Disclaimer

New and prospective students should not rely on the arrangements described in this booklet when planning for subsequent academic years as these may be subject to review in the future and as a result may be liable to change.

Information about the Learning Support Fund is available on the Student Services website. Students are advised to check the website on a regular basis.

The Department of Health and Social Care (DHSC) and NHS Business Services Authority (NHSBSA) Student Services will not accept responsibility for any loss incurred (financial or otherwise) by students as a result of relying on current rules and allowances to alter their circumstances.

Who is this Guide for?

The information in this guide is intended to assist in the completion of claims for Travel and Dual Accommodation Expenses (TDAE) by:

- New and continuing students studying on a pre-registration healthcare course which started on or after 1 August 2017 who are eligible for tuition fee and maintenance loan funding from the Student Loans Company1; and
- University administrators and staff involved in the arrangement and authorisation of student placements, including the authorisation of TDAE claims.

1 Students who choose not to claim a student loan (either on religious grounds or for other personal reasons) may still be eligible to access the Learning Support Fund; they will still be required to demonstrate that they meet all of the LSF eligibility criteria as well as demonstrating that they would have met the additional eligibility criteria defined by either SFE, SFW, SFNI or SAAS, if they had applied to them for a loan.

Who can claim TDAE?

To apply for any of the LSF allowances, including TDAE, students must meet all of the general criteria detailed below:

- You must be studying on a nursing, midwifery or allied healthcare course which leads to professional registration in one of the subjects listed in the table overleaf;
- Your course must have started on or after 1 August 2017;
- You must be studying at a university in England;
- You must be actively in study, whether academic or practice learning.
Residency

You must meet the eligibility criteria defined by one of the following (depending on which UK country you are normally resident):

- Student Finance England (SFE)
- Student Finance Wales (SFW)
- The Student Awards Agency for Scotland (SAAS) or
- Student Finance Northern Ireland (SFNI)

Further detailed information about eligibility for the Learning Support Fund is available from our website.
What is TDAE and how do I claim it?

TDAE is one of three Learning Support Fund allowances and it enables healthcare students to claim reimbursement towards excess travel and accommodation costs incurred from attending a compulsory practice placement.

The key requirement for claiming travel expenses under TDAE, apart from personal eligibility, is that the cost of your daily return travel to and from your placement site must be in excess of your normal daily return travel to university.

Below are two examples of how excess travel costs are calculated:

Example 1

Student A’s travel costs are as follows:

<table>
<thead>
<tr>
<th>Journey</th>
<th>Cost of daily return journey</th>
</tr>
</thead>
<tbody>
<tr>
<td>Travel from term time address to university/normal place of study:</td>
<td>£5.75</td>
</tr>
<tr>
<td>Travel from term time address to practice placement site</td>
<td>£9.00</td>
</tr>
</tbody>
</table>

Student A can claim reimbursement of £3.25 per day (£9.00 less £5.75) via TDAE towards their placement travel costs for the duration of this placement because it costs them more to travel to placement than it does to get to university.

Example 2

Student B’s travel costs are as follows:

<table>
<thead>
<tr>
<th>Journey</th>
<th>Cost of daily return journey</th>
</tr>
</thead>
<tbody>
<tr>
<td>Travel from term time address to university/normal place of study:</td>
<td>£10.00</td>
</tr>
<tr>
<td>Travel from term time address to practice placement site</td>
<td>£8.50</td>
</tr>
</tbody>
</table>

Student B cannot claim reimbursement via TDAE towards their placement travel costs for this particular placement. This is because it does not cost them more to travel to their placement than it does to travel to university.
Method of travel

Students are expected to travel by the cheapest form of transport available where it is reasonably practical to do so.

Your own vehicle

If you choose to travel to placement in your own vehicle, rather than public transport, it is your responsibility to ensure that you have adequate insurance cover for all risks associated with its use.

Students travelling to and from their placement site in their own vehicle do so at their own risk. The reimbursement of the costs of travel by private motor vehicle does not constitute any acceptance of liability by your university, the NHS Business Services Authority or any other NHS body.

Car hire

You can claim the cost to you of hiring the car, the appropriate mileage rate and the cost of any car parking/tunnel tolls, if agreed and authorised by your university as the cheapest and/or most practical option available to travel to your placement.

Travel by taxi

We will not normally reimburse any costs you have incurred when travelling by taxi unless there were unexpected, mitigating circumstances and a one-off or occasional taxi journey was the only way for you to get to placement. If this was the case, your claim should be accompanied by a letter of support from your university.

### Dual accommodation costs

You may be able to claim towards the cost of staying in temporary accommodation near to your practice placement site if it was not possible or practical for you to travel there from your normal term time address each day.

You must have incurred costs for both your normal term time accommodation and the temporary placement accommodation for the dates you are claiming. This is unless your normal term time accommodation is the parental home.

If you stay with your parent/s in their home just for the purpose of attending your placement, reimbursement of accommodation costs will not be made, but you can claim the cost of daily return journeys between this address and your placement site, providing these are in excess of your normal daily travel to university.

When making a claim, you will be asked to provide evidence of the cost of your temporary placement accommodation. This must include your name, details of where you stayed, the cost of the stay and the dates. This information should be on an invoice, receipt or company-headed paper.

If you do not provide the relevant receipt/s to support your claim, your university will not be able to send your claim to us for payment and you will not receive reimbursement.
**Placement accommodation rates**

<thead>
<tr>
<th>Commercial accommodation</th>
<th>Non-commercial accommodation</th>
</tr>
</thead>
<tbody>
<tr>
<td>Up to £55 per night</td>
<td>Up to £25 per night</td>

</tbody>
</table>

If you need to stay in temporary accommodation in order to attend your placement, you may also claim for travel costs as follows:

- any excess cost arising from one weekly return journey between your normal term time accommodation and your temporary placement accommodation, (as described in the example below) **and**;
- any excess cost arising from daily travel between your temporary placement accommodation and your practice placement site. Your placement travel costs must still be in excess of normal daily travel to university.

**Overseas placements**

If you attend a practice placement outside the United Kingdom, the Isle of Man or the Channel Islands, you may be able to claim reimbursement for some of your additional costs.

The types of overseas placement costs which can and cannot be reimbursed are set out in the table below.

<table>
<thead>

**What if I am receiving help with my travel costs through Disabled Students Allowances (DSAs)?**

The help provided by Travel and Dual Accommodation Expenses (TDAE) is completely separate to any travel associated costs that may be awarded through the DSAs paid via the Student Loans Company.

You should only claim for additional placement travel or accommodation costs that are not already met through the DSAs.

For example, if you are being funded through DSAs for daily travel to your placement site, you should not claim for this via TDAE.
Completing the claim form – guidance notes for students

To make a TDAE claim, you must first register for a Learning Support Fund account. Once you have done this and your registration has been accepted, you can select ‘Travel and Dual Accommodation Expenses’ under the ‘Apply for’ heading in the top right hand side of your main account page after you have logged on.

The TDAE claim form can be completed online before being printed off for your university to authorise.

1. Personal details

Please complete this section in full. You should ideally provide the same details you entered when you created your LSF account. If your address or contact details have changed since you did this, please update them on your LSF account.

LSF account number
This is the unique account reference number allocated to you when you registered for your online Learning Support Fund account. You can find this by logging on to your LSF account - it will be shown at the top of the screen.

University student reference/ID number
This will have been allocated to you when you first enrolled as a student. If you are unsure of this, please speak to your university.

Information
If you will be on a long-term placement, e.g. for several months, and prefer to claim for shorter periods at a time rather than wait for the placement to end, you can make several smaller claims during your placement in order to receive part-reimbursement.

Term-time address
Enter the full term-time address you live (or lived) at whilst attending this particular placement.

Travel allowance through DSAs
Tick ‘yes’ if you have been awarded assistance with travel to university and/or placement from the Disabled Students Allowances (DSAs) as part of your student loan funding.
2. Your course and study base

Course year
Enter the course year you are / were in when you attended this placement - e.g. ‘first’ ‘second’ or ‘1’, ‘2’, etc.

This is your university site; i.e. the main site or campus you attend on a regular basis for taught sessions.

3. Travel to your normal place of study

How do you normally travel to the above location?
Select your normal method of travel to your university or usual study base by ticking one of the boxes.

If you use more than one method of transport to get to university you should select the option which applies most of the time.

If you ticked C (public transport)
If you usually travel to university/study base by public transport, enter the daily return cost in the box.

If you use a travel pass or season ticket enter the total weekly/monthly or annual cost in the box. For example, ‘£25 per week’.

If you ticked D (drive own vehicle/car share) or E (cycle)
Enter your normal daily return mileage from your term time accommodation to your study base in the box.

If you car share, you should still indicate the actual return daily mileage from your term-time address to your usual place of study, as we need this information to determine whether your placement travel costs exceed your normal daily travel to university.

If you normally have to pay to use toll roads, tunnels etc on the way to and from university and/or for car parking, please enter the total daily cost for these in this section.

You should not include any additional costs which are not part of your usual daily travel i.e. if they only occur once or very infrequently do not enter them here.
4. Details of your practice placement

**Financial assistance from your university**
If you receive any financial assistance towards your placement travel costs from your university, tick Yes and enter how much you receive or expect to receive in the current academic year. This is currently for information purposes only.

**Full address of your placement site**
Enter the full address (including the postcode) of your main placement location.

If your placement was based at more than one site, please provide the details of the other site or sites on the form. You may use a separate sheet if necessary.

Do not include any community mileage locations (e.g. individual patients homes) as these should be entered at Section 5.

**Car hire**
You should indicate the total cost to you of hiring the car. If you shared this cost with another student, enter your proportion of the total cost.

Don’t forget to enter details of your mileage costs in Section 5 and **provide evidence of the car hire cost to you** with your claim.

**Information**
If you received a lift to your placement, you cannot claim the mileage or any other costs associated with these journeys.

**Overseas placement - other costs**
Complete this section if your placement was based outside the UK or the Channel Islands or the Isle of Man and you incurred costs for vaccinations, visas and/or travel/medical insurance. Remember to include evidence of these costs with your claim form.

You can claim for overseas accommodation or travel expenses (within the UK and within the host country) at sections 5 and 6 of the form.

**Placement arrangement fees, administration charges or additional tuition fee costs cannot be reimbursed.**
5. Details of claim

In this section, you details of your journeys to placement.

Information
If you are claiming for public transport or car parking costs, you must include all original tickets, with your form. Your university must have sight of these in order to authorise your claim.

If you are claiming for more than 20 journeys, you can print off and complete additional copies of page four of the form, as required.

Date
Enter the individual dates you are claiming for on each line, in chronological order of each of the journeys you made.

Ensure you enter the correct postcodes for the location(s) you travelled to for each journey.

Total daily mileage: return mileage to placement site
If you travelled to your placement in your own private motor vehicle, or you used a hire car, show your total daily return mileage to your placement site for each date you travelled. If you are claiming for the cost of using temporary (placement) accommodation, you can only claim for the cost of one return journey per week between your temporary (placement) accommodation and your normal (term-time) accommodation.

You may also claim for journeys between your temporary accommodation and your practice placement site if you incur mileage or public transport costs which are more than the cost of your normal daily travel to and from university otherwise your claim will not be valid.

Total daily mileage: community mileage
Additional mileage/travel costs may be claimed if you have to travel to other practice placement sites, and/or to patients’ home addresses. You only need to provide daily mileage totals in this column. Please do not provide individual patients’ addresses.

Information
Any community mileage incurred must still exceed the cost of your daily mileage to and from your normal place of study. Community mileage on its own will not be reimbursed if it is not in excess.
6. Dual accommodation costs

You should only complete this section if you had to take up separate, secondary accommodation away from your normal term time address in order to attend your placement and you incurred an additional cost as a result.

Please note: If you stayed in the parental home temporarily in order to attend your placement, you cannot claim for reimbursement of accommodation costs, but you may be able to claim excess travel costs.

**Full address of your placement accommodation**
Enter the full address of your temporary placement accommodation, including the post code.

**Period claiming for**
Enter the relevant check-in/out dates for your placement accommodation.

**Total cost (to you) of your placement accommodation for this period**
Enter the total cost of your temporary (placement) accommodation for the claim period you have entered above. **You must include evidence of your accommodation costs with your claim form,** such as recent invoice(s) or receipts from the relevant provider for the period you are claiming for.

---

**Important information**
The placement accommodation costs you are claiming for must be excess accommodation costs. This means that your placement accommodation was secondary accommodation taken for the specific purpose of attending your placement because it was not practical for you to travel to your placement site from your normal term time accommodation each day.

You must also have incurred costs for your term time accommodation at the same time you attended placement, unless you normally live with your parent/s during term time.

- completed all the sections of the form that are relevant to your claim;
- taken copies of your form and any receipts/evidence before handing them to your university; this is important in case your form is lost or misplaced;
- attached a copy of your student coversheet to the front of your form. This should be printed off from your LSF account.

**Timescales for processing and payment**
We aim to assess TDAE claims within 25 working days of the forms being scanned into our system.

We will then check your eligibility for TDAE and ensure the claim has been correctly completed and authorised. You will receive an email notification when it has been processed which will advise you to log on to your LSF account to view details of the scheduled payment.
Additional guidance for universities

Policy

Any placement expenses claimed by students under Travel and Dual Accommodation Expenses scheme must be in accordance with the Department of Health and Social Care’s Learning Support Fund policy.

Eligibility

Provided they are - or would be - eligible for a tuition fee and maintenance loan from either Student Finance England, Student Finance Wales, Student Finance Northern Ireland or the Student Awards Agency for Scotland, students will be able to make a claim towards the cost of their travel/accommodation, provided that the claim meets the necessary criteria outlined in this guide.

Part-time students

Part-time students are entitled to reimbursement at the same rates of travel/accommodation as full time students.

Travel

Travel by taxi

We will not normally reimburse any costs students have incurred when travelling by taxi.

However, if you believe a student has mitigating circumstances and an occasional or one-off taxi journey was unavoidable, we may be able to consider direct reimbursement of taxi fares. In such cases, please supply a signed covering letter on university headed paper with the student’s claim form confirming the circumstances/reason the student had to use a taxi and we will give due consideration to their claim.

Placement accommodation

Students may claim for the cost of temporary accommodation on or near their practice placement site if it was not practical for them to travel to placement from their normal term time address.

‘Temporary accommodation’ means secondary accommodation taken by a student for the purposes of attending a compulsory practice placement where it is not practical for the student to commute to the placement on a daily basis. Students must show that they are also required to meet the cost of their normal term time accommodation at the same time as their normal term time accommodation. The only exception to this is if students normally live in the parental home during term time.

Students who stay in the parental home solely for the purpose of attending their placement cannot claim for any accommodation costs but they may still be reimbursed for daily travel to placement, subject to the normal claim arrangements.

Evidence

Students are required to provide evidence of their temporary placement accommodation costs. This should at least include their name, the name and address of where they stayed, the cost of the stay and the dates.
This information should be on an invoice, receipt or headed paper in the form of bills, receipts, invoices etc. Please could universities ensure that this documentation is included with students’ claims and sent to us.

Travel whilst staying in temporary placement accommodation
Students who are claiming temporary placement accommodation costs may also claim travel expenses as follows:

• The cost of one weekly return journey between their normal accommodation and their temporary accommodation

• The cost of daily travel from their temporary accommodation to their placement site, where applicable, the cost for these journeys must be greater than the cost of daily travel from their normal term time accommodation to their usual place of study.

Overseas placements
Students who undertake their placement outside of the UK and Islands may be reimbursed for some of their additional travelling costs if these:

• have been necessarily incurred, either within the country where the placement is situated or within the UK and;

• are in excess of the daily return cost of travel between their normal term-time accommodation and their university (or usual study base).

The location of the placement does not affect students’ entitlement to make a claim as similar types of costs can be reimbursed whether they are incurred within or outside the UK. The only stipulation is that the placement being undertaken is a necessary part of the course, whether the student elects to undertake it in the UK or overseas.

In addition, any essential associated costs such as accommodation, medical insurance, tests and any fees for visas may be also be reimbursed for overseas placements.

We cannot reimburse students for the cost of air or other fares which have been incurred travelling from the UK or Channel Islands / Isle of Man to the country hosting the placement.

Students cannot claim for refreshments, sleeper berths, phone calls and any other additional expenses related to the placement either overseas or in the UK. This also includes placement arrangement /administration fees.

Authorising students’ claims
Please verify the claim at Section 9 by checking that it is accurate and in accordance with the practice placement undertaken. In addition, the student should have signed and dated Section 8 of the form. If you need to make any changes or amendments to the student’s claim, please advise the student accordingly.

Sending PPE forms to us
For reimbursement to be made, all claim forms must be received by the HEI within nine months of the last day of the placement period for which students are claiming.

Receipts/invoices
Bus/train/parking and other travel tickets should not be sent with TDAE claim forms, but we do require the following, so please include them when sending any claims to us:

• evidence of accommodation
• taxi costs
• car hire and/or
• any relevant covering letters in case of exceptional circumstances.
Please do not include any staples or adhesive tape with the evidence as the forms are scanned when we receive them and this can delay the process.

**The student coversheet**

Students are required to print a copy of their student coversheet from their online LSF account and submit this with each individual claim form. We are unable to link the claim to the student’s record without it, so please ensure students include this.

**Posting claim forms**

Please post all student claim forms to the address given on page 11 of the claim form.

We expect that universities will want to send claims in batches rather than separately for each student and this is perfectly acceptable.

**Timescales**

We aim to assess all valid placement claims within 25 working days of the forms being scanned into our system.

**Help us to help your students**

We appreciate universities ensuring placement claims are sent as regularly as possible to us. This helps avoid delays in students receiving payment and reduces enquiries from students to both universities and our call centre asking about receipt of their claim forms and dates of expected payment.

Where possible, please do keep your students informed of your timescales for submitting claim forms to us, as this helps manage expectation of when TDAE claims are likely to be reimbursed.
