PREFACE

AMENDMENTS TO THE DRUG TARIFF

February 2021

1. In accordance with regulation 89(3) of the National Health Service (Pharmaceutical and Local Pharmaceutical Services) Regulations 2013 (“the 2013 Regulations”), the Secretary of State for Health as respects England and in accordance with regulation 41(4) of the National Health Service (Pharmaceutical Services) (Wales) Regulations 2013, the Welsh Ministers* as respects Wales have amended the Drug Tariff and determinations made in respect of the amendments to the Drug Tariff shall have effect from 1 August 2015.

For England, by virtue of regulation 91(1) of the 2013 Regulations, the NHS Commissioning Board (“the Board”) has been appointed as a determining authority in relation to the pharmaceutical remuneration listed Schedule 8 to the 2013 Regulations (ie types of service remuneration) and remuneration for advanced services. This means that both the Secretary of State and the Board are able to determine remuneration in these areas, although if the Secretary of State determines remuneration in these areas, he is required to notify the Board of his intention to do so before doing so. As part of a phased transfer of responsibilities between the Secretary of State and the Board, the Board will be acting as the lead determining authority in relation to the following Parts:

- Part IIIA
- Part IIIB
- Part VIA
- Part VIB
- Part VIC (up to Pharmaceutical Services (Advanced and Enhanced Services)(England) Directions 2013)

By virtue of Part VIE, the Board is also a determining authority for England for the remuneration for enhanced services and acts as the lead determining authority in that area.

The Secretary of State is the sole determining authority for all other Parts.

Part XI, XIVD, XVIIIID and XXI are rescinded in this edition of the Drug Tariff.

Before the Secretary of State, NHS Commissioning Board and the Welsh Ministers make further determinations they will consult with such organisations as appear to be representative of persons to whose remuneration the determination would relate and such other persons as they consider appropriate in respect of determinations which relate to persons providing pharmaceutical services, or a category of such services in accordance with section 165 of the National Health Service Act 2006 and section 89 of the National Health Service (Wales) Act 2006, regulations made under those sections and under section 164 of the National Health Service Act 2006 and section 88 of the National Health Service (Wales) Act 2006.

PREFACE

2. Please note that you are now being supplied each month with the Drug Tariff which incorporates all amendments to date and this will continue until April 2021, when the Drug Tariff will no longer be printed and distributed (please see paragraph 4 for further information regarding these changes to the circulation of the Drug Tariff). All entries showing a change in price are not specifically included in this preface but are indicated in the Drug Tariff by ∇ for price reduction and \triangle for price increase; changes to the text relating to code, product description, or the inclusion of a new product are indicated by a vertical line in the margin.
3. While every effort is made to ensure that each monthly publication of the Drug Tariff includes all amendments made by the Secretary of State and the Welsh Ministers to the price applicable to the relevant period, the need to observe publishing deadlines sometimes defeats those efforts. Any omitted amendments will be effective from the date on which they came into force, even if publication of the details is unavoidably delayed.

* Functions of the National Assembly for Wales have transferred to Welsh Ministers in accordance with section 162 of and paragraph 30 of Schedule 11 to the Government of Wales Act 2006.

PREFACE

4. ADVANCE NOTICE

Information for England only.

Dispensing contractors should note that from April 2021 the Drug Tariff will no longer be printed and distributed. March 2021 will be the final month in which a printed Drug Tariff will be circulated. The Drug Tariff will continue to be published on a monthly basis and accessible at the following website link: <https://www.nhsbsa.nhs.uk/pharmacies-gp-practices-and-appliance-contractors/drug-tariff>. All of the online resources will remain accessible as they are now. Where dispensing contractors have a registered email address with the NHS Business Services Authority, from January 2021 a link to the PDF copy will be supplied each month to that address. Where any issues arise in obtaining the link to the PDF copy of the Drug Tariff, dispensing contractors can contact the NHS Business Services Authority at the following email address: nhsbsa.drugtariff@nhs.net. This email address can also be used should contractors wish to request that their email address be added to the circulation list. Dispensing contractors should note that this mailbox will not be monitored until January 2021.
