About this document

Dashboard name:

NHS England Dentistry Dashboard

This document is designed to sit alongside the NHS England Dentistry Dashboard content to provide some context around the different types of analyses and information presented.

General Notes

Data extracted from FP17s scheduled each month of the reporting year in accordance with year-end methodology.

Each FP17 scheduled between April and June is allocated to a Reporting Year based on the treatment completion date.

Delivery is measured against contracted values and activity as entered on CoMPASS, for each Reporting year, by commissioners.

Current year to date is the latest reporting Time period and the comparators are previous full reporting years.

Dashboard Section – Commissioner Overview

Summary – General Services

Dental Services – General (Paid by the NHS BSA)

% of UDA/VOA or COT Services Provided	Delivered measure expressed as a percentage of measure contracted. For example: (UDA Achieved - Carry Forward UDA) / Contracted UDA) x 100	89.5 % of UDA Services Provided
No. of General Contracts	The number of contracts paid by the NHSBSA with at least 1 UDA scheduled during the reporting period.	199 No. of General Contracts
Value of UDA Services	The total contracted value for general commissioned services for all contracts paid by the NHSBSA.	69M Value of UDA Services

Dashboard Section – Contract Overview

Contract Profile

Note: Re-attendance data Includes all FP17s in the reporting period, regardless of treatment dates, also urgent, orthodontic & foundation dentist FP17s.

Re-attendance intervals are the number of days between the date of acceptance and the most recent date of completion from the two most recent FP17s scheduled in the same or a previous schedule month for FP17s for the same patient identity (surname, initial, gender and date of birth) with a previous course of treatment for that patient identity at the same contract. Expressed as a percentage of total FP17s by Adult/Child and by Patient charge status (Child/Exempt Adult/Non-Exempt Adult) with National and Regional comparators.

Patient Access

During the last 12 or 24 months. Patients have been identified by using surname, first initial, gender and date of birth. No other identifiers have been used. This is a pragmatic compromise between undercounting patients with common identifiers and over-counting where there are slight differences in recorded details.

Each unique patient ID is counted against the dentist contract against which the most recent claim was recorded in the 12 or 24 month period, with the following exceptions. If the most recent claim is for urgent treatment, orthodontic treatment, free treatment or treatment on referral the ID remains with the previous contract, if there is one within the 12 or 24 month period. If the claim for the previous contract occurred before the 12 or 24 month period the ID is allocated to the most recent contract.

Patient Access	Table – Showing 12 month and 24 month patient counts by adult/child. Dashboard Section - Finance

Monthly payment data is extracted from CoMPASS and reported for each month of the financial year.

Finance Reports

Country and Region Payment	National and regional Financial Year to date payments
Local Office Payments	Local Office Financial Year to date payments
Local Office Payments Breakdown	Local Office Breakdown by Payment Category and Payment Code
Contract Payment	Contract level Financial Year to date payments
Download Region Payments data	Download Regional payments data to separate table

Dental charges - Column summary

Column name	Definition
Baseline Payment	This is the monthly payment made to the contract. It will reflect any adjustments to the Monthly Baseline Allocation (Contract value).
Business Rates	Payments made for business rates re-imbursement.
Sickness	Payments made for sickness. Example Long-term sickness payments
Maternity/Paternity/Adoptive Leave	Payments made for maternity, paternity or adoptive leave. Example statutory maternity payments.
VDP Service Cost	Payments relating to vocational trainee costs as defined in the statement of financial entitlement. These costs are funded by your region (England only).
Trainers Grant	Payment to dentists who train vocational trainees as defined in the statement of financial entitlement.
These costs are funded by your region (England only).	
Trainee Salary & ENIC	Payments relating to vocational trainee salary and national insurance contributions costs as defined in the statement of financial entitlement. These costs are funded by your region (England only).
Seniority	Payments made for seniority.
Specific Items	Payments made in addition or deduction to the Baseline Payment that do not fall into the above categories. These will be non-recurrent items, which cannot be included within the Annual Contract Value.
Performance Adjustment	Positive or negative payments made to reflect performance of contract.

Patient Charge Revenue	Using the information processed from FP17s, the NHSBSA calculates the amount of money that should have been collected from the patient by the dentist for treatments carried out. This calculated patient charge revenue is then deducted from the payments paid to the contract provider. Remitted patient charges are deducted from the patient charge revenue. In cases where the patient charge revenue exceeds the baseline payment, the full patient charge revenue cannot be deducted. The NHSBSA payment system will automatically attempt to recover any remaining patient charges from future payments and these will appear as a payment and/or deductions to offset any potential negative payments through the debt recovery process. Patient charge revenue is not collected from contracts not paid by the NHSBSA. (e.g. Community or Trust led contracts).
Net Cost	This is the baseline payment after additions and deductions and net of patient charge revenue received.
Employer Pension Contribution	This is the amount paid by the AT or LHB into the dentists' superannuation scheme.
Net Charge to AT/LHB	This is the total financial commitment of the AT or LHB for the practice and is defined as: Baseline Payment plus Additions, less Deductions, less Patient Charge Revenue, plus Employer Contribution

Dental contract payment - column summary

Column name	Definition
Net Cost	This is the baseline payment after additions and deductions and net of patient charge revenue received.
NHSBSA DAR Adjustment	Deductions made by NHSBSA DAR following challenge, audit or similar exercises carried out on behalf of NHS England or the Welsh Government.
Collection of money on behalf of AT/LHB	Example clinical waste charges
Payment received to offset negative contract payment	Payment received to offset negative contract payment details any payments greater than zero received to the contract that has been sourced from another related contract. This process, automatic within CoMPASS, offsets any potential negative payment before it is made wherever possible. A related contract could be located anywhere but will share the same Provider ID.
Deduction to offset negative payment on another contract	Deduction to offset negative payment on another contract details deductions (any payments less than zero) from the contract that have been

	automatically made by CoMPASS to offset a potential negative payment on a different but related contract. A related contract could be located anywhere but will share the same Provider ID.
Legal and Compliance deductions	Example Fixed Levy charges
NHS DS charges including global crossing	Example CHAPs costs
Employees Pension Contribution	These deductions are made from the money paid to the practice to cover Dentists' contributions to their superannuation scheme.
Net Payment to the Contract	This is the amount paid to the provider and is defined as: Baseline Payment plus Contract Additions, less Contract Deductions, less Employees Contribution, less Patient Charge Revenue.

Dental Assurance Framework

General – Commissioner Rates and Comparisons

Delivery Indicators

Table showing % Contracted UDA delivered for the quarter selected for Commissioner, England and indication for whether performance within expected delivery parameters

Delivery Indicators			
	Commissioner	England	Commissioner
% Contracted UDA Delivered	92.6	88.1	Within Expected Delivery Parameters

Quality Indicators

Table showing performance for quality indicators within selected quarter for commissioner and England.

Quality Indicators		
* WARNING. These indicators are not yet finalised. Although they are included in the total flag count they should not be used on an individual basis.		
	Jan - Mar 20	Jan - Mar 20
	Commissioner	England
Radiographs Rate per 100 FP17s	30.1	24.3
Fluoride Varnish Rate per 100 FP17s (3-16 yr old patients)	54.1	61.7
Fissure Sealants per 100 FP17s (3-16 yr old patients)	2.4	1.9
Endodontic Treatment Rate per 100 FP17s ◀ ▶	1.8	1.1
Extractions Rate per 100 FP17s	7.7	6.1
Extractions as a % of Extractions + Endodontic Treatment - Adults	77.5	84.2
Inlay Rate per 100 FP17s	0.5	0.2
* Re-attending 3 Months - Child	8.8	7.9
* Re-attending 3 Months - Adult	15.0	3.7

Year End Summary

Guidance for the current Year End Summary can be found on the Guidance tab of this dashboard.

Commissioner Overview	Contract Overview	Finance	Dental Assurance Framework	Year End 2019/20 Summary
-----------------------	-------------------	---------	----------------------------	---------------------------------

Guidance	Year End 2019/20 Summary
-----------------	--------------------------

Provider Assurance Year End 2019/2020

Year-end finalised delivery position based on the FP17/FP17(O) data you have submitted using the mechanisms for financial reconciliation set out in the NHS England and NHS Improvement letters to all providers on 25 March 2020 and 16 April 2020 to mitigate the impact of COVID-19 for providers in respect of the 2019/20 financial year.

Guidance Notes: This report contains the details from FP17s processed for the schedule period April 2019 to June 2020 for the reporting year 2019/2020 for England and FP17s processed for the schedule period March 2019 to June 2019 for the reporting year 2018/2019. The information within the report includes the data items and descriptions listed below.

Year end Methodology: Data based on year-end methodology. Year-end methodology will include all activity data (including amendments) collected from FP17s scheduled in any of the fifteen schedule months from April to June, where the date of completion is on or between 1 April and 31 March of the year. For example 2018-19 will include all activity data (including amendments) collected from FP17s scheduled in any of the fifteen schedule months from April 2018 to June 2019, where the date of completion is on or between 1 April 2018 and 31 March 2019. Where FP17s do not have a date of completion, e.g. where the patient has failed to return to complete the treatment, the date of acceptance is used.

Option 1: Using the standard methodology for the 2019/20 year up to and including a date of completion 29/2/2020 with the addition of FP17s scheduled March 2019 to June 2019 with a date of completion up to and including 31/3/2019.

Option 2: Using the standard methodology for the 2019/20 year.

Option 3: Using the standard methodology for the 2019/20 year up to and including a date of completion 29/2/2020 with the addition of FP17s derived from the best 3 treatment months average.

Contract Number: This is a unique 10 character number which identifies a contract.

Name / Body / Partnership: The name of the provider

Q Code: Previous Code of the primary care organisation commissioning a contract prior to April 2020

Commissioner Q Name: Previous Name of the primary care organisation commissioning a contract prior to April 2020
