

EPS text messages

The suggested content below can be used to engage with patients on EPS. This is particularly useful for engaging with patients identified in the non-nominated repeat patient search. For information on how to run this search within your system visit www.nhsbsa.nhs.uk/EPS.

1. **Electronic prescriptions help you, your doctors and the environment.** You can help save NHS funds by nominating the pharmacy of your choice to receive your prescriptions electronically. To find out more visit <https://digital.nhs.uk/Electronic-Prescription-Service> or speak to staff at your practice.
2. **2 out of 3 patients on repeat medicines now receive electronic prescriptions.** Join them by choosing which pharmacy to collect your prescriptions from. To find out more, visit <https://digital.nhs.uk/Electronic-Prescription-Service> or speak to staff at your practice.
3. **Did you know that the NHS spends a significant amount more money processing and storing paper prescriptions?** Choose electronic prescriptions to save you time, save NHS funds and help the environment. Ask us for more details.
4. **We're making things easier for you by sending your prescriptions electronically to your pharmacy, ready for you to collect your medicines.** To find out more, visit <https://digital.nhs.uk/Electronic-Prescription-Service> or speak to staff at your practice.
5. Over half of all prescriptions are now electronic. To find out more visit <https://digital.nhs.uk/Electronic-Prescription-Service> or speak to staff at your practice.
6. All you have to do to start using the electronic prescription service is choose which pharmacy to collect your prescriptions from. To find out more, visit <https://digital.nhs.uk/Electronic-Prescription-Service> or speak to staff at your practice.
