1. Introduction

1.1 The Secretary of State for Health makes the following Directions set out in this Statement of Financial Entitlements (“SFE”) in exercise of the powers conferred by section 109(4), 272(7) and (8) and 273(1) of the National Health Service Act 2006 (“the 2006 Act”)^a.

1.2 These Directions may be cited as the Personal Dental Services Statement of Financial Entitlements 2013 and are referred to in the following Sections as this SFE. This SFE relates to the payments to be made by the National Health Service Commissioning Board^b to a contractor under a personal dental services agreement. .

1.3 The directions set out in this SFE are subordinate legislation for the purposes of section 23 of the Interpretation Act 1978, and accordingly, in this SFE, unless the context otherwise requires—

- (a) words or expressions used both here and in the 2006 Act bear the meaning they bear in the 2006 Act;
- (b) references to legislation (i.e. Acts and subordinate legislation) are to that legislation as amended, extended or applied, from time to time;
- (c) words importing the masculine gender include the feminine gender, and *vice versa* (and words importing the neuter gender also include the masculine and feminine gender); and
- (d) words in the singular include the plural, and *vice versa*.

1.4 This SFE is divided into Parts, Sections, paragraphs, sub-paragraphs and heads. A Glossary of some of the words and expressions used in this SFE is provided in Section 12. Words and expressions defined in that Section are often highlighted by initial capital letters.

1.5 At various points in this SFE, reference is made to a dental practitioner being “employed or engaged” by a contractor. In this SFE, “employed or engaged”, in relation to a dental practitioner’s relationship with a contractor (or a pilot scheme provider etc.) includes, in addition to dental practitioners who have a contract of service or for services with the contractor—

- (a) a dental practitioner who is the contractor;
- (b) a dental practitioner who is a partner in a partnership and that partnership is the contractor; and

^a 2006 c.41. By virtue of section 271(1) of the National Health Service Act 2006 (“the 2006 Act”), the powers conferred by these sections are exercisable by the Secretary of State only in relation to England. Section 109 is amended by section 55 of, and paragraph 50 of Schedule 4 to, the Health and Social Care Act 2013 (c.7) (“the 2012 Act”).

^b The National Health Service Commissioning Board is established by section 1H of the 2006 Act. Section 1H is inserted by section 9(1) of the 2012 Act.

- (c) a dental practitioner who is a director, chief executive or secretary of a dental corporation where that dental corporation is the contractor.

Commencement and application

1.6 This SFE is authorised to be given, and by an instrument in writing, on behalf of the Secretary of State for Health, by a member of the Senior Civil Service, on 28th March 2013, and comes into force on 1st April 2013.

1.7 The directions in this SFE are given to the National Health Service Commissioning Board, and apply in relation to England only.

1.8 This SFE may be revised at any time, in certain circumstances with retrospective effect^a.

Signed by authority of the Secretary of State for Health

Elizabeth Lynam

Department of Health

PART 1

ANNUAL AGREEMENT VALUES

2. Negotiated Annual Agreement Values

2.1 Payments under a PDS agreement in respect of the agreed services specified in the agreement are to be based on a Negotiated Annual Agreement Value (NAAV).

2.2 Each PDS agreement must, by virtue of regulation 12 (agreements: general) of the PDS Agreements Regulations, specify the services to be provided by the contractor under the PDS agreement. For the most part, the arrangements for remuneration in respect of those services are to be determined locally.

2.3 However, a degree of standardisation is necessary in order to achieve certain objectives, which include having standard arrangements for the following–

- (a) making deductions in respect of NHS charges, employees' superannuation contributions and Local Dental Committee (LDC) levies. The standard arrangements for making the payments that are to be the subject of the aforementioned deductions are set out in this Part; and
- (b) making seniority payments, parental leave payments, sickness leave payments and foundation training payments, and reimbursement of business rates. These are covered in Part 2.

Nomination of the first Negotiated Annual Agreement Value

2.4 The contractor and the Board must agree the arrangements for the remuneration of all the services provided under the agreement. Typically, these remuneration arrangements are likely to include a basic payment in respect of a majority of, if not all, the services that the contractor is required to provide. Such a payment is likely, for example, to cover remuneration in respect of any units of dental or orthodontic activity that the contractor is required to provide.

2.5 The contractor and the Board must agree to nominate a particular payment or aggregate of payments to be the Negotiated Annual Agreement Value (NAAV) for the PDS agreement for the financial year in which the PDS agreement first takes effect for payment purposes. That payment or aggregate of payments must be of sufficient size to bear the likely deductions of NHS charges, employees' superannuation contributions and LDC levies under this Part in that financial year.

2.6 If the payment, or any of the payments in the aggregate of payments, only relates to part of that financial year – for example, because the PDS agreement takes effect for payment purposes after the start of the financial year, or is due to end before the end of the financial year – the part year payment or payments are to be annualised. The annualised amount of the nominated payment or aggregate of payments is to be the first NAAV for the contractor's PDS agreement.

New NAAVs where a PDS agreement is revised

2.7 If the services, or service levels, that a contractor is required to provide under its PDS agreement is revised (for example, if the number of units of dental or orthodontic activity that the contractor is required to provide is revised), a new NAAV will have to be established for that contractor. If the variation takes effect during the financial year, the new NAAV for that agreement must be an annualised amount for calculation purposes, even though only a proportion of that annualised amount will in fact be payable for the remaining part year.

Annual uprating of NAAVs

2.8 If–

- (a) at the start of a new financial year, a contractor was in receipt of Monthly AAVPs in respect of the last month of the previous financial year; and
- (b) the contractor will continue to be under an obligation to provide the same services, at the same levels, in the new financial year as it had in the previous financial year,

the amount of its NAAV for the new financial year is to be up-rated by a percentage amount determined by the Secretary of State.

2.9 The percentage determined by the Secretary of State for the financial year commencing on 1st April 2013 is 1.5%.

2.10 It is intended that at the start of each financial year this SFE will be amended so as to include that percentage increase. In practice, these adjustments will be factored into Monthly AAVPs by the NHS BSA on a national basis. The Board must not itself, therefore, adjust the amounts that it has loaded into the NHS BSA's computerised payment systems by these adjustments.

3. Payment of Monthly Annual Agreement Value Payments

3.1 At any point, there should be in respect of each PDS agreement a NAAV, determined in accordance with Section 3, or for PDS agreements already in place prior to this SFE coming into effect, a NAAV determined in accordance with the SFE that was operative at the first time that the contract value was negotiated between the parties to the agreement. This, in all cases, is to be an annual (or annualised) amount, and is to provide the basis for the calculation of the Monthly AAVPs payable under the agreement. This NAAV is known as the Actual Annual Agreement Value (AAAV) of that agreement at that point.

Initial value of Monthly AAVPs

3.2 The first initial value of a contractor's Monthly AAVPs is to be determined for the date on which its PDS agreement takes effect for payment purposes. Once the contractor's AAV has been established, that amount is to be divided by twelve, and subject to paragraph 3.3, the result is the first initial value of the contractor's Monthly AAVPs.

3.3 If the contractor's PDS agreement took effect for payment purposes other than on the first day of a month, the initial value of its Monthly AAVPs in respect of the first part-month of its agreement is to be produced by dividing—

- (a) the number of days during the month for which the agreement has effect for payment purposes; by
- (b) the total number of days in that month.

3.4 That initial value (expressed as a monthly value, in cases where an agreement took effect for payment purposes other than on the first day of the month) will remain the basis for the calculation of the net value of the contractor's Monthly AAVPs, until that initial value is next revised.

Revision of the initial value of Monthly AAVPs

3.5 The initial value of a contractor's Monthly AAVPs will have to be revised where, for any reason, its AAV is revised (for example, to take account of annual uprating or where the contractor's specified number of units of dental or orthodontic activity is changed).

3.6 If the contractor's AAV is revised for the start of a month, the new initial value of its Monthly AAVPs (until its NAAV is next revised) is its new NAAV divided by twelve. If its AAV changes during a month, the initial value of its Monthly AAVPs (until its AAV is next revised again) is—

- (a) for the month after the month during which its NAAV changed, its AAV divided by 12; or
- (b) for the month during which its AAV changed, the aggregate of the following amounts—
 - (i) the amount produced by dividing the number of days during the month before the change by the total number of days in that month, and multiplying that fraction by the old initial value of the contractor's Monthly AAVPs, plus
 - (ii) the amount produced by dividing the number of days during the month for which the contractor had a new AAV by the total number of days in that month, and multiplying that fraction by the new initial value of the contractor's Monthly AAVPs.

3.7 Once the initial value of a contractor's Monthly AAVPs has been established for any particular month, the Board must go on to establish the net value of the contractor's Monthly AAVPs, which is the amount actually to be paid.

Deductions in respect of NHS charges

3.8 Patients in receipt of relevant dental treatment have to pay charges in respect of that treatment under the NHS Charges Regulations, unless they are exempt from paying the charge by virtue of either 177 of the 2006 Act^a or the NHS Charges Regulations. Charges are recoverable under those Regulations in respect of specified types of treatment.

3.9 It is the contractor who collects the NHS charges from those patients. Furthermore, in accordance with its agreement term set by virtue of paragraph 39 (notification of a course of treatment, orthodontic course of treatment) of Schedule 3 to the PDS Agreements Regulations, the contractor is required to make returns of information to the Board within specified time periods about the courses of NHS treatment it provides, and in those returns it has to provide information about whether an NHS charge was payable in respect of that treatment.

3.10 The Board must set the particular date each month by which these returns of information must be made by the contractor. This date is known as the "scheduling date".

3.11 Using the paragraph 39 returns which have been submitted by the contractor since the scheduling date in the previous month, the Board will make a determination of the amount to be deducted that month in respect of NHS charges. These NHS charges should have been collected by the contractor in respect of treatment that has counted or will count towards the volume of activity that the contractor is to provide under its PDS agreement.

3.12 The Monthly AAVP value produced after that deduction has been made is, subject to paragraph 3.13, the gross value of the contractor's Monthly AAVPs for that month (i.e. the value before the deduction of employee's superannuation contributions).

Deductions in respect of overpayments etc.

3.13 Deductions may need to be made to the amount determined in accordance with paragraph 3.11 under the administrative provisions in Section 11 of this SFE, to take account of matters such as overpayments. In accounting terms, these deductions may alter the gross value of the Monthly AAVP in question or the gross value of another payment, but either way they will alter the net value of the Monthly AAVP in question.

Deductions in respect of LDC levies

^a Section 177 is amended by section 55(1) of, and paragraph 95 of Schedule 4 to, the 2012 Act.

3.14 The Board may have recognised a LDC for an area, pursuant to section 113 of the 2006 Act^a. Where it has done so, a performer of services under a PDS agreement may have notified the Board that the performer wishes to be represented by that committee. In these circumstances, the performer's contractor may also have agreed with the Board that the levy that the performer is due to pay in respect of that representation, pursuant to directions of the committee under section 113(11) of the 2006 Act, will be deducted by the Board from the contractor's Monthly AAVPs. Where such an agreement has been reached, the levy in respect of that performer is to be so deducted^b.

Deductions in respect of employee's superannuation contributions

3.15 The Dentist Performers who are employed or engaged by the contractor are likely to be members of either the NHS Pension Scheme 1995^c or the NHS Pension Scheme 2008^d, and their Employing Authority for the purposes of the Schemes will, for present purposes, be the Board (they may have employment in another context which also entitles them to an NHS Pension Scheme pension, but the pensionable earnings derived from that employment should be superannuated elsewhere). Unless they are Foundation Trainees, the Dentist Performers' Pensionable Earnings to be derived from that contractor's PDS agreement in each financial year will be limited to a specified percentage of the value of that agreement for that financial year, net of any parental leave payments, sickness leave payments, Foundation Trainee salary and national insurance reimbursement payments, non-domestic rates reimbursement payments or Monthly Seniority Payments payable under that agreement^e. Foundation Trainee's salaries (net of any bonus, expenses or overtime payments) are fully pensionable.

3.16 The Board will need to make all the deductions in respect of employees' superannuation contributions (including Money Purchase Additional Voluntary Contributions (MPAVCs)) that are payable in respect of the Dentist Performers' Pensionable Earnings that derive from each PDS agreement that it holds.

3.17 Accordingly, the Board must deduct those contributions from the contractor's Monthly AAVPs (or, in the case of Foundation Trainee's employee's superannuation contributions, from their salary reimbursement payments). The process of calculating and making all these deductions is explained in Section 4. If it is an Employing Authority for any Dentist Performer employed or engaged by the contractor, it may also deduct from the contractor's Monthly AAVPs any employee's superannuation contributions (including Money Purchase Additional Voluntary Contributions (MPAVCs)) that the Dentist Performer owes but which have not been superannuated elsewhere, provided that the Board has taken reasonable steps to satisfy itself that no other arrangements have been made to pay those contributions.

^a Section 113 is amended by section 51 of, and paragraph 53 of Schedule 4 to, the 2012 Act.

^b In practice, the levy will then be remitted to the LDC by the NHS BSA.

^c S.I. 1995/300, as amended

^d S.I. 2008/653, as amended.

^e It is anticipated that the percentage that the Secretary of State will determine, in accordance with paragraph 3(2B)(b) of Schedule 2 to the NHS Pension Scheme Regulations 1995 1995 or regulation 3.A.7(4) of the NHS Pensions Scheme Regulation 2008, as the percentage for the financial year 2009 to 2010 will be 43.9% Accordingly, 56.1% of the value of the agreement, less the specified deductions, is deemed to be spent on practice expenses.

Net value of the contractor's first Monthly AAVPs

3.18 The gross value of a contractor's Monthly AAVPs, minus any necessary deductions as mentioned in paragraphs 3.8 to 3.17, and minus any voluntary deductions (such as contributions to the British Dental Guild^a) which the contractor has asked to be made, is the net value of the contractor's first Monthly AAVPs. That amount is the amount actually to be paid. It becomes payable on the contractor's Monthly Payment Date, which is the first working day of the month after the month to which the Monthly AAVP relates.

Conditions attached to Monthly AAVPs

3.19 Monthly AAVPs, or any part of such payments, are only payable if the contractor satisfies the following conditions–

- (a) the contractor must make available any information which the Board does not have but needs (including the returns required by virtue of paragraph 39 (notification of a course of treatment, orthodontic course of treatment) of Schedule 3 to the PDS Agreements Regulations), and which the contractor either has or could reasonably be expected to obtain, in order to calculate the contractor's Monthly AAVPs;
- (b) the contractor must make available to the Board a reasonable estimate of the net monthly Pensionable Earnings (i.e. net of any Pensionable Earnings that are attributable to any Monthly Seniority Payment) of each Dentist Performer who is employed or engaged by it, and must notify the Board of any appropriate changes to that estimate; and
- (c) all information supplied pursuant to or in accordance with this paragraph must be accurate.

3.20 If the contractor breaches any condition of its Monthly AAVPs that is set out in this SFE (including the conditions that are set out in paragraph 3.19), the Board may, in appropriate circumstances, withhold payment of all or any part of a Monthly AAVP that is otherwise payable.

Monthly Payment Schedule

3.21 On the due date for Monthly AAVPs, or as soon as reasonably practicable thereafter, the Board must send to the contractor a Monthly Payment Schedule which must include (but not be limited to)–

- (a) the contractor's AAV; and
- (b) the amount of the initial value of the contractor's Monthly AAVPs, prior to any permitted deductions;

^a British Dental Guild contributions will be apportioned and remitted by the NHS BSA, as required.

- (c) the amount of permitted deductions, which must be specified in two parts–
 - (i) the amount of the NHS charges that the Board has determined, in accordance with paragraph 3.11, that the contractor should have collected in respect of treatment that has counted or will count towards the volume of activity that the contractor is to provide under its PDS agreement, and
 - (ii) the amount of any other deductions that need to be made to the Monthly AAVPs under the agreement or pursuant to this SFE (for example, the deductions mentioned in paragraphs 3.13 to 3.17), together with the reason for any such deduction;
- (d) the amount of the Monthly AAVP following the permitted deductions;
- (e) any other payments payable to the contractor pursuant to these Directions on that due date, including where relevant an indication that a particular payment is made in respect of a named Dentist Performer; and
- (f) the estimated net monthly Pensionable Earnings of each Dentist Performer who performs services under the agreement, i.e. net of any Pensionable Earnings that are attributable to any Monthly Seniority Payment.

3.22 In practice, in accordance with entry (c) in Column 2 that corresponds with entry 3 in Column 1 of the Schedule to the Functions Regulations, the Monthly Payment Schedule will be sent to the contractor by the NHS BSA, who will also need to send a copy to the Board (entry (a) of Column 3 that corresponds to entry 3 in Column 1 of the Schedule to the Functions Regulations).

Annual Reconciliation Report

3.23 The Board must, by 30th June in each financial year, send the contractor an Annual Reconciliation Report, whether as part of the annual report and review required by paragraph 39 (notification of a course of treatment, orthodontic course of treatment etc,) of Schedule 3 to the PDS Agreements Regulations or otherwise, which must include (but not be limited to), in respect of the previous financial year–

- (a) the total value of the contractor’s PDS agreement, net of–
 - (i) any payments in respect of parental or sickness leave or any Monthly Seniority Payments (these are payments that are pensionable but not included in the calculation of the PDS agreement’s Pensionable Earnings Ceiling), and
 - (ii) any Foundation Trainee salary payments, Foundation Trainee national insurance reimbursement payments, or non-domestic rates reimbursement payments (these are payments that are

neither pensionable nor included in the calculation of the PDS agreement's Pensionable Earnings Ceiling);

- (b) the total of the initial values of the contractor's Monthly AAVPs;
- (c) the total value of the deductions made to Monthly AAVPs paid to the contractor, which must be specified in two parts—
 - (i) the total amount of the NHS charges deducted, and
 - (ii) the total amount of any other deductions made under the agreement or pursuant to this SFE;
- (d) the estimated Pensionable Earnings of each Dentist Performer who performed services under its PDS agreement, net of any Pensionable Earnings that are attributable to any Monthly Seniority Payment paid in respect of the Dentist Performer;
- (e) the number of units of dental activity or orthodontic activity the contractor—
 - (i) was contracted to provide,
 - (ii) actually provided based on the data submitted to the Board by the contractor, in accordance with its contract condition et by virtue of paragraph 39 (notification of a course of treatment, orthodontic course of treatment etc.) of Schedule 3 to the PDS Regulations, and
 - (iii) where relevant, the number of units of dental activity or orthodontic activity that the contractor was contracted to provide but did not provide; and
- (f) the number of courses of treatment involving sedation services or domiciliary services in respect of which Monthly ADSSPs have been made under section 5.

3.24 The Annual Reconciliation Report will draw on an annual reconciliation statement about the payments under the PDS agreement sent by the NHS BSA to the Board pursuant to entry (b) in column 3 that corresponds to entry 3 in column 1 of the Schedule to the Functions Regulations.

4. Superannuation contributions

4.1 The arrangements whereby certain dental pilot scheme employees, other than dental practitioners, were able to be members of the NHS Pension Scheme ceased with the abolition of dental pilot schemes as from 1st April 2006.

Employer's superannuation contributions of Dentist Performers

4.2 However, under the NHS Pension Scheme Regulations 1995^a, and the New NHS Pensions Scheme Regulations^b the Board will continue to be liable for paying the employer's superannuation contributions in respect of the Pensionable Earnings of dental practitioners who are employed or engaged by a contractor, who are members of the Scheme and who are–

- (a) type 1 dental practitioners (that is, Dentist Performers, other than Foundation Trainees); or
- (b) type 2 dental practitioners (that is, Foundation Trainees),

as their Employing Authority.

4.3 In practice, by virtue of entry (d) in column 2 that corresponds to entry 26 in column 1, and entry (d) in column 2 that corresponds with entry 28, of the Schedule to the Functions Regulations, one part of the NHS BSA (the part that is acting, in effect, as agent of the Board), will be responsible for forwarding to another part of the NHS BSA (the part that acts as the Pension Scheme administrator) the employer's superannuation contributions that the Board owes in respect of these type 1 and type 2 dental practitioners. The Department of Health will–

- (a) make available to the part of the NHS BSA that is acting, in effect, as agent of the Board in this matter the resources that it needs for forwarding these contributions; and
- (b) deduct from its allocations to the Board amounts equal to the Board's liabilities that have been thus discharged.

Employee's superannuation contributions and Money Purchase Additional Voluntary Contributions of Dentist Performers

4.4 As regards the employee superannuation contributions, and any MPAVCs, the following arrangements will apply–

- (a) in the case of Foundation Trainees, although the contractor that employs the Foundation Trainee is legally responsible for ensuring that the Foundation Trainee's employee superannuation contributions are deducted from the Foundation Trainee's salary, in practice, these contributions will be deducted by the NHS BSA (i.e. the part of it acting, in effect, as the agent of the Board) from the reimbursement of salary payment under paragraph 7.5(b). It will then remit these employee superannuation contributions to the part of the NHS BSA that acts as the Pension Scheme administrator;
- (b) in the case of type 1 dental practitioner members of the Scheme–

^a S.I. 1995/300, as amended.

^b S.I. 2008/653, as amended.

- (i) their employee superannuation contributions in respect of their Pensionable Earnings will have to be deducted by the Board from the contractor's Monthly AAVPs; and
- (ii) any MPAVCs will have to be deducted by the Board from the contractor's Monthly AAVPs.

4.5 In practice, the making of the deductions referred to in paragraph 4.4(b) will generally be undertaken by the NHS BSA, which has been given the power to make these deductions by virtue of entries (a) in column 2 which correspond to entries 26, 28 and 30 in column 1 of the Schedule to the Functions Regulations (although the Board remains ultimately responsible for the calculation of the deductions and ensuring that the deductions that are made are correct). These deductions are to be made in two stages.

Monthly deductions in respect of employee's superannuation contributions of Dentist Performers who are not Foundation Trainees

4.6 First, as is stated in paragraphs 3.15 to 3.17 above, deductions in respect of type 1 dental practitioners will need to be made each month from the contractor's Monthly AAVPs. These deductions are to be based on a reasonable estimate of the monthly proportion of the annual liability of each type 1 dental practitioner employed or engaged by the contractor in respect of–

- (a) the employee's superannuation contributions payable to the part of the NHS BSA that acts as the Pension Scheme administrator; and
- (b) any MPAVCs payable to an MPAVCs Provider.

4.7 The Board must take all reasonable steps to agree the amount of the deductions with the contractor and must, where requested to do so by the contractor, duly justify the amount of the monthly deductions. It must keep those amounts under review, to take account of significant changes to the contractor's income.

4.8 An amount equal to the monthly amount that the NHS BSA, acting in effect as agent of the Board in this matter, deducts must be remitted to the part of the NHS BSA that acts as the Pension Scheme administrator, and to any relevant MPAVCs Provider, no later than–

- (a) in the case of employees' superannuation contributions–
 - (i) if the contractor's Monthly Payment Date is the first working day of the month, the nineteenth day of the month after the month to which the related earnings relate, or
 - (ii) if the contractor's Monthly Payment Date is any other date, the nineteenth day after the Monthly Payment Date on which the earnings to which the contributions relate were paid; and

- (b) in the case of MPAVCs, the seventh day after the payment from which they were deducted was paid.

End-year adjustments

4.9 After the end of any financial year, it should be possible for the Board to determine the value of the contractor's PDS agreement, net of –

- (a) any payments in respect of parental or sickness leave or any Monthly Seniority Payments (these are payments that are pensionable but not included in the calculation of the PDS agreement's Pensionable Earnings Ceiling); and
- (b) any Foundation Trainee salary payments, reimbursement of Foundation Trainee national insurance reimbursement payments, or non-domestic rates reimbursement payments (these are payments that are neither pensionable nor included in the calculation of the PDS agreement's Pensionable Earnings Ceiling).

4.10 This amount will be included in the Annual Reconciliation Report. The Secretary of State will have established, pursuant to the NHS Pension Scheme Regulations 1995, and the NHS Pension Scheme Regulations 2008, what percentage of that net amount can be considered as Pensionable Earnings under that agreement. By applying that percentage to that net amount, the Board, and the contractor, will be able to determine the Pensionable Earnings Ceiling for that agreement for that financial year.

4.11 It is a condition of a contractor's Monthly AAVPs that by the date specified in paragraph 23(5) (accounts and actuarial reports)^a of Schedule 2 (medical and dental practitioners) to the NHS Pension Scheme Regulations 1995, and regulation 3.J.14(4) (employing authority and certain member record keeping and contribution estimates)^b of the NHS Pension Scheme Regulations 2008 the contractor must return the notice referred to in those provisions to the Board in accordance with those provisions.

4.12 Once the Pensionable Earnings in respect of that financial year of each Dentist Performer employed or engaged by a contractor have been notified to the Board, the Board (or if the adjustments can be made by varying PDS agreement payments, the NHS BSA, effectively acting on its behalf) must–

- (a) if the deductions of employee's superannuation contributions (including MPAVCs) from the contractor's Monthly AAVPs during that financial year in respect of those earnings–
 - (i) did not cover the cost of all the employee's superannuation contributions payable in respect of those earnings–

^a Relevant amendments are made by S.I. 2011/2586 and 2013/413.

^b Relevant amendments are made by S.I. 2011/2586 and 2013/413.

- (aa) deduct the amount outstanding from any Monthly AAVPSs payable, or from a series of Monthly AAVPs payable, to the contractor, or
 - (bb) obtain payment (where no such deduction can be made) from the contractor of the amount outstanding, and it is a condition of all of the payments made pursuant to this SFE that the contractor must pay to the Board the amount outstanding, or
- (ii) were in excess of the amount payable in respect of employee's superannuation contributions, repay the excess amount to the contractor promptly (unless in the case of an excess amount in respect of MPAVCs, the Dentist Performer elects for that amount to be a further contribution and is entitled to so elect); and
- (b) forward any outstanding employee's superannuation contributions due in respect of those earnings to the part of the NHS BSA that acts as the Pension Scheme administrator or the relevant MPAVCs Provider (having regard to the payments it has already made on account in respect of those Dentist Performers for that financial year).

4.13 The functions of the Board in respect of the NHS Pension Scheme Regulations 1995 and the NHS Pension Scheme Regulations 2008 are exercisable by the NHS BSA in accordance with regulation 2(1) and (2) of, and entries 26, 28 and 29 in columns 2 and 3 to the Schedule to, the Functions Regulations (which relate to delegation of functions).

PART 2

PAYMENTS FOR SPECIFIC PURPOSES

5. Domiciliary services and sedation services

Agreeing and revising Annual Domiciliary and Sedation Services Payments

5.1 Where the contractor is to provide sedation services or domiciliary services under its PDS agreement for or during part of a financial year, the contractor and the Board must agree an annual (or annualised for part years) number of courses of treatment involving sedations or domiciliary visits for that financial year and an annual (or annualised for part years) sum to be paid in respect of those courses of treatment. This amount is known as the Annual Domiciliary and Sedation Services Payment (ADSSP) and is to be paid in monthly instalments.

5.2 If that number of courses of treatment involving sedations or domiciliary visits is revised, a new ADSSP will have to be established for that contractor. If that variation takes effect during the year, the revised ADSSP for that contract must be an annual (or annualised for the part year) amount for calculation purposes, even though only a proportion of that annual amount will in fact be payable

Annual uprating of ADSSPs

5.3 If –

- (a) at the start of a financial year, a contractor was in receipt of Monthly ADSSPs in respect of the last month of the previous financial year; and
- (b) the number of courses of treatment involving sedations or domiciliary visits that the contractor is required to provide is unchanged,

the amount of its ADSSP is to be uprated by a percentage amount to be determined by the Secretary of State. It is intended that at the start of each financial year this SFE will be amended so as to include that percentage increase.

Initial value of Monthly ADSSPs

5.4 Once the contractor's first ADSSP has been established, that amount is to be divided by twelve, and subject to paragraphs 5.5 to 5.11, the result is the first gross value of the contractor's Monthly ADSSPs.

5.5 If the contractor's contractual arrangement to provide a specified number of courses of treatment involving sedations or domiciliary visits took effect other than on the first day of a month, the gross value of its Monthly ADSSPs in respect of the first part-month of this contractual arrangement is to be produced by dividing–

- (a) the number of days during the month for which the contractual arrangements to provide domiciliary and sedation services have effect; by
- (b) the total number of days in that month.

5.6 That gross value (expressed as a monthly value, in cases where the relevant contractual arrangement took effect other than on the first day of the month) will remain the basis for the calculation of the net value of the contractor's Monthly ADSSPs, until that initial value is next revised.

Revision of the initial value of Monthly ADSSPs

5.7 The gross value of a contractor's Monthly ADSSPs will have to be revised where, for any reason, its ADSSP is revised (for example, to take account of annual uprating or where the contractor's specified number of courses of treatment involving sedations or domiciliary visits is changed).

5.8 If the contractor's ADSSP is revised for the start of a month, the new gross value of its Monthly ADSSPs (until its ADSSP is next revised again) is its new ADSSP divided by twelve. If its ADSSP changes during a month, the new gross value of its Monthly ADSSPs (until its ADSSP is next revised again)–

- (a) for the month after the month during which its ADSSP changed, is its new ADSSP divided by 12; or
- (b) for the month during which its ADSSP changed, is the aggregate of the following amounts–
 - (i) the amount produced by dividing the number of days during the month before the change by the total number of days in that month, and multiplying that fraction by the old initial value of the contractor's Monthly ADSSPs, plus
 - (ii) the amount produced by dividing the number of days during the month for which the contractor had a new ADSSP by the total number of days in that month, and multiplying that fraction by the new initial value of the contractor's Monthly ADSSPs.

5.9 Once the gross value of a contractor's Monthly ADSSPs has been established for any particular month (subject to paragraph 5.11), the Board must go on to establish the net value of the contractor's Monthly ADSSPs, which is the amount actually to be paid.

NHS charges and employee's superannuation contributions

5.10 The NHS charges in respect of the courses of treatment involving sedations or domiciliary visits should be deducted from the contractor's Monthly ACVPs, so no deduction will need be made in respect of those from the Monthly ADSSPs. Any employee's superannuation contributions attributable to the Monthly ADSSPs will be

deducted from the Monthly AVCPs rather than the ADSSPs. However, as both Monthly ACVPs and ADSSPs are payable at the same time, this distinction will generally only have accounting rather than practical implications.

Deductions in respect of overpayments etc.

5.11 Deductions may need to be made from Monthly ADSSPs under the administrative provisions in Section 11 of this SFE, to take account of matters such as overpayments. In accounting terms, these deductions may alter the gross value of the Monthly ADSSP in question or the gross value of another payment, but either way it will alter the net value of the Monthly ADSSP in question.

Net value of the contractor's first Monthly ADSSPs

5.12 The gross value of a contractor's Monthly ADSSPs, minus any deductions as mentioned in paragraph 5.11, is the net value of the contractor's first Monthly ADSSPs, which is the amount actually to be paid. This amount becomes payable on the first working day of the month after the month to which the Monthly ADSSP relates.

Conditions attached to Monthly ADSSPs

5.13 Monthly ADSSPs, or any part of such payments, are only payable if the contractor satisfies the following conditions–

- (a) the contractor must make available any information which the Board does not have but needs (including the returns required by virtue of paragraph 39 (notification of a course of treatment, orthodontic course of treatment etc.) of Schedule 3 to the PDS Agreements Regulations), and which the contractor either has or could reasonably be expected to obtain, in order to calculate the contractor's Monthly ADSSPs;
- (b) all information supplied pursuant to or in accordance with this paragraph must be accurate.

5.14 If the contractor breaches any condition of its Monthly ADSSPs that is set out in this SFE (including the conditions that are set out in paragraph 5.13), the Board may, in appropriate circumstances, withhold payment of any or any part of a Monthly ADSSP that is otherwise payable.

6. Seniority payments

6.1 Seniority payments are monthly payments to a contractor in respect of individual Dentist Performers who satisfy the eligibility criteria.

Eligibility criteria

6.2 A contractor is entitled to receive a seniority payment in respect of a Dentist Performer employed or engaged by it if the Dentist Performer–

- (a) reached the age of 55 years–
 - (i) before 1st January 2006, and was entitled to and in receipt of a seniority payment pursuant to Determination III of the SDR (set out in the Annex to this SFE) in respect of the last quarter of the financial year 2005 to 2006, or
 - (ii) between 1st January 2006 and 31st March 2006 inclusive, and would have been entitled to a seniority payment pursuant to Determination III of the SDR in respect of the last quarter of the financial year 2005 to 2006 had the Dentist Performer reached the age of 55 years in the previous quarter of that financial year;

- (b) reached the age of 55 years before 1st April 2006, and–
 - (i) in the last quarter of the financial year 2005 to 2006, the Dentist Performer was employed or engaged by a pilot scheme provider, and
 - (ii) the Dentist Performer would have been entitled to a seniority payment pursuant to Determination III of the SDR in respect of that quarter had the Dentist Performer –
 - (aa) instead provided services under section 35 of the NHS Act 1977 in that quarter, and
 - (bb) reached the age of 55 years before 1st January 2006 (whether or not the Dentist Performer did in fact do so); or

- (c) reached the age of 55 years between 1st April 2006 and 31st March 2011 inclusive (although the Dentist Performer’s eligibility is treated as starting in the month after the month during which the Dentist Performer’s birthday falls), and–
 - (i) in the last quarter of the financial year 2005 to 2006, the Dentist Performer provided services under section 35 of the 1977 Act or a pilot scheme agreement; and
 - (ii) would have been entitled to a seniority payment pursuant to Determination III of the SDR in respect of that quarter had the Dentist Performer–
 - (aa) in the case of a person who provided services under a pilot scheme agreement in that quarter, provided services under section 35 of the 1977 Act in that quarter; and

- (bb) reached the age of 55 years in the previous quarter of that financial year.

6.3 Additionally, a contractor is entitled to receive a seniority payment in respect of a Dentist Performer employed or engaged by it only if–

- (a) the person in respect of whom the payment is made remains included in the Dental Performers List;
- (b) the person in respect of whom the payment is made is not in receipt of a pension payment under the NHS pension scheme in any month in which the contractor claims a Monthly Seniority Payment in respect of him; and
- (c) the amount of the payment, together with the amount of any other Monthly Seniority Payment received by any other contractor or GDS Contract Holder (who may in fact be a Scheme 2 Agreement Holder) in respect of that Dentist Performer for the same month is less than £662.

Applications for a seniority payment

6.4 Where a Dentist Performer satisfies the eligibility criteria specified in paragraph 6.2(a) or (b), in order to obtain its first Monthly Seniority Payment in respect of that Dentist Performer, the contractor must notify the Board in writing–

- (a) that the Dentist Performer is employed or engaged by the contractor; and
- (b) of any other Monthly Seniority Payments which any other contractor or GDS Contract Holder (who may in fact be a Scheme 2 Agreement Holder) is claiming in respect of that Dentist Performer for any month to which the contractor's claim relates.

6.5 Where a Dentist Performer satisfies the eligibility criteria specified in paragraph 6.2(c), in order to obtain its first Monthly Seniority Payment in respect of that Dentist Performer, the contractor must make an application to the Board on a standard form (set nationally and available electronically), and that application must include–

- (a) details of how the Dentist Performer satisfies the eligibility criteria set out in paragraph 6.2(c);
- (b) details of the Dentist Performer's estimated net monthly Pensionable Earnings (which should be the amount that features in respect of that Dentist Performer on the contractor's Monthly Payment Schedule); and
- (c) details of any other Monthly Seniority Payments which any other contractor or GDS Contract Holder who may in fact be a Scheme 2

Agreement Holder is claiming in respect of that Dentist Performer for any month to which the contractor's claim relates.

The percentage calculation and the maximum amount of Monthly Seniority Payments

6.6 The amount to which the contractor is entitled as a Monthly Seniority Payment in respect of a Dentist Performer that it employs or engages and in respect of whom the eligibility criteria are satisfied is 21.72% of the Dentist Performer's net monthly Pensionable Earnings under the contractor's PDS agreement in the month to which the payment relates, but the maximum amount payable in respect of each Dentist Performer in any month is £662.

6.7 This paragraph applies where a Monthly Seniority Payment is payable in respect of a particular Dentist Performer to more than one contractor or GDS Contract Holder (one or more of whom may in fact be Scheme 2 Agreement Holders). Where the totals payable under each contract or agreement (including where the contract or agreement has been varied to include a Capitation and Quality Scheme 2 Agreement), taken together, would (if there were no maximum amounts) exceed £662, the maximum amount payable under all the contracts and agreements under which Monthly Seniority Payments may be payable in respect that Performer is £662. The £662 must be distributed proportionately between each GDS contract and PDS agreement.

6.8 So, if the Dentist Performer earns 60% of his net monthly Pensionable Earnings from a GDS contract (including a GDS contract that has been varied to include a Capitation and Quality Scheme 2 Agreement), 30% from one PDS agreement (including a PDS agreement which has been varied to include a Capitation and Quality Scheme 2 Agreement), and 10% from another PDS agreement (including a PDS agreement which has been varied to include a Capitation and Quality Scheme 2 Agreement), the Monthly Seniority Payment under the GDS contract would be £397 (including any which have been varied) and under the two PDS agreements (including any which has been varied) would be £199 and £66 respectively.

6.9 In practice, the apportionment will be made by the NHS BSA, as it is they who will have the necessary data about each of the relevant agreements or contracts.

Estimates of net monthly Pensionable Earnings

6.10 For the purposes of this Section, a Dentist Performer's net monthly Pensionable Earnings in respect of any month are one twelfth of that Dentist Performer's Pensionable Earnings for the financial year into which the month falls, having excluded from those earnings any Pensionable Earnings for that financial year which are attributable to a Monthly Seniority Payment.

6.11 This means that it will be impossible to know, until sometime after the end of a financial year, what the true value of the Monthly Seniority Payments during that financial year should be. Accordingly, the Board must pay, each month, an estimate of what the true value of the Monthly Seniority Payments should be, and that estimate

must be the estimate of the net monthly Pensionable Earnings (i.e. net of any Pensionable Earnings that are attributable to any Monthly Seniority Payments) that appears in respect of the Dentist Performer on the contractor's Monthly Payment Schedule.

6.12 The amount of this monthly estimate becomes payable on the first working day of the month after the month to which the Monthly Seniority Payment relates. Any excess that falls due once the true value of the Monthly Seniority Payments is ascertained becomes payable once that true value is ascertained by the Board.

Conditions attached to Monthly Seniority Payments

6.13 Monthly Seniority Payments, or any part of such payments, are only payable if the following conditions are satisfied—

- (a) the contractor must make available to the Board any information which the Board does not have but needs, and the contractor either has or could reasonably be expected to obtain, in order to calculate the payment;
- (b) the contractor must notify the Board of any change in the amount of the net monthly Pensionable Earnings (i.e. net of any Pensionable Earnings that are attributable to any Monthly Seniority Payments) of the Dentist Performers employed or engaged by it; and
- (c) all information provided pursuant to or in accordance with this paragraph must be accurate.

6.14 If the contractor breaches any condition of its payments under this Section that is set out in this SFE (including the conditions that are set out in paragraph 6.13), the Board may, in appropriate circumstances, withhold payment of any or any part of a payment under this Section that is otherwise payable.

7. Payments in respect of foundation training

7.1 Payments in respect of foundation training are payments to a contractor who employs a Foundation Trainee. They are intended to meet the salary costs of employing the Foundation Trainee, provide payment to the Dentist Performer who is providing the foundation training to the Foundation Trainee and to provide a payment to the contractor to cover service costs. The payments are only intended to meet the costs of providing foundation training to those graduates who are required to complete 12 months foundation training to remain on the performers lists (apart from any "relevant period of employment" determined in accordance with regulation 30(2) (interpretation: foundation training) of the Performers Lists Regulations).

Eligibility for payments in respect of foundation training

7.2 A contractor will be eligible to receive payments under this Section where—

- (a) the contractor employs or engages a Dentist Performer who is a Foundation Trainer;
- (b) the contractor has employed a Foundation Trainee under a contract of employment for–
 - (i) a period of one year’s full-time employment (or an equivalent period of part-time employment), or
 - (ii) any other period which is a “relevant period of employment” for the purposes of regulation 30(2) (interpretation: foundation training) of the Performers Lists Regulations;
- (c) under that contract of employment, the contractor has agreed to pay the Foundation Trainee a monthly salary at a full-time (at least 35 hours per week) rate of £2,511 per month or the amount specified for that period *pro rata* if the Foundation Trainee is part-time; and
- (d) the Foundation Trainee is not exempt from the requirement to complete 12 months foundation training to remain on the performers lists (apart from any “relevant period of employment” determined in accordance with regulation 30(2) (interpretation: foundation training) of the Performers Lists Regulations).

7.3 Any attendance by a Foundation Trainee at a day release course in connection with the foundation training scheme is to be included in the calculation of his contracted hours.

Applications for payments under this Section

7.4 Where a contractor satisfies the eligibility criteria specified in paragraph 7.2, read with paragraph 7.3, in order to obtain payments in respect of foundation training, it must make an application to the Board on a standard form (set nationally and available electronically), and that application must include–

- (a) the following information-
 - (i) the name of the Foundation Trainee appointed,
 - (ii) the date when the Foundation Trainee’s employment commenced,
 - (iii) the number of hours to be worked by the Foundation Trainee per week,
 - (iv) the date when the Foundation Trainee’s employment will end, and
 - (v) the date of the month on which payment of the salary will be made to the Foundation Trainee;

- (b) a certificate provided by the local postgraduate dental dean or director of postgraduate dental education (as the case may be) verifying that the information provided pursuant to paragraph (a) is correct;
- (c) a declaration in writing that the contractor will pay the Foundation Trainee a monthly salary at a full-time (at least 35 hours per week) rate of £2,511 per month or the amount specified for that period *pro rata* if the Foundation Trainee is part-time; and
- (d) confirmation in writing from the local postgraduate dental dean or director of postgraduate dental education (as the case may be) that the Foundation Trainee must-
 - (i) complete 12 months foundation training to remain on the performers list; or
 - (ii) that the dentist must complete a shorter “relevant period of employment” by virtue of regulation 30(2) (interpretation: foundation training) of the Performers Lists Regulations.

Foundation training payments to be made

7.5 Provided the contractor satisfies the eligibility criteria set out in paragraph 7.2, and has applied in accordance with paragraph 7.4, the contractor is entitled to receive the following four types of foundation training payment during the currency of a training contract with a Foundation Trainee–

- (a) a training grant of £ 753 per month, if the Foundation Trainee is full-time (i.e. has contracted hours of at least 35 hours per week), or the amount specified for that period *pro rata* if the Foundation Trainee is part-time;
- (b) reimbursement of the salary which the contractor has paid to the Foundation Trainee, which is to be £2,511 per month, less
 - (i) the Foundation Trainee’s employee superannuation contributions (if the Foundation Trainee is a member of the NHS Pension Scheme) in respect of the Foundation Trainee’s salary (see paragraph 4.4(a)), if the Foundation Trainee is full-time (i.e. has contracted hours of at least 35 hours per week), or
 - (ii) the amount specified for that period *pro rata* if the Foundation Trainee is part-time;
- (c) where a salary is reimbursed pursuant to sub-paragraph (b), reimbursement of the amount of any employer’s national insurance contributions which are payable by the contractor in respect of that salary; and

- (d) a sum that represents the service cost to the contractor of employing the Foundation Trainee, of £5,347 per month, if the Foundation Trainee is full-time (i.e. has contracted hours of at least 35 per week), or the amount specified for that period *pro rata* if the Foundation Trainee is part-time.

7.6 Again, any attendance by a Foundation Trainee at a day release course in connection with the foundation training scheme is to be included in the calculation of the Foundation Trainee's contracted hours.

7.7 The payments due to a contractor under this Section become payable on the contractor's next Monthly Payment Date after the end of the month to which the claim for the payments relates, which need not be a calendar month. Only one application for payments need be made in respect of each agreed training period, and where appropriate, *pro rata* claims may be made in respect of part months.

Conditions attached to foundation training payments

7.8 Payments under paragraph 7.5(a), or any part of such payments, are only payable if the contractor gives that training grant to the Foundation Trainee's Trainer–

- (a) within one calendar month of receiving the training grant; and
- (b) as an element of the personal income of the Trainer, subject to any lawful deduction of income tax, national insurance and superannuation contributions.

7.9 Payments under paragraph 7.5(b) or (c), or any part of such payments, are only payable if the contractor pays the Foundation Trainee's salary under the contract of employment.

7.10 The payments under paragraph 7.5, or any part of such payments, are only payable if the following conditions are satisfied–

- (a) the Foundation Trainer in respect of whom the payments are made must remain a Foundation Trainer;
- (b) the Foundation Trainee in respect of whom the payments are made must remain employed by the contractor;
- (c) the contractor must inform the Board if there is any change of circumstances which may affect its entitlement to payments under this Section (including changes which may affect the level of the payments to which it is entitled under this Section);
- (d) the contractor must make available to the Board any information which the Board does not have but needs and the contractor either has or could reasonably be expected to obtain in order to calculate the payment; and

- (e) all information provided by the contractor pursuant to or in accordance with sub-paragraphs (c) or (d) must be accurate.

7.11 If the contractor breaches any condition of its payments under this Section that is set out in this SFE (including the conditions that are set out in paragraphs 7.8 to 7.10), the Board may, in appropriate circumstances, withhold payment of any or any part of a payment under this Section that is otherwise payable.

7.12 If there is a breach of the condition that is set out in paragraph 7.10(b), the Board may require repayment of any payment paid to which the condition relates, or may withhold payment of any other payment payable to the contractor under this SFE, to the value of the payment paid. However, if the contract of employment is terminated by either party before it has run its full course and the Foundation Trainee does not serve out a period of notice but is instead paid an amount equal to the salary due in respect of the period of notice, the contractor will be entitled to receive payments under paragraph 7.5(b) and (c) in respect of the amount of the salary which it has paid to the Foundation Trainee in respect of the period of notice, up to a maximum of one month's salary.

8. Payments in respect of maternity, paternity and adoption leave

8.1 Employees of contractors will have rights to time off for ante-natal care, maternity leave, paternity leave, adoption leave, parental leave, time off for dependants and the right to request flexible working if they satisfy the relevant entitlement conditions under employment legislation for those types of leave. The right of partners in partnerships to these types of leave is a matter for their partnership agreement.

8.2 If an employee, a partner in a partnership or a contractor is a Dentist Performer, the contractor that employs or engages that Dentist Performer will be entitled under this Section to payments from the Board in respect of a period of maternity leave, paternity leave or adoption leave taken by that Dentist Performer, provided the eligibility criteria are satisfied and the relevant payment conditions are not breached. However, nothing in the conditions for payments to contractors under this Section must be interpreted as qualifying a Dentist Performer's statutory rights. In any event, even if the Board is not directed in this SFE to make payments to a contractor in respect of parental leave, it may provide assistance and support as a matter of discretion. The powers to do so are set out in section 112 (assistance and support: primary dental services)^a of the 2006 Act.

Eligibility for maternity leave payments

8.3 A contractor is entitled to receive a maternity leave payment in respect of a Dentist Performer that it employs or engages if—

^a Section 112 is amended by section 55(1) of, and paragraph 52 of Schedule 4 to, the 2012 Act.

- (a) the Dentist Performer's name has been included in the Dental List for a period of at least 2 years, (subject to paragraph 8.7) and the last 26 weeks of that period must have been a period of continuous employment or engagement that required the performance of dental services as part of the NHS and must have immediately preceded the 15th week before the expected week of confinement;
- (b) the Dentist Performer has become pregnant and has reached, or been confined before reaching, the commencement of the 11th week before the expected week of confinement;
- (c) the Dentist Performer has ceased to perform dental services under the contractor's PDS agreement in order to take maternity leave (which for these purposes includes leave for ante-natal care), excluding any optional keeping in touch days on which it has been agreed between the contractor and the Dentist Performer that the Dentist Performer will work; and
- (d) the payment relates to a Parental Leave Pay Period and not to a period of sickness absence.

Eligibility for paternity leave payments - birth

8.4 A contractor is entitled to receive a paternity leave payment in respect of a Dentist Performer that it employs or engages if—

- (a) the Dentist Performer's name has been included in the Dental List for a period of at least 2 years, (subject to paragraph 8.7) and the last 26 weeks of that period must have been a period of continuous employment or engagement that required the performance of dental services as part of the NHS ending with the week immediately preceding the child's date of birth;
- (b) the Dentist Performer is either—
 - (i) the father of the child, or
 - (ii) married to or the partner of the child's mother, but not the child's father,
 - (iii) has, or expects to have—
 - (aa) if the Dentist Performer is the child's father, responsibility for the upbringing of the child; or
 - (bb) if the Dentist Performer is the mother's husband or partner but not the child's father, the main responsibility, (apart from any responsibility of the mother) for the upbringing of a child;

- (c) the Dentist Performer has ceased to perform dental services under the contractor's PDS agreement in order to take paternity leave; and
- (d) the payment relates to a Parental Leave Pay Period and not to a period of sickness absence.

Eligibility for paternity leave payments – adoption

8.5 A contractor is entitled to receive a paternity leave payment in respect of a Dentist Performer that it employs or engages if—

- (a) the Dentist Performer's name has been included in the Dental List for a period of at least 2 years (subject to paragraph 8.7) and the last 26 weeks of that period must have been a period of continuous employment or engagement that required the performance of dental services as part of the NHS ending with the week in which the child is adopted;
- (b) the Dentist Performer is either—
 - (i) married to, or the partner of the child's adopter, and
 - (ii) has, or expects to have, the main responsibility (apart from the responsibility of the adopter) for the upbringing of the child;
- (c) the Dentist Performer has ceased to perform dental services under the contractor's PDS agreement in order to take paternity leave; and
- (d) the payment relates to a Parental Leave Pay Period and not to a period of sickness absence.

Eligibility for adoption leave payments

8.6 A contractor is entitled to receive an adoption leave payment in respect of a Dentist Performer that it employs or engages if—

- (a) the Dentist Performer's name has been included in the Dental List for a period of at least 2 years, (subject to paragraphs 8.7) and the last 26 weeks of that period must have been a period of continuous employment or engagement that required the performance of dental services as part of the NHS and must have immediately preceded the date of the adoption;
- (b) the Dentist Performer has become the adoptive parent of a child and is the main care provider for that child;

- (c) the Dentist Performer has ceased to provide dental services under the contractor’s PDS agreement in order to take adoption leave; excluding any optional keeping in touch days on which it has been agreed between the contractor and the dentist performer that the dentist performer will work; and
- (d) the payment relates to a Parental Leave Pay Period and not to a period of sickness absence.

Parental leave for those who have undertaken approved foundation training

8.7 In the case of a Dentist Performer who has undergone one year’s approved foundation training, the 2 years mentioned in paragraphs 8.3(a), 8.4(a), 8.5(a) and 8.6(a) must be reduced to one year.

Meaning of “Parental Leave Pay Period”

8.8 In this Section, “Parental Leave Pay Period” means—

- (a) in the case of a maternity leave payment, a period not exceeding 26 weeks commencing—
 - (i) not earlier than the 11th week before the expected week of confinement, nor later than the expected week of confinement, or
 - (ii) if confinement occurs prior to the eleventh week before the expected week of confinement, on the Monday immediately before the actual date of confinement,

in respect of which a claim for payments is made by or in respect of a person taking maternity leave (which for these purposes includes leave for ante-natal care) under this Section;
- (b) in the case of a paternity payment, a period not exceeding 2 weeks commencing within 26 weeks of the date of the relevant birth or adoption and in respect of which a claim for payments is made by or in respect of a person taking paternity leave under this Section;
- (c) in the case of an adoption leave payment, a period not exceeding 26 weeks which immediately follows the date of the adoption and in respect of which a claim for payments is made by or in respect of a person taking adoption leave under this Section.

Applications for parental leave payments

8.9 Where a Dentist Performer satisfies the eligibility criteria specified in paragraphs 8.3, 8.4, 8.5 or 8.6, in order to obtain parental leave payments in respect of that Dentist Performer, the contractor must make an application to the Board on a

standard form (set nationally and available electronically), and that application must include—

- (a) the intended dates of the Dentist Performer's Parental Leave Pay Period (i.e. the Parental Leave Pay Period in respect of which the application is being made); and
- (b) details of the Dentist Performer's estimated net monthly Pensionable Earnings (which should be the amount that features in respect of that Dentist Performer on the contractor's Monthly Payment Schedule).

8.10 If the application is in respect of maternity leave payments, the application must also include—

- (a) a maternity certificate or other statement completed by a registered medical practitioner or registered midwife, giving the expected week of confinement of the Dentist Performer or, as the case may be, the date of confinement; and
- (b) a declaration in writing from the contractor that to the best of its knowledge, with regard to the period to which the claim relates, no claim for sickness leave payments has been made under Section 9 by it or any other contractor under this SFE, or by a GDS Contract Holder under the GDS SFE 2013 or by a Scheme 2 Agreement Holder under the Scheme 2 SFE.

8.11 If the application is in respect of paternity leave payments, the application must also include—

- (a) in respect of the birth of a child, written confirmation from the contractor—
 - (i) of the expected or actual date of birth, and
 - (ii) that the Dentist Performer is the husband or partner of the mother, will share responsibility for the child's upbringing and is taking time off to support the mother or to care for the child;
- (b) in respect of the adoption of a child, documents showing the date on which the child is expected to be placed for adoption or the actual date of the placement, the date the adopter was notified of having been matched with the child and written confirmation from the contractor that the Dentist Performer—
 - (i) is the partner of the main care provider,
 - (ii) will share responsibility for the child's upbringing, and
 - (iii) is taking time off to support his partner or to care for the child; and

- (c) a declaration in writing from the contractor that to the best of its knowledge, with regard to the period to which the claim relates, no claim for sickness leave payments has been made under Section 9 by it or any other contractor under this SFE, or by a GDS Contract Holder under the GDS SFE 2013 or by a Scheme 2 Agreement Holder under the Scheme 2 SFE.

8.12 If the application is in respect of adoption leave payments, the application must also include—

- (a) in the case of an adoption within the United Kingdom-
 - (i) the date on which the child is expected to be placed for adoption,
 - (ii) the actual date of the placement,
 - (iii) the date the adopter was notified of having been matched with the child endorsed by the appropriate adoption agency with its name and address, or
 - (iv) a matching certificate giving equivalent details;
- (b) in the case of an inter-country adoption—
 - (i) the date on which the adopter received official notification,
 - (ii) the expected date the child will enter the United Kingdom or the date upon which the child did so enter, and
 - (iii) a copy of the official notification and evidence of the date of the child's arrival;
- (c) written confirmation from the contractor that the Dentist Performer is or will be the main care provider for the child; and
- (d) a declaration in writing from the contractor that to the best of its knowledge, with regard to the period to which the claim relates, no claim for sickness leave payments has been made under Section 9 by it or any other contractor under this SFE, or by a GDS Contract Holder under the GDS SFE 2013 or by a Scheme 2 Agreement Holder under the Scheme 2 SFE.

Calculation of the amount of parental leave payments and the due date

8.13 The amount to which the contractor is entitled in respect of parental leave payments is a weekly amount, calculated on the basis of the Dentist Performer's estimated monthly Pensionable Earnings (which should usually be the amount that features in respect of that Dentist Performer on the contractor's Monthly Payment

Schedule, plus his estimated monthly Pensionable Earnings in respect of any Monthly Seniority Payment to which he is entitled) immediately before the parental leave is taken. This monthly amount is to be multiplied by 12 and then divided by 52 to produce the weekly amount of the parental leave payments.

8.14 That weekly amount is the amount to which the contractor is entitled in respect of each complete week of the Dentist Performer's Parental Leave Pay Period. If the last day of a week of the Dentist Performer's Parental Leave Pay Period falls in a particular month, the weekly parental leave payment in respect of that week is to fall due on the contractor's Monthly Payment Date in the following month. For these purposes, "month" means a calendar month.

Conditions attached to parental leave payments

8.15 Payments under this Section, or any part of such payments, are only payable if the following conditions are satisfied—

- (a) the Dentist Performer must not perform any dental services during the Parental Leave Pay Period under any PDS agreement (including where the PDS agreement has been varied to include a Capitation and Quality Scheme 2 Agreement) or GDS contract (including where the GDS contract has been varied to include a Capitation and Quality Scheme 2 Agreement), (other than any optional keeping in touch days on which it has been agreed between the contractor and the Dentist Performer that the Dentist Performer will work), except with the written approval of the Board;
- (b) unless the performer dies, the Dentist Performer in respect of whom the payments are made must continue to be a Dentist Performer and continue to be employed or engaged by the contractor (if the performer does die, parental leave payments may continue to be paid to the contractor for the balance of the Parental Leave Pay Period, provided these are forwarded by the contractor to the performer's estate); and
- (c) the contractor must continue to pay the Dentist Performer an amount equivalent to the Dentist Performer's estimated net Pensionable Earnings (which provided the basis for the calculation of the parental leave payment) during the Parental Leave Pay Period (or pay this to the performer's estate if the Dentist Performer dies).

8.16 If the contractor breaches any condition of its payments under this Section that is set out in this SFE (including the conditions that are set out in paragraph 8.15), the Board may, in appropriate circumstances, withhold payment of any or any part of a payment under this Section that is otherwise payable.

8.17 The computation of periods of entitlement under this section is to take into account periods of leave before this SFE comes into force. Therefore, in the case of a claim for maternity leave payment in respect of a Dentist Performer who has taken a 10 weeks period of maternity leave immediately before this SFE comes into force,

there will be an entitlement to a further 16 weeks of maternity leave payment under this SFE.

9. Payments in respect of long-term sickness absence

9.1 Employees of contractors will, if they qualify for it, be entitled to statutory sick pay for 28 weeks of absence on account of sickness in any three years. The right of partners in partnership agreements to paid sickness leave is a matter for their partnership agreement.

9.2 If an employee, a partner in a partnership or a contractor is a Dentist Performer, the contractor that employs or engages that Dentist Performer will be entitled under this Section to payments from the Board in respect of a period of long term sickness absence taken by that Dentist Performer, provided the eligibility criteria are satisfied and the relevant payment conditions are not breached. However, nothing in the conditions for payments to contractors under this Section must be interpreted as qualifying a Dentist Performer's statutory rights. In any event, even if the Board is not directed in this SFE to make payments to a contractor in respect of sickness absence, it may do so as a matter of discretion. The powers to do so are set out in section 112 of the 2006 Act.

Eligibility for sickness leave payments

9.3 A contractor is entitled to receive sickness leave payments in respect of a Dentist Performer that it employs or engages if, in respect of a complete week of sickness absence—

- (a) subject to paragraph 9.4, the Dentist Performer's name has been included in the Dental List for a period of at least 2 years, which need not be a continuous period and part or all of that period need not immediately precede the period of sickness, but during those 2 years (or that aggregate of 2 years) that Performer must have been performing dental services as part of the NHS;
- (b) the Dentist Performer has been unable to provide dental services under the contractor's PDS agreement because of sickness, but sickness leave payments are not payable in respect of the first 4 weeks of absence;
- (c) the Dentist Performer has been in receipt of payments under this Section for less than the maximum of 22 weeks during a period of sickness; and
- (d) the contractor is not in receipt of payments under Section 8 in respect of the Dentist Performer.

9.4 In the case of a Dentist Performer who has undergone one year's approved foundation training, the 2 years mentioned in paragraph 9.3(a) must be reduced to one year.

9.5 Sickness leave payments are only payable in respect of a maximum of 22 weeks in any period of 52 weeks. So, for example, once sickness leave payments have been made in respect of a Dentist Performer for a continuous period of 22 weeks, it will be a further 30 weeks before the Board could again be obliged to make sickness leave payments in respect of that Dentist Performer. However, the Board may waive the eligibility criterion set out in this paragraph in any case where it considers it is reasonable in all the circumstances to do so

Applications for sickness leave payments

9.6 Where a Dentist Performer satisfies the eligibility criteria specified in paragraphs 9.3 to 9.5, in order to obtain a sickness leave payment in respect of that Dentist Performer, the contractor must make an application to the Board on a standard form (set nationally and available electronically), and that application must include—

- (a) a medical certificate, or other statement, completed by a registered medical practitioner to the effect that the Dentist Performer is incapable of work by reason of sickness; and
- (b) a declaration in writing from the contractor that to the best of its knowledge, with regard to the period to which the claim relates, no claim for parental leave payments has been made under Section 8 by it or any other contractor under this SFE, or by a GDS Contract Holder under the GDS SFE 2013 or by a Scheme 2 Agreement Holder under the Scheme 2 SFE.

Calculation of the amount of sickness leave payments and the due date

9.7 The amount to which the contractor is entitled in respect of sickness leave payments is a weekly amount, calculated on the basis of the Dentist Performer's estimated monthly Pensionable Earnings (which should usually be the amount that features in respect of that Dentist Performer on the contractor's Monthly Payment Schedule, plus the estimated monthly Pensionable Earnings in respect of any Monthly Seniority Payment to which the Dentist Performer is entitled) immediately before the sickness leave is taken. This amount is to be multiplied by 12 and then divided by 52 to produce, subject to paragraph 9.8, the weekly amount of the sickness leave payments.

9.8 The weekly amount determined in accordance with paragraph 9.7 is the amount to which the contractor is entitled in respect of each complete week during which the Dentist Performer is absent and continues to satisfy the eligibility criteria. If the last day of such a week falls in a particular month, the weekly sickness leave payment in respect of that week is to fall due on the contractor's Monthly Payment Date in the following month. For these purposes, "month" means a calendar month.

Conditions attached to sickness leave payments

9.9 Payments under this Section, or any part of such payments, are only payable if the following conditions are satisfied—

- (a) the contractor must, if the Board so requests, provide the Board with medical certificates or other statements to the effect that the Dentist Performer is incapable of work by reason of sickness, completed by a registered medical practitioner, covering any period of absence in respect of which a sickness leave payment is being claimed;
- (b) the Dentist Performer must not perform any dental services under a PDS agreement (including where the agreement has been varied to include a Capitation and Quality Scheme 2 Agreement) or GDS contract (including where the GDS contract has been varied to include a Capitation and Quality Scheme 2 Agreement) during any period of absence in respect of which a sickness leave payment is claimed, except with the written approval of the Board;
- (c) unless the Dentist Performer dies, the Dentist Performer in respect of whom the payments are made continues to be a Dentist Performer and continues to be employed or engaged by the contractor (if the Dentist Performer dies, sickness leave payments may continue to be paid to the contractor for the balance of the 22 weeks for which sickness leave payments would otherwise have been payable, provided these are forwarded by the contractor to the Dentist Performer's estate); and
- (d) the contractor must continue to pay the Dentist Performer at least his estimated net Pensionable Earnings during the Dentist Performer's absence (or pay this to the Dentist Performer's estate if the Dentist Performer dies).

9.10 If the contractor breaches any condition of its sickness leave payments that is set out in this SFE (including the conditions that are set out in paragraph 9.9), the Board may, in appropriate circumstances, withhold payment of any or any part of a payment under this Section that is otherwise payable.

10. Reimbursement of non-domestic rates

10.1 Under this Section, a contractor may be able to claim reimbursement of the Non-domestic Rates payable in relation to any premises at which it provides services under its PDS agreement.

Eligibility for reimbursement of non-domestic rates

10.2 A contractor is entitled to receive reimbursement of payments in respect of its non-domestic rates for practice premises if, in any financial year–

- (a) it is a Non-Domestic Ratepayer or, where the contractor is a partnership, one of the partners comprising the partnership is the Non-Domestic Ratepayer, as regards the hereditament that comprises or includes the practice premises and in respect of which the claim is made (“the Hereditament”); and

- (b) subject to paragraph 10.3, the total value of the primary dental services provided at the practice premises as part of the NHS is not less than £25,000.

10.3 The Board may waive the eligibility criterion in paragraph 10.2(b) in any case where it considers it is reasonable in all the circumstances to do so.

Applications for reimbursement of non-domestic rates

10.4 Provided the contractor satisfies the eligibility criteria specified in paragraph 10.2, read with paragraph 10.3, in order to obtain reimbursement in respect of its non-domestic rates, it must make an application to the Board on a standard form (set nationally and available electronically), and that application must include–

- (a) the Demand Notice for the financial year to which the claim relates, or a copy of it certified by the Billing Authority;
- (b) in respect of the Hereditament–
 - (i) a receipt from the Billing Authority for the whole amount or, if the contractor pays the annual amount in two instalments, half the amount of the contractor’s (or the partner’s) annual liability for non-domestic rates, specified in the Demand Notice, or
 - (ii) if the contractor (or the partner) pays its non-domestic rates by monthly instalments, details of the amount to be paid each month, the date the payments are due to commence and the date the payments are due to cease, together with the Demand Notice specifying the monthly instalments due; and where the contractor wishes to be reimbursed in a lump sum after payment of all the instalments, it must provide proof of payment for the whole amount specified in the Demand Notice;
- (c) a declaration in writing from the contractor specifying the proportion, expressed as a percentage, which its income under its PDS agreement bears to the gross income of the Hereditament from the provision of dental services (i.e. from both NHS and private work) during the last 6 months of the financial year preceding the financial year in respect of which the claim for reimbursement is being made; and
- (d) a declaration in writing from the contractor undertaking, if requested to do so by the Board, within three months of receiving such a request to provide to the Board documentary evidence sufficient to demonstrate accurately the proportion that its income under its PDS agreement bore to the gross income of the Hereditament from the provision of dental services (i.e. from both NHS and private work) in the last 6 months of the financial year preceding the financial year in respect of which the claim for reimbursement is being made.

10.5 Where the contractor seeks reimbursement of an amount in respect of non-domestic rates in relation to more than one Hereditament, it must submit to the Board a separate claim in respect of each such Hereditament.

10.6 For the purposes of this Section, the gross income of a Hereditament from the provision of dental services means the gross income from any dental services provided at or associated with the Hereditament by either the contractor or any dental practitioner that the contractor employs or engages.

Amount of non-domestic rates that may be reimbursed

10.7 The amount to which the contractor is entitled in respect of a reimbursement payment in any financial year is the amount specified in the Demand Notice for that financial year less, where the gross income of the Hereditament from the provision of dental services includes any income which is not derived from its PDS agreement, any amount (“the abatement”) calculated in accordance with paragraph 10.9.

10.8 The amount of the abatement must be based on the percentage that the contractor is required to declare in accordance with paragraph 10.4(c). Wherever that percentage features in column 1 of the table below (as adjusted, where appropriate, in the light of further information received by the contractor, as requested in accordance with paragraph 10.4(c)) the corresponding percentage opposite that entry in column 2 is the amount, in percentage terms, of the abatement.

COLUMN 1	COLUMN 2
Proportion which the PDS agreement income bears to the gross income of the Hereditament	Proportion of Non-domestic Rates to be abated
90% or more	No abatement
80% or more but less than 90%	10%
70% or more but less than 80%	20%
60% or more but less than 70%	30%
50% or more but less than 60%	40%
40% or more but less than 50%	50%
30% or more but less than 40%	60%
20% or more but less than 30%	70%
10% or more but less than 20%	80%
Less than 10%	90%

10.9 The amount to which the contractor is entitled falls due once the Board receives a valid application for the amount.

Conditions attached to payments under this Section

10.10 Payments under this Section, or any part of such payments, are only payable if the following conditions are satisfied—

- (a) the contractor must, as regards the Hereditament to which the payment relates, comply with its agreement term set by virtue of paragraph 13 (premises, facilities and equipment) of Schedule 3 to the PDS Agreements Regulations;
- (b) the contractor must make available any information which the Board does not have but needs, and which the contractor either has or could reasonably be expected to obtain, in order to calculate the amount of contractor's reimbursement payments;
- (c) the contractor must inform the Board of any changes to its circumstances which may affect its eligibility for reimbursement payments or the level of the reimbursement payments to which it may be entitled; and
- (d) all information supplied pursuant to or in accordance with subparagraphs (b) and (c) must be accurate.

10.11 If the contractor breaches any condition of its payments under this Section that is set out in this SFE (including the conditions that are set out in paragraph 10.11), the Board may, in appropriate circumstances, withhold payment of all or any part of a payment under this Section that is otherwise payable.

PART 3

SUPPLEMENTARY PROVISIONS

11. Administrative provisions

Payment arrangements

11.1 Payment under this SFE will be undertaken on the Board's behalf by the NHS BSA, and will be paid on the due date. The making of the payments which are required to be paid under these Directions was made a function of the NHS BSA by virtue of entry (a) of column 2 that corresponds to entry 3 in column 1 of the Schedule to the Functions Regulations. By virtue of regulation 2(3)(b) (functions of the Board exercisable by the Authority) of those Regulations, the Board may exercise that function itself only in the event that the NHS BSA is unable to do so for reasons other than a failure by the Board to co-operate in a reasonable manner with the NHS BSA.

11.2 This means that although it remains the responsibility of the Board to determine the correct amount of the payment, (subject to the specific arrangements for making the annual adjustments determined by the Secretary of State which are set out in paragraph 2.9) it must be the NHS BSA that actually makes the payment to the contractor.

11.3 In practice, the Board will be responsible for loading payment data into the NHS BSA's computerised payment system, and this system will normally generate the amount of the payments to be made.

11.4 The NHS BSA has a responsibility (under entry 15 in column 3 of the Schedule to the Functions Regulations) for reporting to the Board evidence that it discovers in the course of carrying out its functions which it considers might be evidence of a breach of contract, an unlawful activity or an irregularity – or a matter which is otherwise unusual – but ultimate responsibility for ensuring that contractors are paid the correct amount rests with the Board. Indeed, the Board is responsible for any acts or omissions of the NHS BSA with regard to the payment functions that it has under the Functions Regulations, including the payment functions that the NHS BSA must perform on the Board's behalf (see regulation 2(4) (functions of the Board exercisable by the Authority) of the Functions Regulations).

11.5 Therefore, because the NHS BSA is effectively acting as the agent of the Board as regards the making of payments, the making of payments is referred to elsewhere in this SFE (see for example paragraph 11.7) as a function of the Board, even though the function is performed by the NHS BSA. As mentioned in the previous paragraph, this reflects the underlying legal liability, but in practice, references in this SFE to the Board making payments will need to be construed in accordance with the arrangements for making payments described in the preceding paragraphs of this Section.

11.6 However, where reference is made in this SFE to decisions with regard to the withholding of payments or the making of deductions (see for example the next

paragraph), these will need to be decisions of the Board, although the NHS BSA will be putting the decision into effect on the Board's behalf.

Overpayments and withheld amounts

11.7 Without prejudice to the specific provisions elsewhere in this SFE relating to overpayments of particular payments, if the Board makes a payment to a contractor under its PDS agreement pursuant to this SFE and—

- (a) the contractor was not entitled to receive all or part thereof, whether because—
 - (i) it or a person employed or engaged by it did not meet the eligibility criteria for the payment, or
 - (ii) the payment was calculated incorrectly (including where a payment on account overestimates the amount that is to fall due);
- (b) the Board was entitled to withhold all or part of the payment because of a breach of a condition attached to the payment, but is unable to do so because the money has already been paid; or
- (c) the Board is entitled to repayment of all or part of the money paid,

the Board may recover the money paid by deducting an equivalent amount from any payment payable pursuant to this SFE (in instalments, where that is appropriate), and where no such deduction can be made, it is a condition of the payments made pursuant to this SFE that the contractor must pay to the Board that equivalent amount.

11.8 Where the Board is entitled pursuant to this SFE to withhold all or part of a payment because of a breach of a payment condition, and the Board does so or recovers the money by deducting an equivalent amount from another payment in accordance with paragraph 11.7, it may, where it sees fit to do so, reimburse the contractor the amount withheld or recovered, if the breach is cured.

Underpayments and late payments

11.9 Without prejudice to the specific provisions elsewhere in this SFE relating to underpayments of particular payments, if the full amount of a payment that is payable pursuant to this SFE has not been paid before the date on which the payment falls due, then unless—

- (a) this is with the consent of the contractor; or
- (b) the amount of, or entitlement to, the payment, or any part thereof, is in dispute,

once it falls due, it must be paid promptly (see regulation 17(1) (finance) of the PDS Agreements Regulations).

11.10 If the contractor's entitlement to the payment is not in dispute but the amount of the payment is in dispute, then once the payment falls due, pending the resolution of the dispute, the Board must—

- (a) pay to the contractor, promptly, an amount representing the amount that the Board accepts that the contractor is at least entitled to; and
- (b) thereafter pay any shortfall promptly, once the dispute is finally resolved.

11.11 However, if a contractor has—

- (a) not claimed a payment to which it would be entitled pursuant to this SFE if it claimed the payment; or
- (b) claimed a payment to which it is entitled pursuant to this SFE but the Board is unable to calculate the payment until after the payment is due to fall due because it does not have the information it needs in order to calculate that payment (all reasonable efforts to obtain the information having been undertaken),

that payment is (instead) to fall due on the contractor's Monthly Payment Date in the month after the month during which the Board obtains the information it needs in order to calculate the payment.

Payments on account

11.12 Where the Board and the contractor agree (but the Board's agreement may be withdrawn where it is reasonable to do so and if it has given the contractor reasonable notice thereof), the Board must pay to a contractor on account any amount that is—

- (a) the amount of, or a reasonable approximation of the amount of, a payment that is due to fall due pursuant to this SFE; or
- (b) an agreed percentage of the amount of, or a reasonable approximation of the amount of, a payment that is due to fall due pursuant to this SFE,

and if that payment results in an overpayment in respect of the payment, paragraph 11.7 applies.

Time limitation for claiming payments

11.13 Subject to paragraphs 11.14 and 11.15, contractors are only eligible for payments under this SFE if they are claimed within three months of the date on which they could first have fallen due.

11.14 Subject to paragraph 11.15, a contractor is only eligible to receive reimbursement in respect of non-domestic rates under Section 10–

- (a) where it is claiming a single payment of the full amount due as a reimbursement in respect of any financial year, if it makes a valid application within three months of the date in the Demand Notice on which the full amount of its non-domestic rates for that financial year falls due;
- (b) where it is claiming two payments, each of half the full amount due as a reimbursement in respect of any financial year, if in relation to each application for a payment it has made a valid application within three months of the date in its Demand Notice on which the corresponding six-monthly amount of its non-domestic rates for that financial year falls due; or
- (c) where it is claiming reimbursement of monthly instalments of non-domestic rates in monthly instalments, if it has made a valid application within three months of the date on which the first of the monthly instalments of non-domestic rates falls due.

11.15 The Board may waive the eligibility criteria in paragraphs 11.13 and 11.14 in any case where it considers it is reasonable in all the circumstances to do so.

Payments to or in respect of suspended dentists whose suspension ceases

11.16 If the suspension of a dental practitioner from the Dental Performers List ceases, and–

- (a) that dental practitioner enters into a PDS agreement, any payments that the dental practitioner received under a determination made under regulation 13(1) (payment during suspension) of the Performers Lists Regulations^a may be set off, equitably, against the payments that the dental practitioner is entitled to receive under his PDS agreement pursuant to this SFE; or
- (b) a contractor is entitled to any payments in respect of that dental practitioner pursuant to this SFE and a payment was made to the dental practitioner pursuant to a determination made under regulation 13(1) of the Performers Lists Regulations^b but the dental practitioner was not entitled to receive all or any part thereof, the amount to which the dental practitioner was not entitled may be set off, equitably, against the payments that the contractor is entitled to in respect of that dental performer pursuant to this SFE.

Effect on periodic payments of termination of a PDS agreement

^a See The Performers Lists (Suspended Dentists' NHS Earnings) Determination 2013 at Annex 1.

^b See The Performers Lists (Suspended Dentists' NHS Earnings) Determination 2013 at Annex 1.

11.17 If a PDS agreement under which a periodic payment (generally, the monthly agreement payments) is payable pursuant to this SFE is terminated before the end of the period to which it relates, a proportion of that payment is to fall due on the last day on which the agreement has effect. The amount of the period payment payable is to be adjusted by the fraction produced by dividing—

- (a) the number of days during the period to which the payment relates for which the PDS agreement has effect; by
- (b) the total number of days in that period.

11.18 This is without prejudice to any arrangements for the recovery of money paid under the PDS agreement that is recoverable as a result of the agreement terminating or any breach thereof.

Overpayment and termination of a PDS agreement

11.19 If a PDS agreement is terminated before the end of the period to which it relates, under which a periodic payment (generally, the monthly agreement payments) is payable pursuant to this SFE, the Board must perform a reconciliation of the payments made by the Board to the Contractor under the agreement. The Board must serve the Contractor with written details of the reconciliation as soon as reasonably practicable, and in any event no later than four months after the termination of the agreement, in respect of all outstanding payments due to the contractor from the Board and any patient charges due to be paid by the contractor to the Board.

11.20 Payments pursuant to this SFE and the reconciliation statement referred to in 11.19 above —

- (a) payable to the contractor by the Board must be paid in accordance with 11.17(a) and (b) above in respect of the amount of periodic payment payable, and
- (b) that have been made to a contractor by the Board to which that contractor was not entitled may be recovered by the Board by deducting an equivalent amount from any payment payable pursuant to this SFE.

11.21 If after 2 months of the reconciliation statement being produced the contractor has not disputed the reconciliation statement, that reconciliation statement will be the amount either payable to the contractor or recoverable from the contractor, whether or not, if the reconciliation statement had been disputed, that would have led to an amended reconciliation.

11.22 Where payments pursuant to this SFE have been paid by the Board to the contractor and it is not possible for the Board to recover the money paid by deducting an equivalent amount from any payment payable pursuant to this SFE, the contractor must pay to the Board that equivalent amount in accordance with regulation 17(b) of the PDS Agreement Regulations, and 11.7 above.

Dispute resolution procedures

11.23 Any dispute arising out of or in connection with this SFE between the Board and a contractor is to be resolved as a dispute arising out of or in connection with the contractor's PDS agreement, i.e. in accordance with the NHS dispute resolution procedures or by the courts (see Part 7 of Schedule 3 to the PDS Agreements Regulations).

11.24 The procedures require the contractor and the Board to make every reasonable effort to communicate and cooperate with each other with a view to resolving the dispute between themselves before referring it for determination.
