This guide applies to students on approved undergraduate and postgraduate social work courses. However, some of the guidance is different for these students, so please look out for **undergraduate/postgraduate** explanations where the guidance differs.

Welcome

Welcome to the Social Work Bursary (SWB) guide for students. All the information you need to apply for your bursary is included in this guide.

Postgraduate students can apply for a bursary from their first year of study and undergraduates from their second year of study.

However, the number of bursary recipients for all eligible social work courses is limited (or 'capped') so there is no guarantee you will receive a social work bursary even if your application is accepted and you take up an offer of a place on an eligible course.

Further information about the capping process is set out on page 19.

The SWB is administered by Student Services, part of the NHS Business Services Authority (NHSBSA).

We assess, award and pay bursaries to eligible students on approved undergraduate and postgraduate social work courses on behalf of the Department of Health and Social Care (DHSC).

We currently pay bursaries worth approximately £58 million to more than 8,000 students each year.

Eligibility

Eligible courses

You must be studying, or intending to study, on a university based social work course approved by one of the following:

- Social Work England (SWE)
- the Scottish Social Services Council (SSSC)
- Social Care Wales
- the Northern Ireland Social Care Council (NISCC)

You will **not** be eligible if a social care employer is giving you:

- any paid time off to allow you to attend your studies
- payment of all or part of your tuition fees
- payment from a practice learning provider for undertaking placement duties for them.

In addition, you will **not** be eligible if you are receiving:

- funds through the Department for Education (DfE), excluding student loans
- any other form of support to assist with your social work training
- funding from a public body, government benefit agencies and bursaries from your Higher Education Institution.

Retainers

If you are receiving a retainer from an employer or potential employer, it must:

- be offered as an incentive to engage in employment with the retainer provider once the recipient qualifies as a social worker, and not as support towards the recipient's social work training
- not be funded by the DfE.

Residency criteria

Continuing SWB students

If you have received SWB funding (including just the Placement Travel Allowance) in a previous academic year(s) you will have already demonstrated your eligibility for funding and supplied evidence of your identity and residency status. As a continuing bursary student you will not be required to provide this information again unless your immigration status changes. You must notify us if it does so that we can ensure you are receiving the correct funding. See 'Changes you must tell us about' on page 24.

New SWB applicants

If you will be:

- commencing a postgraduate level social work course which starts on or after 1 September 2021;
- entering the second year of an undergraduate social work course in 2021/22 and this is the first time you are applying to us

please refer to the information below before making an application for the first time.

1 Information

The SWB is only available to students who normally live in **England** and who are ordinarily resident on the first day of the first academic year of their course¹. If you normally live in Scotland, Wales or Northern Ireland when you are not attending your social work course, you should apply to your own national funding authority for support. Links to these organisations are available at the back of this booklet.

Undergraduate students entering course year 2 in 2021/22

If you were eligible for full loan support from Student Finance England in the first year of your course, you will normally be eligible for a SWB (subject to capping). We will ask you to provide your student loan award letter to confirm this when you apply.

If for any reason you did not apply for or receive SFE support, you must satisfy any one of the residence conditions set out in the categories below.

Capping process

Universities are allocated a certain number of SWB places by the Department of Health and Social Care each academic year. From this they will nominate some of their social work students for a bursary funded place. The NHSBSA has no input into this decision process, so we can't tell you if you'll be nominated. There is no right of appeal to us if you are not selected by your university.

Your university will tell us which students have been allocated a capped place. This is normally done in the autumn, so you should not delay submitting an application as, even if you are not nominated, you may still be eligible for a Placement Travel Allowance if you satisfy the residency and other eligibility criteria.

If you are nominated for a capped place, you'll normally retain this until you complete your course.

However, if you withdraw from your course for any reason, other than for maternity, and return to it at a later date, your capped place will not be retained.

If you transfer to a different university part way through your course your capped place will not automatically transfer with you. You would have to be nominated for a capped place by your new university, if one is available.

Social Work Bursary allowances

Undergraduate students

If you meet the eligibility criteria and you are allocated a capped place by your university, we will pay you the appropriate standard rate of basic non-income assessed bursary, as shown in the table below. This will include a Placement Travel Allowance (PTA) of £862.50 for full time courses.

Undergraduate social work bursary rates 2021/22

University location	Amount*
London	£5,262.50
Outside London	£4,862.50

^{*}includes the Placement Travel Allowance

This is the only bursary element available to undergraduate students, apart from the Placement Travel Allowance detailed below. You cannot apply for any other support from the SWB.

Placement Travel Allowance (PTA)

Your course will normally include time spent at an agency that provides placements. The PTA is a fixed contribution towards these, payable at the rate of £862.50 per academic year. If you are allocated a capped place by your university and your application has been approved, the PTA will be included with your basic bursary and paid as a lump sum with your first termly instalment.

If you are not allocated a capped place, but meet the residency and course eligibility criteria the PTA of £862.50 will be paid to you in a lump sum at the beginning of your academic year once we receive enrollment information from your university.

If the organisation providing your placement will be contributing to your travel costs, this will not affect your entitlement to the PTA or bursary.

Additional elements for students attending postgraduate courses

Tuition fees

If you are studying on a **postgraduate** course, are eligible for a bursary and nominated for a capped place, we will pay a contribution towards the cost

of your tuition fees. This will be paid directly to your university. Students should be aware that the **maximum** tuition fee contribution the NHSBSA is permitted to pay towards course fees each academic year is **£4,052**. If your university charges a higher amount than this, you will be responsible for meeting the balance.

Non-income assessed SWB

Non-income assessed bursary rates 2021/22

University location	Amount*
London	£3,762.50
Outside London	£3,362.50

Income assessed SWB

This is intended to provide additional help towards the cost of attending your course. It is means tested, so the amount you may be awarded is directly linked to your available income. See the 'Calculating your entitlement' section below.

Income assessed bursary rates 2021/22

University location	Amount*
London	up to £4,201
Outside London	up to £2,721

^{*}part-time students receive pro rata of the full time rate

Calculating your entitlement

When assessing your application for the income assessed SWB, we will look at:

- your net unearned taxable income during the current academic year (if any)
- your partner's residual taxable income from the 2019/20 tax year (if applicable).

We may also take other dependents in your family into consideration in the assessment, where applicable.

Calculating your entitlement can be complex, so you should not base your entitlement on your own calculations.

If you do not wish to apply for the income assessed bursary element, the postgraduate SWB application form allows you to opt out.

Adult Dependants Allowance (ADA)

This is payable if you have an adult who is wholly or mainly financially dependent on you. This may include your spouse, partner or civil partner but not your child or your spouse/civil partner/partner's child. This allowance is assessed using your adult dependant's income, if they have any, during the academic year.

The maximum ADA available in 2021/22 is £2,757.

Parents' Learning Allowance (PLA) - postgraduate students only

This is payable if you have a dependent child or children (aged under 19). We will automatically assess your entitlement based on your dependant's income (if they have any). The maximum PLA in 2021/22 academic year is £1,573.

Childcare Allowance - postgraduate students only

If you have dependent children aged under 15 (or aged under 17 for children with special educational needs) who are attending registered childcare, you can apply for Childcare Allowance. Your entitlement to this allowance is assessed using your dependants' income.

We can contribute a maximum of 85% of your costs per week.

You will not be entitled to claim the SWB Childcare Allowance if:

- you are in receipt of the childcare elements of Working Tax or Universal Credit
- you receive Tax Free Childcare
- your provider is not registered by Ofsted or its equivalent, where applicable.

Maximum Childcare Allowance rates 2021/22

Number of children	Amount per week
One	up to £155.25
Two or more	up to £266.15

Reconciling your childcare costs

When you first apply for the Childcare Allowance you will be asked to provide an estimate of your expected costs for the academic year ahead. At the end of each term, we will contact your childcare provider(s) to confirm your costs are correct.

Once we have received confirmation of your costs we will reassess your entitlement to Childcare Allowance three times per academic year.

Disabled Students Allowances (DSAs) - postgraduate students only

If you are eligible and you have been nominated for a capped place, you can apply for DSAs if you have a disability and need additional help to complete your course.

The amount of DSAs you could get is based on the recommendations in your Needs Assessment Report. The maximum possible rates for 2021/22 are:

Specialist Equipment - Up to £5,212* Non-Medical Helper's Allowance - Up to £20,725 General Allowance - Up to £1,741

*All students who are recommended a specialist equipment allowance are required to contribute the first £200 towards the cost of a computer/laptop. DSAs will cover the rest up to the maximum amount

Visit our website for more information about DSAs for students on social work courses.

Making a bursary application

To make your application you will need to create an account on the <u>MyFunding</u> system. Creating an account is simple and only takes a few minutes.

What should I know before I apply?

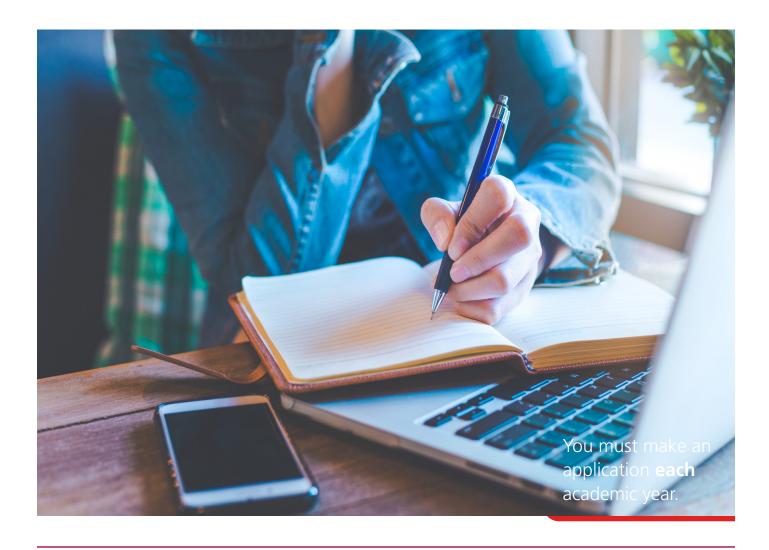

Once you have created your MyFunding account, you will be able to access the appropriate social work bursary application form for the 2021/22 academic year.

Before you complete your application, please make sure you have read and understood the eligibility criteria in this guidance.

If you meet the eligibility criteria, your application form should be completed and uploaded to your account, together with any original supporting documents. If you are not sure whether your university will be allocating you a capped bursary place, you should still make an application as you may be entitled to the PTA.

If you are applying for the SWB for the first time, you must provide evidence to confirm your identity and residency. This is detailed on the application form.

Timescales for assessment and payment

Bursary applications

We aim to assess your bursary application within 20 working days of receiving your application.

Childcare Allowance

We will assess these applications at the same time as your bursary application. If you apply for the Childcare Allowance separately at a later date, we aim to assess your application within 20 working days.

Further information

If we request further information or evidence from you, we will process the information you send to us within 10 working days of receiving it.

Change in circumstances

You must notify us immediately of any change to your circumstances. If the change results in a reassessment that affects your bursary entitlement, any overpayments that have been made to you must be repaid.

We aim to process these within 20 working days providing we have all the relevant information we need from you and/or your university.

Disabled Students Allowances (DSAs)

We aim to process applications within 20 working days of receiving them.

How often will I receive my bursary?

Bursaries are paid in three termly instalments each academic year once we have received confirmation from your university that you are attending your course and you have been allocated a capped place. You should log on to your MyFunding account for details of any bursary payments that are scheduled to be made to you.

If you are entitled to the PTA only, we will make a single payment of this once we have received confirmation that you are attending your course.

If you are a **postgraduate student** and you have applied for and been awarded a Childcare Allowance, the first instalment will be paid to you at the same time as your first terms bursary. However, further instalments will only be made once we have reconciled your previous terms childcare receipts.

Reapplying for your bursary next year

- All students must reapply for their bursary each academic year.
- It is your responsibility to ensure you submit an application for each year of your course.
- If you do not reapply for your bursary each academic year, your bursary payments will not continue into the next one.

Additional help and guidance

From here you can also access our online knowledge base 'Ask Us' which provides answers to general questions 24 hours a day, 7 days a week.

What to do if you have a change in circumstances during your course

It's important that you let us know straight away if your personal circumstances change. This will help us reassess your bursary, if applicable. We will then let you know if this results in any change to your entitlement.

If an overpayment occurs we will inform you how this can be repaid. If you are due additional funds as a result of your changing circumstances, these will be added to your next bursary payment.

How do I notify you?

You can tell us about any changes via your MyFunding account. Depending on the nature of the change, you may need to complete a separate form.

Change of address or other contact details

You can amend your personal details yourself at any time by logging in to your MyFunding account.

A change of bank account

You can update your bank account details in your MyFunding account. It's important we have the most up to date details as this is where we will pay your bursary.

Change of living arrangements (postgraduate students)

If you marry, divorce, separate or move in with a partner, you will need to inform us as your bursary may be made up of elements that are income assessed.

You may need to make a new application if the change affects your bursary entitlement. If you aren't sure, please **contact us**.

A change to your, or your family's income (postgraduate students only)

If this has reduced by 15% or more you may be entitled to more help. You can apply for this by selecting the Current Income Assessment form from your MyFunding account.

A change to your residency status

If your residency or immigration status changes during an academic year, this may affect your social work bursary entitlement. Please **contact us** so we can advise you whether you need to take any further action.

Additional dependants (postgraduate students only)

You may need to complete another application form, depending on the level of SWB you are currently receiving. Please **contact us** for advice first.

Changes to your childcare arrangements (postgraduate students only)

If you have changed your childcare provider, or have started using an additional one, or your costs have changed, please complete a new childcare application form.

If you stop attending your course (all students)

You must tell us as soon as possible if you are suspending training or leaving your course for any reason so we can hold any future bursary payments on your account to prevent an overpayment. You can do this directly via your MyFunding account.

If you have been allocated a capped place and you leave your course this will not automatically be reallocated to you if you return to training in a new academic year.

Fraud

We are serious about tackling fraud and employ Fraud Specialists to reduce the risk of fraudulent activity and to investigate any potentially fraudulent claims.

Fraud can come to light before, during and after completion of training and may result in a person being unable to register or having their registration removed. All reported allegations of fraud are investigated fully with a range of sanctions available (criminal, civil and disciplinary).

The NHSBSA is responsible for protecting the public funds it administers. To do this, we may share the information we hold about you with other bodies that inspect and manage public funds. The NHSBSA participates in the National Fraud Initiative (NFI) which is an exercise that matches electronic data within and between public and private sector bodies to prevent and detect fraud. This includes police authorities, local probation boards, fire and rescue authorities as well as local councils and a number of private sector bodies.
