Part 3 Type of pension and retirement lump sum

3.1

In this part of the form we ask you to indicate the reason you are claiming your Pension Credit benefits and the Section of the Scheme you are claiming them from by ticking the appropriate box(s). If you are unsure which section of the Scheme you are claiming your benefits from please refer to previous correspondence from us about your Pension Credit.

Reached normal pension age. You can claim this if you have reached the normal pension age of 60 for a Pension Credit in the 1995 Section or 65 for a Pension Credit in the 2008 Section or your State Pension Age or age 65 if later, for a Pension Credit in the 2015 Scheme.

Early payment of Pension Credit benefit. If you wish to claim your Pension Credit before you reach the normal pension age your benefits will be reduced to take account of this. If you have not previously received an estimate of your benefits you can see how much they will be reduced by in the table in the 'Early retirement' section of the Member Guides available on the website at: www.nhsbsa.nhs.uk/nhs-pensions. You will need to supply the date from which you would like your Pension Credit benefits to be paid. The 'date' can be the later of your minimum pension age (age 55), the date you first made your enquiry about receiving these benefits or the date you sign this claim form. You must insert a date or your application may be delayed.

Early payment of Pension Credit benefit on ill health grounds. You can claim this if you have been notified that your ill health retirement application form AW240PC has been accepted.

Commuted early payment of Pension Credit benefit on ill health or age grounds. Your Pension Credit retirement benefits can be paid as a one off lump sum if you are terminally ill. Remember to attach the application to commute ill health retirement benefits (AW341), which you can get from the website at: www.nhsbsa.nhs.uk/nhs-pensions

3.2

Tick the appropriate box to indicate which Section or Scheme you are claiming Pension Credit benefits from and follow the instruction to complete the relevant remaining questions in this part.

3.3 1995 Section

If your pension sharing order came into effect before the retirement of your former spouse or civil partner you will receive a lump sum and you have the option to increase your lump sum by converting some

of your pension. The maximum additional lump sum allowed under HM Revenue and Customs rules is approximately two and a quarter times your annual pension (before conversion to additional lump sum). You can claim any amount of additional lump sum up to a total of this maximum. Pension is converted to lump sum at the rate of £12 additional lump sum for every £1 of pension given up. You can find a calculator tool to help you model the amount of additional lump sum you can claim on the website at: www.nhsbsa.nhs.uk/nhs-pensions.

Claiming a bigger lump sum at retirement may affect entitlement to any lump sum on death that may be payable when you die, even if you die within a short time of your retirement date.

You must indicate whether or not you want an additional lump sum by ticking the appropriate box. If you want an additional lump sum then select either:

- A. the maximum lump sum, which may incur a tax charge; or
- B. the maximum tax free amount; or
- C. enter an additional lump sum in whole £s in multiples of £12, which if added to your standard lump sum would be less than the permitted maximum lump sum. Do not include your standard lump sum in the amount requested

If your pension sharing order came into effect after the retirement of your former spouse or civil partner you will not receive a lump sum and should leave this part blank.

3.4 2008 Section

There is no basic lump sum entitlement but if your pension sharing order came into effect before the retirement of your former spouse or civil partner you do have the option of receiving a retirement lump sum by giving up a part of your pension. The maximum lump sum allowed under HM Revenue and Customs rules is four and a quarter times your annual pension. You have to give up some of your pension to get a retirement lump sum. You will receive £12 of retirement lump sum for every £1 of pension you give up.

Claiming a bigger lump sum at retirement may affect entitlement to any lump sum on death that may be payable when you die, even if you die within a short time of your retirement date.

If you are eligible for a lump sum you must indicate whether or not you want a lump sum by ticking the appropriate box. If you want a lump sum then select either:

- A. the maximum lump sum, which may incur a tax charge; or
- B. the maximum tax free amount; or
- C. enter a lump sum in whole £s in multiples of £12, which is not greater than the permitted maximum lump sum.

If your pension sharing order came into effect after the retirement of your former spouse or civil partner you will not receive a lump sum and should leave this part blank.

3.5 2015 Scheme

There is no basic lump sum entitlement but if your pension sharing order came into effect before the retirement of your former spouse or civil partner you do have the option of receiving a retirement lump sum by giving up a part of your pension. The maximum lump sum allowed under HM Revenue and Customs rules is four and a quarter times your annual pension. You have to give up some of your pension to get a retirement lump sum. You will receive £12 of retirement lump sum for every £1 of pension you give up.

Claiming a bigger lump sum at retirement may affect entitlement to any lump sum on death that may be payable when you die, even if you die within a short time of your retirement date.

If you are eligible for a lump sum you must indicate whether or not you want a lump sum by ticking the appropriate box. If you want a lump sum then select either:

- A. the maximum lump sum, which may incur a tax charge; or
- B. the maximum tax free amount; or
- C. enter a lump sum in whole £s in multiples of £12, which is not greater than the permitted maximum lump sum.

If your pension sharing order came into effect after the retirement of your former spouse or civil partner you will not receive a lump sum and should leave this part blank.

Part 4 HM Revenue and Customs (HMRC) Information

To comply with HMRC legislation it is important that you complete these questions correctly. Failure to do so may delay the payment of your pension and lump sum.

4.1

You must answer this question. If you do not have any other pension arrangements outside the NHS Pension Scheme, tick 'No' and go straight to question 4.6. 'Any other pension arrangement' does not include any State pension benefits you are being paid or any pensions that you are being paid as a survivor or dependant.

4.2

If you have answered 'Yes' to question 4.1 you must also complete this question by ticking the appropriate box. If you answer 'Yes' or 'Don't know', you need to read or download the 'Limits on tax-free pension benefits factsheet' from the website at www.nhsbsa.nhs.uk/nhs-pensions before completing the next question. If you tick 'No' go straight to question 4.6.

4.3

If you answer 'Yes' please complete both questions 4.3(i) and 4.3(ii). If you do not know the percentage of the Lifetime Allowance (LTA) used, or the date your benefits crystallised, your other pension provider(s) will be able to confirm these details for you. The date of the Benefit Crystallisation Event (BCE) cannot be before 6 April 2006. This date is important as it could affect the calculation of the LTA you have used. If you answer 'No' please continue to question 4.4.

4.4

If you answer 'Yes', please complete question 4.4(i) confirming the total annual pension in payment at the earlier of either the date of the first BCE (see 4.3(i)), or the date you are completing this form. If you answer 'No' please go to question 4.5.

4.5

Please tick this box if you cannot provide the percentage figure and BCE date, or the amount of pension in payment for a pension that started before 6 April 2006 and you wish your benefits to be paid before you can confirm this information. Your application will be processed by treating your NHS Scheme benefits as entirely in excess of the standard LTA and applying the LTA Charge of 55% to your lump sum and 25% of the capital value of your pension (this is the pension payable multiplied by 20). When the details are known please let this office know in writing and the charges will be checked and amended as appropriate. Any over deducted charges will be returned. Please continue to question 4.6.

4.6

If you answer 'Yes' you must enclose a copy of your certificate with this application form and confirm the certificate reference number in the box provided. If you have more than one certificate then please add the reference number(s) to the form and enclose a copy of each protection certificate.

Part 5 – Payment details

Please enter the details of the bank or building society where you would like your benefits to be paid. Your benefits will only be paid into a bank or building society account, as this is the safest method of payment. Complete this section fully to ensure we can arrange payment of your benefits.

If your bank account is outside the UK, payments can be made direct, providing it is one of the countries listed in the Retirement Guide and it is capable of receiving secure electronic payments of funds. You will need to complete the mandate for the payment to be made to an overseas bank and attached it to this claim form. This is available from the website at: www.nhsbsa.nhs.uk/nhs-pensions.

Part 6 Declaration

You must read the declaration before you sign and date the application form in front of a witness and ask them to certify this by completing their details and also signing the form.

You must read the Retirement Guide and any associated factsheets if you are unclear on any of the points in this section.

Information on the recycling of Pension Commencement Lump Sum is available on the website at: www.nhsbsa.nhs.uk/nhs-pensions.
