# Community Pharmacy Assurance Framework (CPAF)

# Pre visit questionnaire

# PLEASE NOTE

Pharmacies that are required to complete the CPAF Pre visit questionnaire will be contacted directly to complete an interactive web based version of the questionnaire.

The formatting in this PDF version may differ from the official interactive online questionnaire and is provided to allow pharmacies to view the questionnaire and assure themselves that they are compliant with the Terms of Service under the community pharmacy contractual framework.

This version of the questionnaire should not be submitted and will not appear in any reports produced as part of the CPAF exercise.

# To access the questionnaire enter your pharmacy ODS code:

It starts with an F and is entered on your prescription submission document at the end of each month. All letters should be uppercase and no spaces should be entered.

If you have a query about accessing or using this questionnaire, please email nhsbsa.cpaf@nhs.net, please include your pharmacy ODS/F code and pharmacy contact details in your message.

If you have any other queries please refer to the PSNC website www.psnc.org.uk.

This questionnaire should only be completed for the pharmacy listed below. If these details do not relate to your pharmacy please <u>do not complete the questionnaire</u>. Let us know by sending an email to nhsbsa.cpaf@nhs.net, include in your message the pharmacy ODS/F code shown below and the ODS/F code and contact details of your pharmacy.

# Pharmacy details:

Pharmacy ODS code	{Pharm.FCode}
Pharmacy name	{Pharm.Name}
Pharmacy address 1 Pharmacy address 2 Pharmacy address 3 Pharmacy address 4 Pharmacy postcode	{Pharm.Addr1} {Pharm.Addr2} {Pharm.Addr3} {Pharm.Addr4} {Pharm.PCode}
Pharmacy email	{Pharm.Email}

# **Instructions:**

You must answer all the questions in the 'Essential Services' section. There are additional questions for each of the Advanced Services. You only need to answer questions about the Advanced Services you provide.

A summary of your progress is shown at the bottom of each page. You can amend the answer to any question if required before submitting the questionnaire. To do this, simply use the back and next buttons at the bottom of each page to navigate to the relevant section, and then amend your answer as needed. Do not use your internet browser back button as this will cause an error.

There are website links to further information throughout the questionnaire. Clicking a link will open a new browser window or tab and you will need to return to the questionnaire to continue.

You can save your responses by clicking the save button at the bottom of the screen in the questionnaire, so you don't have to complete it in one sitting. You can click on the link in the email invite, or if you were contacted by your head office to complete the questionnaire re-enter your pharmacy ODS/F code at the login screen, and the responses you have previously entered will be loaded into the questionnaire.

If you have a query about accessing or using the questionnaire, please contact nhsbsa.cpaf@nhs.net and include the details of your pharmacy including your ODS/F code.

If you have any other queries please refer to the PSNC website www.psnc.org.uk.

# **Essential Service 1 - Dispensing pre-visit questionnaire**

# Service description

The supply of medicines and appliances<sup>\*\*</sup> ordered on NHS prescriptions, together with information and advice, to enable safe and effective use by patients and carers, and maintenance of appropriate records.

Click here to access a question and answer document about recording advice, interventions and referrals in community pharmacies which you may find useful to refer to when answering the Essential Services questions.

\*\* Pharmacies are required to supply any drugs ordered via a prescription. With regards appliances they are only required to supply those that they supply in the normal course of their business.

### Aims and intended outcomes

To ensure patients receive ordered medicines and appliances safely and appropriately by the pharmacy:Performing appropriate legal, clinical and accuracy checksHaving safe systems of operation, in line with clinical governance requirementsHaving systems in place to guarantee the integrity of products suppliedMaintaining a record of all medicines and appliances supplied which can be used to assist future patient careMaintaining a record of advice given, and interventions and referrals made, where the pharmacist judges it to be clinically appropriate. To ensure patients are able to use their medicines and appliances effectively by pharmacy staff:Providing information and advice to the patient or carer on the safe use of their medicine or

staff:Providing information and advice to the patient or carer on the safe use of their medicine or applianceProviding when appropriate broader advice to the patient on the medicine, for example its possible side effects and significant interactions with other substances.

Completion of this form is required by NHS England. It covers matters that can be self-assessed, and apart from random checks for verification purposes, avoids the need for these matters to be covered during visits. Pharmacy contractors might find it helpful to refer to the PSNC website psnc.org.uk/ when completing the questionnaire.

The terms of service are set out in Schedule 4 of the NHS (Pharmaceutical and Local Pharmaceutical Services) Regulations 2013, Statutory Instrument number 349 - www.legislation.gov.uk/uksi/2013/349/contents/made

# **Essential Service 1 - Dispensing pre-visit questionnaire**

a.SIToS <u>ES1-1</u>: The pharmacy shall have appropriate standard operating procedures (SOPs), including SOPs in respect of dispensing drugs and appliances, repeatable prescriptions and providing advice and support to people caring for themselves or their families. ToS - 28(2)(c)(v)

a.AddInfo	<sup>9</sup> Additional information: NHS England does not need or want to check SOPs in detail, as it is for the contractor to ensure they are fit for purpose and provide adequate direction to staff to enable safe working practices. NHS England may ask to see the signature sheet during the visit.
Q1	Does the pharmacy have a dispensing SOP, which has been read and understood by staff to which it applies and the staff work in accordance to it?YesNo

### N21 **ES1-2**

Q2.	When was the SOP last reviewed?	
	Month (MM)	
Q2.	When was the SOP last reviewed?	
	Year (YYYY)	

N22 <u>ES1-3</u>: - Orders for NHS medicines and such appliances, supplied in the normal course of the pharmacy business, are dispensed for patients on presentation of a prescription, with reasonable promptness. ToS - 5(2)

N23	Additional information: The Community Pharmacy Patient Questionnaire (CPPQ) can provide valuable feedback on the patient's perception of the promptness of service. The CPPQ results could help indicate patient satisfaction or dissatisfaction with the time taken for prescriptions to be dispensed.	
Q3	Does the pharmacy have sufficient resources (staff and stock) to ensure drugs are dispensed with reasonable promptness?	
	Yes No	

N24 <u>ES1-4</u>: If asked to do so, the pharmacist shall give an estimate of the time when the drugs or appliances will be ready; and if they are not ready by then, the pharmacist shall give a revised estimate of the time when they will be ready. ToS - 7(1)

N25		l information:		
	Patients might ask, when presenting a prescription, how long it will take to dispense. It is important for realistic estimates to be given.			
Q4	Do the pharmacy staff give a time estimate if asked, and does this take into account workload, current stock levels, pharmacist availability (for example, over lunch breaks) etc.?			
	O Yes		Νο

# ESHead ES1-8:

N37	Additional information: Don't forget – as returned controlled drugs now require additional procedures for safe disposal, and hazardous medicines <u>must</u> be segregated, it may be useful to ask patients to return those separately or to keep them separate from any bags of assorted returns.		
Q10	How do you remind people to return unwanted medicines to the pharmacy for safe destruction? (tick all that apply)		
	Verbally	Posters	
	Dispensing label	Practice leaflets	
	Dispensing bags	No reminder given	
	Other		
Q10.	Please specify		
BorderFix	(		

N38	ES1-9: When providing appliances to patients the pharmacist must provide appropriate advice in
	particular on the importance of only requesting those items which they actually need, and for those
	purposes, have regard to the details contained in the records in respect of the provision of
	appliances and prescribing pattern relating to the patient in question.
	ToS - 10(1)(d)

Q11	1 Do the pharmacy staff provide advice to patients presenting prescriptions for appliances on the need to only order appliances that are actually needed?		
	O Yes	◯ No	N/A The pharmacy does not provide appliances

N39	<b>ES1-10</b> : When supplying appliances, the pharmacist shall provide the patient with a written note of the pharmacy's name, address and telephone number $T_{2}S = 10(1)(2)$
	ToS –10(1)(o)

N40	Additional information: This may be included c information included wi		ernatively may be provided on a separate piece of
Q12	Does the pharmacy provide the name, address and telephone number of the premises with all appliances supplied?		
	O Yes	Νο	N/A The pharmacy does

<sup>N41</sup> **<u>ES1-11</u>**: Where a pharmacist is presented with a non-electronic prescription form or receives an electronic prescription and the order is for an appliance of a type requiring measuring and fitting (e.g. a truss) the pharmacist shall make all necessary arrangements for the measuring of the person and the fitting of the appliance. ToS - 8(4)

N42	Additional information: NHS England may ask the pharmacist what arrangements are made for measuring and fitting these appliances.		
Q13	Does the pharmac trusses and hosier Yes	y have suitable arrangements f ry? O No	for measuring and fitting of N/A The pharmacy does not provide appliances requiring measuring or fitting

Q14	Are you EPS2 enabled?	
	O Yes	No
Q15	Are you receiving electronic	prescriptions?
	O Yes	No

N45 ES1-13: A pharmacist shall, if requested to do so by any person explain to them the EPS service, whether or not it is a service which is available through the pharmacy; and where the EPS service is not available through the pharmacy, provide the patient with contact details of at least two pharmacies in his area through which the service is available, if these details are known to the pharmacist. ToS - 11(1)

N46	Additional information: During the monitoring visit, you may be asked questions about the EPS service.			
Q16	16 Are members of staff able to explain the EPS (including providing contact details (if known) of at least two pharmacies providing EPS if the pharmacy does not itse provide EPS)?			
	◯ Yes	Yes, staff can explain the EPS but do not have contact details	No, staff cannot explain the EPS	

N47	<b>ES1-14</b> : Where the EPS service is available through the pharmacy, the pharmacist shall, if requested to do so by any person, enter in that person's Patient Demographics Service (PDS) patient details the dispensing contractor chosen by that person (ie the nominated contractor). ToS - 11(2)		
Q17	17 Is the pharmacist or authorised member of staff able to set the nomination of a dispensing contractor at the patient's request?		
	◯ Yes ◯ No		
N48	<u><b>ES1-15</b></u> : If the pharmacist provides a drug or appliance under an electronic prescription, they must provide the patient, if the patient so requests, with a written record of the drugs or appliances ordered on that prescription and, in the case of an electronic repeatable prescription, of the number of occasions on which it can be dispensed. ToS $- 10(1)(i)$		
N49 N50	Additional information: Further information regarding the issuing of written information for items prescribed on an electronic prescription or electronic repeatable prescription can be found on the NHS Digital website.** ** Information regarding EPS can be found on the NHS Digital website https://digital.nhs.uk/eps		
Q18	Are there arrangements for issuing a written copy of the drugs or appliances prescribed on an electronic prescription or electronic repeatable prescription?		
N51	<u>ES1-16</u> :		
Q19	Are there arrangements for including in the written copy of an electronic prescription, the number of occasions an electronic repeat prescription can be dispensed?		
	◯ Yes ◯ No		

N52	ES1-17: A pharmacist may refuse to provide drugs or appliances ordered on a prescription in
	certain circumstances.
	ToS – 9(1)

ToS	_	g
100		0

N53	Additional information: These arrangements could be covered within the SOP. During the monitoring visit, NHS England may discuss these criteria with the pharmacist to assess understanding.		
Q20	Are staff aware of the circumstances that may be relevant for a refusal to supply and know what actions to take in such circumstances?		
	◯ Yes ◯ No		
N54	<b><u>ES1-18</u></b> : In connection with the services provided a pharmacist shall keep and maintain records of drugs and appliances provided, in order to facilitate the continued care of the patient. ToS $- 10(1)(f)(i)$		
N55	Additional information: Maintaining comprehensive records and referring to them when dispensing is essential for the safe treatment of patients. NHS England will not ask to see individual records unless they are investigating a specific complaint. They may observe the dispensing process during the visit (without intruding on patient confidentiality) in order to see that records are being made.		
Q21	Does the pharmacy maintain records of all NHS prescriptions dispensed?		
	◯ Yes ◯ No		

N56	<b>ES1-19</b> : Where deemed clinically appropriate by the pharmacist, records will be made of advice given and any interventions or referrals made. ToS – 10(1)(f)(ii)
N57	Additional information: NHS England may ask to see evidence that records are kept or discuss with you the circumstances when records might be appropriate.
	The following link includes a Q&A section on recording advice, interventions and referrals in community pharmacies: http://psnc.org.uk/contract-it/the-pharmacy-contract/contract-monitoring/
Q22	Have you made any records in relation to dispensing of advice given and any interventions or referrals made during the last 12 months?
Q23	Please provide an estimate of how often significant interventions are recorded in your pharmacy:
	Monthly
	C Less than monthly
Q24	Where do you keep records of significant interventions?
	Patient Medication Record
	Separate computer record
	Paper record
	Other
Q24.	Please specify
N58	

N59 Don't forget, records do not always need to be made by the pharmacist – make good use of skill mix.

<sup>N60</sup> **<u>ES1-20</u>**: In connection with the services provided ... a pharmacist shall ... provide a patient with a written note of any drug or appliance which is owed, and inform the patient when it is expected that the drug or appliance will become available, and keep and maintain records ... of notes provided. a.FurtherI\*\* Out of hours - means the times outside the contractor's agreed core and supplementary opening hours nfo

Q35	What arrangements are ma for patients receiving 'spe	ade in the out of hours period fo cified appliances'?	or any telephone care line
	Telephone care line available 24/7	Telephone refers to NHS Direct services	No special arrangements made for out of hours advice

N78 ES1-30: If the pharmacist is unable to provide an appliance use review the pharmacist must give the patient the contact details of at least two people who are suppliers of appliances who are able to arrange for the service to be provided, if these details are known to the supplier of appliances. ToS - 12(4)

N79	Additional information: Note also, that under the Essential Service 5 (Signposting) there is a requirement to keep records of advice given or referrals made. See CPAF Essential Service 5 - signposting		
Q36	Do the pharmacy arrangements provide for the provision of contact details of two suppliers of appliances who could provide an appliance use review (AUR) where the pharmacy cannot provide this service?		
	Yes No N/A The pharmacy is always able to provide AUR services		
N80	ES1-31: Inducements Neither a pharmacist nor any person employed or engaged by the pharmacy shall give, promise or offer any person any gift or reward as an inducement to presenting an order for drugs or appliances, nominating the pharmacist (as part of the EPS), or for providing contact details of alternative suppliers of appliances, or for the provision of any directed service, or for- referring a prescription to another supplier of appliances and providing no additional service in connection with the item on that prescription. They also shall not give, promise or offer to any relevant person any gift or reward as an inducement to or in consideration of them recommending to any person that they present to the pharmacist a prescription, nominate the pharmacist as their dispensing contractor (as part of the EPS), or ask the pharmacist to provide them with any directed service. ToS – 30		
N81	Additional information: NHS England will seek assurance that the pharmacy procedures ensure that no inducements contravening these are offered. The 'relevant person' means any person who performs or provides NHS Services, and includes an NHS body such as NHS England or a hospital trust, a primary medical services contractor (e.g. the owner of a GP practice) or any persons employed or engaged by any of these bodies.		
Q37	Has the pharmacist informed all the staff or persons engaged by the pharmacy that they must not give, promise or offer any persons any gift or reward as an inducement?		

Head

# ES2. Essential Service 2 - Repeat dispensing pre-visit questionnaire

er

### N82 Service description

The management and dispensing of repeatable NHS prescriptions for medicines and appliances, in partnership with the patient and the prescriber.

This service specification covers the requirements additional to those for dispensing, such that the pharmacist ascertains the patient's need for a repeat supply and communicates any clinically significant issues to the prescriber.

Aims and intended outcomes To increase patient choice and convenience, by allowing them to obtain their regular prescribed medicines and appliances directly from a community pharmacy for a period agreed by the prescriber. To minimise wastage by reducing the number of medicines and appliances dispensed which are not required by the patient. To reduce the workload of general medical practices, by lowering the burden of managing repeat prescriptions.

N83 Completion of this form is required by NHS England. It covers matters that can be selfassessed, and apart from random checks for verification purposes, avoids the need for these matters to be covered during visits. Pharmacy contractors might find it helpful to refer to the PSNC website psnc.org.uk/ when completing the questionnaire.

The terms of service are set out in Schedule 4 of the NHS (Pharmaceutical and Local Pharmaceutical Services) Regulations 2013, Statutory Instrument number 349 www.legislation.gov.uk/uksi/2013/349/contents/made

	Essential Service 2 - Repeat dispensing pre-visit questionnaire
Head	
er2	
N84	<b>ES2-1</b> : The pharmacy shall have appropriate standard operating procedures (SOPs), including SOPs in respect of dispensing drugs and appliances, repeatable prescriptions and providing advice and support to people caring for themselves or their families. ToS - 28(2)(c)(v)
N85	Additional information: NHS England does not need or want to check SOPs in detail, as it is for the contractor to ensure they are fit for purpose and provide adequate direction to staff to enable safe working practices. NHS England may ask to see the signature sheet during the visit.
Q38	Does the pharmacy have a repeat dispensing SOP, which has been read and understood by staff to which it applies and the staff work in accordance to it?
	◯ Yes ◯ No
N86	<u>ES2-2</u>
N87	Additional information: This should be indicated on the SOP.
Q39.	What Date was the repeat dispensing SOP last reviewed?
	Month (MM)
Q39.	What Date was the repeat dispensing SOP last reviewed?
	Year (YYYY)
N88	<b>ES2-3</b> : Repeatable Prescriptions for NHS medicines and such appliances, supplied in the normal course of the pharmacy business, are dispensed for patients on presentation of a prescription, with reasonable promptness. ToS - 5(2)
N89	Additional information: The Community Pharmacy Patient Questionnaire (CPPQ) can provide valuable feedback on the patient's perception of the promptness of service.
	The pharmacy would only be able to grade the availability of resources as sufficient if the staff hours for dispensing activities were at least those set out in the Drug Tariff for payment of the Practice Payment in full, for the dispensing volume, and the CPPQ did not indicate that patients are dissatisfied with the time taken for prescriptions to be dispensed.
Q40	Does the pharmacy have sufficient resources (staff and stock) to ensure drugs are dispensed with reasonable promptness?
	dispensed with reasonable promptness?
	Ves No

N90 <u>ES2-4</u>: A pharmacist must refuse to provide a drug or appliance ordered on a repeatable prescription in certain circumstances. ToS - 9(2) and 9(3)

N91 Additional information: These arrangements could be covered within the SOP.

The circumstances where a pharmacist MUST refuse to dispense includes where the prescriber is not entitled to prescribe the particular drug, it is not signed by the prescriber or it has passed its expiry date; and for repeatable prescriptions where the pharmacy has no record of the prescription (if it is not the first dispensing), the pharmacy does not have the associated batch issue (for non-electronic repeatable prescriptions), if to do so is not in accordance with intervals specified on the prescription, if the prescription was issued more than 6 months previously (and this is the first dispensing) or the prescription was signed more than 12 months previously, or the prescriber has informed the pharmacy that it is no longer required.

The circumstances where a pharmacy MUST refuse to dispense includes the pharmacy reasonably believes the prescription is not a genuine order, it appears that the prescriber has made an error and to supply would be contrary to the pharmacist's clinical judgement, the patient or a person accompanying the patient threatens, or subjects any persons in the pharmacy to violence, the patient or a person accompanying the patient commits or threatens to commit a criminal offence, the prescription does not contain the prescriber identification used by the NHSBSA for apportioning the costs.

During the monitoring visit, NHS England may discuss these criteria with the pharmacist to assess understanding. NHS England may ask to see confirmation that the pharmacy is keeping records of patients referred back to the prescriber where a refusal to supply has taken place.

# Q41 Are staff aware of the circumstances that may be relevant for a refusal to supply and know what actions to take in such circumstances?

) Yes

N92

O No

N93 <u>ES2-5</u>: Where a patient requests the supply of drugs or appliances ordered on a repeatable prescription (other than on the first occasion that he makes such a request), the pharmacist must be satisfied with regards to certain issues. ToS - 9(4)

# N94 Additional information:

These arrangements could be covered within the SOP.

Before supplying against a repeatable prescription, the pharmacist must be satisfied that the patient is taking or using the drug or appliance appropriately and is likely to continue to do so, the patient is not suffering any side effects which indicates the desirability of reviewing the patient's treatment, the medication or manner of use of the appliance by the patient has not altered in a way which indicates the desirability of reviewing the patient's treatment, and there have been no changes to the health of the patient which indicates the desirability of reviewing the patient's treatment.

# Q42 Does the pharmacist establish that it is clinically appropriate to dispense the prescription?

) Yes

) No

N95	<u>ES2-6</u> : A pharmacist shall provide appropriate advice to patients to whom they provide drugs or appliances in accordance with a repeatable prescription in particular on the importance of only requesting those items which they actually need. For these purposes the pharmacist shall have regard to the details contained in the patient's record in respect of the provision of appliances and the prescribing pattern for that patient. ToS – $10(1)(c)$ and $28(2)(c)(iv)$
Q43	Do the pharmacy staff provide appropriate advice in particular about the importance of only requesting items they actually need?
	○ Yes ○ No
N96	<u>ES2-7</u> :
Q44	Do the pharmacy staff refer to the patient's records when dispensing appliances to establish the prescribing pattern in order to advise about appropriate ordering?
	○ Yes
N97	<u>ES2-8</u> : Pharmacists should undertake appropriate training. ToS – 10(1)(g)
N98	
	Additional information: Pharmacy contractors are responsible for ensuring pharmacists they employ are competent to provide the repeat dispensing service. At the monitoring visit, you may be asked for production of certificates or other evidence.

# ES3. Essential Service 3 - Disposal of unwanted medicines pre-visit Head questionnaire

# er

# N117 Service description

Acceptance, by community pharmacies, of unwanted medicines which require safe disposal from households and individuals. NHS England will need to have in place suitable arrangements for the collection and disposal of waste medicines from pharmacies.

**Aims and intended outcomes**To ensure the public has an easy method of safely disposing of unwanted medicines. To reduce the volume of stored unwanted medicines in people's homes by providing a route for disposal thus reducing the risk of accidental poisonings in the home and diversion of medicines to other people not authorised to possess them. To reduce the risk of exposing the public to unwanted medicines which have been disposed of by non secure methods. To reduce environmental damage caused by the inappropriate disposal methods for unwanted medicines.

N118 Completion of this form is required by NHS England. It covers matters that can be selfassessed, and apart from random checks for verification purposes, avoids the need for these matters to be covered during visits. Pharmacy contractors might find it helpful to refer to the PSNC website psnc.org.uk/ when completing the questionnaire.

The terms of service are set out in Schedule 4 of the NHS (Pharmaceutical and Local Pharmaceutical Services) Regulations 2013, Statutory Instrument number 349 - www.legislation.gov.uk/uksi/2013/349/contents/made

# ES3. Essential Service 3 - Disposal of unwanted medicines pre-visit Head questionnaire er2

N119 <u>ES3-1</u>: A pharmacist shall accept and dispose of unwanted drugs presented to him for disposal from a private household, a children's home or a residential care home where NHS England in whose area the pharmacy is located has in place suitable arrangements for the collection and disposal of medicines from pharmacies.
ToS 14(1)

ToS - 14(1)

Yes

Note, a SOP is not required for this service, but a written SOP would assist you in meeting your obligations to operate the service safely for staff, and to protect the environment. Don't forget, the legislation dealing with waste medicines in complex. Guidance has been issued by the Department of Health.\*\*
 The pharmacy should have alternative arrangements in place for disposal of items that fall outside the requirements of this particular term of service.
 N121 \*\* Safe management of healthcare waste -

www.dh.gov.uk/en/Publicationsandstatistics/Publications/PublicationsPolicyAndGuidance/DH\_126345

Q58 Does the pharmacy have Standard Operating Procedures (SOPs) which cover the receipt, storage, handling (including segregating hazardous waste and incompatible products if appropriate), record keeping and disposal of unwanted drugs, including the denaturing of controlled drugs, which has been read and understood by staff to which it applies and the staff work in accordance to it?

No

N122 <u>ES3-2</u>: Store the drugs in containers provided by the waste disposal contractor retained by NHS England, for the purpose of storing drugs of that description. ToS - 14(3)(b)

# During the monitoring visit, NHS England may ask to see the storage.\*\* Don't forget, medicines held in the pharmacy for NHS dispensing purposes can be disposed of in the same bins, but they must be properly described as originating in the pharmacy on the waste disposal consignment or transfer notes. Disposal of sharps is not an Essential Service, so NHS England does not need to provide collection arrangements for sharps – however, NHS England does not expect you to accept sharps unless arrangements have been made. Please discuss sharps with NHS England. N124 \*\* The enforcement of the legislation on waste is the responsibility of the Environment Agency. However, compliance with statutory requirements related to the storing or disposal of waste is also a requirement of the terms of service – see paragraph 14(3)(c).

Q59	Does the pharmacy have suitable bins for unwanted medicines, which are stored
	safely?

Yes

🔵 No

N125 <u>ES3-3</u>: Comply with any other statutory requirements in respect of storing or the disposal of drugs of that description. ToS - 14(3)(c)

N126	Additional information: Pharmacies should check that they meet the requirements of the exemption for 'temporary storage at a collection point'[1]:
	Waste is stored in a secure container; limited treatment (for example separation of recyclable packaging, shredding or obliteration of confidential materials e.g. patient names on labels); no products with a flash point of less than 21oC are stored; no greater than 50 cubic metres of waste is stored (if that waste will be 'recovered' elsewhere) or otherwise not exceeding 5 cubic metres; different waste types are not mixed; and the waste cannot generally be stored for longer than 3 months.
Q60	Do you meet other relevant regulations?

# N136 Service description

The provision of opportunistic healthy lifestyle and public health advice to patients receiving prescriptions who appear to:have diabetes; orbe at risk of coronary heart disease, especially those with high blood pressure; orwho smoke; orare overweight, and pro-active participation in national/local campaigns, to promote public health messages to general pharmacy visitors during specific targeted campaign periods.

- N137 Aims and intended outcomes To increase patient and public knowledge and understanding of key healthy lifestyle and public health messages so they are empowered to take actions which will improve their health. To target the 'hard to reach' sectors of the population who are not frequently exposed to health promotion activities in other parts of the health or social care sector.
- <sup>N138</sup> Completion of this form is required by NHS England. It covers matters that can be selfassessed, and apart from random checks for verification purposes, avoids the need for these matters to be covered during visits. Pharmacy contractors might find it helpful to refer to the PSNC website psnc.org.uk/ when completing the questionnaire.

The terms of service are set out in Schedule 4 of the NHS (Pharmaceutical and Local Pharmaceutical Services) Regulations 2013, Statutory Instrument number 349 - www.legislation.gov.uk/uksi/2013/349/contents/made

ES4.	<b>Essential Service 4 - Promotion of healthy lifestyles pre-visit</b>
Head	questionnaire
er2	

# <sup>N139</sup> **<u>ES4-1</u>**: The pharmacist and their staff shall, as appropriate, provide advice to people presenting prescriptions, who have diabetes, are at risk of coronary heart disease (especially those with high blood pressure), smoke or are overweight, with the aim of increasing the person's knowledge and understanding of the health issues which are relevant to that person's personal circumstances. ToS - 17(1)

N140	Additional information: Note, an SOP is not required for this service, but a written SOP would assist you in providing guidance to members of staff and locums. When considering what is appropriate for the prescription linked intervention, it is expected that pharmacists or their staff have a discussion lasting up to about 3 minutes. Healthy lifestyle advice should be provided when patients first present a prescription and at regular intervals thereafter. The health advice should include stopping smoking, reduction of alcohol intake, diet and nutrition, physical activity and weight management, as appropriate
Q66	Does the pharmacy have a Standard Operating Procedure (SOP) which covers the identification of appropriate patients, and the giving of opportunistic advice which has been read and understood by staff to which it applies and the staff work in accordance to it?
N141	ES4-2

Q67.	What date was the SOP which covers the identification of appropriate patients last amended?
	Month (MM)

### N182 Service description

Pharmacies have an identifiable clinical governance lead and apply clinical governance principles to the delivery of services. This will include use of standard operating procedures; recording, reporting and learning from adverse incidents; participation in continuing professional development and clinical audit; and assessing patient satisfaction.

## Definition of clinical governance

Clinical governance is a framework through which NHS organisations are accountable for continually improving the quality of their services and safeguarding high standards of care by creating an environment in which excellence in clinical care will flourish. There are seven key components: Patient and public involvement; clinical audit; risk management; clinical effectiveness programmes; staffing and staff management; education, training and continuing professional and personal development; and use of information to support clinical governance and health care delivery.

N183 Completion of this form is required by NHS England. It covers matters that can be selfassessed, and apart from random checks for verification purposes, avoids the need for these matters to be covered during visits. Pharmacy contractors might find it helpful to refer to the PSNC website psnc.org.uk/ when completing the questionnaire.

The terms of service are set out in Schedule 4 of the NHS (Pharmaceutical and Local Pharmaceutical Services) Regulations 2013, Statutory Instrument number 349 - www.legislation.gov.uk/uksi/2013/349/contents/made.

Approved particulars released by the Secretary of State should be read alongside the terms of service - www.dh.gov.uk/health/2012/03/approved-particulars/.

They cover additional requirements for:Practice leafletsPatient satisfaction surveyIncident reportingInformation governancePremises

Q92	Does the clinical governance lead have knowledge of local NHS providers e.g. GP and dental surgeries nearby, and the nearest accident and emergency unit?
	Ves O No

 <sup>N190</sup> <u>CG-3</u>: Patient and public involvement programme The pharmacy should produce, in an approved manner, and make available in an appropriate manner a practice leaflet. ToS - 28(2)(a)(i)

N191	Additional information: The information that must be included in the practice leaflet is set out in the approved particulars.	
Q93	Do you have a pha	rmacy practice leaflet, containing the information required?
	O Yes	Νο

# <sup>N192</sup> <u>CG-4</u>: The pharmacy should publicise the Essential Services and any Advanced Services which are being provided at or from the pharmacy. ToS - 28(2)(a)(ii)

N193	Additional information: NHS England may ask to see publicity during monitoring visits.			
Q94	How do you publish the availability of Essential Services and any Advanced Services that you may provide from your pharmacy?			
	Practice leaflet		Poster	
	Other leaflet		Window display	
	Website		Service ladder	
	Other			
Q94.	If Other, describe below:			
N194				

<sup>N195</sup> <u>**CG-5**</u>: Where the pharmacy publicises Essential or Directed Services (Advanced and Enhanced Services) that are available at or from the pharmacy, the pharmacy should do so in a manner that makes clear that the services are funded as part of the NHS. ToS - 28(2)(a)(iii)

N196	Additional information: Remember that the NHS branding rules** do not permit the use of the NHS logo on promotional or advertising materials.
N197	** www.nhsidentity.nhs.uk/all-guidelines
Q95	Does all publicity for the Essential, Advanced and Enhanced Services provided by the pharmacy contractor make clear that these are funded as part of the NHS?

<sup>N198</sup> **<u>CG-6</u>**: The pharmacy should undertake an approved patient satisfaction survey annually, in an approved manner. ToS - 28(2)(a)(iv)

N199	Additional information: The approved particulars set out the requirements for the survey.
Q96.	On what date did you last complete the survey? If you have not yet carried out the survey, enter the month and year in which you expect to complete the survey.
Q96.	Month (MM)
Q90.	On what date did you last complete the survey? If you have not yet carried out the survey, enter the month and year in which you expect to complete the survey.
	Year (YYYY)
N200	Additional information: Pharmacies are required to summarise the demographic information provided and collate the responses to the nine mandatory questions. The results must be published and a report produced to identify the areas where the pharmacy is performing most strongly and the areas for improvement, together with a description of the action taken or planned.
Q97.	On what date did you publish the results? If you have not yet published the results, enter the month and year in which you expect to do so. Month (MM)
Q97.	On what date did you publish the results? If you have not yet published the results, enter the month and year in which you expect to do so.
	Year (YYYY)
N201	Additional information: The results must be published via one or more of the following options:In the pharmacy, as a leaflet or posterOn the pharmacy's websiteOn the pharmacy's NHS Choices profile (if and when this functionality is available)
Q98	How have you publicised the outcome of the survey?
	Leaflet in pharmacy Pharmacy website Not published
	Poster in pharmacy NHS Choices
Q99	If you have made changes as a result of the survey what were they?

N202 <u>CG-7</u>: Monitoring arrangements for medicines or appliances owed to patients, which are not in stock, should be in place. ToS - 28(2)(a)(v)

N203	Additional information: NHS England may want to discuss these arrangements during the visit.	
Q 100	<b>Do you have arrangements in place to monitor medicines or appliances owed to</b> <b>patients?</b>	
	Yes O No	
N204	Additional information: NHS England may discuss the procedures during monitoring visits.	
Q 101	Do you take action as a result of monitoring out of stock items? For example, is it possible to identify inconsistent prescribing patterns or failures in stock replenishment?	
	◯ Yes ◯ No	

N205	<b><u>CG-8</u></b> : An approved complaints system should be in place that meets the requirements of the Lo Authority Social Services and National Health Service Complaints (England) Regulations 2009** ToS - 34		
	The function may be carried out by Central Teams, if you are unsure please check before inswering.		
N206	* These regulations can be found at www.legislation.gov.uk/uksi/2009/309/contents/made		
N207	Additional information: The arrangements for dealing with complaints must be such as to ensure that— complaints are dealt with efficiently;complaints are properly investigated;complainants are treated with respect a courtesy;complainants receive, so far as is reasonably practical—assistance to enable them to understand the procedure in relation to complaints; oradvice on where they may obtain such assistance;complainants receive a timely and appropriate response;complainants are told the outcome of the investigation of their complaint; andac is taken if necessary in the light of the outcome of a complaint.		
Q 102	Has the pharmacy put in place arrangements for dealing with complaints? More information is available at www.psnc.org.uk/cg		
	Yes O No		
N208	Additional information: The 2009 Regulations requires each responsible body to designate a person to be responsible for ensuring compliance with the complaints arrangements. This will normally be the pharmacy contractor (if the pharmacy business is undertaken by a sole proprietor) or the Chief Executive of a body corporate, or one of the partners if pharmacy business is undertaken by a partnership.	the	
Q	Who is the 'responsible person' for ensuring compliance with the regulations?		
103			
N209	Additional information: This could be the contractor, or it could be a member of staff authorised by the contractor to ensure that day to d issues relating to complaints are dealt with	'ay	
Q 104	Who is the complaints manager, who is responsible for handling complaints on a day to day basis?	a	

N210	Additional information: NHS England may ask to see any information that is provided to patients or other members of the public, who want to know about your complaints procedure, during monitoring visits.
Q 105	Do you have information outlining your complaints procedure, which is available to patients or other members of the public? Yes ONO
N211	Additional information: NHS England may discuss complaints in general during monitoring visits. NHS England will not ask to see individual complaints records, but may wish to be satisfied that you are keeping records, and are taking appropriate action.
Q 106	Do you maintain a record of complaints received (including the findings of any investigations and actions you have taken as a result)?         Yes       No
N212	Additional information: The 2009 Regulations require that you produce an annual report, which must be available to any person on request.
Q107. Q107.	What was the date of your last complaints Annual Report?         Month (MM)         What was the date of your last complaints Annual Report?         Year (YYYY)
N213	Additional information: The annual report must also be sent to NHS England as soon as reasonably practicable after the end of the year to which it relates (the year runs from April to March).
Q 108 Q109.	What date was your last complaints Annual Report sent to NHS England? The report was not sent
Q109.	Month (MM) Year (YYYY)

N214

 $\underline{CG-9}$ : Monitoring arrangements in respect of compliance with the Equality Act 2010 are in place. ToS - 28(2)(a)(vii) The function may be carried out by Central Teams, if you are unsure please check before N215

answering.

N216	Additional information: There are two aspects to the disability legislation – the first is the arrangements made for access to your premises, by persons who have a disability. NHS England will be checking that you have arrangements in place in which you monitor your compliance with the disability legislation. For example, do you keep a log of complaints about lack of access; do you record and respond to comments made by persons with a disability about improvements that might be made? NHS England will not be carrying out any assessment of whether persons with a disability can access the premises, but may discuss how you review your compliance with the legislation.
Q110.	On what date did you last review your arrangements for accessibility to your pharmacy by people with a disability?
Q110.	Month (MM) On what date did you last review your arrangements for accessibility to your pharmacy by people with a disability? Year (YYYY)
N217	Additional information: This is the second aspect to the legislation – the assessment of disabilities and identification of adjustments necessary. The enforcement of the legislation is for the courts, not NHS England, so the monitoring team will only wish to ensure that you give due consideration to your obligations. NHS England may do this by discussing with you during monitoring visits your process for the assessment of patients, the adjustments that might be appropriate and records that are helpful. However, NHS England will not attempt to suggest how you must act in order to meet your obligations.
0111	
Q111	Do you carry out assessments of patients, and keep these together with records of adjustments made in the course of supplying medicines?

N218

**<u>CG-10</u>**: Clinical audit programme A clinical audit programme (normally of five days) is in place, which includes at least one pharmacy based audit and one other audit agreed by NHS England in each financial year. ToS - 28(2)(b)

N219	Additional information: NHS England may wish to discuss with you during monitoring visits the audit that you carried out, and if it is possible, to see the record of the audit, so long as there is no intrusion into confidential patient information.	
Q112	2 Which pharmacy based audit have you carried out in the last 12 months?	
Q113	If you made any changes as a result of the audit what were they?	

N220	<u><b>CG-11</b></u> : Risk management programme Arrangements are in place to ensure that all stock is procured and handled in an appropriate way. ToS $- 28(2)(c)(i)$
N221	

N221	appropriate SOPs. The NHS does requi	r the terms of service, the Responsible Pharmacist regulations do require re that there are arrangements to ensure stock is procured and handled in an may wish to discuss the arrangements with all relevant staff.

	⊖ Yes	Νο

N222 <u>**CG-12**</u>: All equipment used in the provision of pharmaceutical services is maintained appropriately. ToS - 28(2)(c)(ii)

N223	Additional information: NHS England may ask to see documentation relating to the regular maintenance or for example, wish to see that you are keeping records of fridge temperatures.
Q115	Do you have maintenance contracts for equipment used in the provision of pharmaceutical services e.g. computer, fridge, tablet counter?
	◯ Yes ◯ No
	<u>CG-13</u> : An approved incident reporting system is in place, together with arrangements for analysing and responding to critical incidents. ToS - 28(2)(c)(iii)
N225	Additional information: The incident reporting system must capture the information set out in the approved particulars. During monitoring visits, NHS England may ask to see that you are keeping such records, but will not wish to examine individual records.
Q116	Do you have a patient safety incident reporting system which meets the requirements of the approved particulars?
	Ves O No
N226	Additional information: Patient safety incidents must be reported to the NRLS.
Q117	Do you or your organisation report patient safety incidents to the National Reporting and Learning Service (NRLS)?
	Ves O No

Q 120	Do you have an appropriate mechanism for the disposal of confidential waste?           Yes         No
N232	Additional information: The disposal of confidential waste may need a shredder, or may be outsourced to a professional confidential waste contractor. During a monitoring visit NHS England may ask how you dispose of confidential waste.
N231	<u>CG-15</u> : Appropriate waste disposal arrangements for clinical and confidential waste are in place. ToS - 28(2)(c)(vi)
Q119	Do you have records to show safety alerts have been dealt with?         Yes         No
N230	Additional information: NHS England may ask to see the records of the action taken, to assure themselves that the action was taken timeously (in good time). NHS England may also wish to discuss the action taken, to assure itself that appropriate action was taken.
N229	** The Medicines and Healthcare Products Regulatory Agency (MHRA), which is an executive agency of the Department of Health, issues safety advice, warnings, alerts and recalls in respect of medical devices on behalf of the Secretary of State, and also safety advice, warnings, alerts and recalls in respect of medicines on behalf of the Secretary of State and the Minister for Health, Social Services and Public Safety, acting jointly. The Department of Health also, separately, issues other communications concerning patient safety, on behalf of the Secretary of State
N228	<u>CG-14</u> : Arrangements are in place, including record keeping arrangements, for dealing appropriately and timeously with communications concerning patient safety from the Secretary of State** and NHS England. ToS - 28(2)(c)(iv)
Q118	Do you have arrangements in place to allow the pharmacy team to participate in the analysis of critical incidents?
N227	Additional information: Appropriate staff are required to participate in the analyses of critical incidents and the analyses must only involve relevant staff involved in providing NHS services who would have legitimate input into the analyses of the patient safety incidents. NHS England may discuss with you the types of learning that arises from investigating critical incidents/near misses. If the opportunity arises, NHS England may be able to share with you learning from other pharmacies, as well as taking away any learning that you would be willing to share with NHS England and other pharmacies.

 $^{N233}$  <u>**CG-16**</u>: The pharmacy should have appropriate safeguarding procedures for service users. ToS - 28(2)(c)(viii)

N234	Additional information: NHS England may discuss with pharmacists during monitoring visits, the local arrangements for safeguarding procedures to assess understanding and compliance. Training is available from CPPE. see www.rpharms.com/support-tools/protecting-children-and-young-people.asp (members only)
Q 121	Have relevant staff been trained concerning safeguarding procedures?
N235	Additional information: NHS England will supply details and may ask for confirmation that you have these during monitoring visits.
Q 122	Do you have contact details of local safeguarding team?

N236	<b><u>CG-17-1</u></b> : If a pharmacist is providing pharmaceutical services to or in respect of a patient and has
	access to the summary care record of that patient, the pharmacist must access the summary
	information where in the pharmacist's clinical judgement it is in the best interests of the patient to
	do so; and in doing so the pharmacist is acting in accordance with the NHS Care Record
	Guarantee.

N240	CG-18: Clinical effectiveness programme
	A clinical effectiveness programme is in place, which includes arrangements for ensuring that appropriate advice is given by a pharmacist in respect of repeatable prescriptions or to people
	caring for themselves or their families.
	ToS – 28(2)(d)

N241	Additional information: The requirement to provide advice in respect of a repeatable prescription is included in Essential Service 2, and will be assessed in that section of the CPAF. Similarly the provision of advice for persons caring for themselves or their families is covered in Essential Service 4 and is assessed in that section. Note: Clinical effectiveness systems should also be designed to improve concordance and to reduce wastage. NHS England may discuss your clinical effectiveness programme during the monitoring visit to see how you seek to mprove concordance and decrease wastage.	
Q 128	Do you have a clinical effectiveness programme in place which includes having up to date reference sources, such as BNF and Drug Tariff?	
	) Yes O No	
N242	When supporting self care under ES6, the staff may need access not only to the medicines sales protocol, but also o other up to date reference books. It is important that they know what information is available, and how to access i f the pharmacy is going to make good use of skill mix.	
Q	Do your staff know how to use the above reference sources?	
129	Yes O No	
N243	Additional information: Where members of staff are providing advice to patients and other members of the public, they must be able to mak a decision to refer to the pharmacist in appropriate circumstances. The quality assurance of the advice given and th riggers for referrals to the pharmacist may be discussed during a monitoring visit.	
Q 120	Do your staff know when to refer to the pharmacist?	
130	Yes O No	

N244	<u><b>CG-19</b></u> : Staff and staff management programme Arrangements for appropriate induction for staff and locums. ToS – 28(2)(e)(i) The function may be carried out by Central Teams, if you are unsure please check before answering.

r		

N276 The following sections help you and NHS England to assess compliance with the requirements for the Advanced Services.

Don't forget: If the pharmacy is not satisfactorily complying with the requirements of the terms of service for the Essential Services (as assessed above), the pharmacy is not eligible to provide any of the Advanced Services.

You should therefore ensure that the pharmacy is compliant with the terms of service when providing the Essential Services and if not, introduce an action plan to remedy any shortcomings as soon as practicable.

ASM	Advanced Services - Medicines use review and prescription
UR.H	intervention service
eade	

r

#### N277 Service description

This service includes medicines use reviews undertaken periodically, as well as those arising in response to the need to make a significant prescription intervention during the dispensing process. A medicines use review is about helping patients use their medicines more effectively. Recommendations made to prescribers may also relate to the clinical or cost effectiveness of treatment.

#### Aims of the service

To improve patient knowledge, concordance and use of medicines by:establishing the patient's actual use, understanding and experience of taking their medicines;identifying, discussing and assisting in resolving poor or ineffective use of their medicines;identifying side effects and drug interactions that may affect patient compliance;improving the clinical and cost effectiveness of prescribed medicines and reducing medicine wastage.

N278 Completion of this form is required by NHS England. It covers matters that can be selfassessed, and apart from random checks for verification purposes, avoids the need for these matters to be covered during visits. Pharmacy contractors might find it helpful to refer to the PSNC website psnc.org.uk/ when completing the questionnaire.

The terms of service are set out in the Pharmaceutical Services (Advanced and Enhanced Services) (England) Directions 2013.

Q 165	Do you obtain written consent from each patient prior to undertaking an MUR?

MS. Head

er

# N308 Service description

The new medicine service is provided to patients who have been prescribed for the first time, a medicine for a specified long term condition, to improve adherence. The NMS involves three stages, recruitment into the service, an intervention about fourteen days later, and a follow up after a further fourteen days.

# N309 Aims

The underlying purpose of the service is to promote the health and wellbeing of patients who are prescribed a new medicine or medicines for certain long term conditions, in orderas regards the long term condition-to help reduce symptoms and long term complications, and in particular by intervention post dispensing, to help identification of problems with management of the condition and the need for further information or support; and to help the patients-make informed choices about their care,self-manage their long term conditions,adhere to agreed treatment programmes, andmake appropriate lifestyle changes.

N310 Completion of this form is required by NHS England. It covers matters that can be selfassessed, and apart from random checks for verification purposes, avoids the need for these matters to be covered during visits. Pharmacy contractors might find it helpful to refer to the PSNC website psnc.org.uk/ when completing the questionnaire.

The terms of service are set out in the Pharmaceutical Services (Advanced and Enhanced Services) (England) Directions 2013.

	Do you offer the Advanced Service for the New Medicine Service?	
166	Yes	O No

	Advanced Services - New medicine service		
MS. Heac			
er2			
N311	<u>NMS-1</u> : The contractor has notified NHS England or the relevant PCT of its intention to provide services as part of a New Medicine Service, in the form approved for that purpose by NHS England. SD 6(3)		
N312	Additional information:		
N313	The approved form** must be used. ** The approved form is available on the New Medicine Service section of the PSNC website www.psnc.org.uk/nms		
Q 167	Have you notified NHS England (or the relevant preceding PCT) of your intention to provide the NMS?		
	◯ Yes ◯ No		
N314	<u><b>NMS-2</b></u> : The contractor is satisfactorily complying with their obligations in respect of the provision of Essential Services and an acceptable system of clinical governance. SD $- 6(4)$		
Q 168	Are you complying with your terms of service as set out in Schedule 4 of the NHS (Pharmaceutical and Local Pharmaceutical Services) Regulations 2013 including having an acceptable system of clinical governance?		
	◯ Yes ◯ No		
N315	<u><b>NMS-3</b></u> : Only a registered pharmacist with an MUR certificate may perform services as part of a New Medicine Service. SD $- 6(5)$		
N316	Additional information: Note: MUR certificates need not be sent to NHS England unless the pharmacist also intends to provide the MUR service (in the case of MURs, there is a pre-condition requirement that a copy of MUR certificate is sent to NHS England). During the monitoring visit, NHS England may ask to see the pharmacy's copies of the MUR certificate, to check that they have copies of the MUR certificates for each registered pharmacist who undertook NMS.		
Q 169	Do all pharmacists delivering the service have an MUR certificate?         Yes         No		

<sup>N317</sup> <u>NMS-4</u>: If contractor is a registered pharmacist—the contractor completes in the approved manner the approved form warranting that the contractor is competent to perform services as part of a New Medicine Service, orif the contractor intends to employ or engage a registered pharmacist to perform services as part of a New Medicine Service, that the registered pharmacist completes in the approved manner the approved form warranting that they are competent to perform services as part of a New Medicine Service.

If the contractor is not a natural person, any registered pharmacist the contractor intends to employ or engage to perform services as part of a New Medicine Service completes in the approved manner the approved form warranting that they are competent to perform services as part of a New Medicine Service. SD – 6(6)

Q 170
N319
N318

<sup>N320</sup> <u>NMS-5</u>: The contractor has in place a standard operating procedure, at the pharmacy at or from which services as part of a New Medicine Service is to be delivered, for delivery of the service which has been notified to the pharmacy staff; which explains the service, eligibility criteria for it and the roles that pharmacy staff may be required to perform as part of it; andabout which staff have received appropriate training, if there is any role that they may be asked to perform as part of the service.SD – 6(7)

N321	Additional information: Having an SOP is a mandatory condition for providing this service. During monitoring visits NHS England may ask to see that there is an SOP for the service.
Q	Do you have an SOP for NMS which meets these requirements?
171	O Yes O No
N322	<u><b>NMS-6</b></u> : The contractor must have notified providers of primary medical services in their locality of their intention to provide services as part of a New Medicine Service $SD - 6(8)$
N323	Additional information: In order to ensure that GP practices with many local pharmacies are not overwhelmed by requests for meetings, LPCs and LMCs have a role in facilitating discussions and ensuring that GP practices are aware of the service and its aims. LPCs will be able to help co-ordinate which GP practices have received information about the service. Community pharmacies will need to show evidence that they, or their representatives, have been in touch with the local GP practices. This could include copies of letters and information exchanged with practices. Alternatively where local meetings are held for GP practices and community pharmacies copies of agendas, presentations and information circulated along with copies of sign-in sheets could be kept on file.
Q 172	Have GP practices in the locality been notified of your intention to provide NMS?

N324 NMS-7: The second and third stage services provided as part of the New Medicine Service are provided at an acceptable location. This means an area for confidential consultations at the contractor's pharmacy, which is-Clearly designated as an area for confidential consultations; distinct from the general public areas of the pharmacy; in an area where both the person receiving services as part of the New Medicine Service and the registered pharmacist providing those services are able to sit down together and talk at normal speaking volumes without being overheard by any other person (including pharmacy staff)SD – 6(9)

N325	Additional information: NHS England may arrange to visit the pharmacy to ensure the consultation area is appropriate and meets the requirements. (a) and (b) do not apply when the pharmacy is closed to other members of the public. During the monitoring visit, NHS England may assess your consultation area against these criteria. If the area does not comply, then NHS England will request remedial action which must be completed within agreed timescales.
Q 173	Does the pharmacy have a consultation area which meets these criteria?         Yes       No

N326 NMS-8: A registered pharmacist who is, or who is employed or engaged by, a contractor may provide second and third stage services as part of a New Medicine Service other than at the acceptable location at the contractor's pharmacy if that registered pharmacist does so—by telephone to a particular patient on a particular occasion; with the agreement of that patient, that patient having expressed a preference for that contact to be by telephone on that occasion; and in circumstances where—the registered pharmacist is at the contractor's pharmacy, and the telephone conversation cannot be overheard (except by someone whom the patient wants to hear the conversation, for example a carer).SD – 6(10)

N327	Additional information: NHS England may wish to check proce	dures and facilities to ensure that telephone consultations are appropriate.
Q 174	• • • • •	ocedures to ensure that second (intervention) and third carried out by telephone, comply with the ns?
	◯ Yes	No

<sup>N328</sup> <u>NMS-9</u>: The contractor ensures that a written record (which may be an electronic record) of each consultation carried out by or on behalf of the contractor as part of the NMS is prepared by the registered pharmacist who carried out the consultation and includes the approved data ("approved" for these purposes means approved by NHS England). SD - 7(1)(I)

N329	Additional information: NHS England may request to see the records. As the patient has given consent to the pharmacy to share information with NHS England, there is no need to anonymise any information before it is produced to NHS England.
Q 175	Do you keep records of the NMS, in the form approved by NHS England**? Ves No
N330	** The details of what the 'approved data' consists of is available from the PSNC's website www.psnc.org.uk/nms
N331	<u><b>NMS-10</b></u> : Where NHS England requests, the pharmacy shall submit the approved data on a quarterly basis. $SD - 7(1)(m)$
N332	Additional information: The information that must be submitted to NHS England on a quarterly basis is set out in a nationally approved spreadsheet. This must be provided electronically. The Secretary of State has released the format <sup>**</sup> in which this information is to be provided.
N333	** The approved format is available from the PSNC's website www.psnc.org.uk/nms
Q 176	Have you provided the specified information in the approved manner to NHS England as required? Yes ONO

 $^{N334}$  **<u>NMS-11</u>**: The contractor keeps a copy of the record for at least 2 years from the date on which the service intervention is completed or discontinued. SD – 7(1)(n)

N335	Additional information: The records must be kept for at least two years.	
Q 177	How long do you store the NMS dataset for?	

N336 Service description

An appliance use review (AUR) is about helping patients use their appliances more effectively. Recommendations made to prescribers may also relate to the clinical or cost effectiveness of treatment.

## N337 Aims of AUR service

The underlying purpose of the service is, with the patient's agreement, to improve the patient's knowledge and use of any 'specified appliance' by:establishing the way the patient uses the specified appliance and the patient's experience of such use; identifying, discussing and assisting in the resolution of poor or ineffective use of the specified appliance by the patient; advising the patient on the safe and appropriate storage of the specified appliances that are used or unwanted.

- N338 **Specified appliances are:**any of the following appliances listed in Part IXA of the Drug Tariff -a catheter appliance (including a catheter accessory and maintenance solution),a laryngectomy or tracheostomy appliance,an anal irrigation system,a vacuum pump or constrictor ring for erectile dysfunction, ora wound drainage pouch;an incontinence appliance listed in Part IXB of the Drug Tariff; ora stoma appliance listed in Part IXC of the Drug Tariff.
- N339 Completion of this form is required by NHS England. It covers matters that can be selfassessed, and apart from random checks for verification purposes, avoids the need for these matters to be covered during visits. Pharmacy contractors might find it helpful to refer to the PSNC website psnc.org.uk/ when completing the questionnaire.

The terms of service are set out in the Pharmaceutical Services (Advanced and Enhanced Services) (England) Directions 2013.\*\*

N344		tion (such as booking appointments) can be carried out by other members of vide the services are pharmacists and specialist nurses.
Q 181	Are pharmacists or specialis	st nurses the only people providing the AUR service?

<sup>N345</sup> <u>AUR-3</u>: NHS England or the relevant preceeding PCT has been supplied with the following information in relation to each pharmacist or specialist nurse who, as part of the AUR services to be provided by the contractor, is to review the use of specified appliances—full name;documentary evidence of qualifications; anddetails as to competency in respect of the use of specified appliances.SD - 11(4)

N346	Additional information NHS England should o	: confirm receipt of the information.
Q 182	Has information about the pharmacists and specialist nurses been supplied to NHS England or the relevant preceding PCT?	
	◯ Yes	Νο

N347 <u>AUR-4</u>: The contractor is satisfactorily complying with their obligations for terms of service and clinical governance. SD - 11(5)(a)

Q 183		terms of service as set out in Schedule 4 of the NHS harmaceutical Services) Regulations 2013 including of clinical governance?
	Yes	No

N348 <u>AUR-5</u>: The contractor has procedures in place to ensure referral of a patient to the prescriber of the appliance in any case where a matter relating to a patient's use of a specified appliance arises in the course of an AUR but falls outside the scope of the service. SD - 11(5)(b)

N349	Additional information: NHS England may wish to see the procedures for referral.
Q 184	Do you have appropriate referral procedures?         Yes       No

 $^{N350}$  <u>AUR-6</u>: Where any AUR is to be carried out at the contractor's premises, there is a consultation area which-is distinct from the general public areasat all times when a pharmacist or specialist nurse is reviewing the use of specified appliances, is clearly designated as an area for confidential consultationallows all persons taking part in the review to sit down together and talk at normal speaking volumes without being overheard by other visitors to, or staff at, the premises, andhaving regard to the nature of specified appliances and the underlying purpose of AUR services, is suitable for a consultation to determine how a patient uses an appliance and the extent of the patient's knowledge about it.SD – 11(6)

N351	Additional information: NHS England may arrange to visit the site where AURs are provided from to ensure the consultation area is appropriate and meets the requirements.
Q 185	Does the pharmacy have a consultation area that meets these criteria?         Yes       No

N352 <u>AUR-7</u>: Where reasonably possible, an AUR service must be provided within 2 working days of the day on which a patient requests a review or agrees to one at the suggestion of the contractor. SD - 12(4)(a)

N353	Additional information		that there have b	een no repor	ts of any	delays in the	e service k	peing provi	ded.
Q 186	Are all AURs ca	arried out	within the r	equired ti	mefran	ne where	e reaso	nably po	ossible?
NO54									

#### N354 <u>AUR-8</u>: The pharmacist or specialist nurse who reviews the patient's use of a specified appliance must obtain the patient's prior written consent to receiving the AUR service. SD - 12(4)(b)

N355	Additional information: NHS England may wish to check these provided without gaining prior written o	e procedures and that there have been no reports of the service being consent from the patient.
Q 187	service?	ent from each patient prior to undertaking the AUR
	<u> </u>	○ No

<sup>N356</sup> **AUR-9**: A record of each AUR must be completed. Each record must include- the date of the review of the patient's use of the specified appliance, the name of the pharmacist or specialist nurse who carried out the review, the name of the patient and the address at which the review took place, the name of any other person present (and their relationship with the patient), the reason why a review is required, the advice given to the patient, and any intervention made.SD - 12(4)(c) and (d)

N357	Additional information: NHS England may wish to see a sample of anonymised records. NHS England may, when making arrangements for a monitoring visit, ask that a number of records be anonymised for monitoring purposes. As the records must be retained for at least 12 months, a sample of 5% of completed records over the previous 12 months would be appropriate if the record is on paper. Where electronic records are kept, anonymisation may be automatic, in which case, a greater number could be made available for monitoring purposes.	
Q 188	Do you make appropriate records according to the requirements?	

N358 <u>AUR-10</u>: The patient must be informed in writing that the record will be kept and that information from it will be forwarded in accordance with Direction 12(5)(a) to (d) (see below) SD - 12(4)(e)

N359	Additional information: NHS England may wish to check these provided without providing this informati	procedures and that there have been no reports of the service being on to the patient.
Q 189		ocedures in place to inform the patient, in writing, that forwarded as required by the Directions?

	◯ Yes	No

<sup>N362</sup> <u>AUR-12</u>: The arrangements must ensure that if the patient is a registered patient, the following information is sent to the provider of primary medical services with which the patient is registered:the date of the review of the patient's use of the specified appliance, the name of the pharmacist or specialist nurse who carried out the review, the name of the patient and the address at which the review took place.SD - 12(5)(b)

N363	Additional information: NHS England may wish to check these procedures and that there have been no reports of the service being provided without this information being forwarded to the GP. NHS England may wish to see a sample of anonymised records and information that have been forwarded.
Q 191	Do you have appropriate procedures in place to ensure relevant information is forwarded to the patient's GP practice?

N364 <u>AUR-13</u>: The arrangements must ensure that if the patient is a registered patient, and the pharmacist or specialist nurse considers it necessary for the provider of primary medical services with which the patient is registered to be aware of other information from the record, all such information must be forwarded to that provider. SD - 12(5)(c)

N365	Additional information: NHS England may wish to check these procedures and that there have been no reports of the service being provided without this information being forwarded to the GP. NHS England may wish to see a sample of anonymised records and information that have been forwarded.		
Q 192	Do you have appropriate procedures to ensure other relevant information is forwarded to the patient's GP?		e other relevant information is
	O Yes	🚫 No	
N366	<u>AUR-14</u> : The arrangements must ensure that any information forwarded to any provider of primary medical services under Direction 12(5)(b) or 12(5)(c) must be copied to any nurse who is employed or engaged by a provider, under arrangements with a clinical commissioning group, of services as part of the health service, and providing relevant health care services to the patient, if it is known that there is such a nurse. SD - 12(5)(d)		
N367	Additional information: NHS England may wish to see	e a sample of anonymised records	and information that have been forwarded.
Q 193		a provider of health servi	arding this information to any nurse ces who works with the patient's GP,
	Yes (for those where nurses are known)	O No	Not aware of any such nurses

<sup>N368</sup> <u>AUR-15</u>: The arrangements must include that each record must be retained for a minimum period of 12 months or for such longer period as NHS England may reasonably require. SD - 12(5)(e)

N369	Additional information: NHS England may require that you retain records for a period longer than 12 months	
Q	How long do you store the AUR dataset for?	
194		

N370 <u>AUR-16</u>: The maximum number of AURs for which a contractor is eligible for payment in any financial year is not more than 1/35th of the aggregate number of specified appliances dispensed during that financial year by the contractor. SD - 13

N371	Additional information: NHS England will verify claims either a For the purposes of the Directions the	uring monitoring visits or as a standalone post-payment verification exercise. financial year is 1 April to 31 March.
Q 195	Do you have a system for id any financial year?	entifying the number of AURs that can be claimed in
	─ Yes	O No

## N372 Service description

Stoma appliance customisation is the customisation of a quantity of more than one stoma appliance, where:

the stoma appliance to be customised is listed in Part IXC of the Drug Tariff; the customisation involves modification to the same specification of multiple identical parts for use with an appliance; and modification is based on the patient's measurement or record of those measurements and if applicable, a template.

## N373 Aims

The underlying purpose of the service is to:ensure the proper use and comfortable fitting of the stoma appliance by a patient; and improve the duration of usage of the appliance, thereby reducing wastage of such appliances.

<sup>N374</sup> Completion of this form is required by the NHS Commissioning Board. It covers matters that can be self-assessed, and apart from random checks for verification purposes, avoids the need for these matters to be covered during visits. Pharmacy contractors might find it helpful to refer to the PSNC website psnc.org.uk/ when completing the questionnaire.

The terms of service are set out in the Pharmaceutical Services (Advanced and Enhanced Services) (England) Directions 2013.

Do you offer the A Services?	Advanced Service for the Stoma Appliance Customisation
O Yes	Νο

	Appliance Advanced Services - Stoma appliance customisation services
N375	<b>SAC-1</b> : Before any arrangements are entered into, NHS England (or before 1 April 2013 the relevant PCT) and NHSBSA Prescription Services have each been supplied with a notice that the contractor wishes to provide the stoma appliance customisation service. SD - 9(3)
N376	Additional information: Before the service can be undertaken the Advanced Services declaration form must be sent to NHS England and NHSBSA Prescription Services. On receipt NHSBSA Prescription Services will make the necessary payment arrangements.
Q 197	(a) Has the Advanced Services declaration form** been supplied to NHS England or the relevant preceding PCT?
	O Yes O No
N377	** www.gov.uk/government/publications/pharmaceutical-services-advanced-and-enhanced-services-england-directions-2013
Q 198	(b) Has the Advanced Services declaration form been supplied to NHSBSA Prescription Services?
	Ves No
N378	<b><u>SAC-2</u></b> : The contractor must be satisfactorily complying with their terms of service and have an acceptable system of clinical governance. SD - 9(4)(a)
Q 199	Are you complying with your terms of service as set out in Schedule 4 of the NHS (Pharmaceutical and Local Pharmaceutical Services) Regulations 2013 including having an acceptable system of clinical governance?

No

()

O Yes

N379 SAC-3: The contractor has procedures in place to ensure referral of a patient to the prescriber of the appliance in any case where—a customised stoma appliance is not suitable for further customisation, ora stoma appliance has been customised and is not a proper fit for the patient. SD - 9(4)(b)

N380	<sup>30</sup> Additional information: NHS England may wish to see the procedures for referral.	
Q 200		
	O Yes O No	
Q 201		
	🔿 Yes 💫 No	

- <sup>N381</sup> **SAC-4**: Stoma appliance customisation must be provided at an 'acceptable location.' This means either an area within the premises which-is distinct from the general public areas, at all times when stoma appliance customisation services are being provided is clearly designated as a private area, is suitable and designated for the retention of appropriate equipment for stoma appliance customisation the carrying out of modification of stoma appliances the volume of stoma appliances that may be customised at any given time.
- N382 Or an area elsewhere than at the contractor's premises which-is distinct from the general public areas of the premises in which it is situated, at all times when stoma appliance customisation services are being provided is clearly designated as a private area, and is suitable and designated forthe retention of appropriate equipment for stoma appliance customisationthe carrying out of modification of stoma appliances the volume of stoma appliances that may be customised at any given time. SD - 9(5)

N383	Additional information: NHS England may arrange to visit the premises to review the area where stoma appliance customisation will be carried out to ensure compliance with the requirements for an acceptable location.	
Q 202	Does the area in which the stoma appliance customisation is being carried out comply with all the requirements for an 'acceptable location'?	
	Yes within the premises Yes at alternative No premises	
Q202.	Address of alternative premises:	
N384		

N385 SAC-5: Where stoma appliance customisation services are to be provided elsewhere than at the contractor's premises, procedures must be in place to ensure co-operation with any reasonable inspection or review of the premises by NHS England of the area where the services are provided. SD - 9(6)

N386	Additional information: NHS England may arrange to visit to review the area where stoma appliance customisation will be carried out to ensure compliance with the requirements for an acceptable location.	
Q 203	If the service is provided elsewhere than at the contractor's premises, are suitable arrangements in place to co-operate with a reasonable inspection by NHS England?	
	O Yes	No

N387 SAC-6: Only appropriately trained and qualified persons are permitted to customise a stoma appliance SD - 10(2)(a)

N388	Additional information: NHS England may wish to see evidence of qualifications and training.	
Q 204	Do you have evidence of the training and qualifications for the persons carrying out the service?	
	◯ Yes	No

N389 SAC-7: A record of each stoma customisation must be completed containing-details of advice given; the type of stoma appliance customised; dimensions used in respect of the modification of parts of the appliance; measurements of the patient (if taken); dimensions of any template made or modification of any existing template; any referrals made to the prescriber; and such other details as may be specified in the arrangements made with the contractor. SD - 10(2)(b) and (c)

N390	Additional information: NHS England may wish to see a sample of anonymised records during a monitoring visit. NHS England may, when making arrangements for a monitoring visit, ask that a number of records be anonymised for monitoring purposes. As the records must be retained for at least 12 months, a sample of 5% of completed records over the previous 12 months would be appropriate if the record is on paper. Where electronic records are kept, anonymisation may be automatic, in which case, a greater number could be made available for monitoring purposes. Note: Stoma appliance customisation records may be in the form of an electronic record and may be stored electronically.
Q	Do you keep appropriate records according to the requirements?
205	

<sup>N391</sup> **SAC-8**: Each record must be retained for a minimum period of 12 months or such longer period as NHS England may reasonably require. SD - 10(2)(d)

N392	Additional information: NHS England may require that you retain records for a period longer than 12 months	
Q 206	How long do you store the stoma appliance customisations dataset for?	

N393 **SAC-9**: A copy of the record must be supplied to the patient or, if requested by the patient, to the prescriber or another health care professional. SD - 10(2)(e)

N394	Additional information: NHS England may wish to see the procedures for providing copies.		
Q 207	Do you have suitable arrangements for providing a copy of the record to either the patient or the prescriber or healthcare professional as required?		
	◯ Yes	No	

You can use the 'Back' and 'Next' buttons at the bottom of the questionnaire to check questions you have answered. Once you have submitted the questionnaire you cannot amend your response.
