CATHETERS, URINARY, URETHRAL

- Catheter sizes are designated by the Charrière (Ch) gauge system - even numbers only. (The equivalent metric sizes for Charrière gauges 6-30 are 2.0mm-10.0mm, rising in 0.66mm). Where size is not stated by the prescriber, size 14 or 16 should be supplied.
- If a balloon size is not stated by the prescriber when ordering a Foley catheter, a 10ml balloon catheter should be supplied - a 5ml balloon in the case of a paediatric catheter.
- Where the brand is not stated by the prescriber, the basic price of each listed catheter Basic Price p supplied must not exceed:

Nélaton (Male)	42
Nélaton (Female)	38
Nélaton (Paediatric)	38
Foley (Male) short/medium term	216
Foley (Female) short/medium term	216
Foley (Paediatric) short/medium term	447
Foley (Male) long term	429△
Foley (Female) long term	429▽
Foley (Paediatric) long term	450

Where the specification of the Foley Catheter is not specified by the prescriber and not endorsed as short/medium or long term the dispenser will be paid no more than the lowest basic price listed which is currently 216p.

- 5-units of plastic catheters, for example, represents on average one month's supply for patients practising intermittent catheterisation.
- For names and addresses of suppliers see pages 502-503
- The rate of use of single use Nélaton catheters is approximately between 6 and 45 times greater than reusable Nélaton catheters for patients practising intermittent catheterisation.

INCONTINENCE APPLIANCES

INCONTINENCE APPLIANCES

1. Prescribers and suppliers should note that products not included in the list are not prescribable (See Part 1 Clause 2). Attention is drawn particularly to the information on the average life-in-use of each type of product which, together with the pack size, should enable prescribers to calculate their patients' requirements with reasonable accuracy.
2. Only basic information on each product has been provided and prescribers may on occasions wish to seek further information about certain products eg when assessing a patient for the first time. If so, this is always available from the manufacturers (addresses and telephone numbers are given at the end of the entry). Information may also be sought from community nurses and community pharmacists. Where possible manufacturers/suppliers' order code numbers have been shown but prescribers should note that the order numbers shown are not necessarily the full codes for the appliances they wish to order. This is particularly true of urinal systems where additional code numbers are usually necessary to denote variations from the basic design and individual sizes.
3. Prescribers are reminded that incontinence pads (including products not necessarily described as such but using the absorption principle), incontinence garments, skin wipes and occlusive devices such as female vaginal devices and male penile clamps are not prescribable under the Drug Tariff provisions.

All products in Part IXB receive a home delivery fee of 340p.

LEG BAGS

The leg bags listed are suitable for collection of urine from indwelling catheters or incontinence sheaths. They are intended for daytime use although the larger bags may have adequate capacity for overnight use by some patients. The bags may be worn in different positions on the leg and the intended position (eg thigh, knee or calf) will determine the length of the inlet tube. The bags are attached to the leg by means of straps (included with each pack) which are generally either latex or foam with velcro fasteners.

Note: Plastic leg bags identified in the list with an asterisk* may on average be used for 5-7 days. With proper care and cleansing rubber leg bags are re-usable for 4-6 months.

Symbols used in this section

S These leg bags are supplied sterile. This does not affect the guidance given in the note at the beginning.

* Plastics

W Due to the size and weight of these bags when full, this capacity of bag should be prescribed only for wheelchair-bound patients.

All products in this category must be dispensed with a supply of wipes and disposal bags.
