

Do you want to save time and money for your NHS?

What is Electronic Prescription Service (EPS)?

The EPS is a free and easy secure service, which sends your prescription electronically from your **doctor's surgery** to your chosen **pharmacy**.

EPS is replacing the need for most paper prescriptions, working towards a paper free NHS.

What are the benefits for you and your NHS of using EPS?

Save your NHS millions of pounds each year.

Free and easy, saving you time.

Reliable, secure and confidential.

Save the environment - go paper free.

How to sign up

Act now, sign up by speaking to your **pharmacist or your GP surgery** - it's that easy.
