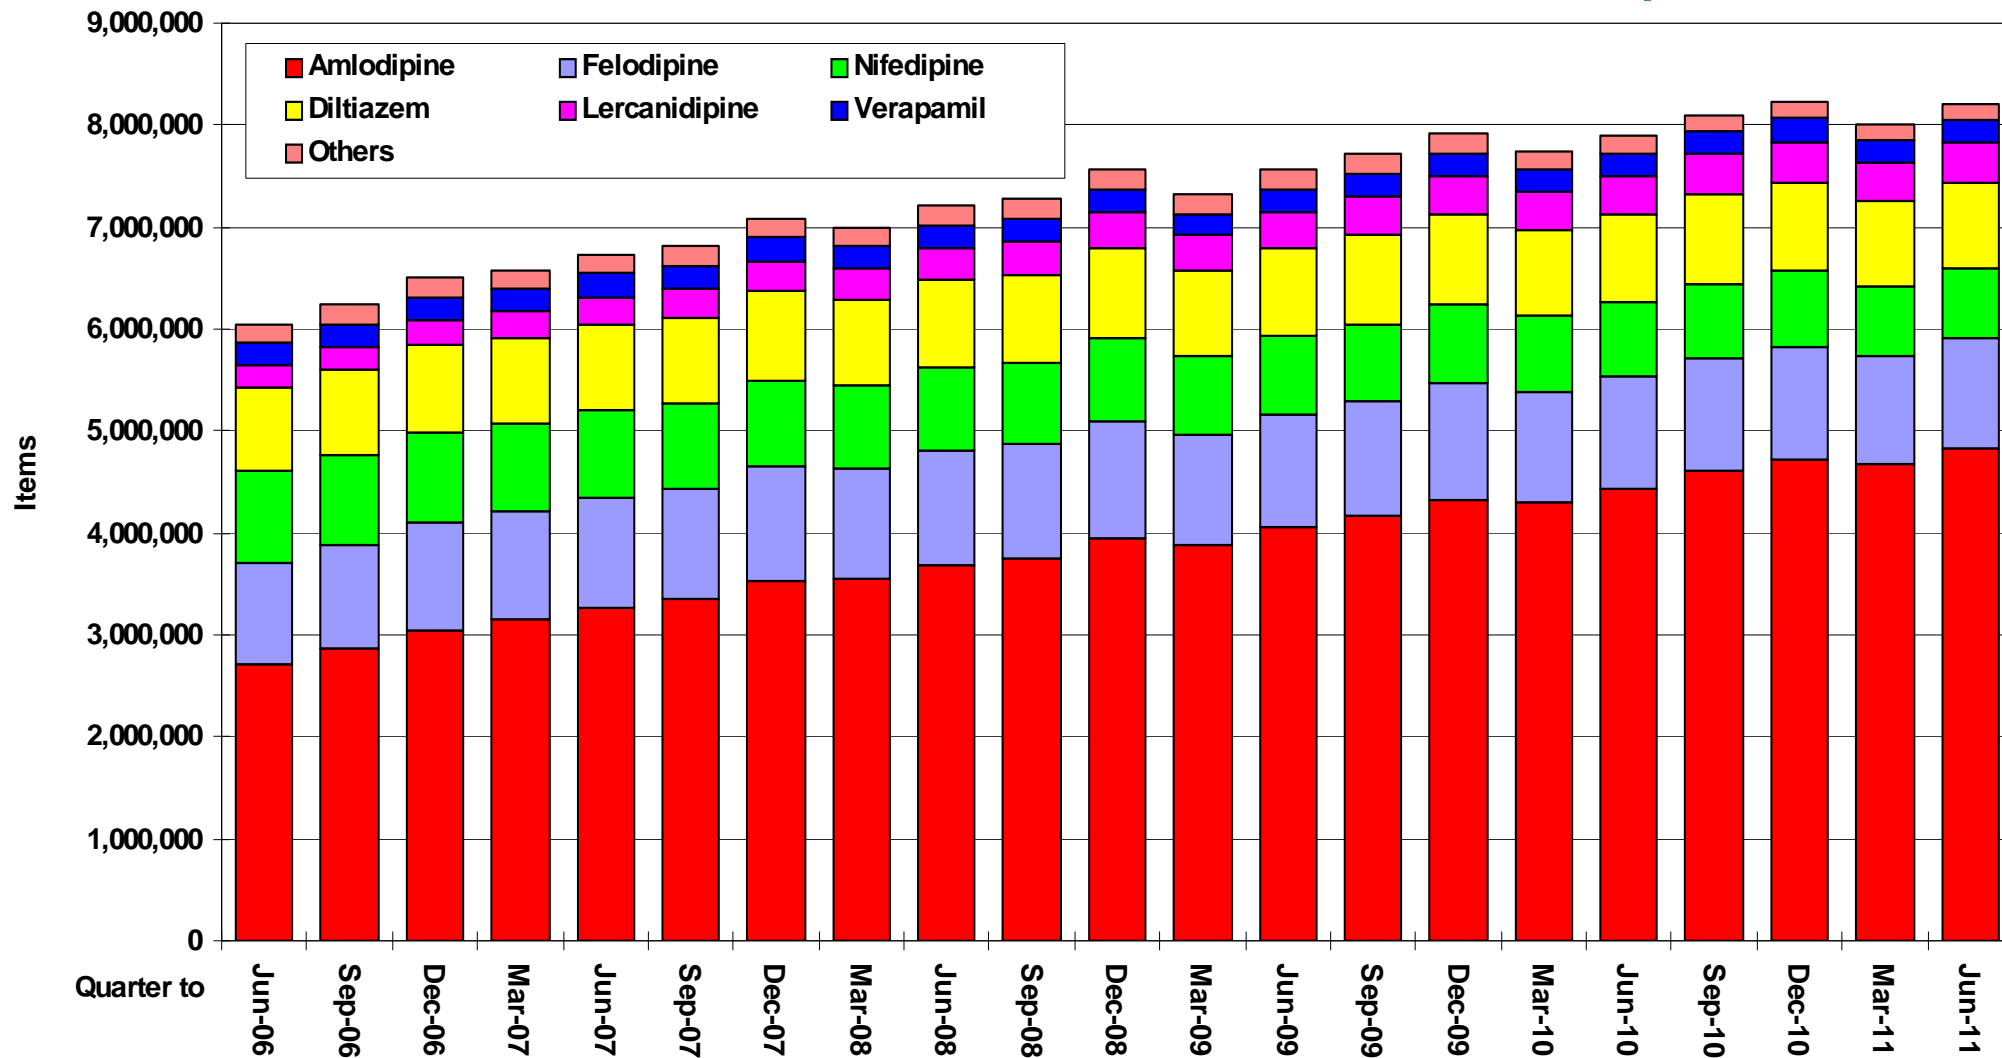

Prescription Services

# Trends in Prescribing of Calcium-channel Blockers in General Practice in England

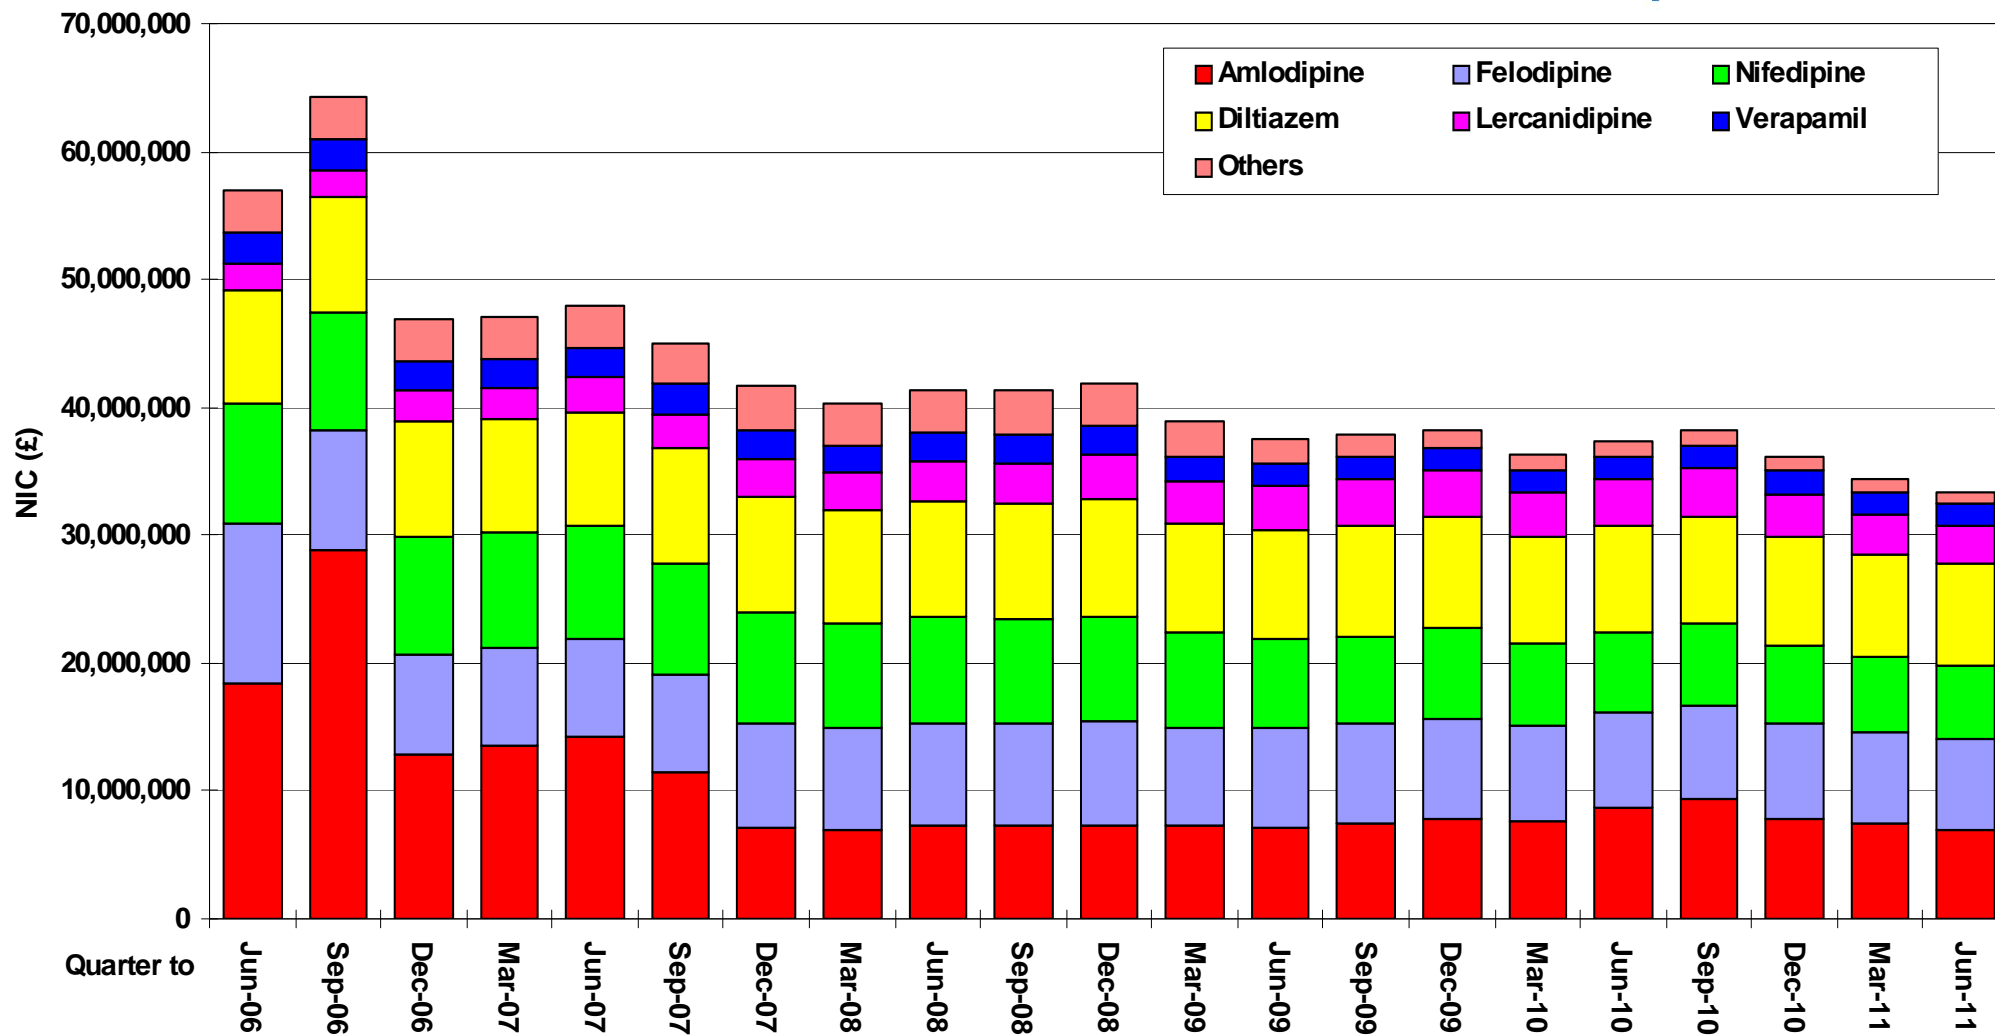

## Prescription Services

# Trends in Spending on Calcium-channel Blockers in General Practice in England

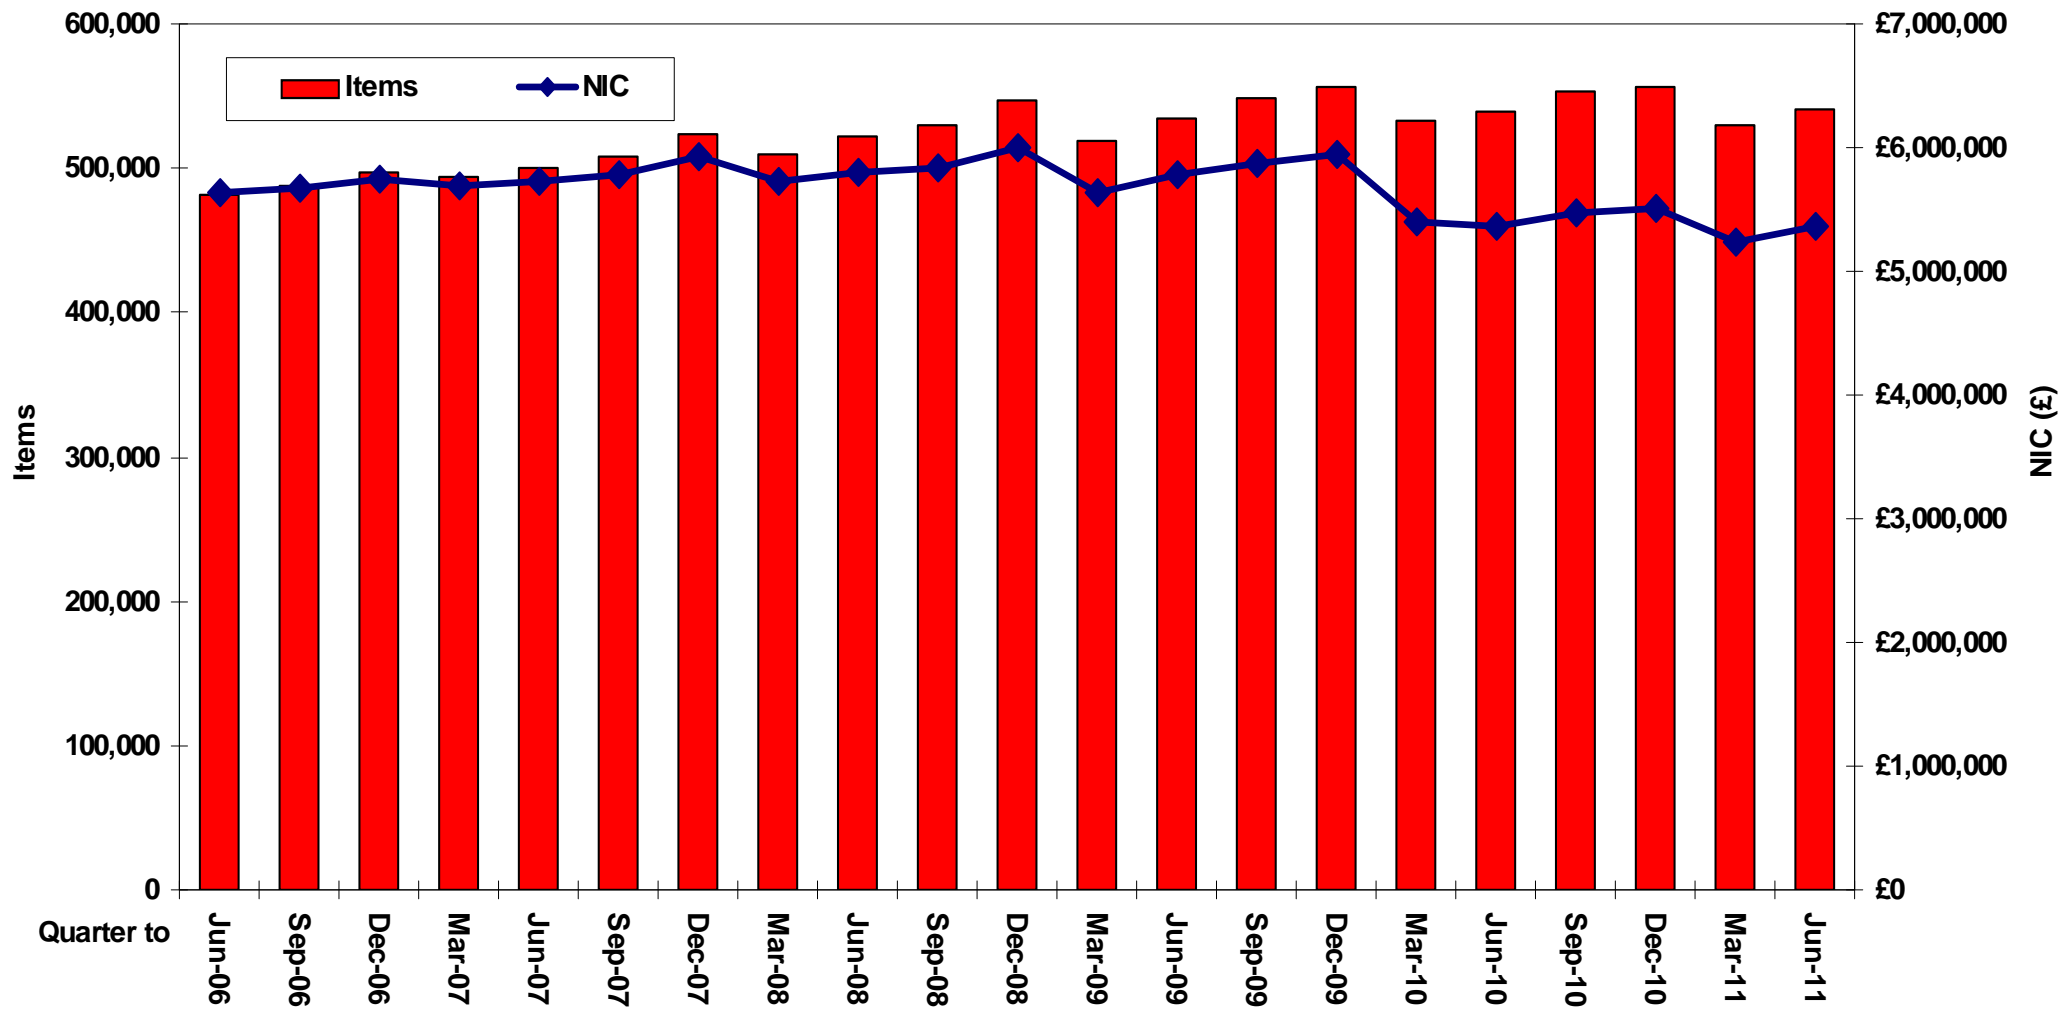

## Prescription Services

# Trends in Prescribing of and Spending on Nicorandil in General Practice in England

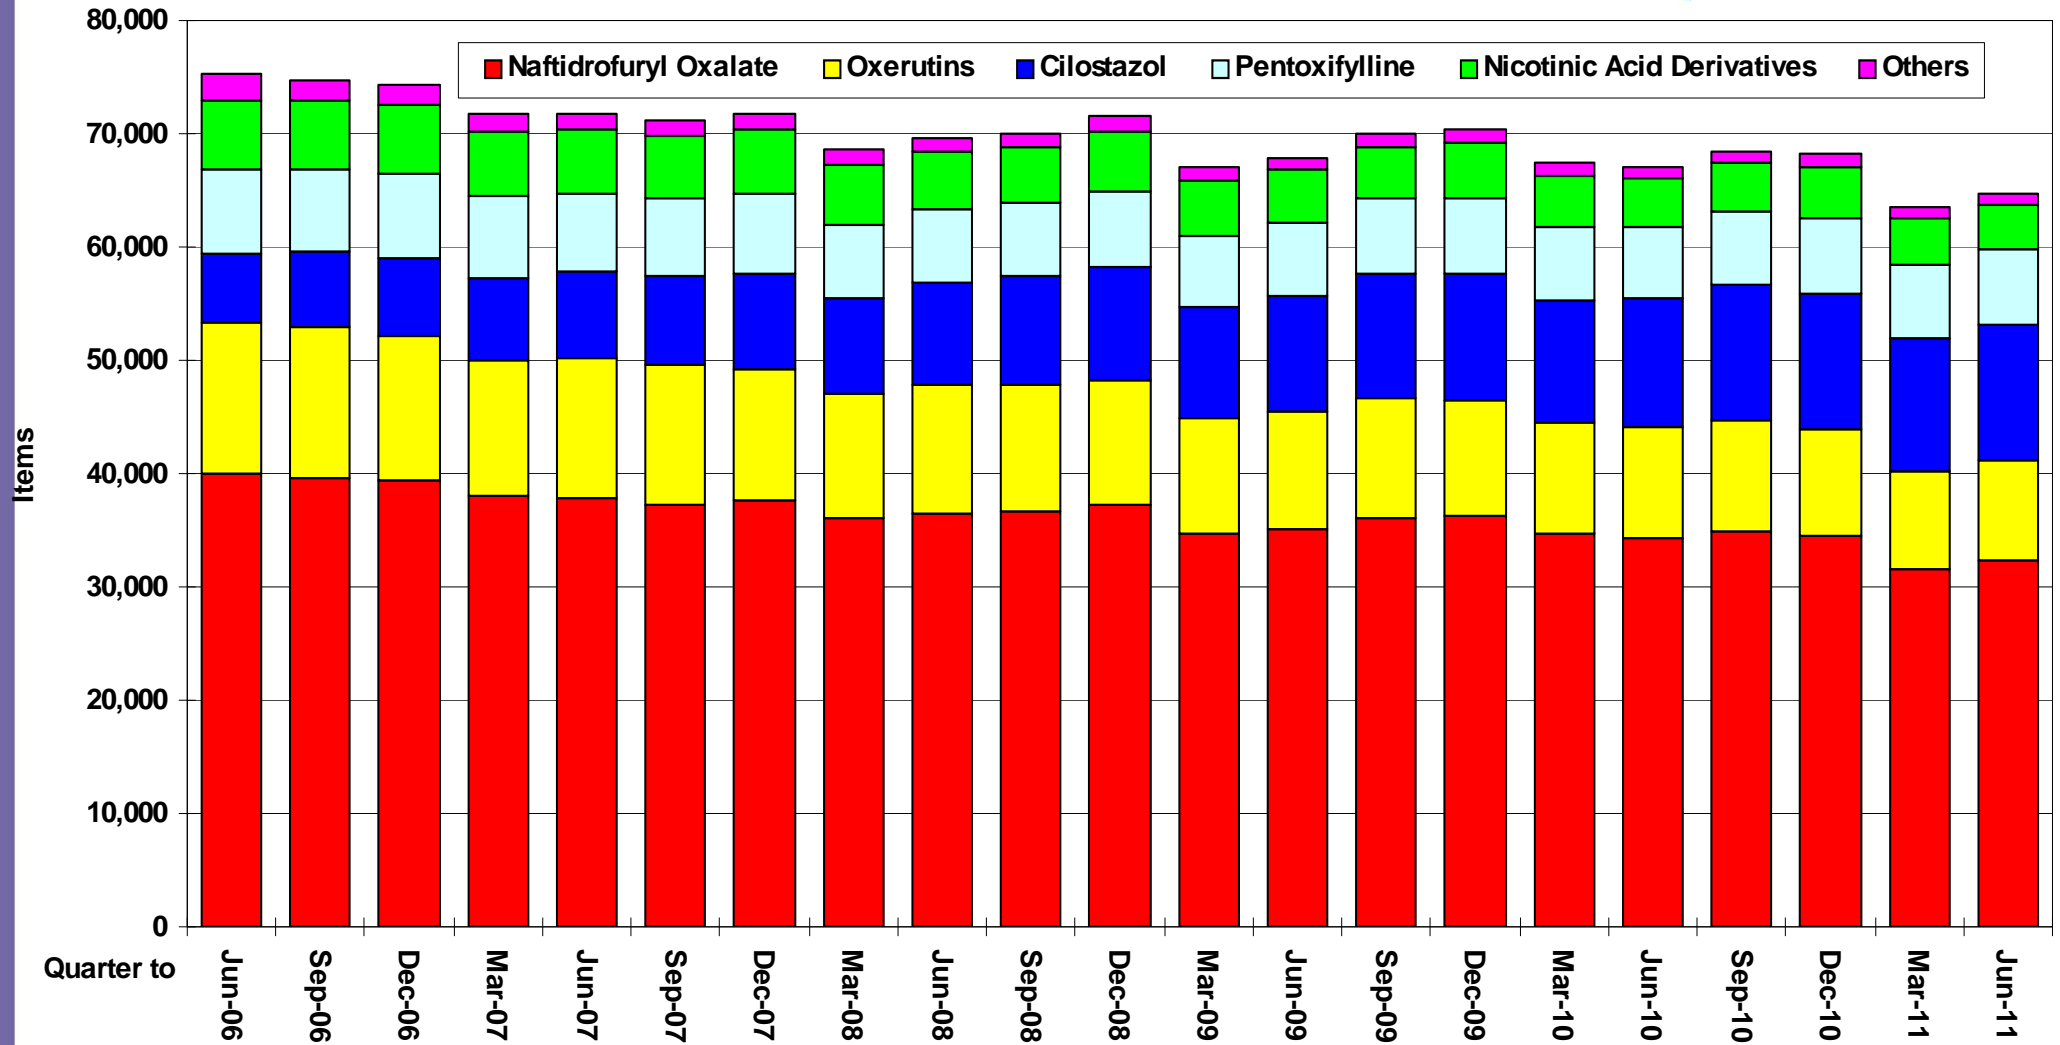

## Prescription Services

# Trends in Prescribing of Peripheral Vasodilators and Related Drugs in General Practice in England

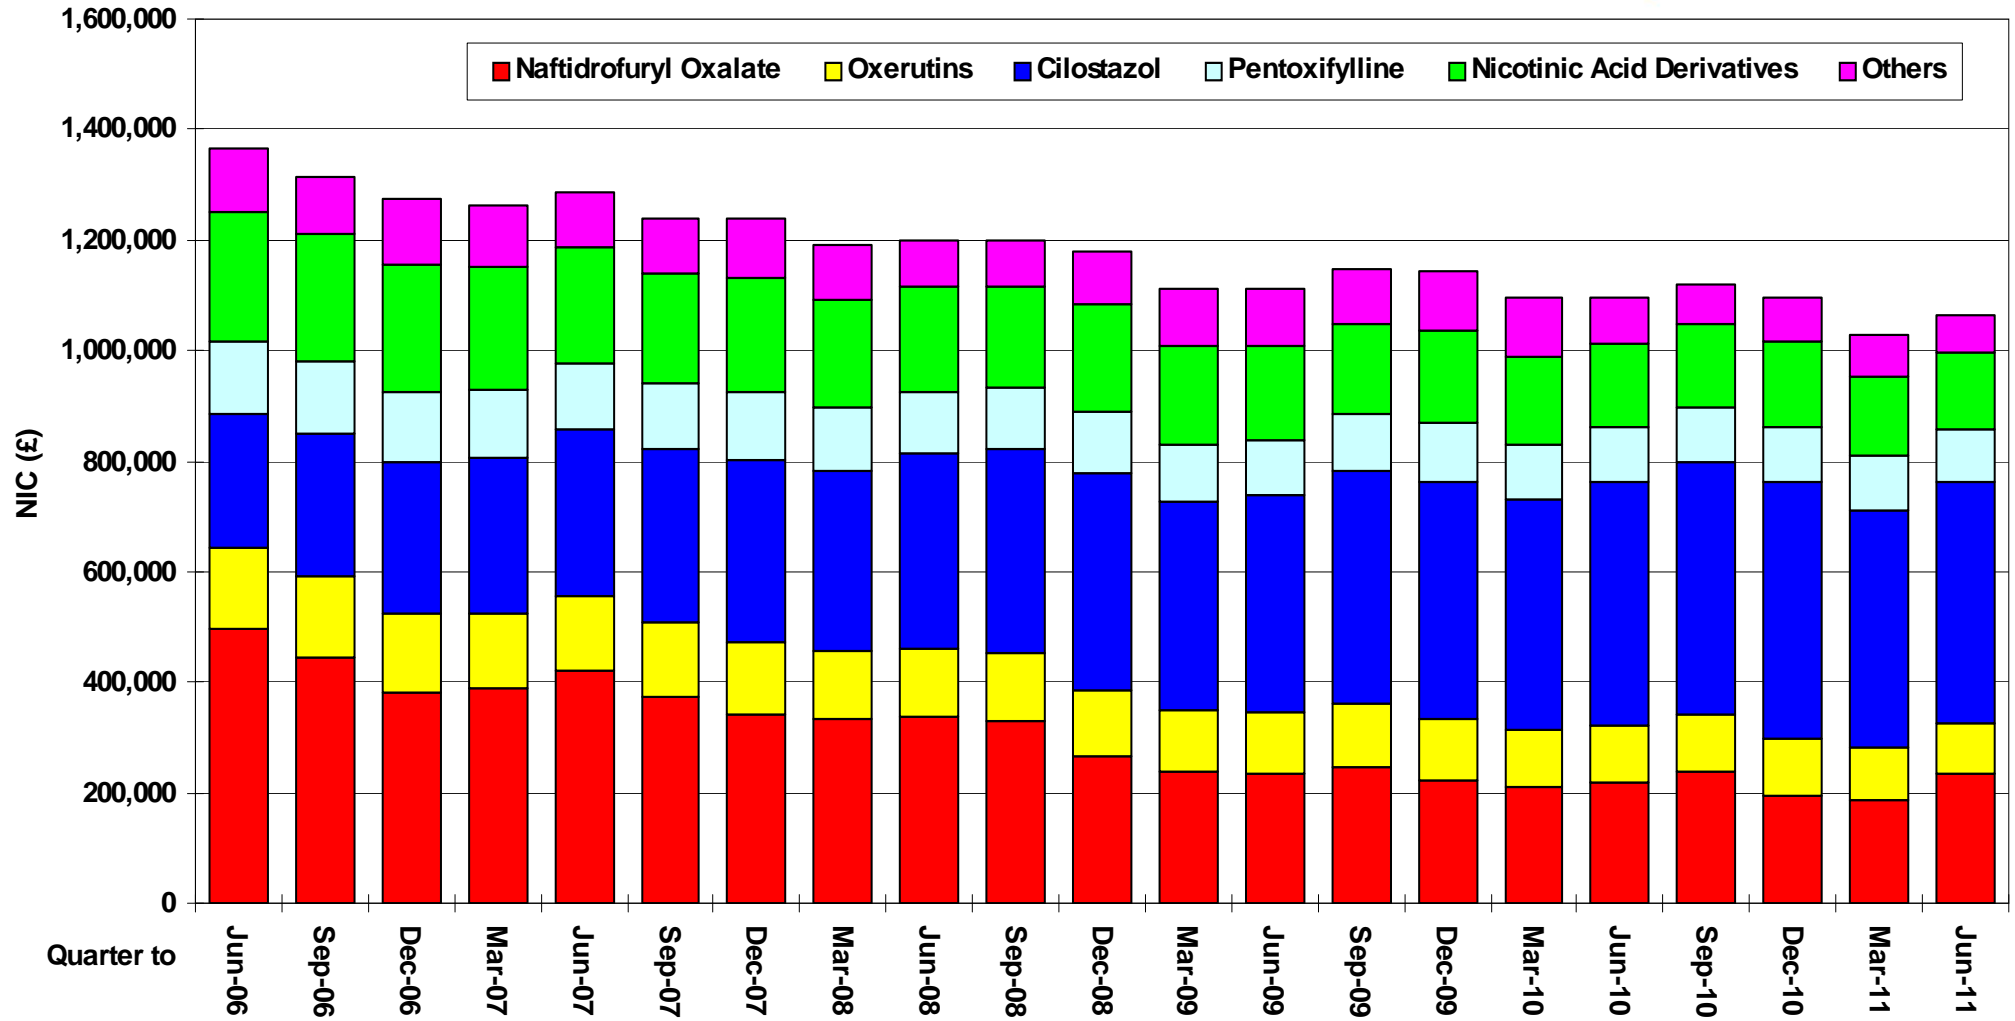

## Prescription Services

# Trends in Spending on Peripheral Vasodilators and Related Drugs in General Practice in England

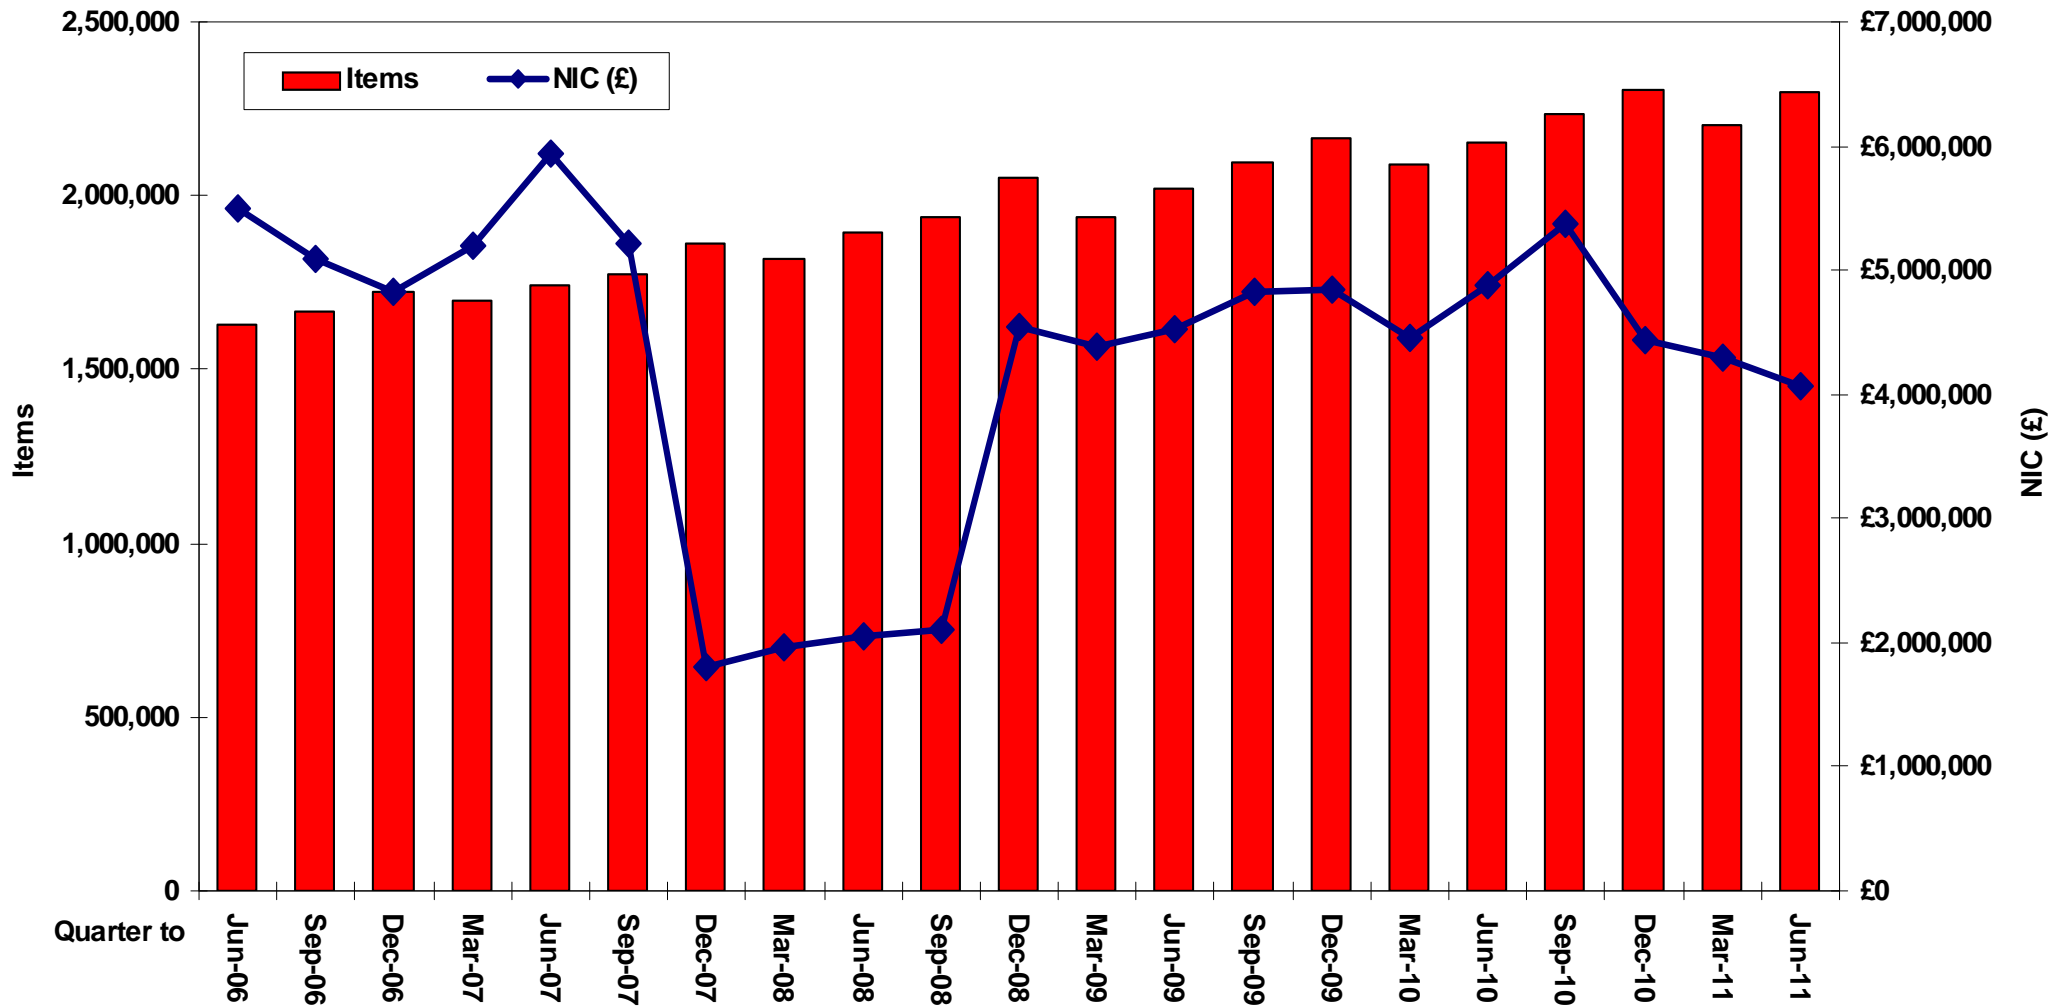

## Prescription Services

# Trends in Prescribing of and Spending on Warfarin in General Practice in England

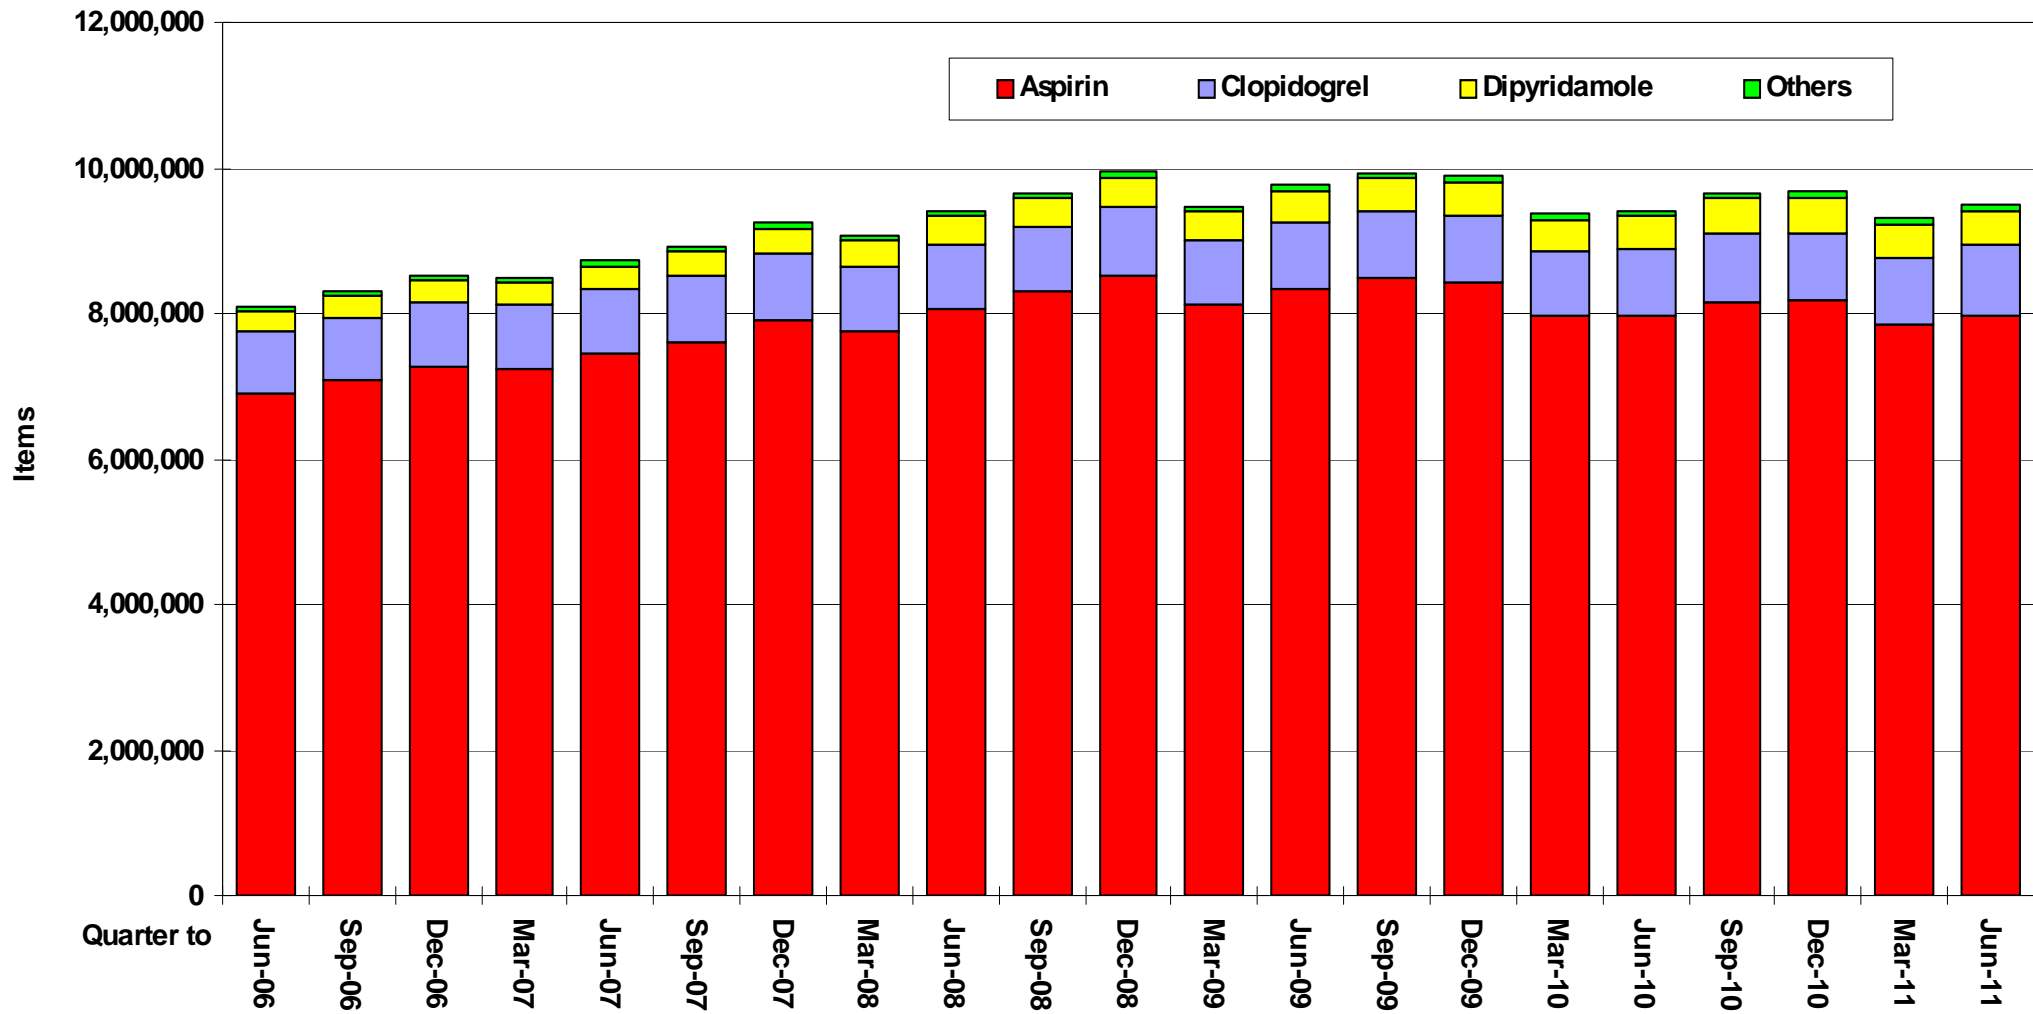

## Prescription Services

# Trends in Prescribing of Antiplatelet Drugs in General Practice in England

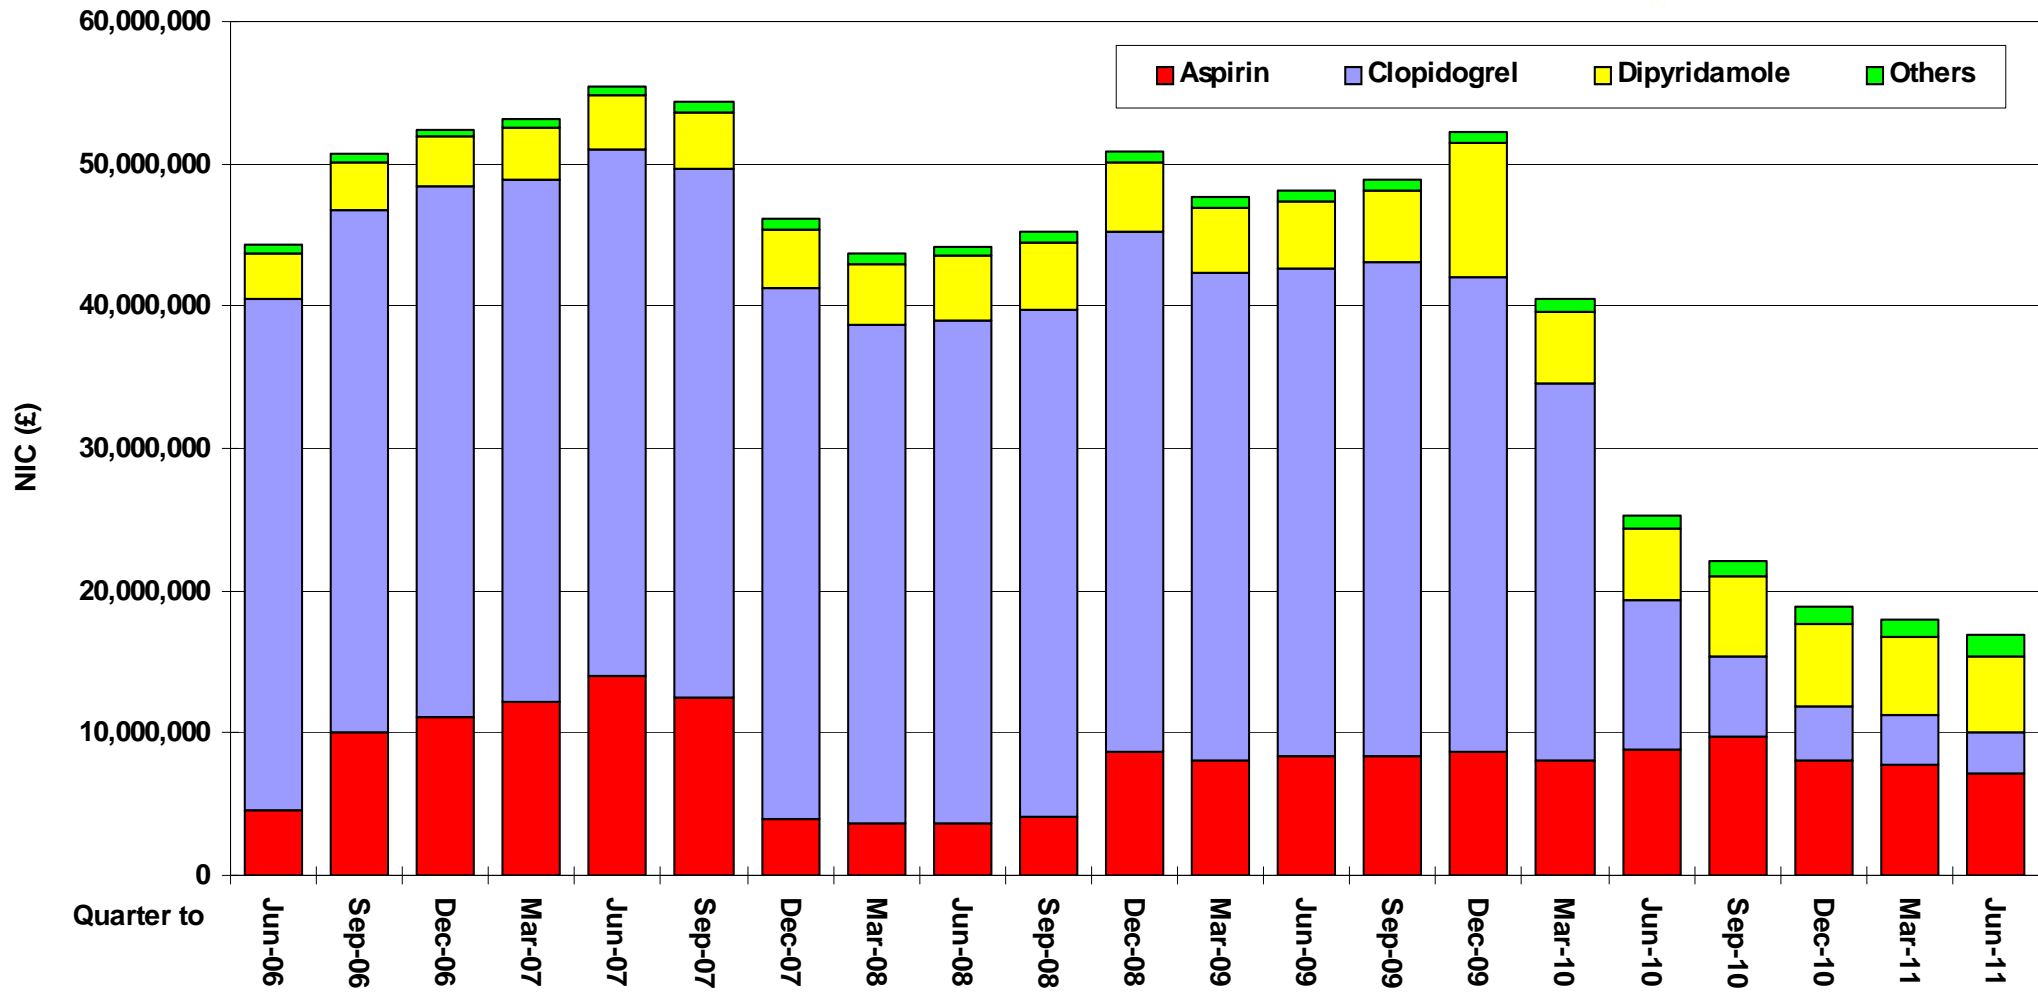

## Prescription Services

# Trends in Spending on Antiplatelet Drugs in General Practice in England

## Prescription Services

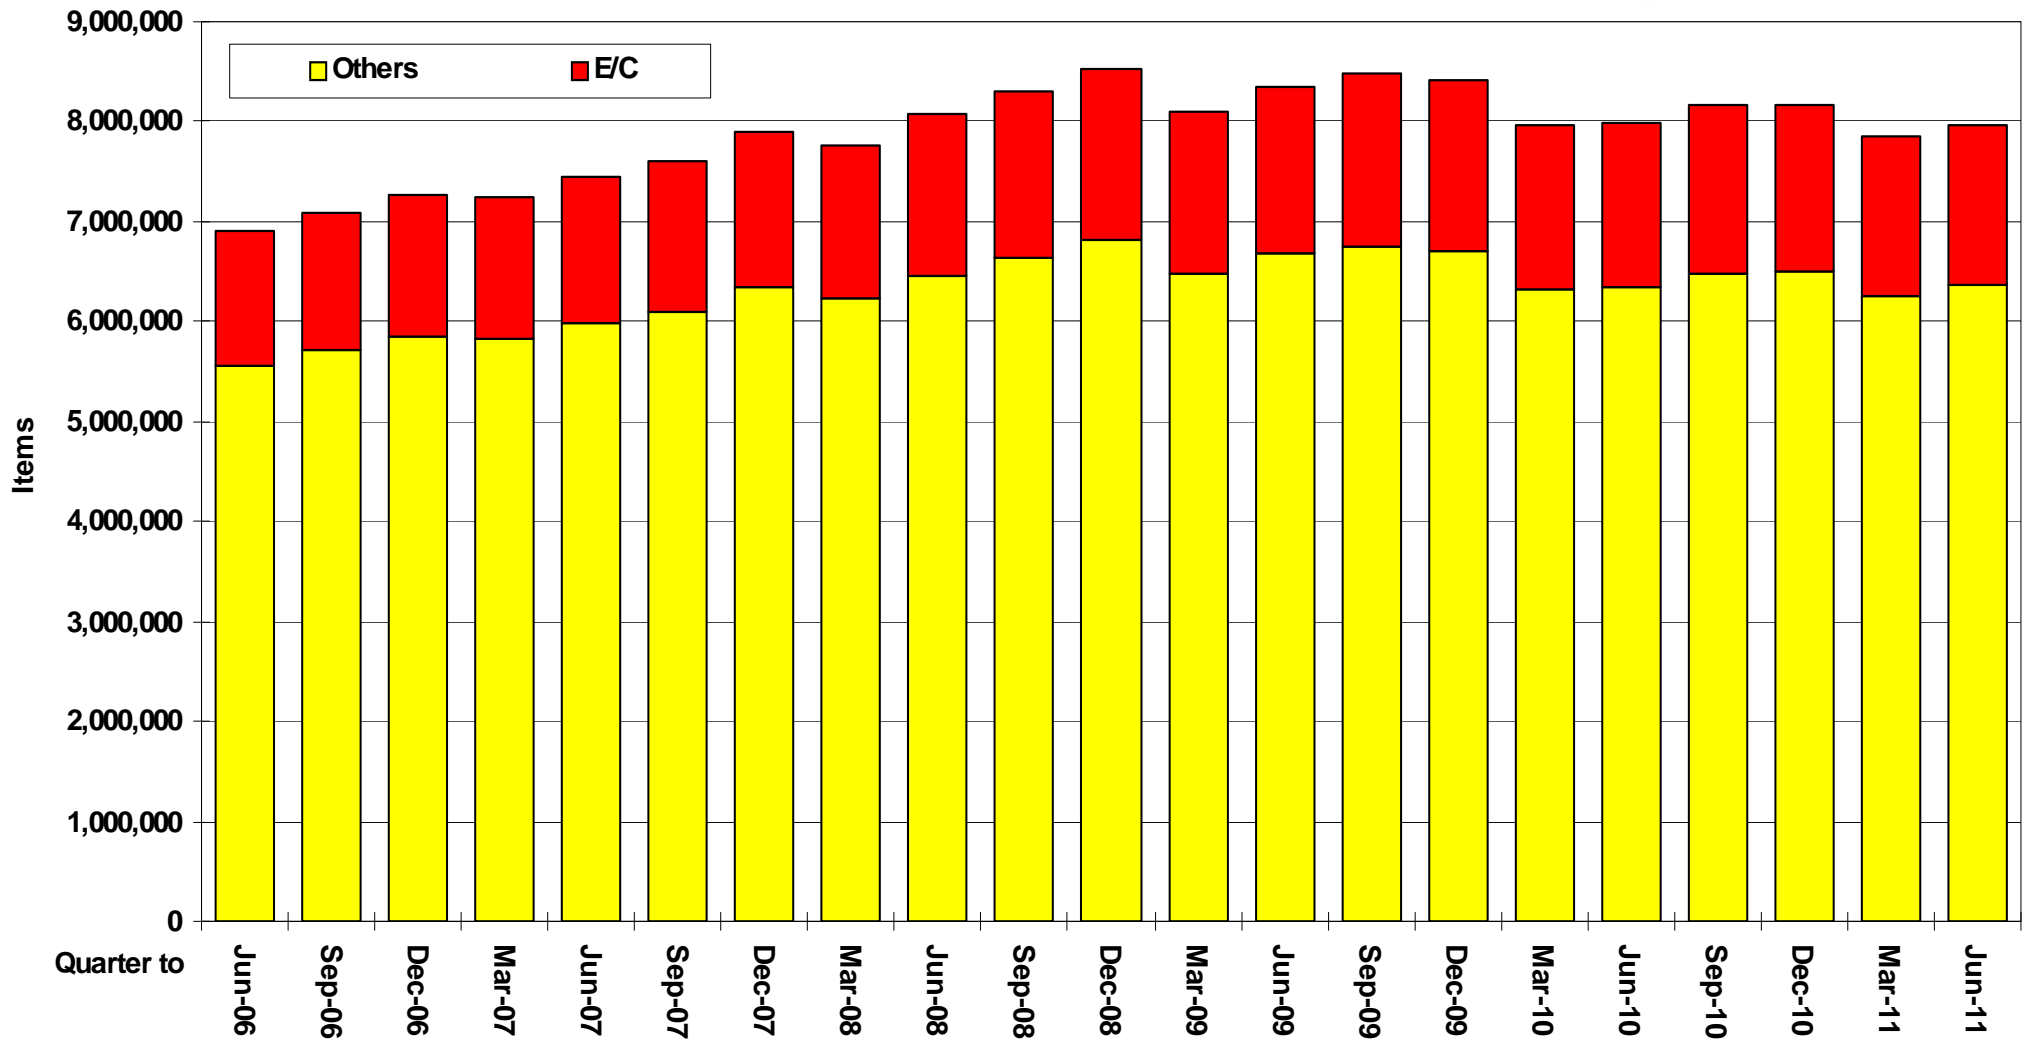

NB The price held for Dipyridamole 200mg m/r caps was incorrect during the quarter to December 2009, which accounts for the inflated NIC for this period

### Trends in Prescribing of Aspirin BNF 2.9 (E/C Tablets vs Other Formulations) in General Practice in England

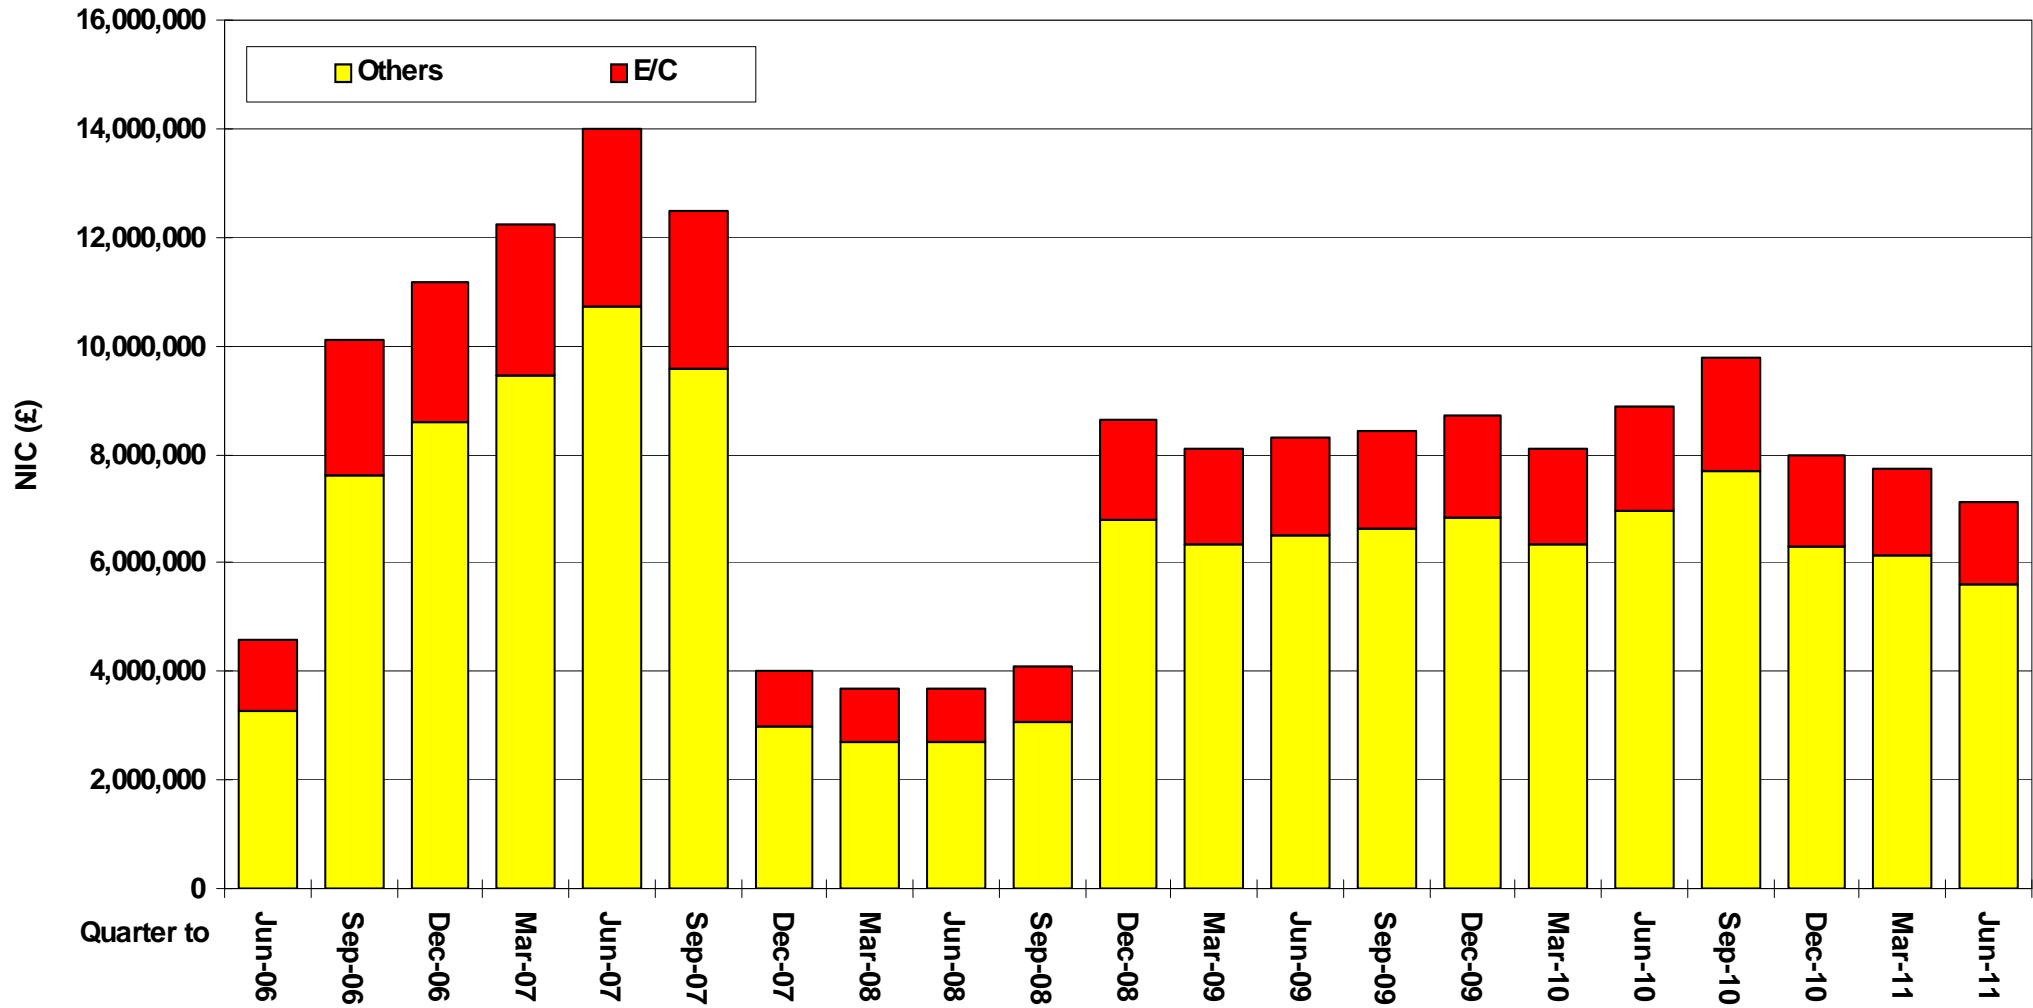

Prescription Services

### Trends in Spending on Aspirin BNF 2.9 (E/C Tablets vs Other Formulations) in General Practice in England

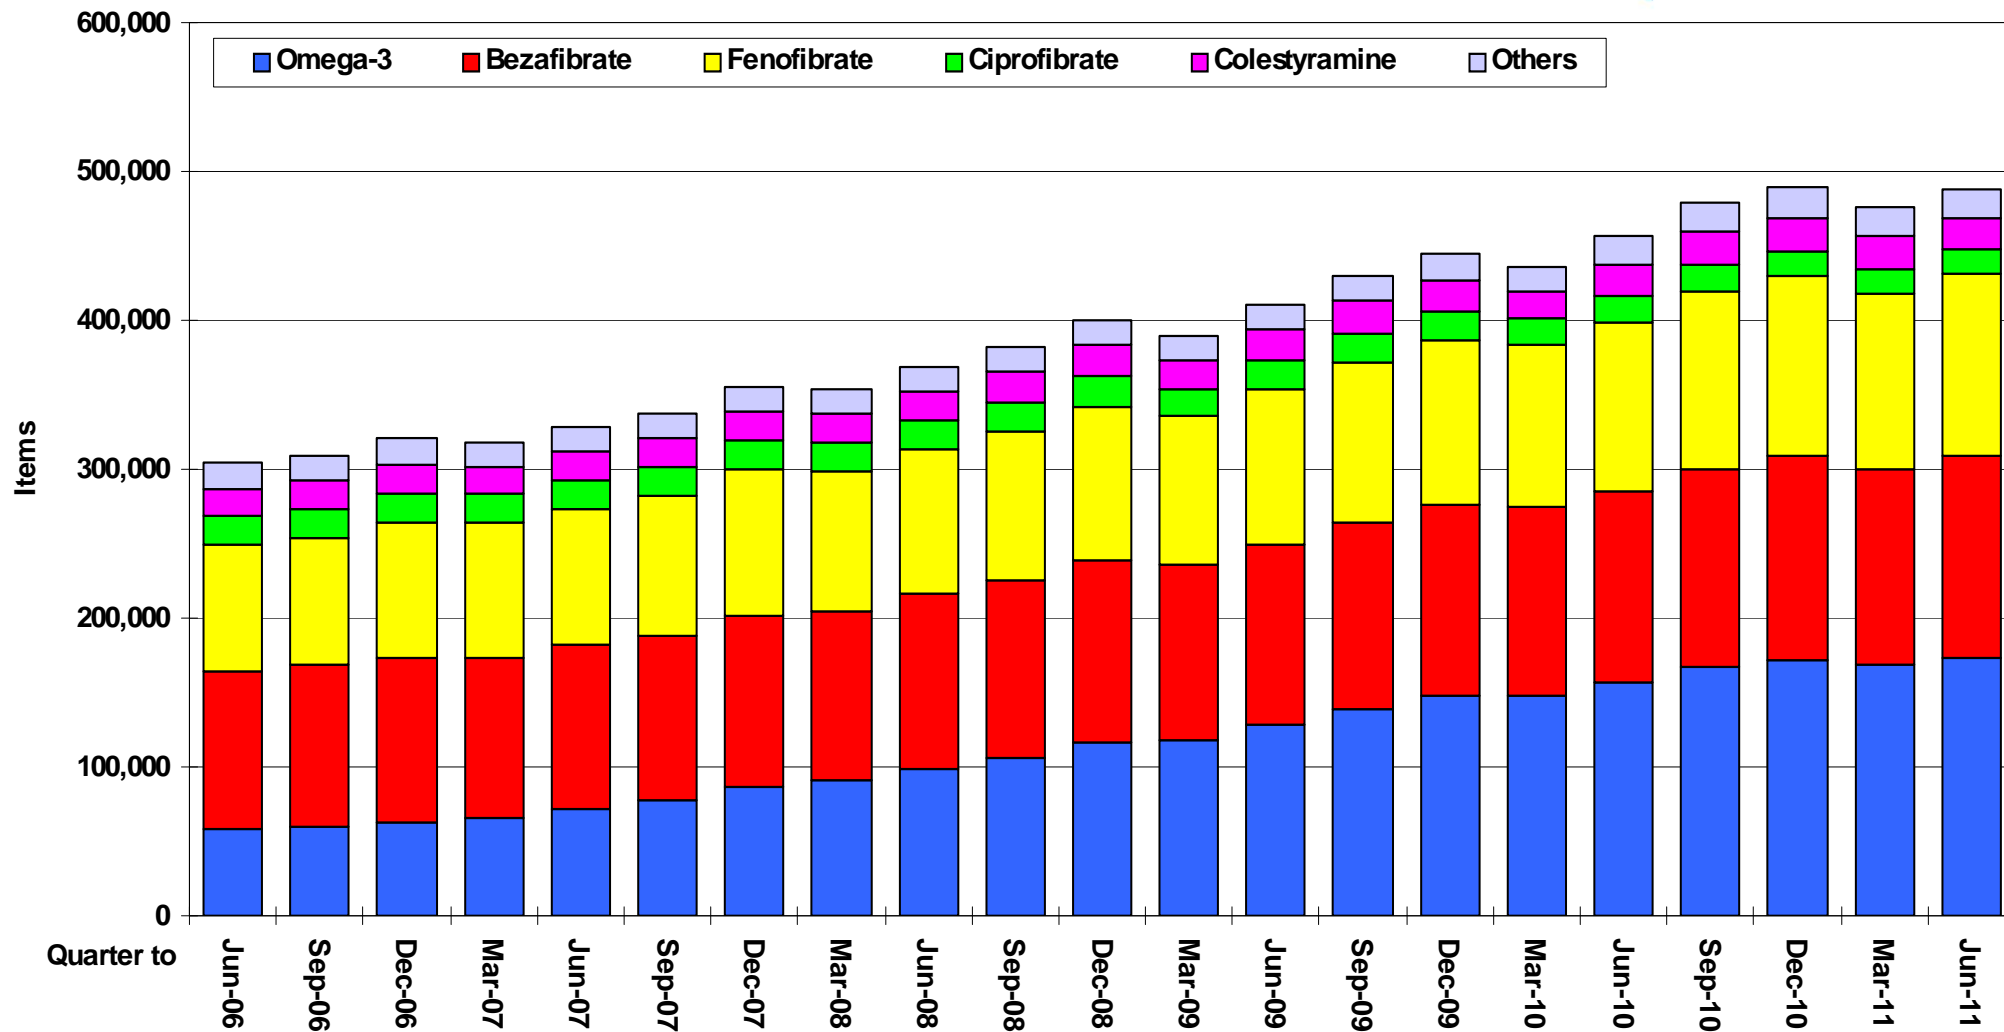

Prescription Services

# Trends in Prescribing of Lipid-regulating Drugs (excluding Statins) in General Practice in England

## Prescription Services

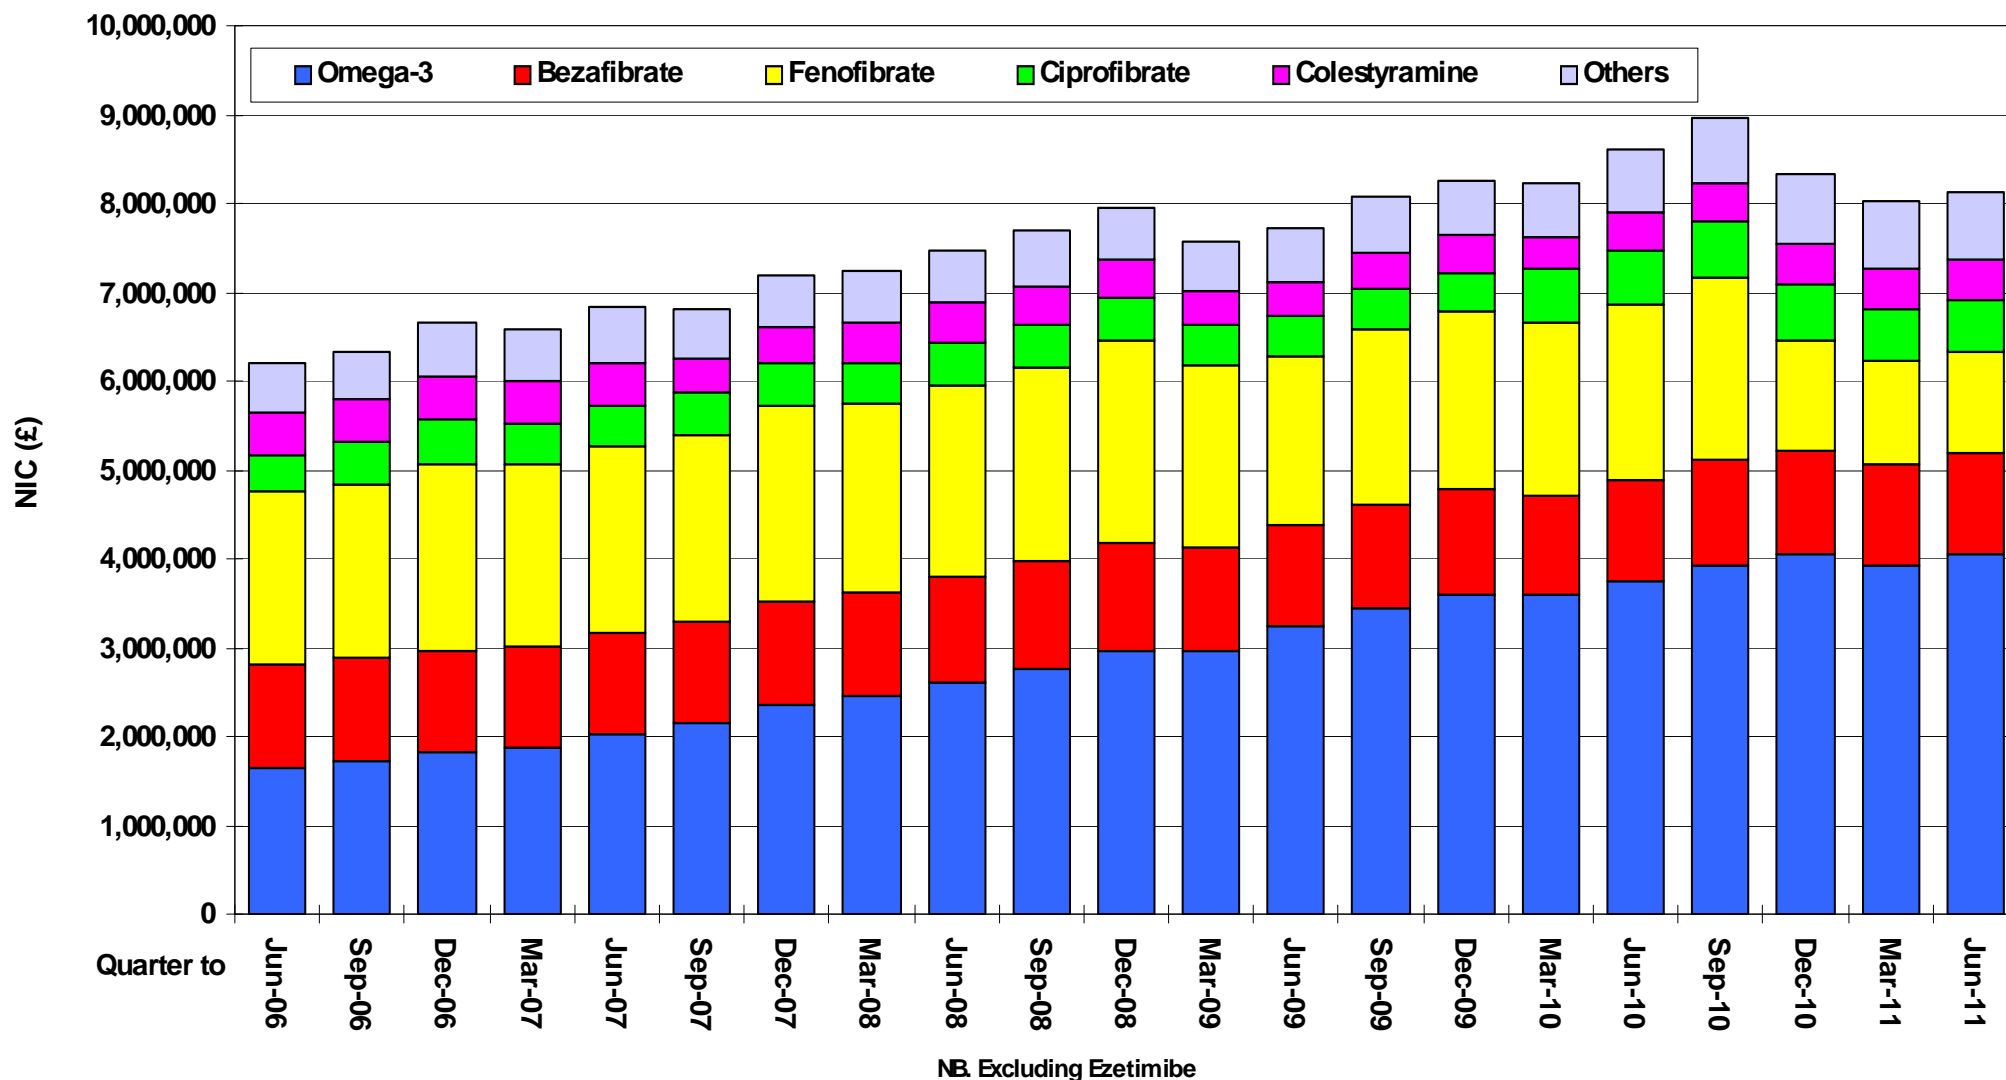

NB. Excluding Ezetimibe

# Trends in Spending on Lipid-regulating Drugs (excluding Statins) in General Practice in England

## Prescription Services

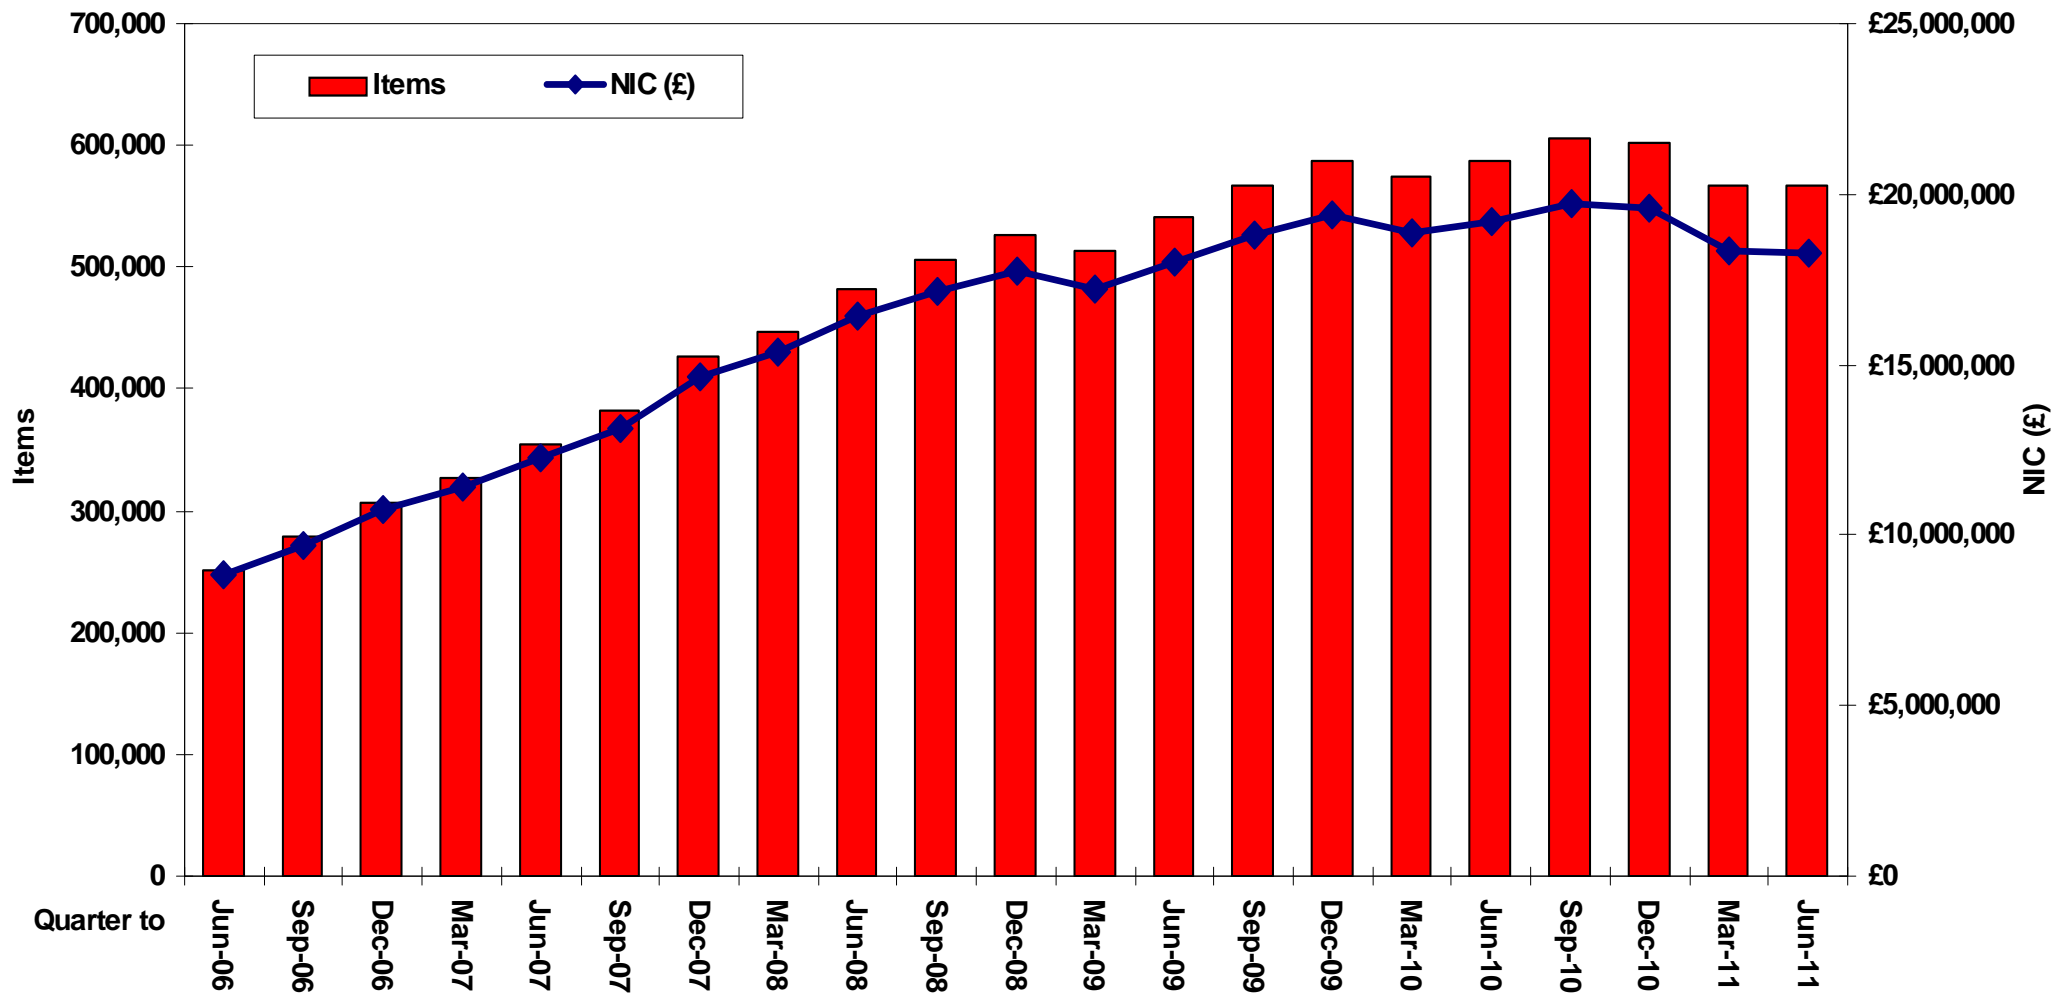

NB. Excluding Ezetimibe

# Trends in Prescribing of and Spending on Ezetimibe in General Practice in England

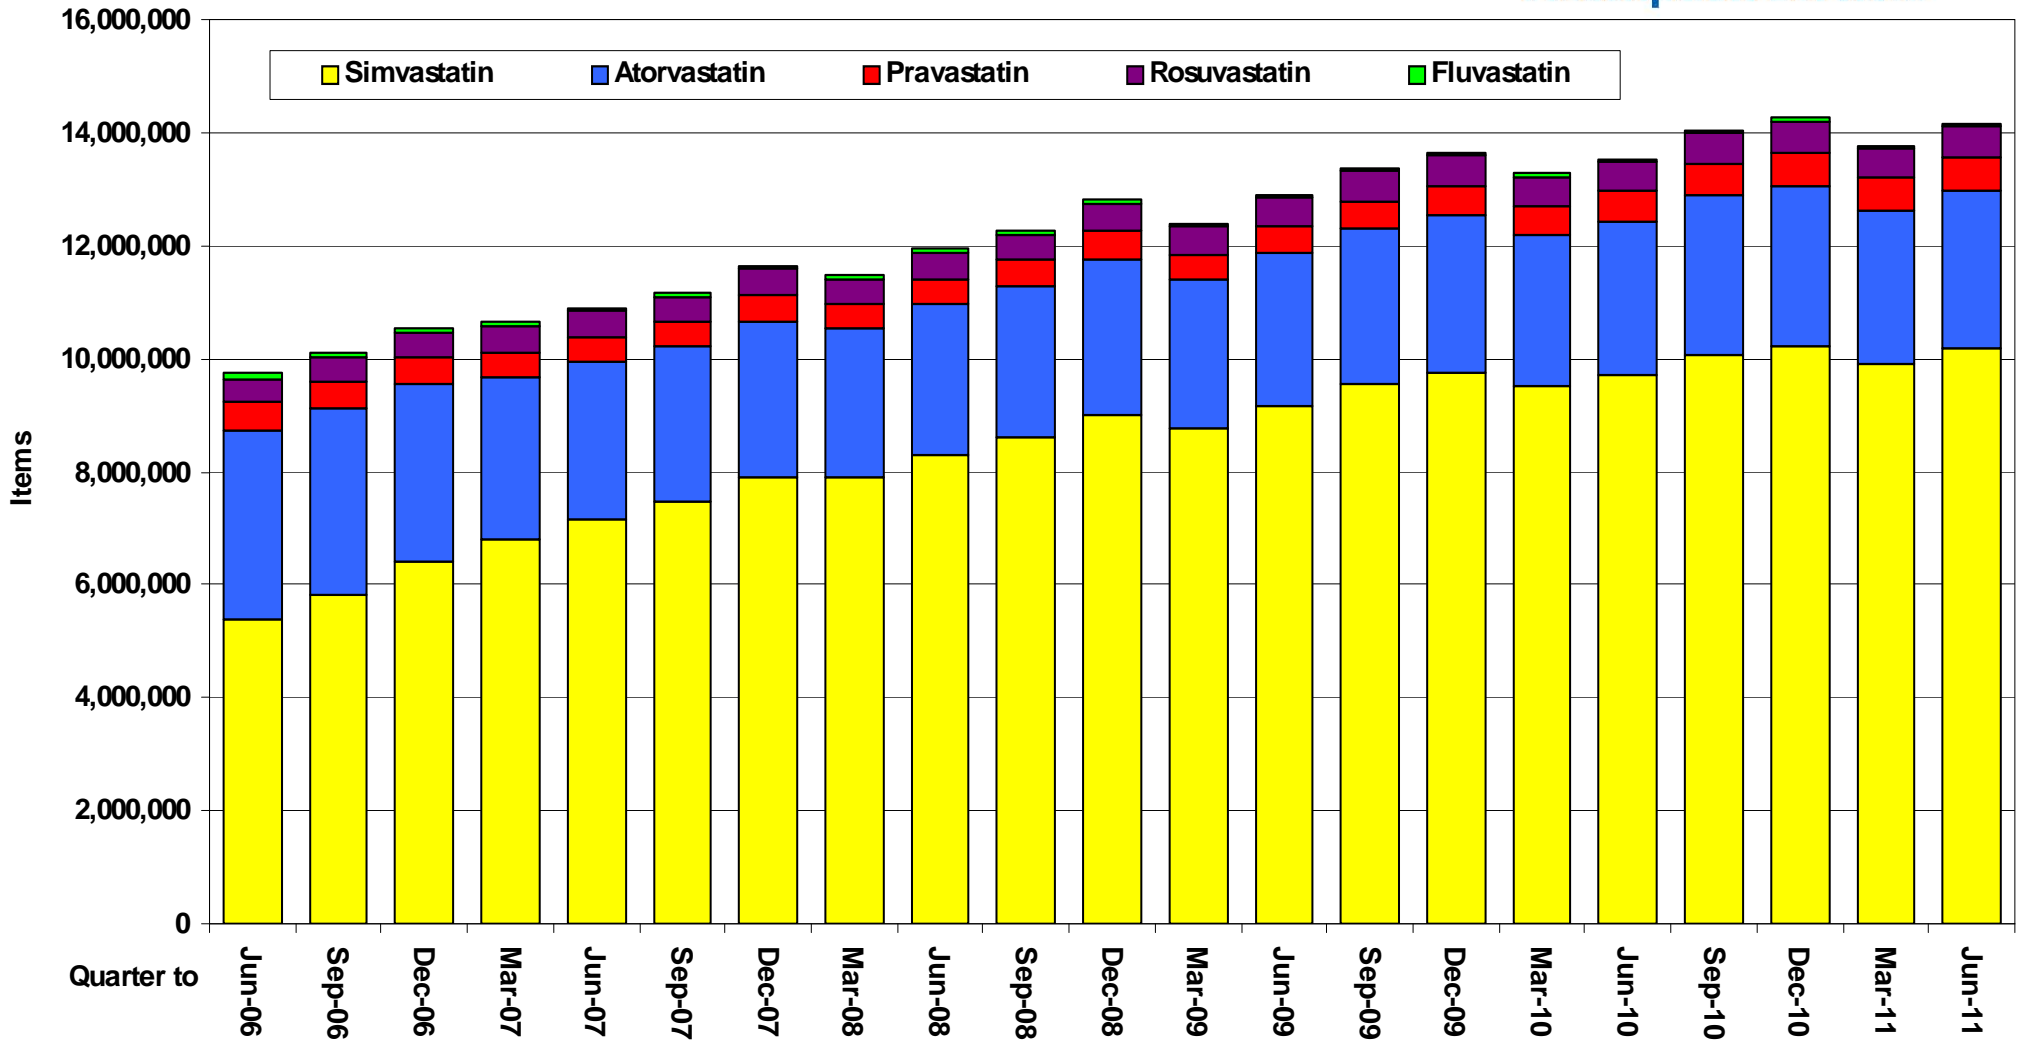

## Prescription Services

# Trends in Prescribing of Statins in General Practice in England

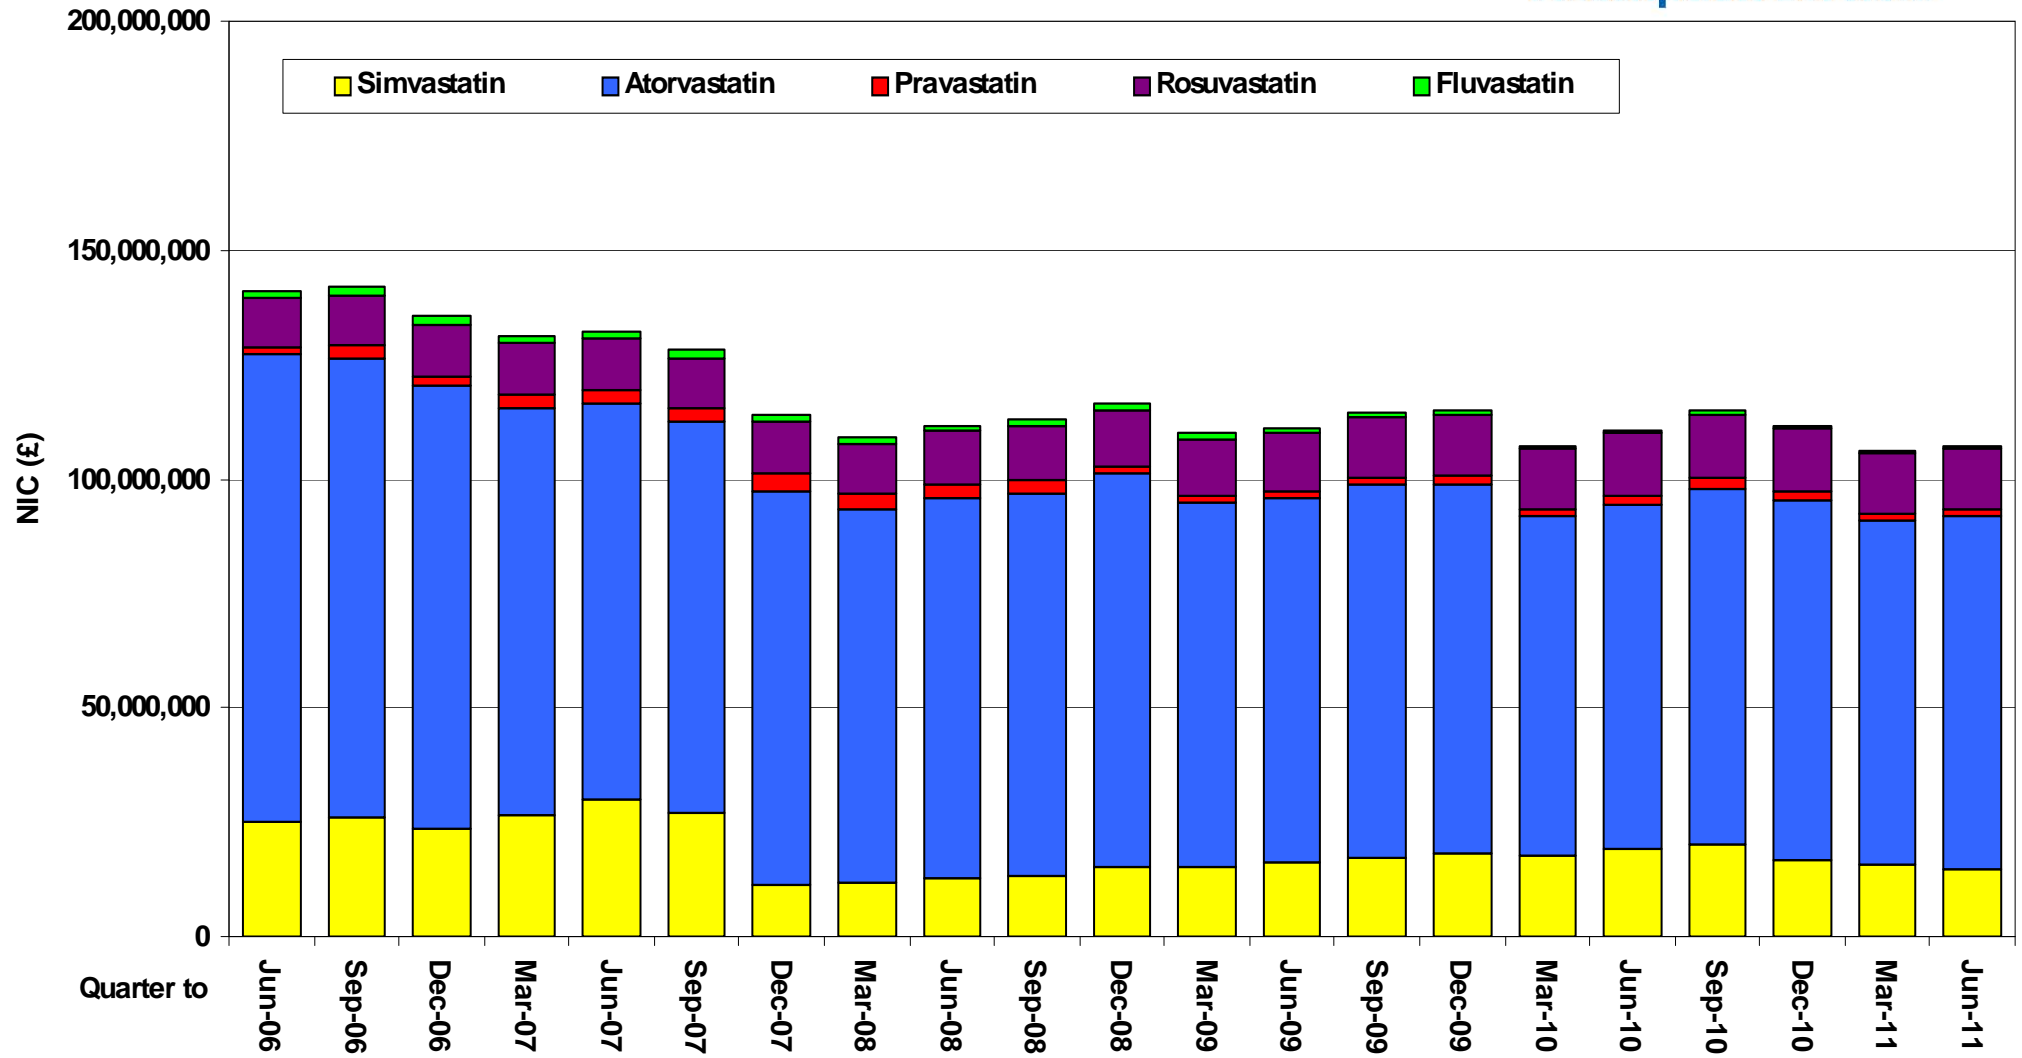

## Prescription Services

# Trends in Spending on Statins in General Practice in England

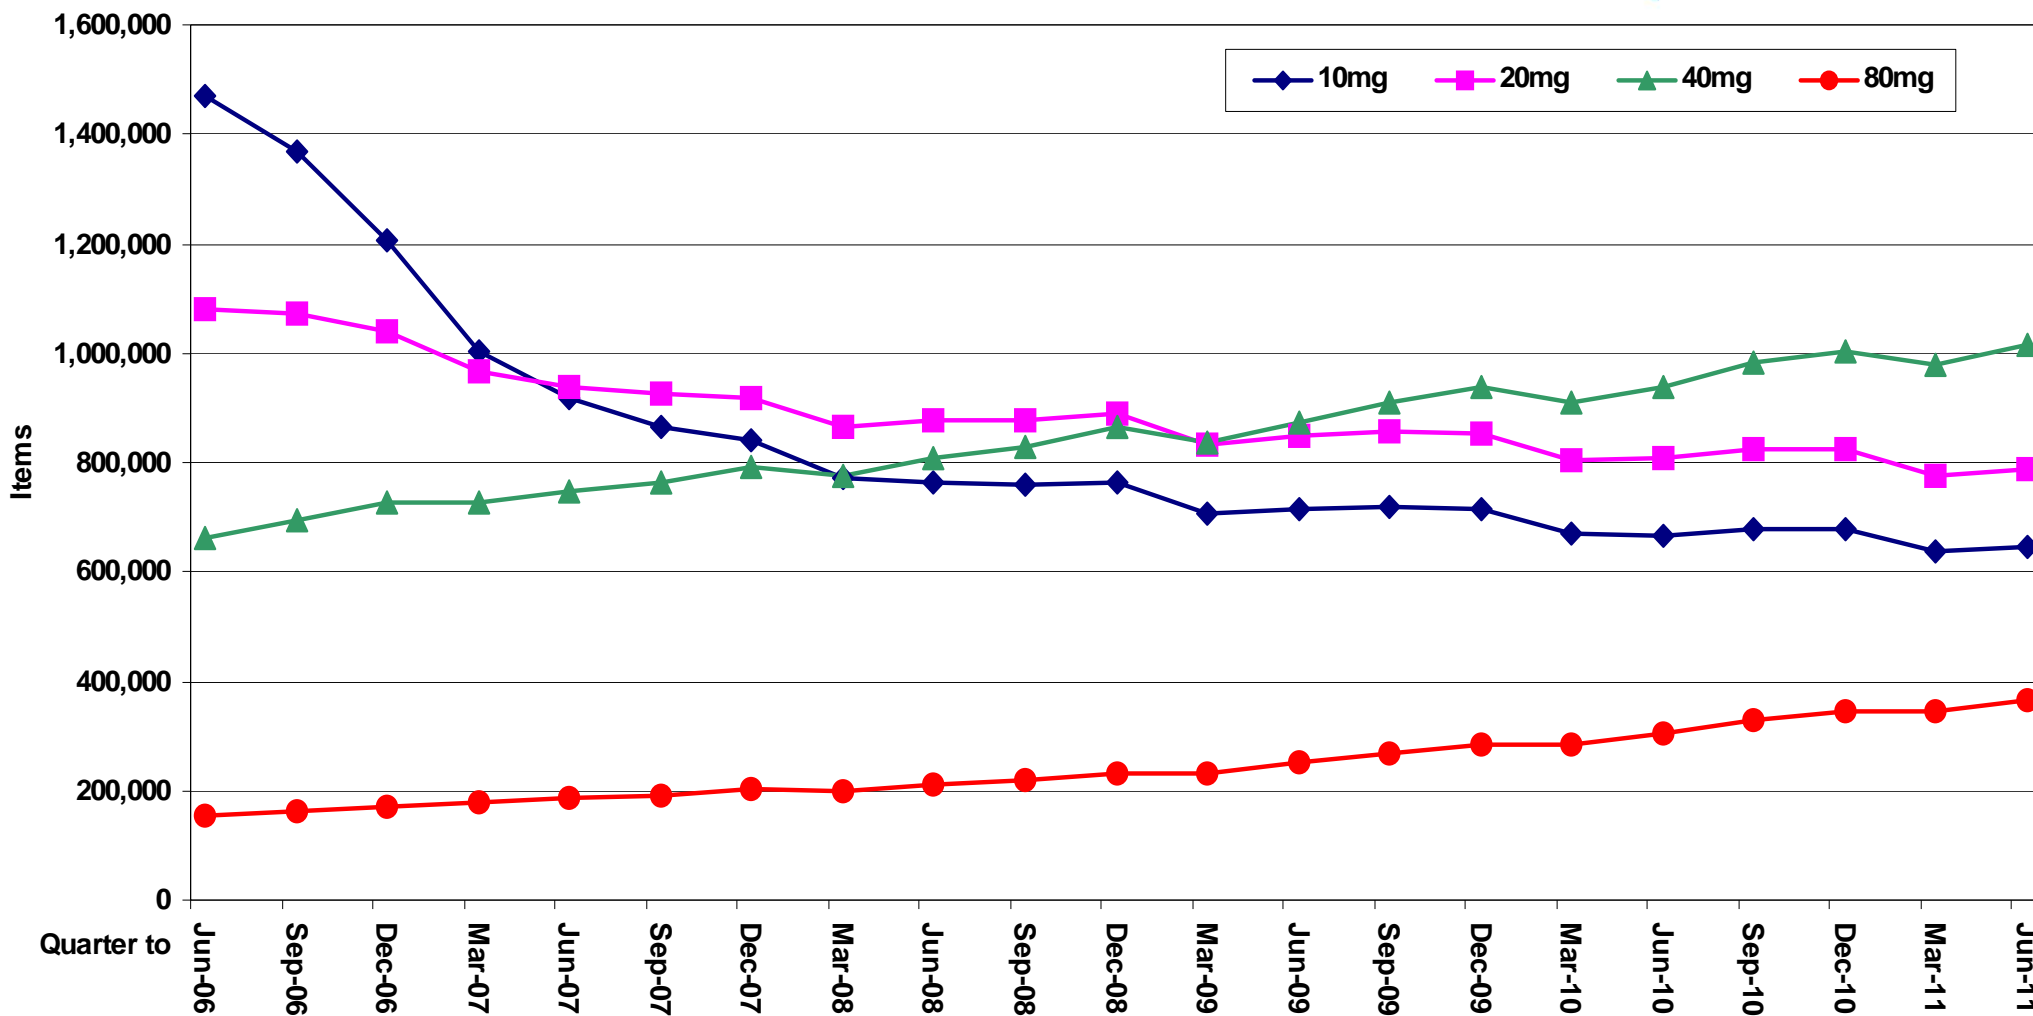

## Prescription Services

# Trends in Prescribing of Atorvastatin Tablets by Strength in General Practice in England

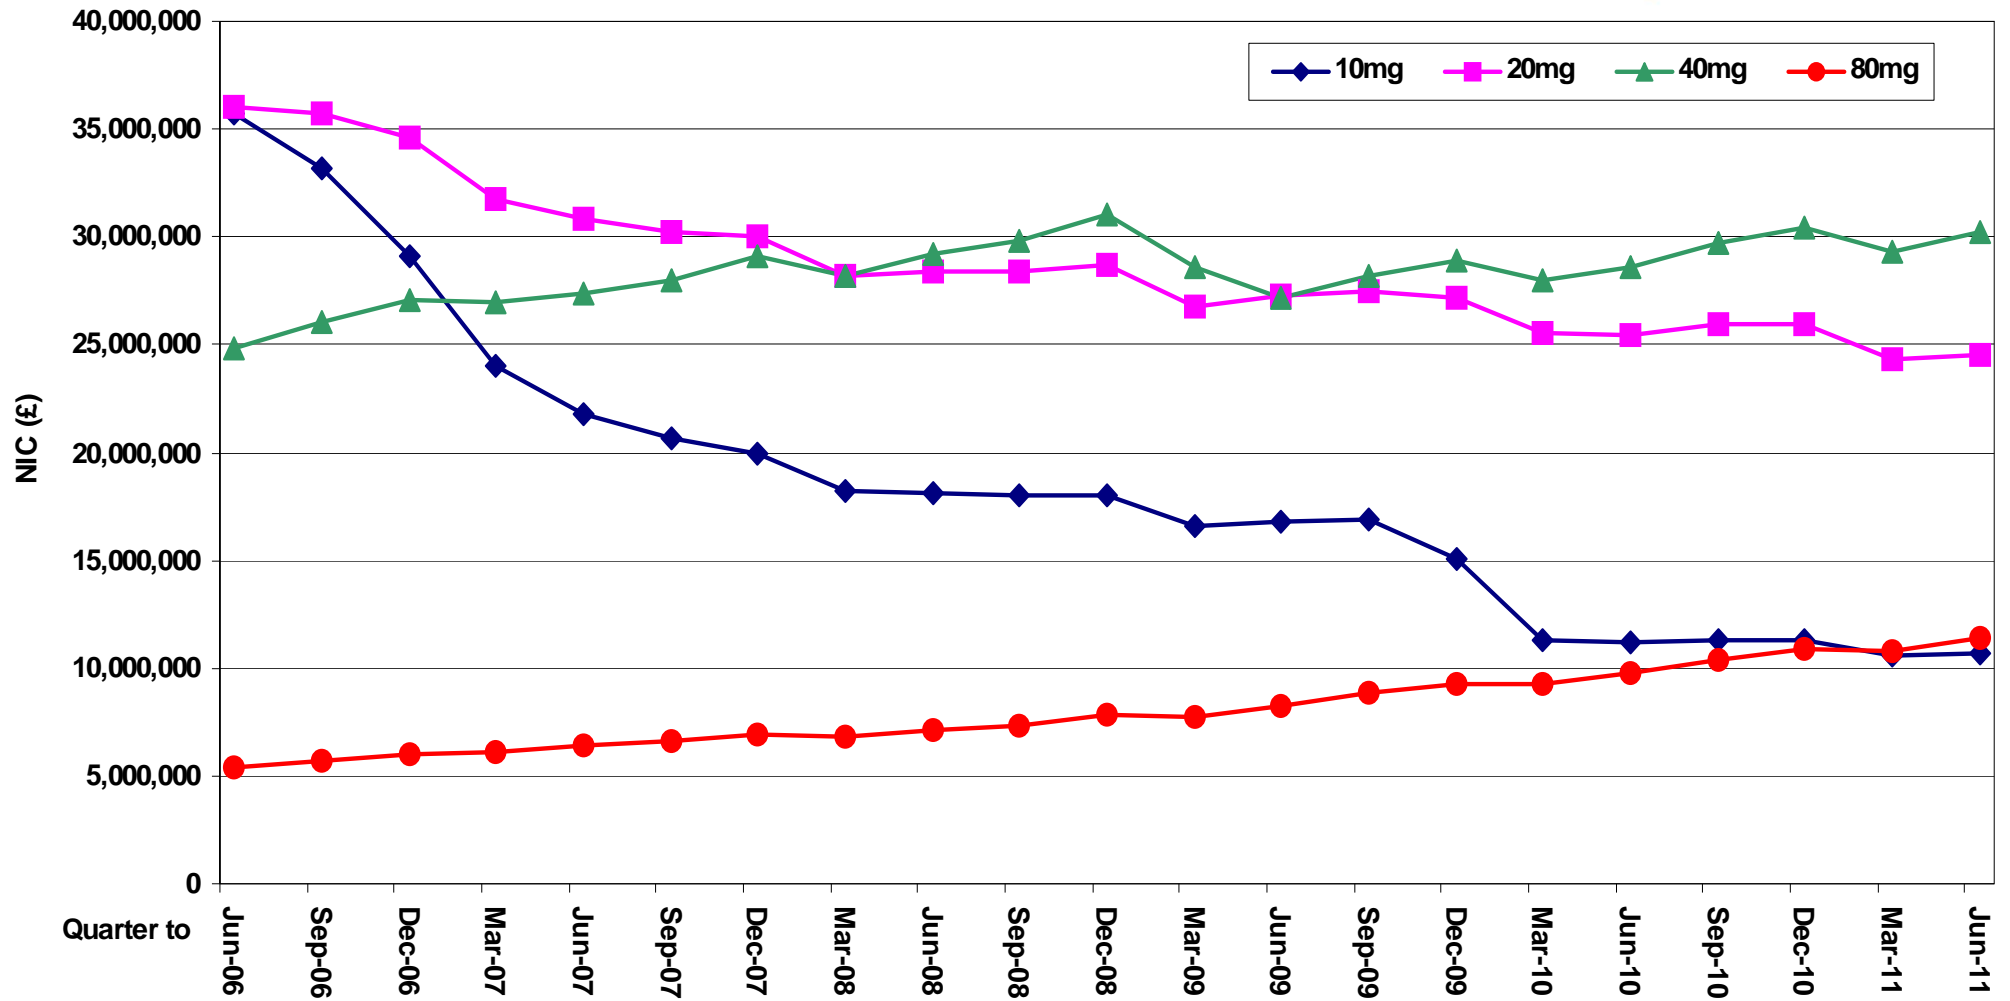

## Prescription Services

# Trends in Spending on Atorvastatin Tablets by Strength in General Practice in England

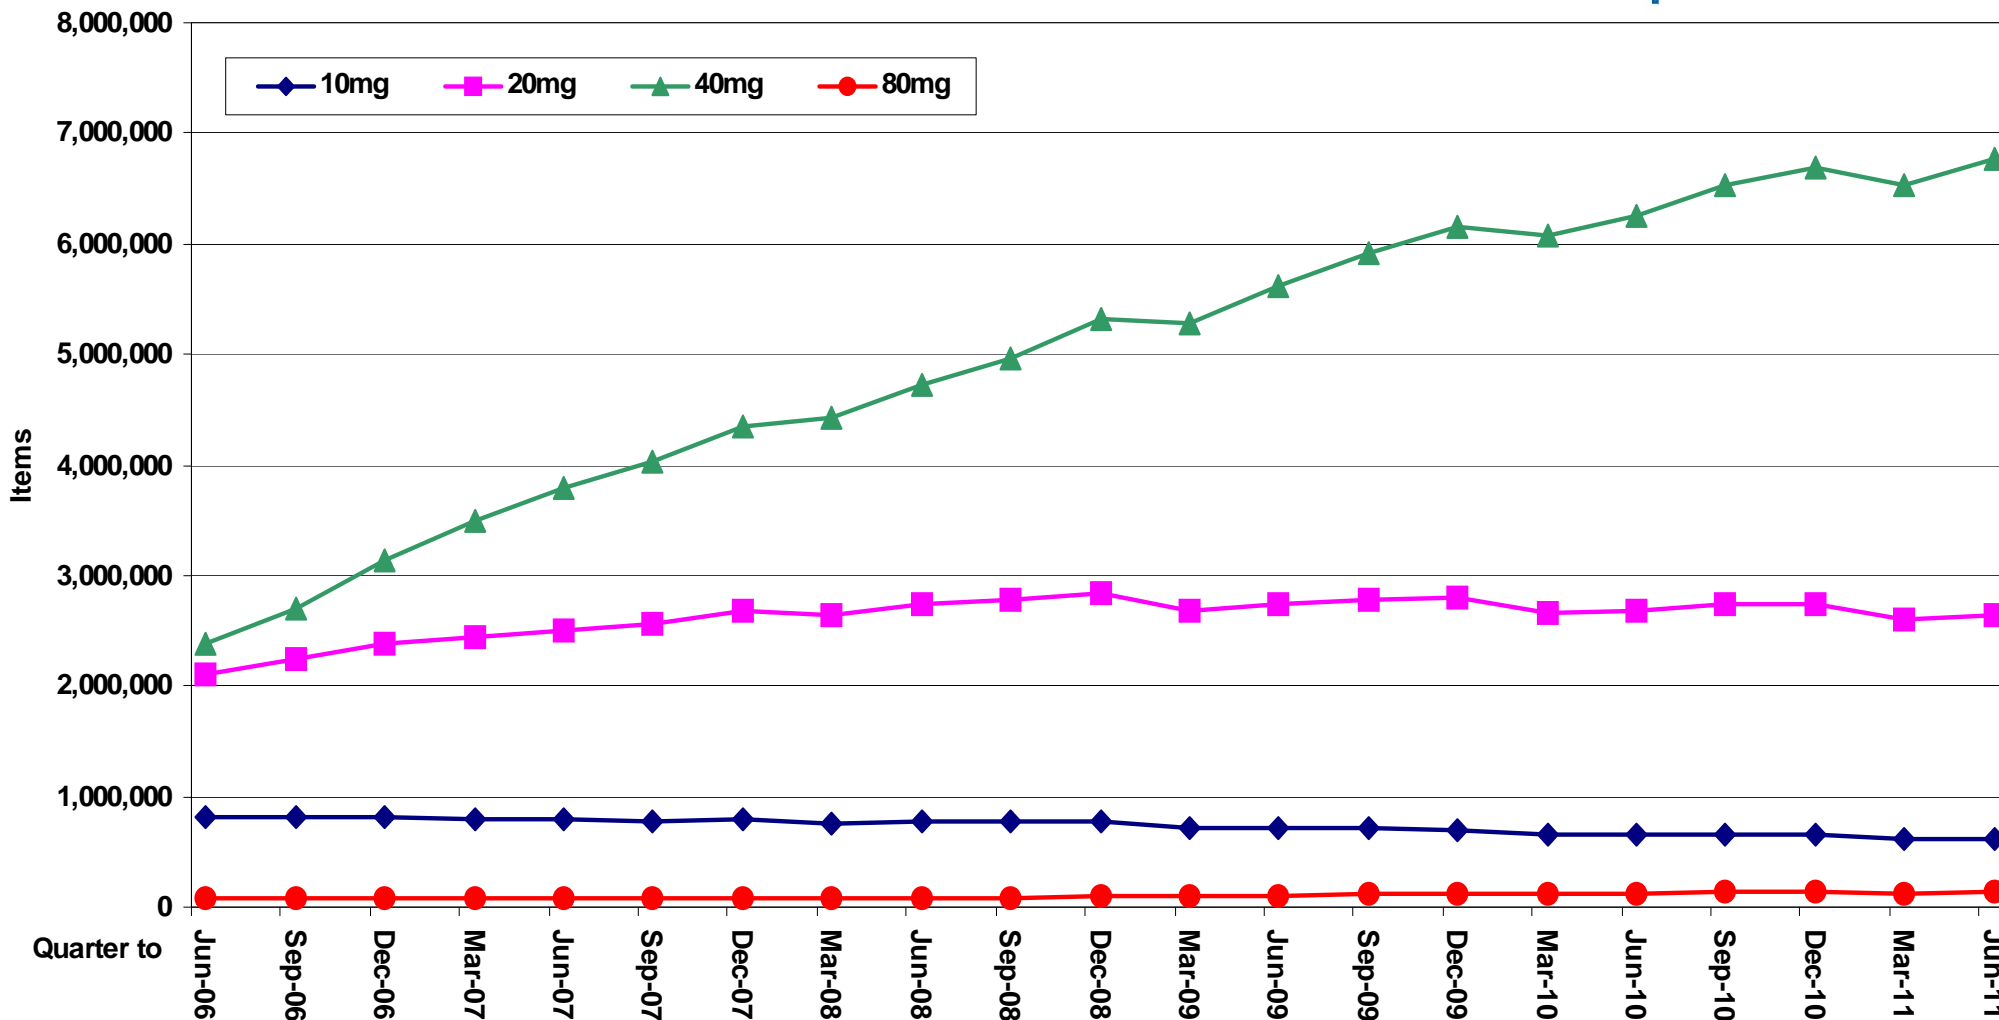

Prescription Services

# Trends in Prescribing of Simvastatin Tablets by Strength in General Practice in England

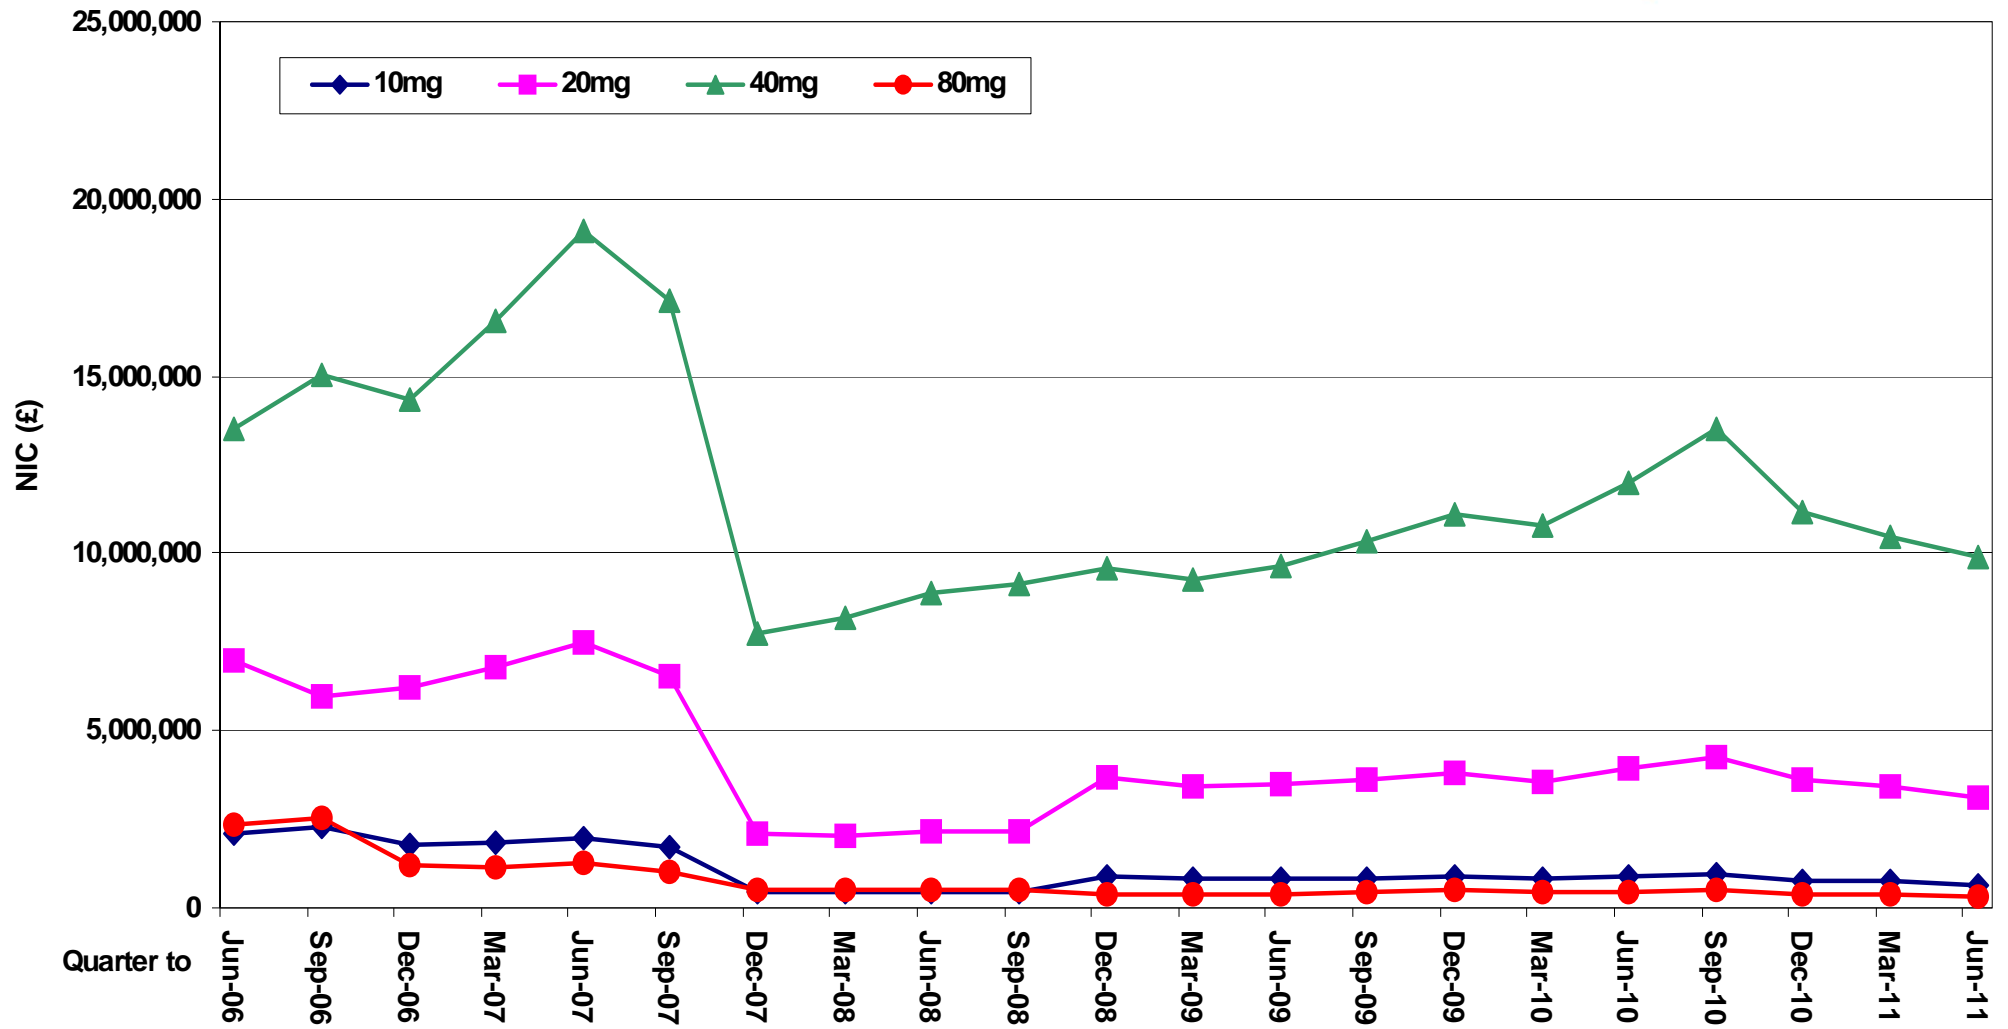

Prescription Services

# Trends in Spending on Simvastatin Tablets by Strength in General Practice in England

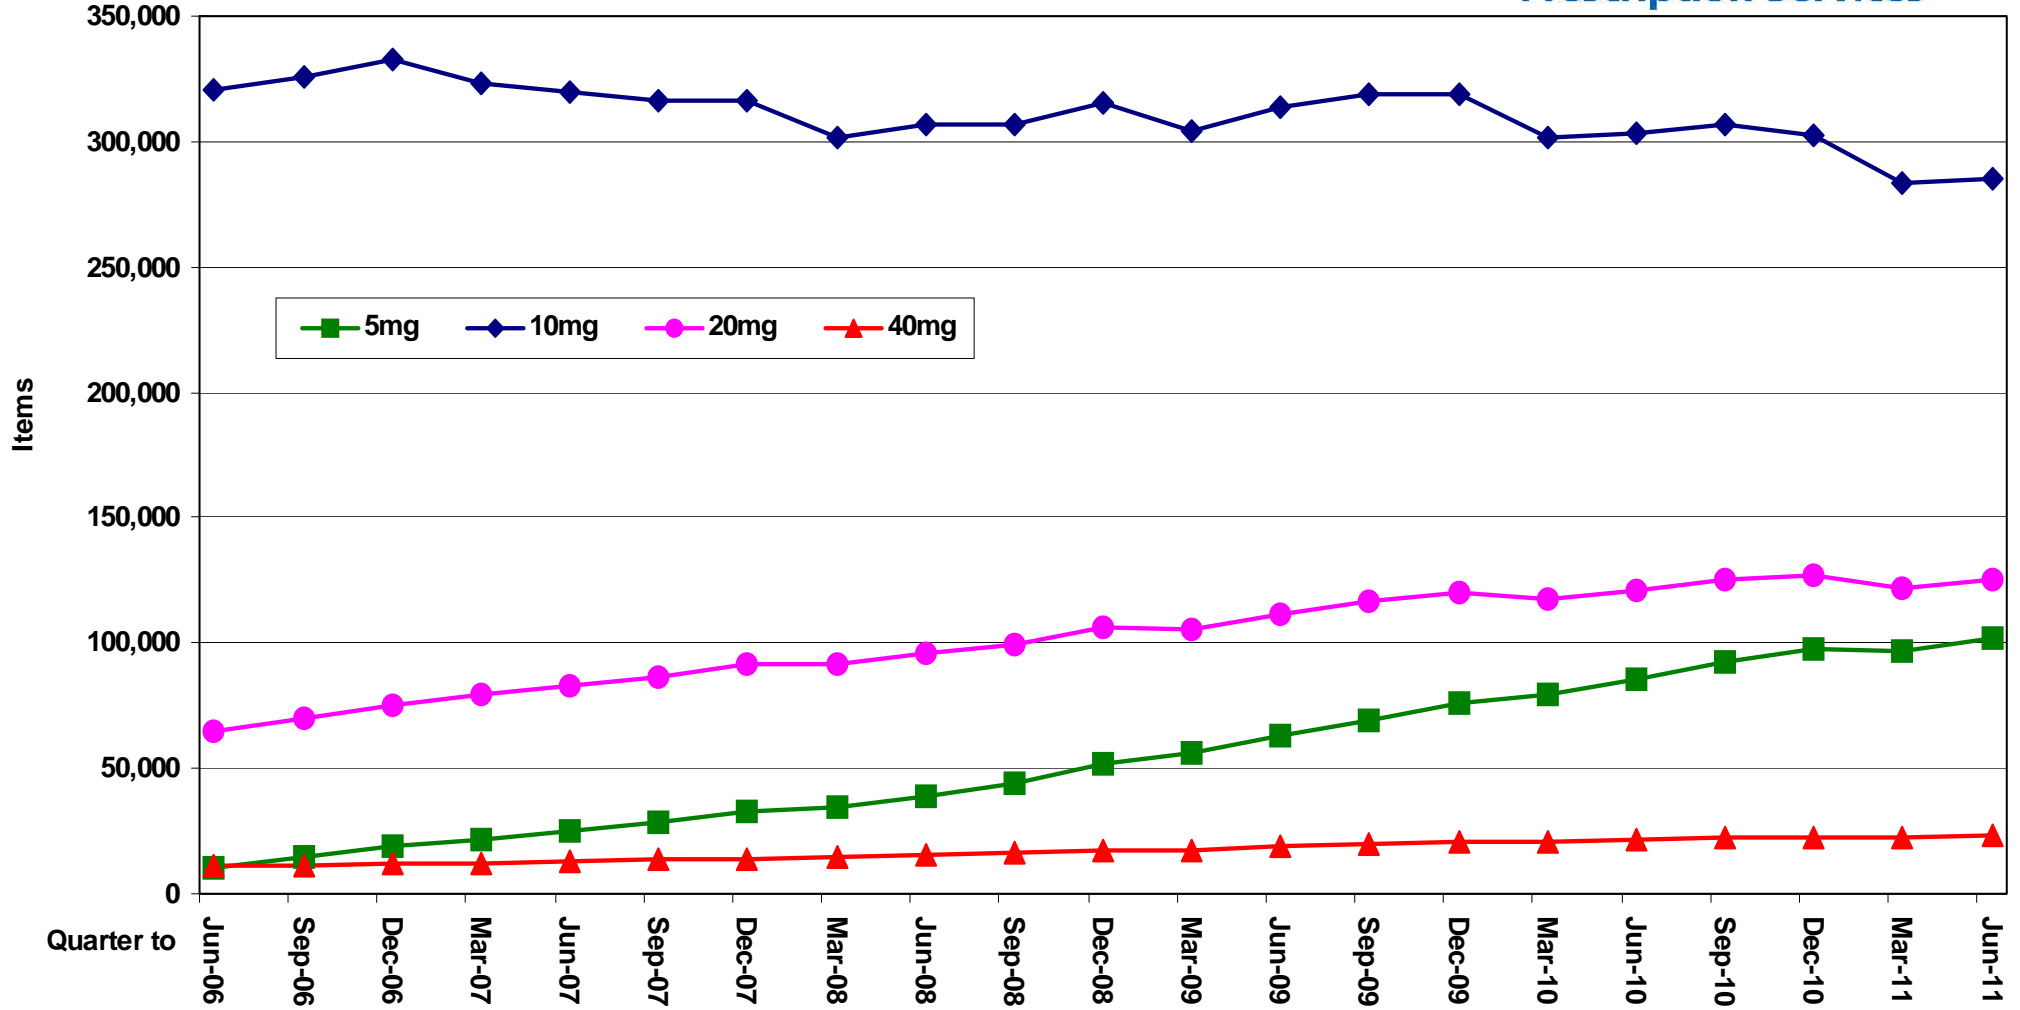

## Prescription Services

# Trends in Prescribing of Rosuvastatin Tablets by Strength in General Practice in England

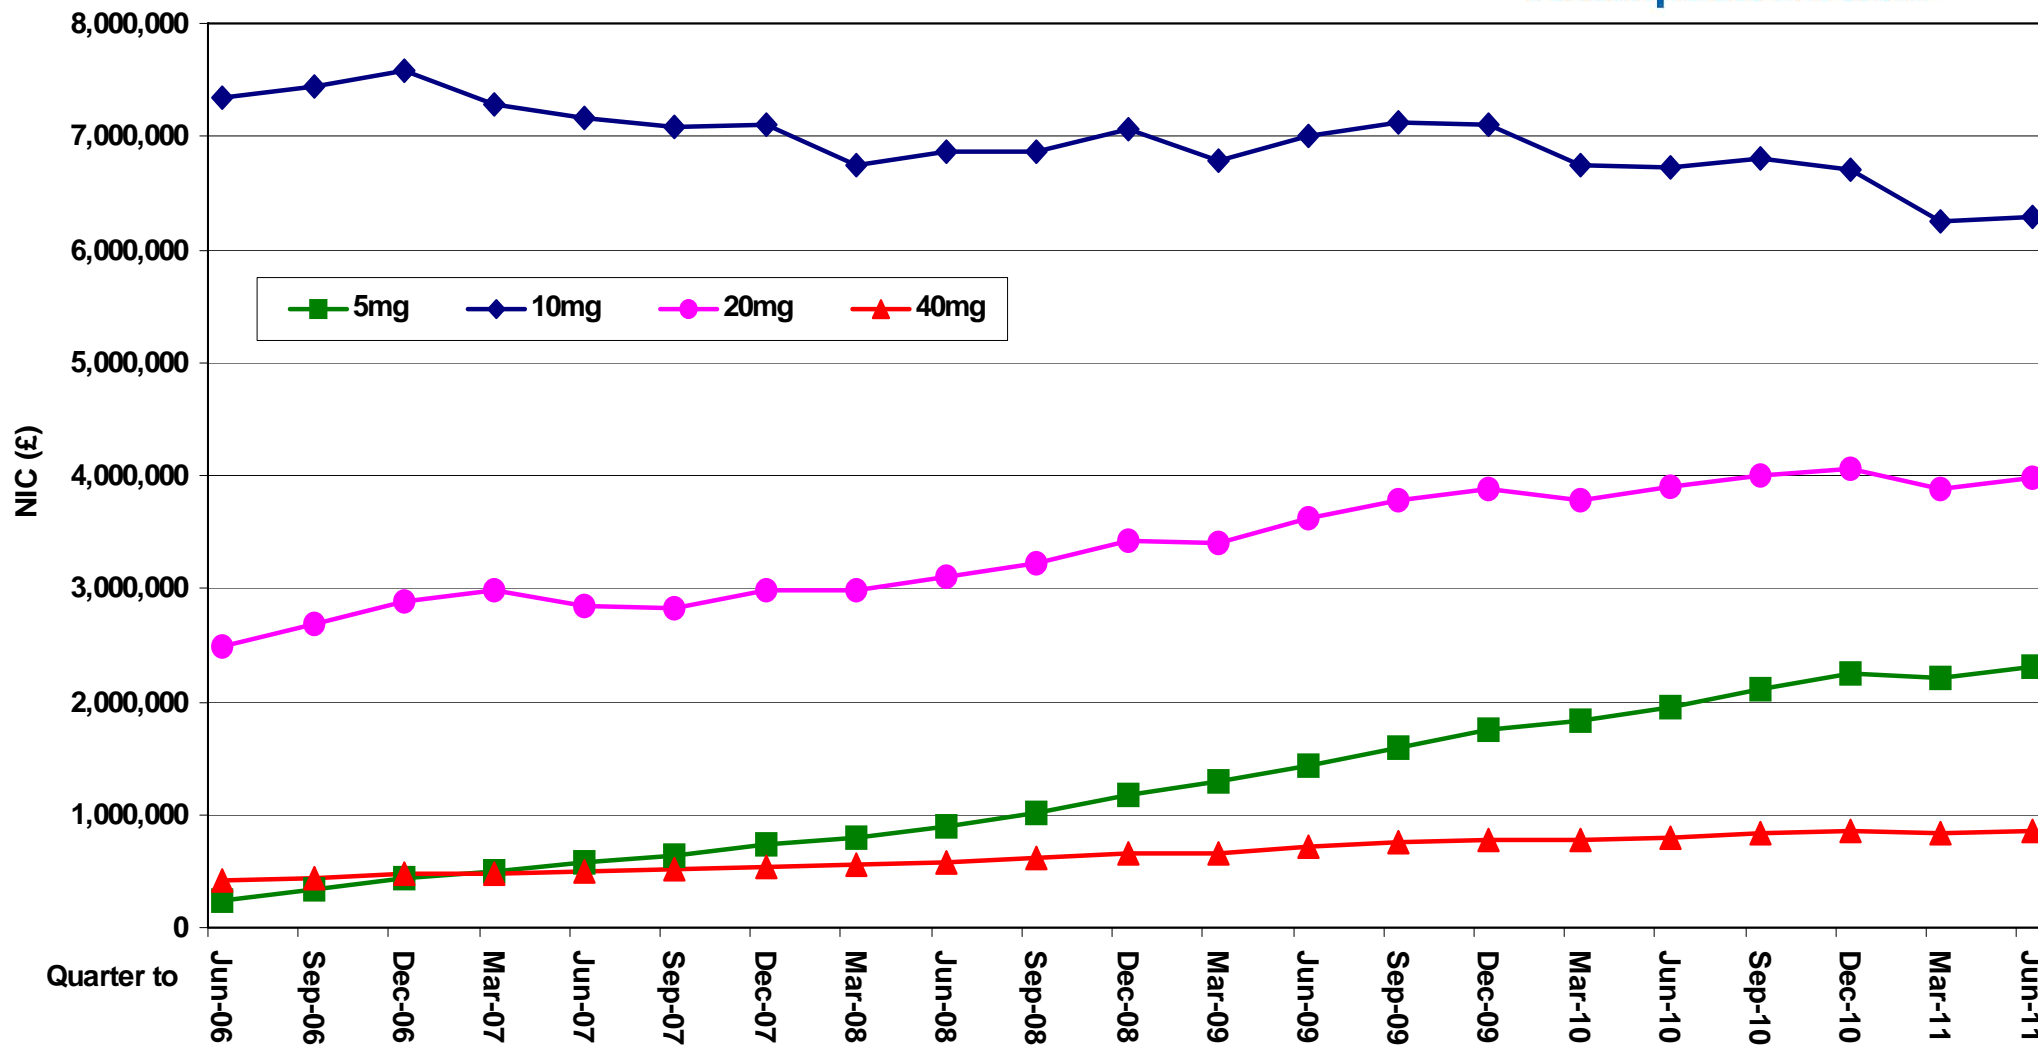

Prescription Services

# Trends in Spending on Rosuvastatin Tablets by Strength in General Practice in England

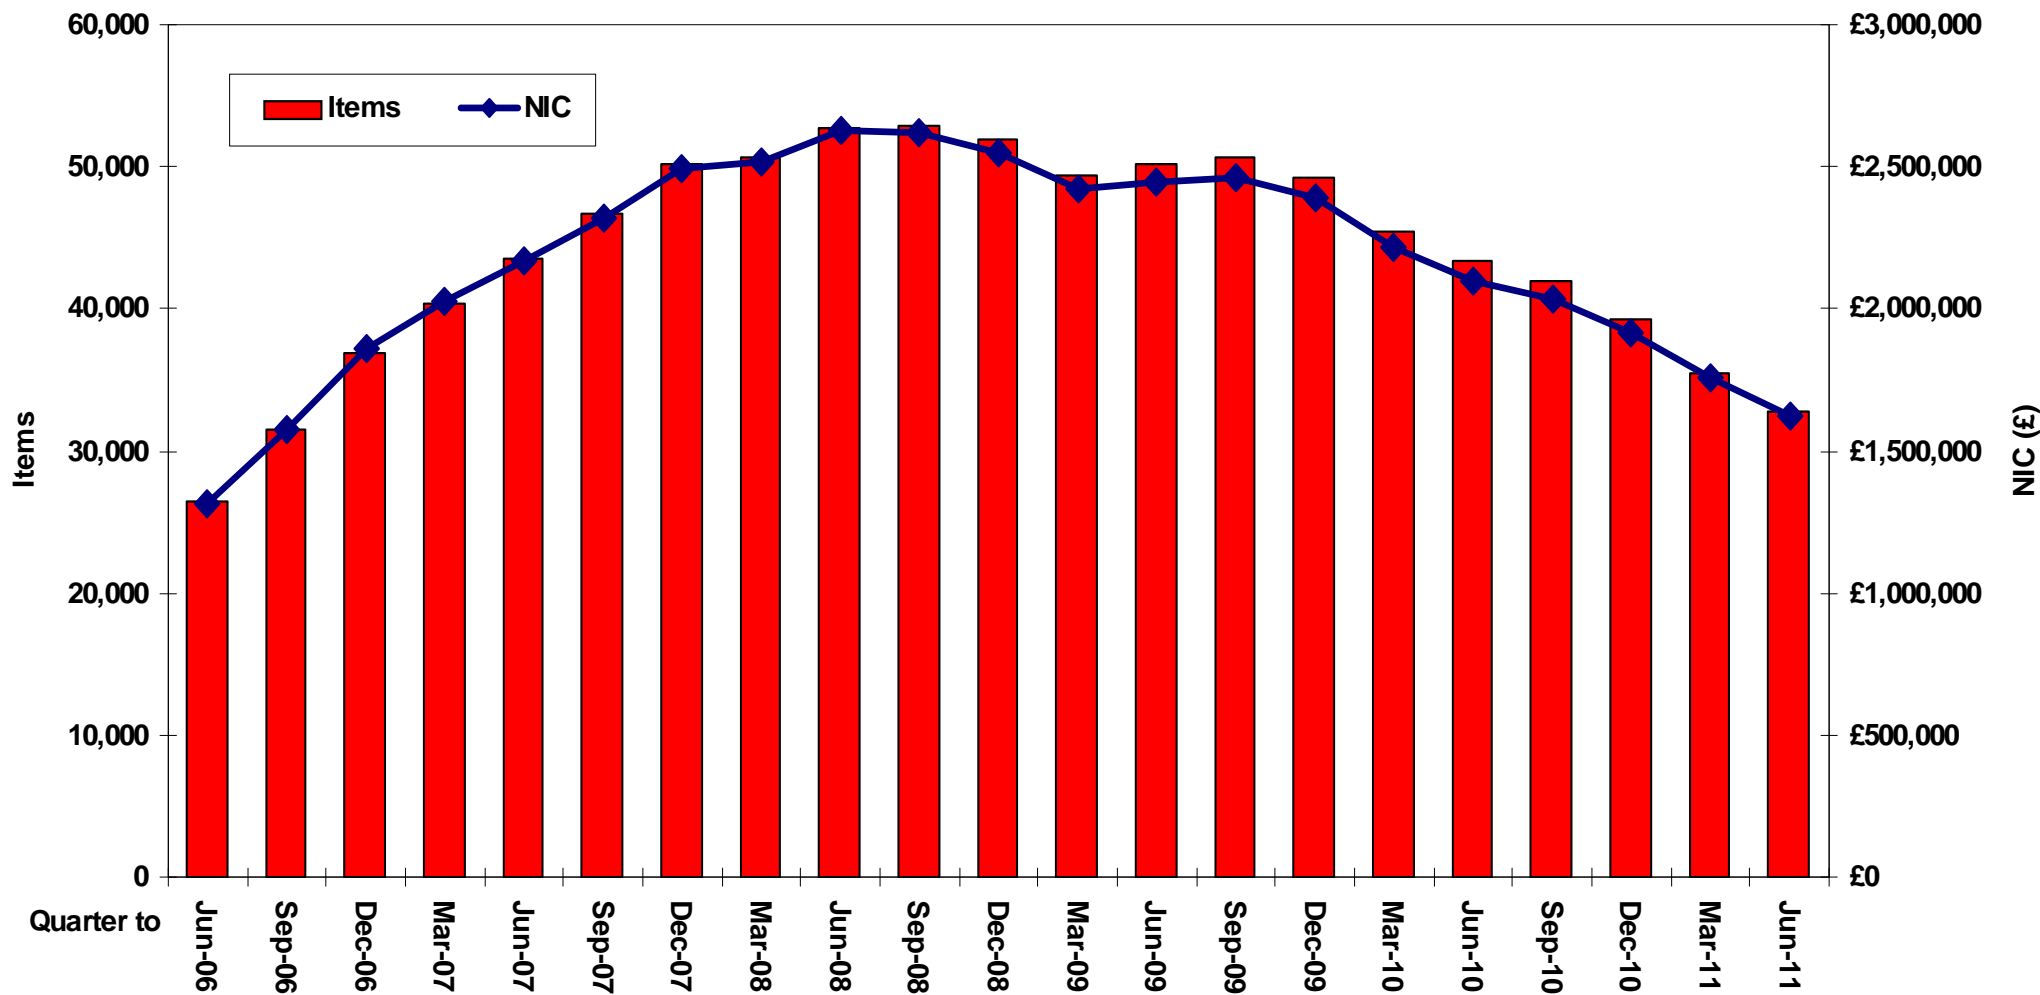

Prescription Services

# Trends in Prescribing of and Spending on Inegy® in General Practice in England

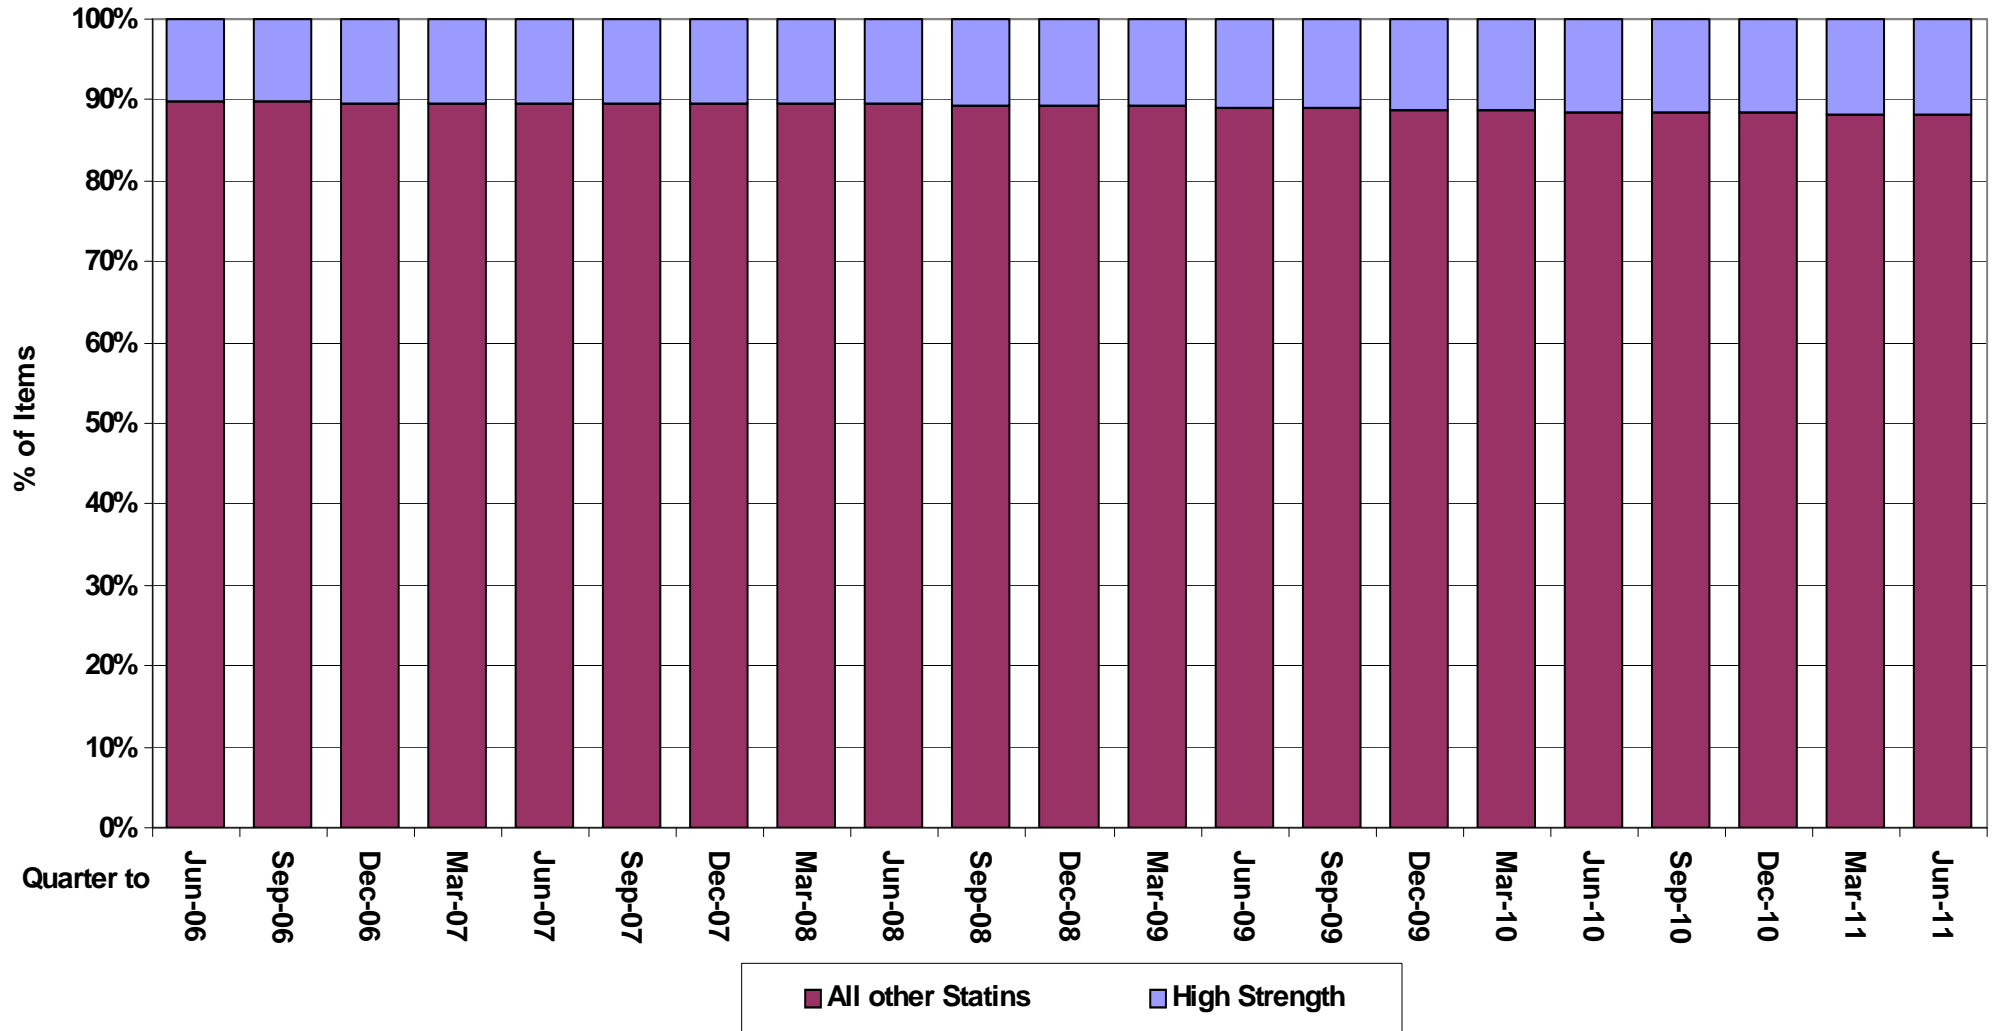

## Prescription Services

**% of Prescribing of High Strength Statins (Atorvastatin 40mg / 80mg, Rosuvastatin 20mg / 40mg, Simvastatin 80mg and Inegy®) vs All Other Statins in General Practice in England**

Prescription Services

**% of Spending on High Strength Statins (Atorvastatin 40mg / 80mg, Rosuvastatin 20mg / 40mg, Simvastatin 80mg and Inegy®) vs All Other Statins in General Practice in England**
