1	Copy application to another listing within an organisation	<p>We've introduced the ability to move an applicant to another listing within the same organisation.</p> <p>Employers should gain consent from the applicant offline before moving their application.</p> <p>Applicants must then consent to the move by accepting or rejecting the request when it appears on their dashboard.</p>	Give employers the flexibility to move applicants to another listing that they feel the candidate is more suitable for.
2	Add an offline applicant	<p>Employers can now add an applicant to a job listing after a vacancy has closed.</p> <p>Applicants will receive notification that they've been added to a listing and will be able to complete and submit it from their dashboard.</p>	Employers will be able to add suitable applicants that have missed the close date.
3	Revisit vacancy view on mobile	We've made improvements to viewing NHS Jobs on a mobile device.	Optimised screens will enable a better experience for users.
