Signature

Date

/ /

Telephone number

EA / GP Stamp

Please retain this form for audit purposes. We may approach you at a later date to obtain a copy of it.

NHS Pension Scheme - Refund of pension contributions (RF12)

Guidance Notes for Applicants

IMPORTANT - Please read these notes carefully before you complete the form, then return it to the Pensions Officer or Practice Manager at the place where you last paid pension contributions

These notes only set out the main rules very briefly. For further details you should refer to the Member Guide, which you can view or download from the website at: www.nhsbsa.nhs.uk/nhs-pensions

The Member Guide explains what else you can choose to do instead of having a refund of contributions. For example, you may be able to transfer your membership rights to another scheme.

Briefly these are the main rules.

You **cannot** have a refund of contributions if at the date you last paid contributions:

- you are age 60 or over in the 1995 Section
- you are age 65 or over in the 2008 Section
- you have reached your Normal Pension Age in the 2015 Scheme
- you are already in receipt of a NHS pension
- you continue to do any pensionable work (including bank employment) in the NHS without having a total break of at least 24 hours
- you have had a transfer of pension rights into the scheme from a defined contribution scheme (such as a personal pension, self invested personal pension or a stakeholder pension) regardless of the length of membership.

You **can** have a refund of your contributions if:

- your total membership in the NHS Pension Scheme is less than two years. The two years includes any qualifying membership. Qualifying membership includes:
 - any previously refunded membership which ended less than a month before your current membership
 - the total of any membership you have in the 1995 Section, the 2008 Section and the 2015 Scheme

Any Additional Voluntary Contributions (AVCs) you have paid will automatically be refunded with your main Scheme contributions.

Applying for a refund

If you want to apply for a refund of your contributions please complete Part A on page 1 of this form. **Then separate off page 1 and 2 and give it, or send it, to the Pensions Officer or Practice Manager at the place of work where you last paid NHS pension contributions.** Keep pages 3 and 4 of the form for yourself. You may want to look at them again.

What happens then

Your employer will complete Part B of this form and send it to us or input it online. We will deal with your application as quickly as possible. In some cases we have to make further enquiries before we can pay the refund. We are unable to take any action until we receive the refund form.

Payment of your refund

We can pay your refund in one of four ways.

1. Directly into your bank or building society. This is by far the safest method of payment. Tick the box which applies on page 1 and fill in your account number, the sort code, account type and roll number if payment is to be made to a Building Society. We also need the name of your bank or building society.
2. To another person of your choice (a nominee). Tick the box which applies, on page 1, and fill in the name and address of your nominee. The payable order will be made out in their name not yours and will be sent to their address.
3. Payment to an authorised employer. Tick the box which applies on page 1 if you wish to be paid by this method and attach a letter of authorisation detailing the name and address of the employer who you wish this money to be paid to.
4. To you at your home address **if you live overseas and do not have a UK bank account**. Just tick the box which applies on page 3. *Payment by this method can take up to two weeks longer than payment into a bank account.*

When we send your payment, we will also send a statement to your home address, which will give details of your refund. We will aim to pay your refund within our statutory target of one month.

Deductions from your refund

Income tax at 20% will be deducted on refunds up to £20,000. If any of your membership was before 6 April 2016 a deduction will also be made for your share of the cost of buying you back into the State Second Pension Scheme.

Changes you should tell us about

If you change your address, bank details or your name before we have finished dealing with your application, please tell us straight away so we can make your payment correctly. Please tell us your membership (SD) number and your National Insurance number. If you do not know what these numbers are check your payslip or ask your NHS employer where you last worked, who will be able to tell you.
