

NHS Pensions - Transferring into the NHS Pension Scheme video transcript

If you have been a member of another pension scheme you can apply to transfer these pension benefits into the NHS Pension Scheme.

The transferred in benefits will increase your NHS Pension.

There are strict time limits for when you can make an application. In most cases an application must be made within 12 months of first being eligible to join the Scheme.

For more detailed information on this please visit our website at www.nhsbsa.nhs.uk/nhs-pensions where you will find the Transfer in Guide and application pack.

The information in this video was correct at the time of publication in August 2017.
