## PREFACE

# AMENDMENTS TO THE DRUG TARIFF

## June 2024

1. In accordance with regulation 89(3) of the National Health Service (Pharmaceutical and Local Pharmaceutical Services) Regulations 2013 (“the 2013 Regulations”), the Secretary of State for Health as respects England and in accordance with regulation 41(4) of the National Health Service (Pharmaceutical Services) (Wales) Regulations 2013, the Welsh Ministers\* as respects Wales have amended the Drug Tariff and determinations made in respect of the amendments to the Drug Tariff shall have effect from 1 August 2015.

For England, by virtue of regulation 91(1) of the 2013 Regulations, the NHS Commissioning Board (“the Board”) has been appointed as a determining authority in relation to the pharmaceutical remuneration listed Schedule 8 to the 2013 Regulations (ie types of service remuneration) and remuneration for advanced services. This means that both the Secretary of State and the Board are able to determine remuneration in these areas, although if the Secretary of State determines remuneration in these areas, he is required to notify the Board of his intention to do so before doing so. As part of a phased transfer of responsibilities between the Secretary of State and the Board, the Board will be acting as the lead determining authority in relation to the following Parts:

- Part IIIA
- Part IIIB
- Part VIA
- Part VIB
- Part VIC (up to Pharmaceutical Services (Advanced and Enhanced Services)(England) Directions 2013)

By virtue of Part VIE, the Board is also a determining authority for England for the remuneration for enhanced services and acts as the lead determining authority in that area.

The Secretary of State is the sole determining authority for all other Parts.

Part XI, XIVD, XVIIIID and XXI are rescinded in this edition of the Drug Tariff.

Before the Secretary of State, NHS Commissioning Board and the Welsh Ministers make further determinations they will consult with such organisations as appear to be representative of persons to whose remuneration the determination would relate and such other persons as they consider appropriate in respect of determinations which relate to persons providing pharmaceutical services, or a category of such services in accordance with section 165 of the National Health Service Act 2006 and section 89 of the National Health Service (Wales) Act 2006, regulations made under those sections and under section 164 of the National Health Service Act 2006 and section 88 of the National Health Service (Wales) Act 2006.

## PREFACE

---

2. Each month, a new Drug Tariff will be made available online and will continue to incorporate any amendments. All entries showing a change in price are not specifically included in this preface but are indicated in the Drug Tariff by ▽ for price reduction and △ for price increase; changes to the text relating to code, product description, or the inclusion of a new product are indicated by a vertical line in the margin.
3. While every effort is made to ensure that each monthly publication of the Drug Tariff includes all amendments made by the Secretary of State and the Welsh Ministers to the price applicable to the relevant period, the need to observe publishing deadlines sometimes defeats those efforts. Any omitted amendments will be effective from the date on which they came into force, even if publication of the details is unavoidably delayed.

\* Functions of the National Assembly for Wales have transferred to Welsh Ministers in accordance with section 162 of and paragraph 30 of Schedule 11 to the Government of Wales Act 2006.

## DEFINITIONS

---

- (a) Except where the context otherwise requires, the terms to which a meaning is assigned by the Regulations or the Terms of Service have the same meaning in this Tariff.
- (b) The term 'contractor' has for Wales the same meaning as 'chemist' as defined in the National Health Service (Pharmaceutical Services) Regulations 1992 and for England the same meaning as 'NHS chemist' as defined in the National Health Service (Pharmaceutical and Local Pharmaceutical Services) Regulations 2013. LPS chemists will also need to be paid at least part of their remuneration (depending on the terms of their scheme) in accordance with the Drug Tariff, and so at least some references to 'contractor' will apply equally to them.
- (c) A pharmacy contractor is a person with whom the NHS Commissioning Board (NHSCB) for England and Local Health Board (LHB) for Wales has made arrangements for the provision of pharmaceutical services in respect of the supply of drugs, appliances and chemical reagents.
- (d) An appliance contractor is a person with whom the NHSCB for England and LHB for Wales has made arrangements for the provision of pharmaceutical services so far as it relates to the supply of appliances included within Part IXA/B/C of this Tariff.
- (e) The term persons includes a body of persons corporate or unincorporate.
- (f) The term Pricing Authority means, as the case may require, the NHS Business Services Authority (NHSBSA) or the NHS Wales Shared Services Partnership (NWSSP).
- (g) The term appliances as used in this Tariff includes dressings.
- (h) The term prescription refers to an item on a prescription form or dispensed in accordance with a repeatable prescription.
- (i) The term prescription form includes, where appropriate, a repeatable prescription.
- (j) The term pharmacy means any premises where drugs are provided by a pharmacist or pharmacy business as part of pharmaceutical services under section 126 (arrangements for pharmaceutical services) for England of the National Health Service Act 2006 and Section 80 of the National Health Service (Wales) Act 2006.
- (k) Specials are unlicensed medicinal products manufactured in the UK for human use which have been specially prepared to meet a prescription ordered for individual patients without the need for the manufacturer to hold a marketing authorisation for the medicinal product concerned.
- (l) Imported products are unlicensed medicinal products sourced from outside the UK under an importers licence issued by the MHRA. These products have been specially sourced to meet a prescription ordered for individual patients without the need for the importer to hold a marketing authorisation for the medicinal product concerned.

In the preparation of this Tariff the Secretary of State for Health and the Welsh Ministers have consulted Community Pharmacy England.

**REQUIREMENTS FOR THE SUPPLY OF DRUGS, APPLIANCES AND CHEMICAL REAGENTS****CLAUSE 1 DRUGS**

Any drug included in this Tariff or in the British National Formulary including the Nurse Prescribers' Formulary, Dental Practitioner's Formulary, European Pharmacopoeia, British Pharmacopoeia or the British Pharmaceutical Codex, supplied as part of pharmaceutical services, must comply with the standard or formula specified therein unless the prescriber has indicated to the contrary. Any drug supplied which is not so included must be of a grade or quality not lower than that ordinarily used for medicinal purposes.

**CLAUSE 2 APPLIANCES**

The only appliances which may be supplied as part of the pharmaceutical services are those listed in Part IXA/ B/C, and Part X (see Clause 4 below), of the Tariff and which comply with the specifications therein. The items within Part IXA which are **not** prescribable on Forms FP10(CN) and FP10(PN) are annotated ☒

**CLAUSE 3 CHEMICAL REAGENTS**

The only chemical reagents which may be supplied as part of the pharmaceutical services are those listed in Part IXR of the Tariff. The items within Part IXR which are **not** prescribable on forms FP10(CN) and FP10(PN) are annotated ☒

**CLAUSE 4 DOMICILIARY OXYGEN THERAPY SERVICE**

The requirements for the supply of domiciliary oxygen and its associated appliances together with the arrangements for reimbursement of those contractors included on the NHSE or ICB (where that responsibility has been delegated) for England and LHB's for Wales lists of contractors authorised to provide this service, are set out in Part X of the Tariff.

**CLAUSE 5 PAYMENTS FOR PROVIDING PHARMACEUTICAL SERVICES****CLAUSE 5A CLAIMS FOR PAYMENTS****Claims for payment for England only**

1. Paper prescriptions - contractors must:
  - (a) Endorse prescription forms<sup>1</sup> as required in Clause 9 (Endorsement Requirements) of this Tariff; and
  - (b) Dispatch the prescription forms to the relevant division of the NHS Business Service Authority: NHS Prescription Services for England:
    - (i) sorted as appropriate;
    - (ii) in a secure manner that enables tracking and tracing of the delivery; and
    - (iii) not later than the 5th day of the month following that in which the supply was made<sup>2</sup>.
  - (c) Populate the appropriate claim form on the Manage Your Service (MYS) platform to reflect claims for paper prescription and submit it electronically by no later than the 5th day of the following month in which the supply was made<sup>2</sup>. Contractors must also include the Account Identifier Document provided to contractors by the NHSBSA and dispatch it alongside the paper prescriptions as per Clause 5A 1 (b).
2. Repeat dispensing services - contractors must:
  - (a) endorse batch issues as required in Clause 9 (Endorsement Requirements) of this Tariff. In addition, batch issues relating to drugs, appliances or chemical reagents which have been dispensed must be stamped with the contractor's stamp and dated with the date on which the items were dispensed.
  - (b) dispatch the batch issues relating to drugs, appliances or chemical reagents which have been dispensed to the NHS Prescription Services for England:
    - (i) sorted as appropriate;
    - (ii) in a secure manner that enables tracking and tracing of the delivery; and
    - (iii) by no later than the 5th day of the month following that in which the supply was made<sup>2</sup>.

<sup>1</sup> For the purpose of Part I of the Drug Tariff, wherever prescriptions, prescription forms or batch issues are mentioned, this includes prescription forms where supply was made in accordance with a Serious Shortage Protocol (SSP).

<sup>2</sup> Where one or more bank holiday occurs within the first five days of the month, dispatch must be secured by the 6th of that month.

Note: The requirement to submit EREMs within the first 5 days remains unchanged.

Note: For May 2022 prescriptions, contractors must secure dispatch by 7 June 2022.

**REQUIREMENTS FOR THE SUPPLY OF DRUGS, APPLIANCES AND CHEMICAL REAGENTS**

- (c) destroy any batch issues relating to drugs, appliances or chemical reagents which are not required, or which should not be dispensed because the contractor has been notified to that effect by the doctor who issued them or because the relevant repeatable prescription has expired; and
- (d) populate the appropriate claim form on the Manage Your Service (MYS) platform to reflect repeat dispensing services and submit it by no later than the 5th day of the following month in which the supply was made<sup>2</sup>. Contractors must also include the Account Identifier Document provided to contractors by the NHSBSA and submit it alongside paper prescriptions as per Clause 5A 1 and 2.
3. Prescriptions via the Electronic Prescription Service - contractors must:
- (a) ensure that the Electronic Reimbursement Endorsement Messages (EREMs)<sup>3</sup> include the endorsement requirements as required by Clause 9, Part II, and submit the EREMs via EPS to NHS Prescription Services for England for receipt at the Pricing Authority by no later than the 5th day of the month following that in which the supply was made<sup>4</sup>. Contractors should note that any EREMs sent after the 5th of the following month in which supply was made will be priced with next month's claim. EREMs sent later than 180 days after the Dispense Notification was sent, will not be subject to payment; and
- (b) annotate the number of submitted EREMs on the appropriate claim form on the Manage Your Service (MYS) platform as per Clause 5A 1 and 2<sup>5</sup>; and
- (c) all EPS tokens must be:
- (i) sorted separately from FP10 paper prescription forms with the exception of age exempt and any other tokens specified on the FP34C which must not be submitted (unless there is an exemption under Part XVI); and
- (ii) dispatched in the same parcel as per Clause 5A 1 and 2.

Contractors should note that EPS tokens may be checked against claims for payment for audit purposes and possible enforcement action. The legal position is that payment will be made against the EREM, not the EPS token, and so prescription charges will be deducted, even if there is a failure to properly record an exemption that the patient can properly claim in the EREM, and if the EPS token correctly records this, unless contractors request a recheck under Part XIVB.

It is a condition of entitlement to exemption from prescription charges that the patient or their representative claiming exemption must make and duly complete a declaration of entitlement unless an automatic exemption applies<sup>6</sup>. Where applicable, the contractor must ensure that the patient declaration is recorded on the system.

In the case of automatic exemptions<sup>6</sup>, electronic prescriptions and paper prescriptions are similar, in that regardless of the exemption or charge information populated either by the patient/representative or the contractor, it will be disregarded (i.e. even if there is an error on the EREM, or the paper prescription states that a prescription charge was taken or if it is on a prescription with an additional chargeable item, the charge will not be deducted).

<sup>3</sup>Pharmacy contractors should note that the Dispense Notification must be sent before the EREM.

<sup>4</sup>Pharmacy contractors are encouraged to submit EREMs throughout the month.

<sup>5</sup>Where one or more bank holiday occurs within the first five days of the month, dispatch must be secured by the 6th of that month.

Note: The requirement to submit EREMs within the first 5 days remains unchanged.

Note: For May 2022 prescriptions, contractors must secure dispatch by 7 June 2022.

<sup>6</sup>This includes age exempt prescriptions, prescription forms with only free-of-charge sexual health medication and/or contraceptives, where Real Time Exemption Checking (RTEC) confirms an exemption and where a smaller quantity (in comparison with the prescription) of a drug is supplied in accordance with an SSP.

4. Claims in exceptional circumstances preventing the contractor from submitting the FP34C form as outlined in Clause 5A 1, 2 and 3.
- (a) In exceptional circumstances, where the contractor through no fault of their own, is unable to submit the FP34C form through the MYS portal, contractors are advised to contact the NHSBSA either through email [mys@nhsbsa.nhs.uk](mailto:mys@nhsbsa.nhs.uk) or by contacting the MYS helpdesk number (0300 330 1368). Contractors should note that this route is available only for emergencies, which are directly related to the contractor (for example internet outage in the contractor's area) and not related to the MYS platform itself (in case of the MYS platform being down there will be instructions for contractors on the NHSBSA's website on what to do);

**REQUIREMENTS FOR THE SUPPLY OF DRUGS, APPLIANCES AND CHEMICAL REAGENTS**

- (b) Contractors, who will be using the email route, are advised that they must apply an advanced electronic signature to the email to secure payment; and
- (c) Contractors, who will be using the telephone route, are advised that the NHSBSA will contact the contractor via a preferred email address for the contractor, which the contractor has shared with them during the phone call conversation, for them to confirm that the claim the NHSBSA noted via the phone call was correct, and the contractor must apply an advanced electronic signature to the confirmation email to secure payment.

**Claims for payment for Wales**

5. Paper prescriptions - contractors must:
  - (a) Endorse prescription forms<sup>7</sup> as required in Clause 9 (Endorsement Requirements) of this Tariff; and
  - (b) Dispatch the prescription forms to the relevant division of the Primary Care Services (PCS):
    - (i) with the appropriate claim form;
    - (ii) sorted<sup>8</sup> as appropriate;
    - (iii) in a secure manner that enables tracking and tracing of the delivery; and
    - (iv) for receipt by no later than the 8th working day of the month following that in which the supply was made.
6. Repeat dispensing services - contractors must:
  - (a) endorse batch issues as required in Clause 9 (Endorsement Requirements) of this Tariff. In addition, batch issues relating to drugs, appliances or chemical reagents which have been dispensed must be stamped with the contractor's stamp and dated with the date on which the items were dispensed.
  - (b) dispatch the batch issues (in the same parcel as per Clause 5A 5) relating to drugs, appliances or chemical reagents which have been dispensed to the PCS:
    - (i) with the appropriate claim form;
    - (i) sorted<sup>8</sup> as appropriate;
    - (ii) in a secure manner that enables tracking and tracing of the delivery; and
    - (iii) for receipt by no later than the 8th working day of the month following that in which the supply was made.
  - (c) destroy any batch issues relating to drugs, appliances or chemical reagents which are not required, or which should not be dispensed because the contractor has been notified to that effect by the doctor who issued them or because the relevant repeatable prescription has expired; and
  - (d) retain repeatable prescriptions until they have expired or are no longer required and then dispatch them to the PCS for Wales:
    - (i) sorted<sup>8</sup> as appropriate separate from the batch issues;
    - (ii) in a secure manner that enables tracking and tracing of the delivery; and
    - (iii) in the month following that in which they expired, or the contractor became aware that they were no longer required.

<sup>7</sup> For the purpose of Part I of the Drug Tariff, wherever prescriptions, prescription forms or batch issues are mentioned, this includes prescription forms where supply was made in accordance with a Serious Shortage protocol (SSP).

<sup>8</sup> Minimum Standard for Submission of Monthly Account.

1. To ensure the accurate and timely payment of accounts each month prescriptions must meet minimum submission standards. Details of minimum submission standards can be found on the [Shared Services Partnership](#) website.
2. Contractors are responsible for training staff involved in the preparation of prescriptions for transit and submission. Further supporting information and training material can be found on the [Shared Services Partnership](#) website.

Failure to submit accounts in a timely manner may result in advance payments not being processed. In addition, accounts that fail to meet the minimum standards set out at 1 above may be subject to financial penalty.

**REQUIREMENTS FOR THE SUPPLY OF DRUGS, APPLIANCES AND CHEMICAL REAGENTS****7. Prescriptions via the Electronic Prescription Service - contractors must:**

- (a) ensure that the Electronic Reimbursement Endorsement Messages (EREMs)<sup>9</sup> include the endorsement requirements as required by Clause 9, Part II, and submit the EREMs via EPS to the relevant division of the Primary Care Services (PCS) for receipt by no later than the 5th day of the month following that in which the supply was made<sup>10</sup>. Contractors should note that any EREMs sent after the 5th of the following month in which supply was made will be priced with next month's claim. EREMs sent later than 180 days after the Dispense Notification was sent, will not be subject to payment; and
- (b) annotate the number of submitted EREMs and paper claims on the appropriate claim form as per Clause 5A 5 and 6; and
- (c) Welsh Prescriber code EPS tokens must not be submitted to the relevant division of the Primary Care Services (PCS)
- (d) English Prescriber code EPS tokens must be:
  - (i) sorted as appropriate and kept separate from WP10 or FP10 paper prescription forms.
  - (ii) dispatched in the same parcel as per Clause 5A 5 and 6.

NB: Exempt tokens<sup>11</sup> must not be submitted.

Contractors should note that EPS tokens may be checked against claims for payment for audit purposes. The legal position is that payment will be made against the EREM, not the EPS token.

For English electronic prescription types, it is a condition of entitlement to exemption from prescription charges that the patient or their representative claiming exemption must make and duly complete a declaration of entitlement unless an automatic exemption applies<sup>11</sup>. Where applicable, the contractor must ensure that the patient declaration is recorded on the system.

In the case of automatic exemptions<sup>11</sup>, electronic prescriptions and paper prescriptions are similar, in that regardless of the exemption or charge information populated either by the patient/representative or the contractor, it will be disregarded (i.e. even if there is an error on the EREM, or the paper prescription states that a prescription charge was taken or if it is on a prescription with an additional chargeable item, the charge will not be deducted).

<sup>9</sup>Pharmacy contractors should note that the Dispense Notification must be sent before the EREM.

<sup>10</sup>Pharmacy contractors are encouraged to submit EREMs throughout the month.

<sup>11</sup>This includes age exempt prescriptions, prescription forms with only free-of-charge sexual health medication and/or contraceptives, where Real Time Exemption Checking (RTEC) confirms an exemption and where a smaller quantity (in comparison with the prescription) of a drug is supplied in accordance with an SSP.

- (i) Payment will be calculated as per Clause 5B1;
  - (ii) From April 2022 (March 2022 prescriptions), the contractor will be contacted by the NHS Prescription Services for England, and unless the contractor provides evidence that the appropriate claim form was submitted as per Clause 5A 1, 2 and 3 and that the paper prescriptions were dispatched in line with Clause 5A 6, an administrative deduction of £25 will be made. This deduction reflects the administrative costs involved in NHSBSA calculating and making these payments.
  - (iii) To prevent the administrative deduction mentioned above being made, the contractor must provide evidence, as outlined in Clause 5A 1, 2 and 3, of compliance with the submission requirements. Where evidence is submitted, no administrative deduction will be made. If no evidence is provided within this time, then the administrative deduction will be made from the next Schedule of Payment.
  - (iv) In instances where the contractor does not provide the evidence, but the claiming process was followed as outlined in Clause 5A 1, 2 and 3, the contractor will have the opportunity to apply to have NHSBSA's decision to make the administrative deduction mentioned in sub-paragraph (ii) above, overturned, by providing evidence and submitting it alongside an appropriate form available on NHSBSA's website ([Pharmacy payment timetable | NHSBSA](#)). The contractor will need to submit the evidence and the appropriate form no later than one month after the month in which the administrative deduction was made.

  - Prescription returns via MYS; if contractors have not completed and returned any outstanding referred back or disallowed forms, they will be deleted from the system after the 18-month deadline has passed.
  - All paper referred-back and disallowed forms ceased in July 2022. Therefore, any paper referred-back or disallowed forms sent to pharmacies prior to July 2022 will not be accepted by the NHSBSA if they are submitted after the prescription submission deadline for the dispensing month of January 2024.

**3. Appliance Contractors**

Payment for services provided by appliance contractors in respect of the supply of appliances so supplied against prescriptions at each separate place of business, shall comprise:-

**CLAUSE 5C TIMETABLE FOR PAYMENTS FOR ENGLAND****1. Pharmacy Contractors****England only-**

Pharmacy Contractors will be paid monthly via NHSBSA. Payments will be detailed in the FP34 Schedule of Payment, which pharmacy contractors will receive approximately 5 working days before payment.

- (a) Payment timetable for pharmacy contractors that submit their batches and where the FP34C declaration is submitted via MYS by no later than the 5th of the month\* following that in which the supply was made.

**REQUIREMENTS FOR THE SUPPLY OF DRUGS, APPLIANCES AND CHEMICAL REAGENTS**

Pharmacy contractors will receive:

- (i) Advance Payment – 100% advance payment for prescriptions dispensed one month earlier paid from day 8 of the month the prescriptions and the appropriate claim form are submitted for pricing as per Clause 5A 1, 2 and 3 (see Table 3 below).

This payment is based on the total items declared on the FP34C submission document and the latest available average Net Ingredient Cost (NIC) for that pharmacy, less the value of prescription charges collected and declared on the FP34C submission document.

Formula for calculating estimated advance payment:

Average Net Ingredient Cost of the prescriptions \* x number of items declared on the submission document less the value of prescription charges declared as collected at the rate payable on the date of dispensing.

- (ii) Reconciliation Payment –

- Positive reconciliation – pharmacy contractors will be paid the reconciliation payment on the 1st working day of the month two months after they have submitted the appropriate claim form and prescriptions for pricing.
- Negative reconciliation – NHSBSA will recover the value of the overestimate from the 100% advance payment paid circa 6 working days later than the positive reconciliation (for exact dates see Table 3 below).

\*Note - Where one or more bank holiday occurs within the first five days of the month, dispatch / submission must be secured by the 6th of that month. As a consequence, this will have an impact on the payment date i.e. it will be 4 working days from the submission/dispatch date deadline.

\*\*Negative reconciliation will be recovered from the next advance payment due.

(b) Payment timetable in exceptional circumstances

- (i) Payment timetable for pharmacy contractors that submit their batches after the 5th of the following month\* in which supply was made but before the date outlined in the following link – [Pharmacy payment timetable | NHSBSA](#):

Payments will be made monthly and comprise of the following elements:

1. An estimated 100% advance payment for prescriptions submitted one month earlier (dispensed two months earlier). This payment is based on the total items declared on the FP34C submission document and the latest available average Net Ingredient Cost (NIC) for that pharmacy, less the value of prescription charges collected and declared on the FP34C submission document;

Formula for calculating estimated advance payment

Average Net Ingredient Cost of the prescriptions \* x number of items declared on submission document less the value of prescription charges declared as collected at the rate payable on the date of dispensing

**REQUIREMENTS FOR THE SUPPLY OF DRUGS, APPLIANCES AND CHEMICAL REAGENTS**

2. plus the full value of the priced prescriptions submitted two months earlier (dispensed three months earlier);
3. minus the recovery of the estimated 100% advance payment paid the previous month related to the prescriptions submitted two months earlier (dispensed three months earlier).

For example, August's payment will comprise the 100% advance payment for prescriptions submitted in July (dispensed in June) with the full value of the priced prescriptions less the recovery of the estimated 100% advance payment for prescriptions submitted in June (dispensed in May).

- (ii) Payment timetable for pharmacy contractors that submitted their batches after the date outlined in the following link – [Pharmacy payment timetable | NHSBSA](#):

Pharmacy contractors will receive payment with the next reconciliation payment (i.e. there will be no advance payment). For example:

Example 1 - for prescriptions dispensed in November if the FP34C was submitted on 29 December, the pharmacy contractor would not receive the advance payment for November's prescriptions on 1 January, instead they would receive the reconciliation payment for November's prescriptions on 1 February.

Example 2 - for prescriptions dispensed in November if the paper prescriptions arrive at the NHSBSA on 29 December the pharmacy contractor would receive payment for these paper prescriptions according to the payment timetable for the reconciliation payment for December's prescriptions i.e. on 1 March.

Note - Where one or more bank holiday occurs within the first five days of the month, dispatch / submission must be secured by the 6th of that month. As a consequence only batches submitted after the 6th will be processed in line with exceptional circumstances timetable.

Note: For May 2022 prescriptions, contractors must secure dispatch by 7 June 2022, only batches submitted after 7 June will be processed in line with exceptional circumstances timetable.

### **Wales only**

Pharmacy contractors will be paid monthly via NHSBSA. Payments will be detailed in the FP34 Schedule of Payment, which pharmacy contractors will receive approximately 5 working days before payment.

- (c) Payments will be made monthly and comprise of the following elements:

1. An estimated 100% advance payment for prescriptions submitted one month earlier (dispensed two months earlier). This payment is based on the total items declared on the paper FP34C submission document (note - FP34C submitted via MYS applies to this payment timetable up to and including October 2021 claims) and the latest available average Net Ingredient Cost (NIC) for that pharmacy, less the value of prescription charges collected and declared on the FP34C submission document;

Formula for calculating estimated advance payment

**REQUIREMENTS FOR THE SUPPLY OF DRUGS, APPLIANCES AND CHEMICAL REAGENTS**

Average Net Ingredient Cost of the prescriptions \* x number of items declared on submission document less the value of prescription charges declared as collected at the rate payable on the date of dispensing

2. plus the full value of the priced prescriptions submitted two months earlier (dispensed three months earlier);
3. minus the recovery of the estimated 100% advance payment paid the previous month related to the prescriptions submitted two months earlier (dispensed three months earlier).

For example, August's payment will comprise the 100% advance payment for prescriptions submitted in July (dispensed in June) with the full value of the priced prescriptions less the recovery of the estimated 100% advance payment for prescriptions submitted in June (dispensed in May).

NOTE: for the purposes of explanation, part 1 of the payment will be called 'the advance payment' and parts 2 and 3 together will be called 'the reconciliation'.

- (d) From April 2013, contractors will be paid according to either of two payment timetables available. All pharmacy contractors will be paid to timetable outlined in Table 1 unless they have enrolled in the Pharmacy Earlier Payment Scheme.

**Timetable A:**

Pharmacy contractors will be paid a single payment, which will comprise of all the elements outlined above.

**(e) Pharmacy Earlier Payment Scheme (PEPS)**

- (i) Pharmacy contractors, that are signed up to the Pharmacy Earlier Payment Scheme (the 'Scheme'), should note that the Scheme will be terminated on 1 November 2021. Their last PEPS payment as outlined in Clause 5C1(c)(iii) will be paid on 1 October 2021.
- (ii) On 1 November 2021 a period of a 12-month transition arrangement will start for pharmacy contractors, who are signed up to PEPS, to bring them over to the timetable outlined in Clause 5C (d) or (e). As part of the transition arrangement pharmacy contractors, who are signed up to the Scheme, will receive on 1 November 2021 a one-off payment to bridge the gap between the current PEPS payment timetable and the timetable outlined in Clause 5C (d) or (e). The one-off payment will be set at 92% of the PEPS pharmacy contractor's payment which the contractor will have received on 1 October 2021. This one-off payment will be recovered in equal parts over 11 months, i.e. the last recovery will be on 30 September 2022.
- (iii) Pharmacy contractors, who are enrolled on the Scheme will receive the following payment up until October 2021:
  - The NHSBSA will calculate a 100% advance payment to be paid to pharmacy contractors on the 1st of the month in respect of the items they expect to dispense in that month. This calculation will be based on the average number of items over the latest available 5 months, the average item value over the latest available 12 months and the prescription charge proportion from the latest

**REQUIREMENTS FOR THE SUPPLY OF DRUGS, APPLIANCES AND CHEMICAL REAGENTS**

available month (i.e. the percentage amount by which that month's payment is reduced due to prescription charges).

For example, April's advance notice will be calculated using the average number of items from September 2020 to January 2021; the average item value from February 2020 to January 2021 and the prescription charge proportion from January 2021.

- Batches must be received by the 5th day of the following month after dispensing as outlined in Clause 5A 1. For example, April's batch must be sent to the NHSBSA by the 5th May. Failure to send a batch as described above may result in the contractor being removed from the PEPS Scheme and being therefore transferred to Timetable A.
- Pharmacy contractors must immediately notify the NHSBSA of any adverse or anticipated changes pertaining to the pharmacy business.
- Reconciliation payment – Pharmacy contractors will be paid the reconciliation payment according to Timetable A outlined above.

*Table 2 This table provides an overview of payment and reconciliation that will apply for the PEPS Scheme from July 2021.*

| Dispensing month                           | July 2021 | Aug 2021 | Sept 2021 | Oct 2021 |
|--|-----------|----------|-----------|----------|
| Advance payment*                           | 1 July    | 2 Aug    | 1 Sept    | 1 Oct    |
| Reconciliation for dispensed prescriptions | 1 Oct     | 1 Nov    | 1 Dec     | 31 Dec   |

\* If days referred to above fall on a weekend or bank holiday, the next available working day will be applied.

## 2. Appliance Contractors

Appliance contractors will be paid as outlined in Clause 5B(ii) on the first day of every month unless the payment date falls on a weekend or bank holiday. In these instances, the payment date is brought forward to the nearest working day except when 1 April falls on a weekend or bank holiday. In this instance, the payment date is moved to be the first working day of April.

## 3. Uplift to Advance Payment between 1 April 2020 and 1 July 2020

- On 1 April 2020 pharmacy contractors received an uplift of 30.1% to their February's advance payment which across all pharmacy contractors amounted to a figure in excess of £200 million. Pharmacies, which submitted their February's batches late, might have had their uplift calculated based on January's batch. Pharmacies, which closed in March, did not receive the payment on 1 April. Pharmacies, which opened in March, but did not receive the uplift in subsequent months in line with Table 1, should contact the NHSBSA by using the following form: <https://www.nhsbsa.nhs.uk/sites/default/files/2020-07/Uplift%20to%20advance%20claim%20form.docx>, to make representations as to why they think they should have received the payment, or as to why they think the payment which they have received, has not been sufficient (for example mergers, i.e. F-code of a pharmacy with a lower dispensing volume was retained). This appeal process will be open until 5 November 2020. Forms put forward by contractors will be considered by the Secretary of State on a monthly basis to the following schedule: if a form is submitted by 5 August it will be considered during the month of August for payment to be made on 1 September, if appropriate. Any missing information on the form may cause delay to the process / payment by a month.
- On 1 May 2020 pharmacy contractors received an uplift of 13.2% to their March's advance payment, which across all pharmacy contractors amounted to a figure in excess of £100 million. Pharmacies, which submitted their March's batches late, might have had their uplift calculated based on February's batch. Pharmacies, which closed in April, did not receive the payment. Pharmacies, which opened in April, but did not receive the uplift in subsequent months in line with Table 1, should contact the NHSBSA by using the following form: <https://www.nhsbsa.nhs.uk/sites/default/files/2020-07/Uplift%20to%20advance%20claim%20form.docx>, to make representations as to why they think they should have received the payment, or as to why they think the payment which they have received, has not been sufficient (for example mergers, i.e. F-code of a pharmacy with a lower dispensing volume was retained). - (iii) On 1 June 2020 pharmacy contractors received an uplift of 6.71% to their April's advance payment which across all pharmacy contractors amounted to a figure in excess of £50 million. Pharmacies, which submitted their April's batches late, might have had their uplift calculated based on March's batch. Pharmacies, which closed in May, did not receive the payment. - (iv) On 1 July 2020 pharmacy contractors received an uplift of 2.82% to their May's advance payment which across all pharmacy contractors amounted in excess of £20 million. Pharmacies, which submitted their May's batches late might have had their uplift calculated based on April's batch. Pharmacies, which closed in June, did not receive the payment. Pharmacies, which opened in June, but did not receive the uplift in subsequent months in line with Table 3, should contact the NHSBSA by using the following form: <https://www.nhsbsa.nhs.uk/sites/default/files/2020-07/Uplift%20to%20advance%20claim%20form.docx>, to make representations as to why they think they should have received the payment or as to why they think the payment which they have received, has not been sufficient (for example mergers, i.e. F-code of a pharmacy with a lower dispensing volume was retained). Any missing information on the form may cause delay to the process / payment by a month.
- (v) The £370 million uplift will not be reconciled out until further notice.
- (vi) The payments have not been separately itemised on the FP34 Schedule of Payments. However, the NHSBSA has sent out letters to pharmacy contractors to inform them of the payment made to them.

**CLAUSE 6 INFORMATION RELATING TO THE IDENTIFICATION OF THE PRESCRIBER**

Where a contractor provides the drugs or appliances ordered on any NHS prescription form, except forms issued by a Dental Practitioner, the Pricing Authority may return the prescription form to the contractor (as a referred back) if there is no prescriber code(s) present on the prescription form and request that the contractor seek the appropriate code(s).

Where the contractor is able to identify the appropriate code(s), they shall endorse the prescription with the code and return it to the Pricing Authority. Where the contractor is unable to identify the appropriate code(s), they shall endorse the prescription to indicate that they have been unable to locate the code and return it to the Pricing Authority to be paid. Returned prescriptions shall be priced using the Drug Tariff relevant to the month in which the prescription is returned to the Pricing Authority.

**CLAUSE 7 PAYMENTS FOR DRUGS, APPLIANCES AND CHEMICAL REAGENTS**

- A The price on which payment is based for a quantity of a drug, appliance or chemical reagent supplied is calculated proportionately from the basic price (see Clause 8 - Basic Price).
- B Subject to the provisions of Clause 10 (Quantity to be supplied) payment will be calculated on the basis that the exact quantity ordered by the prescriber has been supplied, apart from any supply made under a Serious Shortage Protocol (SSP) for a reduced or increased quantity.
- C Where a prescription form has been returned to the contractor for endorsement or elucidation and it is returned to the Pricing Authority unendorsed, or incompletely endorsed, or without further explanation, then the price for the drug, appliance or chemical reagent which it orders shall be determined by the Secretary of State for Health and Social Care and the Welsh Ministers.

**CLAUSE 8 BASIC PRICE**

- A The basic price for those drugs, appliances and chemical reagents ordered by a name, or a synonym of that name, included in Parts VIII or IX shall be the price listed in the Drug Tariff.
- B
1. In exceptional circumstances, where, in the opinion of the Secretary of State for Health and Social Care and the Welsh Ministers, there is no product available to contractors, at the price in Part VIII, claims for reimbursement for a product with a higher price than that listed may be accepted. Such claims shall be made by endorsement as set out in Clause 9C but only in the circumstances described in that Clause. If the Secretary of State for Health and Social Care and the Welsh Ministers are satisfied that the contractor was not able reasonably to obtain the product at a lower price, the basic price shall be the list price, for supplying to contractors, of the product and pack size so used, or such other price (the 'concessionary price') as the Secretary of State for Health and Social Care and the Welsh Ministers shall determine. The Secretary of State for Health and Social Care and the Welsh Ministers will publish details of any preparations to which this applies and the month(s) in which it applies. The Secretary of State for Health and Social Care and the Welsh Ministers may in addition specify the products for which endorsement will be accepted.
  2. Ordinarily, under the agreed process, Part VIIIA Category M reimbursement prices for April to June 2024 would contain adjustments for the results of the medicine margin survey (latest results up until the end of September 2023). This would have meant a downward margin adjustment for April to June 2024 of £16.2million, so some prices in the April to June 2024 Drug Tariff would have been lower than they are. Instead of making that downward adjustment to Category M, a downwards adjustment will be made to concessionary prices during April to June 2024. The Department will accept concessionary price requests from Community Pharmacy England as normal but will change its approach so that the concessionary prices granted may be lower than they would have been. It is important to emphasise that requests should nevertheless continue to come in, as normal.
- C The basic price for a drug which is not listed in Part VIII of the Tariff shall be the list price, for supplying to contractors, of the pack size to be used for a prescription for that quantity, published by the manufacturer, wholesaler or supplier. In default of any such list price, the price shall be determined by the Secretary of State for Health and Social Care and the Welsh Ministers.
- D For SSP reimbursement and remuneration, refer to Clause 14.

## REQUIREMENTS ENABLING PAYMENTS TO BE MADE FOR THE SUPPLY OF DRUGS, APPLIANCES AND CHEMICAL REAGENTS

### E Retrospective top-up payment for Concessionary prices.

Every quarter, where considered appropriate by the Department of Health and Social Care in consultation with Community Pharmacy England, a retrospective top-up payment to the concessionary prices granted three quarters before will be paid. The top-up will be applied automatically for the products listed in Part VIII E each quarter by the NHS Business Services Authority, according to the volume the contractor was paid for, in the month that the margin survey indicates the concessionary price paid that month was such an under payment compared to the average price paid by contractors to suppliers that it warrants 'topping up'. The table below shows which payment will reflect which months activity.

| Items dispensed in the following months | Top-up payment month          |
|---|-------------------------------|
| April - June                            | January in the following year |
| July - September                        | April in the following year   |
| October - December                      | July in the following year    |
| January - March                         | October of the same year      |

The first retrospective top up paid in April 2024, will reflect activity during April to September 2023.

### CLAUSE 9 ENDORSEMENT REQUIREMENTS

- A Contractors shall endorse prescription forms for drugs, appliances and chemical reagents listed in this Tariff as required by this Clause and when so required by the provisions of Part II Clauses 10 (Quantity to be Supplied) and 11 (Broken Bulk), Part III (Fees), Notes to Part VIII B, Notes to Part VIII D and Note 2 to Part IX A/B/C (Appliances).
- B Prescriptions for drugs not listed in Part VIII of the Tariff shall be endorsed by the contractor with the pack size from which the order was supplied and, if the order is in pharmacopoeial or 'generic' form, with the brand name or the name of the manufacturer or wholesaler from whom the supply was purchased. Where the preparation is in Part VIIIA of the Tariff, endorsement of pack size is not necessary except for products in Category C that have more than one pack size listed. Where additional specific endorsement is necessary, contractors shall endorse prescription forms when so required by the provisions of Part II Clauses 10 (Quantity to be Supplied) and 11 (Broken Bulk), Part III (Fees) and Notes to Part VIII B and Part VIII D.
- C Where the preparation is in Part VIII of the Tariff and, as described in Clause 8B, in the opinion of the Secretary of State for Health and Social Care and the Welsh Ministers there is no product available to contractors at the appropriate price, endorsements of brand name or of manufacturer or wholesaler of the product and pack size so used may be accepted. Contractors shall not so endorse unless they have made all reasonable efforts to obtain the product at the appropriate price but have not succeeded. The endorsement shall be initialled and dated by or on behalf of the contractor, and shall be further endorsed "no cheaper stock obtainable" or "NCSO" to indicate that the contractor has taken all such responsible steps.
- D Where a contractor supplies a quantity at variance with that ordered. i.e. under the provisions set out in Clause 10 (Quantity to be Supplied), the prescription shall be endorsed with the quantity supplied.
- E From February 2022 (i.e. for February's prescriptions claimed by 5 March), where a contractor supplies a product in accordance with a single dispensed product SSP (where a prescribed product is replaced by one product), the contractor must, in respect of -
- a non - electronic prescription forms - endorse the prescription form with "SSP" and the three-digit reference number of the specific SSP to indicate that a supply was made in accordance with a SSP, in addition to any other information required under Clause 9 (apart from Clause 9C); and
  - b electronic prescription forms - pharmacy contractors must indicate that a supply was made in accordance with a SSP on the Electronic Reimbursement Endorsement Message (EREM) by selecting "SSP", entering the three-digit reference number of the specific SSP and endorsing the appropriate dispensed product and quantity, in addition to any other information required under Clause 9 (apart from Clause 9C).

## REQUIREMENTS ENABLING PAYMENTS TO BE MADE FOR THE SUPPLY OF DRUGS, APPLIANCES AND CHEMICAL REAGENTS

From February 2022, where a contractor supplies a product in accordance with a multiple dispensed product SSP (where a prescribed product is replaced by two or more products), the contractor must, in respect of -

- c non - electronic prescription forms - endorse the prescription form with "SSP" and the three-digit reference number of the specific SSP to indicate that a supply was made in accordance with a SSP, in addition to any other information required under Clause 9 (apart from Clause 9C) for all products supplied under the SSP; and
- d electronic prescription forms - pharmacy contractors must indicate that a supply was made in accordance with a SSP on the EREM by selecting "SSP", entering the three-digit reference number of the specific SSP endorsing the appropriate dispensed products and quantities, in addition to any other information required under Clause 9 (apart from Clause 9C), for each of the products dispensed under that SSP. Where the endorsement functionality does not allow for all replacement products to be endorsed, contractors should endorse by selecting "SSP" and entering the three-digit reference number of the specific SSP, in addition to any other information as required under Clause 9 (apart from Clause 9C), for only one product (in the event that a non-Part VIII product is one of the replacement SSP products, this product must be the one endorsed in accordance with Clause 9 - apart from Clause 9C). The Pricing Authority for England will reimburse pharmacy contractors for the remaining products in the SSP.

- F Where insufficient information is available to enable the Pricing Authority to process the prescription, including where it was submitted for a SSP payment, the form (or a copy of the original form) shall be returned to the contractor who shall endorse the prescription form (or copy) with the information requested. Returned prescriptions shall be priced using the Drug Tariff relevant to the month in which the prescription form (or copy) is returned to the Pricing Authority.

### CLAUSE 10 QUANTITY TO BE SUPPLIED

- A Subject to the requirements of the Weights and Measures (Equivalents for Dealing with Drugs) Regulations, 1970, with regard to the supply in metric quantities of orders expressed in imperial quantities, payment will normally be calculated on the basis that the exact quantity ordered by the prescriber has been supplied, except only in the case of a SSP, and of those preparations referred to in B below:

#### B Drugs and Chemical Reagents in Special Containers.

Where the quantity ordered by the prescriber does not coincide with that of an original pack and the drug or chemical reagent is:

- (i) Sterile
- (ii) Effervescent or hygroscopic, or
- (iii) (a) Liquid preparations for addition to bath water  
(b) Coal Tar preparations  
(c) Viscous external preparations
- (iv) Packed in a castor, collapsible tube, drop-bottle, pressurised aerosol, puffer pack, roll-on bottle, sachet, shaker, spray, squeeze pack, container with an integral means of applications, or any other container from which it is not practicable to dispense the exact quantity:
- (v) Licensed preparations of Semisodium Valproate, Sodium Valproate, Valproic Acid \*\*:

the contractor shall supply in the special container or containers the quantity nearest to that ordered and endorse the prescription form with the number and size of those containers. Although payment will normally be based on the quantity nearest to that ordered, some items are available in a larger size pack or container than that normally required pursuant to orders on prescription forms. Where the amount ordered on a prescription form, or the frequency of supply, justifies supply from such larger size pack or container, payment will be based on the cost of that larger size in the absence of endorsement. However, for valproate/valproic acid prescriptions, the "quantity nearest" rule will always apply.

If the ordered quantity lies exactly halfway between two different pack sizes, payment will be based on the smaller pack size. The exception to this are products that require reconstitution where the payment will be based on the nearest pack or number of packs necessary to cover the quantity ordered.

\* Products included in Clause 10B(iii) are listed on page 45 and page 46.

\*\* The Human Medicines (Amendment Relating to Original Pack Dispensing) (England and Wales and Scotland) Regulations 2023 mandating whole pack dispensing of semisodium valproate, sodium valproate, valproic acid will come into effect on 11 October 2023.

**CLAUSE 11      BROKEN BULK**

- A      This clause applies to drugs (including ingredients used when preparing a special under the manufacturing part of the Section 10 exemption from the Medicines Act 1968 on the pharmacy premises), incontinence and stoma appliances in Part IXB and IXC, chemical reagents, with the following exceptions: items supplied in special containers covered by Clause 10B, drugs listed in Category A and M whose smallest pack size has a price of less than £50 and specials and imported products covered by Part VIII B.
- B      When the quantity ordered on a prescription form is other than the minimum quantity the manufacturer, wholesaler or supplier is prepared to supply and the contractor, having purchased such minimum quantity as may be necessary to supply the quantity ordered cannot readily dispose of the remainder, payment will be made for the whole of the quantity purchased. Subsequent prescriptions, received during the next six months, will be deemed to have been supplied from the remainder and no further payment will be made to drug costs other than fees and consumables and container allowances until that remainder has been or is deemed to have been used up. Thereafter, contractors must endorse prescription forms to indicate when a claim for payment is being made. The prescription form must be endorsed 'BB' and with the pack size supplied to claim payment.
- C      For products listed in Part VIII D, when the quantity ordered on a prescription form is other than the minimal pack size listed in the Drug Tariff and the contractor, having purchased such minimum quantity as may be necessary to supply the quantity ordered cannot readily dispose of the remainder, where the contractor endorses the prescription form 'BB', payment will be made for the nearest pack size or multiple of the pack size(s) listed in the Drug Tariff sufficient to supply the quantity prescribed. Subsequent prescriptions, received during the next six months, will be deemed to have been supplied from the remainder and no further payment will be made to drug costs other than fees and consumables and container allowances until that remainder has been or is deemed to have been used up. In exceptional circumstances, where, in the opinion of the Secretary of State for Health and Social Care, the pack size(s) listed in Part VIII D are not available to contractors for Broken Bulk claims, the Secretary of State for Health and Social Care will publish details of any pack sizes which will be accepted for Broken Bulk claims and preparations to which this applies and the month(s) in which it applies. This will not affect the basic price.

**CLAUSE 12      OUT OF POCKET EXPENSES**

Where, in exceptional circumstances, out-of-pocket expenses have been incurred in obtaining a drug, appliance or chemical reagent other than those priced in Part VIII A Category A and M, Part VIII B, Part VIII D, Part IX A, Part IX R of the Tariff and all other specials and imported products not listed and not required to be frequently supplied by the contractor, or where out-of-pocket expenses have been incurred in obtaining oxygen from a manufacturer, wholesaler or supplier specially for supply against a prescription, where such expenses on any occasion exceed 50p payment of the full amount may be made where the contractor sends a claim giving particulars to the Pricing Authority on the appropriate prescription form. The endorsement shall be 'XP' or 'OOP' to indicate the contractor has taken all reasonable steps to avoid claiming. An exception to this will be made for Cefuroxime 5% preservative free eye drops, for which there will be an additional fixed out-of-pocket expense payment of £50 automatically applied without the need for any 'XP' or 'OOP' endorsements. This payment will also be retrospectively applied to all prescriptions for this item dispensed between the months of April 2023 to February 2024. Other applicable fees and allowances will continue to be paid as usual.

**CLAUSE 13      RECONSTITUTION OF CERTAIN ORAL LIQUIDS**

- A      This clause applies to antibacterial, antiviral or antifungal preparations listed in 5.1, 5.2 and 5.3 (except 5.3.1) of the British National Formulary (BNF), which are for oral administration and requires reconstitution from granules or powder.
- B      When the quantity reconstituted from an original pack or packs is unavoidably greater than the quantity ordered and it has not been possible for the contractor to use the remainder for or towards supplying against another prescription, payment will be calculated from the Basic Price of the preparation and will be based on the nearest pack or number of packs necessary to cover the quantity ordered.

APPLIANCES AND CHEMICAL REAGENTS**

**CLAUSE 14      SERIOUS SHORTAGE PROTOCOL - REIMBURSEMENT AND REMUNERATION**

- A      Any drugs, appliances or chemical reagents, which are supplied in line with a Serious Shortage Protocol (SSP), are to be reimbursed and remunerated as if they were dispensed in line with a prescription with the exception that items supplied in line with a SSP will attract an additional fee as per Part IIIA. To that end where a prescription or a prescription item is referred to in the Drug Tariff in the context of reimbursement or remuneration for dispensed drugs, appliances or chemical reagents, this is to be treated as applying to supply in line with a SSP.

Up until end of May 2023, a VAT allowance was also paid for the reimbursement price of the product supplied in accordance with a SSP. From June 2023, this VAT allowance will no longer be paid as products supplied in accordance with a SSP is to be considered VAT zero-rated. Further guidance will be issued by HMRC in due course.

- B      If, as a consequence of supplying in accordance with a Serious Shortage Protocol (SSP), there is a requirement for an additional drug or Part IX appliance to be provided to a patient, any drugs or Part IX appliances which are supplied in line with a SSP are to be reimbursed and remunerated as if they were dispensed in line with a prescription.

**CONSUMABLES AND CONTAINERS**

---

---

**See Part I Clause 5B 1 (iii)**

---

1. A Pharmacy Contractor shall supply in a **suitable container** any drug which he is required to supply under Part II of Schedule 2 to the Regulations.

Capsules, tablets, pills, pulvules etc shall be supplied in airtight containers of glass, aluminium or rigid plastics; card containers may be used only for foil/strip packed tablets etc.  
For ointments, creams, pastes, card containers shall not be used

Eye, ear and nasal drops shall be supplied in dropper bottles, or with a separate dropper where appropriate.

2. Payment for **consumables** used when dispensing is at the average rate of **1.24p** per prescription for every prescription (except an oxygen prescription) supplied by contractors.

This payment includes

- Provision for supply of either a 5ml plastic measuring spoon (which shall comply with BS 3221:Part 6:1987), or a 1ml, 5ml or 10ml plastic oral syringe measure with every oral liquid medicine, except where the manufacturer's pack includes one. Plastic oral syringe measures must be clearly labelled 'oral' and/or 'enteral' in a large font size, comply with appropriate British or European Standards (BS 3221:Part 7:1995 or an equivalent European Standard for the 5ml syringe) and be wrapped together with a bottle adaptor and instructions. Choice of whether a spoon or syringe (and its size) is supplied will depend on the nature of the medication regime.
  - In very exceptional circumstances, or where specifically requested by the prescriber, dilution may still take place. The prescription should be endorsed accordingly.
  - Provision for supply of a dropper bottle or separate dropper with every prescription for a medicine which is for administration to or via the ear, eye or nose, or a vaginal applicator with every prescription for contraceptive gel or cream, except where the manufacturer's pack includes one.
3. Payment for **containers** will be at the rate of 10p for every prescription (except special containers) supplied where the quantity ordered is outside of the pack size (or a multiple of the pack size) for products:
- Listed in Part VIII A of the Tariff.
  - Not listed in Part VIII A of the Tariff, the pack size published by the manufacturer, wholesaler or supplier is endorsed by or on behalf of the contractor.
  - Where the pack size is unknown by the Pricing Authority, the pack size endorsed by the contractor.

For contractors who have dispensed any drug except for oral liquid methadone against an FP10MDA prescription form, as a temporary measure, for prescriptions dispensed from April 2013, this payment will be made once per instalment ie per dispensing to the patient, regardless of whether the quantity ordered per dispensing was available as a listed pack size. For oral liquid methadone, this payment will only be made where the total volume prescribed is outside a pack size listed in Part VIII A Drug Tariff listed pack (or a multiple of).

4. Payment for consumables and containers is payable to pharmacy contractors only.

**DEDUCTION SCALE (PHARMACY CONTRACTORS)**

**See Part I Clause 5B 1 (i)(b) (page 7)**

**Information for England only**

From October 2022, the discount deduction applied to pharmacy contractors monthly total of reimbursement prices will be transitioning to new arrangements.

Under the new arrangements, which will be fully in place by January 2024, there will be three product groups each with their own deduction rates which will be applied to monthly reimbursement prices of the products in that group, as set out in the table below:

Table 1: Deduction rates

| <b>Group Name</b> | <b>Inclusion criteria</b>  | <b>Deduction rate</b> |
|-------------------|--|-----------------------|
| Appliances        | Part IX of the Drug Tariff   | 9.85%                 |
| Generics          | Category A of Part VIII A of the Drug Tariff<br>Category M of Part VIII A of the Drug Tariff   | 20%**                 |
| Brands*           | Products not classified as an appliance<br>or<br>Products not classified as being listed in<br>Categories A or M of Part VIII A of the Drug Tariff | 5%                    |

\* This means that the brands deduction rate will apply to some products that might in other circumstances be considered to be generic medicines, or in any event would not be considered to be branded medicines.

\*\* From October 2022 to March 2023, the generics deduction rate was 17.52%.

The percentages in the table above will not apply to any product in 'Part II Drugs for which discount is not deducted'.

From October 2022, there will be a transition from the current arrangements to the new flat deduction rates for all three groups. Every quarter between October 2022 to January 2024, the deduction will move more towards the new rates with a variable weighting of the old rate and the new rates being applied as set out below. This timetable will be kept under review.

Table 2: Transition period

| <b>Time Period</b>           | <b>Old rate weighting</b> | <b>New rate weighting</b> |
|------------------------------|---------------------------|---------------------------|
| October 2022 - December 2022 | 85%                       | 15%                       |
| January 2023 - March 2023    | 70%                       | 30%                       |
| April 2023 - June 2023       | 50%                       | 50%                       |
| July 2023 - September 2023   | 30%                       | 70%                       |
| October 2023 - December 2023 | 15%                       | 85%                       |

During the transition, two calculations will be made, the discount at the old rate will be calculated according to Table 3 below, using the monthly total of reimbursement prices to establish the rate that should be applied, and the new rate will be calculated in accordance with the rates as set out in Table 1. The weighting during each quarter will be a varying proportion of the old and new rate as outlined above in Table 2.

From January 2024, the transition period will be complete, and contractors discount will be calculated solely using the new three flat rates.

| Number of items per month | Minimum dispensing staff level (Hours per week)* |
|---------------------------|--|
| 2,000 - 3,499             | 40 hours   |

\* Dispensing staff include: a pharmacist; a non-practising pharmacist working as a dispenser; a pre-registration trainee (only half of the pre-registration trainees hours should be counted for this purpose) or an assistant trained to undertake the functions being performed. Where a staff member has multiple roles, only the number of hours spent supporting the dispensing process may be counted in the staffing declaration.

## PAYMENT FOR ESSENTIAL SERVICES (PHARMACY CONTRACTORS)

In determining the dispensing staff level to declare on the appropriate claim form the number of hours should be rounded as follows:

0.5 or less round down to the nearest whole number of hours

Above 0.5 round up to the nearest whole number of hours.

\*\*Pharmacy contractors will be required to employ a staff member for an extra 19 hours per week for each additional 1,500 items the pharmacy contractor dispensed per month above 11,000 items.

- 2.9 From 1 October 2005, where for any month a pharmacy contractor has declared to the Pricing Authority dispensing staff levels lower than those set out in the tables in 2.2, 2.3, 2.4, 2.5 and 2.7 above, the Practice Payment for the relevant month will be paid at the level that would be paid if the pharmacy only dispensed the number of items at the lowest level in the band that corresponds in the above table to its declared dispensing staff levels.
- 2.10 From 1 October 2005, where for any month a pharmacy contractor has not declared dispensing staff levels to the Pricing Authority, the Practice Payment for the relevant month will be paid at the minimum level.
- 2.11 Subject to 2.11.1 and 2.11.2, where total monthly payments in relation to prescriptions passed for pricing for the period April to March are less than the amount which would have been paid had the payment been calculated on the basis of the total of the relevant payments set out in the tables in 2.2, 2.3, 2.4, 2.5 and 2.7, pharmacy contractors may make a claim for a top up payment to the relevant LHB. They should submit, by 30 November, copies of WP34 statements for the relevant period (April to March) as evidence of the total number of prescription items passed for pricing during this period.
- 2.11.1 Where, in any month, Practice Payments were paid at a lower level because minimum dispensing staff levels were not met, those months shall be disregarded (in terms of both the number of items passed for pricing and the payments received) when calculating the amount of any top up payment which may be payable.
- 2.11.2 Where, in any month, Practice Payments were paid at a lower level because a pharmacy contractor did not declare dispensing staff levels, those months shall be disregarded (in terms of both the number of items passed for pricing and the payments received) when calculating the amount of any top up payment which may be payable, unless the pharmacy contractor can satisfy the relevant LHB that their dispensing staff levels were sufficient in respect of the table in 2.8 for the relevant month.

### 3. IM&T Services and Allowances (Wales)

- 3.1 Digital Health & Care Wales (DHCW) sets and delivers the strategic direction and corporate IM&T policy for Community Pharmacy in Wales.
- 3.2 There are parallel strategic developments within England and Wales in relation to the technical architectures that underpin the 'NHS Care Records Service' (England) and the 'Welsh GP Record' (Wales).
- 3.3 However, differences in direction and pace of these respective programmes have meant that Wales, via a national community pharmacy IM&T programme board of representative stakeholders, has determined appropriate and comparable solutions, deliverable through a pragmatic, phased approach.

### IT Infrastructure and Connectivity Services

- 3.4 With effect from 31 March 2018 all Pharmacy Contractors are required to be compliant with the following NHS Wales requirements (IT Infrastructure and Connectivity Programme Phase 2 Releases 1, 2 & 3.)

| Release Number | Service/System  | Available Date    | Maximum Deployment Timescale |
|----------------|---|-------------------|------------------------------|
| 1              | NHS Wales-compliant Email service ( <i>ENAS-Electronic NHS Alerts Service</i> ) | 1 April 2010      | 30 September 2010            |
| 2              | ETP - 2D-Barcoded Prescription service  | 30 September 2010 | 30 September 2011            |
| 3              | Electronic Transmission of Claims service                                       | 30 April 2017     | 31 March 2018                |

**PAYMENT FOR ESSENTIAL SERVICES (PHARMACY CONTRACTORS)**

- 3.5 Payments for repeat dispensing and IM&T allowances were incorporated in the establishment payment from April 2022.
- 3.6 From June 2019, compliance with phase 2, release 3 will be assessed against the percentage of ETC claim messages submitted for qualifying prescription items. Qualifying items are defined as those prescribed on a WP10 prescription containing a 2DRx barcode. In order to retain the IM&T allowance, each contractor must submit ETC claim messages to meet the following thresholds:

| Date                  | Qualifying items in monthly account |
|-----------------------|-------------------------------------|
| From 1 June 2019      | 40%                                 |
| From 1 September 2019 | 55%                                 |
| From 1 December 2019  | 70%                                 |
| From 1 March 2020     | 80%                                 |

*Pharmacy contractors will be given at least three months' notice of their pharmacy IT system's capability to access each respective release of Phase 2. The following website provides additional information relating to the Phase 2 Releases: [System Suppliers - NHS Wales Shared Services Partnership](#).*

Pharmacy contractors using the Electronic Prescription Service (EPS) for the submission of Electronic Transmission of Prescriptions (ETP) are exempt from this requirement where the payment specified in 3.12.2 has been made.

- 3.7 From April 2021, the Microsoft 365 NHS Wales email service will be the only NHS Wales-compliant email service. To comply with Phase 2, release number 1, pharmacy contractors must ensure that the Microsoft 365 NHS Wales email service is adopted by 1 April 2021.
- 3.8 Appropriate arrangements must be in place to require a pharmacist or pharmacy technician to access their Microsoft 365 NHS Wales email daily, to deal appropriately and timeously with communications concerning patient safety from the Welsh Ministers, the Medicines and Healthcare products Regulatory Agency (MHRA) and NHS Wales communication issued via the NHS Wales Electronic National Alert Service (ENAS).
- 3.9 The arrangements required by 3.8 should detail the actions required by pharmacy staff to appropriately deal with all communications concerning patient safety, including keeping a record of actions undertaken to implement and/or comply with the communication. 'Appropriately' means that the Pharmacy Contractor has taken action to deal with the notice and Pharmacy Contractors are expected to meet the notice deadline in order to be considered to be acting in a 'timeously' manner, i.e. action is taken within the required timescale.

**Electronic Prescription Service (EPS) Allowances (Wales)**

- 3.10 The Electronic Prescription Service (EPS) will be deployed to facilitate the Electronic Transmission of Prescriptions (ETP) incrementally in Wales, in accordance with the assurance of EPS compliant pharmacy systems.
- 3.11 To be able to use the Electronic Prescription Service, pharmacy contractors will need to have:
- 3.11.1 an EPS compliant dispensing system assured by Digital Health and Care Wales (DHCW), for use in Wales
  - 3.11.2 undertaken all the necessary pre-implementation activities in readiness for the implementation of EPS
  - 3.11.3 appropriate network connectivity to be able to operate the Electronic Prescription Service
  - 3.11.4 staff operating the service who are registered users and have been issued with NHS smartcards and passcodes under NHS England's registration authority arrangements.

### EPS Pharmacy Allowance

- 3.12 A £1,250 EPS pharmacy allowance will be made to all pharmacy contractors included in a pharmaceutical list maintained by a LHB in Wales, where the pharmacy meets all requirements set out in paragraph 3.11.
- 3.12.1 The EPS pharmacy allowance is paid only once, in relation to pharmaceutical services provided by a pharmacy contractor included in a pharmaceutical list maintained by a LHB in Wales irrespective of any subsequent merger or sale; or where there has been a relocation, there is no right to claim a further allowance for the new relocated premises.
- 3.12.2 Payment will be automatically made when a pharmacy contractor submits the first electronic reimbursement endorsement message to NHS Wales Shared Services Partnership (NWSSP). The payment will be made in the next available payment schedule in line with current payment timescales.

### EPS Transition Payment

- 3.13 Pharmacy contractors will be requested to undertake activities associated with EPS readiness and delivery. In the pre-implementation phase (2023-24), pharmacies will receive the transition payment to support readiness.
- 3.13.1 A pre-requisite for the payment will be engagement with the Digital Medicines Transformation Portfolio (DMTP) team and the collection and submission of any baseline information required to progress EPS implementation and benefits realisation.
- 3.13.2 The funding may be used to support any reasonable EPS key readiness activities identified by the pharmacy contractor, this may include:
- Attendance at practice/pharmacy implementation meetings.
  - Update training in relation to pharmacy GDPR requirements/pharmacy PMR system.
  - Any hardware/software updates required.
- 3.14 An EPS transition payment of £750, will be paid in January 2024 to all pharmacy contractors included in a pharmaceutical list maintained by a Health Board in Wales between 1 January and 31 March 2024. Where a payment has been made to a contractor included in a pharmaceutical list maintained by a Health Board, there will be no further payment made in the event of the transfer of ownership or relocation of the pharmacy premise.

#### 4. **Scheme to engage Community Pharmacy in a proportionate response to the emerging pandemic Influenza infection (Wales only)**

- 4.1 Pharmacy Contractors in Wales who engage in the delivery of arrangements to enable the dispensing of antiviral medication from the national stockpile will receive the fee of £4 per item of this stock dispensed. No other fees or allowances will be payable for or in respect of items dispensed under this scheme.

- 4.2 This applies to stocks of antiviral medication delivered by LHBs to each community pharmacy across Wales in a pandemic situation namely:

#### **Oseltamivir (Tamiflu) all presentations**

#### **Oseltamivir Oral solution (NHS manufactured special) 15mg in 1ml**

#### **Zanamivir (Relenza)**

- 4.3 Under the scheme GPs will write WP10 prescriptions for patients as outlined in the Chief Medical Officers letter dated 2 July 2009 and community pharmacists will dispense these prescriptions in accordance with the essential services element of their contract.
- 4.4 The prescriptions for this treatment will be processed in the usual way through the prescription pricing system.
- 4.5 The £4 per item of stock dispensed fee has been agreed in collaboration with Community Pharmacy Wales upon the principle that participation in the scheme should not afford the pharmacy contractor any loss of income nor should participation afford an opportunity to profit as a result of assisting in the delivery of services during a pandemic.

## PAYMENT FOR ESSENTIAL SERVICES (PHARMACY CONTRACTORS)

- 4.6 Fees and allowances as described above shall only be payable during an influenza pandemic and subject to notification of pharmacy contractors by the Welsh Government.
  - 4.7 In situations other than an influenza pandemic, where a pharmacy contractor dispenses antiviral medication in accordance with the conditions described in Part XVIII B, normal remuneration and reimbursement mechanisms shall apply. Pharmacy contractors should not normally dispense antiviral medication from the national stockpile other than in those circumstances described above.
  - 4.8 This provision applies to prescriptions dispensed on or after 1 December 2010.
5. **Transitional Payments (England only)**
- 5.1 From 1 February 2023 the monthly Transitional Payment paid to pharmacy contractors has been set at zero.
  - 5.2 From 1 March 2024 the monthly Flat Fee paid to contractors has been set at zero.
  - 5.3 Contractors should note that the monthly amount of the Flat Fee may change over the course of the year.

6. **Reimbursement for PPE costs incurred within community pharmacy and dispensing appliance contractors (DACs) during the Covid-19 pandemic response (England only)**

**Background**

- 6.1 Community pharmacies continued to operate throughout the Covid-19 pandemic. Guidance was issued on 19 March 2020 to advise on operating model changes to reduce the risk of transmission <https://generalpracticebulletin.cmail19.com/t/ViewEmail/d/42D38571E307F65F2540EF23F30FEDED/07BD036C356575E57EEA1DAE616D4B3C>
- 6.2 In April 2020, Public Health England (PHE) guidance on PPE for community pharmacy recommended the sessional use of Type IIR fluid-resistant surgical face masks (FRSM) where pharmacy staff are unable to maintain social distancing of 2 metres from patients (with possible or confirmed Covid-19).
- 6.3 Community pharmacies were invited to sign-up to the PPE portal from 3 August 2020 as an emergency supply route and then for all Covid-19 PPE requirements from 21 September 2020.

**Claims process**

- 6.4 Claims must be submitted through the MYS portal (with the exception of central claims made for pharmacies with six or more branches), for PPE purchased between 27 February 2020 and 31 December 2020 for use in the delivery of NHS pharmaceutical services up to 31 March 2021, as a result of Covid-19 infection control guidance. All claims must be submitted by 12 February 2021.
- 6.5 Pharmacies with six or more branches may make a single central claim that must be submitted by email to [pharmacysupport@nhsbsa.nhs.uk](mailto:pharmacysupport@nhsbsa.nhs.uk). However, this must be supported by appropriate evidence, using the assigned spreadsheet to show what PPE was sent to each branch together with a cumulative total. This is being allowed on an exceptional basis because this claiming process is being implemented retrospectively. Had pharmacies known about this claims process at the time they may have established their accounting systems differently.
- 6.6 The items that can be claimed are aprons, gloves, Type IIR masks and hand sanitiser. Between 27 February 2020 and 30 June 2020 any protective equipment used in substitution of unavailable items can be covered under standard claims. This includes visors. Where the standard claims amount does not cover the costs for standard protection, an exceptional claim should be made.

## PAYMENT FOR ESSENTIAL SERVICES (PHARMACY CONTRACTORS)

- 6.7 Each pharmacy will be able to make claims under two categories:
- **standard claims** – set at a banded rate to cover standard PPE use from 27 February 2020 to 31 October 2020. However, this would not apply to pharmacies that were open for less than 90% of the time period, or that changed ownership during this time.
  - **exceptional claims** – to cover any PPE purchased between 27 February 2020 and 31 October 2020 in excess of the standard claim value and to be used up to 31 March 2021 and/or any PPE purchased from 1 November 2020 to 31 December 2020 and to be used up to 31 March 2021. Any pharmacies that were open for less than 90% of the time period from 27 February 2020 to 31 October 2020 or that changed ownership during this time period will also need to claim their actual costs via the exceptional claim route.
- 6.8 Distance selling pharmacies and dispensing appliance contractors will be eligible to claim the standard payment based on their dispensing volumes in the same way as bricks and mortar pharmacies. They will also be eligible to make an exceptional claim.
- Standard claim criteria*
- 6.9 Standard claims must meet the following criteria:
- a They must relate to costs incurred between 27 February 2020 and 31 October 2020;
  - b They must require the contractor to declare that -
    - (i) their claim relates to PPE purchased for use in delivery of NHS pharmaceutical services and in accordance with PHE guidance,
    - (ii) they were open for at least 90% of the period in question (under their current ODS code), and
    - (iii) whether they opened for more than 60 hours per week on average over the period; and
  - c They will be paid at the claim amounts per Table 1. These amounts allow for:
    - (i) Sessional use of masks for dispensing plus an allowance for clinical services, excluding flu vaccinations (covered under sessional use) at £30 per box of 50 masks (£0.60 per mask), and
    - (ii) One box of gloves per month for all pharmacies, one roll of aprons for February – October and hand hygiene for February – October.

Table 1. Standard claim bands

| Band | Number of items per month |        | Standard claim, <=60 opening hours | Standard claim, >60 opening hours |
|------|---------------------------|--------|------------------------------------|-----------------------------------|
| 1    | 0                         | 100    | £830                               | £1,650                            |
| 2    | 101                       | 2,500  | £830                               | £1,650                            |
| 3    | 2,501                     | 5,000  | £1,030                             | £1,850                            |
| 4    | 5,001                     | 12,500 | £1,640                             | £2,460                            |
| 5    | 12,501                    | 19,167 | £2,490                             | £3,310                            |
| 6    | 19,168                    |        | £3,240                             | £4,060                            |

### *Exceptional claims criteria*

- 6.10 Exceptional claims must meet the following criteria:
- a they must relate to expenditure incurred during the period from 27 February 2020 to 31 October 2020 only where expenditure is in excess of the standard claim value or where the contractor has not been open for the requisite 90% of the period or has changed ownership;
  - b they must be for expenditure with an invoice date up to and including 31 December 2020 and for PPE to be used up to 31 March 2021;
  - c where they relate to expenditure incurred from 1 November 2020 to 31 December 2020, the contractor will be required to declare that they did not receive duplicative PPE from the portal during the same period;
  - d contractors must confirm that they have documentation to evidence the value of their combined standard and exceptional claims and can make this documentation available on request; and
  - e where they relate to PPE that is outside the standard list (aprons, gloves, Type IIR masks and hand sanitiser) the contractor must be able to evidence the need for that PPE if requested to do so. This evidence may take the form of a staff risk assessment or similar.
- 6.11 We intend to review the exceptional claims prior to payment on a sample/risk basis including checks of proof of purchase documentation, and, by exception, a clinical review of the appropriateness of the claim.

### **Additional Information**

- 6.12 Where contractors have monthly dispensing volumes that apply to multiple claim bands, the mode average will be used to calculate payment. Where there are two modes, the higher claim band will be used.
- 6.13 Contractors whose exceptional claims were wholly or partly rejected may request a review of the payment by the Department of Health and Social Care.

A contractor may request a review if:

- they wish to question how the criteria in paragraphs 6.10 or 6.11 were applied.
- in their view an error was made in the handling of their claim.

The Department of Health and Social Care will have access to the evidence previously supplied to the NHSBSA to support the exceptional claims criteria above. If available, contractors may also supply additional information to support their claim. Please note however, that new or increased claims will not be accepted. Contractors may be contacted directly by a DHSC or NHSBSA official to discuss their claim in person and if the contractor wishes, a Community Pharmacy England representative or official may also be asked to participate in the discussions.

All requests for review must be submitted to [pharmacysupport@nhsbsa.nhs.uk](mailto:pharmacysupport@nhsbsa.nhs.uk) by no later than 30 September 2021 and should include 'PPE' in the email subject.

## 7. **NHS Discharge Medicine Service (England only)**

- 7.1 Pharmacy contractors will receive an upfront payment of £400 to support initial costs incurred in setting up the NHS Discharge Medicine Service (DMS) (including the development of Standard Operating Procedures and training and assessment of competence). Any pharmacy on the pharmaceutical list on 1 February 2021 will automatically receive this payment on 1 April 2021, and this payment will be itemised in the Schedule of Payments. Any new pharmacies opening after 1 February 2021 but before the end of the 2021/22 financial year (this excludes contractors changing ownership, merging or relocating) will automatically be itemised in the next applicable Schedule of Payments.
- 7.2 From 15 February 2021 pharmacy contractors will receive a fee of £35 for each completed NHS DMS (i.e. stages 1 to 3 have been completed as set out in paragraph 7.3 below). The payment must be claimed via the Manage Your Service (MYS) portal no later than the 5th day

## PAYMENT FOR ESSENTIAL SERVICES (PHARMACY CONTRACTORS)

---

of the month following that in which the NHS DMS was completed. That claim must be made by somebody who is or is acting under the responsibility of a registered pharmacist or pharmacy technician, who is responsible for maintaining the confidentiality of any personal data concerning health that is submitted as part of the claim.

- 7.3 On the rare occasion (see paragraph 7.4) that a pharmacy contractor might not be able to complete the NHS DMS in full, the contractor will be able to claim the following fees for the stages of the NHS DMS that have been completed (n.b. details on the action required by pharmacy contractors at each stage of the NHS DMS are provided in Chapter 8 of Guidance on the NHS (Charges and Pharmaceutical and Local Pharmaceutical Services) (Amendment) Regulations 2020):

- Stage 1 - £12
- Stage 2 - £11
- Stage 3 - £12

- 7.4 The claim for the stages of the DMS completed by the contractor must be made via the MYS portal no later than the 5th day of the month following that in which the final stage that the contractor was able to undertake was completed. Where a contractor has completed some of the stages of the NHS DMS, but not all the stages of the NHS DMS that they intend to complete, they should not yet make a claim. When a contractor does claim payment for all of the stages they provided, but not for a completed DMS referral, as part of the claim the contractor must provide one of the following reasons as to why the NHS DMS service was not provided in full to the patient. A claim for part completion of the NHS DMS may only be made where one of the reasons set out below applies:

- **Patient uncontactable or withdraws consent following completion of Stage 1:**  
Where stage 1 of the service has been delivered but the patient withdraws consent to receive the service or the first prescription post-discharge is not received by the community pharmacy to complete stage 2 of the service and no contact is made by the patient, reasonable attempts must be made by the community pharmacy to contact the patient using the contact details set out in the referral. In this scenario, it is also possible that the patient has been re-admitted to hospital, has been admitted to a care home or has died. Where the community pharmacy is unable to reach the patient (or the patient has been readmitted to hospital or admitted to a care home) the community pharmacy should share any findings of concern from stage 1 of the service with the patient's general practice before claiming payment for all of the stages they provided.
- **Patient moves community pharmacy after stage 1 of the service has been provided:**  
The situation may occur where stage 1 of the service has been delivered by a community pharmacy and that community pharmacy subsequently finds out that the patient wishes to use a different community pharmacy for the provision of the service. Before claiming payment for all of the stages they provided, the first community pharmacy should contact the second community pharmacy and offer to send them via a secure electronic message (e.g. to the community pharmacy's premises specific NHSmail account) the referral information received from the NHS trust and any relevant information and/or findings identified during stage 1 of the service. In these circumstances, the second pharmacy should also only claim payment for the stages they provided, as they will not have provided all the complete service.
- **Patient uncontactable or withdraws consent after completion of stage 1 and stage 2:**  
Where stage 1 and stage 2 of the service is provided by the community pharmacy, but the patient withdraws consent to receive the service or the community pharmacy is unable to contact the patient to complete stage 3 of the service, reasonable attempts must be made by the community pharmacy to contact the patient using the contact details set out in the referral. Where the community pharmacy is unable to reach the patient, they should share any findings of concern from stage 1 and 2 of the service with the patient's general practice before claiming payment for all of the stages they provided.

---

- **Temporary community pharmacy closures mean the complete service cannot be provided:**  
Where a temporary community pharmacy closure of one week or more means that a community pharmacy cannot provide the service, reasonable attempts must be made by the community pharmacy to contact the patient using the contact details set out in the referral. The community pharmacy should inform the patient of the situation and identify another pharmacy to refer the patient on to for completion of the service. In these circumstances, the community pharmacy should contact the identified community pharmacy and offer to share via secure electronic message (e.g. to the community pharmacy's premises specific NHSmail account) the referral information received from the NHS trust and any relevant information and/or findings identified during stage 1 or stage 2 of the service if already provided. In this scenario, both community pharmacies should only claim payment for all of the stages they provided as they will not have provided the full service.

### 8. **Reimbursement of Covid-19 costs incurred by pharmacy contractors between 1 March 2020 and 31 March 2021 and recovery of the uplift to the advance payments received between 1 April 2020 and 1 July 2020 (England only)**

- 8.1 Pharmacy contractors can claim for specific categories of Covid-19 related costs incurred between 1 March 2020 and 31 March 2021 in delivery of NHS pharmaceutical services.
- 8.2 Payments will be made on 1 October providing pharmacy contractors submit their claims as per paragraphs 8.4 and 8.5, subject to the arrangements for reviews and appeals in paragraph 8.10.
- 8.3 The uplift to the advance payments received between 1 April 2020 and 1 July 2020 (see Part I, Clause 5C paragraph 3 for detail) will be recovered as part of the monthly reconciliation from 1 October 2021 to 1 March 2022 in six equal parts. In cases of a change of ownership, the recovered payments will reflect the advance payments received by the previous owner, where the pharmacy F-code has been retained by the current owner.
- 8.4 Where there has been a change of ownership of a pharmacy after 15 August 2021, and the current owner of that pharmacy has a different pharmacy F-code as a result of that change but is, for the assessment of tax purposes, an associated company of the previous owner (for example, because the company that is current owner is under the control of the same person or persons as the company that was the previous owner), the recovered payments from the current owner will also reflect the advance payments received by the previous owner. If there is no such connection but the Secretary of State is nevertheless satisfied, from the surrounding circumstances, where ownership has changed after 15 August 2021, that the current owner could have retained the pharmacy F-code of the previous owner but has changed it wholly or partly in order to avoid liability for re-payment of the advance payments that the previous owner received, the Secretary of State may determine that current owner will be liable for the recovered payments that the current owner would have been liable for, had the current owner retained the pharmacy F-code of the pharmacy. The Secretary of State will determine such cases on referral from the NHSBSA and may ask the current and/or the previous owner to supply evidence and/or make written representations before making his determination.

#### **Claims process for Covid-19 related costs of the four specified categories**

- 8.5 All claims must be submitted to the NHSBSA between 5 July and 15 August 2021 by completing and returning the [claim form](#).
- 8.6 Pharmacies with two or more branches may make a single claim and provide documentation to evidence claims at company level.

**PAYMENT FOR ESSENTIAL SERVICES (PHARMACY CONTRACTORS)**

8.7 There are four categories of costs that can be claimed for. These are set out in table 1.

## PAYMENT FOR ESSENTIAL SERVICES (PHARMACY CONTRACTORS)

---

- 8.8 Each claim must -
- (a) Confirm that it is for Covid-19 related costs in the four categories in table 1, incurred between 1 March 2020 and 31 March 2021 for the delivery of NHS pharmaceutical services.
  - (b) Specify the amount claimed in each category of costs (categories 1 to 3) and the evidence available to support the claim.
  - (c) Confirm that the documentation to evidence the value of the claim will be made available to the NHSBSA on request within 5 working days upon receiving a request from the NHSBSA.
  - (d) Where a claim is made for closures agreed by NHSE&I, confirm that the closure was agreed with NHSE&I, the period of the closure, the number of days the pharmacy was closed and the name of the NHS authority that was notified of the closure. If confirmed by NHSE&I that the closure was notified and is in scope, contractors will be paid their average daily fees in 2019/20 plus their average daily number of dispensed items in 2019/20 multiplied by £0.77 to reflect medicine margin for each day they were closed between 1 March 2020 and 31 March 2021 for a maximum of 14 days.
  - (e) Be submitted by 15 August 2021.
- 8.9 Claims that do not meet the criteria set out in paragraph 8.8 will be rejected.
- 8.10 Claims will be reviewed before or following payment. Where the evidence submitted does not support the claim, the payment will either be reduced before it is made to the contractor or, if payment has taken place, the over-payment will be recovered from the contractor's next monthly payment. If a contractor does not agree with the reduction of their payment or the recovery of the difference between the amount claimed and the amount paid, then they should notify the NHSBSA that they want the amount of the claim that has not been assessed as payable, or any part of that amount, to be the subject of an independent internal review within 30 days from the date or receipt of the letter from the NHSBSA setting out the review process. A contractor should specify in the notification why they disagree with the amount of the claim not payable, including why they believe that the evidence provided supports a higher claim and/or why they believe any rejected costs are in scope of the claims process. A contractor may provide additional evidence to support the independent review. The independent review will only look at the part of the claim that the contractor states is in dispute. The NHSBSA will inform the contractor of the outcome of the independent review and will confirm the additional amount of the claim payable following independent review. If following independent review, a contractor still disagrees with the amount of the claim payable then they can appeal the disputed amount to the Secretary of State under section 9(6) of the NHS Act 2006 within 30 days from the date of receipt of the letter from the NHSBSA informing the contractor of the outcome of the independent review and setting out the appeal process.
- 8.11 Claims reviewed before payment in full will be made will include:
- (a) Claims exceeding one third of annual NHS income in 2020/21 for contractors who opened after March 2019 or an average of 2019/20 and 2020/21 income for contractors who opened before March 2019;
  - (b) Claims where initial review identifies a risk of a potential error that could result in a significant overpayment.

Partial payment to contractors whose claims fall under categories 8.11a and 8.11b will be made to ensure the recovery of Covid-19 advance during the verification of these claims does not unreasonably affect contractor's cashflow.

Contractors will not automatically receive the amount they have claimed. Once the total number of claims is in, HM Treasury will be asked to determine the funding envelope for the claims. If the envelope is the same as the amount claimed, the claims will be paid in full. If some form of capping mechanism proves necessary, then this will be set out in a Drug Tariff determination that will be published in September.

## PAYMENT FOR ESSENTIAL SERVICES (APPLIANCE CONTRACTORS)

### 1. Infrastructure Payments

- 1.1 Appliance contractors who dispense a stated number of prescription items in any month will receive an Infrastructure Payment from 1 April 2010.
- 1.2 Except where paragraph 1.4 applies the level of infrastructure payment will be as follows:
- within the first band, all Appliance Contractors will receive a fixed monthly payment of £150.00; and
  - in the remaining bands, Appliance Contractors will be paid a fee per each Part IXA, Part IXB and Part IXC item dispensed in that month

| Band identifier | Number of Part IX prescription items dispensed in one month | Infrastructure payment |
|-----------------|---|------------------------|
| A               | 1 - 10  | £150.00 fixed          |
| B               | 11 - 1,000  | £13.60 per item        |
| C               | 1,001 - 35,000  | £2.40 per item         |
| D               | 35,000 +  | £2.30 per item         |

- 1.3 Infrastructure payment does not have to be claimed but will be paid automatically each month.
- 1.4 Appliance contractors who have been added to the pharmaceutical list following a successful application which was granted after 1 July 2010 on the basis of the exemptions set out in regulation 13 of the NHS (Pharmaceutical Services) Regulations 2005 will not receive any infrastructure payment if they dispense less than 2,240 items in any month. If they dispense 2,240 items or more, they will receive £2.40 per item for items dispensed between 2,240-35,000 and £2.30 per item for items dispensed above 35,000. Similar applications are not possible under the NHS (Pharmaceutical Services) Regulations 2012.

### 2. Electronic Transmission of Prescriptions Allowances

- 2.1 The Electronic Prescription Service will be deployed in phases with two releases (Release 1 and Release 2) of ETP compliant pharmacy systems. Further details of service implementation and deployment can be found at <http://www.digital.nhs.uk>.
- 2.2 In order to be able to use the Electronic Prescription Service appliance contractors will need to have:
- an ETP compliant dispensing system accredited as such by NHS Digital (either Release 1 or Release 2)
  - appropriate network connectivity to be able to operate the Electronic Prescription Service (details of connectivity arrangements for appliance contractors will be made available by NHS Digital)
  - staff operating the service who are registered users and have been issued with smart cards and PIN numbers under the NHSCB's registration authority arrangements.
- 2.3 The release 1 allowance is paid only once, in relation to pharmaceutical services provided at the same premises irrespective of any subsequent merger or sale; or where there has been a relocation, there is no right to claim a further Release 1 allowance for the new relocated premises
- 2.4 A further allowance of £1,000 will be paid linked to the appliance contractor deploying Release 2 of the Electronic Prescription Service. Payment will be automatically triggered, when an appliance contractor submits a synthetic reimbursement endorsement message to NHS Prescription Services. This synthetic reimbursement endorsement message must be submitted to NHS Prescription Services by a date yet to be determined of which three months notice will be given, in order for the allowance to be paid.

## PAYMENT FOR ESSENTIAL SERVICES (APPLIANCE CONTRACTORS)

- 2.5 The Release 2 allowance is paid only once, in relation to pharmaceutical services provided at the same premises irrespective of any subsequent merger or sale; or where there has been a relocation, there is no right to claim further Release 2 allowance for the new relocated premises.
- 2.6 Subject to the conditions in 2.2, an appliance contractor who operates Release 1 or Release 2 of the service if an appropriate prescription is presented or requested, shall be entitled to an ETP monthly allowance of £200 per calendar month from the NHSCB for each month that he is able to operate the service.
- 2.7 A contractor must submit an ETP Monthly Allowance Claim Form (previously known as form PPAETP1) to the NHSCB by the end of the first month that he is able to operate the service to receive the monthly allowance for that month and subsequent months. If at a later date the appliance contractor becomes unable to operate the Electronic Prescription Service, the contractor must inform the NHSCB in writing immediately so that the NHSCB can determine whether payment of the ETP monthly allowance should be stopped on a permanent basis or suspended for a month (or other period as specified by the NHSCB). When the EPS service is resumed, a completed ETP Monthly Allowance Claim Form will need to be resubmitted.

### 3. **Electronic Transfer of Prescriptions (Wales)**

- 3.1 The Electronic Transfer of Prescription (ETP) service for Wales will be deployed in phases with two separate releases (Release 1, 2D Barcoded Prescriptions and Release 2, Electronic Transmission of Claims) of ETP compliant pharmacy systems. Further details of service implementation and deployment can be found at <http://howis.wales.nhs.uk/wmss>.
- 3.2 In order to be able to use the full Electronic Transfer of Prescription service, Dispensing Appliance Contractors will need to have:
  - an ETP compliant dispensing system, accredited as such by the NHS Wales (firstly Release 1 and then Release 2)
  - appropriate NHS Wales accredited network connectivity (details of which will be made available to Dispensing Appliance Contractors by NHS Wales), to be able to operate the full Electronic Transfer of Prescription service (specifically Release 2)
  - designated staff to operate the service who are registered users and have been notified to NHS Wales authorities.
- 3.3 Any Dispensing Appliance Contractors who have dispensed more than 1200 items in the 12 months preceding 1 April 2010 will be paid an allowance of £2,600 in their June 2010 payment. Payment will automatically be triggered and no claim form needs to be submitted. If an Appliance Contractor dispenses less than 1200 items in the 12 months before 1 April 2010 or they open after 1 April 2010, if they are in a position to operate Release 1 of the Electronic Transfer of Prescription service, they may claim the allowance of £2,600 by submitting an ETP3 Claim Form to the NHS Wales Business Services Centre. Claims must be made by 31 March 2011. After this date no further payments will be made in respect of Release 1.
- 3.4 The Release 1 allowance is paid only once, in relation to pharmaceutical services provided at the same premises irrespective of any subsequent merger or sale; or where there has been relocation, there is no right to claim a further Release 1 allowance for the new relocated Premises.
- 3.5 A further allowance of £1,000 will be paid linked to the Dispensing Appliance Contractor deploying Release 2 of the Electronic Transfer of Prescription service. Payment will be automatically triggered, when a Dispensing Appliance Contractor submits a synthetic reimbursement endorsement message to NHS Wales Prescription Services Unit. This synthetic reimbursement endorsement message must be submitted to NHS Wales Prescription Services Unit by a date yet to be determined of which three months' notice will be given, in order for the allowance to be paid.
- 3.6 The Release 2 allowance is paid only once, in relation to pharmaceutical services provided at the same premises irrespective of any subsequent merger or sale; or where there has been a relocation, there is no right to claim further Release 2 allowance for the new relocated premises.

**PAYMENT FOR ESSENTIAL SERVICES (APPLIANCE CONTRACTORS)**

---

- 3.7 Subject to the conditions in 3.2, a Dispensing Appliance Contractor who operates Release 1 or Release 2 of the service if an appropriate prescription is presented, shall be entitled to an ETP monthly allowance of £200 per calendar month from the LHB for each month that he is able to operate the service.
- 3.8 A Dispensing Appliance Contractor must submit an ETP1 Claim Form to the NHS Wales Business Service Centre by the end of the first month that he is able to operate the service to receive the monthly allowance for that month and subsequent months. If at a later date the Dispensing Appliance Contractor becomes unable to operate the Electronic Transfer of Prescription Service, the contractor must inform the LHB in writing immediately so that the LHB can determine whether payment of the ETP monthly allowance should be stopped on a permanent basis or suspended for a month (or other period as specified by the LHB). When the ETP service is resumed, a completed ETP1 Claim Form will need to be resubmitted.

1. The New Medicine Service (NMS), Stoma Customisation, Appliance Use Review, Community Pharmacy Seasonal Influenza Vaccination Service, NHS Community Pharmacist Consultation Service (CPCS), NHS Community Pharmacy Hypertension Case-Finding Service, Community Pharmacy Smoking Cessation Service, NHS Pharmacy Contraception Service, NHS Pharmacy First Service and Lateral Flow Device (LFD) Tests Supply Service form part of the Advanced Services within the community pharmacy contractual framework. Stoma Customisation and Appliance Use Reviews are applicable to appliance contractors as well as pharmacy contractors. The relevant directions are now set out in the Pharmaceutical Services (Advanced and Enhanced Services)(England) Directions 2013, referred to in this Part as 'the principal Directions'.

**New Medicine Service****Monthly Fee**

2. A monthly payment will be paid for each completed full service intervention. The fee per intervention will be dependent on the number of interventions achieved for the month and whether any target has been achieved based on the monthly prescription volume of the pharmacy. The amount paid per service intervention starts at £20, but will increase with the volume of interventions subject to a target level being achieved and an overall cap of 1% of monthly prescription volume.
3. The payment to be made per service intervention and the number of interventions required per month to reach a target can be found in Table 1 below. Standard and catch-up NMS will count towards the target in line with the service specification. If contractors fail to reach the first target level (10%) then all full service interventions provided will be paid at £20 each.
4. Where a target level is reached, all of the full service interventions provided up to that point are paid at the rate corresponding to the target. For example, where a pharmacy with a monthly prescription volume between 3501 to 4500 delivers 10 service interventions in the month (achieving the 20% target rate) all 10 interventions will be reimbursed at the 20% rate of £26 each.
5. The claim for activity for each month must be made by submitting the appropriate form to the Pricing Authority no later than 5<sup>th</sup> of the following month.

**ADVANCED SERVICES (PHARMACY AND APPLIANCE CONTRACTORS)(ENGLAND)**

---

**Stoma Customisation**

6. In England, from 1 April 2010 a fee of £4.32 is payable for every Part IXC prescription item that can be customised<sup>1</sup>. The fee does not have to be claimed and will be paid automatically to those pharmacy and appliance contractors who in England have informed the NHSBSA of their intention to provide stoma appliance customisation services as an advanced service by the end of the month before they start providing the service.
7. Contractors are however required to meet certain preconditions, set out below in direction 9 of the principal Directions, before the NHSCB is able to enter into arrangements with them to provide the service - and their ongoing entitlement to provide the service is subject to compliance with the conditions that the NHSCB is required to impose on them by virtue of direction 10 of the principal Directions.

<sup>1</sup>Products that qualify for the stoma customisation fee have been annotated in the Drug Tariff.

**Appliance Use Review**

8. In England, from 1 April 2010 a fee is payable to all pharmacy and appliance contractors meeting the requirements for this service for each Appliance Use Review they have carried out. The requirements they have to meet are also set out below in directions 11 to 13 of the principal Directions. As with the stoma customisation, there are both preconditions that the contractor has to meet before the NHSCB is able to enter into arrangements with them (set out in direction 11 of the principal Directions), and ongoing entitlement to provide the service is subject to compliance with the conditions that the NHSCB is required to impose on them (see directions 12 and 13 of the principal Directions)
9. A fee of £28 is payable for an Appliance Use Review conducted at premises or by telephone or video link managed by the pharmacy or appliance contractor. A fee of £54 is payable for a review conducted at the user's home. If, within a 24 hour period, reviews are conducted for several users living at the same location, the appliance or pharmacy contractor may claim £54 for the first review and £28 for each subsequent review.
10. In England, the total number of Appliance Use Reviews that an appliance or pharmacy contractor may claim fees for will be limited to one for every 35 Part IXA (qualifying items), Part IXB and Part IXC prescription items dispensed for the period commencing on 1 April and ending on 31 March in any one year (see direction 13 of the principal Directions).

From 1 January 2024 the fee will increase to £15.00.
17. From 15 May 2023 a fee of £14.00 will also be paid in respect of each referral received and completed by the pharmacy contractor via - 999 services or providers of urgent and emergency care who are authorised by NHS England to provide this (for example, Urgent Treatment or Urgent Care Centres, an Emergency Department or an Accident and Emergency Unit) referral routes into CPCS as part of the Advanced Service. From 1 January 2024 the fee will increase to £15.00.
18. Other referrals via NHS 111, IUC CAS, General Practice, 999 services or providers of urgent and emergency care who are authorised by NHS England to provide this (for example, Urgent Treatment or Urgent Care Centres, an Emergency Department or an Accident and Emergency Unit) and requests by patients for emergency supplies that are not part of the Advanced Service, do not attract this fee.
19. No further fees will be paid for the CPCS where an urgent medicine is supplied, and any items dispensed will not contribute to the deduction scale calculations.
20. Pharmacy contractors will be reimbursed\* the cost of any supplied medicine/appliance following a referral for urgent medicines/appliances supply in accordance with Part II, Clause 8 (Basic Price) of the Drug Tariff. An allowance at the applicable VAT rate will also be paid, where applicable.
21. The fees mentioned in paragraphs 16 and 17 will be payable only to contractors who have registered for the CPCS and who meet the requirements of the service. The registration for the CPCS will be via the NHSBSA Manage Your Service (MYS) portal.
22. The service requirements are set out in directions 7BA and 7BB of the principal Directions and the NHS England service specification. Whether or not a referral has been completed is to be understood by reference to the service specification.

For referrals completed from 1 August 2023, later submissions will be accepted but only if made within three months of the date by which the claim should have been submitted. Later claims will not be paid.
24. The NHSBSA will make appropriate payments claimed by the pharmacy contractor as described above, in the same payment month as other payments for NHS Pharmaceutical Services and the payments will be separately itemised on the FP34 Schedule of Payments.
25. Where urgent medicines/appliances are supplied, and the patient is exempt from payment of NHS prescription charges, the pharmacy contractor must complete an FP10DT EPS dispensing token with the information required in the NHS England service specification and ensure completion of the exemption declaration in line with paragraph 2 of Part XVI of the Drug Tariff. These completed FP10DT EPS dispensing tokens should be sent to the NHSBSA as part of the month-end submission (clearly separated within the batch and marked 'CPCS'), which should be sent not later than the 5<sup>th</sup> day of the month following that in which the urgent supply was made\*.

From 1 December 2023 contractors will not be able to register to deliver the CPCS.
27. From 1 December 2023 all contractors already delivering CPCS and contractors that wish to register must declare that they agree to the terms and scope of the three elements of the Pharmacy First Service (NHS Referrals for Minor Illness, Urgent Medicine Supply and the Clinical Pathway Consultations). This will be paid on 1 February 2024 if declared before 23:59 on 31 December 2023 or paid on 1 March 2024 if declared before 23:59 on 30 January 2024. Contractors that declare that they wish to cease provision of the CPCS will be de-registered 30 days after the declaration. If this occurs less than 30 days before 31 January 2024 the notice period will reflect the number of days remaining before 31 January 2024. Contractors that do not make any declaration will be de-registered from CPCS on 31 January 2024 (and will be notified of this).

Other referrals via NHS 111, IUC CAS, General Practice, 999 services or providers of urgent and emergency care who are authorised by NHS England to provide this (for example, Urgent Treatment or Urgent Care Centres, an Emergency Department or an Accident and Emergency Unit) and requests by patients for emergency supplies that are not part of the Advanced Service, do not attract this fee.
30. No further fees will be paid for an **NHS Minor Illness** referral or an **Urgent Medicine Supply**.
31. Pharmacy contractors will be reimbursed\* the cost of any supplied medicine/appliance following a referral for an **Urgent Medicine Supply** in accordance with Part II, Clause 8 (Basic Price) of the Drug Tariff. An allowance at the applicable VAT rate will also be paid, where applicable.
32. The fee mentioned in paragraph 28 will be payable only to contractors who have registered for the Pharmacy First Service via the NHSBSA Manage Your Service (MYS) portal and who meet the requirements set out in the Service Specification.
33. The service requirements are set out in the principal Directions and the NHS England Service Specification. Whether or not a referral has been completed by the pharmacy contractor, is to be understood by reference to the Service Specification.
34. Claims for payments for **NHS Minor Illness referrals** and **Urgent Medicine Supply** and for reimbursement of costs for items supplied for **Urgent Medicines Supply** referrals should be made monthly via the MYS portal. Any activity delivered on 31 January 2024 should be claimed as part of February 2024 activity according to the claim window set out in Paragraph 35. Contractors must use an IT solution that meets the minimum digital requirements of the service (as specified within the Community Pharmacy Clinical Standards) and that includes an application programming interface (API) to facilitate transfer of data into the MYS portal to support the Pharmacy First Service.
35. Claims for payment should be submitted via the MYS portal provided by the NHSBSA by the 5th day of the month following the month in which the chargeable activity was provided. These completed FP10DT EPS dispensing tokens should be sent to the NHSBSA as part of the month-end submission (clearly separated within the batch and marked 'PF UMS'), which should be sent not later than the 5th day of the month following that in which the urgent supply was made\*.

\*Subject to the contractor having submitted a claim via the MYS portal containing all of the required information, the cost of medicines or appliances supplied under this part of the service will be reimbursed using the basic price specified in Drug Tariff Part II Clause 8 (Basic Price). For clarity, no other elements of the Drug Tariff in relation to reimbursement of medicines or appliances apply to this service, including the payments for consumables and containers.

**ii) Clinical Pathway consultations**

38. From 1 December 2023 pharmacy contractors who sign up to deliver the NHS Pharmacy First Service will qualify for an initial fixed payment of £2,000 as detailed in Paragraph 27. This fee will be recovered from contractors who have not delivered a minimum of 5 Pharmacy First - Clinical Pathway consultations that cross the Gateway point by 23:59 on 31 March 2024 and in accordance with the claim window set out in Paragraph 44. Contractors that sign up after 30 January 2024 will not be eligible for an initial fixed payment.
39. **The Clinical Pathway consultations** element of the NHS Pharmacy First Service will launch on 31 January 2024. A fee of £15.00 will be paid per Clinical Pathway consultation that crosses the Gateway (which is detailed in each Clinical Pathway). The Service Specification, seven Clinical Pathways, Treatment Protocol and associated Patient Group Directions (PGDs) can be found here. All pharmacists must ensure that they have read the final version of all the PGDs and signed to declare they are willing and competent to work to them within their professional code of conduct before conducting any Pharmacy First **Clinical Pathway** consultations.
40. A monthly fixed payment of £1,000 will be paid to pharmacy contractors delivering the NHS Pharmacy First Service who reach the minimum number of consultations required from February 2024. **Table 2** sets out the minimum number of **Clinical Pathway** consultations\* required to secure the associated fixed payment. All consultations delivered must be claimed according to the claim window set out in Paragraph 44. Pharmacy contractors who fail to reach the minimum number of consultations\* in a month will only be paid the service fee of £15.00 per consultation. If the supply of a product is indicated and the contractor must refer a patient to another pharmacy to complete the consultation, the original pharmacy will not be eligible for a consultation fee. Any activity delivered on 31 January 2024 should be claimed as part of February 2024 activity according to the claim window set out in Paragraph 44. This activity will count towards the minimum number of Clinical Pathway consultations required in February 2024 to secure a fixed payment.

**Table 2**

**ADVANCED SERVICES (PHARMACY AND APPLIANCE CONTRACTORS)(ENGLAND)**

\* Consultations must cross the Gateway point detailed in the Clinical Pathway and must not be referred to another pharmacy to be eligible.

41. The medicines that may be supplied as part of the **Clinical Pathway** consultations element of this service are listed and detailed in each PGD or Treatment Protocol. Only those medicines listed in the PGDs or Treatment Protocol will be eligible for payment. The following Parts of the Drug Tariff will apply: Part II Clauses 8, 10 and 13, Part IV and Part V (including where no discount deduction is applicable as set out in Part II). The reimbursement price will be based on the Part VIII generic price of a medicine linked to the Actual Medicinal Product Pack (AMPP)\* code and the quantity submitted by contractors as part of the claiming process for the products supplied under the service. If the AMPP code submitted is associated with a Virtual Medicinal Product (VMP) of a Virtual Medicinal Product Pack (VMPP) listed in Part VIII or is a different pack size, the unit price of the listed pack size in Part VIII will be paid. If the AMPP code submitted is associated with a VMP of two or more VMPPs listed in Part VIII but is different to the pack sizes listed, the unit price of the listed pack size nearest to the quantity supplied will be paid. An allowance at the applicable VAT rate will be paid for products supplied under the Treatment Protocol.

\*Please refer to the Editorial Policy document on the [dm+d](#) website for the definitions of AMPP, VMP and VMPP.

42. From 1 April 2024, an initial cap of 3,000 consultations per month per contractor will be put in place. From 1 October 2024, new caps will be introduced based on the actual delivery of the Pharmacy First Clinical Pathways.

#### **Pharmacy First Clinical Pathway - Caps**

From October 2024 the methodology used to set the quarterly caps for Pharmacy Clinical Pathways delivery will follow these core principles:

- Average monthly delivery will be calculated using 3 months of the most recent data available.
- Total service delivery should not exceed a set figure per quarter which will be used to calculate the different caps according to delivery. This is to ensure spend is evenly distributed throughout the year for the service to ensure fair and consistent access for all contractors. Any underspend, where quarterly caps are not met, will be redistributed and factored into calculations for subsequent quarters.
- Contractors delivering activity below a set threshold will be grouped together with a single quarterly cap termed Band 1. This will not be set at a level that would prevent contractors from qualifying for the monthly fixed payments.
- The remaining contractors will be split into a set number of bands according to delivery. Each band will have a different cap and this will apply to all contractors assigned that band in a given quarter.
- We will review the process regularly to ensure the methodology is robust, supports contractors to deliver the service and provides value for money to the NHS. We will consult on any changes to the methodology prior to implementation.

#### **The Q3 & Q4 2024/25 Cap Methodology**

A Worked Example of the Calculation for Q3 Oct-Dec 2024.

The methodology for Q3 and Q4 of 2024/25 is illustrated in the example below:

**Step 1:** The average monthly delivery for each contractor between June and August will be calculated.

*In October 2024, June-August will be the most recent data available.*

**Step 2:** Where average monthly delivery is calculated to be <15 per month, then the quarterly cap for Band 1 will be set at 120 per contractor.

*This ensures contractors are not prevented from securing the monthly fixed payments (30 per month).*

**Step 3:** The quarterly cap for those delivering an average of  $\geq 15$  per month will be calculated using this formula: Cap available = 3m – cap allocated to Band 1 + redistribution from first half of the year.

*The redistributed activity will be half of 3 million per quarter less actual activity delivered, estimated from the most recent data available. The other half of this will be allocated to 2024/25 Q4 - Jan-Mar.*

## ADVANCED SERVICES (PHARMACY AND APPLIANCE CONTRACTORS)(ENGLAND)

**Step 4:** Where average monthly delivery is calculated to be  $\geq 15$  appts per month, contractors will be split into 10 bands at equal intervals each with a different quarterly cap.

**Step 5:** The activity per contractor per band will be calculated using this formula: Cap for pharmacies in Band  $x = \text{Cap available} * \text{Band proportion of total delivery by pharmacies delivering an average of } \geq 15 \text{ per month from June to August} / \text{number of pharmacies in Band } x$ .  
*Where this formula results in a cap less than 120, contractors will be placed in Band 1 and given a quarterly cap of 120.*

NOTE: This will be designed to prevent a significant jump between Bands 1 and 2. If this methodology results in a difference between Band 1 and Band 2 that exceeds 50 consultations, we will adjust redistributed funding for Band 2 so that the difference does not exceed 50 consultations.

43. Claims for payments for the provision of **Clinical Pathway** consultations and reimbursement of products supplied should be made monthly via the MYS portal. Contractors must use an IT solution that meets the minimum digital requirements of the service (as specified within the Community Pharmacy Clinical Standards) and that includes an application programming interface (API) to facilitate transfer of data into the MYS portal to support the Pharmacy First Service.
44. Contractors will need to submit the claim within the MYS portal, by the 5th day of the month following the month in which the chargeable activity was provided. If the contractor fails to submit by this deadline, later submissions will be accepted, but only if made within three months of the date by which the claim should have been submitted. Later claims will not be paid.
45. If a contractor wishes to cease provision of the NHS Pharmacy First service, they must de-register and provide 30 days' notice of their intention to do so. To de-register, the contractor must do so via the MYS portal. Activity must continue to be provided during the notice period and contractors will continue to be paid in the usual way.
46. Prescription charges will apply to any products supplied against PGDs and the Treatment Protocol unless the patient is exempt, in accordance with the arrangements for prescriptions – set out in Part XVI of the Drug Tariff.
47. Where medicines are supplied in accordance with the Clinical Pathway consultation element of the Pharmacy First Service the pharmacy contractor must ensure completion of an FP10DT EPS dispensing token for all patients, including those who are exempt from payment of NHS prescription charges and those that pay prescription charges, with the information required in the NHS England Service Specification. The pharmacy contractor must also ensure that any declaration that a charge has been paid has been signed, and ensure completion of any exemption declaration in line with Regulation 8 and Regulation 9 of the National Health Service (Charges for Drugs and Appliances) Regulations 2015. These completed FP10DT EPS dispensing tokens should be sent to the NHSBSA as part of the month-end submission (clearly separated within the batch and marked 'PF CP'), which should be sent not later than the 5th day of the month following that in which the supply was made.

51. Contractors who sign up after 1 April 2022 but who deliver the minimum number of ABPM activity thresholds specified for the given financial year will receive £1,000 as a first incentive payment. Furthermore, if a contractor signs up between 1 October 2021 and 31 March 2022 and fails to do 5 ABPM checks, they can earn £1000 by doing 15 ABPM checks between 1 April 2022 and 31 March 2023. No incentive fees will be available after 31 March 2024.
52. The fees will be payable only to contractors meeting the requirements of the service as set out in directions 7BG and 7BH of the principal Directions and the NHSCB service specification including notification of the intention to provide the service to NHSCB by completing an electronic registration through the NHSBSA Manage Your Service (MYS) platform.

Contractors must use MYS to confirm the API data and submit the claim by the 5th of the month following the month in which the chargeable activity was delivered. If the contractor fails to submit by this deadline, later submissions will be accepted, but only if made via MYS within three months of the date by which the claim should have been submitted. Later claims will not be paid. If a contractor cannot confirm the API data in MYS as accurate, they should follow the instructions in MYS and contact their IT system supplier in the first instance.
54. The NHSBSA will make appropriate payments claimed by the pharmacy contractor as described above, in the same payment month as other payments for NHS Pharmaceutical Services and the payments will be separately itemised on the FP34 Schedule of Payments.

The NHSBSA will make the payment to the pharmacy contractor, in the subsequent payment cycle for other payments for NHS Pharmaceutical Services subject to the payment conditions below (see \*).
56. If a contractor wishes to cease provision of this service, they must de-register and provide 30 days' notice. To de-register, the contractor must do so via MYS.
57. Any service activity contractors provide during their notice period will continue to be paid in the usual way.

- If the functionality is available, via an assured pharmacy IT system, contractors must use the Manage Your Service platform provided by NHSBSA; or
  - Contractors must download, complete and return the form provided by the NHSBSA on their website (<https://www.nhsbsa.nhs.uk/pharmacies-gp-practices-and-appliance-contractors/dispensing-contractors-information/nhs-smoking-cessation-service-referral-secondary-care-community-pharmacy>). Contractors should ensure that they complete the relevant sections, including the Declaration mentioned in paragraph 39 and return the completed form to the NHSBSA at [mys@nhsbsa.nhs.uk](mailto:mys@nhsbsa.nhs.uk).
65. Claims for payment should be submitted to the NHSBSA by the 5th of the month following the month in which the chargeable activity was provided. If the contractor fails to submit by this deadline, later submissions will be accepted, but only if made within three months of the date by which the claim should have been submitted. Later claims will not be paid.
66. The NHSBSA will make appropriate payments claimed by the pharmacy contractor as described above, in the same payment month as other payments for NHS Pharmaceutical Services and the payments will be separately itemised on the FP34 Schedule of Payments.

\*If a contractor wishes to de-register or ceases trading within 30 days of registering, they will not be eligible for a set-up fee payment. If a contractor wishes to de-register or cease trading more than 30 days after registering, they will be eligible for a set-up fee payment.

69. A fee of £18 will be paid per consultation.
70. From 1 December 2023 in addition to providing an ongoing supply of existing oral contraception, the service will expand to also include the initiation of oral contraception from a participating contractor. The service requirements for this service are set out in the current version of the NHS Pharmacy Contraception Service Specification.
71. From 1 December 2023 contractors already delivering the ongoing supply of contraception element of the service (Tier 1), must declare that they agree to the terms and scope of the expanded service as set out in the current version of the Service Specification via the MYS portal by 23:59 on 29 February 2024. Contractors that declare via the MYS portal that they wish to cease provision of the expanded service will be de-registered 30 days after the declaration. If this occurs less than 30 days before 1 March 2024 the notice period will reflect the number of days remaining before 1 March 2024. Contractors that do not make any declaration will be de-registered from the service on 1 March 2024 (and will be notified of this).
72. The medicines that may be supplied as part of this service are listed in the Patient Group Directions (PGDs) for Combined Oral Contraceptives (COC) and for Progesterone Only Pills (POP) and only those medicines listed will be eligible for payment.
73. The cost of those medicines, if supplied as part of the service, will be reimbursed using the basic price specified in the Drug Tariff Part II Clause 8 – Basic Price. The total cost of those medicines supplied as part of this service will be subject to the brands deduction rate as set out in Part V. The allowance for containers and consumables will not apply to products supplied as part of this advanced service. No other elements of the Drug Tariff in relation to reimbursement of medicines apply to this service.
74. Claims for payment should be submitted by the 5th of the month following the month in which the chargeable activity was provided. If the contractor fails to submit by this deadline, later submissions will be accepted, but only if made within three months of the date by which the claim should have been submitted. Later claims will not be paid.
75. If a contractor wishes to cease provision of this service, they must de-register and provide 30 days notice of their intention to do so. To de-register, the contractor must do so via MYS.
76. Any service activity contractors provide during their notice period prior to de-registering will continue to be paid in the usual way. If a pharmacy contractor de-registers from the service or ceases trading within 30 days of registration, they will not qualify for the £400 set up fee. In this event, if the £400 fee has already been paid to the contractor, this money will be recovered from the contractor. Any pharmacy contractors that de-register from the service will not be eligible for a further set up fee of £400, if they re-register at a later date and the original £400 set up fee paid to them has not been reclaimed.
77. Contractors must use an IT solution that meets the minimum digital requirements of the service (as specified within the Community Pharmacy Clinical Standard) and that includes an application programming interface (API) to facilitate transfer of data into the MYS portal to support the Pharmacy Contraception Service.

79. The full list of eligibility criteria is determined by NICE and can be found in the NICE guidelines 'Supporting information on risk factors for progression to severe COVID-19' and is duly referenced in the Service Specification. Contractors should make sure they are referring to the latest version of the eligibility criteria.
80. The fees will be payable only to contractors meeting the requirements of the service including notification of the intention to provide the service by completing an electronic registration through the NHSBSA Manage Your Service (MYS) portal. These requirements are set out in directions 7BM and 7BN of the principal Directions and in the service specification.
81. The payment for these tests, where supplied as part of the service, will be £5.69 for 5 LFD tests. An allowance at the applicable VAT rate will also be paid. The Secretary of State determines the payment of the LFD tests to be the average of the list price for one box of 5 LFD tests by the

following three suppliers: AAH Pharmaceuticals Ltd, Alliance Healthcare (Distribution) Ltd and Phoenix Healthcare Distribution Ltd on or before the 8th of the month before.

In circumstances, where contractors are unable to source one box of 5 LFD tests at or below the Drug Tariff payment price listed in this Part, Community Pharmacy England may request a review of the payment price. The review requires contractors to report any issues with the supply, ordering and pricing of the tests to Community Pharmacy England. To support the handling of the review, contractors may be required to submit evidence of any difficulties experienced including issues with pricing or supply. Any claims and supporting evidence will then be referred by Community Pharmacy England to the Department of Health and Social Care for review. Following this process, the Department of Health and Social Care will publish any details of any revised payment price and the month(s) in which it will apply.

82. Claims for payment should be submitted by the 5th of the month following the month in which the chargeable activity was provided. If the contractor fails to submit by this deadline, later submissions will be accepted, but only if made within three months of the date by which the claim should have been submitted. Later claims will not be paid.
83. If a contractor wishes to cease provision of this service, they must de-register and provide 30 days' notice of their intention to do so. To de-register, the contractor must do so by notifying the Commissioner via MYS.

## NATIONAL COMMUNITY PHARMACY AND APPLIANCE CONTRACTOR SERVICES (WALES)

*In circumstances, despite the best endeavours of the pharmacy, where the usual availability banding level and threshold cannot be reached in a particular month, due to absence, the pharmacy will be eligible to declare their usual banded level provided that the declared banding and threshold level has been achieved on 11 out of 13 normal working weeks prior to and/or following the absence.*

13. Contractors will be paid monthly via the NHS Wales Shared Services Partnership on the basis of a monthly submission of their banded availability and consultation numbers. Submissions must be made by the 5<sup>th</sup> of the following month, using the national electronic claim and audit form (NECAF) system.
14. A quarterly fee of £263.90 will be payable to pharmacies to support ongoing clinical governance requirements and professional development of the pharmacist independent prescriber. A submission can be made each quarter using NECAF with records of any activity undertaken kept for health board teams to inspect where required.

Stoma customisation and Appliance Use Reviews are provided by appliance contractors.

### Stoma Customisation

15. In Wales, from 1 April 2010 a fee of £4.32 is payable for every Part IXC prescription item that can be customised<sup>1</sup>. The fee does not have to be claimed and will be paid automatically to those pharmacy and appliance contractors who in Wales have informed their Local Health Board of their intention to provide stoma appliance customisation services as an advanced service by the end of the month before they start providing the service.
16. Contractors are however required to meet certain preconditions, set out below in direction 3 Pharmaceutical Services (Advanced Services) (Appliances) (Wales) Directions 2010, ("the Appliances Directions") before their Local Health Board is able to enter into arrangements with them to provide the service - and their ongoing entitlement to provide the service is subject to compliance with the conditions that Local Health Boards are required to impose on them by virtue of direction 4 of the Appliances Directions.

### Appliance Use Review

17. In Wales, from 1 April 2010 a fee is payable to all pharmacy and appliance contractors meeting the requirements for this service for each Appliance Use Review they have carried out. The requirements they have to meet are also set out below in the Appliances Directions. As with the stoma customisation, there are both preconditions that the contractor has to meet before the Local Health Board is able to enter into arrangements with them (set out in direction 5 of the Appliances Directions), and ongoing entitlement to provide the service is subject to compliance with the conditions that the Local Health Board is required to impose on them (see direction 6 of the Appliances Directions).
18. A Fee of £28 is payable for an Appliance Use Review conducted at premises managed by the pharmacy or appliance contractor. A fee of £54 is payable for a review conducted at the user's home. If, within a 24 hour period, reviews are conducted for several users living at the same location, the appliance or pharmacy contractor may claim £54 for the first review and £28 for each subsequent review.
19. In Wales, the total number of Appliance Use Reviews that an appliance or pharmacy contractor may claim fees for will be limited to one for every 35 Part IXA (qualifying items), Part IXB and Part IXC prescription items dispensed for the period commencing on 1 April and ending on 31 March in any one year (see direction 7 of the Appliances Directions)
20. In Wales contractors will be paid monthly via the NHS Wales Shared Services Partnership on behalf of LHBs on receipt of the appropriate claim form in the relevant month.

### Lateral Flow Test (LFT) Supply Service (for patients potentially eligible for COVID-19 treatments)

21. From 8 January 2024, a fee of £4.00+VAT will be paid for each patient supply of Covid-19 Lateral Flow Tests (a maximum of two boxes per patient per supply) from the pharmacy on confirmation that the patient is part of the eligible cohort.
22. The full list of eligibility criteria is determined by NICE and can be found in the NICE guidelines 'Supporting information on risk factors for progression to severe COVID-19' and is duly referenced in the Service Specification. Contractors should make sure they are referring to the latest version of the eligibility criteria.

23. The fees will be payable only to contractors meeting the requirements of the service including notification of the intention to provide the service by completing the NHS Wales Shared Services Partnership [electronic listing form](#).
24. Claims for payment should be submitted by the 5th of the month following the month in which the chargeable activity was provided. All claims must be made within the financial year to which they apply (1 April to 31 March) with all claims submitted no later than the 5th May following the end of the relevant financial year. Claims made after this date will not normally be paid.
25. If a contractor wishes to cease provision of this service, they must de-register and provide 30 days' notice of their intention to do so. To de-register, the contractor must do so by notifying the commissioner via the NHS Wales Shared Services Partnership.

- (a) the name of the person,
- (b) the date of birth of the person,
- (c) the NHS number of the person, where it is known, and
- (d) the date on which the service has been provided to the person.

(2) The Local Health Board may request from an NHS pharmacist any information which the Local Health Board does not have but needs, and the NHS pharmacist either has or could be reasonably expected to obtain, in order for the Local Health Board to form an opinion on whether the NHS pharmacist is entitled to a payment under these Directions.

(3) The Local Health Board may, in appropriate circumstances, withhold payment of any, or any part of, payments due under these Directions if an NHS pharmacist breaches any of these conditions.

### Overpayments and withheld amounts

11.—(1) If a Local Health Board makes a payment to an NHS pharmacist pursuant to these Directions and—

- (a) the NHS pharmacist was not entitled to receive all or part thereof, whether because it did not meet the entitlement conditions for the payment or because the payment was calculated incorrectly (including where a payment on account overestimates the amount that is to fall due);
- (b) the Local Health Board was entitled to withhold all or part of the payment because of a breach of a condition attached to the payment, but is unable to do so because the money has already been paid; or
- (c) the Local Health Board is entitled to repayment of all or part of the money paid,

regulation 57 of the Pharmaceutical Services Regulations applies and the Local Health Board may recover the money paid by deducting an equivalent amount from any payment payable under these Directions or any other payment payable to an NHS pharmacist in accordance with the Drug Tariff and by virtue of its provision of NHS services, and where no such deduction can be made, it is a condition of the payments made pursuant to these Directions that the NHS pharmacist must pay to the Local Health Board that equivalent amount.

(2) Where a Local Health Board is entitled pursuant to paragraph (1) to withhold all or part of a payment because of a breach of a payment condition, and the Local Health Board does so or recovers the money by deducting an equivalent amount from another payment payable under these Directions or any other payment payable to an NHS pharmacist in accordance with the Drug Tariff and by virtue of its provision of NHS services, it may, where it sees fit to do so, reimburse the NHS pharmacist the amount withheld or recovered, if the breach is remedied.

### Underpayments and late payments

12.—(1) If the full amount of a payment that is payable under these Directions has not been paid before the date on which the payment falls due, once it falls due, it must be paid promptly unless—

- (a) this is with the consent of the NHS pharmacist, or
- (b) the amount of, or entitlement to, the payment, or any part thereof, is in dispute.

(2) If the NHS pharmacist's entitlement to the payment is not in dispute but the amount of the payment is in dispute, then once the payment falls due, pending the resolution of the dispute, the Local Health Board must—

- (a) pay to the NHS pharmacist, promptly, an amount representing the amount that the Local Health Board accepts that the NHS pharmacist is at least entitled to, and
- (b) thereafter pay any shortfall promptly, once the dispute is finally resolved.

(3) However, if an NHS pharmacist has—

- (a) not claimed a payment to which it would be entitled under these Directions if it claimed the payment, or
- (b) claimed a payment to which it is entitled under these Directions but a Local Health Board is unable to calculate the payment until after the payment is due to fall due because it does not have the information it needs in order to calculate that payment (all reasonable efforts to obtain the information having been undertaken),

that payment is (instead) to fall due on the first working day of the month after the month during which the Local Health Board obtains the information it needs in order to calculate the payment.

13. - (a) the amount of, or a reasonable approximation of the amount of, a payment that is due to fall due under these Directions, or
- (b) an agreed percentage of the amount of, or a reasonable approximation of the amount of, a payment that is due to fall due under these Directions, and if that payment results in an overpayment in respect of the payment, direction 11 applies.

**Post payment verification**

14. Post payment verification(1) applies to the provision of services under arrangements made pursuant to these Directions.

**Dispute resolution**

15.—(1) In the case of a dispute (other than in relation to an overpayment, in which case regulation 57(1)(b) of the Pharmaceutical Services Regulations applies) arising out of, or in connection with, the provision of services under these Directions, the NHS pharmacist and the Local Health Board must make every reasonable effort to communicate and cooperate with each other with a view to resolving the dispute, before referring the dispute for consideration and determination to the Welsh Ministers in accordance with the dispute resolution procedure (or, where applicable, before commencing court proceedings) specified in paragraphs (2) to (15) below.

(5) The Welsh Ministers may determine the dispute themselves or, if the Welsh Ministers consider it appropriate, appoint a person or persons to consider and determine it.

(6) Before reaching a decision as to who should determine the dispute, under paragraph (5), the Welsh Ministers must, within 7 days beginning with the date on which a matter under dispute was referred to them, send a written request to the parties to make in writing, within a specified period, any representations which they may wish to make about the matter under dispute.

(7) The Welsh Ministers must give, with the notice given under paragraph (6), to the party other than the one which referred the matter to dispute resolution a copy of any document by which the matter was referred to dispute resolution.

(8) The Welsh Ministers must give a copy of any representation received from a party to the other party and must in each case request (in writing) a party to whom a copy of the representations is given to make within a specified period any written observations which it wishes to make on those representations.

(9) Following receipt of any representations from the parties or, if earlier at the end of the period for making such representations specified in the request sent under paragraph (6) or (8), the Welsh Ministers must, if they decide to appoint an adjudicator to hear the dispute—

Determinations to allow for this on an England/Wales basis are detailed below.

### **Determination of payments for enhanced services**

In accordance with section 164(3)(b) of the National Health Service Act 2006, the NHSCB is appointed as the determining authority for the purposes of making a determination for the fees and allowances for the provision of the enhanced services referred to in direction 14 of the Pharmaceutical Services (Advanced and Enhanced Services)(England) Directions 2013, by pharmacy contractors based in England.

When making a determination of remuneration in respect of an enhanced service, the NHSCB must

- have consulted the body that is, under section 165(1)(a) of the 2006 Act, the body representative of persons to whose the remuneration the determination would relate to, if the service is to be provided on the basis of a service specification that sets standard conditions nationally, OR
- have consulted any Local Pharmaceutical Committee (LPC) (or LPC's) for the area in which the service is to be provided, if the service does not have a national service specification and is only to be provided in the area of the LPC (or LPC's) consulted.
- allow for the making for any deduction that may or must be made from that remuneration by virtue of any provision of, or made under, the 2006 Act

Where the NHSCB makes a determination of the remuneration payable in respect of an enhanced service, it must publish the determination in such manner as it thinks appropriate for bringing it to the attention of persons included in the relevant pharmaceutical lists.

In Wales, in accordance with Regulation 56 of the National Health Service Regulations (Pharmaceutical Services) 2020, each Local Health Board is the determining authority for the purposes of making a determination for the fees and allowances for the provision of the additional services referred to in direction 8 of The Pharmaceutical Services (Clinical Services) (Wales) Directions 2022, by pharmacists included in its pharmaceutical list or in the list of a neighbouring Local Health Board.

1. **Arrangements for payment of Community Pharmacy Contractors providing Community Pharmacy National Additional Clinical Services (Wales only)**
  - 1.1 Pharmacy Contractors in Wales who provide one or more of the Community Pharmacy National Additional Clinical Services shall receive payment in accordance with the schedule of fees and allowances set out below. No other fees or allowances will be payable in respect of the Community Pharmacy National Additional Clinical Services.
  - 1.2 Pharmacy Contractors shall have the agreement of their Local Health Board before providing any Community Pharmacy National Additional Clinical Services.
  - 1.3 Pharmacy Contractors shall ensure that services are provided only by pharmacists that meet the nationally determined training and competence framework for the services provided, where applicable.
  - 1.4 Pharmacy Contractors shall ensure that services are provided in accordance with the nationally determined specifications for each service.
  - 1.5 All claims for payment for provision of services must be made using the Choose Pharmacy Application or where the relevant module is not available at the pharmacy, the National Electronic Claim and Audit Form (NECAF) system.

**ENHANCED SERVICES (PHARMACY CONTRACTORS) (ENGLAND) AND ADDITIONAL  
CLINICAL SERVICES (PHARMACY CONTRACTORS) (WALES)**

For example claims relating to the financial year ending 31 March 2015 must be made by 5 May 2015.

## PHARMACY QUALITY SCHEME (ENGLAND)

### Pharmacy Quality Scheme (PQS) 2023/2024

1. PQS 23/24 gateway criterion
  - 1.1 To qualify for the Pharmacy Quality Scheme (PQS) 2023/24 payment, pharmacy contractors will have to meet all the gateway criterion in Table 1 by the end of 31 December 2023. Pharmacy contractors must claim payment for the PQS 2023/24 quality criteria during the declaration period, which is between 09:00 on 5 February 2024 and 23:59 on 1 March 2024.
  - 1.2 Meeting the gateway criterion will not, in and of itself, earn a PQS payment for the pharmacy contractor, as these payments are also subject to the payment conditions relating to the domains, which are made up of the quality criteria set out in section 2.

**Table 1. Gateway criterion**

| Domain                   | Description of the Gateway criterion   |
|--------------------------|--|
| <b>Gateway Criterion</b> | <p><b>Advanced services - New Medicine Service (NMS)</b></p> <p>Contractors must have delivered a minimum of 15 NMS between 1 April 2023 and by the end of 31 December 2023.</p> <p><i>Further information for contractors who open or change ownership from 1 June 2023 is detailed in 3.1.</i></p> <p>Contractors will not be required to make a declaration for this gateway criterion as this will be verified by a post payment review of the contractor's NMS payment data between 1 April 2023 and by the end of 31 December 2023 held by the NHS Business Services Authority – contractors must ensure all NMS are claimed by the end of 5 January 2024.</p> <p>Contractors should note that they will <b>not</b> be able to claim payment for the quality criteria during the declaration period if the gateway criterion has not been met.</p> |

2. **PQS 2023/24 domains**
  - 2.1 To receive a PQS payment the pharmacy contractor must have met the gateway criterion by the end of 31 December 2023. The contractor must also declare between 09:00 on 5 February 2024 and 23:59 on 1 March 2024 as having met and have evidence demonstrating meeting one or more of the domains in Table 2 (please note, contractors must meet all of the quality criteria in each domain to be eligible for a PQS payment in respect of that domain). The overall level of the PQS payment will depend on how many of the domains the pharmacy contractor declares it meets.
  - 2.2 Please note, the validity period for training for the PQS 2023/24 runs until the end of 31 March 2024 so, for example, if a pharmacist needs to complete the CPPE inhaler technique for health professionals: getting it right training e-learning and Inhaler technique for health professionals e-assessment, this will need to be completed within the four years prior to 31 March 2024 (between 1 April 2020 and the end of 31 March 2024).

| <b>Medicines Safety &amp; Optimisation</b> | <p><b>High Risk Medicines - Anticoagulant Audit</b></p> <p>By the end of 31 March 2024, contractors must have implemented, into their day-to-day practice, the recommendations for community pharmacy from the first anticoagulant audit from the PQS 2021/22 found in the <u>Community pharmacy oral anticoagulant safety audit 2021/22 report<sup>1</sup></u>. The pharmacy must also have completed the revised audit, including notifying the patient's GP where concerns are identified, sharing their anonymised data with NHS England, and incorporating any learnings from the audit into future practice by the end of 31 March 2024. The information that needs to be submitted to NHS England is included in the audit document and must be reported on the MYS data collection tool.</p> |

## PHARMACY QUALITY SCHEME (ENGLAND)

By the end of 31 March 2024, the pharmacy must be able to evidence that they have spoken (a verbal conversation rather than written communication) with all patients, their carer or representatives, for whom they have dispensed an inhaler between 1 June 2023 and the day of the declaration, about the environmental benefits of them returning all unwanted and used inhaler devices to a community pharmacy for safe and environmentally friendly disposal. Discussions can be supplemented with other communication methods such as leaflets, emails and texts.

When making a declaration for this criterion, the following information must be reported on the MYS application:

- the total number of patient-facing pharmacy staff working at the pharmacy on the day of the declaration who have been trained on the reasons why used, unwanted and expired inhalers should be returned to the pharmacy for safe disposal and the adverse effects on the environment when inhalers are disposed of in domestic waste.
- the total number of patient-facing pharmacy staff working at the pharmacy on the day of the declaration who have not been trained on the reasons why used, unwanted and expired inhalers should be returned to the pharmacy for safe disposal and the adverse effects on the environment when inhalers are disposed of in domestic waste but who will undertake this requirement by the end of 31 March 2024.
- the total number of conversations had with patients and/or their carer or representatives on the safe and environmentally friendly disposal of their inhaler between 1 June 2023 and the day of the declaration.

- referred children aged 5 to 15 (inclusive) with asthma to an appropriate healthcare professional where this is not the case.

When making a declaration for this criterion, the following information must be reported on the MYS application:

- the total number of children aged 5 to 15 (inclusive) referred to a prescriber for a spacer device, where appropriate, in line with NICE TA38<sup>4</sup> between 1 June 2023 and the day of the declaration.

The pharmacy contractor must be able to show that pharmacy staff have referred all patients aged five years and above dispensed an inhaler for asthma between 1 June 2023 and the day of the declaration to an appropriate healthcare professional where this is not the case.

Contractors should make a record of the start and end date of the review as they will be required to enter this information into the MYS application when they make their declaration. The review must be completed by the end of 31 March 2024.</p> <p>Using the TARGET Antibiotic Checklist<sup>5</sup>, appropriately trained staff must discuss the antibiotic prescribed with the patient or representative to help ensure safe and effective use. ## PHARMACY QUALITY SCHEME (ENGLAND)

If there is a potential risk of antibiotic related adverse effects (for example, change in allergy status) or concerns about the patient's therapy, the prescriber must be contacted to suggest a review is undertaken and the details of this intervention recorded in the pharmacy PMR. The pharmacy team should support the patient to reduce the risk of adverse effects arising from ongoing antibiotic therapy and optimise outcomes through education and advice as well as adopting principles of shared decision-making.

The data from the checklists must be added to the MYS data collection tool by the end of 31 March 2024. **No patient identifiable data should be entered onto the MYS data collection tool.**

Where no patients are identified for the review, the contractor will still be eligible for payment if they can evidence that they have robustly attempted to identify suitable patients. They will need to declare no patients have been identified as being suitable for review on the data collection tool on MYS by the end of 31 March 2024.

When making a declaration for this criterion, contractors must confirm the following on the MYS application:

- a declaration that by the end of 31 March 2024 the contractor has completed the TARGET Antibiotic Checklist<sup>5</sup> review.
- a declaration that the contractor has notified the patient's prescriber where concerns are identified.
- a declaration that by the end of 31 March 2024, the contractor will have shared their anonymised Antibiotic Checklist review data or have declared that no patients have been identified as being suitable for review via the data collection tool on the NHSBSA MYS application.

### **TARGET Treating Your Infection Leaflets**

***To be completed between 1 September 2023 and end of 31 March 2024***

Pharmacy staff must have reviewed their practice to include two TARGET leaflets; Treating your infection – Urinary Tract Infection (UTI)<sup>7</sup> and Treating your infection – Upper Respiratory Tract Infection (RTI)<sup>8</sup>, to help them assess patients presenting to the pharmacy with suspected UTI or upper RTI without a prescription, provide tailored advice to patients and promote awareness of antimicrobial resistance and antimicrobial stewardship.

Contractors should review the recommendations of the 2022/23 TARGET Treating Your Infection leaflet data collection report, which will be published by 1 September 2023 by NHS England prior to completing the 2023/24 review.

This review must be carried out over four weeks with a minimum of 15 patients for each leaflet, or up to eight weeks if the minimum number of patients is not achieved within four weeks.

Contractors must collect data when using the leaflets and this anonymised data must be shared with NHS England by the end of 31 March 2024. The information that needs to be submitted is included in the NHS England PQS 2023/24 Guidance and must be reported on the data collection tool on MYS, that will be available from 1 September 2023. **No patient identifiable data should be entered onto MYS.**

Where no patients are identified for the review, the contractor will still be eligible for payment if they can evidence that they have robustly attempted to identify suitable patients. They will need to declare no patients have been identified as being suitable for review on the data collection tool on MYS by the end of 31 March 2024.

Contractors must make a record of the start and end date of the review, as they will be required to enter this information into the MYS data collection tool when they make their PQS declaration.

Contractors must have incorporated the TARGET leaflets into their day-to-day practice, evidenced by changes to local standard operating procedures, in order to help educate patients, improve patient knowledge and ability to self-care, and reduce any unnecessary demand on prescribers from patients requesting antibiotics for upper RTI and UTI.

When making a declaration for this criterion, contractors must confirm the following on the MYS application:

- a declaration that by the end of 31 March 2024 the contractor will have completed the TARGET treating your infection leaflets review.
- a declaration that where concerns are identified when completing the review, that the patient's GP practice will be promptly notified.
- a declaration that by the end of 31 March 2024 the contractor will have shared their anonymised TARGET treating your infections review data or have declared that no patients have been identified as being suitable for review via the data collection tool on MYS.

### **Training**

By the end of 31 March 2024, all non-registered pharmacy staff working at the pharmacy on the day of the declaration must have satisfactorily completed, within the last three years (between 1 April 2021 and 31 March 2024), the Infection prevention and control Level 1 e-learning and assessment<sup>9</sup> on the elfh website.

By the end of 31 March 2024 all registered pharmacy professionals working at the pharmacy on the day of the declaration must have satisfactorily completed, within the last three years (between 1 April 2021 and 31 March 2024), the Infection Prevention and Control Level 2 e-learning and assessment<sup>10</sup> on the elfh website.

By the end of 31 March 2024 all patient-facing pharmacy staff that provide advice on medicines or healthcare working at the pharmacy on the day of the declaration must have satisfactorily completed, within the last three years (between 1 April 2021 and 31 March 2024), the Antimicrobial Stewardship for Community Pharmacy e-learning and e-assessment<sup>11</sup>.

## PHARMACY QUALITY SCHEME (ENGLAND)

### **Action plan**

By the end of 31 March 2024, contractors must have available, at premises level, an AMS Action Plan for the pharmacy, available for inspection, which details how they will promote AMS. The Action Plan must include details of how all pharmacy staff involved in the provision of self-care advice will incorporate the principles of AMS into self-care advice, including reinforcing the messages around appropriate use of antibiotics, and the uptake of vaccinations, including the flu vaccine. There must be documented evidence, at the pharmacy, that the actions within the plan have been implemented by the day of the declaration.

For contractors who claimed for the Prevention domain in the PQS 2022/23, an update to the previous action plan will be required. Pharmacy teams must have reviewed and updated their existing AMS action plan and have implemented changes to further promote AMS in their day-to-day practice.

When making a declaration for this criterion, contractors must confirm the following on the MYS application:

- a declaration that by the end of 31 March 2024, the contractor will have, at premises level, a new or updated AMS action plan on how they would promote AMS in their day-to-day practice.

### **Safe disposal**

By the end of 31 March 2024, all patient-facing pharmacy staff working at the pharmacy on the day of the declaration must have been trained on the reasons why unwanted and expired antibiotics should be returned to the pharmacy for safe disposal and the adverse effects on the environment and antimicrobial resistance when antibiotics are disposed of in domestic waste.

The pharmacy must be able to evidence they have spoken (a verbal conversation rather than written communication) with all patients, their carer or representative, for whom they have dispensed antibiotics between 1 June 2023 and the day of the declaration, about the benefits of them returning all unwanted antibiotics to a community pharmacy for safe and environmentally friendly disposal.

When making a declaration for this criterion, contractors must confirm the following on the MYS application:

- the total number of patient-facing pharmacy staff working at the pharmacy on the day of the declaration who have been trained on the reasons why unwanted and expired antibiotics should be returned to the pharmacy for safe disposal.
- the total number of patient-facing pharmacy staff working at the pharmacy on the day of the declaration who have not been trained on the reasons why unwanted and expired antibiotics should be returned to the pharmacy for safe disposal but who will undertake this requirement by the end of 31 March 2024.
- the total number of conversations had with patients and/or their carers or representatives on the reasons why unwanted and expired antibiotics should be returned to the pharmacy for safe disposal between 1 June 2023 and the day of the declaration.

**PHARMACY QUALITY SCHEME (ENGLAND)**

---

- 2.3 The following applies to all training that is associated with PQS 2023/24. Many of the criteria in this scheme include training and related assessments being undertaken by pharmacy team members. The following terms are used in the requirements to define different types of staff:
- **Registered pharmacy professionals** are pharmacists and pharmacy technicians.
  - **Patient-facing pharmacy staff** include all registered pharmacy professionals, trainee pharmacists, trainee pharmacy technicians, dispensary staff, medicine counter assistants and delivery drivers. Contractors may also have other staff that can be identified as having patient-facing roles.
  - **Non-registered pharmacy staff** include all trainee pharmacists, trainee pharmacy technicians, dispensary staff, medicine counter assistants and delivery drivers.
  - **Patient-facing staff that provide advice on medicines or healthcare** include all registered pharmacy professionals, trainee pharmacists, trainee pharmacy technicians, dispensary staff and medicine counter assistants.
  - **Non-registered patient-facing pharmacy staff who provide health advice** includes trainee pharmacists, trainee pharmacy technicians, dispensary staff and medicine counter assistants.
- 2.4 An electronic certificate of completion of the training will be provided following the completion of each of the e-assessments. Contractors must keep a copy of the certificate for each member of staff as evidence that the training and e-assessment has been completed.
- 2.5 If staff members have previously completed any of the training and, where applicable, successfully passed the e-assessments which are within the validity period as explained in 2.2, they are not required to complete this training again.
- 2.6 All training and e-assessments must have been successfully completed by the end of 31 March 2024. However, in relation to training requirements where new staff who have recently joined the pharmacy or staff returning from long term leave, for example maternity leave, have not undertaken the training and assessment by the end of 31 March 2024 the pharmacy contractor can count them as having completed the training and assessment, if the pharmacy contractor has a training plan in place to ensure that these staff complete the training and assessment within 30 days of the day of the declaration or by the end of 31 March 2024, whichever is the later. This training plan and demonstrable evidence of completion of training and assessment must be retained at the pharmacy to demonstrate that the pharmacy contractor has met this quality criterion.
- 2.7 By the end of 31 March 2024, the contractor must have for each staff member, excluding those staff for whom there is a training plan in place as described above, at premises level, an electronic copy of the personalised certificate (stored and accessible digitally) provided upon completion of the training and assessment (where applicable), as evidence that all relevant members of staff have completed the training.
3. Payment for PQS 2023/24
- 3.1 Pharmacy contractors must claim payment for the PQS 2023/24 quality domains during the declaration period which is between 09:00 on 5 February 2024 and 23:59 on 1 March 2024. Contractors must have evidence to demonstrate meeting the gateway criterion\* and the domains that they have claimed for by the end of 31 March 2024.
- \* Contractors, who opened from 1 June 2023 or had a change of ownership resulting in a new ODS code, must deliver 2 NMS multiplied by the number of months they are open, by the end of 31 December 2023, to qualify for payment for PQS 2023/24.
- For example, a contractor that opens on 30 September 2023 will need to deliver 8 NMS by the end of 31 December 2023.
- 3.2 Pharmacy contractors will need to make a declaration to the NHSBSA using the MYS application. PQS Guidance will be available on the NHS England website.
- 3.3 The respiratory domain has a designated maximum number of points dependent on the participating contractor's total prescription volume in 2022/23\*\*/\*\*/\*\*\*\* according to the NHSBSA's payment data as shown in Table 3.
-

## PHARMACY QUALITY SCHEME (ENGLAND)

\* Contractors, who opened part way through 2022/23, will have their total prescription volume determined as the average number of prescriptions dispensed per month during the full months they were open in 2022/23 multiplied by 12. Please note that change in ownership for the purpose of the PQS banding only is not treated as a new contractor.

\*\* Contractors, who opened after 1 April 2023, will be placed in band 2 for PQS 2023/24. Please note that change in ownership for the purpose of the PQS banding only is not treated as a new contractor.

\*\*\* Contractors, who are eligible for the Pharmacy Access Scheme (PhAS), are automatically placed in band 4 if according to their prescription volume they would have been in band 1 to 3. Note that PhAS pharmacies which are in band 5 and 6 according to their prescription volume will be paid according to these bands.

\*\*\*\* Where two pharmacies have consolidated, in accordance with Regulation 26A, 161 since 1 April 2022, the total prescription volume of the continuing pharmacy will be determined as the item volume for the continuing pharmacy only. The item volume for the closing pharmacy will not be attributed to the continuing pharmacy. This is not the same as a change in ownership situation.

- 3.4 The total funding for PQS 2023/24 is £45 million. The funding will be divided between qualifying pharmacies based on the number of points they have achieved up to a maximum £137.50 per point. Each point will have a minimum value of £68.75, based on all contractors achieving maximum points. Payments will be made to eligible contractors depending on the band they are placed in, how many domains they have declared they are meeting, and hence points claimed.
- 3.5 For example:

Assuming the number of contractors in each band and the average number of points achieved by each contractor is as set out in Table 4, we can calculate how many points in total were delivered and therefore the value of each point:

| Band 3 | 1,498                 | 33                            |
| Band 4 | 5,877                 | 35                            |
| Band 5 | 916                   | 37                            |
| Band 6 | 185                   | 40                            |

The total number of points is 305,891 which means £45 million would deliver a value per point of £147.11.

However, each point is capped at a total of £137.50. So, the contractor would receive £137.50 per point they earned. This would mean that around £3.0 million (out of the £45 million) would remain undelivered through the PQS and would be taken into account in the delivery of the overall Community Pharmacy Contractual Framework funding agreement.

## PHARMACY QUALITY SCHEME (ENGLAND)

### 4. Aspiration payment

- 4.1 Contractors will be able to claim an aspiration payment. The aspiration payment is optional for pharmacy contractors and not claiming it will not impact on the pharmacy contractor's ability to claim payment for PQS 2023/24.
- 4.2 Pharmacy contractors will need to make a declaration to the NHSBSA using MYS and indicate which domains they intend to achieve before the end of the declaration period. MYS is available at <https://www.nhsbsa.nhs.uk/pharmacies-gp-practices-and-appliance-contractors/dispensing-contractors-information/manage-your-service-mys>. The aspiration payment must be claimed between 09:00 on 4 September 2023 to 23:59 on 29 September 2023.
- 4.3 The maximum number of points for which a pharmacy contractor can be paid an aspiration payment is 70% of the number of points within the band in which they are placed. The value of each point for the aspiration payment is set at £68.75 (i.e. the minimum value of a point for PQS 2023/24).
- 4.4 The aspiration payment will be reconciled with the payment for the PQS 2023/24 on 2 April 2024. Where there is a change of ownership during the course of 2023/24 and the previous contractor received an aspiration payment and does not make a declaration between 09:00 on 5 February 2024 and 23:59 on 1 March 2024, this aspiration payment will be recovered from the previous contractor. A new contractor cannot rely upon the PQS activities conducted by a previous contractor for PQS payment where a change of ownership has occurred resulting in a new ODS code being issued for the contractor.
- 4.5 For example:

#### Example 1

|   |                  |
|---|------------------|
| Annual items in 2022/23   | 100,000          |
| PQS band for 2023/24  | Band 4           |
| Maximum 'aspiration points' which can be paid   | 42               |
| Points intended to deliver, as per Aspiration payment declaration   | 60               |
| Aspiration payment (paid at £68.75 per aspiration point)  | £2,887.50        |
| Points actually delivered, as per 2023/2024 declaration (made between 09:00 on 5 February 2024 and 23:59 on 1 March 2024) | 60               |
| Reconciliation payment (2 April 2024)(based on final value of £80.00 per point)   | £1,912.50        |
| <b>Total 2023/24 PQS payment</b>  | <b>£4,800.00</b> |

The pharmacy's 2022/23 prescription volumes would put them in Band 4 for 2023/24 PQS. They intend to achieve 60 points in 2023/24 (i.e. the maximum available for Band 4). They receive an aspiration payment of £2,887.50 (i.e. 70% of 60 points is 42, and 42 multiplied by £68.75 is £2,887.50). The pharmacy achieves the 60 points as intended. In addition, the points delivered by all contractors mean the value of a point is set at £80.00. In the reconciliation payment the pharmacy contractor receives £1,912.50.

#### Example 2

|   |                  |
|---|------------------|
| Annual items in 2022/23   | 25,000           |
| PQS band for 2023/24  | Band 2           |
| Maximum 'aspiration points' which can be paid   | 36.17            |
| Points intended to deliver, as per Aspiration payment declaration   | 35               |
| Aspiration payment (paid at £68.75 per aspiration point)  | £2,406.25        |
| Points actually delivered, as per 2023/2024 declaration (made between 09:00 on 5 February 2024 and 23:59 on 1 March 2024) | 25               |
| Reconciliation payment (2 April 2024)(based on final value of £72.50 per point)   | -£593.75         |
| <b>Total 2023/24 PQS payment</b>  | <b>£1,812.50</b> |

The pharmacy's 2022/23 prescription volumes would put them in Band 2 for 2023/24 PQS. They intend to achieve 35 points in 2023/24. They receive an aspiration payment of £2,406.25 (i.e. 35 points is below the maximum aspiration points, and 35 multiplied by £68.75 is £2,406.25). The pharmacy achieves 25 points and the points delivered by all contractors mean the value of a point is set at £72.50. In the reconciliation payment the pharmacy contractor is deducted £593.75.

**COLLABORATIVE WORKING SCHEME (WALES)**

---

**Integrating Community Pharmacy in Primary Care Clusters (Wales)****Purpose**

1. The intention of the collaborative working scheme is to encourage community pharmacy contractors in Wales to engage with primary care clusters, and develop and improve collaborative working relationships with healthcare professionals within the cluster and wider multi-disciplinary teams.
2. Funding is being provided to support this through:
  - 2.1 The appointment of a Community Pharmacy Collaborative Lead (the pharmacy lead), in each primary care cluster ("the Pharmacy Lead Element"); and
  - 2.2 Through back filling of pharmacist and where appropriate pharmacy technician time to engage with the pharmacy lead and/or be involved in collaborative working with local healthcare professionals ("the Pharmacy Element").

**The Pharmacy Lead Element**

3. A pharmacy lead shall be appointed within each cluster, by pharmacies within the cluster. The relevant local health board will ratify appointments.
4. The pharmacy lead must be a pharmacist or pharmacy technician working regularly (i.e. two or more days each week for the period during which they are the pharmacy lead) in a pharmacy or pharmacies within the cluster and with knowledge of the local area and people working within it.
5. Up to four payments each of £554.19 (£2216.76 in total) will be payable in respect of the Pharmacy Lead role. Payments will be made to the pharmacy contractor in which the pharmacy lead usually works subject to 6 and 7.
6. In order to qualify for payment, the pharmacy lead must:
  - 6.1 meet, physically or virtually, at least quarterly with the representatives of all pharmacies within the relevant cluster;
  - 6.2 meet regularly with other professional leads within the relevant cluster;
  - 6.3 meet regularly with the nominated representatives of the local health board;
  - 6.4 attend meetings of the relevant cluster; and
  - 6.5 provide feedback on cluster plans, meetings and priorities to all pharmacies in the relevant cluster.
7. The pharmacy lead must maintain evidence of meeting the responsibilities outlined in 6.1 to 6.5 for inspection by the relevant local health board. This may be in an electronic format and must include: the dates and times of meetings; the names and affiliations of the attendees; a summary of the main points of discussion; any actions agreed; and the current status of those actions.
8. The relevant health board shall confirm the cluster lead to the NHS Wales Shared Services Partnership by the 5th of the first month of each quarter (April, July, October and January respectively).
9. Payment will be made at the end of each quarter (June, September, December and March respectively).

**Interim arrangements for pharmacy lead eligibility**

10. For clusters that have been vacant for more than 2 months, a pharmacist or pharmacy technician who is employed by at least one of the pharmacies within the cluster can be put forward, irrespective of whether they meet the criteria for working within the cluster. The nominee must have some knowledge of the cluster and the pharmacy services provided within it. This interim arrangement, therefore, may be suitable for relief staff, GPhC registered operational staff (e.g. area managers) or registrants currently working regularly in another cluster.
11. Should an eligible individual be identified during this interim arrangement, the necessary steps should be taken to enable the individual to assume the pharmacy lead role as soon as possible. The interim arrangements would then come to an end. During the period of the interim

**COLLABORATIVE WORKING SCHEME (WALES)**

---

arrangements, the relevant health board must contact pharmacies in the cluster at least once every 6 months to identify eligible individuals who would be willing to act as the pharmacy lead.

**Difficult to fill clusters**

12. Within vacant clusters (e.g. where a vacancy has remained unfilled for 10-12 weeks) the relevant health board (with support from Community Pharmacy Wales) must hold at least one collaborative meeting per annum - which would qualify for a single attendance payment under the collaborative working scheme. The agenda of these meetings must include, as a minimum, the promotion of the pharmacy lead vacancy, an explanation of the role and the support available, and an update on the work of the cluster.

**The Pharmacy Element**

13. Up to three payments each of £277.10 (£831.30 in total) and an additional payment of £277.10 will be payable to all contractors on the pharmaceutical list at 1 April 2021, who undertake collaborative working as set out in 15 subject to the conditions set in 16.1 to 16.3.
14. Contractors included in the pharmaceutical list after 1 April 2023 will not be eligible to claim full payment other than where a contractor is included as a result of a change of ownership, in which case the contractor will be entitled to payments less any made to the previous contractor.
15. A payment of £277.10 may be claimed for attending, physically or virtually, meetings arranged for all pharmacies by the pharmacy lead in the relevant cluster. Claims can be made for up to three meetings (£831.30 in total), an additional payment of £277.10 will be made available for attendance in three or more meetings.
16. In order to claim payment a pharmacy contractor must ensure:
  - 16.1 In the case of 13 attendance should be by either a pharmacist or pharmacy technician who works regularly at the pharmacy (i.e. on two or more days each week for a period of at least eight consecutive weeks which begins before and ends after the date the work is undertaken);
  - 16.2 A detailed report of each collaborative meeting is maintained at the pharmacy for inspection by the relevant local health board. This may be in an electronic format and must include: the date and time of the meeting; the names and affiliations of the attendees; a summary of the main points of discussion; any actions agreed; and the current status of those actions; and
  - 16.3 A summary report is made to generate each claim using the national electronic claim and audit form (NECAF) system.

**QUALITY AND SAFETY SCHEME (WALES)**

---

Detail of the 2024-25 scheme to be confirmed.

**Service continuity**

1. The pharmacy shall complete a declaration in the National Electronic Claim and Audit Form (NECAF) system by the 5<sup>th</sup> day of the month, indicating the total number of days the pharmacy was open (including part days) and the number of days on which the following services were available from the pharmacy in the previous month.
  - Common Ailment Service
  - Seasonal Influenza Vaccination Service
  - Contraception Services (emergency, bridging and QuickStart contraception)
2. Availability of the service.
  - 2.1 For the purposes of the Common Ailment Service, 'available' means the service could be accessed for the entire contracted opening hours of the pharmacy on no fewer than 80% of the days on which the pharmacy is open (including part days).
  - 2.2 For the purposes of the Seasonal Influenza Vaccination Service, 'available' means the service could be accessed on at least one day in each month and on no fewer than 40 days in total between 1 September 2024 and 31 December 2024.
  - 2.3 For the purposes of Contraception Services, 'available' means the service could be accessed for the entire contracted opening hours of the pharmacy on no fewer than 80% of the days on which the pharmacy is open (including part days).
3. The pharmacy shall be eligible for a payment where it meets the criteria in 2.1, 2.2 and 2.3 and this is confirmed by way of the declaration made under 1. A declaration in relation to availability of the Common Ailment Service and Contraception Services shall be made by the pharmacy every month and in relation to availability of the Seasonal Influenza Vaccination Service, the months from September to December (inclusive). In respect to the Seasonal Influenza Vaccination Service, in circumstances where despite the best endeavours of the pharmacy, the relevant health board has not by 1 September, made arrangements with the pharmacy, or where having placed an order for a vaccine, that order has not yet been delivered to the pharmacy, the pharmacy will be eligible to declare availability on days provided a fully accredited vaccinator is available in the pharmacy.
4. Where the pharmacy meets the criteria in 2.1 a payment of £277.10 will be available each month for the period of April 2024 to September 2024 (inclusive) and a payment of £166.26 will be available each month for the period of October 2024 to March 2025 (inclusive).
5. Where the pharmacy meets the criteria in 2.2 a payment of £332.51 will be available each month for the period September 2024 to December 2024 (inclusive).
6. Where the pharmacy meets the criteria in 2.3 a payment of £277.10 will be available each month for the period of April 2024 to September 2024 (inclusive) and a payment of £166.26 will be available each month for the period of October 2024 to March 2025 (inclusive).

## SUPPORT FOR WORKFORCE DEVELOPMENT (WALES)

### Workforce Development Scheme

#### Purpose

1. Funding will be available in 2022-23, 2023-24 and 2024-25 to encourage community pharmacy contractors in Wales to realise the benefits of skill mix in community pharmacy.
2. Funding will be made available to support:
  - 2.1 Recruitment of pre-registration pharmacy technicians and/or pharmacy technicians; and
  - 2.2 Training of pre-registration pharmacy technicians and/or pharmacy technicians.
3. Subject to 4 to 6, payments will be paid to pharmacies where they declare one or more of the conditions in the table below are met:

| Band | Condition   |
|------|---|
| 1    | The pharmacy employs one or more members of staff undertaking training to become a pharmacy technician  |
| 2    | The pharmacy employs one or more members of staff included in the register of pharmacy technicians maintained by the General Pharmaceutical Council   |
| 3    | The pharmacy employs one or more members of staff included in the register of pharmacy technicians maintained by the General Pharmaceutical Council and who is undertaking training as an Accredited Checking Pharmacy Technician |
| 4    | The pharmacy employs one or more members of staff included in the register of pharmacy technicians maintained by the General Pharmaceutical Council and who has completed training as an Accredited Checking Pharmacy Technician  |

4. The pharmacy shall complete a declaration using the National Electronic Claim and Audit Form (NECAF) system by the 5<sup>th</sup> day of the month, indicating which of the conditions 3.1 to 3.4 was met and the total number of contracted hours the pharmacy technician(s) or pre-registered pharmacy technician(s) were employed in the previous month.
5. Up to two payments are available per pharmacy each month against up to two levels as set out in the table below. Where the pharmacy is eligible for more than one of the conditions listed in 3.1 to 3.4 the pharmacy may determine which level they declare for payment.

| Band | Payment   |
|------|-----------|
| 1    | £2,174.16 |
| 2    | £4,348.32 |
| 3    | £5,435.40 |
| 4    | £6,522.36 |

6. The payment(s) will be paid monthly, calculated as  $1/12^{\text{th}}$  of the payment, based on the band declared made by the pharmacy in the relevant month.
7. A pro-rata payment will be made where the total number of hours of pharmacy technician(s) or pre-registration pharmacy technician(s) declared is less than 37.5 hours per week. For example where a pharmacy declares they employed a pharmacy technician for 30 hours (i.e. at band 2), the pharmacy would be entitled to  $30/37.5 \times 1/12 \times £4,348.32$ .

**BASIC PRICES OF DRUGS****BASIC PRICE OF DRUGS  
COVERED BY PART II CLAUSE 8A**

The price listed in respect of a drug specified in the following list is the basic price (see Part II, Clause 8) on which payment will be calculated pursuant to Part I Clause 5B 1 for the dispensing of that drug

1. All drugs listed in this Part have a pack size and price which has been determined by the Secretary of State for Health as respects England and the Welsh Ministers as respects Wales.
2. Categories A, C and M of the drugs (appearing in Col.4) are as under:
  - 2.1 Category A - Drugs which are readily available as licensed generic medicines. Broken Bulk may be claimed for those products whose smallest pack size has a price greater than or equal to £50, if necessary.
  - 2.2 From 1 April 2024, the way that Category A reimbursement prices are set, will transition over six quarters, following a variable weighting between 'old arrangements' and 'new arrangements' as outlined in Table 1. Under the 'new arrangements', the reimbursement prices will be set using information from suppliers obtained under the Health Service Products (Provision and Disclosure of Information) Regulations 2018. All available pack sizes of licensed generic medicines will be considered. Under the 'old arrangements' the reimbursement prices will be set as the weighted average of the list prices of the following suppliers: A A H Pharmaceuticals Ltd, Alliance Healthcare (Distribution) Ltd, Teva UK Ltd and Accord-UK Ltd on or before the 8<sup>th</sup> of the month, two months before the first month of the quarter being reimbursed as set out in Table 2. In the weighted formula, A A H Pharmaceuticals Ltd and Alliance Healthcare (Distribution) Ltd prices have a weighting of 2, the prices from the other suppliers have a weighting of one.

Table 1

| Quarter                 | New arrangements | Old arrangements |
|-------------------------|------------------|------------------|
| April - June 2024       | 15%              | 85%              |
| July - September 2024   | 30%              | 70%              |
| October - December 2024 | 50%              | 50%              |
| January - March 2025    | 70%              | 30%              |
| April - June 2025       | 85%              | 15%              |
| July 2025               | 100%             | n/a              |

Table 2

| Time period                  | Cut-off date  |
|------------------------------|---|
| April 2024- June 2024        | List prices from on or before 8 <sup>th</sup> February 2024 |
| July 2024 - September 2024   | List prices from on or before 8 <sup>th</sup> May 2024      |
| October 2024 - December 2024 | List prices from on or before 8 <sup>th</sup> August 2024   |
| January 2025 - March 2025    | List prices from on or before 8 <sup>th</sup> November 2024 |
| April 2025 - June 2025       | List prices from on or before 8 <sup>th</sup> February 2025 |
| July 2025 onwards            | End of transition   |

Note that during this transition period there will be some products in Category A which have a different price-setting mechanism applied compared to that set out above and these products can be viewed online on the NHS Business Services Authority website. Any product that no longer meets the qualifying criteria to remain in Category A will be moved out over the coming months. Whilst in Category A, reimbursement prices for these products will be based on the suppliers' list prices (as above) on or before the 8<sup>th</sup> of the month being reimbursed. For products that are moved from Category M (or in exceptional circumstances from Category C) to Category A, their prices will be based only on information from suppliers obtained under the Health Service Products (Provision and Disclosure of Information) Regulations 2018.

## BASIC PRICES OF DRUGS

- 2.3 Category C - Drugs which are not readily available as a generic, where the price is based on a particular proprietary product, manufacturer or as the case may be supplier. Endorsement of pack size is required if more than one pack is listed. Broken Bulk may be claimed, if necessary. Where the price of the product is based upon a non-proprietary product the price listed in this Part of the Drug Tariff is indicative of the price determined and in this case the Secretary of State determines the price to be the price listed by the manufacturer or as the case may be supplier on or before the 8<sup>th</sup> of the month being reimbursed.
- 2.4 Category M - Drugs which are readily available as licensed generic medicines. Broken Bulk may be claimed for those products whose smallest pack size has a price greater than or equal to £50, if necessary. The Secretary of State determines the price based on information obtained under the Health Service Products (Provision and Disclosure of Information) Regulations 2018. The following pack sizes are considered when calculating Category M prices:
- for tablets and capsules, all prescription only medicine pack sizes up to and including 120 unit doses;
  - for liquids and some creams (including special containers) up to and including 500ml/500g.

Where a pack size for a product listed in this Part exceeds the quantities stated above, the listed pack size is the only pack size considered when calculating the price.

### 3. Recommended International Non-proprietary Names

With effect from 1 December 2003 drugs will be listed in this Part by their recommended International Non-proprietary Name (rINN), with the exception of Adrenaline and Noradrenaline (which will be listed by their BAN). Where such products are ordered by the former BAN, reimbursement will be made whether the manufacturer of those products is using the former BAN or the rINN to name them. Where prices are calculated for Category A products such prices will be included in the calculation whether they are listed by suppliers as a former BAN or as a rINN.

### 4. NHS dictionary of medicines and devices (NHS dm+d)

The drugs listed in this Part will reflect the naming convention used in the NHS dictionary of medicines and devices. Where such products are ordered by another naming convention, reimbursement will be made using the Part VIII dm+d naming convention. Where prices are calculated for Category A products such prices will be included in the calculation whether they are listed by suppliers using the NHS dm+d naming convention or as other naming conventions. Products are displayed as Name, strength, modification (when present), presentation and 'freeness' (when present e.g. sugar free, gluten free).

eg Aciclovir 400mg/5ml oral suspension sugar free.

A salt will only be displayed if more than one clinically significant salt exists in that presentation.  
eg Calcium carbonate and Calcium gluconate.

Please note that the NHS dm+d uses the European Directorate for the Quality of Medicines & Healthcare (EDQM) List of Standard Terms e.g. gastro-resistant is used to describe enteric coated.

## 6. Methylated Spirit

Industrial Methylated Spirit should be supplied or used and payment will be calculated accordingly, where:

- 6.1 "Methylated Spirit", "Spirit", "Spt. Vini. Meth.", "SVM", "IMS", is ordered alone or as an ingredient of a preparation for external use, or
- 6.2 A liniment, lotion, etc., in the preparation of which Methylated Spirit is permitted, is ordered and the prescriber has not indicated to the contrary.

## 7. Rectified Spirit

- 7.1 Where Alcohol (96%), or Rectified Spirit (Ethanol 90%), or any other of the dilute Ethanol is prescribed alone or as an ingredient in a medicament for external application, payment will be made for supply of Industrial Methylated Spirit unless the prescriber has indicated that no alternative may be used.
- 7.2 Where Alcohol (96%), or Rectified Spirit (Ethanol 90%), or any other of the dilute Ethanol is prescribed as an ingredient of a medicine for internal use, the price of the duty paid to Customs and Excise will be allowed, unless the contractor endorses the prescription form "rebate claimed".

## 8. Purified Water (Exclusive of ordinary potable water)

Payment for Purified Water will be made:

- 8.1 where it is ordered; or
- 8.2 where the NHSCB for England and LHB for Wales, after consultation with the Local Medical Committee and Local Pharmaceutical Committee, has decided that the water ordinarily available is unsuitable for dispensing purposes, and has notified the contractor accordingly, the pharmacist should use purified water and will be paid at the Drug Tariff rate, through local arrangements specified in the notice.

## 9. Actuation

Where the quantity is an actuation, it will be abbreviated in this Part to 'actn'.

10. A "Bulk" prescription is an order for two or more patients, bearing the name of a school or institution in which at least 20 persons normally reside, for the treatment of at least 10 of whom a particular doctor is responsible. Such a prescription must be an order for a drug which is prescribable under the NHS and which is not designated a "Prescription Only Medicine" (POM) under Section 58(1) of the Medicines Act 1968, or for a prescribable dressing which does not contain a product which is designated POM.

## ARRANGEMENTS FOR PAYMENT FOR SPECIALS AND IMPORTED UNLICENSED MEDICINES WITH A PRICE PER UNIT ABOVE A MINIMUM QUANTITY

The arrangements laid out in this Part cover specials and imported unlicensed medicines to be priced per unit above a minimum quantity.

### Basic price of certain Specials and Imported unlicensed medicines

The price listed in respect of a drug specified in the following list is the basic price on which payment will be calculated pursuant to Part I Clause 5B 1 for the dispensing of that drug.

Drugs listed in this Part have a minimum quantity and price for that quantity and a price per subsequent ml/g/tab/cap unless in a special container.

The Secretary of State determines the price based on information of manufactured specials or imports submitted by suppliers that hold a Manufacturer 'Specials' Licence or Wholesale Dealer Licence issued by the Medicine and Healthcare products Regulatory Agency (MHRA).

**Formulations** - The Tariff covers the formulations specified. The following symbols are used in Part VIII B.

STD Standard formulation including standard flavours

SF Sugar free

AF Alcohol free

CF Colour free

FF Flavour free

LF Lactose free

PF Preservative free

NSF Non standard flavours

■ Special Container

§ Selected List Scheme (SLS)

**Price** - All unlicensed medicines in this Part are listed with a minimum quantity and corresponding price, which is payable for any amount prescribed up to the minimum quantity. Unless in a special container, subsequent quantities will be payable at the additional price per ml/g/tab/cap up to the total quantity prescribed. The price of each product listed in this Part covers the formulations specified and this price will be paid regardless of how the product was sourced.

### Endorsement requirements above Part II Clause 9

It is not necessary to endorse prescription forms for unlicensed medicines listed in this Part other than with the endorsement requirements outlined in Part II Clause 9.

If the unlicensed medicine is obtained from a supplier holding a MHRA Manufacturer 'Specials' Licence or Wholesale Dealer Licence, the contractor shall endorse the prescription with the initials 'SP' to claim the additional fees payable for dispensing unlicensed medicines.

The 'ED' endorsement would only apply if the unlicensed medicine has been prepared under the manufacturing part of the Section 10 exemption from the Medicines Act 1968, by the contractor or by a third party. In this case, the contractor shall endorse the names, quantities and cost of ingredients used in preparing the special.

### Arrangements for payment for all other Specials and Imported unlicensed medicines

Prescriptions for specials not listed in the Drug Tariff Part VIII B and Part VIII D will be paid depending on how the special was sourced and the price endorsed on the prescription form.

1. Where the unlicensed medicine is manufactured under a Manufacturer 'Specials' Licence or Wholesale Dealer Licence issued by the MHRA, the contractor shall endorse the:
  - initials 'SP' to claim the additional fees payable for dispensing unlicensed medicines
  - pack size from which the order was supplied
  - invoice price per pack size from which the product was supplied **less** discount/rebates
  - manufacturer's/wholesaler's licence number
  - batch number of the unlicensed medicine.
2. Where the special has been prepared under the manufacturing part of the Section 10 exemption from the Medicines Act 1968, by the contractor or by a third party, the contractor shall endorse the names, quantities and cost of the ingredients used in preparing the special and endorse the prescription form with the initials 'ED' to claim the additional fees payable for dispensing unlicensed medicines prepared using this exemption.

## ARRANGEMENTS OF PAYMENT FOR PRODUCTS SUPPLIED FREE OF CHARGE OR PRODUCTS WITH A NOMINAL PRICE (ENGLAND)

The price listed in respect of a drug specified in the following list is the basic price (see Part II, Clause 8) on which payment will be calculated pursuant to Part I Clause 5B.1 for the dispensing of that drug.

The products listed in this Part are products -

- (i) that the Secretary of State has centrally secured and has made arrangements for the product to be supplied to pharmacy contractors, whether directly or via an intermediary, at no cost to the pharmacy contractor, or
- (ii) the Secretary of State is on notice are available from a manufacturer or supplier at a nominal price that is significantly below the NHS list price for the product because of a commercial arrangement between NHS England and the manufacturer or supplier of the product. In these circumstances, reimbursing pharmacy contractors at the NHS list price (which would ordinarily be reflected in the Category C price) would not represent value for money. Accordingly, the Secretary of State determines a basic price for products in this Part that is based on the nominal price of the listed pack size, and so takes account of the commercial arrangement between NHS England and the manufacturer or supplier, although the Secretary of State will not have been privy to the detail of the commercial arrangement.

Where contractors are unable to source the products listed at or below the basic price listed in this Part, or who are subjected to additional charges when purchasing the products listed in this Part, they may request a review of the basic price and repayment of any additional costs incurred. The review requires the following steps to be taken. If there are any issues with the supply, ordering and pricing of the product, contractors must first contact the suppliers of the product for notification and resolution. Should no resolution be identified by the suppliers within 5 working days of receipt, then contractors should escalate to Community Pharmacy England. To support the handling of the review, contractors are required to submit evidence of any difficulties experienced including issues with pricing or supply. Any claims and supporting evidence will then be referred by Community Pharmacy England to the Department of Health and Social Care. Following a successful review, where pricing issues are identified, any adjustments will be applied by the Pricing Authority to the contractors account at the earliest possible payment date

## ARRANGEMENTS FOR PAYMENT FOR SPECIALS & IMPORTED UNLICENSED MEDICINES WITH PRICES DETERMINED RELATIVE TO A COMMONLY IDENTIFIED PACK SIZE

The arrangements laid out in this Part cover specials and imported unlicensed medicines to be paid relative to a commonly identified pack size.

### Basic price of certain Specials and Imported unlicensed medicines

All unlicensed medicines listed in this Part have a pack size and a price which has been determined by the Secretary of State, based on information submitted by suppliers that hold a Manufacturer 'Specials' Licence or Wholesale Dealer Licence as issued by the Medicine and Healthcare products Regulatory Agency (MHRA). The price listed in respect of a drug specified in the following list is the basic price on which payment will be calculated pursuant to Part I Clause 5B 1 for the dispensing of that drug. In calculating Part VIIIID reimbursement prices, for tablets and capsules, pack sizes up to and including 250-unit doses will be considered.

**Formulations** - The Tariff covers the formulations specified. The following symbols are used in Part VIIIID.

|     |                            |
|-----|----------------------------|
| STD | Standard formulation       |
| SF  | Sugar free                 |

| ■   | Special Container          |
| §   | Selected List Scheme (SLS) |

The price of each product listed in this Part covers the formulations specified and this price will be paid regardless of how the product was sourced.

### Endorsement requirements above Part II Clause 9

It is not necessary to endorse prescription forms for unlicensed medicines listed in this Part other than with the endorsement requirements outlined in Part II Clause 9. Broken Bulk may be claimed if necessary, unless the unlicensed medicine is classed as a special container. To claim for Broken Bulk, contractors should refer to Clause 11, Part II and contractors should endorse the prescription with 'BB'.

If the unlicensed medicine is obtained from a supplier holding a MHRA Manufacturer 'Specials' Licence or Wholesaler Dealer Licence, the contractor shall endorse the prescription with the initials 'SP' to claim the additional fees payable for dispensing unlicensed medicines.

The 'ED' endorsement would only apply if the unlicensed medicine has been prepared under the manufacturing part of the Section 10 exemption from the Medicines Act 1968, by the contractor or by a third party. In this case, the contractor shall endorse the names, quantities and cost of ingredients used in preparing the special. However, it is unlikely that products listed in this Part would be prepared using this exemption.

### Arrangements for payment for all other Specials and Imported unlicensed medicines

Prescriptions for specials and imported unlicensed medicines not listed in the Drug Tariff Part VIIIID and Part VIIIID will be paid depending on how the special was sourced and the price endorsed on the prescription form.

- Where the unlicensed medicine is manufactured under a Manufacturer 'specials' Licence or Wholesale Dealer Licence issued by the MHRA, the contractor shall endorse:
  - the initials 'SP' to claim the additional fees payable for dispensing unlicensed medicines
  - pack size from which the order was supplied
  - invoice price per pack size from which the product was supplied **less** discount/rebates
  - manufacturer's/wholesaler's licence number
  - batch number of the unlicensed medicine.
- Where the special has been prepared under the manufacturing part of the Section 10 exemption from the Medicines Act 1968, by the contractor or by a third party, the contractor shall endorse the names, quantities and cost of the ingredients used in preparing the special and endorse the prescription form with the initials 'ED' to claim the additional fees payable for dispensing unlicensed medicines prepared using this exemption.

Contractors should follow the requirements on record-keeping as set out in Part VIIIID.

**APPLIANCES (APPROVED LIST OF APPLIANCES - NOTES)**

---

---

**APPROVED LIST OF APPLIANCES****See Part II, Clause 8A (page 17)**

---

The price listed in respect of an appliance specified in the following list is the basic price (see Part II, Clause 8) on which payment will be calculated pursuant to Part I, Clause 5B in respect of the dispensing of appliances.

**NOTES**

1. **Definition** - The appliances that may be supplied against orders on Forms FP10 are listed below and must conform with the specifications shown. See Part I, Clause 2 (page 4). These specifications include published official standards ie BP, BPC or relevant British, European or International Standards or the Drug Tariff Technical Specification. It should be emphasized that any appliance must conform with the entry in this part of the Tariff as well as the official standard or technical specification quoted therein.
2. **Sealed Packets** - These are those which are "tamper-evident" - sealed with an easily detachable device that prevents removal of the contents without the seal being broken. Additionally in the case of sterile products: once a sealed package has been opened it should not be possible to re-seal it easily. Where an appliance, other than a bandage, required by the Tariff to be supplied in a sealed packet is ordered of a quantity or weight not listed in the Tariff, the quantity ordered should be made up as nearly as possible with the smallest numbers of sealed packets available for the purpose. Where the quantity ordered is less than the smallest quantity/weight, supply the smallest pack. The quantity of material in each packet supplied should be recorded on the prescription form.
3. **Quality** - Medical devices placed on the Great Britain market must meet the relevant requirements of the Medical Devices Regulations 2002, including the relevant UKCA marking and conformity assessment requirements. The government has put in place legislation to extend the acceptance of CE marked medical devices on the Great Britain market up to 30 June 2030. Detail can be found on the website of the UK regulatory authority Medicines and Healthcare products Regulatory Agency (MHRA).
4. **Weights** - All weights specified in the Tariff in respect of appliances are exclusive of wrappings and packing material.
5. **Invoice price** - This is the price chargeable for the appliance to the contractor by the manufacturer, wholesaler or supplier and is exclusive of VAT..
6. **Technical Specifications** - Numbered Technical Specifications apply for some items in Part IXA/B/C and are available and can be obtained by emailing [pixie@nhsbsa.nhs.uk](mailto:pixie@nhsbsa.nhs.uk). A list of Technical Specifications is given on page 430. UKCA and CE marked Devices have shown that they meet the essential requirements of the relevant regulations and there is no further need for them to demonstrate compliance with other specifications, such as those referred to above.
7. **Nurse Prescribing** - See Part XVIIIB for details of Nurse Prescribing.

## APPLIANCES

### CATHETERS, URINARY, URETHRAL

- Catheter sizes are designated by the Charrière (Ch) gauge system - even numbers only. (The equivalent metric sizes for Charrière gauges 6-30 are 2.0mm-10.0mm, rising in 0.66mm). Where size is not stated by the prescriber, size 14 or 16 should be supplied.
- If a balloon size is not stated by the prescriber when ordering a Foley catheter, a 10ml balloon catheter should be supplied - a 5ml balloon in the case of a paediatric catheter.
- Where the brand is not stated by the prescriber, the basic price of each listed catheter Basic Price p supplied must not exceed:

|                                  |     |
|----------------------------------|-----|
| Nélaton (Male)                   | 44  |
| Nélaton (Female)                 | 40  |
| Nélaton (Paediatric)             | 40  |
| Foley (Male) short/medium term   | 232 |
| Foley (Female) short/medium term | 232 |
| Foley (Male) long term           | 335 |
| Foley (Female) long term         | 335 |
| Foley (Paediatric) long term     | 335 |

Where the specification of the Foley Catheter is not specified by the prescriber and not endorsed as short/medium or long term the dispenser will be paid no more than the lowest basic price listed which is currently 232p.

- 5-units of plastic catheters, for example, represents on average one month's supply for patients practising intermittent catheterisation.
- For names and addresses of suppliers see pages 743-744
- The rate of use of single use Nélaton catheters is approximately between 6 and 45 times greater than reusable Nélaton catheters for patients practising intermittent catheterisation.
