AMENDMENTS TO THE DRUG TARIFF

October 2017

1. In accordance with regulation 89(3) of the National Health Service (Pharmaceutical and Local Pharmaceutical Services) Regulations 2013 (“the 2013 Regulations”), the Secretary of State for Health as respects England and in accordance with regulation 41(4) of the National Health Service (Pharmaceutical Services) (Wales) Regulations 2013, the Welsh Ministers* as respects Wales have amended the Drug Tariff and determinations made in respect of the amendments to the Drug Tariff shall have effect from 1 August 2015.

For England, by virtue of regulation 91(1) of the 2013 Regulations, the NHS Commissioning Board (“the Board”) has been appointed as a determining authority in relation to the pharmaceutical remuneration listed Schedule 8 to the 2013 Regulations (ie types of service remuneration) and remuneration for advanced services. This means that both the Secretary of State and the Board are able to determine remuneration in these areas, although if the Secretary of State determines remuneration in these areas, he is required to notify the Board of his intention to do so before doing so. As part of a phased transfer of responsibilities between the Secretary of State and the Board, the Board will be acting as the lead determining authority in relation to the following Parts:

- Part IIIA
- Part IIIB
- Part VIA
- Part VIB
- Part VIC (up to Pharmaceutical Services (Advanced and Enhanced Services)(England) Directions 2013)

By virtue of Part VIE, the Board is also a determining authority for England for the remuneration for enhanced services and acts as the lead determining authority in that area.

The Secretary of State is the sole determining authority for all other Parts.

Part VII, XI, XIIA, XIVD, XVIIID and XXI are rescinded in this edition of the Drug Tariff.

Before the Secretary of State, NHS Commissioning Board and the Welsh Ministers make further determinations they will consult with such organisations as appear to be representative of persons to whose remuneration the determination would relate and such other persons as they consider appropriate in respect of determinations which relate to persons providing pharmaceutical services, or a category of such services in accordance with section 165 of the National Health Service Act 2006 and section 89 of the National Health Service (Wales) Act 2006, regulations made under those sections and under section 164 of the National Health Service Act 2006 and section 88 of the National Health Service (Wales) Act 2006.

PREFACE

2. Please note that you are now being supplied each month with the Drug Tariff which incorporates all amendments to date. All entries showing a change in price are not specifically included in this preface but are indicated in the Drug Tariff by ∇ for price reduction and \triangle for price increase; changes to the text relating to code, product description, or the inclusion of a new product are indicated by a vertical line in the margin.
3. While every effort is made to ensure that each monthly publication of the Drug Tariff includes all amendments made by the Secretary of State and the Welsh Ministers to the price applicable to the relevant period, the need to observe printing deadlines sometimes defeats those efforts. Any omitted amendments will be effective from the date on which they came into force, even if publication of the details is unavoidably delayed.

* Functions of the National Assembly for Wales have transferred to Welsh Ministers in accordance with section 162 of and paragraph 30 of Schedule 11 to the Government of Wales Act 2006.

DEFINITIONS

- (a) Except where the context otherwise requires, the terms to which a meaning is assigned by the Regulations or the Terms of Service have the same meaning in this Tariff.
- (b) The term 'contractor' has for Wales the same meaning as 'chemist' as defined in the National Health Service (Pharmaceutical Services) Regulations 1992 and for England the same meaning as 'NHS chemist' as defined in the National Health Service (Pharmaceutical and Local Pharmaceutical Services) Regulations 2013. LPS chemists will also need to be paid at least part of their remuneration (depending on the terms of their scheme) in accordance with the Drug Tariff, and so at least some references to 'contractor' will apply equally to them.
- (c) A pharmacy contractor is a person with whom the NHS Commissioning Board (NHSCB) for England and Local Health Board (LHB) for Wales has made arrangements for the provision of pharmaceutical services in respect of the supply of drugs, appliances and chemical reagents.
- (d) An appliance contractor is a person with whom the NHSCB for England and LHB for Wales has made arrangements for the provision of pharmaceutical services so far as it relates to the supply of appliances included within Part IXA/B/C of this Tariff.
- (e) The term persons includes a body of persons corporate or unincorporate.
- (f) The term Pricing Authority means, as the case may require, the NHS Business Services Authority (NHSBSA) or the NHS Wales Shared Services Partnership (NWSSP).
- (g) The term appliances as used in this Tariff includes dressings.
- (h) The term prescription refers to an item on a prescription form or dispensed in accordance with a repeatable prescription.
- (i) The term prescription form includes, where appropriate, a repeatable prescription.
- (j) The term pharmacy means any premises where drugs are provided by a pharmacist or pharmacy business as part of pharmaceutical services under section 126 (arrangements for pharmaceutical services) for England of the National Health Service Act 2006 and Section 80 of the National Health Service (Wales) Act 2006.
- (k) Specials are unlicensed medicinal products manufactured in the UK for human use which have been specially prepared to meet a prescription ordered for individual patients without the need for the manufacturer to hold a marketing authorisation for the medicinal product concerned.
- (l) Imported products are unlicensed medicinal products sourced from outside the UK under an importers licence issued by the MHRA. These products have been specially sourced to meet a prescription ordered for individual patients without the need for the importer to hold a marketing authorisation for the medicinal product concerned.

In the preparation of this Tariff the Secretary of State for Health and the Welsh Ministers have consulted the Pharmaceutical Services Negotiating Committee.

REQUIREMENTS FOR THE SUPPLY OF DRUGS, APPLIANCES AND CHEMICAL REAGENTS**CLAUSE 5C TIMETABLE FOR PAYMENTS FOR ENGLAND****1. Pharmacy Contractors**

Pharmacy Contractors will be paid monthly via NHSBSA. Payments will be detailed in the FP34 Schedule of Payment, which pharmacy contractors will receive approximately 5 working days before payment.

Payments will be made monthly and comprise of the following elements:

1. An estimated 100% advance payment for prescriptions submitted one month earlier (dispensed two months earlier). This payment is based on the total items declared on the FP34C submission document and the latest available average Net Ingredient Cost (NIC) for that pharmacy, less the value of prescription charges collected and declared on the FP34C submission document;

Formula for calculating estimated advance payment

Average Net Ingredient Cost of the prescriptions * x number of items declared on submission document less the value of prescription charges declared as collected at the rate payable on the date of dispensing

2. plus the full value of the priced prescriptions submitted two months earlier (dispensed three months earlier);
3. minus the recovery of the estimated 100% advance payment paid the previous month related to the prescriptions submitted two months earlier (dispensed three months earlier).

For example, August's payment will comprise the 100% advance payment for prescriptions submitted in July (dispensed in June) with the full value of the priced prescriptions less the recovery of the estimated 100% advance payment for prescriptions submitted in June (dispensed in May).

NOTE: for the purposes of explanation, part 1 of the payment will be called 'the advance payment' and parts 2 and 3 together will be called the 'reconciliation'.

From April 2013, contractors will be paid according to either of two payment timetables available. All pharmacy contractors will be paid to timetable A unless they have enrolled in the Pharmacy Earlier Payment Scheme (timetable B).

Timetable A:

Pharmacy contractors will be paid a single payment, which will comprise of all the elements outlined above.

**The value of (-) could be a positive, negative or zero.

REQUIREMENTS FOR THE SUPPLY OF DRUGS, APPLIANCES AND CHEMICAL REAGENTS**Timetable B:**

The Pharmacy Earlier Payment Scheme (the 'Scheme'), introduced for prescriptions dispensed in April 2013 and onwards, is a privately financed, voluntary arrangement between pharmacy contractors and Citibank and facilitated by NHSBSA.

Under the scheme, pharmacy contractors may choose to access their 100% advance payment earlier than timetable A at the cost of interest paid. They can use either automatic financing or manual financing. Under automatic financing, pharmacy contractors will automatically be paid their 100% advance payment (less interest) by Citibank. Under manual financing, pharmacy contractors will need to request the funds each time they wish to access the early financing. Further information on the scheme can be found at http://www.citibank.com/transactionservices/home/supplier_finance/pharmacypayment/

ALL payments to those contractors enrolled in the Scheme will be made through Citibank.

Pharmacy contractors enrolled in the Scheme may access the 100% advance payment prior to the date outlined in timetable A. Depending on whether the reconciliation element of the payment is positive, a pharmacy contractor may receive a further payment in a month.

- Advance payment - 100% advance payment for prescriptions dispensed one month earlier may be accessed from day 8 or 12 of the month the prescriptions are submitted for pricing. To access the funds from:
 - Day 8 - Pharmacy contractors must ensure delivery of the prescription forms with the correctly completed FP34C to the NHSBSA by the 3rd day of the month.
 - Day 12 - Pharmacy contractors must ensure delivery of the prescription forms with the correctly completed FP34C to the NHSBSA by the 8th day of the month.

Where the 3rd/8th day of the month falls on a weekend or bank holiday, delivery must be secured on the next working day following this date. Where the NHSBSA receives delivery after the 8th day of the month (or the next working day where this falls on a weekend or bank holiday), all payments for the month will be paid according to timetable A.

- Reconciliation payment:
 - Positive reconciliation - Pharmacy contractors will be paid the reconciliation payment according to timetable A.
 - Negative reconciliation - NHSBSA will recover the value of the overestimate from the 100% advance payment paid the following month.

Where a pharmacy contractor using manual financing does not access the advance payment prior to the date outlined in timetable A, all payments for the month will be paid according to timetable A.

Table 2 - The table below provides a summary of key submission and payment dates.

Prescriptions received by NHSBSA	Pharmacy receives advance payment element from Citibank	Pharmacy receives positive reconciliation payment from Citibank	NHSBSA recover negative reconciliation payment from Pharmacy through Citibank
3rd of the month*	8th of the month*	Normal payment date, usually 1st of following month	As a deduction from next available advance payment
No later than the 8th of the month*	12th of the month*	Normal payment date, usually 1st of following month	As a deduction from next available advance payment
After 8th of the month*	Normal payment date, usually 1st of following month	Normal payment date, usually 1st of following month	As a deduction from next available advance payment

*If days referred to above fall on a weekend or bank holiday, the next available working day will be applied.

2. **Appliance Contractors**

Appliance contractors will be paid as outlined in Clause 5B(ii) on the first day of every month unless the payment date falls on a weekend or bank holiday. In these instances, the payment date is brought forward to the nearest working day except when 1 April falls on a weekend or bank holiday. In this instance, the payment date is moved to be the first working day of April

**REQUIREMENTS ENABLING PAYMENTS TO BE MADE FOR THE SUPPLY OF DRUGS,
APPLIANCES AND CHEMICAL REAGENTS**

CLAUSE 6 INFORMATION RELATING TO THE IDENTIFICATION OF THE PRESCRIBER

Where a contractor provides the drugs or appliances ordered on any NHS prescription form, except forms issued by a Dental Practitioner, the Pricing Authority may return the prescription form to the contractor (as a referred back) if there is no prescriber code(s) present on the prescription form and request that the contractor seek the appropriate code(s).

Where the contractor is able to identify the appropriate code(s), they shall endorse the prescription with the code and return it to the Pricing Authority. Where the contractor is unable to identify the appropriate code(s), they shall endorse the prescription to indicate that they have been unable to locate the code and return it to the Pricing Authority to be paid. Returned prescriptions shall be priced using the Drug Tariff relevant to the month in which the prescription is returned to the Pricing Authority.

CLAUSE 7 PAYMENTS FOR DRUGS, APPLIANCES AND CHEMICAL REAGENTS

- A The price on which payment is based for a quantity of a drug, appliance or chemical reagent supplied is calculated proportionately from the basic price (see Clause 8 - Basic Price).
- B Subject to the provisions of Clause 10 (Quantity to be supplied) payment will be calculated on the basis that the exact quantity ordered by the prescriber has been supplied.
- C Where a prescription form has been returned to the contractor for endorsement or elucidation and it is returned to the Pricing Authority unendorsed, or incompletely endorsed, or without further explanation, then the price for the drug, appliance or chemical reagent which it orders shall be determined by the Secretary of State for Health and the Welsh Ministers.

CLAUSE 8 BASIC PRICE

- A The basic price for those drugs, appliances and chemical reagents ordered by a name, or a synonym of that name, included in Parts VIII or IX shall be the price listed in the Drug Tariff.
- B In exceptional circumstances, where, in the opinion of the Secretary of State for Health and the Welsh Ministers, there is no product available to contractors, at the price in Part VIII, claims for reimbursement for a product with a higher price than that listed may be accepted. Such claims shall be made by endorsement as set out in Clause 9C but only in the circumstances described in that Clause. If the Secretary of State for Health and the Welsh Ministers are satisfied that the contractor was not able reasonably to obtain the product at a lower price, the basic price shall be the list price, for supplying to contractors, of the product and pack size so used, or such other price as the Secretary of State for Health and the Welsh Ministers shall determine.
The Secretary of State for Health and the Welsh Ministers will publish details of any preparations to which this applies and the month(s) in which it applies. The Secretary of State for Health and the Welsh Ministers may in addition specify the products for which endorsement will be accepted.
- C The basic price for a drug which is not listed in Part VIII of the Tariff shall be the list price, for supplying to contractors, of the pack size to be used for a prescription for that quantity, published by the manufacturer, wholesaler or supplier. In default of any such list price, the price shall be determined by the Secretary of State for Health and the Welsh Ministers.

CLAUSE 9 ENDORSEMENT REQUIREMENTS

- A Contractors shall endorse prescription forms for drugs, appliances and chemical reagents listed in this Tariff as required by this Clause and when so required by the provisions of Part II Clauses 10 (Quantity to be Supplied) and 11 (Broken Bulk), Part III (Fees), Notes to Part VIII B and Note 2 to Part IX A/B/C (Appliances).
- B Prescriptions for drugs not listed in Part VIII of the Tariff shall be endorsed by the contractor with the pack size from which the order was supplied and, if the order is in pharmacopoeial or 'generic' form, with the brand name or the name of the manufacturer or wholesaler from whom the supply was purchased. Where the preparation is in Part VIII A of the Tariff, endorsement of pack size is not necessary except for products in Category C that have more than one pack size listed. Where additional specific endorsement is necessary, contractors shall endorse prescription forms when so required by the provisions of Part II Clauses 10 (Quantity to be Supplied) and 11 (Broken Bulk), Part III (Fees) and Notes to Part VIII B.
- C Where the preparation is in Part VIII of the Tariff and, as described in Clause 8B, in the opinion of the Secretary of State for Health and the Welsh Ministers there is no product available to contractors at the appropriate price, endorsements of brand name or of manufacturer or wholesaler of the product and pack size so used may be accepted. Contractors shall not so endorse unless they have made all

**REQUIREMENTS ENABLING PAYMENTS TO BE MADE FOR THE SUPPLY OF DRUGS,
APPLIANCES AND CHEMICAL REAGENTS**

reasonable efforts to obtain the product at the appropriate price but have not succeeded. The endorsement shall be initialled and dated by or on behalf of the contractor, and shall be further endorsed "no cheaper stock obtainable" or "NCSO" to indicate that the contractor has taken all such responsible steps.

- D Where insufficient information is available to enable the Pricing Authority to process the prescription, the form (or a copy of the original form) shall be returned to the contractor who shall endorse the prescription form (or copy) with the information requested. Returned prescriptions shall be priced using the Drug Tariff relevant to the month in which the prescription is returned to the Pricing Authority.
- E Where a contractor supplies a quantity at variance with that ordered, ie under the provisions set out in Clause 10 (Quantity to be Supplied), the prescription shall be endorsed with the quantity supplied.

CLAUSE 10 QUANTITY TO BE SUPPLIED

- A Subject to the requirements of the Weights and Measures (Equivalents for Dealing with Drugs) Regulation, 1970, with regard to the supply in metric quantities of orders expressed in imperial quantities, payment will normally be calculated on the basis that the exact quantity ordered by the prescriber has been supplied, except only of those preparations referred to in B below:

B Drugs and Chemical Reagents in Special Containers.

Where the quantity ordered by the prescriber does not coincide with that of an original pack and the drug or chemical reagent is:

- (i) Sterile
- (ii) Effervescent or hygroscopic, or
- (iii) (a) Liquid preparations for addition to bath water
- (b) Coal Tar preparations
- (c) Viscous external preparations
- (iv) Packed in a castor, collapsible tube, drop-bottle, pressurised aerosol, puffer pack, roll-on bottle, sachet, shaker, spray, squeeze pack, container with an integral means of application, or any other container from which it is not practicable to dispense the exact quantity:

the contractor shall supply in the special container or containers the quantity nearest to that ordered and endorse the prescription form with the number and size of those containers. Although payment will normally be based on the quantity nearest to that ordered, some items are available in a larger size pack or container than that normally required pursuant to orders on prescription forms. Where the amount ordered on a prescription form, or the frequency of supply, justifies supply from such larger size pack or container, payment will be based on the cost of that larger size in the absence of endorsement.

* Products included in Clause 10B(iii) are listed on page 23 and page 24.

CLAUSE 11 BROKEN BULK

- A This clause applies to drugs (including ingredients used when preparing a special under the manufacturing part of the Section 10 exemption from the Medicines Act 1968 on the pharmacy premises), incontinence and stoma appliances in Part IXB and IXC, chemical reagents, with the following exceptions: items supplied in special containers covered by Clause 10B, drugs listed in Category A and M whose smallest pack size has a price of less than £50 and specials and imported products covered by Part VIII B.
- B When the quantity ordered on a prescription form is other than the minimum quantity the manufacturer, wholesaler or supplier is prepared to supply and the contractor, having purchased such minimum quantity as may be necessary to supply the quantity ordered cannot readily dispose of the remainder, payment will be made for the whole of the quantity purchased. Subsequent prescriptions, received during the next six months, will be deemed to have been supplied from the remainder and no further payment will be made to drug costs other than fees and consumables and container allowances until that remainder has been or is deemed to have been used up. Thereafter, contractors must endorse prescription forms to indicate when a claim for payment is being made. The prescription form must be endorsed 'BB' and with the pack size supplied to claim payment.

**REQUIREMENTS ENABLING PAYMENTS TO BE MADE FOR THE SUPPLY OF DRUGS,
APPLIANCES AND CHEMICAL REAGENTS**

CLAUSE 12 OUT OF POCKET EXPENSES

Where, in exceptional circumstances, out-of-pocket expenses have been incurred in obtaining a drug, appliance or chemical reagent other than those priced in Part VIIIA Category A and M, Part VIIB, Part IXA, Part IXR of the Tariff and all other specials and imported products not listed and not required to be frequently supplied by the contractor, or where out-of-pocket expenses have been incurred in obtaining oxygen from a manufacturer, wholesaler or supplier specially for supply against a prescription, where such expenses on any occasion exceed 50p payment of the full amount may be made where the contractor sends a claim giving particulars to the Pricing Authority on the appropriate prescription form. The endorsement shall be 'XP' or 'OOP' to indicate the contractor has taken all reasonable steps to avoid claiming.

CLAUSE 13 RECONSTITUTION OF CERTAIN ORAL LIQUIDS

- A This clause applies to antibacterial, antiviral or antifungal preparations listed in 5.1, 5.2 and 5.3 (except 5.3.1) of the British National Formulary (BNF), which are for oral administration and requires reconstitution from granules or powder.
- B When the quantity reconstituted from an original pack or packs is unavoidably greater than the quantity ordered and it has not been possible for the contractor to use the remainder for or towards supplying against another prescription, payment will be calculated from the Basic Price of the preparation and will be based on the nearest pack or number of packs necessary to cover the quantity ordered.

**REQUIREMENTS ENABLING PAYMENTS TO BE MADE FOR THE SUPPLY OF DRUGS,
APPLIANCES AND CHEMICAL REAGENTS**

CONSUMABLES AND CONTAINERS

See Part I Clause 5B 1 (iii)

1. A Pharmacy Contractor shall supply in a **suitable container** any drug which he is required to supply under Part II of Schedule 2 to the Regulations.

Capsules, tablets, pills, pulvules etc shall be supplied in airtight containers of glass, aluminium or rigid plastics; card containers may be used only for foil/strip packed tablets etc.
For ointments, creams, pastes, card containers shall not be used

Eye, ear and nasal drops shall be supplied in dropper bottles, or with a separate dropper where appropriate.

2. Payment for **consumables** used when dispensing is at the average rate of **1.24p** per prescription for every prescription (except an oxygen prescription) supplied by contractors.

This payment includes

- Provision for supply of either a 5ml plastic measuring spoon (which shall comply with BS 3221:Part 6:1987), or a 1ml, 5ml or 10ml plastic oral syringe measure with every oral liquid medicine, except where the manufacturer's pack includes one. Plastic oral syringe measures must be clearly labelled 'oral' and/or 'enteral' in a large font size, comply with appropriate British or European Standards (BS 3221:Part 7:1995 or an equivalent European Standard for the 5ml syringe) and be wrapped together with a bottle adaptor and instructions. Choice of whether a spoon or syringe (and its size) is supplied will depend on the nature of the medication regime.
 - In very exceptional circumstances, or where specifically requested by the prescriber, dilution may still take place. The prescription should be endorsed accordingly.
 - Provision for supply of a dropper bottle or separate dropper with every prescription for a medicine which is for administration to or via the ear, eye or nose, or a vaginal applicator with every prescription for contraceptive gel or cream, except where the manufacturer's pack includes one.

 - Where the pack size is unknown by the Pricing Authority, the pack size endorsed by the contractor.

For contractors who have dispensed any drug except for oral liquid methadone against an FP10MDA prescription form, as a temporary measure, for prescriptions dispensed from April 2013, this payment will be made once per instalment ie per dispensing to the patient, regardless of whether the quantity ordered per dispensing was available as a listed pack size. For oral liquid methadone, this payment will only be made where the total volume prescribed is outside a pack size listed in Part VIII A Drug Tariff listed pack (or a multiple of).

4. Payment for consumables and containers is payable to pharmacy contractors only.

PAYMENT FOR ESSENTIAL SERVICES (PHARMACY CONTRACTORS)

1. Establishment Payments**England**

- 1.1 Pharmacy contractors who dispense the stated number of prescription items or more in any month will receive an Establishment Payment from 1 April 2005.
- 1.2 In England, pharmacy contractors who dispense 2,500 prescription items or more in any month from 1 April 2017 will receive an Establishment Payment as set out in the table below:

Number of items per month from 1 April 2017	Monthly Establishment Payments from 1 April 2017
2,500 - 2,829	£1,164
2,830 – 3,149	£1,210
3,150+	£1,255

- 1.3 Contractors who received no establishment payment in a particular month, or months, or an establishment payment at the lower rather than the higher levels from April to November 2016 may be eligible for a top up payment. This applies where, between April and November 2016, a contractor has dispensed a total number of items, which would have qualified it for a higher establishment payment if the dispensing had been distributed evenly across that eight month period.

The top up payments are set out below:

- a have dispensed 20,000 to 22,639 items, but have not otherwise received establishment payments in respect of those months totalling up to £15,519, receive a top up payment so that they do so;
- b have dispensed 22,640 to 25,199 items, but have not otherwise received establishment payments in respect of those months totalling up to £16,127, receive a top up payment so that they do so;
- c have dispensed 25,200 or more items, but have not otherwise received establishment payments in respect of those months totalling up to £16,733, receive a top up payment so that they do so.

Contractors, who are eligible for a top-up payment, may make a claim to the NHSCB for England. They should submit the claim by the following 30 November, copies of FP34 statements for the relevant period (April 2016 to November 2016) as evidence of the total number of prescription items passed for payment during this period.

Number of items per month for 1 April 2016 to 31 March 2017	Establishment Payment for 1 April 2016 to 31 March 2017
2,500 - 2,829	£23,278
2,830 – 3,149	£24,190
3,150+	£25,100

- 1.6 Establishment Payments from 1 April 2016 will be as set out in paragraph 1.4 as applied from 1 April 2016 to 31 March 2017.
-

PAYMENT FOR ESSENTIAL SERVICES (PHARMACY CONTRACTORS)

- 1.7 The Establishment Payment will be paid monthly, calculated as 1/12th of the payment, on the basis of the number of prescription items submitted, and reimbursed by the Pricing Authority, in the relevant month.
- 1.8 Where total monthly payments in relation to prescriptions passed for pricing for the period April to March are less than the amount which would have been paid had the payment been calculated on an annual basis, pharmacy contractors may make a claim for a top up payment to the LHB for Wales. They should submit, by the following 30 November, copies of WP34 statements for the relevant period (April to March) as evidence of the total number of prescription items passed for pricing during this period.

2. Practice Payments
England only

- 2.1 In December 2016 Practice Payments were consolidated into the single activity fee. However, where total monthly practice payments in relation to prescriptions passed for pricing for the period April 2016 to November 2016 are less than the amount which would have been paid had the payment been calculated on the basis of the total of the relevant payments set out in the tables 1, 2 and 3, pharmacy contractors may make a claim for a top up payment to the NHSCB for England. They should submit, by 30 November, copies of FP34 statements for the relevant period (April to November) as evidence of the total number of prescription items passed for pricing during this period.
- 2.1.1 Where, in any month between April 2016 and November 2016, Practice Payments were paid at a lower level because minimum dispensing staff levels were not met, those months shall be disregarded (in terms of both the number of items passed for pricing and the payments received) when calculating the amount of any top up payment which may be payable.
- 2.1.2 Where, in any month between April 2016 and November 2016, Practice Payments were paid at a lower level because a pharmacy contractor did not declare dispensing staff levels, those months shall be disregarded (in terms of both the number of items passed for pricing and the payments received) when calculating the amount of any top up payment which may be payable, unless the pharmacy contractor can satisfy the NHSCB for England that their dispensing staff levels were sufficient in respect of table 4 for the relevant month.

- 2.4 Practice Payments will be paid monthly, calculated, subject to 2.5 to 2.8, as a proportion of the payment according to the number of months covered (ie 1/12th), on the basis of the number of prescription items submitted, and reimbursed by the Pricing Authority, in the relevant month.
- 2.5 From 1 October 2005, in order to receive the full Practice Payment pharmacy contractors must have, and must have declared to the Pricing Authority on the appropriate claim form for the relevant month minimum dispensing staff levels as set out in the table below:

PAYMENT FOR ESSENTIAL SERVICES (PHARMACY CONTRACTORS)

Number of items per month	Minimum dispensing staff level (Hours per week)*
2,000 - 3,499	40 hours
3,500 - 4,999	56 hours
5,000 - 6,499	75 hours
6,500 - 7,999	94 hours
8,000 - 9,499	112 hours
9,500 - 10,999	131 hours
11,000**	150 hours

* Dispensing staff include: a pharmacist; a non-practising pharmacist working as a dispenser; a pre-registration trainee (only half of the pre-registration trainees hours should be counted for this purpose) or an assistant trained to undertake the functions being performed. Where a staff member has multiple roles, only the number of hours spent supporting the dispensing process may be counted in the staffing declaration.

In determining the dispensing staff level to declare on the appropriate claim form the number of hours should be rounded as follows:

0.5 or less round down to the nearest whole number of hours

Above 0.5 round up to the nearest whole number of hours.

**Pharmacy contractors will be required to employ a staff member for an extra 19 hours per week for each additional 1,500 items the pharmacy contractor dispensed per month above 11,000 items.

- 2.6 From 1 October 2005, where for any month a pharmacy contractor has declared to the Pricing Authority dispensing staff levels lower than those set out in the table in 2.5 above, the Practice Payment for the relevant month will be paid at the level that would be paid if the pharmacy only dispensed the number of items at the lowest level in the band that corresponds in the above table to its declared dispensing staff levels.
- 2.7 From 1 October 2005, where for any month a pharmacy contractor has not declared dispensing staff levels to the Pricing Authority, the Practice Payment for the relevant month will be paid at the minimum level.
- 2.8 Subject to 2.8.1 and 2.8.2, where total monthly payments in relation to prescriptions passed for pricing for the period April to March are less than the amount which would have been paid had the payment been calculated on the basis of the total of the relevant payments set out in the tables in 2.3, pharmacy contractors may make a claim for a top up payment to the relevant LHB. They should submit, by 30 November, copies of WP34 statements for the relevant period (April to March) as evidence of the total number of prescription items passed for pricing during this period.
- 2.8.1 Where, in any month, Practice Payments were paid at a lower level because minimum dispensing staff levels were not met, those months shall be disregarded (in terms of both the number of items passed for pricing and the payments received) when calculating the amount of any top up payment which may be payable.
- 2.8.2 Where, in any month, Practice Payments were paid at a lower level because a pharmacy contractor did not declare dispensing staff levels, those months shall be disregarded (in terms of both the number of items passed for pricing and the payments received) when calculating the amount of any top up payment which may be payable, unless the pharmacy contractor can satisfy the relevant LHB that their dispensing staff levels were sufficient in respect of the table in 2.8 for the relevant month.

PAYMENT FOR ESSENTIAL SERVICES (PHARMACY CONTRACTORS)

3. Repeat Dispensing (Wales only)

- 3.1 All pharmacy contractors in Wales will receive a repeat dispensing annual payment of £1,500 from 1 April 2005. The payment will be paid monthly calculated as $1/12^{th}$ of the annual payment (£125 per month).
- 3.2 Pharmacists undertaking repeat dispensing should undertake appropriate training. Appropriate training for these purposes includes successful completion of Welsh Centre for Postgraduate Pharmaceutical Education's 'Repeat Dispensing'.

4. IM&T Services and Allowances (Wales)

- 4.1 The NHS Wales Informatics Service (NWIS) sets and delivers the strategic direction and corporate IM&T policy for Community Pharmacy in Wales.
- 4.2 There are parallel strategic developments within England and Wales in relation to the technical architectures that underpin the 'NHS Care Records Service' (England) and the 'Welsh GP Record' (Wales).
- 4.3 However, differences in direction and pace of these respective programmes have meant that Wales, via a national community pharmacy IM&T programme board of representative stakeholders, has determined appropriate and comparable solutions, deliverable through a pragmatic, phased approach.

Phase 1 - IT Infrastructure and Connectivity Services

- 4.4 In 2005/06, two allocations of £1,300 (ie a total of £2,600) were paid to all pharmacy contractors included, at that time, in a pharmaceutical list maintained by a Local Health Board in Wales. Pharmacy contractors were directed to ensure investment in systems to support the Programme's key objectives associated with Phase 1; specifically, that funding must be targeted to ensure any investment in IT is "fit for purpose" and capable of running the latest version of the pharmacy contractors' PMR system. The allocations applied only to pharmacy contractors included, at that time, in a pharmaceutical list maintained by a Local Health Board.
- 4.5 In addition, from 2007, a recurring 'connectivity' payment of £200pcm is made available to all contractors capable of secure/managed access to the NHS Wales network and its connectivity services, such as web eMail and HOWIS (Health of Wales Information Services).
- 4.6 With effect from 30 September 2010 the recurring 'connectivity' payment of £200pcm, include Phase 1 and Phase 2 services.

Phase 2 - Release 1 - 3

- 4.7 Phase 2 is being addressed as three 'Releases', consisting of:

Release Number	Service/System	Available Date	Maximum Deployment Timescale
1	NHS Wales-compliant Email service (<i>ENAS-Electronic NHS Alerts Service</i>)	1 April 2010	30 September 2010
2	ETP - 2D-Barcoded Prescription service	30 September 2010	30 September 2011
3	Electronic Transmission of Claims service	30 April 2017	31 March 2018

- 4.8 With effect from 31 March 2018 all Pharmacy Contractors are required to be compliant with Phase 2 Releases 1, 2 & 3.

Pharmacy contractors will be given at least three months' notice of their pharmacy IT system's capability to access each respective release of Phase 2. The following website shows the current status for each of the accredited systems/suppliers for Wales and status of all the Phase 2 Releases:
<http://howis.wales.nhs.uk/wmss>.

PAYMENT FOR ESSENTIAL SERVICES (PHARMACY CONTRACTORS)

- 4.9 Pharmacy Contractors **are required to** inform the NHS-Shared Services Partnership-Contractor Services division whenever: 1) they commence connectivity to their individual premises, 2) have a change of system supplier, 3) have a change of accredited connectivity provider. This advice must be submitted using the ETP1 or ETP2 Claim Form, as appropriate.
- 4.10 A pharmacy contractor must submit the appropriately completed ETP Monthly Allowance Claim Form to **NWIS** not later than the last day of the first month that the premises can demonstrate that it is able to operate the services in Phase 2 Releases 1, 2 & 3. This will instigate receipt of the monthly allowance for that month and subsequent months. The monthly recurring payment is subject to the pharmacy premises' ongoing compliance with the specified services and their terms. If at a later date a pharmacy premises becomes unable to comply with the requirements of this part they must as soon as is practicable notify their LHB and NWIS in writing of the date from which the pharmacy ceased to be compliant. The LHB may then determine whether payment of the recurring connectivity payment should be stopped on a permanent basis or suspended for a month (or period specified by the LHB). On resumption of the service, an updated ETP Monthly Allowance Claim Form should be submitted and connectivity and compliance to the services will have to be demonstrated by the pharmacy contractor.
- 4.11 LHBs may monitor and audit pharmacy contractor and individual premises compliance with the services in Phase 2 Releases 1, 2 & 3. Where NHS Wales audit and monitoring identify a pharmacy premises to be non compliant with the services in Phase 2 Releases 1, 2 & 3, and where that non compliance is within the control of the pharmacy contractor, action may result in the suspension of the recurring connectivity payment and NHS connectivity.
- 4.12 In 2007/08, to support the implementation requirements of Phase 2, an additional one-off payment of £1,000 was paid to all pharmacy contractors included, at that time, in a pharmaceutical list maintained by a LHB in Wales. The allocation applied only to pharmacy contractors included, at that time, in a pharmaceutical list maintained by a LHB.
- 4.13 Failure to place an order for respective Releases of a NHS Wales compliant system or service within three months following the maximum deployment date advised could result in the £1,000 allowance also being reclaimed.

Further Information

- 4.14 These allowances and guidelines will be published in Part VIA of the Drug Tariff, the most recent edition of which can be found online at: <http://www.nhsbsa.nhs.uk/PrescriptionServices/4940.aspx>
- 4.15 Further supplementary guidance on procedures to support the implementation of forthcoming developments will be provided, as appropriate.
5. **Scheme to engage Community Pharmacy in a proportionate response to the emerging pandemic Influenza infection (Wales only)**
- 5.1 Pharmacy Contractors in Wales who engage in the delivery of arrangements to enable the dispensing of antiviral medication from the national stockpile will receive the fee of £4 per item of this stock dispensed. No other fees or allowances will be payable for or in respect of items dispensed under this scheme.
- 5.2 This applies to stocks of antiviral medication delivered by LHBs to each community pharmacy across Wales in a pandemic situation namely:
- Oseltamivir (Tamiflu) all presentations**
- Oseltamivir Oral solution (NHS manufactured special) 15mg in 1ml**
- Zanamivir (Relenza)**
- 5.3 Under the scheme GPs will write WP10 prescriptions for patients as outlined in the Chief Medical Officers letter dated 2 July 2009 and community pharmacists will dispense these prescriptions in accordance with the essential services element of their contract.
- 5.4 The prescriptions for this treatment will be processed in the usual way through the prescription pricing system.
-

PAYMENT FOR ESSENTIAL SERVICES (PHARMACY CONTRACTORS)

- 5.5 The £4 per item of stock dispensed fee has been agreed in collaboration with Community Pharmacy Wales upon the principle that participation in the scheme should not afford the pharmacy contractor any loss of income nor should participation afford an opportunity to profit as a result of assisting in the delivery of services during a pandemic.
- 5.6 Fees and allowances as described above shall only be payable during an influenza pandemic and subject to notification of pharmacy contractors by the Welsh Government.
- 5.7 In situations other than an influenza pandemic, where a pharmacy contractor dispenses antiviral medication in accordance with the conditions described in Part XVIII B, normal remuneration and reimbursement mechanisms shall apply. Pharmacy contractors should not normally dispense antiviral medication from the national stockpile other than in those circumstances described above.
- 5.8 This provision applies to prescriptions dispensed on or after 1 December 2010.

PAYMENT FOR ESSENTIAL SERVICES (APPLIANCE CONTRACTORS)

1. Infrastructure Payments

- 1.1 Appliance contractors who dispense a stated number of prescription items in any month will receive an Infrastructure Payment from 1 April 2010.
- 1.2 Except where paragraph 1.4 applies the level of infrastructure payment will be as follows:
- within the first band, all Appliance Contractors will receive a fixed monthly payment of £150.00; and
 - in the remaining bands, Appliance Contractors will be paid a fee per each Part IXA, Part IXB and Part IXC item dispensed in that month

Band identifier	Number of Part IX prescription items dispensed in one month	Infrastructure payment
A	1 - 10	£150.00 fixed
B	11 - 1,000	£13.60 per item
C	1,001 - 35,000	£2.40 per item
D	35,000 +	£2.30 per item

- 1.3 Infrastructure payment does not have to be claimed but will be paid automatically each month.
- 1.4 Appliance contractors who have been added to the pharmaceutical list following a successful application which was granted after 1 July 2010 on the basis of the exemptions set out in regulation 13 of the NHS (Pharmaceutical Services) Regulations 2005 will not receive any infrastructure payment if they dispense less than 2,240 items in any month. If they dispense 2,240 items or more, they will receive £2.40 per item for items dispensed between 2,240-35,000 and £2.30 per item for items dispensed above 35,000. Similar applications are not possible under the NHS (Pharmaceutical Services) Regulations 2012.

2. Electronic Transmission of Prescriptions Allowances

- 2.1 The Electronic Prescription Service will be deployed in phases with two releases (Release 1 and Release 2) of ETP compliant pharmacy systems. Further details of service implementation and deployment can be found at <http://www.digital.nhs.uk>.
- 2.2 In order to be able to use the Electronic Prescription Service appliance contractors will need to have:
- an ETP compliant dispensing system accredited as such by NHS Digital (either Release 1 or Release 2)
 - appropriate network connectivity to be able to operate the Electronic Prescription Service (details of connectivity arrangements for appliance contractors will be made available by NHS Digital)
 - staff operating the service who are registered users and have been issued with smart cards and PIN numbers under the NHSCB's registration authority arrangements.
- 2.3 The release 1 allowance is paid only once, in relation to pharmaceutical services provided at the same premises irrespective of any subsequent merger or sale; or where there has been a relocation, there is no right to claim a further Release 1 allowance for the new relocated premises
- 2.4 A further allowance of £1,000 will be paid linked to the appliance contractor deploying Release 2 of the Electronic Prescription Service. Payment will be automatically triggered, when an appliance contractor submits a synthetic reimbursement endorsement message to NHS Prescription Services. This synthetic reimbursement endorsement message must be submitted to NHS Prescription Services by a date yet to be determined of which three months notice will be given, in order for the allowance to be paid.
-

PAYMENT FOR ESSENTIAL SERVICES (APPLIANCE CONTRACTORS)

- 2.5 The Release 2 allowance is paid only once, in relation to pharmaceutical services provided at the same premises irrespective of any subsequent merger or sale; or where there has been a relocation, there is no right to claim further Release 2 allowance for the new relocated premises.
- 2.6 Subject to the conditions in 2.2, an appliance contractor who operates Release 1 or Release 2 of the service if an appropriate prescription is presented or requested, shall be entitled to an ETP monthly allowance of £200 per calendar month from the NHSCB for each month that he is able to operate the service.
- 2.7 A contractor must submit an ETP Monthly Allowance Claim Form (previously known as form PPAETP1) to the NHSCB by the end of the first month that he is able to operate the service to receive the monthly allowance for that month and subsequent months. If at a later date the appliance contractor becomes unable to operate the Electronic Prescription Service, the contractor must inform the NHSCB in writing immediately so that the NHSCB can determine whether payment of the ETP monthly allowance should be stopped on a permanent basis or suspended for a month (or other period as specified by the NHSCB). When the EPS service is resumed, a completed ETP Monthly Allowance Claim Form will need to be resubmitted.
3. **Electronic Transfer of Prescriptions (Wales)**
- 3.1 The Electronic Transfer of Prescription (ETP) service for Wales will be deployed in phases with two separate releases (Release 1, 2D Barcoded Prescriptions and Release 2, Electronic Transmission of Claims) of ETP compliant pharmacy systems. Further details of service implementation and deployment can be found at <http://howis.wales.nhs.uk/wmss>.
- 3.2 In order to be able to use the full Electronic Transfer of Prescription service, Dispensing Appliance Contractors will need to have:
- an ETP compliant dispensing system, accredited as such by the NHS Wales (firstly Release 1 and then Release 2)
 - appropriate NHS Wales accredited network connectivity (details of which will be made available to Dispensing Appliance Contractors by NHS Wales), to be able to operate the full Electronic Transfer of Prescription service (specifically Release 2)
 - designated staff to operate the service who are registered users and have been notified to NHS Wales authorities.
- 3.3 Any Dispensing Appliance Contractors who have dispensed more than 1200 items in the 12 months preceding 1 April 2010 will be paid an allowance of £2,600 in their June 2010 payment. Payment will automatically be triggered and no claim form needs to be submitted. If an Appliance Contractor dispenses less than 1200 items in the 12 months before 1 April 2010 or they open after 1 April 2010, if they are in a position to operate Release 1 of the Electronic Transfer of Prescription service, they may claim the allowance of £2,600 by submitting an ETP3 Claim Form to the NHS Wales Business Services Centre. Claims must be made by 31 March 2011. After this date no further payments will be made in respect of Release 1.
- 3.4 The Release 1 allowance is paid only once, in relation to pharmaceutical services provided at the same premises irrespective of any subsequent merger or sale; or where there has been relocation, there is no right to claim a further Release 1 allowance for the new relocated Premises.
- 3.5 A further allowance of £1,000 will be paid linked to the Dispensing Appliance Contractor deploying Release 2 of the Electronic Transfer of Prescription service. Payment will be automatically triggered, when a Dispensing Appliance Contractor submits a synthetic reimbursement endorsement message to NHS Wales Prescription Services Unit. This synthetic reimbursement endorsement message must be submitted to NHS Wales Prescription Services Unit by a date yet to be determined of which three months' notice will be given, in order for the allowance to be paid.
- 3.6 The Release 2 allowance is paid only once, in relation to pharmaceutical services provided at the same premises irrespective of any subsequent merger or sale; or where there has been a relocation, there is no right to claim further Release 2 allowance for the new relocated premises.
-

PAYMENT FOR ESSENTIAL SERVICES (APPLIANCE CONTRACTORS)

- 3.7 Subject to the conditions in 3.2, a Dispensing Appliance Contractor who operates Release 1 or Release 2 of the service if an appropriate prescription is presented, shall be entitled to an ETP monthly allowance of £200 per calendar month from the LHB for each month that he is able to operate the service.
- 3.8 A Dispensing Appliance Contractor must submit an ETP1 Claim Form to the NHS Wales Business Service Centre by the end of the first month that he is able to operate the service to receive the monthly allowance for that month and subsequent months. If at a later date the Dispensing Appliance Contractor becomes unable to operate the Electronic Transfer of Prescription Service, the contractor must inform the LHB in writing immediately so that the LHB can determine whether payment of the ETP monthly allowance should be stopped on a permanent basis or suspended for a month (or other period as specified by the LHB). When the ETP service is resumed, a completed ETP1 Claim Form will need to be resubmitted.

ADVANCED SERVICES (PHARMACY AND APPLIANCE CONTRACTORS)(ENGLAND)

MEDICINES USE REVIEW, PRESCRIPTION INTERVENTION SERVICE, NEW MEDICINE SERVICE, STOMA CUSTOMISATION, APPLIANCE USE REVIEW, COMMUNITY PHARMACY SEASONAL INFLUENZA VACCINATION ADVANCED SERVICE AND NHS URGENT MEDICINE SUPPLY ADVANCED SERVICE PILOT SCHEME

Advanced Services (Pharmacy and Appliance Contractors)(England)

1. The Medicine Use Review and Prescription Intervention Service (MUR), New Medicine Service (NMS), Stoma Customisation, Appliance Use Review, the Community Pharmacy Seasonal Influenza Vaccination Advanced Service and the NHS Urgent Medicine Supply Advanced Service pilot scheme form part of the Advanced Services within the community pharmacy contractual framework. Stoma Customisation and Appliance Use Reviews are applicable to appliance contractors as well as pharmacy contractors. The relevant directions are now set out in the Pharmaceutical Services (Advanced and Enhanced Services)(England) Directions 2013, referred to in this Part as 'the principal Directions'.

Medicine Use Review and Prescription Intervention Service

2. A fee of £28 per MUR service consultation is payable with effect from 1 October 2011 to all pharmacy contractors meeting the requirements for this service. These are set out in directions 4 and 5 of the principal Directions.
3. Payment will be made up to a maximum of 400 MURs per pharmacy for the period commencing on 1 April and ending on 31 March in any year, with the exception of pharmacies that only start providing MURs after the start of the financial year but who do not notify the NHSCB that they are intending to start providing MURs and provide the NHSCB with the requisite MUR certificates before 1 October, in which case payment will be made to a maximum of 200 MURs per pharmacy.
4. Contractors will be paid monthly via the Pricing Authority. The claim for activity for each month must be made by submitting the appropriate form to the Pricing Authority no later than the 5th of the following month.

New Medicine Service**Monthly Fee**

5. A monthly payment will be paid for each completed full service intervention. The fee per intervention will be dependent on the number of interventions achieved for the month and whether any target has been achieved based on the monthly prescription volume of the pharmacy. The amount paid per service intervention starts at £20, but will increase with the volume of interventions subject to a target level being achieved and an overall cap of 0.5% of monthly prescription volume.
6. The payment to be made per service intervention and the number of interventions required per month to reach a target can be found in Table 1 below. If contractors fail to reach the first target level (20%) then all full service interventions provided will be paid at £20 each.
7. Where a target level is reached, all of the full service interventions provided up to that point are paid at the rate corresponding to the target. For example, where a pharmacy with a monthly prescription volume between 3501 to 4500 delivers 10 service interventions in the month (achieving the 40 per cent target rate) all 10 interventions will be reimbursed at the 40 per cent rate of £26 each.

8. The claim for activity for each month must be made by submitting the appropriate form to the Pricing Authority no later than 5th of the following month.

Stoma Customisation

9. In England, from 1 April 2010 a fee of £4.32 is payable for every Part IXC prescription item that can be customised¹. The fee does not have to be claimed and will be paid automatically to those pharmacy and appliance contractors who in England have informed the NHSBSA of their intention to provide stoma appliance customisation services as an advanced service by the end of the month before they start providing the service.
10. Contractors are however required to meet certain preconditions, set out below in direction 9 of the principal Directions, before the NHSCB is able to enter into arrangements with them to provide the service - and their ongoing entitlement to provide the service is subject to compliance with the conditions that the NHSCB is required to impose on them by virtue of direction 10 of the principal Directions.

¹Products that qualify for the stoma customisation fee have been annotated in the Drug Tariff.

Appliance Use Review

11. In England, from 1 April 2010 a fee is payable to all pharmacy and appliance contractors meeting the requirements for this service for each Appliance Use Review they have carried out. The requirements they have to meet are also set out below in directions 11 to 13 of the principal Directions. As with the stoma customisation, there are both preconditions that the contractor has to meet before the NHSCB is able to enter into arrangements with them (set out in direction 11 of the principal Directions), and ongoing entitlement to provide the service is subject to compliance with the conditions that the NHSCB is required to impose on them (see directions 12 and 13 of the principal Directions)
12. A Fee of £28 is payable for an Appliance Use Review conducted at premises managed by the pharmacy or appliance contractor. A fee of £54 is payable for a review conducted at the user's home. If, within a 24 hour period, reviews are conducted for several users living at the same location, the appliance or pharmacy contractor may claim £54 for the first review and £28 for each subsequent review.

ADVANCED SERVICES (PHARMACY AND APPLIANCE CONTRACTORS)(ENGLAND)

13. In England, the total number of Appliance Use Reviews that an appliance or pharmacy contractor may claim fees for will be limited to one for every 35 Part IXA (qualifying items), Part IXB and Part IXC prescription items dispensed for the period commencing on 1 April and ending on 31 March in any one year (see direction 13 of the principal Directions).
14. In England contractors will be paid monthly, via the Pricing Authority on receipt of the appropriate claim form in the relevant month.

Community Pharmacy Seasonal Influenza Vaccination Advanced Service

15. A fee of £7.64 will be paid for each adult flu vaccination administered by a pharmacy contractor. An additional fee of £1.50 will be paid to cover training and clinical waste costs associated with the vaccination.
16. Pharmacy contractors will be reimbursed the cost of the vaccine in accordance with Part II, Clause 8C (Basic Price) of the Drug Tariff. An allowance at the applicable VAT rate will also be paid.
17. The fees will be payable only to contractors meeting the requirements of the service. These are set out in directions 7A and 7B of the principle Directions and the service specification.
18. Payments will be made monthly, via NHS Prescription Services on receipt of the Community Pharmacy Seasonal Influenza Vaccination claim form. The form must be sent with the FP34C reimbursement and remuneration claim form and received no later than the 5th day of the month following that in which the vaccination was administered.

NHS Urgent Medicine Supply Advanced Service (NUMSAS) pilot scheme

19. In England, from 1 December 2016, the following fees will be paid for the provision of the NHS Urgent Medicine Supply Advanced Service pilot scheme regardless of whether a medicine/appliance was supplied:
- (i) a consultation fee of £10.00 in respect of each referral received by the pharmacy contractor via the NHS 111 Service as part of the advanced service being piloted. Other referrals via NHS 111, and requests by patients for emergency supplies that are not part of the pilot scheme, do not attract this payment, and
 - (ii) an administration fee of £2.50, which reflects the work/documentation required to evaluate the pilot scheme.
20. The following fee will be paid where a medicine/s and/or appliance/s were supplied:
- (i) a supply fee of £1.50 will be paid for the first item where a medicine or appliance has been supplied, and
 - (ii) an additional £0.50 will be paid for each additional item supplied.

However, no supply fees are payable where a pharmacy contractor receives a referral from NHS 111 and subsequently meets the patient's request for the urgent medicine or appliance by downloading and dispensing an existing Electronic Prescription Service (EPS) prescription. Instead, the pharmacy should submit for payment the EPS prescription in the normal way.

21. Pharmacy contractors will be reimbursed* the cost of the supplied medicine/appliance in accordance with Part II, Clause 8 (Basic Price) of the Drug Tariff. An allowance at the applicable VAT rate will also be paid, where applicable.
22. The fees will be payable only to contractors, who have registered for the pilot scheme and meet the requirements of the service. The registration form is available at www.nhsbsa.nhs.uk/UMS. The service requirements are set out in directions 7C and 7D of the principle Directions and the NHS England service specification.
23. Payments will be made monthly, via NHS Prescription Services on receipt of the NHS Urgent Medicine Supply Advanced Service pilot scheme claim form and completed FP10DT EPS dispensing tokens**. The form and the dispensing tokens must be sent separately to the batch referred to in Part I Clause 5, no later than the 5th day of the month following that in which the service was provided addressed to:

ADVANCED SERVICES (PHARMACY AND APPLIANCE CONTRACTORS)(ENGLAND)

NHS Prescription Services, NHSBSA
152 Pilgrim Street
Newcastle upon Tyne
NE1 6SN

- * Apart from reimbursing contractors for the cost of the drug or appliance supplied, no other related payments to reimbursement will apply to this service.
- ** FP10DT EPS dispensing tokens must always be submitted even if a drug or appliance was not supplied to be able to claim for fees outlined in 19(i) and 19(ii), for example where a pharmacy is out of stock of an item and is able to refer a patient to another pharmacy providing the service, which has the item in stock and is able to accept the onward referral.

ENHANCED SERVICES (PHARMACY CONTRACTORS)

Directions have been issued to the NHSCB in England and LHBs in Wales authorising them to make arrangements for enhanced services. The directions are reproduced in Part VIC and VID.

For enhanced services, the NHSCB and LHBs are the determining authority for the payment arrangements. The NHSCB can commission enhanced service from any pharmacy in England and LHBs can commission enhanced services from pharmacies within its area or the area of neighbouring LHBs. Determinations to allow for this on an England/Wales basis are detailed below.

Determination of payments for enhanced services

In accordance with section 164(3)(b) of the National Health Service Act 2006, the NHSCB is appointed as the determining authority for the purposes of making a determination for the fees and allowances for the provision of the enhanced services referred to in direction 14 of the Pharmaceutical Services (Advanced and Enhanced Services)(England) Directions 2013, by pharmacy contractors based in England.

When making a determination of remuneration in respect of an enhanced service, the NHSCB must

- have consulted any Local Pharmaceutical Committee (LPC) for the area in which the service is to be provided.
- allow for the making for any deduction that may or must be made from that remuneration by virtue of any provision of, or made under, the 2006 Act

Where the NHSCB makes a determination of the remuneration payable in respect of an enhanced service, it must publish the determination in such manner as it thinks appropriate for bringing it to the attention of persons included in the relevant pharmaceutical lists.

In Wales, in accordance with Regulation 18(g) of the National Health Service (Pharmaceutical Services) Regulations 1992, each Local Health Board is the determining authority for the purposes of making a determination for the fees and allowances for the provision of the enhanced services referred to in direction 4 of the Pharmaceutical Services (Advanced and Enhanced Services) (Wales) Directions 2005, by pharmacists included in its pharmaceutical list or in the list of a neighbouring Local Health Board.

1. Arrangements for payment of Community Pharmacy Contractors providing Community Pharmacy National Enhanced Services (Wales only)

1.1 Pharmacy Contractors in Wales who provide one or more of the Community Pharmacy National Enhanced Services shall receive payment in accordance with the schedule of fees and allowances set out below. No other fees or allowances will be payable in respect of the Community Pharmacy National Enhanced Services.

1.2 This applies to:

**Provision of Emergency Hormonal Contraception
Seasonal Influenza Vaccination**

1.3 Pharmacy Contractors shall have the agreement of their Local Health Board before providing any service listed above.

1.4 Pharmacy Contractors shall ensure that services are provided only by pharmacists that meet the nationally determined training and competence framework for the services provided, where applicable.

1.5 Pharmacy Contractors shall ensure that services are provided in accordance with the nationally determined specifications for each service.

1.6 All claims for payment for provision of services must be made using the National Electronic Claim and Audit Form (NECAF) system.

ENHANCED SERVICES (PHARMACY CONTRACTORS)

- 1.7 All claims relating to enhanced services provided in the period commencing on 1 April and ending on 31 March of any financial year must be made by 5 May of the following financial year. For example claims relating to the financial year ending 31 March 2015 must be made by 5 May 2015.

Service	Fees and Allowances
Provision of Emergency Hormonal Contraception	£10.78 per consultation Plus Where a supply Emergency Hormonal Contraception is made, reimbursement of the basic price of the drug supplied
Seasonal Influenza Vaccination	£9.37 per vaccination Plus Reimbursement of the manufacturer's list price

QUALITY PAYMENTS SCHEME (ENGLAND)

1. Entitlement

- 1.1 To qualify for payments, pharmacy contractors will have to meet the following four gateway criteria on the day of the review:
- the contractor must be offering at the pharmacy Medicine Use Review (MUR) or New Medicine Service (NMS); or must be registered for NHS Urgent Medicine Supply Advanced Service Pilot; and
 - the NHS Choices entry for the pharmacy must be up to date*; and
 - pharmacy staff at the pharmacy must be able to send and receive NHS mail (Note: For the April 2017 Review, evidence of application for a NHS Mail account by 1 February 2017 will be acceptable); and
 - the pharmacy contractor must be able to demonstrate ongoing utilisation of the Electronic Prescription Service at the pharmacy premises.
- 1.2 Passing the gateway criteria will not, in and of itself, earn a quality payment for the pharmacy. Quality payments will depend on how many of the quality criteria the pharmacy meets.
- 1.3 Pharmacies passing the gateway criteria will receive a quality payment if they meet one or more of the criteria in Table 1.

Table 1

Where the pharmacy can demonstrate total access to Summary Care Records of 100 times or more in both period 1 (Monday 3 October 2016 to Sunday 30 April 2017) and period 2 (Monday 1 May 2017 to Sunday 26 November 2017) they will have been deemed to have met this criterion whether there has been an increase or not. 2. Payments

- 2.1 There will be two reviews during the 16 months, at which quality payments can be claimed:
- the first review is on the 28 April 2017, for which payment needs to be claimed between Monday 10 April 2017 at 09:00 and Friday 12 May 2017 at 23:59; and
 - the second review is on the 24 November 2017, for which payment needs to be claimed between Monday 13 November 2017 at 09:00 and Friday 8 December 2017 at 23:59.
- 2.2 Pharmacy contractors will need to make a declaration to the NHS Business Services Authority using the approved form available at <http://www.nhsbsa.nhs.uk/PrescriptionServices/5872.aspx>. Declaration questions on the approved form are mandatory and evaluation questions are encouraged to be completed.
- 2.3 Each criterion has a designated number of points. The number of points that each pharmacy can qualify for over the two reviews is 100. Three of the quality criteria (which account for 45 points between them) can only be claimed once over the two reviews.
- 2.4 The total funding for this scheme is £75 million in 2017/18 financial year. Each point is worth £64 based on all pharmacy contractors achieving 100 points. Payments will be made to eligible contractors depending on how many criteria they have met and hence points claimed.
- 2.5 Where not all pharmacy contractors achieve all of the quality criteria across the two reviews, there will be a reconciliation process at which the remaining funding will be divided between qualifying pharmacies based on the number of points they have achieved over the two
-

QUALITY PAYMENTS SCHEME (ENGLAND)

reviews. However, a cap of £128 per point per pharmacy contractor will be applied during the reconciliation process. This reconciliation payment will not have to be claimed and will be paid with the full value of services payment for March 2018.

- 2.6 For example: Assuming 11,674 pharmacy contractors and 80% of them on average achieved 60 points, we can calculate how many total points were delivered and therefore how much out of the £75 million was paid to contractors over the two review points and hence what any reconciliation payment per point would be:

80% of 11,674 contractors are 9,339 contractors.

Each delivering 60 points gives a total of 560,340 points over the two review periods,

which means £35.86 million was paid out - leaving £39.14 million of the £75 million.

Dividing the remaining money out over the total number of points would give a further payment of £69.85 for each point delivered.

However £69.85 plus the original £64 would give a total of £133.85 per point but each point is capped at a total of £128. So the contractor would receive a further £64 per point at the reconciliation. This would mean that £3.28 million (out of the £75 million) would remain undelivered through the Quality Payments Scheme and would be taken into account in the delivery of the overall Community Pharmacy Contractual Framework funding agreement.

*For the first review point, contractors must edit and/or validate their NHS Choices entry between 00:00 on 7 February 2017 and 23:59 on 28 April 2017 and distance selling pharmacies must send an email to the NHS Choices service desk in the same time frame as per NHS England guidance document, "Pharmacy Quality Payments - Quality Criteria Guidance"; and

for the second review point, contractors must edit and/or validate their NHS Choices entry between 00:00 on 11 September 2017 and 23:59 on 24 November 2017 and distance selling pharmacies will need to complete a survey in the same time frame as per NHS England guidance document, "Pharmacy Quality Payments - Quality Criteria Guidance".

BASIC PRICES OF DRUGS

**BASIC PRICE OF DRUGS
COVERED BY PART II CLAUSE 8A**

The price listed in respect of a drug specified in the following list is the basic price (see Part II, Clause 8) on which payment will be calculated pursuant to Part I Clause 5B 1 for the dispensing of that drug

1. All drugs listed in this Part have a pack size and price which has been determined by the Secretary of State for Health as respects England and the Welsh Ministers as respects Wales.
2. Categories A, C and M of the drugs (appearing in Col.4) are as under:

- 2.1 Category A - Drugs which are readily available. Broken Bulk may be claimed for those products whose smallest pack size has a price greater than or equal to £50, if necessary. The prices listed in this Part of the Drug Tariff are indicative of the prices determined by the Secretary of State for Health. The following pack sizes are considered when calculating Category A prices:

- for tablets and capsules, all prescription only medicine pack sizes up to and including 120 unit doses;
- for liquids and some creams (including special containers) up to and including 500ml/500g.

Where a pack size for a product listed in this Part exceeds the quantities stated above, the listed pack size is the only pack size considered when calculating the price. The Secretary of State determines the prices for Category A drugs to be the average of the price calculated for the pack size listed in the Drug Tariff weighted by the following four manufacturers and suppliers; AAH, Alliance Healthcare (Distribution) Ltd, Teva UK and Actavis on or before the 8th of the month being reimbursed. In the weighted formula, AAH and Alliance Healthcare (Distribution) Ltd prices have a weighting of 2, the prices from the other suppliers have a weighting of one.

- 2.2 Category C - Drugs which are not readily available as a generic, where the price is based on a particular proprietary product, manufacturer or as the case may be supplier. Endorsement of pack size is required if more than one pack is listed. Broken Bulk may be claimed, if necessary. Where the price of the product is based upon a non-proprietary product the price listed in this Part of the Drug Tariff is indicative of the price determined and in this case the Secretary of State determines the price to be the price listed by the manufacturer or as the case may be supplier on or before the 8th of the month being reimbursed.

- 2.3 Category M - Drugs which are readily available. Broken Bulk may be claimed for those products whose smallest pack size has a price greater than or equal to £50, if necessary. The Secretary of State determines the price based on information submitted by eligible suppliers participating in Scheme M. The following pack sizes are considered when calculating Category M prices:

- for tablets and capsules, all prescription only medicine pack sizes up to and including 120 unit doses;
- for liquids and some creams (including special containers) up to and including 500ml/500g.

Where a pack size for a product listed in this Part exceeds the quantities stated above, the listed pack size is the only pack size considered when calculating the price.

3. Recommended International Non-proprietary Names

With effect from 1 December 2003 drugs will be listed in this Part by their recommended International Non-proprietary Name (rINN), with the exception of Adrenaline and Noradrenaline (which will be listed by their BAN). Where such products are ordered by the former BAN, reimbursement will be made whether the manufacturer of those products is using the former BAN or the rINN to name them. Where prices are calculated for Category A products such prices will be included in the calculation whether they are listed by suppliers as a former BAN or as a rINN.

BASIC PRICES OF DRUGS

4. NHS dictionary of medicines and devices (NHS dm+d)

The drugs listed in this Part will reflect the naming convention used in the NHS dictionary of medicines and devices. Where such products are ordered by another naming convention, reimbursement will be made using the Part VIII dm+d naming convention. Where prices are calculated for Category A products such prices will be included in the calculation whether they are listed by suppliers using the NHS dm+d naming convention or as other naming conventions. Products are displayed as Name, strength, modification (when present), presentation and 'freeness' (when present e.g. sugar free, gluten free).

eg Aciclovir 400mg/5ml oral suspension sugar free.

A salt will only be displayed if more than one clinically significant salt exists in that presentation.
eg Calcium carbonate and Calcium gluconate.

Please note that the NHS dm+d uses the European Directorate for the Quality of Medicines & Healthcare (EDQM) List of Standard Terms e.g. gastro-resistant is used to describe enteric coated.

6. Methylated Spirit

Industrial Methylated Spirit should be supplied or used and payment will be calculated accordingly, where:

6.1 "Methylated Spirit", "Spirit", "Spt. Vini. Meth.", "SVM", "IMS", is ordered alone or as an ingredient of a preparation for external use, or

6.2 A liniment, lotion, etc., in the preparation of which Methylated Spirit is permitted, is ordered and the prescriber has not indicated to the contrary.

7. Rectified Spirit

7.1 Where Alcohol (96%), or Rectified Spirit (Ethanol 90%), or any other of the dilute Ethanol is prescribed alone or as an ingredient in a medicament for external application, payment will be made for supply of Industrial Methylated Spirit unless the prescriber has indicated that no alternative may be used.

7.2 Where Alcohol (96%), or Rectified Spirit (Ethanol 90%), or any other of the dilute Ethanol is prescribed as an ingredient of a medicine for internal use, the price of the duty paid to Customs and Excise will be allowed, unless the contractor endorses the prescription form "rebate claimed".

8. Purified Water (Exclusive of ordinary potable water)

Payment for Purified Water will be made:

8.1 where it is ordered; or

8.2 where the NHSCB for England and LHB for Wales, after consultation with the Local Medical Committee and Local Pharmaceutical Committee, has decided that the water ordinarily available is unsuitable for dispensing purposes, and has notified the contractor accordingly, the pharmacist should use purified water and will be paid at the Drug Tariff rate, through local arrangements specified in the notice.

9. A "Bulk" prescription is an order for two or more patients, bearing the name of a school or institution in which at least 20 persons normally reside, for the treatment of at least 10 of whom a particular doctor is responsible. Such a prescription must be an order for a drug which is prescribable under the NHS and which is not designated a "Prescription Only Medicine" (POM) under Section 58(1) of the Medicines Act 1968, or for a prescribable dressing which does not contain a product which is designated POM.

APPLIANCES (APPROVED LIST OF APPLIANCES - NOTES)

APPROVED LIST OF APPLIANCES
See Part II, Clause 8A (page 7)

The price listed in respect of an appliance specified in the following list is the basic price (see Part II, Clause 8) on which payment will be calculated pursuant to Part I, Clause 5B in respect of the dispensing of appliances.

NOTES

1. **Definition** - The appliances that may be supplied against orders on Forms FP10 are listed below and must conform with the specifications shown. See Part 1, Clause 2 (page 3). These specifications include published official standards ie BP, BPC or relevant British, European or International Standards or the Drug Tariff Technical Specification. It should be emphasized that any appliance must conform with the entry in this part of the Tariff as well as the official standard or technical specification quoted therein. Other dressings and appliances which may be necessary will normally be provided through the Hospital Services.
2. **Sealed Packets** - These are those which are "tamper-evident" - sealed with an easily detachable device that prevents removal of the contents without the seal being broken. Additionally in the case of sterile products: once a sealed package has been opened it should not be possible to re-seal it easily. Where an appliance, other than a bandage, required by the Tariff to be supplied in a sealed packet is ordered of a quantity or weight not listed in the Tariff, the quantity ordered should be made up as nearly as possible with the smallest numbers of sealed packets available for the purpose. Where the quantity ordered is less than the smallest quantity/weight, supply the smallest pack. The quantity of material in each packet supplied should be recorded on the prescription form.
3. **Quality** - Any medical device placed on the market in the UK has to be CE marked by the manufacturer in accordance with the safety, quality and performance requirements laid down in the EC Medical Devices Directive 93/42/EC and the Medical Devices Regulations 2002 (as amended) which transposes the Directive in to UK law. Manufacturers are required to obtain certification from a third party conformity assessment organisation known as a notified body for all but the lowest risk devices. Notified bodies have been designated as competent to undertake this function by the regulatory authority in the registering member state. In the UK this is the Medicines and Healthcare products Regulatory Agency (MHRA). There are a number of conformity assessment routes that the manufacturers can adopt to demonstrate conformity with the requirements of the Directive but the majority use a quality system approach. More details of the CE marking process can be obtained from the MHRA, 151 Buckingham Palace Road, Victoria, London. SW1W 9SZ or from their website <http://www.mhra.gov.uk/Howweregulate/Devices/index.htm>.
4. **Weights** - All weights specified in the Tariff in respect of appliances are exclusive of wrappings and packing material.
5. **Invoice price** - This is the price chargeable for the appliance to the contractor by the manufacturer, wholesaler or supplier.
6. **Technical Specifications** - Numbered Technical Specifications for the items in Part IXA/B/C were published separately in 1981 in loose leaf volume and a revised list was published in 1983. The Specifications will not be reprinted annually but individual specifications will be introduced, amended and reprinted, or withdrawn, as necessary. A list of Technical Specifications is given on page 235. CE marked Devices have shown that they meet the essential requirements of the Medical Devices Regulations 2002 and there is no further need for them to demonstrate compliance with other specifications, such as those referred to above.
7. **Nurse Prescribing** - See Part XVIIIB for details of Nurse Prescribing.

INCONTINENCE APPLIANCES

INCONTINENCE APPLIANCES

1. Prescribers and suppliers should note that products not included in the list are not prescribable (See Part 1 Clause 2). Attention is drawn particularly to the information on the average life-in-use of each type of product which, together with the pack size, should enable prescribers to calculate their patients' requirements with reasonable accuracy.
2. Only basic information on each product has been provided and prescribers may on occasions wish to seek further information about certain products eg when assessing a patient for the first time. If so, this is always available from the manufacturers (addresses and telephone numbers are given at the end of the entry). Information may also be sought from community nurses and community pharmacists. Where possible manufacturers'/suppliers' order code numbers have been shown but prescribers should note that the order numbers shown are not necessarily the full codes for the appliances they wish to order. This is particularly true of urinal systems where additional code numbers are usually necessary to denote variations from the basic design and individual sizes.
3. Prescribers are reminded that incontinence pads (including products not necessarily described as such but using the absorption principle), incontinence garments, skin wipes and occlusive devices such as female vaginal devices and male penile clamps are not prescribable under the Drug Tariff provisions.

All products in Part IXB receive a home delivery fee of 340p.

LEG BAGS

The leg bags listed are suitable for collection of urine from indwelling catheters or incontinence sheaths. They are intended for daytime use although the larger bags may have adequate capacity for overnight use by some patients. The bags may be worn in different positions on the leg and the intended position (eg thigh, knee or calf) will determine the length of the inlet tube. The bags are attached to the leg by means of straps (included with each pack) which are generally either latex or foam with velcro fasteners.

Note: Plastic leg bags identified in the list with an asterisk* may on average be used for 5-7 days. With proper care and cleansing rubber leg bags are re-usable for 4-6 months.

Symbols used in this section

S These leg bags are supplied sterile. This does not affect the guidance given in the note at the beginning.

* Plastics

W Due to the size and weight of these bags when full, this capacity of bag should be prescribed only for wheelchair-bound patients.

All products in this category must be dispensed with a supply of wipes and disposal bags.

HOME OXYGEN THERAPY SERVICE

1. HOME OXYGEN

- 1.1. Clinical best practice guidelines advise that oxygen therapy should be provided for patients in the home only after careful evaluation and never on a placebo basis. Oxygen may be supplied depending on the type of therapy required by a patient - for example, short burst (or intermittent) or long term therapy. The British Thoracic Society has issued updated clinical best practice guidelines for the assessment and provision of oxygen therapy. See the BTS website at <http://www.brit-thoracic.org.uk>
- 1.2. Extracts from the guidelines are included below.

Home Oxygen Service Arrangements from December 2010

- 1.3. On 3 December 2010, the Department of Health and the Welsh Government appointed five companies to the National Framework Agreement (NFA) for the delivery of an integrated (cylinder, concentrator, liquid) and standardised home oxygen service in England and Wales. Appointment to the NFA allowed these companies to bid for the regional contracts.
- 1.4. Four companies for England and Wales now meet all the home oxygen needs in all regions. Contact details for each supplier providing the service in each oxygen service region in England and in Wales are included at section 5. There is a free phone arrangement
- 1.5. Although the South West region is supplied by one of the four suppliers the service specification they operate on is based on the 2008 specification.

Home Oxygen Order Form (HOOF)

- 1.6. The supplier will provide the oxygen ordered by clinical staff on a Home Oxygen Order Form (HOOF) and comes in 2 parts:
Part A: Before Oxygen Assessment - Non-Specialist or Temporary Order
Part B: After Specialist / Paediatric Oxygen
Part A can be downloaded from:
http://www.pcc-cic.org.uk/sites/default/files/articles/attachments/new_hoof_form_v7.pdf
Part B is available from the Regional/CCG HOS Lead

Ordering Home Oxygen Services

- 1.7. All registered health care professionals may order home oxygen for delivery direct to patients at home. Clinical staff should indicate the service(s) required on the form, together with details of the patient's oxygen flow rate and hours of use. Where a patient is awaiting referral for clinical assessment, advice is that a flow rate of 2l/min might be specified when ordering home oxygen. On assessment, the clinical specialist team will determine whether a patient's flow rate and hours of use require adjustment.
- 1.8. The supplier will provide the equipment as listed on the HOOF, provided it poses no risk to the patient or surrounding areas. In such cases the supplier will escalate to the health care professional. The supplier is also responsible for arrangements for the payment of patient's electricity costs associated with use of equipment supplied.
- 1.9. These services, including advice to clinical staff, patients and their carers on the use of oxygen equipment supplied, are available on a 24 hour, 7 day a week basis. There is a free phone arrangement for patient use.
- 1.10. Details of the service specification, including requirements to support the discharge of patients from hospital and the response times for the delivery of each service, are available on the website listed at paragraph 1.6.

HOME OXYGEN THERAPY SERVICE

2. EMERGENCY HOME OXYGEN SERVICE

- 2.1. Where a clinician decides that a patient requires oxygen at home as soon as possible, the supplier may be requested to deliver this to the patient's home within four hours. This service carries a higher service cost than a standard 3 working day installation and should only be used for urgent new orders. It is inappropriate to order home oxygen on an emergency basis where a patient or carer has forgotten to order supplies - particularly if the patient has access to a back up cylinder to meet his/her immediate needs. Each oxygen supplier operates a 24 hour, 7 day a week helpline.

Assessment for home oxygen

- 2.2. Patients should be assessed by a competent and qualified health care professional for all their oxygen therapy; long term, short burst and ambulatory, according to national clinical guidelines.

3. CHANGES TO A PATIENT'S REQUIREMENTS**A Patient's Oxygen Needs**

- 3.1. If for any reason, a clinician wishes to alter the patient's oxygen supply, he will need to inform the patient and complete a new order for home oxygen and send this to the supplier. The supplier will make the necessary arrangements to adjust or provide new equipment, as appropriate. **The supplier will not be able to make these changes until a revised order for home oxygen has been received.**

Holiday Arrangements and Attendance at School or Workplace

- 3.2. A clinician may also wish to make arrangements for a secondary order for oxygen therapy - that is, for delivery to a location other than the patient's home. For example, where a patient remains able to attend school or the workplace or where a patient wishes to go on holiday within England and Wales
- 3.3. In these circumstances, the clinician will need to complete a secondary order, providing details of the address for delivery of the equipment. In the case of holidays, the patient can arrange this directly with their home supplier provided no changes are needed to their current mode of supply. The supplier will make the necessary arrangements to install and remove this equipment, subject to prior agreement by those concerned (for example, school, employer, hotel etc).
- 3.4. The supplier is not responsible or required to secure agreement to provide home oxygen equipment in a location other than a patient's home. This will need to be obtained by the patient or patient's family in relation to holiday accommodation or the patient's workplace. Agreement to the provision of oxygen equipment in schools may be arranged through the School Health Service. **The supplier will be unable to provide oxygen equipment in a location other than the patient's home unless prior agreement has been obtained.**
- 3.5. The arrangements set out in paragraph 3.3 do not apply to patients wishing to take holidays outside the UK. In these circumstances, patients should seek advice on reciprocal arrangements for health care between the United Kingdom and other countries (this is available in a Department of Health leaflet and on the Department of Health website - <http://www.dh.gov.uk>). Patients may also wish to discuss any private arrangements for the provision of oxygen supplies that may be available from their local oxygen service supplier.
- 3.6. Current arrangements for the provision of oxygen therapy to patients at home will continue in Scotland - that is, pharmacy contractors providing a cylinder service and the concentrator service delivered under contract with a separate supplier. CCGs for England/LHBs in Wales will be advised as to arrangements for patients wishing to visit Scotland - for example, for holidays or to stay with friends or relatives.

HOME OXYGEN THERAPY SERVICE

Patient's Use of Oxygen

- 3.7. It is for clinical staff to counsel patients on the need for oxygen therapy and the regime to be followed to achieve the benefits. The supplier will provide equipment to deliver the required flow rate and hours of use specified on the HOOF. However, if a patient or carer continues to adjust equipment to change the flow rate, the supplier will inform the clinician so that the patient can be advised further as to flow rate or for review of oxygen therapy needs. The supplier cannot change the flow rate specified by a clinician. If a clinician is concerned that a patient may persist with over use of oxygen, he may wish to put in place monitoring arrangements and discuss these with the supplier, as necessary.

Withdrawal of Home Oxygen Service

- 3.8. The supplier is contracted to provide the service ordered until he is informed otherwise and, thus, will continue to make a charge for the service until notified that it should be withdrawn. Therefore, it is essential that the supplier is informed as soon as possible where oxygen therapy is no longer required by a patient - for example, due to the death of a patient or, following assessment or review of a patient's needs, that the patient no longer requires oxygen therapy.

Death of a Patient

- 3.9. Where a patient receiving home oxygen therapy dies, his GP practice or a member of the clinical specialist team treating the patient, as appropriate, should advise the relevant CCG for England, LHB for Wales, so that arrangements can be made for withdrawal of this service by the CCG for England, LHB for Wales.

Where a Patient discontinues oxygen therapy

- 3.10. Where, following review of need, home oxygen therapy is no longer required by a patient, his GP practice or a member of the clinical specialist team treating the patient, as appropriate, should advise the relevant CCG for England, LHB for Wales, so that arrangements can be made for withdrawal of this service by the CCG for England, LHB for Wales.

Removal of Oxygen Equipment from a Patient's Home

- 3.11. A supplier may be requested to remove equipment from a patient's home by
- 3.11.1 the patient's GP practice or a member of the clinical specialist team treating the patient or
 - 3.11.2 a person authorised by the relevant CCG for England, LHB for Wales or
 - 3.11.3 a patient or patient's relative or carer. Where a patient, a patient's relative or carer requests removal of equipment, the supplier is required to inform the clinician who has ordered the service and the relevant CCG for England, LHB for Wales immediately of the details and date of receipt of the request.
- 3.12. The CCG for England, LHB for Wales should inform the Pricing Authority of withdrawal of the service where
- 3.12.1 a GP practice or a member of a specialist team has informed the CCG for England, LHB for Wales that a patient has died or has discontinued oxygen therapy and/or where the GP practice or member of the specialist team has informed the CCG for England, LHB for Wales that the supplier has been requested to remove equipment from the patient's home or
 - 3.12.2 the supplier has informed the CCG for England, LHB for Wales that he has received a request from the patient, the patient's relative or carer to remove equipment from the patient's home or
 - 3.12.3 where a person authorised by the CCG for England, LHB for Wales has requested the supplier to remove equipment from the patient's home.
- 3.13. When informing the Pricing Authority of the withdrawal of the service, the CCG for England, LHB for Wales, should include the date of any request to the supplier to remove equipment from a patient's home.
- 3.14. The supplier is required to remove the equipment within 14 days of receiving a request for removal.
-

HOME OXYGEN THERAPY SERVICE

4. CLAIMS FOR PAYMENT

Each oxygen service supplier listed at section 5 will be able to access the Pricing Authority website and submit oxygen payment claims at any time within the first 10 calendar days of the month following that in which the home oxygen service has been provided.

In Wales, claims should be submitted to the relevant LHB or the LHB's nominated representative body.

RESCINDED - INTENTIONALLY BLANK

This Part has been rescinded and is intentionally blank.

PHARMACY ACCESS SCHEME (ENGLAND)

- 1.
- 1.1 The aim of the Pharmacy Access Scheme (PhAS) is to ensure that a baseline level of patient access to NHS community pharmaceutical services in England is protected. Qualifying pharmacies will receive an additional payment, meaning those pharmacies will be protected from the full effect of the reduction in funding from December 2016.
- 1.2 The PhAS has been designed to capture the pharmacies that are most important for patient access, specifically those pharmacies where patient and public access would be materially affected should they close.
- 1.3 The following pharmacies will be excluded from the scheme:
 - (i) Distance selling pharmacies.
 - (ii) Local pharmaceutical services (LPS) pharmacies¹.
 - (iii) Pharmacies in areas with dense provision of pharmacies.
 - (iv) Pharmacies, which dispense a high number of prescription items per year (109,012 or more items per year).
- 1.4 The scheme will include a review process to deal with any inaccuracies in calculations, or any unforeseen circumstances or exceptional geographical factors affecting access, like a road closure. The review process will also include cases where there may be a high level of deprivation, and pharmacies are 0.8 to 1 mile from another pharmacy, but critical for access.

¹ If a pharmacy with an LPS contract would have qualified for the PhAS were it on the pharmaceutical list, and then is included in the pharmaceutical list after 1 September 2016 because of a right of return or other contractual change, that pharmacy will be treated for the purposes of the PhAS as if it actually were on the pharmaceutical list on 1 September 2016.

2. Entitlement

- 2.1 From 1 December 2016 to 31 March 2018 a pharmacy contractor will be eligible for the PhAS if it meets all of the following criteria:
 - (a) The pharmacy is more than a mile away from its nearest pharmacy as at 1 September 2016 (measured by road distance); and,
 - (b) The pharmacy is on the pharmaceutical list as at 1 September 2016; and,
 - (c) The pharmacy dispenses less than 109,012 prescription items per year².
- 2.2 The list of eligible pharmacy contractors is published at <https://www.gov.uk/government/publications/community-pharmacy-reforms>. The list will be fixed for the length of the scheme as set out in 2.1³.

² Contractors, who were not open for a full year in 2015/16, will have their payments capped if they exceed 109,012 items in the financial year.

³ Pharmacy contractors, who will be subject to temporary arrangements as per section 29 of the NHS (Pharmaceutical and Local Pharmaceutical Services) Regulations 2013, will be kept on the list of eligible contractors. However, any permanent changes, which result in the contractor not fulfilling the PhAS criteria as per paragraph 2.1, will result in the contractor being deleted from the list.

3. Payment

- 3.1 The payment calculation for PhAS is calculated in the following way:

- (a) December 2016 to March 2017 –

Step 1 – take the 2015/16* remuneration (total fees and allowances plus 80p per item indicative for medicine margin) for a contractor and apply to it 1% efficiency savings.

Step 2 – calculate contractor's estimated remuneration for 2016/17 based on dispensed items in 2015/16* using fees and allowances for the first eight months of the year as at April 2016 and fees and allowances for the last four months of the year as at 1 December 2016 plus 77p per item indicative for medicine margin**.

Step 3 – take the difference between Step 1 and Step 2 to obtain the full payment.

PHARMACY ACCESS SCHEME (ENGLAND)

Step 4 – divide by four the number obtained in Step 3 to obtain a monthly payment.

(b) April 2017 to March 2018 –

Step 1 – take the 2015/16* remuneration (total fees and allowances plus 80p per item indicative for medicine margin) for a contractor and apply to it 3% efficiency savings.

Step 2 – calculate contractor's estimated remuneration for 2017/18 based on dispensed items in 2015/16* using fees and allowances as at 1 April 2017 plus 76p per item indicative for medicine margin***, including £6,400 for Quality Payment****.

Step 3 – take the difference between Step 1 and Step 2 to obtain the full payment.

Step 4 – divide by twelve the number obtained in Step 3 to obtain a monthly payment.

- 3.2 Eligible PhAS pharmacy contractors will receive a fixed monthly payment based on the calculation outlined in paragraph 3.1.
- 3.3 Eligible PhAS pharmacy contractors will not be required to make a claim.
- 3.4 Eligible PhAS pharmacy contractors will receive the Quality Payments Scheme reconciliation payment if appropriate as outlined in Part VII paragraph 2.5.

*Payments to pharmacy contractors, for which we have less than twelve months' worth of data and, as appropriate, former LPS pharmacies, will be adjusted accordingly.

**£800 million divided by a volume increase of 2.0%

***£800 million divided by a volume increase of 4.04%

****This calculation assumes pharmacy contractors achieve 100 points at £64 per point (see Part VII).

4. Review Process

- 4.1 A review process is included in the scheme to allow for consideration of extenuating circumstances which may mean that access is not being protected in the way intended by the scheme. The cases that will qualify for a review are as follows:
- (a) Inaccuracies (for example if the pharmacy postcode is incorrect or the distance from the next pharmacy is calculated incorrectly).
 - (b) Physical feature anomalies (such as a semi-permanent roadblock meaning two pharmacies are then more than 1 mile from each other) and where the pharmacy is critical for access.
 - (c) "Near miss" pharmacies (ie located 0.8 miles or more from another pharmacy) in areas of the top 20% (of Lower Layer Super Output Areas (LSOAs), when ranked by the Index of Multiple Deprivation) most deprived areas in England and who are critical for access.
- 4.2 Pharmacies, which dispense more than 109,012 items per annum, will not be considered for the review process.
- 4.3 Applications for review must be made within three months of the start of the scheme (1 December 2016) and NHS England will accept applications for review from 1 November 2016. Reviews will be administered and completed by NHS England; including the assessment of and decisions taken on all applications for appeals. Applications for review in cases relating to physical feature anomalies will be considered beyond this three month period, but only if the application relates to a change in circumstances which occurs after the end of the three month period. In such cases, the application for review must be brought within three months of the change in circumstances. Details of where to send requests for reviews are available at <http://www.nhsbsa.nhs.uk/PrescriptionServices/5827.aspx>. NHS England will aim to complete a review within six weeks of receiving a request.

ESSENTIAL SMALL PHARMACIES SCHEME (ESPS)(WALES)

In Wales:

ESPS arrangements for those pharmacy contractors qualifying for ESPS payments from April 2014 are as follows:

1. Interpretation

In this Part -

"Authority" means the LHB for Wales in whose locality the premises are located;

"Contractor" means only the pharmacy contractor whose name is included in a pharmaceutical list of the Authority;

"pharmacy" means a pharmacy at premises from which the contractor supplies pharmaceutical services;

"premises" means the premises from which the contractor provides pharmaceutical services;

"year" means the period from 1 April in any one year to 31 March of the following year.

2. Entitlement

2.1. Where, in any year -

2.1.1 the pharmacy dispenses fewer than 35,160 prescriptions; and

2.1.2 that pharmacy is more than 1 kilometre by the nearest practicable route available to the public on foot from the next nearest pharmacy or is less than 1 kilometre but previously qualified as a special consideration case and the circumstances of the pharmacy remain unchanged; and

2.1.3 in the case of pharmacy which has, in the year immediately preceding that year, dispensed fewer than 6,000 prescriptions, the authority certifies in writing at the beginning of that year that the pharmacy is essential to the proper provision of pharmaceutical services, the contractor shall, subject to the following subparagraphs, be entitled to ESPS payments calculated in accordance with paragraph 3 below.

(Note. No new special consideration cases will be entertained).

2.2. A contractor shall be entitled to claim ESPS payments in any year if, on or before 31 January of that year, he estimates, on the basis of the number of prescriptions dispensed in the preceding twelve months or having regard to any special circumstances, that the number of items to be dispensed in the next year will be less than 35,160.

2.3. The contractor shall apply to the Authority for ESPS payments, in the form specified (Form ESPS1 for contractors on the list not less than 10 months at 31 January of the financial year to which the application relates and Form ESPS2 for those on list less than 10 months) on or before 31 January of the financial year to which the application relates.

2.4. Before any payment is made, the contractor shall declare to the Authority his estimate of the number of prescriptions dispensed by the pharmacy in the previous year, if the Authority is satisfied that -

2.4.1 that number is less than 35,160

2.4.2 that the number of prescriptions to be dispensed in the year to which the claim relates is unlikely to exceed 35,160 and

2.4.3 the conditions set out in sub-paragraph 2.1.2 and 2.1.3 above are met, payments shall be made by the Authority in accordance with paragraph 3, subject to the conditions in sub-paragraphs 2.5 and 2.6.

2.5. The Authority, will as soon in the current financial year as they have available the Pricing Authority figure of prescriptions dispensed by the contractor during the preceding financial year, compare this with the contractor's declared estimated figure (sub-paragraph 2.4 above) and if the PA figure of prescriptions dispensed in the previous financial year is 35,160 or more,

ESSENTIAL SMALL PHARMACIES SCHEME (ESPS)(WALES)

the ESPS payments made so far in the current financial year shall be recovered from the contractor in the 3 months following that in which the last ESPS payment was made.

- 2.6. Where, at any time in any year during which ESPS payments are made to the contractor in respect of a pharmacy:
- 2.6.1 the number of prescriptions dispensed by that pharmacy exceeds 35,160 the contractor shall be deemed not to have been entitled to ESPS payments for that year in respect of that pharmacy, and any such payment made to him in that year shall be recovered from the remuneration due to him in the 3 months immediately following the month in which the number of prescriptions dispensed reached 35,160.
 - 2.6.2 a second contractor begins to provide pharmaceutical services from a pharmacy at premises which are less than 1 kilometre by the nearest practicable route available to the public on foot from the premises of the first contractor, payment to the first contractor shall continue at the full rate for the remainder of the year and will then cease.
 - 2.6.3 in a case to which sub-paragraph 2.1.3 applies, the Authority decides that the pharmacy is no longer essential, it shall notify the contractor and after the date of that notification no further ESPS payments shall be paid in that year in respect of that pharmacy.
- 2.7. Where the provision by the contractor of pharmaceutical services from any premises has just begun, the preceding sub-paragraphs shall be modified as follows:
- 2.7.1 the contractor may apply to the Authority for ESPS payments, in the form specified (Form ESPS2) at any time during the year;
 - 2.7.2 he shall be entitled to ESPS payments if -
 - 2.7.2.1 in the case of a contractor who is providing services from premises from which, immediately before the day on which he began to provide those services, those services were provided by another contractor, the number of prescriptions dispensed in the twelve months immediately preceding that day was less than 35,160;
 - 2.7.2.2 in any other case, he estimates, and the Authority is satisfied that, less than 35,160 prescriptions will be dispensed in the first twelve months of the provision of pharmaceutical services, and
 - 2.7.2.3 in any case the condition in sub-paragraph 2.1.2 is satisfied;
 - 2.7.3 any entitlement shall begin -
 - 2.7.3.1 if the claim is made within 3 months of the entry on the list in question, from the date of entry;
 - 2.7.3.2 in any case, from the date on which the application is made.

ESSENTIAL SMALL PHARMACIES SCHEME (ESPS)(WALES)

3. Payments

- 3.1. From 1 April 2014, ESPS payments shall be the difference between one-twelfth of the target payment (£78,505) and the remuneration due (i.e. professional fees as in Part IIIA and any payments made under Part VIA but excluding payments made under Part IIIA 2.F and Part VIA 6), subject to para 3.3 below. See worked example.
- 3.2. Payments shall be made in arrears.
- 3.3. From 1 April 2014, the maximum monthly payment shall be £5,692. If in any month the contractor is entitled to more than the maximum payment, the amount due shall be carried forward and paid in the following month, again subject to the maximum monthly payment applicable to that second month.
- 3.4. Any over, or any under, ESPS payment shall be if necessary, corrected in the remuneration paid in the first month of the following year.
- 3.5. Where a contractor normally provides pharmaceutical services at a pharmacy for less than 35 hours a week, any ESPS payment shall be calculated by reference to the following formula:
- 3.5.1 Average hours/35 x payments appropriate to a full-time pharmacy with the same prescription volume, as determined by the Welsh Ministers.

4. Worked Example

4.1. Month 1.

4.2. Month 2.

4.3. Month 3.

June calculate 3/12 of target payment £78,505

make ESPS payment of difference between calculated amount and sum of total payments made in months 1 and 2 and remuneration due in month 3.

PAYMENTS IN RESPECT OF PRE-REGISTRATION TRAINEES

1. From 1 October 2008 a grant of £18,440 per year is payable to pharmacy contractors who provide the pre-registration training experience needed by pharmacy graduates and certain undergraduates for admission to the General Pharmaceutical Council's Register of Pharmacists. The grants are payable at annual rates in respect of each pre-registration training place filled by a pharmacy graduate or an undergraduate on a sandwich course recognised by the General Pharmaceutical Council as pre-registration training.
2. Pharmacy contractors who have undertaken to provide pre-registration training should submit a claim to the NHSCB for England and LHB for Wales at the start of the training period. The NHSCB for England and LHBs for Wales will arrange for the payment to be made monthly in arrears. Contractors MUST notify the NHSCB for England and LHB for Wales immediately in writing if the arrangement to provide pre-registration training ceases.

REWARD SCHEME - FRAUDULENT PRESCRIPTION FORMS

Payments to chemists who claim a payment under Regulation 97(1) of the National Health Service (Pharmaceutical and Local Pharmaceutical Services) Regulations 2013 for England and under Regulation 18B of The National Health Service (Pharmaceutical Services) Regulations 1992 (as inserted by SI 1999/696) for Wales.

The Scheme allows chemists to claim a financial reward where they have identified a fraudulent prescription form and thereby either prevented fraud or contributed with valuable information to the investigation of fraud. A reward is payable where:

- fraudulent activity can be proven
- the conditions for the scheme are met as set out below.

Slightly different versions of the Scheme apply in England and Wales.

PART I: ENGLAND

The NHSBSA, NHS Protect (Referred to below as the Authority) is responsible for receiving and considering claims for reward payments in England.

The Scheme applies to all claims which are received by the Authority on or after 7 May 2003.

Retention and Reporting Reward: claims where a chemist -

- (a) has not provided the drugs, medicines or listed appliances ordered on the fraudulent prescription form, or
- (b) has provided the drugs, medicines or listed appliances ordered on the fraudulent prescription form, but had reason to believe at the time or subsequently came to have reason to believe that the form is fraudulent,

and reports this to the relevant authorities as laid out below.

The chemist will be eligible for a payment of £70, where all the conditions for either the retention element of the reward or the reporting element of the reward are met. Only one reward will be payable for each dispensing occasion.

The conditions for the retention element of the reward are:

- i the drugs, medicines or listed appliances specified on the fraudulent prescription form have not been provided, the prescription form has been retained by the chemist, and the NHS Commissioning Board has been informed as soon as practicable, in accordance with Regulation 97(1)(a) of the National Health Service (Pharmaceutical and Local Pharmaceutical Services) Regulations 2013;
- ii a claim is made by contacting the Authority as soon as practicable, normally within 7 days of the form having been presented. A claim form provided by the Authority must be completed and returned to the Authority, along with the original prescription form, normally within 28 days of the form having been presented; and
- iii the form presented as a prescription form was not a genuine order for the person named on the form. An order would not be a genuine order if, for example, it had been stolen or counterfeited and not signed by an authorised prescriber; or had been altered otherwise than by the authorised prescriber by whom it was issued.

The conditions for the reporting element of the reward are:

- i the drugs, medicines or listed appliances specified on the fraudulent prescription form have been dispensed, but the chemist has reason to believe at the time or subsequently comes to have reason that the order is not genuine;
 - ii the chemist has notified the NHS Commissioning Board as soon as practicable, in accordance with Regulation 97(1)(b) of the National Health Service (Pharmaceutical and Local Pharmaceutical Services) Regulations 2013;
 - iii a claim is made by contacting the Authority as soon as practicable, normally within 7 days of the form having been presented. A claim form provided by the Authority must be completed
-

REWARD SCHEME - FRAUDULENT PRESCRIPTION FORMS

- and returned to the Authority along with the original prescription form, normally within 28 days of the form having been presented;
- iv a detailed explanation of why the chemist felt it necessary to dispense must be included on the claim form. A reward will only be payable where the Authority is satisfied that the chemist had good and sufficient reasons to dispense; and
 - v the form presented as a prescription form was not a genuine order for the person named on the form. An order would not be a genuine order if, for example, it had been stolen or counterfeited and not signed by an authorised prescriber; or had been altered otherwise than by the authorised prescriber by whom it was issued.

Where the time-limits for either contacting the Authority and the NHS Commissioning Board or for returning a claim form to the Authority, as specified above, are exceeded, the Authority will nevertheless consider a claim if there are exceptional circumstances justifying the delay.

PART II: WALES

Individual Local Health Boards are responsible for receiving and considering claims for reward payments in Wales.

The Scheme applies to all claims which are received by Local Health Board Local Counter Fraud Teams on or after 1 February 2003.

Retention and Reporting Reward: claims where a chemist -

- (a) has not provided the drugs, medicines or listed appliances ordered on the fraudulent prescription form,
or
- (b) has provided the drugs, medicines or listed appliances ordered on the fraudulent prescription form, but had reason to believe at the time or subsequently came to have reason to believe that the form is fraudulent,

and reports this to the relevant authorities as laid out below.

The conditions for the retention element of the reward are:

- i the drugs, medicines or listed appliances specified on the fraudulent prescription form have not been provided, the prescription form has been retained by the chemist, and the Local Health Board has been informed immediately, in accordance with regulation 44 of the National Health Service (Wales) (Pharmaceutical Services) Regulations 2013;

must be completed and returned, along with the original prescription form, normally within 28 days of the form having been presented; and

An order would not be a genuine order if, for example, it had been stolen or counterfeited and not signed by an authorised prescriber; or had been altered otherwise than by the authorised prescriber by whom it was issued.

The conditions for the reporting element of the reward are:

- i the drugs, medicines or listed appliances specified on the fraudulent prescription form have been dispensed, but the chemist believes at the time or subsequently comes to believe that the order is not genuine;
- ii the chemist has notified the Local Health Board as soon as practicable, and in any case within 14 days of the order being presented to the chemist, in accordance with regulation 44 of the National Health Service (Wales) (Pharmaceutical Services) Regulations 2013;

- v the form presented as a prescription form was not a genuine order for the person named on the form. An order would not be a genuine order if, for example, it had been stolen or counterfeited and not signed by an authorised prescriber; or had been altered otherwise than by the authorised prescriber by whom it was issued.

Where the time-limits for either contacting the Local Health Board or for returning a claim form, as specified above, are exceeded, Local Health Board will nevertheless consider a claim if there are exceptional circumstances justifying the delay.

ARRANGEMENTS FOR CONTRACTORS CONCERNING PRESCRIPTION PRICING ERRORS**For the period 1 April 2011 to 31 March 2012**

For England only:

Since the introduction of the capacity improvement programme (CIP) by the NHS Business Services Authority (NHSBSA) it has become apparent that the number of errors in pricing is at a level where a scheme to acknowledge this situation is appropriate. Considerable work has been undertaken to quantify the cost of the errors to contractors and whether it can be established which contractors payments may have been affected the most. While it is possible to quantify the errors, it is not possible to identify which contractors may have been particularly affected.

Previously, arrangements were made to cover the periods up to 31 March 2009 and 1 April 2009 to 31 March 2011. Further arrangements as outlined below will be made to cover from 1 April 2011 to 31 March 2012.

All contractors who are open on 1 October 2012 will receive a payment based on the extent to which they were open for business during the reference period from 1 April 2011 to 31 March 2012. This is in recognition of the levels of errors and any inconvenience caused by the new processing system for the period 1 April 2011 to 31 March 2012. That period will be divided into bands of three months and each band will be worth £150. A contractor will receive a payment based on the number of bands during which they were, at some point, open eg a contractor who was open for the entire period will receive a payment of £600 while a contractor who opened for the first time at some point between 1 January and 31 March 2012 will receive a payment of £150.

Table 1

Payment band (during which the contractor must have been open at some point for business)	Payment to recognise the increase in errors and any inconvenience caused by CIP (accumulated)(£)
1 January 2012 - 31 March 2012	150
1 October 2011 - 31 December 2011	300
1 July 2011 - 30 September 2011	450
1 April 2011 - 30 June 2011	600

Contractors who have purchased a business during this period will only be paid in respect of the payment bands when they owned the business unless they have purchased the business with liabilities and the account code has remained unchanged. Contractors who have ceased trading on or before 1 October 2012 will not receive a payment, even if they were trading for the entirety of the reference period.

The Table 1 payment will be made automatically in October's advance payment, which is made in December 2012 to all the contractors referred to in the previous paragraph and no claim needs to be submitted to qualify for the payment.

Any contractor who thinks their payments from 1 April 2011 to 31 March 2012 have been significantly affected has until 31 December 2012 to ask in writing for a recheck of a month or months' prescriptions directly to the NHSBSA. After this time, no further requests for rechecking of prescriptions pre 31 March 2012 will be accepted.

To request a check:

- Contractors must submit their request for a check to NHSBSA in respect of particular month(s) using the appropriate form available from NHS Prescription Services of the NHS Business Services Authority or at www.nhsbsa.nhs.uk. A separate form needs to be completed for each month they wish to have checked. Contractors with more than one pharmacy need to complete separate request forms for each pharmacy, and for each month, they wish to have checked.

ARRANGEMENTS FOR CONTRACTORS CONCERNING PRESCRIPTION PRICING ERRORS

- NHSBSA will select an equal number of months to check. Using the results from all the months reprocessed:
 - Where a net underpayment is revealed, the contractor will be paid the value of the underpayment;
 - Where a net overpayment is revealed, the NHSBSA will recover the value of the overpayment.
 - Where a net underpayment is revealed in excess of £500, the contractor will be paid an additional payment of £400 to recognise that they have been significantly affected by the new payment system.

This means that contractors who seek a check will risk losing any underpayment owed when balanced with any overpayment revealed by NHSBSA, even if there was an underpayment in the months for which the contractor has requested a check.

Following 31 December 2012, the deadline for contractors to request a recheck of their account, any contractor who has chosen not to request a recheck will receive an additional payment. This payment will be split into the same bands as in table 1 (each band worth £100) and contractors will be paid the table 2 payments according to the number of bands during which they were open for business at some point during the reference period. It will only be payable if the contractor is still open on 1 January 2013. For example, a contractor who is open the entire reference period will be paid £400 while a contractor, which first opened during January 2012, will be paid £100. This additional payment will be paid in January's advance payment made in March 2013.

Table 2

Payment band (during which the contractor must have been open at some point for business)	Additional payment value for contractors who choose <u>not</u> to request a recheck (accumulated)(£)
1 January 2012 - 31 March 2012	100
1 October 2011 - 31 December 2011	200
1 July 2011 - 30 September 2011	300
1 April 2011 - 30 June 2011	400

For the purposes of both Table 1 and Table 2 payments, contractors are treated as being open on a particular day if that day falls within a period when they are providing pharmaceutical services, even if under their terms of service they are not required to be open on that particular day.

From 1 April 2012

For England only:

From April 2012, a contractor who thinks there is an issue with their monthly payment can ask the NHSBSA, in writing, to recheck a month or specific months' prescriptions.

All contractors who provide NHS pharmaceutical services can request a month or specific months' prescriptions to be rechecked. Contractors who have purchased a business since 1 April 2012 can only request a recheck for the months where they owned the business, unless they have purchased the business with liabilities and the account code has remained unchanged. Those contractors who ceased trading after 1 April 2012 and not sold the business with liabilities can request a recheck for any month where they owned the business, subject to the normal limitation periods.

To request a recheck from NHSBSA,

- A contractor must submit their request using the appropriate form available from NHS Prescription Services of the NHS Business Services Authority or at www.nhsbsa.nhs.uk.
- All requests must be submitted no later than 18 months from the end of the month of dispensing eg for prescriptions dispensed in April 2012; a contractor must submit their request for a check by 31 October 2013.
- A separate form needs to be completed for each month they wish to have checked. Contractors with more than one pharmacy need to complete separate request forms for each pharmacy and month, they wish to have checked.

ARRANGEMENTS FOR CONTRACTORS CONCERNING PRESCRIPTION PRICING ERRORS

To ensure that adjustments fairly reflect both underpayments and overpayments, the NHSBSA will select an equivalent number of additional months to check, where appropriate. Using the results:

- Where a net underpayment is revealed, the contractor will be paid the value of the underpayment:
- Where a net overpayment is revealed, the NHSBSA will recover the value of the payment.

Once the 18 month deadline for requesting a check has elapsed eg 31 October 2013 for prescriptions dispensed in April 2012, no further requests can be made for that particular month.

DEVOLVING THE GLOBAL SUM - TEMPORARY SAFEGUARDING PAYMENTS

For England only:

If prescribers systematically increase prescription duration on all or a significant percentage of their prescription items, this could lead to dispensing contractors facing increased supplier bills in certain months (as more medicines are dispensed per prescription than usual) and then decreased prescription item volume in subsequent months. Where a contractor's dispensing business is affected in this way, the contractor may be entitled to make one or both of the following claims under temporary safeguarding arrangements.

Claim 1 - To provide support to pay an increase in supplier's bill

For a month where the prescription item duration has increased compared to that seen previously, as the contractor will have dispensed significantly more medication per prescription item than usual, the 100% advance (which is based on a historic net ingredient cost) is likely to be insufficient to cover the contractor's supplier bill for the month.

In these circumstances, the contractor is able to claim for that month, for an increase in their 100% advance (Claim1). The amount that can be claimed should reflect the amount by which the contractor's supplier bill has increased solely due to the increase in prescription item duration and no other reason.

The claim will need to -

- Be made on the appropriate form available from the NHS Prescription Services of the NHS Business Services Authority or at www.nhsbsa.nhs.uk.
- Be signed by the contractor.
- Be submitted to the NHS Prescription Services of the NHS Business Services Authority along with their claim form (FP34C) for that month.
- Include a declaration that to the best of the contractor's knowledge there is no reason apart from increased prescription duration, directly or indirectly instigated by a CCG, that would have contributed to the larger than normal suppliers bill e.g. not because of a new GP operating in their area who typically prescribes for a longer duration than other local GPs or because the contractor has dispensed higher than usual high cost drug prescription items.
- Be substantiated for example with a copy of the previous three months supplier bills and the current increased bill - or where this is inconclusive, some other rationale.

On receipt of a valid claim at the NHS Prescription Services of the NHS Business Services Authority

- The contractor will be paid an increase in their 100% advance in line with the claim
- The increased advance will be taken into account in the usual way the following month when the final accurate payment for the month is paid.

Claim 2 - Remuneration

For the months following an increase in prescription duration, contractors may experience a drop in items dispensed and as a result earn fewer fees.

In these circumstances, the contractor is able to claim for an affected month, for any lost fees and allowances (Claim 2).

The claim will need to -

- Be made on the appropriate form available from the NHS Prescription Services of the NHS Business Services Authority or at www.nhsbsa.nhs.uk.
- Be signed by the contractor.
- Be submitted to the NHS Prescription Services of the NHS Business Services Authority along with their claim form (FP34C) for that month.
- Include a declaration that to the best of the contractor's knowledge there is no reason apart from increased prescription duration, directly or indirectly instigated by a CCG, that would have contributed to a decrease in fees earned e.g. a new pharmacy opened nearby.

On receipt of a valid claim at the NHS Prescription Services of the NHS Business Services Authority

- The contractor will be paid on the volume of prescription items for same month of the previous year, but at the current value of fees and allowances.
- Where a contractor makes a claim, for the month in which they are claiming they will be paid on the volume of the previous year's prescriptions regardless of whether this volume is lower than the prescription volume submitted for the month claimed.

DEVOLVING THE GLOBAL SUM - TEMPORARY SAFEGUARDING PAYMENTS

Claim 1 and 2 - In general,

- Claim 1 would not normally be expected to be made in the same month as Claim 2.
- Because of the nature of Claim 1 it would not normally be appropriate to claim it in consecutive months, but it may be appropriate to claim it more than once.
- Typically, Claim 2 would follow a Claim 1, but Claim 2 could be made where a Claim 1 has not been made in a previous month, for example, where prescription duration has increased slowly. In these cases, the usual 100% advance may have been sufficient, but the contractor is experiencing a reduction in fees and allowances for which they wish to claim.
- Because of the nature of Claim 2, it may be appropriate to claim it in consecutive months, but it is unlikely to be appropriate for it to be claimed every month.

For Claim 1 and 2, in situations where the claim is outside conditions agreed by Department of Health (DH) and Prescription Services Negotiating Committee (PSNC), the claim will be subject to joint verification by the NHSCB and the contractor's Local Pharmaceutical Committee (LPC), subject to agreement with the contractor on LPC involvement.

Where a contractor makes one or more valid claims in the previous three months, they will be entitled to an "amendment allowance" of £30 for the quarter (regardless of how many claims made), in recognition of the administrative time required to make claims.

Borderline Substances

In certain conditions some foods and toilet preparations have characteristics of drugs and the Advisory Committee on Borderline Substances advises as to the circumstances in which such substances may be regarded as drugs. The Advisory Committee's recommendations are listed below. Prescriptions issued in accordance with the Committee's advice and endorsed "ACBS" will normally not be investigated.

Manufacturers wishing to notify changes to their products should contact the ACBS by post:

This is an alphabetical index of products which the ACBS has recommended for the management of the conditions shown under each product.

General Practitioners are reminded that the Advisory Committee on Borderline Substances recommends products on the basis that they may be regarded as drugs for the treatment of specified conditions. Doctors should satisfy themselves that the products can be safely prescribed, that patients are adequately monitored and that, where necessary, expert hospital supervision is available. Prescriptions for products recommended by the Committee should be endorsed "ACBS".

Note: The Committee has recommended a number of products as complete feeds for certain conditions. They may be prescribed both as sole sources of nutrition and as necessary nutritional supplements prescribable on medical grounds.

1. The Committee has defined proven lactose or sucrose intolerance as "A condition of intolerance to an intake of the relevant disaccharide confirmed by:

- (i) demonstrated clinical benefit of the effectiveness of the disaccharide free diet;
and
- (ii) the presence of reducing substances and/or excessive acid (1.00pH) in the stools, a low concentration of the correspondent disaccharidase enzyme on intestinal biopsy, or by breath tests or lactose tolerance tests."

3. The Committee has defined dysphagia as that associated with "Intrinsic disease of the oesophagus, eg. oesophagitis; neuromuscular disorders, eg. multiple sclerosis and motor neurone disease; major surgery and/or radiotherapy for cancer of the upper digestive tract; protracted severe inflammatory disease of the upper digestive tract, eg. NOTES ON CHARGES

NOTES ON CHARGES FOR DRUGS AND APPLIANCES PAYABLE UNDER REGULATIONS MADE UNDER SECTION 172(1) AND (2) OF THE NATIONAL HEALTH SERVICE ACT 2006 AND SECTION 121(1) AND (2) OF THE NATIONAL HEALTH SERVICE ACT (WALES) ACT 2006

- (i) Information about the number of charges payable is in paragraph 11 - with examples of the application of the charging arrangements in paragraph 12.
- (ii) Where the arrangements or charge rates differ between England and Wales, provisions for England (ie set out in regulations made in England) apply to prescriptions dispensed by community pharmacists, appliance contractors and dispensing doctors in agreement with NHS Commissioning Board (NHSCB) in England. Provisions for Wales (ie set out in regulations made in Wales) apply to prescriptions dispensed by community pharmacists, appliance contractors and dispensing doctors in agreement with Local Health Boards (LHB) in Wales. The cost of prescription prepayment certificates (PPCs) will apply in accordance with the normal address of the patient. Details are in paragraph 6.
- (iii) Any PPC or exemption certificate issued in England, Northern Ireland, Scotland or Wales is valid across the UK.
- (iv) In the following paragraphs, where no separate provision for Wales is noted, the same provisions apply in England and Wales.

1. CHARGES PAYABLE

£8.60 (England) for each prescription item, preparation or type of appliance including each ankle, legging, knee-cap, below-knee, above knee or thigh stocking. In Wales from 1 April 2007 there will be no prescription charge for a patient (or the patient's representative) who presents a Welsh prescription form (WP10, or another in that series) or for a patient (or a person on a patient's behalf) who present an English prescription form (FP10) with a valid Entitlement Card). No charge is payable for Oxygen concentrators from 1 April 1992.

2. PHARMACY AND APPLIANCE CONTRACTORS

Unless a completed declaration of entitlement to exemption or remission (paragraphs 4 and 5) is made on the prescription form, a charge is payable for each drug or appliance supplied, including each piece of elastic hosiery.

In order to secure exemption of or remission from prescription charges when presenting a prescription form to a pharmacy, or appliance contractor, the patient, or a person on his behalf, must complete the declaration on the back of the prescription form. The regulations have now been changed to require them to do so.

Patients, or their representatives, are also required to sign the prescription form to declare that a charge has been paid. Charges are retained by the dispensing practitioner whose payment for provision of pharmaceutical services is adjusted accordingly.

In Wales: From 1 April 2007 there is no longer any requirement for a patient or their representative to sign the declaration on the reverse of a WP10 to be exempt from paying a prescription charge. However, if a patient presents an FP10 for dispensing in a Welsh pharmacy and it is not accompanied by a valid Entitlement Card then the declaration must be signed in the usual way or a charge paid in accordance with the English regulations made under section 121(1) and (2) of the National Health Service Act 2006.

3. DISPENSING DOCTORS

Unless a completed declaration of entitlement to exemption or remission (paragraphs 4 and 5) is made on the prescription form, the charges set out at (1) above are payable in respect of each item supplied by a dispensing doctor. In order to secure exemption or remission from prescription charges when presenting a prescription form to a dispensing doctor, the patient, or a person on his behalf, must complete the declaration on the back of the prescription form. The regulations have now been changed to require them to do so.

Patients, or their representatives, are also required to sign the prescription form to declare that a charge has been paid. Charges are retained by the dispensing practitioner whose payment for provision of pharmaceutical services is adjusted accordingly.

NOTES ON CHARGES

In Wales: From 1 April 2007 there is no longer any requirement for a patient or their representative to sign the declaration on the reverse of a WP10 in order to secure exemption from paying a prescription charge.

When an item dispensed by a dispensing doctor is delivered to a patient outside the surgery, every reasonable effort should be made to obtain a signed declaration from the patient that they have either paid the charge or are exempt.

However, there will be occasions when repeat prescriptions are delivered to points outside the surgery, or for example for collection from village shops in rural areas. Where a patient is exempt from charges and it is not practical for the patient to sign the form, a dispensing doctor or responsible member of the practice team should mark the reverse of the form as "remote delivery" and sign the form.

4. PEOPLE ENTITLED TO EXEMPTION

Provided that the appropriate declaration is made, a charge is not payable to the pharmacist, appliance contractor or dispensing doctor for drugs or appliances, including elastic hosiery, supplied for:

4.1 Children aged under 16;

4.2 Young people aged 16, 17 or 18 in qualifying full-time education;

4.3 People aged 60 and over.

4.4 People holding a valid exemption certificate, which is issued to:

4.4.1 expectant mothers*;

4.4.2 women who have given birth to a child (including a still-born child) in the last 12 months*;

*From 16 January 2017 the NHSBSA are running a small pilot scheme in the North East to test a digital process for the application, processing and issuing of Maternity Exemption Certificates. As part of this pilot patients may be issued with a digital certificate in place of a plastic card. This digital certificate will take the form of an email sent to the patient by the NHSBSA. Patients may present this certificate either in hard copy (where they have printed off the email) or digitally (eg using a smart phone).

If you have any feedback on this process please send it to nhsbsa.matexitisationteam@nhs.net. This feedback will then be considered as part of the evaluation of this pilot.

4.4.3 people suffering from the following specified conditions who have a valid exemption certificate:

- permanent fistula (for example, caecostomy, colostomy, laryngostomy or ileostomy) requiring continuous surgical dressing;
- a form of hypoadrenalism (for example, Addison's Disease) for which specific substitution therapy is essential;
- diabetes insipidus and other forms of hypopituitarism;
- diabetes mellitus, except where treatment is by diet alone;
- hypoparathyroidism;
- myasthenia gravis;
- myxoedema (that is, hypothyroidism requiring thyroid hormone replacement);
- epilepsy requiring continuous anti-convulsive therapy;
- a continuing physical disability which means they cannot go out without the help of another person;
- for further information about the exemption for cancer please see 4.9.

4.5 War pensioners holding a War Pension exemption certificate for prescriptions needed for treating their accepted disablement;

4.6 People who have purchased a Prescription Prepayment Certificate (PPC), which is valid at the point of dispensing.

NOTES ON CHARGES

- 4.7 From 1 April 2013 released prisoners and those released from secure accommodation (secure accommodation is defined as a court, a secure training centre or a secure children's home) who present an FP10 or FP10 (MDA) will not have to pay a prescription charge for any item on that form if the following applies:

'HMP', and the prison or secure accommodation address and telephone number is printed in the box provided for the practice address on the front of the form, with the prescribing code and the cost centre code for the organisation.

The patient does not have to sign the declaration, but should print their name and address if their address is different from the front of the form. Should the patient be homeless the use of 'No Fixed Abode' is acceptable in part 3 of the form.

4.8 Prescription Forms from Devolved Administrations

Dispensed in Wales: From 1 April 2007 all patients (including temporary residents) who have prescriptions issued by prescribers contracted to a Local Health Board or Welsh NHS Trust (WP10), or those patients in possession of a valid Entitlement Card (issued by NHS Shared Services Partnership on behalf of a Local Health Board) and a prescription written by a prescriber contracted to the NHS Commissioning Board or an English NHS Trust (FP10), are eligible for free prescriptions. In all other cases the English charge will apply unless the patient is entitled to an exemption as specified in 4.1 to 4.7 above.

Dispensed in England: From 1 April 2007 patients (including temporary residents) who have been issued a WP10 and meet the entitlement criteria as specified in 4.1 to 4.7, are eligible for free prescriptions. In all other cases the English charge will apply.

From 1 April 2011 any patient who presents a Scottish prescription form (GP10) in England will pay an English prescription charge for items dispensed unless the person is entitled to exemption as specified in 4.1 to 4.7.

From 1 August 2010, any patient who presents an NHS prescription form originating from Northern Ireland (coded HS21CS) will not pay a prescription charge for any items on that form that are dispensed in England.

Following the abolition of prescription charges in Northern Ireland on 1 April 2010, a new prescription form (coded HS21CS) has been produced in Northern Ireland and this is now in circulation. The form does not include a tick box and declaration section on the reverse of the form, but does include a signature box for those collecting controlled drugs.

The previous version of the Northern Ireland prescription form may be in circulation for the time being. Both versions of the forms must be dispensed without collecting prescription charges. A patient or patient representative signature is not required on either version of the form (except in the case of schedule 2 & 3 controlled drugs when a collector's signature is still required).

4.9 EXTENSION OF THE LIST OF MEDICAL CONDITIONS GIVING EXEMPTION FROM NHS PRESCRIPTION CHARGES: GUIDANCE FOR DOCTORS

ALL CONDITIONS

We ask all doctors to advise patients of their entitlement to medical exemption from prescription charges and give them a form FP92A once a relevant diagnosis is made. Application for an exemption certificate should only be made once the diagnosis of one of the medical condition listed on the FP92A is confirmed. The exemption certificate will be backdated one month from the date the application is received.

Exemption certificates only apply to charges for NHS prescriptions but they cover all prescriptions, not just those for the exempting condition.

Pending receipt of an exemption certificate, patients should ask the dispenser for an NHS receipt (FP57) (which is also a refund claim form) when they pay a prescription charge.

Patients diagnosed with one of the qualifying conditions for medical exemption, who are aged 60 or over are exempt from NHS prescription charges on age grounds and do not need to apply for a medical exemption certificate. However, patients who are exempt because they are receiving a relevant benefit, for example income support, may wish to apply for a medical exemption certificate so they are covered if their financial circumstances change.

Regulations are changed so that only the version clearly marked 1 January 2009, should be used. Old versions of FP92A should be destroyed securely.

NOTES ON CHARGES

CANCER

The Charges Regulations have been amended to extend the medical exemption to include cancer patients. They will give exemption from charges for cancer patients in respect of all prescription items (not just those for cancer) dispensed on or after 1 April 2009. The new version of the FP92A must be used. Exemption certificates for cancer patients will last for 5 years and can be used to their end date even if the patient's cancer treatment finishes during that period. At the end of 5 years a new application may be made if the patient still meets any of the conditions in (i) – (iii) below.

The regulations will state:

"No charges shall be payable by a person with a valid exemption certificate issued by the Secretary of State on the ground that the person is undergoing treatment for –

- (i) cancer;
- (ii) the effects of cancer; or
- (iii) the effects of cancer treatment".

The words used are intended to have the following meanings but interpretation is a matter for the doctor's clinical judgement in deciding whether or not to confirm the patient's statement and sign the application form.

The new medical exemption is not intended for patients who have been treated and are now apparently clear of cancer where no further treatment is planned. In these cases, treatment does not include routine follow ups with planned discharge later.

Advisory sunscreen because of risk of skin cancer is not a qualifying condition for exemption. This does not preclude prescribing sunscreens (per drug tariff) where clinically appropriate.

"**Cancer**": means diagnosed cancer (any cancer), not suspected cancer, eg skin lesion where no biopsy (or diagnostic test) has been carried out, nor pre-cancerous cells, eg following smear test.

"**Undergoing**" means continuing treatment not just one episode such as nitrogen freezing of a skin lesion with no further treatment planned

"**Treatment**" for diagnosed prostate cancer is in accordance with NICE guidelines as at: www.nice.org.uk

"**Treatment**" includes a course of tamoxifen following diagnosed cancer or similar drug to like effect. It also includes the prescription of lymphoedema garments needed as an effect of cancer or its treatment. These are listed in the Drug Tariff and can be prescribed on an FP10.

"**The effects of cancer**" includes palliative care if treatment for cancer itself has ceased (eg pain relief). It also includes effects directly related to cancer that did not exist before the diagnosis, for example change in mental health. The effects of cancer (and cancer treatment) would also include "ostomies" although these patients could apply for an exemption certificate if they have a permanent fistula.

"**The effects of cancer treatment**" may be in respect of current treatment or previous treatment and could arise some time after the treatment. They include all the side-effects of cytotoxic drugs listed in chapter 8 of BNF and includes prevention of side effects of these drugs. This is an example, not exhaustive, and effects of treatment also include late effects of radiation, including the need for camouflages, and secondary lymphoedema.

5. NO PRESCRIPTION CHARGE EXEMPTION DECLARATION NEEDED FROM CERTAIN PATIENTS

1. In England from 1 April 2005 certain patients exempt on age grounds (aged under 16 in England or aged 60 or over) are no longer required to make a declaration of entitlement to claim exemption from prescription charges. (This means that certain patients do not have to complete any part of the exemption declaration i.e. will not have to fill in Part 1, 2, 3 or sign the declaration. In such cases pharmacists will not have to complete any part of the patient declaration.)

2. This easement applies only to patients (and representatives acting on behalf of patients) whose date of birth is automatically printed out on a hard copy paper prescription or inserted into an electronic prescription by an appropriate computer system that stores the patient's NHS care record. This easement also applies to repeat prescriptions (both electronic and paper) in the same way.

3. Those patients who are given an electronic prescription and who claim exemption from prescription charges on age grounds but whose date of birth is not held on the NHS care record will have to continue to make an exemption declaration. The same will also apply to those patients who are given hand written prescription forms where the date of birth is inserted manually.

NOTES ON CHARGES

6. PEOPLE ENTITLED TO REMISSION

- 6.1 People, who are included in an award of Income Support, Income based Jobseeker's Allowance, Income Related Employment and Support Allowance or Pension Credit Guarantee Credit (PCGC);
- 6.2 Universal Credit. From 1 November 2015, people who are included in an award of Universal Credit and:
- (i) Have no earnings or net earnings** not exceeding £435 in the Universal Credit assessment period***;
 - (ii) Have no earnings or net earnings** not exceeding £935 in the Universal Credit assessment period***, and also have a child element included in their Universal Credit award or have been assessed as having limited capability for work, or limited capability for work related activity.

People who are getting Universal Credit and who meet the criteria above, should tick box K (*get income based Jobseekers Allowance) on the reverse of the prescription form.

** Earnings of a couple. From 1 December 2016, the relevant earnings to be considered, in respect of a person who is a member of a couple, are the combined earnings of the couple.

*** Eligibility for remission of a charge at the point of dispensing is based on the claimant's last complete assessment period. Universal Credit is assessed monthly, based on the date of claim of an individual. The assessment period will run for a calendar month from the effective date of claim for Universal Credit (which will be shown on the award notice), and between the same dates each month, thereafter.

Recipients of Universal Credit will be given an award notice that can be used as evidence of entitlement to remission of charges. It should be noted that whether a person has limited capability for work may not be identified on the Universal Credit award notice. A patient may not receive/ have access to an updated award notice where there has been a relevant change in circumstances (eg change in amount of earnings). It is the patient's responsibility to consider whether they meet the criteria, including having limited capability for work and whether they meet the relevant earnings threshold.

- 6.3 People, whose family income for tax credits is £15,276 or less (the limit is valid from 6 April 2009) and:
- 6.3.1 they get Working Tax Credit (WTC) and Child Tax Credit (CTC); or
 - 6.3.2 they get WTC with a disability or severe disability element; or
 - 6.3.3 they are not eligible for WTC but get CTC.
- 6.4 HM Revenue & Customs send information to the NHSBSA, Help with Health Costs about people getting tax credits who are entitled to remission. Help with Health Costs send exemption certificates to these people. The certificate can be used as evidence of their entitlement to remission.
- 6.5 From 27 October 2008 people who are included in an award of Income Related Employment and Support Allowance should tick box H *gets Income Support or income-related Employment and Support Allowance, on the reverse of the new prescription form (version 0608) to claim free prescriptions.

If the old version of the prescription form is presented for dispensing, the person should be instructed to tick box H *gets Income Support.

Evidence should be provided in the form of an Employment and Support Allowance award notice. Note: receipt of the contribution based Employment and Support Allowance alone does not entitle a person to free prescriptions.

- 6.6 People and their partners who are named on an NHS Charges certificate HC2 because they are entitled to full help through the NHS Low Income Scheme.
- 6.7 Leaflet HC11 and the equivalent HC11W in Wales provides information for patients about help with health costs within the respective countries. HC11 is on the Department of Health's website at www.nhs.uk/healthcosts.
- 6.8 Leaflet HC12 and the equivalent HC12W in Wales provides information for patients about NHS charges and optical voucher values within the respective countries. HC12 is on the Department of Health's website at www.nhs.uk/healthcosts.

7. PRESCRIPTION CHARGE REFUND PROCEDURE

1. This guidance applies to refunds of prescription charges in England only. Patients enquiring about getting a refund paid in Scotland should call the following number

Scotland - 0131 275 6076

Or they can write to: Practitioner Services (Pharmacy Repayments), 1 South Gyle Crescent, Edinburgh, EH12 9EB, Scotland

Security of forms

2. Prescription refund and receipt forms are secure items and should not be left in locations where they may be accessed by the public. They should be locked away when not required. Only authorised staff may process prescription refunds. If a pad or a form disappears, or cannot be accounted for, report this urgently to your local NHS Commissioning Board Area Team (in England) or Business Services Centre (in Wales). Pharmacists should be alert to the possibility of misuse of the forms.

When to issue Prescription refund and receipt forms

3. Only issue a prescription refund and receipt form when the patient (or representative) requests this (but see paragraph 8 below) or is in genuine doubt about whether they might be exempt from prescription charges, or they have applied (or are thinking about applying) for a prescription charge exemption certificate or prepayment certificate.

4. When a patient (or representative) states they do not have to pay prescription charges because they are in an exempted group or hold a pre-payment certificate, they are not required to pay a charge simply because they do not have any evidence of entitlement. If they are prepared to sign to say they are exempt, they should complete and sign the declaration on the reverse of the prescription form. The "evidence not seen" box should be crossed, as per normal Point of Dispensing check procedures.

5. Only issue a prescription refund and receipt form at the time the prescription charge is paid. Later requests may be an attempt to get a second form to obtain a double refund fraudulently. If the patient or their representative is persistent in their request and they have grounds why they do not have a prescription refund and receipt, they should be advised to write to NHSBSA, Help with Health Costs, Bridge House, 152 Pilgrim Street, Newcastle Upon Tyne, NE1 6SN or ring 0300 330 1343, to explain why they were unable to obtain an FP57. Their Review Section will examine the claim and will either send a payment directly to the patient or advise the patient why they do not qualify.

6. If a receipt is required by a carer or representative, for example to show that the charge was paid, a till receipt may be sufficient proof. Only if a refund may be required should the patient be issued with a prescription refund and receipt form.

NOTES ON CHARGES

Issuing prescription refund and receipt forms

7. Part A must be fully completed by the dispenser or an authorised member of staff. There must be no alterations to the amounts or the quantities in Part A. If a mistake is made, then start again with a new form and cross through the discarded form in such a way that it cannot be used and write, "CANCELLED" diagonally across it. The dispenser can initial any other alterations elsewhere on the form. Any forms which have been discarded due to alterations or mistakes in Part A should be kept for audit purposes.

8. The dispenser's stamp and date of payment must be on the form with the patient's name and address, the rate of prescription charge paid per item, the number of charges paid and the total paid.

Pharmacies processing forms for refunds

9. Patients should preferably return the prescription refund and receipt form to the community pharmacy that issued it. However, if this is not possible they may take the form to the most convenient pharmacy (normally in the country where the charge was paid.)

10. Community pharmacists should accept the claim even if the form was issued by a hospital or other NHS organisation. If a dispensing doctor or appliance contractor has taken a payment and the patient requires a refund the dispensing doctor or appliance contractor must provide the patient with a prescription refund and receipt form. The patient should go to a community pharmacy to obtain the refund.

11. Pharmacists in England may make refunds for prescription refund and receipt forms issued in England, Scotland or Wales. The paid form will be sent to the NHSBSA, NHS Prescription Services (In England). Pharmacists in Wales may make prescription refunds on Welsh receipt and refund forms (WP57) only. The paid form should be sent to Powys LHB via the Business Services Centre local offices (In Wales) in the normal way.

12. When a patient presents a prescription refund and receipt form for payment, the pharmacist (or any member of staff who would normally collect a prescription charge) should check the following:

- serial number on the form to ensure it is in the same format as the forms held by that pharmacy;
- that there are no alterations to the amounts or quantities in Part A and the form appears genuine, e.g. there is no white border indicating that it is a "home produced" copy.

13. If the form is not in order the pharmacist should phone the NHSBSA, NHS Protect fraud line number 0800 028 4060 (In England) and CFS Wales on 01495 745844 (In Wales).

14. If the form is in order, take the following steps:

- For patients claiming a refund based on the Universal Credit exemption arrangements:
 - (i) Where the prescription charge was paid on or after 1 December 2016, check if the patient was included in an award Universal Credit and, on the day the charge was paid:
 - had no earnings or net earnings** not exceeding £435 in the relevant Universal Credit assessment period***.
 - had no earnings or net earnings** not exceeding £935 in the relevant Universal Credit assessment period*** and had a child element included in the Universal Credit award or if they have been assessed as having limited capability for work, or limited capability for work related activity.

** Earnings of a couple. From 1 December 2016, the relevant earnings to be considered, in respect of a person who is a member of a couple, are the combined earnings of the couple.

*** Universal Credit is assessed monthly, based on the date of claim of an individual. The assessment period will run for a calendar month from the effective date of claim for Universal Credit (which will be shown on the award notice), and between the same dates each month, thereafter.

Eligibility for a refund of a charge paid is based on either the last assessment period before the charge was paid or the same assessment period in which the charge was paid. This allows a person to claim a refund of a charge paid during the period their Universal Credit was being determined, where it is subsequently confirmed that they qualify for Universal Credit and they meet the eligibility criteria.

- (ii) Where a charge was paid before 1 December 2016, the earnings threshold amounts applied to the individual earnings of either member of a couple. This treatment of earnings on an

NOTES ON CHARGES

individual basis remains relevant for determining entitlement to a refund of charges paid between 1 November 2015 and 30 November 2016 only. (Examples of treatment of earnings on an individual basis, one member of a couple earns £300 in the relevant assessment period and the other earns £200, and assuming the relevant threshold is £435, each meets the criteria, even though jointly their earnings would exceed the threshold. Alternatively, one member of a couple earns £500 and the other earns £200, again assuming the relevant threshold is £435, the partner with the higher earnings would not meet the criteria (as the earnings are above the threshold) but the partner with earnings of £200 would do so.)

If they were included in a qualifying award of Universal Credit they should tick box 11, the patient was included in an award of income based Jobseekers Allowance.

- Check that the claim is being made within three months of the date the charge was paid, or the patient has an authorised form (LIS04(P)) from NHSBSA, Help with Health Costs
- Request evidence of entitlement to exemption or sight of form LIS04(P) authorising payment
- Check that the evidence relates to the patient
- Check that the evidence covers the date the charge was paid
- Note on the form what was produced, e.g. tax credit exemption certificate
- Note on the form the reference number on the exemption document (where applicable) e.g. 1234365
- Note on the form the LIS04(P) form reference number and date
- The person claiming the refund must print their name and address (i.e. the representative's details where appropriate)
- Pay the amount shown in Part A of the form
- Obtain signature of patient, or representative, and date for the cash
- Ensure that you, or the member of staff authorised to make refunds sign and print their name on the FP57/WP57 form.

Time Limit for making claims

15. A refund must be claimed within 3 months of the date on which the prescription charge was paid (e.g. if charge is paid 1 January, the refund must be claimed by 31 March). If more than 3 months have elapsed between the time the charge was paid and the prescription refund and receipt form is presented for payment, the refund may not be paid unless the patient has a form LIS04(P).

16. In the event of a late claim, patients will need to send the prescription refund and receipt form to NHSBSA, Help with Health Costs, Bridge House, 152 Pilgrim Street, Newcastle Upon Tyne, NE1 6SN and explain why they did not claim the refund within the 3 month time limit. Their Review Section will examine the claim and either authorise a refund by sending form LIS04(P) or advise the patient why they do not qualify.

Old style forms

17. You may be presented with the FP57/WP57 (0403) version of the form. If a patient does produce a 0403 form, the refund may be paid as long as either the form is presented within three months of the charge being paid, or the patient has an authorised form LIS04(P).

8. PRESCRIPTION PREPAYMENT CERTIFICATES (PPCs)

In England, a patient can buy a PPC:

- 8.1 Over the internet, using their debit or credit card, at www.nhsbsa.nhs.uk/ppc;
- 8.2 Over the telephone, using their debit or credit card, by calling 0300 330 1341;
- 8.3 By post, making payment by cheque, postal order, or their debit or credit card by completing the PPC application form (FP95);
- 8.4 By 10 monthly direct debit instalments of £10.40. These PPCs are available by post, by completing the PPC application form (FP95), telephone, by calling 0300 330 1341 or internet, at www.nhsbsa.nhs.uk/ppc. This applies from 1 July 2007 and for 12 month PPCs only.
- 8.5 At a pharmacy registered to sell PPCs on behalf of the NHSBSA. A list of pharmacies registered to sell PPCs can be found at www.nhsbsa.nhs.uk/ppc.

PPCs may start up to one month earlier or one month later than the NHSBSA, Help with Health Costs receive the application.

NOTES ON CHARGES

Doctors and pharmacists could greatly assist any patient who makes frequent payments for prescriptions by drawing attention to the availability of PPCs. These certificates cost £104.00 (England) for one year or £29.10 (England) for three months.

They are worthwhile for anyone requiring 13 or more items in 12 months or 4 or more items in three months. For the convenience of patients, pharmacists are asked to hold PPC application forms FP95 which can be ordered via the PCSE portal. 9. BULK PRESCRIPTION

Charges are not payable in respect of "bulk" prescriptions for schools or institutions supplied in accordance with the Regulations See Note 9, Part VIII A (page 132).

10. CONTRACEPTIVE SERVICES

No charge is payable for contraceptive substances and listed contraceptive appliances for women prescribed on FP10 or any of its variants.

The great majority of family planning prescriptions will be for contraceptive devices (See Part IXA) spermicidal gels, creams, films, pessaries and aerosols; or those systemic drugs promoted as contraceptives which are listed below: prescriptions for those products will not be specially marked and a prescription charge should not be levied.

Prescriptions for other drugs - If the prescription is for contraceptive purposes the prescriber should mark the item with the symbol ♯ (or endorse the item in another way which makes it clear that the prescription is for contraceptive purposes) and a prescription charge should not be levied for any items so marked. In the absence of such an endorsement by the prescriber, the normal prescription charge will apply to that item.

Where a dispensing doctor paid on the Drug Tariff basis supplies for contraceptive purposes a drug which is not on the list he should mark the item with the symbol ♯ (or endorse the item in another way which makes it clear that the prescription is for contraceptive purposes) on the prescription form before it is submitted for pricing.

**NON-MEDICAL INDEPENDENT PRESCRIBING (NURSES, PHARMACISTS,
OPTOMETRISTS, PHYSIOTHERAPISTS AND CHIROPODISTS/PODIATRISTS)**

Nurse and Pharmacist Independent Prescribers are able to prescribe any medicine for any medical condition within their competence. This includes any controlled drug listed in Schedules 2-5, except diamorphine, cocaine and dipipanone for the treatment of addiction (Nurse and Pharmacist Independent Prescribers are able to prescribe other controlled drugs for the treatment of addiction).

Optometrist Independent Prescribers can prescribe any licensed medicine for ocular conditions affecting the eye and surrounding tissue, but cannot prescribe any controlled drug independently.

Physiotherapist Independent Prescribers can prescribe any licensed medicine for any condition within their competence within the overarching framework of human movement, performance and function. With effect from June 2015, this includes the following controlled drugs: temazepam (oral), lorazepam (oral), diazepam (oral), dihydrocodeine (oral), morphine (oral and injectable), fentanyl (transdermal) and oxycodone (oral).

Podiatrist Independent Prescribers can prescribe any licensed medicine within their competence and relevant to the treatment of disorders affecting the foot, ankle and associated structures. With effect from June 2015, this includes the following controlled drugs: temazepam (oral), lorazepam (oral), diazepam (oral), dihydrocodeine (oral).

Nurse, Pharmacist, Optometrist, Physiotherapist & Chiropodist/Podiatrist Independent Prescribers:

- must work within their own level of professional competence and expertise;
- are recommended to prescribe generically, except where this would not be clinically appropriate or where there is no approved generic name;
- can prescribe licensed medicines independently for uses outside their licensed indications (so-called 'off-licence' or 'off-label'). They must accept clinical/legal responsibility for that prescribing, and should only prescribe off-licence/off-label where it is accepted clinical practice. In general, the General Optical Council discourages optometrists from prescribing 'off-licence' or 'off-label'. Further guidance is provided in the College of Optometrists Clinical Management Guidelines;
- may prescribe any appliances/dressings that are listed in Part IX of the Drug Tariff. Optometrist, Physiotherapist and Chiropodist/Podiatrist Independent Prescribers can only prescribe appliances/dressings for the treatment of conditions relevant to their respective areas of professional practice;
- must not prescribe drugs and other substances listed in Part XVIII A of the Drug Tariff at NHS expense;
- may prescribe drugs listed in Part XVIIIB of the Drug Tariff at NHS expense, but only in the specified circumstances, for the specified patient groups listed in the Drug Tariff and where this is within their scope of professional practice;
- Nurse and Pharmacist Independent Prescribers can prescribe unlicensed medicines for their patients, on the same basis as doctors and supplementary prescribers. Optometrist, Physiotherapist and Chiropodist/Podiatrist Independent Prescribers cannot prescribe unlicensed medicines;
- may prescribe borderline substances, which have been approved by the Advisory Committee on Borderline Substances (ACBS). A list of ACBS approved products and the circumstances under which they can be prescribed, can be found in Part XV of the Drug Tariff. Although this is a non-mandatory list, Nurse and Pharmacist Independent Prescribers should normally restrict their prescribing of borderline substances to items on the ACBS approved list. Optometrist, Physiotherapist and Chiropodist/Podiatrist Independent Prescribers should not need to prescribe any items on the ACBS list.

**DRUGS, MEDICINES AND OTHER SUBSTANCES NOT TO BE ORDERED UNDER A
GENERAL MEDICAL SERVICES CONTRACT**

Part XVIII A reproduces Schedule 1 to the National Health Service (General Medical Services Contracts) (Prescription of Drugs etc.) Regulations 2004.

Note: Some of the references to products listed in Schedule 1 to the National Health Service (General Medical Services Contracts) (Prescription of Drugs etc.) Regulations 2004, and reproduced below in Part XVIII A, are to their British Approved Name (BAN). The list has not been updated to reflect changes to the legislation which now requires that generic medicines should be referred to by their recommended International Non-proprietary Name (rINN), rather than their BAN. For the purposes of this list, reference to a generic product's British Approved Name also includes any corresponding generic medicine which is now known by the recommended International Non-proprietary Name. For example, there is an entry in Part XVIII A of the Drug Tariff for Guaiphenesin Syrup (any strength), but Guaifenesin is now the rINN. Neither product should be ordered under a general medical services contract. Appropriate amendments to schedule 1 to the National Health Service (General Medical Services Contracts) (Prescription of Drugs etc.) Regulations 2004 will be made in due course.

CRITERIA NOTIFIED UNDER THE TRANSPARENCY DIRECTIVE

Criteria notified to the European Commission under Article 7 of the Council Directive relating to the transparency of measures regulating the pricing of medicinal products for human use and their inclusion in the scope of national health insurance schemes (89/105/EEC)

The following six criteria have been separately notified by the UK Government to the European Commission since 1989 to comply with Article 7 of the Transparency Directive.

First, under the Selected List Scheme, medicinal products in seventeen therapeutic categories which are excluded from prescription on the grounds that, on expert advice, they had no clinical or therapeutic advantage over other, cheaper, drugs in the following categories:-

- mild to moderate painkillers
- indigestion remedies
- laxatives
- cough and cold remedies
- vitamins
- tonics
- benzodiazepine sedatives and tranquillisers
- anti-diarrhoeal drugs
- drugs for allergic disorders
- hypnotics and anxiolytics
- appetite suppressants
- drugs for vaginal and vulval conditions
- contraceptives
- drugs used in anaemia
- topical anti-rheumatics
- drugs acting on the ear and nose
- drugs acting on the skin

Second, products may be considered as "borderline substances" which are not truly medicinal products with clinical or therapeutic value and are excluded from NHS prescription on that ground.

Third, as well as being freely available on sale over the counter to the general public the cost to the NHS if the product(s) were to be supplied on prescription could not be justified at any price likely to be economic to the manufacturer and that the supply of the product is not considered a priority for the use of the limited resources available to the NHS.

Fourth, that products which nonetheless may meet a legitimate clinical or therapeutic need when properly prescribed, are subject to misuse by drug misusers, and such misuse, or the manner in which the product is administered by drug misusers, gives rise to the risk of physical or mental morbidity and alternative products are available to meet all legitimate clinical or therapeutic needs.

Fifth, a medicinal product or a category of medicinal products may be excluded entirely from supply on NHS prescription. It may alternatively be excluded except in specified circumstances, or except in relation to specified conditions or categories of condition, or specified categories of patient. A medicinal product or a category of them may be so excluded where the forecast aggregate cost to the NHS of allowing the product (or category of products) to be supplied on NHS prescription, or to be supplied more widely than the permitted exceptions, could not be justified having regard to all the relevant circumstances including in particular: the Secretary of State's duties pursuant to the NHS Act 1977 and the priorities for expenditure of NHS resources.

Sixth, products which comprise an injection device prefilled with a drug may be excluded from supply on NHS prescription if the same drug is available and can be used more economically in a container which may be used in conjunction with a refillable injection device.

Payments to a suspended contractor

3.—(1) Subject to the following provisions of this determination, the NHSCB must pay to each contractor (SC) suspended from a pharmaceutical list in accordance with Chapter 6 of Part 7 of the National Health Service Act 2006(a) (pharmaceutical services and local pharmaceutical services – disqualification) a suspended contractor monthly payment (SCMP) of—

- (a) as regards each complete calendar month for which SC is suspended, an amount equal to SC's reference remuneration; or
- (b) if SC is only suspended for part of a calendar month, an amount calculated by multiplying SC's reference remuneration by the fraction produced by dividing the number of days for which SC was suspended during that month (including weekends and bank holidays) by the total number of days in that month.

(2) For the purposes of sub-paragraph (1) but subject to the following provisions of this determination, the "reference remuneration" of SC is the total of the relevant fees and allowances to which SC is entitled in respect of relevant listed premises during the relevant period, divided by the duration of the relevant period (which may differ for different elements of the reference remuneration if more than one set of premises are listed in relation to SC and those premises are listed in relation to SC for different periods).

(3) For the purposes of paragraph (2), the "relevant fees and allowances" means the following fees payable to SC during the relevant period—

- (a) fees (for pharmacy contractors) payable under clause 1 of Part IIIA;
- (b) fees (for pharmacy contractors) payable under clause 2 of Part IIIA;
- (c) fees (for appliance contractors) for dispensing appliances payable under Part IIIB;
- (d) payments (for pharmacy contractors) payable under Part VIA;
- (e) payments (for appliance contractors) payable under Part VIB;
- (f) payments for advanced services (for pharmacy and appliance contractors) payable under Part VIC;
- (g) payments for enhanced services (for pharmacy contractors) payable under Part VIE; and
- (h) payments in respect of pre-registration trainees payable under Part XIII.

(4) For the purposes of paragraphs (2) and (3), the duration of the "relevant period" is—

- (a) in the case of any relevant listed premises that have been listed in relation to SC for at least 12 complete calendar months prior to the suspension of SC, the 12 complete calendar months that preceded SC's suspension; or
- (b) in the case of any relevant listed premises that have been listed in relation to SC for less than 12 complete calendar months prior to the suspension of SC—
 - (i) if the premises have been listed in relation to SC for at least one calendar month prior to the suspension of SC, the number of complete calendar months prior to that suspension during which the premises were listed in relation to SC, or
 - (ii) if the premises have not been listed in relation to SC for at least one calendar month prior to the suspension of SC, the portion of that month, expressed as a fraction, prior to the suspension of SC during which the premises were listed in relation to SC.

Adjustments to suspended contractor monthly payments to take account of premises closures or changes of ownership

4.—(1) Subject to paragraph (3), where premises cease to be listed in relation to a contractor (SC) after SC has been suspended from a pharmaceutical list, as respects the period after those premises cease to be so listed, no account is to be taken of pharmaceutical services provided by SC at those premises prior to SC's suspension in the calculation of a SCMP.

(a) 2006 c. 41.

**PAYMENTS TO CHEMISTS SUSPENDED BY THE NHS COMMISSIONING BOARD OR BY
DIRECTION OF THE FIRST-TIER TRIBUNAL**

(2) For these purposes, where the premises cease to be listed in relation to SC after the start of a calendar month, SC remains entitled to a proportion of—

- (a) the element of the SCMP; or
- (b) the SCMP,

that related to those premises, calculated by reference to the number of days in that month during which the premises were listed in relation to SC divided by the total number of days in that month.

(3) Paragraph (1) does not apply in circumstances where premises cease to be listed in relation to SC as a consequence of the relocation of the business at those premises to new premises.

(4) For the avoidance of doubt, no payments are payable under this Determination in respect of any period when SC no longer has any premises listed in relation to SC on a pharmaceutical list.

Additional payments: increasing turnover

5.—(1) If the NHSCB is satisfied that a suspended contractor (SC) to whom it is required to pay a SCMP would, but for the suspension, have been entitled to receive payments under Part VIA or VIB for a particular month in respect of particular premises that in total are higher than the amount in respect of payments under that Part that was included in the calculation of SC's SCMP for that month, it must make an additional payment to that contractor.

(2) The amount of the additional payment is to be the difference between the contractor's SCMP and the amount the SCMP would have been if the higher total referred to in sub-paragraph (1) had instead been the total of payments under Part VIA or VIB in respect of the particular premises that had been used in the appropriate place in the calculation of SC's SCMP.

Additional payments: temporary cover

6.—(1) If—

- (a) a person (X) other than a suspended contractor (Y) has been listed in relation to relevant listed premises; and
- (b) the NHSCB is satisfied that Y is paying X a payment (in addition to any agreed share of the payments under paragraphs 3 and 5) in respect of the provision of professional services by a chemist (Z),

the NHSCB must make an additional payment to Y in respect of that provision of professional services.

(2) The amount of the additional payment is to be the cost to X of the professional services provided by Z, up to a maximum of £150 per day.

Arrangements for claims and making payments

7.—(1) Payment of an SCMP, or of an additional payment under paragraph 5 or 6, is to be made in arrears as soon as is practicable after the end of the month to which the payment relates, but—

- (a) in the case of SCMPs, they are only payable if, before the first monthly payment, by the end of the month after the first month in respect of which a suspended contractor (SC) wishes to claim SCMPs, SC has notified the NHSCB that SC wishes to claim SCMPs; or
- (b) in the case of additional payments under paragraph 6, they are only payable if, by the end of the month after the month in respect of which SC wishes to claim the additional payment, SC has notified the NHSCB that it wishes to claim an additional payment.

(2) Where it is reasonable to do so, payments under this determination may be withheld, temporarily or permanently, if SC does not provide the NHSCB with the information that it reasonably requires in order to establish entitlement to, or the correct level of, payments under this determination.

(3) If SC's first SCMP is due but the NHSCB is only able to make a reasonable estimate of the amount that is due, it must pay a reasonable estimate of the amount that is due, and thereafter

**PAYMENTS TO CHEMISTS SUSPENDED BY THE NHS COMMISSIONING BOARD OR BY
DIRECTION OF THE FIRST-TIER TRIBUNAL**

adjust (where it is able to do so) future SCMPs to take account of any underpayment or overpayment that has arisen because of the use of that estimate.

(4) For the avoidance of doubt—

- (a) sub-paragraph (3) is without prejudice to the NHSCB's powers to recover overpayments under regulation 98(6) of the 2013 Regulations (payments to suspended chemists); and
- (b) the payments to be made under this determination are the payments to be made by the NHSCB to SC and not the payments to be made by the NHSCB to any person who is providing pharmaceutical services instead of SC because of SC's suspension from a pharmaceutical list.

Revocations and transitional arrangements

8.—(1) The Payments to Suspended NHS Chemists (England) Determination 2012 is revoked.

(2) Paragraph 13(8)(a) of Schedule 9 to the 2013 Regulations (transitional provisions – service provision issues: NHS chemists) applies in relation to payments to a suspended contractor in respect of a period of suspension that preceded 1st September 2012 (as a consequence of which, decisions on payments in respect of the period of suspension that preceded 1st September 2012, and any appeals relating to those decisions, are to be in accordance with the 2005 Regulations and with the determinations mentioned in paragraph 8(1) of the Suspended NHS Chemists (England) Determination 2012).

(3) Paragraph 13(8)(b) of Schedule 9 to the 2013 Regulations applies in relation to payments to a suspended contractor in respect of a period of suspension between 1st September 2012 and 31st March 2013 inclusive (as a consequence of which, decisions on payments in respect of the period of suspension between 1st September 2012 and 31st March 2013 inclusive, and any appeals relating to those decisions, are to be in accordance with the 2012 Regulations and with the Suspended NHS Chemists (England) Determination 2012).

(4) Where a matter is to be dealt with in accordance with the determinations mentioned in sub-paragraphs (2) and (3) by virtue of paragraph 13(8) of Schedule 9 to the 2013 Regulations, in dealing with that matter, the NHSCB (or where appropriate on appeal the Secretary of State) is to treat those determinations as provisions of the Drug Tariff for the purposes of the continuity principles (as defined in paragraph 1(8) of Schedule 9 to the 2013 Regulations), whether or not those determinations continue to be included in the Drug Tariff.

EXPLANATORY NOTE

The following example is intended to illustrate the method of calculation of suspended contractor monthly payments under this Determination.

A pharmacy contractor is suspended by the NHSCB after close of business on 14th February 2014 and on that date has three sets of premises listed in relation to them on a particular pharmaceutical list: one (premises X) has been listed for two years; the second (premises Y) has been listed since the 15th May 2013; and the third (premises Z) has been listed since the start of February 2014.

In the 12 months prior to 1st February 2014, the contractor's income from the relevant fees and allowances at premises X was £120,000; in the eight months prior to 1st February 2014, the contractor's income from the relevant fees and allowances at premises Y was £96,000; and in the

**PAYMENTS TO CHEMISTS SUSPENDED BY THE NHS COMMISSIONING BOARD OR BY
DIRECTION OF THE FIRST-TIER TRIBUNAL**

first two weeks of February 2014, the contractor's income from the relevant fees and allowances at premises Z was £4,000. Accordingly, the reference remuneration for the contractor is $(£120,000 \div 12 = £10,000) + (96,000 \div 8 = £12,000) + (£4,000 \div 0.5 = £8,000) = £30,000$. For February 2014, the amount due will be $£30,000 \times (14 \div 28) = £15,000$, and from March 2014 onwards, the amount will be £30,000 – unless any or all of the premises close or are sold. So for example, if, with effect from 16th June 2014, premises Z are sold to another contractor, the reference remuneration for June 2014 is adjusted to £26,000 and from July 2014 to £22,000.

REQUISITIONS AND PRIVATE PRESCRIPTIONS FOR CONTROLLED DRUGS

Following the Government's response to the Fourth Report of the Shipman Inquiry (Safer Management of Controlled Drugs), the requirements for requisitions and private prescriptions for controlled drugs have changed.

For EnglandPrivate Prescriptions for Controlled Drugs

From 1 July 2006 all private prescriptions issued for controlled drugs in Schedule 2 or 3 of the Misuse of Drugs Regulations 2001 must be ordered using the prescription form designed specially for this purpose (FP10PCD).

Following dispensing, the original FP10PCD prescription forms must be submitted to the NHS Business Services Authority (NHSBSA) for audit purposes.

Requisitions for Controlled Drugs

From 30 November 2015 the supply of controlled drugs in Schedule 2 or 3 of the Misuse of Drugs Regulations 2001 (as amended) must be requisitioned using the new FP10CDF form. This can be accessed from the NHS Business Services Authority website: <http://www.nhsbsa.nhs.uk/PrescriptionServices/1120.aspx>

The requirement to use the mandatory form applies to the professionals listed at regulation 14(4), which now includes paramedics and the person in charge or acting person in charge of an organisation providing ambulance services, and only when stocks of the relevant controlled drugs are to be obtained in the community, including from wholesalers but outside settings such as hospitals.

From 1 June 2015, hospices and prisons are exempt from the requirement to use the mandatory form when requisitioning supplies of Schedule 2 and 3 controlled drugs. They can continue to use the old version of the FP10CDF form while stocks last.

Once the supply has been issued, the requisition form must be marked in accordance with the regulations before being submitted to the NHS Business Services Authority for audit purposes. Hospitals and wholesalers are exempt from this requirement.

Submission of Forms

One FP34PCD submission document must be completed and submitted with each monthly submission of original FP10PCD prescription forms/FP10CDF requisition forms. The submission document is available at <http://www.nhsbsa.nhs.uk> along with guidance on how to complete the document.

The original prescriptions/requisitions should be sorted separately, packed securely and dispatched to the NHS Business Services Authority by no later than the fifth day of the month following that in which they were supplied.

The FP34PCD submission document and original FP10PCD prescription forms/FP10CDF requisition forms must be submitted to the following address:

**NHSBSA, NHS Prescription Services
Division 3 Newcastle
Goods Entrance (off Dean Street)
Bridge House
152 Pilgrim Street
Newcastle upon Tyne
