AMENDMENTS TO THE DRUG TARIFF

July 2026

1. In accordance with regulation 89(3) of the National Health Service (Pharmaceutical and Local Pharmaceutical Services) Regulations 2013 ("the 2013 Regulations"), the Secretary of State for Health as respects England and in accordance with regulation 55(4) of the National Health Service (Pharmaceutical Services) (Wales) Regulations 2020, the Welsh Ministers* as respects Wales have amended the Drug Tariff and determinations made in respect of the amendments to the Drug Tariff shall have effect from 1 August 2015.

For England, by virtue of regulation 91(1) of the 2013 Regulations, the NHS Commissioning Board ("the Board") has been appointed as a determining authority in relation to the pharmaceutical remuneration listed Schedule 8 to the 2013 Regulations (ie types of service remuneration) and remuneration for advanced services. This means that both the Secretary of State and the Board are able to determine remuneration in these areas, although if the Secretary of State determines remuneration in these areas, he is required to notify the Board of his intention to do so before doing so. As part of a phased transfer of responsibilities between the Secretary of State and the Board, the Board will be acting as the lead determining authority in relation to the following Parts:

- Part IIIA
- Part IIIB
- Part VIA
- Part VIB
- Part VIC (up to Pharmaceutical Services (Advanced and Enhanced Services)(England) Directions 2013)

By virtue of Part VIE, the Board is also a determining authority for England for the remuneration for enhanced services and acts as the lead determining authority in that area.

The Secretary of State is the sole determining authority for all other Parts.

Part XI, XIVD, XVIIID and XXI are rescinded in this edition of the Drug Tariff.

Before the Secretary of State, NHS Commissioning Board and the Welsh Ministers make further determinations they will consult with such organisations as appear to be representative of persons to whose remuneration the determination would relate and such other persons as they consider appropriate in respect of determinations which relate to persons providing pharmaceutical services, or a category of such services in accordance with section 165 of the National Health Service Act 2006 and section 89 of the National Health Service (Wales) Act 2006, regulations made under those sections and under section 164 of the National Health Service Act 2006 and section 88 of the National Health Service (Wales) Act 2006.

PREFACE

2. Each month, a new Drug Tariff will be made available online and will continue to incorporate any amendments. All entries showing a change in price are not specifically included in this preface but are indicated in the Drug Tariff by ▽ for price reduction and △ for price increase; changes to the text relating to code, product description, or the inclusion of a new product are indicated by a vertical line in the margin.
3. While every effort is made to ensure that each monthly publication of the Drug Tariff includes all amendments made by the Secretary of State and the Welsh Ministers to the price applicable to the relevant period, the need to observe publishing deadlines sometimes defeats those efforts. Any omitted amendments will be effective from the date on which they came into force, even if publication of the details is unavoidably delayed.

* Functions of the National Assembly for Wales have transferred to Welsh Ministers in accordance with section 162 of and paragraph 30 of Schedule 11 to the Government of Wales Act 2006.

DEFINITIONS

- (a) Except where the context otherwise requires, the terms to which a meaning is assigned by the Regulations or the Terms of Service have the same meaning in this Tariff.
- (b) The term 'contractor' has for Wales the same meaning as 'NHS pharmacist' as defined in the National Health Service (Pharmaceutical Services) Regulations 2020 and for England the same meaning as 'NHS chemist' as defined in the National Health Service (Pharmaceutical and Local Pharmaceutical Services) Regulations 2013. LPS chemists will also need to be paid at least part of their remuneration (depending on the terms of their scheme) in accordance with the Drug Tariff, and so at least some references to 'contractor' will apply equally to them.
- (c) A pharmacy contractor is a person with whom the NHS Commissioning Board (NHSCB) for England and Local Health Board (LHB) for Wales has made arrangements for the provision of pharmaceutical services in respect of the supply of drugs, appliances and chemical reagents.
- (d) An appliance contractor is a person with whom the NHSCB for England and LHB for Wales has made arrangements for the provision of pharmaceutical services so far as it relates to the supply of appliances included within Part IXA/B/C of this Tariff.
- (e) The term persons includes a body of persons corporate or unincorporate.
- (f) The term Pricing Authority means, as the case may require, the NHS Business Services Authority (NHSBSA) or the NHS Wales Shared Services Partnership (NWSSP).
- (g) The term appliances as used in this Tariff includes dressings.
- (h) The term prescription refers to an item on a prescription form or dispensed in accordance with a repeatable prescription. In Wales, this includes an item listed in the Wales General Ophthalmic Service Signed Order Formulary on an approved signed order form (WP10(SO)), where that order is presented for supply at a pharmacy in Wales.
- (i) The term prescription form includes, where appropriate, a repeatable prescription. In Wales, this includes the signed order form (WP10(SO)) where that signed order form is presented for supply at a pharmacy in Wales.
- (j) The term pharmacy means any premises where drugs are provided by a pharmacist or pharmacy business as part of pharmaceutical services under section 126 (arrangements for pharmaceutical services) for England of the National Health Service Act 2006 and Section 80 of the National Health Service (Wales) Act 2006.
- (k) Specials are unlicensed medicinal products manufactured in the UK for human use which have been specially prepared to meet a prescription ordered for individual patients without the need for the manufacturer to hold a marketing authorisation for the medicinal product concerned.
- (l) Imported products are unlicensed medicinal products sourced from outside the UK under an importers licence issued by the MHRA. These products have been specially sourced to meet a prescription ordered for individual patients without the need for the importer to hold a marketing authorisation for the medicinal product concerned.

In the preparation of this Tariff the Secretary of State for Health and the Welsh Ministers have consulted Community Pharmacy England.

REQUIREMENTS FOR THE SUPPLY OF DRUGS, APPLIANCES AND CHEMICAL REAGENTS**CLAUSE 1 DRUGS**

Any drug included in this Tariff or in the British National Formulary including the Nurse Prescribers' Formulary, Dental Practitioner's Formulary, European Pharmacopoeia, British Pharmacopoeia or the British Pharmaceutical Codex, supplied as part of pharmaceutical services, must comply with the standard or formula specified therein unless the prescriber has indicated to the contrary. Any drug supplied which is not so included must be of a grade or quality not lower than that ordinarily used for medicinal purposes.

CLAUSE 2 APPLIANCES

The only appliances which may be supplied as part of the pharmaceutical services are those listed in Part IXA/ B/C, and Part X (see Clause 4 below), of the Tariff and which comply with the specifications therein. The items within Part IXA which are **not** prescribable on Forms FP10(CN) and FP10(PN) are annotated ☒

CLAUSE 3 CHEMICAL REAGENTS

The only chemical reagents which may be supplied as part of the pharmaceutical services are those listed in Part IXR of the Tariff. The items within Part IXR which are **not** prescribable on forms FP10(CN) and FP10(PN) are annotated ☒

CLAUSE 4 DOMICILIARY OXYGEN THERAPY SERVICE

The requirements for the supply of domiciliary oxygen and its associated appliances together with the arrangements for reimbursement of those contractors included on the NHSE or ICB (where that responsibility has been delegated) for England and LHB's for Wales lists of contractors authorised to provide this service, are set out in Part X of the Tariff.

CLAUSE 5 PAYMENTS FOR PROVIDING PHARMACEUTICAL SERVICES**CLAUSE 5A CLAIMS FOR PAYMENTS****Claims for payment for England only****1. Paper prescriptions - contractors must:**

- (a) Endorse prescription forms¹ as required in Clause 9 (Endorsement Requirements) of this Tariff; and
- (b) Dispatch the prescription forms to the relevant division of the NHS Business Service Authority: NHS Prescription Services for England:
 - (i) sorted as appropriate;
 - (ii) in a secure manner that enables tracking and tracing of the delivery; and
 - (iii) not later than the 5th day of the month following that in which the supply was made².
- (c) Populate the appropriate claim form on the Manage Your Service (MYS) platform to reflect claims for paper prescription and submit it electronically by no later than the 5th day of the following month in which the supply was made². Contractors must also include the Account Identifier Document provided to contractors by the NHSBSA and dispatch it alongside the paper prescriptions as per Clause 5A 1 (b).

2. Repeat dispensing services - contractors must:

- (a) endorse batch issues as required in Clause 9 (Endorsement Requirements) of this Tariff. In addition, batch issues relating to drugs, appliances or chemical reagents which have been dispensed must be stamped with the contractor's stamp and dated with the date on which the items were dispensed.
- (b) dispatch the batch issues relating to drugs, appliances or chemical reagents which have been dispensed to the NHS Prescription Services for England:
 - (i) sorted as appropriate;
 - (ii) in a secure manner that enables tracking and tracing of the delivery; and
 - (iii) by no later than the 5th day of the month following that in which the supply was made².

¹ For the purpose of Part I of the Drug Tariff, wherever prescriptions, prescription forms or batch issues are mentioned, this includes prescription forms where supply was made in accordance with a Serious Shortage Protocol (SSP).

² Where one or more bank holiday occurs within the first five days of the month, dispatch must be secured by the 6th of that month.

Note: The requirement to submit EREMs within the first 5 days remains unchanged.

Note: For May 2022 prescriptions, contractors must secure dispatch by 7 June 2022.

REQUIREMENTS FOR THE SUPPLY OF DRUGS, APPLIANCES AND CHEMICAL REAGENTS

-
- (c) destroy any batch issues relating to drugs, appliances or chemical reagents which are not required, or which should not be dispensed because the contractor has been notified to that effect by the doctor who issued them or because the relevant repeatable prescription has expired; and
 - (d) populate the appropriate claim form on the Manage Your Service (MYS) platform to reflect repeat dispensing services and submit it by no later than the 5th day of the following month in which the supply was made². Contractors must also include the Account Identifier Document provided to contractors by the NHSBSA and submit it alongside paper prescriptions as per Clause 5A 1 and 2.
3. Prescriptions via the Electronic Prescription Service - contractors must:
- (a) ensure that the Electronic Reimbursement Endorsement Messages (EREMs)³ include the endorsement requirements as required by Clause 9, Part II, and submit the EREMs via EPS to NHS Prescription Services for England for receipt at the Pricing Authority by no later than the 5th day of the month following that in which the supply was made⁴. Contractors should note that any EREMs sent after the 5th of the following month in which supply was made will be priced with next month's claim. EREMs sent later than 180 days after the Dispense Notification was sent, will not be subject to payment; and
 - (b) annotate the number of submitted EREMs on the appropriate claim form on the Manage Your Service (MYS) platform as per Clause 5A 1 and 2⁵; and
 - (c) all EPS tokens must be:
 - (i) sorted separately from FP10 paper prescription forms with the exception of age exempt and any other tokens specified on the FP34C which must not be submitted (unless there is an exemption under Part XVI); and
 - (ii) dispatched in the same parcel as per Clause 5A 1 and 2.

Contractors should note that EPS tokens may be checked against claims for payment for audit purposes and possible enforcement action. The legal position is that payment will be made against the EREM, not the EPS token, and so prescription charges will be deducted, even if there is a failure to properly record an exemption that the patient can properly claim in the EREM, and if the EPS token correctly records this, unless contractors request a recheck under Part XIVB.

Where there are consistent and significant discrepancies between the number of EPS items declared via MYS and the number of EREMs received by the NHSBSA each month, NHSBSA will calculate and pay the advance payment using the actual number of EREMs received each month, and not the EPS items figures declared via MYS. The contractor will be notified of the change to their advance payment calculation based on actual received EREM totals. Affected contractors must continue to submit their MYS FP34C declaration in the usual way each month.

It is a condition of entitlement to exemption from prescription charges that the patient or their representative claiming exemption must make and duly complete a declaration of entitlement unless an automatic exemption applies⁶. Where applicable, the contractor must ensure that the patient declaration is recorded on the system.

In the case of automatic exemptions⁶, electronic prescriptions and paper prescriptions are similar, in that regardless of the exemption or charge information populated either by the patient/representative or the contractor, it will be disregarded (i.e. even if there is an error on the EREM, or the paper prescription states that a prescription charge was taken or if it is on a prescription with an additional chargeable item, the charge will not be deducted).

In the case of HMP prescriptions, paper forms will be identified by NHSBSA through their inclusion in the red separator, for electronic prescriptions NHSBSA will identify these through the exemption category (0015) and/or HMP address. Please note there is no need to submit EPS tokens for HMP prescriptions.

³Pharmacy contractors should note that the Dispense Notification must be sent before the EREM.

⁴Pharmacy contractors are encouraged to submit EREMs throughout the month.

⁵Where one or more bank holiday occurs within the first five days of the month, dispatch must be secured by the 6th of that month.

Note: The requirement to submit EREMs within the first 5 days remains unchanged.

Note: For May 2022 prescriptions, contractors must secure dispatch by 7 June 2022.

⁶This includes age exempt prescriptions, prescription forms with only free-of-charge sexual health medication and/or contraceptives, where Real Time Exemption Checking (RTEC) confirms an exemption and where a smaller quantity (in comparison with the prescription) of a drug is supplied in accordance with an SSP.

REQUIREMENTS FOR THE SUPPLY OF DRUGS, APPLIANCES AND CHEMICAL REAGENTS

-
4. Claims in exceptional circumstances preventing the contractor from submitting EREMs and/or the FP34C form as outlined in Clause 5A 1, 2 and 3.
- (a) In exceptional circumstances, where the contractor through no fault of their own, is unable to submit the FP34C form through the MYS portal, contractors are advised to contact the NHSBSA either through email mys@nhsbsa.nhs.uk or by contacting the MYS helpdesk number (0300 330 1368). Contractors should note that this route is available only for emergencies, which are directly related to the contractor (for example internet outage in the contractor's area) and not related to the MYS platform itself (in case of the MYS platform being down there will be instructions for contractors on the NHSBSA's website on what to do);
 - (b) Contractors, who will be using the email route, are advised that they must apply an advanced electronic signature to the email to secure payment; and
 - (c) Contractors, who will be using the telephone route, are advised that the NHSBSA will contact the contractor via a preferred email address for the contractor, which the contractor has shared with them during the phone call conversation, for them to confirm that the claim the NHSBSA noted via the phone call was correct, and the contractor must apply an advanced electronic signature to the confirmation email to secure payment.
 - (d) EREMs must be submitted in accordance with the timeline set out in 3(a). EREMs will not be paid if they are submitted later than 180 days after the Dispense Notification is sent, unless the submission of the EREMs was delayed by IT issues outside the contractor's control (such as issues with the system used by the contractor, with NHS IT or with the MYS portal). Such claims will be accepted outside the usual payment timeline if the NHSBSA is notified within twelve months of the EREM claiming deadlines. This is subject to the NHSBSA receiving evidence of the IT issue (examples of evidence may include: confirmation of IT issue by the system supplier or NHS, logged service tickets or other verifiable documentation), and only if investigation finds that the evidence demonstrates that the IT issue was outside the control of the contractor, and it delayed the correct claim submission. For the purposes of this clause, IT issues may include but are not limited to; system supplier outages, software bugs, cybersecurity incidents, infrastructure failures, or significant usability barriers linked to supplier-led changes. Contractors are encouraged to log IT incidents with their IT supplier or the relevant bodies at the time they occur to support future claim validation.

Claims for payment for Wales

5. Paper prescriptions - contractors must:
- (a) Endorse prescription forms⁷ as required in Clause 9 (Endorsement Requirements) of this Tariff; and
 - (b) Dispatch the prescription forms to the relevant division of the Primary Care Services (PCS):
 - (i) with the appropriate claim form;
 - (ii) sorted⁸ as appropriate;
 - (iii) in a secure manner that enables tracking and tracing of the delivery; and
 - (iv) for receipt by no later than the 8th working day of the month following that in which the supply was made.
6. Repeat dispensing services - contractors must:
- (a) endorse batch issues as required in Clause 9 (Endorsement Requirements) of this Tariff. In addition, batch issues relating to drugs, appliances or chemical reagents which have been dispensed must be stamped with the contractor's stamp and dated with the date on which the items were dispensed.
 - (b) dispatch the batch issues (in the same parcel as per Clause 5A 5) relating to drugs, appliances or chemical reagents which have been dispensed to the PCS:
 - (i) with the appropriate claim form;
 - (ii) sorted⁸ as appropriate;
 - (iii) in a secure manner that enables tracking and tracing of the delivery; and
 - (iii) for receipt by no later than the 8th working day of the month following that in which the supply was made.
 - (c) destroy any batch issues relating to drugs, appliances or chemical reagents which are not required, or which should not be dispensed because the contractor has been notified to that effect by the doctor who issued them or because the relevant repeatable prescription has expired; and
-

REQUIREMENTS FOR THE SUPPLY OF DRUGS, APPLIANCES AND CHEMICAL REAGENTS

-
- (d) retain repeatable prescriptions until they have expired or are no longer required and then dispatch them to the PCS for Wales:
 - (i) sorted⁸ as appropriate separate from the batch issues;
 - (ii) in a secure manner that enables tracking and tracing of the delivery; and
 - (iii) in the month following that in which they expired, or the contractor became aware that they were no longer required.

⁷ For the purpose of Part I of the Drug Tariff, wherever prescriptions, prescription forms or batch issues are mentioned, this includes prescription forms where supply was made in accordance with a Serious Shortage protocol (SSP).

⁸ Minimum Standard for Submission of Monthly Account.

1. To ensure the accurate and timely payment of accounts each month prescriptions must meet minimum submission standards. Details of minimum submission standards can be found on the Shared Services Partnership website.
2. Contractors are responsible for training staff involved in the preparation of prescriptions for transit and submission. Further supporting information and training material can be found on the Shared Services Partnership website.

Failure to submit accounts in a timely manner may result in advance payments not being processed. In addition, accounts that fail to meet the minimum standards set out at 1 above may be subject to financial penalty.

7. Prescriptions via the Electronic Prescription Service - contractors must:

- (a) ensure that the Electronic Reimbursement Endorsement Messages (EREMs)⁹ include the endorsement requirements as required by Clause 9, Part II, and submit the EREMs via EPS to the relevant division of the Primary Care Services (PCS) for receipt by no later than the 5th day of the month following that in which the supply was made¹⁰. Contractors should note that any EREMs sent after the 5th of the following month in which supply was made will be priced with next month's claim. EREMs sent later than 180 days after the Dispense Notification was sent, will not be subject to payment; and
- (b) annotate the number of submitted EREMs and paper claims on the appropriate claim form as per Clause 5A 5 and 6; and
- (c) Welsh Prescriber code EPS tokens must not be submitted to the relevant division of the Primary Care Services (PCS)
- (d) English Prescriber code EPS tokens must be:
 - (i) sorted as appropriate and kept separate from WP10 or FP10 paper prescription forms.
 - (ii) dispatched in the same parcel as per Clause 5A 5 and 6.

NB: Exempt tokens¹¹ must not be submitted.

Contractors should note that EPS tokens may be checked against claims for payment for audit purposes. The legal position is that payment will be made against the EREM, not the EPS token.

For English electronic prescription types, it is a condition of entitlement to exemption from prescription charges that the patient or their representative claiming exemption must make and duly complete a declaration of entitlement unless an automatic exemption applies¹¹. Where applicable, the contractor must ensure that the patient declaration is recorded on the system.

In the case of automatic exemptions¹¹, electronic prescriptions and paper prescriptions are similar, in that regardless of the exemption or charge information populated either by the patient/representative or the contractor, it will be disregarded (i.e. even if there is an error on the EREM, or the paper prescription states that a prescription charge was taken or if it is on a prescription with an additional chargeable item, the charge will not be deducted).

In the case of HMP prescriptions, paper forms will be identified by NHSBSA through their inclusion in the red separator, for electronic prescriptions NHSBSA will identify these through the exemption category (0015) and/or HMP address. Please note there is no need to submit EPS tokens for HMP prescriptions.

⁹Pharmacy contractors should note that the Dispense Notification must be sent before the EREM.

¹⁰Pharmacy contractors are encouraged to submit EREMs throughout the month.

REQUIREMENTS FOR THE SUPPLY OF DRUGS, APPLIANCES AND CHEMICAL REAGENTS

¹¹This includes age exempt prescriptions, prescription forms with only free-of-charge sexual health medication and/or contraceptives, where Real Time Exemption Checking (RTEC) confirms an exemption and where a smaller quantity (in comparison with the prescription) of a drug is supplied in accordance with an SSP.

CLAUSE 5B **CALCULATION OF PAYMENTS**1. Pharmacy Contractors**

Payment for services provided by pharmacy contractors in respect of the supply of drugs, appliances and chemical reagents supplied against prescriptions at each separate place of business shall comprise:-

- (i) (a) The total of the prices of the drugs, appliances and chemical reagents so supplied calculated in accordance with the requirements of this Tariff.
LESS
* (b) An amount, based on the total of the prices at (i)(a) above, calculated from the table at Part V ("Deduction Scale").
AND
- (ii) The appropriate professional fee as set out in Part IIIA
AND
- (iii) The allowance for consumables and containers as set out in Part IV.

***NOTE 1**

No deduction will be made in respect of prescriptions for items listed in Part II for which the contractor has not been able to obtain a discount.

****NOTE 2**

(Wales only) Payments in respect of October 1999 to March 2000.

Contractors in agreement with LHBs in Wales who have notified the LHB that they accept the revised basis of calculation of payments for the period 1 October 1999 to 31 March 2000 set out in the National Assembly's offer letters on 20 November 2000 and 3 April 2001 shall be paid in accordance with the provisions of these letters.

*****NOTE 3**

(Wales only) Payments in respect of 1 October 2008 to 31 October 2008.

Contractors in agreements with LHBs in Wales will be paid in accordance with the provisions of:

Part VIA - Payment for Essential Services (Pharmacy Contractors),

Part VIC - Advanced Services (Pharmacy Contractors), Medicines Use Review and Prescription Intervention Service, and

Part XIII - Payments in respect of Pre Registration Trainees

of the October 2008 edition of this Tariff as they apply in relation to England.

2. England only - Pharmacy Contractors - calculation of payments in exceptional circumstances

- (a) Calculation of payment for pharmacy contractors which submit FP34C and submit paper prescriptions after the 5th of the following month in which supply was made but before the date outlined in the following link – [Pharmacy payment timetable | NHSBSA](#)
 - (i) Payment will be calculated as per Clause 5B1;
 - (ii) From April 2022 (March 2022 prescriptions), the contractor will be contacted by the NHS Prescription Services for England, and unless the contractor provides evidence that the appropriate claim form was submitted as per Clause 5A 1, 2 and 3 and that the paper prescriptions were dispatched in line with Clause 5A 6, an administrative deduction of £25 will be made. This deduction reflects the administrative costs involved in NHSBSA calculating and making these payments.
 - (iii) To prevent the administrative deduction mentioned above being made, the contractor must provide evidence, as outlined in Clause 5A 1, 2 and 3, of compliance with the submission requirements. Where evidence is submitted, no administrative deduction will be made. If no evidence is provided within this time, then the administrative deduction will be made from the next Schedule of Payment.
 - (iv) In instances where the contractor does not provide the evidence, but the claiming process was followed as outlined in Clause 5A 1, 2 and 3, the contractor will have the opportunity to apply to have NHSBSA's decision to make the administrative deduction mentioned in sub-paragraph (ii) above, overturned, by providing evidence and submitting it alongside an appropriate form available on NHSBSA's website ([Pharmacy payment](#)

REQUIREMENTS FOR THE SUPPLY OF DRUGS, APPLIANCES AND CHEMICAL REAGENTS

timetable | NHSBSA). The contractor will need to submit the evidence and the appropriate form no later than one month after the month in which the administrative deduction was made.

- (b) Payment timetable for pharmacy contractors that submitted FP34C and paper prescriptions after the date outlined in the following link – Pharmacy payment timetable | NHSBSA.
 - (i) Payment will be calculated as per Clause 5B1; and
 - (ii) Where submitted, any paper prescriptions which do not arrive before the date outlined in the following link Pharmacy payment timetable | NHSBSA, will be priced using the Drug Tariff for the month that is currently being processed at the time they arrive, and will be paid to the contractor at the earliest possibility.
- (c) Referred-back forms and Disallowed prescription forms
 - (i) Referred-back forms that have been submitted for payment will be priced using the Drug Tariff for the month that is currently being processed in the month in which they are submitted.
 - (ii) Disallowed prescription forms that have been challenged successfully will be priced using the Drug Tariff for the month that is currently being processed in the month in which they are submitted.
 - (iii) From 1 February 2024 all prescriptions that have been referred back or disallowed must be completed and returned to the NHSBSA no later than 18 months from the date they are first sent to the pharmacy. This includes:
 - Prescription returns via MYS; if contractors have not completed and returned any outstanding referred back or disallowed forms, they will be deleted from the system after the 18-month deadline has passed.
 - All paper referred-back and disallowed forms ceased in July 2022. Therefore, any paper referred-back or disallowed forms sent to pharmacies prior to July 2022 will not be accepted by the NHSBSA if they are submitted after the prescription submission deadline for the dispensing month of January 2024.

3. Appliance Contractors

Payment for services provided by appliance contractors in respect of the supply of appliances so supplied against prescriptions at each separate place of business, shall comprise:-

- (i) The total of the prices of the appliances, calculated in accordance with Part IXA/B/C
PLUS
- (ii) The appropriate professional fee as set out in Part IIIB
PROVIDED THAT
 - (a) Where prescription forms are received by the Pricing Authority from two or more contractors whose names are separately entered on the pharmaceutical list for the supply of appliances only in respect of the provision of services at the same place of business, all such prescription forms shall be aggregated for the purpose of the calculation as at (ii) above and the professional fees so calculated shall be applied to the total number of appliances supplied by each of those persons.
 - (b) A contractor's name shall not be entered on the Pharmaceutical List separately for the same place of business in respect of (1) the supply of appliances, (2) the supply of drugs and appliances, or (3) the supply of drugs, except in the case of a contractor for whom separate entries on the Pharmaceutical List relating to the same place of business were allowed prior to the first day of November 1961.
 - (c) Where a contractor's name is entered on the Pharmaceutical List in respect of the provision of services at more than one place of business, the calculation as at (ii) above shall be made separately in respect of prescriptions received in respect of the services provided at each place of business.

PLUS

REQUIREMENTS FOR THE SUPPLY OF DRUGS, APPLIANCES AND CHEMICAL REAGENTS

-
- (iii) The appropriate fees as set out in Part IIIB
PLUS
 - (iv) An infrastructure payment as set out in Part VIB.

CLAUSE 5C TIMETABLE FOR PAYMENTS**1. Pharmacy Contractors****England only-**

Pharmacy Contractors will be paid monthly via NHSBSA. Payments will be detailed in the FP34 Schedule of Payment, which pharmacy contractors will receive approximately 5 working days before payment.

- (a) Payment timetable for pharmacy contractors that submit their batches and where the FP34C declaration is submitted via MYS by no later than the 5th of the month* following that in which the supply was made.

Pharmacy contractors will receive:

- (i) Advance Payment – 100% advance payment for prescriptions dispensed one month earlier paid from day 8 of the month the prescriptions and the appropriate claim form are submitted for pricing as per Clause 5A 1, 2 and 3 (see Table 3 below).

This payment is based on the total items declared on the FP34C submission document and the latest available average Net Ingredient Cost (NIC) for that pharmacy, less the value of prescription charges collected and declared on the FP34C submission document.

Advance Service Fee Payment - from 1 April 2025 consultation fees for named services will be paid on the same date as the Advance payment (as per Table 3) for dispensed prescriptions. From April, this will include the Hypertension Case-Finding Service and the Pharmacy Contraception Service. From September 2025, this will include the adult Seasonal Influenza Vaccination Service and Covid-19 vaccination service. Reimbursement for any items supplied in connection with the named services (excluding Covid-19) will be factored into the calculation for the Advance payment itself.

Formula for calculating estimated advance payment:

Monthly Average Item Value* (including the Net Ingredient Cost) multiplied by the activity (for both prescriptions and specified services) declared on the submission document less the value of prescription charges declared as collected at the rate payable on the date of dispensing.

*The Average Item Value is calculated using fee remuneration for prescriptions and the Net Ingredient Cost of items supplied against prescriptions and the following services: Community Pharmacy Seasonal Influenza Vaccination Advanced Service (Adult), Pharmacy First and Pharmacy Contraception Service.

- (ii) Reconciliation Payment –
 - Positive reconciliation – pharmacy contractors will be paid the reconciliation payment on the 1st working day of the month two months after they have submitted the appropriate claim form and prescriptions for pricing.
 - Negative reconciliation – NHSBSA will recover the value of the overestimate from the 100% advance payment paid circa 6 working days later than the positive reconciliation (for exact dates see Table 3 below).

REQUIREMENTS FOR THE SUPPLY OF DRUGS, APPLIANCES AND CHEMICAL REAGENTS*Table 3 Payment timetable - From November 2021 (October 2021 prescriptions) for submissions made via MYS*

*Note - Where one or more bank holiday occurs within the first five days of the month, dispatch / submission must be secured by the 6th of that month. As a consequence, this will have an impact on the payment date i.e. it will be 4 working days from the submission/dispatch date deadline.

**Negative reconciliation will be recovered from the next advance payment due.

(b) Payment timetable in exceptional circumstances

- (i) Payment timetable for pharmacy contractors that submit their batches after the 5th of the following month* in which supply was made but before the date outlined in the following link – [Pharmacy payment timetable | NHSBSA](#):

Payments will be made monthly and comprise of the following elements:

1. An estimated 100% advance payment for prescriptions submitted one month earlier (dispensed two months earlier). This payment is based on the total items declared on the FP34C submission document and the latest available average Net Ingredient Cost (NIC) for that pharmacy, less the value of prescription charges collected and declared on the FP34C submission document;

Formula for calculating estimated advance payment

Average Net Ingredient Cost of the prescriptions * x number of items declared on submission document less the value of prescription charges declared as collected at the rate payable on the date of dispensing

2. plus the full value of the priced prescriptions submitted two months earlier (dispensed three months earlier);
3. minus the recovery of the estimated 100% advance payment paid the previous month related to the prescriptions submitted two months earlier (dispensed three months earlier).

For example, August's payment will comprise the 100% advance payment for prescriptions submitted in July (dispensed in June) with the full value of the priced prescriptions less the recovery of the estimated 100% advance payment for prescriptions submitted in June (dispensed in May).

- (ii) Payment timetable for pharmacy contractors that submitted their batches after the date outlined in the following link – [Pharmacy payment timetable | NHSBSA](#):

Pharmacy contractors will receive payment with the next reconciliation payment (i.e. there will be no advance payment). For example:

Example 1 - for prescriptions dispensed in November if the FP34C was submitted on 29 December, the pharmacy contractor would not receive the advance payment for November's prescriptions on 1 January, instead they would receive the reconciliation payment for November's prescriptions on 1 February.

Example 2 - for prescriptions dispensed in November if the paper prescriptions arrive at the NHSBSA on 29 December the pharmacy contractor would receive payment for these paper prescriptions according to the payment timetable for the reconciliation payment for December's prescriptions i.e. on 1 March.

Note - Where one or more bank holiday occurs within the first five days of the month, dispatch / submission must be secured by the 6th of that month. As a consequence only batches submitted after the 6th will be processed in line with exceptional circumstances timetable.
Note: For May 2022 prescriptions, contractors must secure dispatch by 7 June 2022, only batches submitted after 7 June will be processed in line with exceptional circumstances timetable.

Wales only

Pharmacy contractors will be paid monthly via NHS Wales Shared Services Partnership (NWSSP). Payments will be detailed in the FP34 Schedule of Payment, which pharmacy contractors will receive approximately 5 working days before payment.

- (c) Payments will be made monthly and comprise of the following elements:

1. An estimated 100% advance payment for prescriptions submitted one month earlier (dispensed two months earlier). This payment is based on the total items declared on the paper FP34C submission and the latest available average Net Ingredient Cost (NIC) for that pharmacy, less the value of prescription charges collected and declared on the FP34C submission document;

Formula for calculating estimated advance payment

Average Net Ingredient Cost of the prescriptions * x number of items declared on submission document less the value of prescription charges declared as collected at the rate payable on the date of dispensing

2. plus the full value of the priced prescriptions submitted two months earlier (dispensed three months earlier);
3. minus the recovery of the estimated 100% advance payment paid the previous month related to the prescriptions submitted two months earlier (dispensed three months earlier).

For example, August's payment will comprise the 100% advance payment for prescriptions submitted in July (dispensed in June) with the full value of the priced prescriptions less the recovery of the estimated 100% advance payment for prescriptions submitted in June (dispensed in May).

REQUIREMENTS FOR THE SUPPLY OF DRUGS, APPLIANCES AND CHEMICAL REAGENTS

NOTE: for the purposes of explanation, part 1 of the payment will be called 'the advance payment' and parts 2 and 3 together will be called 'the reconciliation'.

(d) All pharmacy contractors will be paid to timetable outlined in Table A.

Table A:

Pharmacy contractors will be paid a single payment, which will comprise of all the elements outlined above.

2. Appliance Contractors

Appliance contractors will be paid as outlined in Clause 5B(ii) on the first day of every month unless the payment date falls on a weekend or bank holiday. In these instances, the payment date is brought forward to the nearest working day except when 1 April falls on a weekend or bank holiday. In this instance, the payment date is moved to be the first working day of April.

3. Uplift to Advance Payment between 1 April 2020 and 1 July 2020

- (i) On 1 April 2020 pharmacy contractors received an uplift of 30.1% to their February's advance payment which across all pharmacy contractors amounted to a figure in excess of £200 million. Pharmacies, which submitted their February's batches late, might have had their uplift calculated based on January's batch. Pharmacies, which closed in March, did not receive the payment on 1 April. Pharmacies, which opened in March, but did not receive the uplift in subsequent months in line with Table 1, should contact the NHSBSA by using the following form: <https://www.nhsbsa.nhs.uk/sites/default/files/2020-07/Uplift%20to%20advance%20claim%20form.docx>, to make representations as to why they think they should have received the payment, or as to why they think the payment which they have received, has not been sufficient (for example mergers, i.e. F-code of a pharmacy with a lower dispensing volume was retained). This appeal process will be open until 5 November 2020. Forms put forward by contractors will be considered by the Secretary of State on a monthly basis to the following schedule: if a form is submitted by 5 August it will be considered during the month of August for payment to be made on 1 September, if appropriate. Any missing information on the form may cause delay to the process / payment by a month.
- (ii) On 1 May 2020 pharmacy contractors received an uplift of 13.2% to their March's advance payment, which across all pharmacy contractors amounted to a figure in excess of £100 million. Pharmacies, which submitted their March's batches late, might have had their uplift calculated based on February's batch. Pharmacies, which closed in April, did not receive the payment. Pharmacies, which opened in April, but did not receive the uplift in subsequent months in line with Table 1, should contact the NHSBSA by using the following form: <https://www.nhsbsa.nhs.uk/sites/default/files/2020-07/Uplift%20to%20advance%20claim%20form.docx>, to make representations as to why they think they should have received the payment, or as to why they think the payment which they have received, has not been sufficient (for example mergers, i.e. F-code of a pharmacy with a lower dispensing volume was retained). This appeal process will be open until 5 November 2020. Forms put forward by contractors will be considered by the Secretary of State on a monthly basis to the following schedule: if a form is submitted by 5 August it will be considered during the month of August for payment to be made on 1 September, if appropriate. Any missing information on the form may cause delay to the process / payment by a month.
- (iii) On 1 June 2020 pharmacy contractors received an uplift of 6.71% to their April's advance payment which across all pharmacy contractors amounted to a figure in excess of £50 million. Pharmacies, which submitted their April's batches late, might have had their uplift calculated based on March's batch. Pharmacies, which closed in May, did not receive the payment. Pharmacies, which opened in

REQUIREMENTS FOR THE SUPPLY OF DRUGS, APPLIANCES AND CHEMICAL REAGENTS

May, but did not receive the uplift in subsequent months in line with Table 2, should contact the NHSBSA by using the following form: <https://www.nhsbsa.nhs.uk/sites/default/files/2020-07/Uplift%20to%20advance%20claim%20form.docx>, to make representations as to why they think they should have received the payment, or as to why they think the payment which they have received, has not been sufficient (for example mergers, i.e. F-code of a pharmacy with a lower dispensing volume was retained). This appeal process will be open until 5 November 2020. Forms put forward by contractors will be considered by the Secretary of State on a monthly basis to the following schedule, if a form is submitted by 5 August it will be considered during the month of August for payment to be made on 1 September, if appropriate. Any missing information on the form may cause delay to the process / payment by a month.

- (iv) On 1 July 2020 pharmacy contractors received an uplift of 2.82% to their May's advance payment which across all pharmacy contractors amounted in excess of £20 million. Pharmacies, which submitted their May's batches late might have had their uplift calculated based on April's batch. Pharmacies, which closed in June, did not receive the payment. Pharmacies, which opened in June, but did not receive the uplift in subsequent months in line with Table 3, should contact the NHSBSA by using the following form: <https://www.nhsbsa.nhs.uk/sites/default/files/2020-07/Uplift%20to%20advance%20claim%20form.docx>, to make representations as to why they think they should have received the payment or as to why they think the payment which they have received, has not been sufficient (for example mergers, i.e. F-code of a pharmacy with a lower dispensing volume was retained). This appeal process will be open until 5 November 2020. Forms put forward by contractors will be considered by the Secretary of State on a monthly basis to the following schedule: if a form is submitted by 5 August it will be considered during the month of August for payment to be made on 1 September, if appropriate. Any missing information on the form may cause delay to the process / payment by a month.
- (v) The £370 million uplift will not be reconciled out until further notice.
- (vi) The payments have not been separately itemised on the FP34 Schedule of Payments. However, the NHSBSA has sent out letters to pharmacy contractors to inform them of the payment made to them.

REQUIREMENTS ENABLING PAYMENTS TO BE MADE FOR THE SUPPLY OF DRUGS, APPLIANCES AND CHEMICAL REAGENTS

CLAUSE 6 INFORMATION RELATING TO THE IDENTIFICATION OF THE PRESCRIBER

Where a contractor provides the drugs or appliances ordered on any NHS prescription form, except forms issued by a Dental Practitioner, the Pricing Authority may return the prescription form to the contractor (as a referred back) if there is no prescriber code(s) present on the prescription form and request that the contractor seek the appropriate code(s).

Where the contractor is able to identify the appropriate code(s), they shall endorse the prescription with the code and return it to the Pricing Authority. Where the contractor is unable to identify the appropriate code(s), they shall endorse the prescription to indicate that they have been unable to locate the code and return it to the Pricing Authority to be paid. Returned prescriptions shall be priced using the Drug Tariff relevant to the month in which the prescription is returned to the Pricing Authority.

CLAUSE 7 PAYMENTS FOR DRUGS, APPLIANCES AND CHEMICAL REAGENTS

- A The price on which payment is based for a quantity of a drug, appliance or chemical reagent supplied is calculated proportionately from the basic price (see Clause 8 - Basic Price).
- B Subject to the provisions of Clause 10 (Quantity to be supplied) payment will be calculated on the basis that the exact quantity ordered by the prescriber has been supplied, apart from where the quantity dispensed and endorsed is no more than 10% greater or 10% less than the prescribed quantity to allow an original pack(s) to be provided according to paragraph 8, Part 2 of Schedule 4 to the NHS (Pharmaceutical and Local Pharmaceutical Services) Regulations 2013 for England, and paragraph 8A, Part 2 of Schedule 5 to the National Health Service (Pharmaceutical Services) (Wales) Regulations 2020 for Wales (see Clause 15 - Original Pack Dispensing) and from any supply made under a Serious Shortage Protocol (SSP) for a reduced or increased quantity.
- C Where a prescription form has been returned to the contractor for endorsement or elucidation and it is returned to the Pricing Authority unendorsed, or incompletely endorsed, or without further explanation, then the price for the drug, appliance or chemical reagent which it orders shall be determined by the Secretary of State for Health and Social Care and the Welsh Ministers.

CLAUSE 8 BASIC PRICE

- A The basic price for those drugs, appliances and chemical reagents ordered by a name, or a synonym of that name, included in Parts VIII or IX shall be the price listed in the Drug Tariff.
- B
 1. In exceptional circumstances, where, in the opinion of the Secretary of State for Health and Social Care and the Welsh Ministers, there is no product available to contractors, at the price in Part VIII, claims for reimbursement for a product with a higher price than that listed may be accepted. Such claims shall be made by endorsement as set out in Clause 9C but only in the circumstances described in that Clause. If the Secretary of State for Health and Social Care and the Welsh Ministers are satisfied that the contractor was not able reasonably to obtain the product at a lower price, the basic price shall be the list price, for supplying to contractors, of the product and pack size so used, or such other price (the 'concessionary price') as the Secretary of State for Health and Social Care and the Welsh Ministers shall determine. The Secretary of State for Health and Social Care and the Welsh Ministers will publish details of any preparations to which this applies and the month(s) in which it applies. The Secretary of State for Health and Social Care and the Welsh Ministers may in addition specify the products for which endorsement will be accepted.
 2. In line with the Community Pharmacy Contractual Framework funding settlement for 2025/26, whenever the recouping of over-delivered medicine margin is taking place, the Department may constrain concessionary prices so as not to undermine this recouping. The Department will accept concessionary price requests from Community Pharmacy England as normal but will change its approach so that the concessionary prices granted may be lower than they would have been, but for the recouping. It is important to emphasise that all concessionary price requests should nevertheless continue to come in, as normal.
- C The basic price for a drug which is not listed in Part VIII of the Tariff shall be the list price, for supplying to contractors, of the pack size to be used for a prescription for that quantity, published by the manufacturer, wholesaler or supplier. In default of any such list price, the price shall be determined by the Secretary of State for Health and Social Care and the Welsh Ministers.
- D For SSP reimbursement and remuneration, refer to Clause 14.
- E For Original Pack Dispensing reimbursement, refer to Clause 15.

REQUIREMENTS ENABLING PAYMENTS TO BE MADE FOR THE SUPPLY OF DRUGS, APPLIANCES AND CHEMICAL REAGENTS

F Retrospective top-up payment for Concessionary prices.

Every quarter, where considered appropriate by the Department of Health and Social Care in consultation with Community Pharmacy England, a retrospective top-up payment to the concessionary prices granted three quarters before will be paid. The top-up will be applied automatically* for the products listed in Part VIII E each quarter by the NHS Business Services Authority, according to the volume the contractor was paid for, in the month that the margin survey indicates the concessionary price paid that month was such an under payment compared to the average price paid by contractors to suppliers that it warrants 'topping up'. The table below shows which payment will reflect which months activity.

Items dispensed in the following months	Top-up payment month
April - June	January in the following year
July - September	April in the following year
October - December	July in the following year
January - March	October of the same year

*The contractor has to be on the NHS pharmaceutical list, in both the month the determination of the retrospective top-up payment is made and the month in which the retrospective top-up payment applies. As such where the pharmacy ceased trading before the determination for the retrospective top-up payment is made but they were trading in the month the retrospective top-up payment applies, then the NHS Business Services Authority will not make that payment.

CLAUSE 9 ENDORSEMENT REQUIREMENTS

- A Contractors shall endorse prescription forms for drugs, appliances and chemical reagents listed in this Tariff as required by this Clause and when so required by the provisions of Part II Clauses 10 (Quantity to be Supplied) and 11 (Broken Bulk), Part III (Fees), Notes to Part VIIIB, Notes to Part VIIID and Note 2 to Part IXA/B/C (Appliances).
- B Prescriptions for drugs not listed in Part VIII of the Tariff shall be endorsed by the contractor with the pack size from which the order was supplied and, if the order is in pharmacopoeial or 'generic' form, with the brand name or the name of the manufacturer or wholesaler from whom the supply was purchased. Where the preparation is in Part VIIIA of the Tariff, endorsement of pack size is not necessary except for products in Category C that have more than one pack size listed. Where additional specific endorsement is necessary, contractors shall endorse prescription forms when so required by the provisions of Part II Clauses 10 (Quantity to be Supplied) and 11 (Broken Bulk), Part III (Fees) and Notes to Part VIIIB and Part VIIID.
- C Where the preparation is in Part VIII of the Tariff and, as described in Clause 8B, in the opinion of the Secretary of State for Health and Social Care and the Welsh Ministers there is no product available to contractors at the appropriate price, endorsements of brand name or of manufacturer or wholesaler of the product and pack size so used may be accepted. Contractors shall not so endorse unless they have made all reasonable efforts to obtain the product at the appropriate price but have not succeeded. The endorsement shall be initialled and dated by or on behalf of the contractor, and shall be further endorsed "no cheaper stock obtainable" or "NCSO" to indicate that the contractor has taken all such responsible steps.
- D Where a contractor supplies a quantity at variance with that ordered, i.e. under the provisions set out in Clause 10 (Quantity to be Supplied) or Clause 15 (Original Pack Dispensing), the prescription shall be endorsed with the quantity supplied.
- E From February 2022 (i.e. for February's prescriptions claimed by 5 March), where a contractor supplies a product in accordance with a single dispensed product SSP (where a prescribed product is replaced by one product), the contractor must, in respect of -
- a non - electronic prescription forms - endorse the prescription form with "SSP" and the three-digit reference number of the specific SSP to indicate that a supply was made in accordance with a SSP, in addition to any other information required under Clause 9 (apart from Clause 9C); and
 - b electronic prescription forms - pharmacy contractors must indicate that a supply was made in accordance with a SSP on the Electronic Reimbursement Endorsement Message (EREM) by selecting "SSP", entering the three-digit reference number of the specific SSP and endorsing

REQUIREMENTS ENABLING PAYMENTS TO BE MADE FOR THE SUPPLY OF DRUGS, APPLIANCES AND CHEMICAL REAGENTS

the appropriate dispensed product and quantity, in addition to any other information required under Clause 9 (apart from Clause 9C).

From February 2022, where a contractor supplies a product in accordance with a multiple dispensed product SSP (where a prescribed product is replaced by two or more products), the contractor must, in respect of -

- c non - electronic prescription forms - endorse the prescription form with "SSP" and the three-digit reference number of the specific SSP to indicate that a supply was made in accordance with a SSP, in addition to any other information required under Clause 9 (apart from Clause 9C) for all products supplied under the SSP; and
- d electronic prescription forms - pharmacy contractors must indicate that a supply was made in accordance with a SSP on the EREM by selecting "SSP", entering the three-digit reference number of the specific SSP endorsing the appropriate dispensed products and quantities, in addition to any other information required under Clause 9 (apart from Clause 9C), for each of the products dispensed under that SSP. Where the endorsement functionality does not allow for all replacement products to be endorsed, contractors should endorse by selecting "SSP" and entering the three-digit reference number of the specific SSP, in addition to any other information as required under Clause 9 (apart from Clause 9C), for only one product (in the event that a non-Part VIII product is one of the replacement SSP products, this product must be the one endorsed in accordance with Clause 9 - apart from Clause 9C). The Pricing Authority for England will reimburse pharmacy contractors for the remaining products in the SSP.

- F Where insufficient information is available to enable the Pricing Authority to process the prescription, including where it was submitted for a SSP payment, the form (or a copy of the original form) shall be returned to the contractor who shall endorse the prescription form (or copy) with the information requested. Returned prescriptions shall be priced using the Drug Tariff relevant to the month in which the prescription form (or copy) is returned to the Pricing Authority.

CLAUSE 10 QUANTITY TO BE SUPPLIED

- A Subject to the requirements of the Weights and Measures (Equivalents for Dealing with Drugs) Regulations 1970, with regard to the supply in metric quantities of orders expressed in imperial quantities, payment will normally be calculated on the basis that the exact quantity ordered by the prescriber has been supplied, except in the case of supply in accordance with Original Pack Dispensing (see Clause 15) or a SSP (see Clause 14), and of those preparations referred to in B below:

B Drugs and Chemical Reagents in Special Containers.

Where the quantity ordered by the prescriber does not coincide with that of an original pack and the drug or chemical reagent is:

- (i) Sterile
- (ii) Effervescent or hygroscopic, or
- (iii) (a) Liquid preparations for addition to bath water
(b) Coal Tar preparations
(c) Viscous external preparations
- (iv) Packed in a castor, collapsible tube, drop-bottle, pressurised aerosol, puffer pack, roll-on bottle, sachet, shaker, spray, squeeze pack, container with an integral means of applications, or any other container from which it is not practicable to dispense the exact quantity:
- (v) Licensed preparations of Semisodium Valproate, Sodium Valproate, Valproic Acid **:

the contractor shall supply in the special container or containers the quantity nearest to that ordered and endorse the prescription form with the number and size of those containers. Although payment will normally be based on the quantity nearest to that ordered, some items are available in a larger size pack or container than that normally required pursuant to orders on prescription forms. Where the amount ordered on a prescription form, or the frequency of supply, justifies supply from such larger size pack or container, payment will be based on the cost of that larger size in the absence of endorsement. However, for valproate/valproic acid prescriptions, the "quantity nearest" rule will always apply.

REQUIREMENTS ENABLING PAYMENTS TO BE MADE FOR THE SUPPLY OF DRUGS, APPLIANCES AND CHEMICAL REAGENTS

If the ordered quantity lies exactly halfway between two different pack sizes, payment will be based on the smaller pack size. The exception to this are products that require reconstitution where the payment will be based on the nearest pack or number of packs necessary to cover the quantity ordered.

* Products included in Clause 10B(iii) are listed on page 48 and page 49.

** The Human Medicines (Amendment Relating to Original Pack Dispensing) (England and Wales and Scotland) Regulations 2023 mandating whole pack dispensing of semisodium valproate, sodium valproate, valproic acid will come into effect on 11 October 2023.

CLAUSE 11 **BROKEN BULK**

A This clause applies to drugs (including ingredients used when preparing a special under the manufacturing part of the Section 10 exemption from the Medicines Act 1968 on the pharmacy premises), incontinence and stoma appliances in Part IXB and IXC, chemical reagents, with the following exceptions:

- (i) items supplied in special containers covered by Clause 10B,
- (ii) drugs listed in Category A and M whose smallest pack size has a price of less than £50,
- (iii) specials and imported products covered by Part VIIIB, and
- (iv) drugs supplied in accordance with Original Pack Dispensing, as per Clause 15.

B When the quantity ordered on a prescription form is other than the minimum quantity the manufacturer, wholesaler or supplier is prepared to supply and the contractor, having purchased such minimum quantity as may be necessary to supply the quantity ordered cannot readily dispose of the remainder, payment will be made for the whole of the quantity purchased. Subsequent prescriptions, received during the next six months, will be deemed to have been supplied from the remainder and no further payment will be made to drug costs other than fees and consumables and container allowances until that remainder has been or is deemed to have been used up. Thereafter, contractors must endorse prescription forms to indicate when a claim for payment is being made. The prescription form must be endorsed 'BB' and with the pack size supplied to claim payment.

C For products listed in Part VIIID, when the quantity ordered on a prescription form is other than the minimal pack size listed in the Drug Tariff and the contractor, having purchased such minimum quantity as may be necessary to supply the quantity ordered cannot readily dispose of the remainder, where the contractor endorses the prescription form 'BB', payment will be made for the nearest pack size or multiple of the pack size(s) listed in the Drug Tariff sufficient to supply the quantity prescribed. Subsequent prescriptions, received during the next six months, will be deemed to have been supplied from the remainder and no further payment will be made to drug costs other than fees and consumables and container allowances until that remainder has been or is deemed to have been used up. In exceptional circumstances, where, in the opinion of the Secretary of State for Health and Social Care, the pack size(s) listed in Part VIIID are not available to contractors for Broken Bulk claims, the Secretary of State for Health and Social Care will publish details of any pack sizes which will be accepted for Broken Bulk claims and preparations to which this applies and the month(s) in which it applies. This will not affect the basic price.

D For drugs supplied under Original Pack Dispensing, as described in Clause 15, Broken Bulk will not apply where the quantity dispensed and endorsed is no more than 10% greater or 10% less than the prescribed quantity to facilitate the provision of an original pack(s). In such cases, the pack is considered entirely dispensed, and no claim for Broken Bulk is allowed.

E Broken bulk will apply where the dispensed and endorsed quantity is less than the prescribed quantity by more than 10%, regardless of whether the pack size used matches or does not match the prescribed quantity (e.g. the prescribed quantity is 28, and 15 are dispensed from either a 30-pack or a 28-pack). Payment will be made for the whole of the additional pack(s) purchased, provided the contractor endorses the prescription form with 'BB' and the pack size supplied.

Subsequent prescriptions received during the next six months will be deemed supplied from the remainder of the original or additional pack(s) purchased, and no further payment will be made to drug costs, except for fees, consumables, and container allowances, until the remainder has been or is deemed to have been used up.

REQUIREMENTS ENABLING PAYMENTS TO BE MADE FOR THE SUPPLY OF DRUGS, APPLIANCES AND CHEMICAL REAGENTS

CLAUSE 12 OUT OF POCKET EXPENSES

Where, in exceptional circumstances, out-of-pocket expenses have been incurred in obtaining a drug, appliance or chemical reagent other than those priced in Part VIIIA Category A and M, Part VIIIB, Part VIID, Part IXA, Part IXR of the Tariff and all other specials and imported products not listed and not required to be frequently supplied by the contractor, or where out-of-pocket expenses have been incurred in obtaining oxygen from a manufacturer, wholesaler or supplier specially for supply against a prescription, where such expenses on any occasion exceed 50p payment of the full amount may be made where the contractor sends a claim giving particulars to the Pricing Authority on the appropriate prescription form. The endorsement shall be 'XP' or 'OOP' to indicate the contractor has taken all reasonable steps to avoid claiming. An exception to this will be made for Cefuroxime 5% preservative free eye drops, for which there will be an additional fixed out-of-pocket expense payment of £50 automatically applied without the need for any 'XP' or 'OOP' endorsements. This payment will also be retrospectively applied to all prescriptions for this item dispensed between the months of April 2023 to February 2024. Other applicable fees and allowances will continue to be paid as usual.

CLAUSE 13 RECONSTITUTION OF CERTAIN ORAL LIQUIDS

- A This clause applies to antibacterial, antiviral or antifungal preparations listed in 5.1, 5.2 and 5.3 (except 5.3.1) of the British National Formulary (BNF), which are for oral administration and requires reconstitution from granules or powder.
- B When the quantity reconstituted from an original pack or packs is unavoidably greater than the quantity ordered and it has not been possible for the contractor to use the remainder for or towards supplying against another prescription, payment will be calculated from the Basic Price of the preparation and will be based on the nearest pack or number of packs necessary to cover the quantity ordered.

CLAUSE 14 SERIOUS SHORTAGE PROTOCOL - REIMBURSEMENT AND REMUNERATION

- A Any drugs, appliances or chemical reagents, which are supplied in line with a Serious Shortage Protocol (SSP), are to be reimbursed and remunerated as if they were dispensed in line with a prescription with the exception that items supplied in line with a SSP will attract an additional fee as per Part IIIA. To that end where a prescription or a prescription item is referred to in the Drug Tariff in the context of reimbursement or remuneration for dispensed drugs, appliances or chemical reagents, this is to be treated as applying to supply in line with a SSP.

Up until end of May 2023, a VAT allowance was also paid for the reimbursement price of the product supplied in accordance with a SSP. From June 2023, this VAT allowance will no longer be paid as products supplied in accordance with a SSP is to be considered VAT zero-rated. Further guidance will be issued by HMRC in due course.

- B If, as a consequence of supplying in accordance with a Serious Shortage Protocol (SSP), there is a requirement for an additional drug or Part IX appliance to be provided to a patient, any drugs or Part IX appliances which are supplied in line with a SSP are to be reimbursed and remunerated as if they were dispensed in line with a prescription.

CLAUSE 15 ORIGINAL PACK DISPENSING - REIMBURSEMENT

England only

- A This Clause applies to drugs (except controlled drugs in Schedules 2–4 of the Misuse of Drugs Regulations, special and imported unlicensed medicines and special containers as per Clause 10B) where the quantity dispensed and endorsed is no more than 10% greater or 10% less than the prescribed quantity, to allow the original pack to be provided according to paragraph 8, Part 2 of Schedule 4 to the NHS (Pharmaceutical and Local Pharmaceutical Services) Regulations 2013.
- B For electronic prescription forms, the NHS Business Services Authority (NHSBSA) will capture the dispensed quantity from the Electronic Reimbursement Endorsement Message (EREM) and will reimburse the dispensed quantity according to the following arrangements:
- (i) Where the dispensed quantity is the same as the prescribed quantity, reimbursement will be paid as prescribed.
 - (ii) Where the dispensed quantity is lower than the prescribed quantity, reimbursement will be paid as supplied.
 - (iii) Where the dispensed quantity is up to and including 10% more than the prescribed quantity, reimbursement will be paid as supplied.

REQUIREMENTS ENABLING PAYMENTS TO BE MADE FOR THE SUPPLY OF DRUGS, APPLIANCES AND CHEMICAL REAGENTS

- (iv) Where the dispensed quantity is greater than the prescribed quantity by more than 10%, reimbursement will be paid as prescribed.

For the purposes of this clause, “dispensed quantity” refers to the amount endorsed by the contractor through the EREM.

- C For non-electronic prescription forms, although contractors can apply the flexibility to dispense a quantity no more than 10% greater or 10% less than the prescribed quantity, as described in paragraph 8, Part 2 of Schedule 4 to the NHS (Pharmaceutical and Local Pharmaceutical Services) Regulations 2013, reimbursement will be based on the quantity prescribed, regardless of the dispensed quantity endorsed, except in cases where a special container is supplied. Where a special container is supplied, reimbursement will be based on the nearest whole pack (or sub pack) size dispensed, as per Clause 10B.

Wales only

- A This Clause applies to drugs (except controlled drugs in Schedules 2–4 of the Misuse of Drugs Regulations, special and imported unlicensed medicines and special containers as per Clause 10B) where the quantity dispensed and endorsed is no more than 10% greater or 10% less than the prescribed quantity, to allow the original pack to be provided according to paragraph 8A, Part 2 of Schedule 5 to the National Health Service (Pharmaceutical Services) (Wales) Regulations 2020.
- B For non-electronic and electronic prescription forms, the NHS Wales Shared Services Partnership (NWSSP) will capture the dispensed quantity from the Electronic Reimbursement Endorsement Message (EREM) and will reimburse the dispensed quantity according to the following arrangements:
- (i) Where the dispensed quantity is the same as the prescribed quantity, reimbursement will be paid as prescribed.
 - (ii) Where the dispensed quantity is lower than the prescribed quantity, reimbursement will be paid as supplied.
 - (iii) Where the dispensed quantity is up to and including 10% more than the prescribed quantity, reimbursement will be paid as supplied.
 - (iv) Where the dispensed quantity is greater than the prescribed quantity by more than 10%, reimbursement will be paid as prescribed.

For the purposes of this clause, “dispensed quantity” refers to the amount endorsed by the contractor through the EREM or non-electronic form.

CONSUMABLES AND CONTAINERS

See Part I Clause 5B 1 (iii)

1. A Pharmacy Contractor shall supply in a **suitable container** any drug which he is required to supply under Part II of Schedule 2 to the Regulations for England and under Part 2 of Schedule 5 to the National Health Service (Pharmaceutical Services) (Wales) Regulations 2020 for Wales.

Capsules, tablets, pills, pulvules etc shall be supplied in airtight containers of glass, aluminium or rigid plastics; card containers may be used only for foil/strip packed tablets etc.

For ointments, creams, pastes, card containers shall not be used

Eye, ear and nasal drops shall be supplied in dropper bottles, or with a separate dropper where appropriate.

2. Payment for **consumables** used when dispensing is at the average rate of **1.24p** per prescription for every prescription (except an oxygen prescription) supplied by contractors.

This payment includes

- Provision for supply of either a 5ml plastic measuring spoon (which shall comply with BS 3221:Part 6:1987), or a 1ml, 5ml or 10ml plastic oral syringe measure with every oral liquid medicine, except where the manufacturer's pack includes one. Plastic oral syringe measures must be clearly labelled 'oral' and/or 'enteral' in a large font size, comply with appropriate British or European Standards (BS 3221:Part 7:1995 or an equivalent European Standard for the 5ml syringe) and be wrapped together with a bottle adaptor and instructions. Choice of whether a spoon or syringe (and its size) is supplied will depend on the nature of the medication regime.
 - In very exceptional circumstances, or where specifically requested by the prescriber, dilution may still take place. The prescription should be endorsed accordingly.
 - Provision for supply of a dropper bottle or separate dropper with every prescription for a medicine which is for administration to or via the ear, eye or nose, or a vaginal applicator with every prescription for contraceptive gel or cream, except where the manufacturer's pack includes one.
3. Payment for **containers** will be at the rate of 10p for every prescription item supplied, except as outlined in paragraph 3A, where the quantity ordered is outside of the pack size (or a multiple of the pack size) for products:
 - Listed in Part VIIIA of the Tariff.
 - Not listed in Part VIIIA of the Tariff, the pack size published by the manufacturer, wholesaler or supplier is endorsed by or on behalf of the contractor.
 - Where the pack size is unknown by the Pricing Authority, the pack size endorsed by the contractor.

For contractors who have dispensed any drug except for oral liquid methadone against an FP10MDA prescription form, as a temporary measure, for prescriptions dispensed from April 2013, this payment will be made once per instalment ie per dispensing to the patient, regardless of whether the quantity ordered per dispensing was available as a listed pack size. For oral liquid methadone, this payment will only be made where the total volume prescribed is outside a pack size listed in Part VIIIA Drug Tariff listed pack (or a multiple of).

3A. The container payment described in paragraph 3 will not apply in the following circumstances:

- Where a special container is dispensed; and
 - Where the quantity dispensed and endorsed is no more than 10% greater or 10% less than the prescribed quantity to allow the original pack(s) to be provided according to paragraph 8, Part 2 of Schedule 4 to the NHS (Pharmaceutical and Local Pharmaceutical Services) Regulations 2013 for England and paragraph 8A, Part 2 of Schedule 5 to the National Health Service (Pharmaceutical Services) (Wales) Regulations 2020 for Wales.
4. Payment for consumables and containers is payable to pharmacy contractors only.

DEDUCTION SCALE (PHARMACY CONTRACTORS)

See Part I Clause 5B 1 (i)(b) (page 8)

Information for England only

From October 2022, the discount deduction applied to pharmacy contractors monthly total of reimbursement prices will be transitioning to new arrangements.

Under the new arrangements, which will be fully in place by January 2024, there will be three product groups each with their own deduction rates which will be applied to monthly reimbursement prices of the products in that group, as set out in the table below:

Table 1: Deduction rates

Group Name	Inclusion criteria	Deduction rate
Appliances	Part IX of the Drug Tariff	9.85%
Generics	Category A of Part VIIIA of the Drug Tariff Category M of Part VIIIA of the Drug Tariff	20%**
Brands*	Products not classified as an appliance or Products not classified as being listed in Categories A or M of Part VIIIA of the Drug Tariff	5%

* This means that the brands deduction rate will apply to some products that might in other circumstances be considered to be generic medicines, or in any event would not be considered to be branded medicines.

** From October 2022 to March 2023, the generics deduction rate was 17.52%.

The percentages in the table above will not apply to any product in 'Part II Drugs for which discount is not deducted'.

From October 2022, there will be a transition from the current arrangements to the new flat deduction rates for all three groups. Every quarter between October 2022 to January 2024, the deduction will move more towards the new rates with a variable weighting of the old rate and the new rates being applied as set out below. This timetable will be kept under review.

Table 2: Transition period

Time Period	Old rate weighting	New rate weighting
October 2022 - December 2022	85%	15%
January 2023 - March 2023	70%	30%
April 2023 - June 2023	50%	50%
July 2023 - September 2023	30%	70%
October 2023 - December 2023	15%	85%

During the transition, two calculations will be made, the discount at the old rate will be calculated according to Table 3 below, using the monthly total of reimbursement prices to establish the rate that should be applied, and the new rate will be calculated in accordance with the rates as set out in Table 1. The weighting during each quarter will be a varying proportion of the old and new rate as outlined above in Table 2.

From January 2024, the transition period will be complete, and contractors discount will be calculated solely using the new three flat rates.

PAYMENT FOR ESSENTIAL SERVICES (PHARMACY CONTRACTORS)**1. Establishment Payments****Wales only**

- 1.1 An Establishment Payment of £14,500 is payable to pharmacy contractors.
- 1.2 The Establishment Payment will be paid monthly, calculated as 1/12th of the payment.

2. Practice Payments**Wales only**

- 2.1 All pharmacy contractors in Wales only will receive a Practice Payment from 1 April 2005.
- 2.2 Practice Payments from 1 April 2026 to 31 March 2027, which includes a contribution for provision of auxiliary aids for people eligible under the Equality Act 2010 (EA) and, a contribution for transition will be as set out in the table below:

Number of items per month	Practice Payment from 1 April 2026 to 31 March 2027	Contribution in Practice Payment for EA from 1 April 2026 to 31 March 2027
Up to 1,099	£600	£600
1,100 - 1,499	£5,480	£1,200
1,500 - 2,499	£7,656	£1,500
2,500+	32p per item	6.6p per item

- 2.3 Practice payments will be paid monthly, calculated, subject to 2.2, on the basis of the number of prescription items submitted, and reimbursed by the Pricing Authority, in the relevant month.
- 2.4 From 1 October 2005, in order to receive the full Practice Payment pharmacy contractors must have, and must have declared to the Pricing Authority on the appropriate claim form for the relevant month minimum dispensing staff levels as set out in the table below:

Number of items per month	Minimum dispensing staff level (Hours per week)*
2,000 - 3,499	40 hours
3,500 - 4,999	56 hours
5,000 - 6,499	75 hours
6,500 - 7,999	94 hours
8,000 - 9,499	112 hours
9,500 - 10,999	131 hours
11,000**	150 hours

* Dispensing staff include: a pharmacist; a non-practising pharmacist working as a dispenser; a pre-registration trainee (only half of the pre-registration trainees' hours should be counted for this purpose) or an assistant trained to undertake the functions being performed. Where a staff member has multiple roles, only the number of hours spent supporting the dispensing process may be counted in the staffing declaration.

In determining the dispensing staff level to declare on the appropriate claim form the number of hours should be rounded as follows:
 0.5 or less round down to the nearest whole number of hours
 Above 0.5 round up to the nearest whole number of hours.

**Pharmacy contractors will be required to employ a staff member for an extra 19 hours per week for each additional 1,500 items the pharmacy contractor dispensed per month above 11,000 items.

PAYMENT FOR ESSENTIAL SERVICES (PHARMACY CONTRACTORS)

- 2.5 From 1 October 2005, where for any month a pharmacy contractor has declared to the Pricing Authority dispensing staff levels lower than those set out in the table in 2.4 above, the Practice Payment for the relevant month will be paid at the level that would be paid if the pharmacy only dispensed the number of items at the lowest level in the band that corresponds in the above table to its declared dispensing staff levels.
- 2.6 From 1 October 2005, where for any month a pharmacy contractor has not declared dispensing staff levels to the Pricing Authority, the Practice Payment for the relevant month will be paid at the minimum level.
- 2.7 Subject to 2.7.1 and 2.7.2, where total monthly payments in relation to prescriptions passed for pricing for the period April to March are less than the amount which would have been paid had the payment been calculated on the basis of the total of the relevant payments set out in the table in 2.2, pharmacy contractors may make a claim for a top up payment to the relevant LHB. They should submit, by 30 November, copies of WP34 statements for the relevant period (April to March) as evidence of the total number of prescription items passed for pricing during this period.
- 2.7.1 Where, in any month, Practice Payments were paid at a lower level because minimum dispensing staff levels were not met, those months shall be disregarded (in terms of both the number of items passed for pricing and the payments received) when calculating the amount of any top up payment which may be payable.
- 2.7.2 Where, in any month, Practice Payments were paid at a lower level because a pharmacy contractor did not declare dispensing staff levels, those months shall be disregarded (in terms of both the number of items passed for pricing and the payments received) when calculating the amount of any top up payment which may be payable, unless the pharmacy contractor can satisfy the relevant LHB that their dispensing staff levels were sufficient in respect of the table in 2.4 for the relevant month.

3. IM&T Services and Allowances (Wales)

- 3.1 Digital Health & Care Wales (DHCW) sets and delivers the strategic direction and corporate IM&T policy for Community Pharmacy in Wales.
- 3.2 There are parallel strategic developments within England and Wales in relation to the technical architectures that underpin the 'NHS Care Records Service' (England) and the 'Welsh GP Record' (Wales).
- 3.3 However, differences in direction and pace of these respective programmes have meant that Wales, via a national community pharmacy IM&T programme board of representative stakeholders, has determined appropriate and comparable solutions, deliverable through a pragmatic, phased approach.

IT Infrastructure and Connectivity Services

- 3.4 With effect from 31 March 2018 all Pharmacy Contractors are required to be compliant with the following NHS Wales requirements (IT Infrastructure and Connectivity Programme Phase 2 Releases 1, 2 & 3.)

Release Number	Service/System	Available Date	Maximum Deployment Timescale
1	NHS Wales-compliant Email service (<i>ENAS-Electronic NHS Alerts Service</i>)	1 April 2010	30 September 2010
2	ETP - 2D-Barcoded Prescription service	30 September 2010	30 September 2011
3	Electronic Transmission of Claims service	30 April 2017	31 March 2018

- 3.5 Payments for repeat dispensing and IM&T allowances were incorporated in the establishment payment from April 2022.

PAYMENT FOR ESSENTIAL SERVICES (PHARMACY CONTRACTORS)

- 3.6 From June 2019, compliance with phase 2, release 3 will be assessed against the percentage of ETC claim messages submitted for qualifying prescription items. Qualifying items are defined as those prescribed on a WP10 prescription containing a 2DRx barcode. In order to retain the IM&T allowance, each contractor must submit ETC claim messages to meet the following thresholds:

Date	Qualifying items in monthly account
From 1 June 2019	40%
From 1 September 2019	55%
From 1 December 2019	70%
From 1 March 2020	80%

Pharmacy contractors will be given at least three months' notice of their pharmacy IT system's capability to access each respective release of Phase 2. The following website provides additional information relating to the Phase 2 Releases: System Suppliers - NHS Wales Shared Services Partnership.

Exemptions to the requirements of 3.6

- 3.6.1 Pharmacy contractors using the Electronic Prescription Service (EPS) for the submission of Electronic Transmission of Prescriptions (ETP) are exempt from this requirement where the payment specified in 3.12.2 has been made.
- 3.6.2 Pharmacy contractors using a PMR system that is not ETP assured, where the pharmacy is a First of Type (FoT) for the PMR system supplier progressing through EPS Wales assurance (defined in the 'EPS Wales Approach to Assurance' documentation) are exempt from this requirement where the following conditions are met.
- The system supplier has met all NHS Wales pre-assurance conditions, including NHS England EPS assurance.
 - The maximum period for this exemption is 9 calendar months, inclusive of
 - a maximum period of 3 months before the agreed start date of FoT plus
 - a maximum period of 6 months of FoT (i.e. no more than 6 months have elapsed since the start of the Deployment Verification Period as part of FoT).

This exemption will cease should the contractor terminate the contract with the pharmacy system supplier or in the event the system supplier does not meet the milestones for assurance set out in the 'EPS Wales Approach to Assurance'.

- 3.7 From April 2021, the Microsoft 365 NHS Wales email service will be the only NHS Wales-compliant email service. To comply with Phase 2, release number 1, pharmacy contractors must ensure that the Microsoft 365 NHS Wales email service is adopted by 1 April 2021.
- 3.8 Appropriate arrangements must be in place to require a pharmacist or pharmacy technician to access their Microsoft 365 NHS Wales email daily, to deal appropriately and timeously with communications concerning patient safety from the Welsh Ministers, the Medicines and Healthcare products Regulatory Agency (MHRA) and NHS Wales communication issued via the NHS Wales Electronic National Alert Service (ENAS).
- 3.9 The arrangements required by 3.8 should detail the actions required by pharmacy staff to appropriately deal with all communications concerning patient safety, including keeping a record of actions undertaken to implement and/or comply with the communication. 'Appropriately' means that the Pharmacy Contractor has taken action to deal with the notice and Pharmacy Contractors are expected to meet the notice deadline in order to be considered to be acting in a 'timeously' manner, i.e. action is taken within the required timescale.

Electronic Prescription Service (EPS) Allowances (Wales)

- 3.10 The Electronic Prescription Service (EPS) will be deployed to facilitate the Electronic Transmission of Prescriptions (ETP) incrementally in Wales, in accordance with the assurance of EPS compliant pharmacy systems.

PAYMENT FOR ESSENTIAL SERVICES (PHARMACY CONTRACTORS)

-
- 3.11 To be able to use the Electronic Prescription Service, pharmacy contractors will need to have:
- 3.11.1 an EPS compliant dispensing system assured by Digital Health and Care Wales (DHCW), for use in Wales
 - 3.11.2 undertaken all the necessary pre-implementation activities in readiness for the implementation of EPS
 - 3.11.3 appropriate network connectivity to be able to operate the Electronic Prescription Service
 - 3.11.4 staff operating the service who are registered users and have been issued with NHS smartcards and passcodes under NHS England's registration authority arrangements.

EPS Pharmacy Allowance

- 3.12 A £1,250 EPS pharmacy allowance will be made to all pharmacy contractors included in a pharmaceutical list maintained by a LHB in Wales, where the pharmacy meets all requirements set out in paragraph 3.11.
- 3.12.1 The EPS pharmacy allowance is paid only once, in relation to pharmaceutical services provided by a pharmacy contractor included in a pharmaceutical list maintained by a LHB in Wales irrespective of any subsequent merger or sale; or where there has been a relocation, there is no right to claim a further allowance for the new relocated premises.
 - 3.12.2 Payment will be automatically made when a pharmacy contractor submits the first electronic reimbursement endorsement message to NHS Wales Shared Services Partnership (NWSSP). The payment will be made in the next available payment schedule in line with current payment timescales.

4. **Scheme to engage Community Pharmacy in a proportionate response to the emerging pandemic Influenza infection (Wales only)**

- 4.1 Pharmacy Contractors in Wales who engage in the delivery of arrangements to enable the dispensing of antiviral medication from the national stockpile will receive the fee of £4 per item of this stock dispensed. No other fees or allowances will be payable for or in respect of items dispensed under this scheme.
 - 4.2 This applies to stocks of antiviral medication delivered by LHBs to each community pharmacy across Wales in a pandemic situation namely:
Oseltamivir (Tamiflu) all presentations
Oseltamivir Oral solution (NHS manufactured special) 15mg in 1ml
Zanamivir (Relenza)
 - 4.3 Under the scheme GPs will write WP10 prescriptions for patients as outlined in the Chief Medical Officers letter dated 2 July 2009 and community pharmacists will dispense these prescriptions in accordance with the essential services element of their contract.
 - 4.4 The prescriptions for this treatment will be processed in the usual way through the prescription pricing system.
 - 4.5 The £4 per item of stock dispensed fee has been agreed in collaboration with Community Pharmacy Wales upon the principle that participation in the scheme should not afford the pharmacy contractor any loss of income nor should participation afford an opportunity to profit as a result of assisting in the delivery of services during a pandemic.
 - 4.6 Fees and allowances as described above shall only be payable during an influenza pandemic and subject to notification of pharmacy contractors by the Welsh Government.
 - 4.7 In situations other than an influenza pandemic, where a pharmacy contractor dispenses antiviral medication in accordance with the conditions described in Part XVIIIIB, normal remuneration and reimbursement mechanisms shall apply. Pharmacy contractors should not normally dispense antiviral medication from the national stockpile other than in those circumstances described above.
 - 4.8 This provision applies to prescriptions dispensed on or after 1 December 2010.
-

PAYMENT FOR ESSENTIAL SERVICES (PHARMACY CONTRACTORS)

5. Transitional Payments (England only)

- 5.1 From 1 February 2023 the monthly Transitional Payment paid to pharmacy contractors has been set at zero.
- 5.2 From 1 March 2024 the monthly Flat Fee paid to contractors has been set at zero.
- 5.3 Contractors should note that the monthly amount of the Flat Fee may change over the course of the year.

6. Reimbursement for PPE costs incurred within community pharmacy and dispensing appliance contractors (DACs) during the Covid-19 pandemic response (England only)

Background

- 6.1 Community pharmacies continued to operate throughout the Covid-19 pandemic. Guidance was issued on 19 March 2020 to advise on operating model changes to reduce the risk of transmission <https://generalpracticebulletin.cmail19.com/t/ViewEmail/d/42D38571E307F65F2540EF23F30FEDED/07BD036C356575E57EEA1DAE616D4B3C>
- 6.2 In April 2020, Public Health England (PHE) guidance on PPE for community pharmacy recommended the sessional use of Type IIR fluid-resistant surgical face masks (FRSM) where pharmacy staff are unable to maintain social distancing of 2 metres from patients (with possible or confirmed Covid-19).
- 6.3 Community pharmacies were invited to sign-up to the PPE portal from 3 August 2020 as an emergency supply route and then for all Covid-19 PPE requirements from 21 September 2020.

Claims process

- 6.4 Claims must be submitted through the MYS portal (with the exception of central claims made for pharmacies with six or more branches), for PPE purchased between 27 February 2020 and 31 December 2020 for use in the delivery of NHS pharmaceutical services up to 31 March 2021, as a result of Covid-19 infection control guidance. All claims must be submitted by 12 February 2021.
- 6.5 Pharmacies with six or more branches may make a single central claim that must be submitted by email to pharmacysupport@nhsbsa.nhs.uk. However, this must be supported by appropriate evidence, using the assigned spreadsheet to show what PPE was sent to each branch together with a cumulative total. This is being allowed on an exceptional basis because this claiming process is being implemented retrospectively. Had pharmacies known about this claims process at the time they may have established their accounting systems differently.
- 6.6 The items that can be claimed are aprons, gloves, Type IIR masks and hand sanitiser. Between 27 February 2020 and 30 June 2020 any protective equipment used in substitution of unavailable items can be covered under standard claims. This includes visors. Where the standard claims amount does not cover the costs for standard protection, an exceptional claim should be made.
- 6.7 Each pharmacy will be able to make claims under two categories:
 - **standard claims** – set at a banded rate to cover standard PPE use from 27 February 2020 to 31 October 2020. However, this would not apply to pharmacies that were open for less than 90% of the time period, or that changed ownership during this time.
 - **exceptional claims** – to cover any PPE purchased between 27 February 2020 and 31 October 2020 in excess of the standard claim value and to be used up to 31 March 2021 and/or any PPE purchased from 1 November 2020 to 31 December 2020 and to be used up to 31 March 2021. Any pharmacies that were open for less than 90% of the time period from 27 February 2020 to 31 October 2020 or that changed ownership during this time period will also need to claim their actual costs via the exceptional claim route.
- 6.8 Distance selling pharmacies and dispensing appliance contractors will be eligible to claim the standard payment based on their dispensing volumes in the same way as bricks and mortar pharmacies. They will also be eligible to make an exceptional claim.

PAYMENT FOR ESSENTIAL SERVICES (PHARMACY CONTRACTORS)*Standard claim criteria*

- 6.9 Standard claims must meet the following criteria:
- a They must relate to costs incurred between 27 February 2020 and 31 October 2020;
 - b They must require the contractor to declare that -
 - (i) their claim relates to PPE purchased for use in delivery of NHS pharmaceutical services and in accordance with PHE guidance,
 - (ii) they were open for at least 90% of the period in question (under their current ODS code), and
 - (iii) whether they opened for more than 60 hours per week on average over the period; and
 - c They will be paid at the claim amounts per Table 1. These amounts allow for:
 - (i) Sessional use of masks for dispensing plus an allowance for clinical services, excluding flu vaccinations (covered under sessional use) at £30 per box of 50 masks (£0.60 per mask), and
 - (ii) One box of gloves per month for all pharmacies, one roll of aprons for February – October and hand hygiene for February – October.

Table 1. Standard claim bands

Band	Number of items per month		Standard claim, <=60 opening hours	Standard claim, >60 opening hours
1	0	100	£830	£1,650
2	101	2,500	£830	£1,650
3	2,501	5,000	£1,030	£1,850
4	5,001	12,500	£1,640	£2,460
5	12,501	19,167	£2,490	£3,310
6	19,168		£3,240	£4,060

Exceptional claims criteria

- 6.10 Exceptional claims must meet the following criteria:
- a they must relate to expenditure incurred during the period from 27 February 2020 to 31 October 2020 only where expenditure is in excess of the standard claim value or where the contractor has not been open for the requisite 90% of the period or has changed ownership;
 - b they must be for expenditure with an invoice date up to and including 31 December 2020 and for PPE to be used up to 31 March 2021;
 - c where they relate to expenditure incurred from 1 November 2020 to 31 December 2020, the contractor will be required to declare that they did not receive duplicative PPE from the portal during the same period;
 - d contractors must confirm that they have documentation to evidence the value of their combined standard and exceptional claims and can make this documentation available on request; and
 - e where they relate to PPE that is outside the standard list (aprons, gloves, Type IIR masks and hand sanitiser) the contractor must be able to evidence the need for that PPE if requested to do so. This evidence may take the form of a staff risk assessment or similar.
- 6.11 We intend to review the exceptional claims prior to payment on a sample/risk basis including checks of proof of purchase documentation, and, by exception, a clinical review of the appropriateness of the claim.

PAYMENT FOR ESSENTIAL SERVICES (PHARMACY CONTRACTORS)

Additional Information

- 6.12 Where contractors have monthly dispensing volumes that apply to multiple claim bands, the mode average will be used to calculate payment. Where there are two modes, the higher claim band will be used.
- 6.13 Contractors whose exceptional claims were wholly or partly rejected may request a review of the payment by the Department of Health and Social Care.

A contractor may request a review if:

- they wish to question how the criteria in paragraphs 6.10 or 6.11 were applied.
- in their view an error was made in the handling of their claim.

The Department of Health and Social Care will have access to the evidence previously supplied to the NHSBSA to support the exceptional claims criteria above. If available, contractors may also supply additional information to support their claim. Please note however, that new or increased claims will not be accepted. Contractors may be contacted directly by a DHSC or NHSBSA official to discuss their claim in person and if the contractor wishes, a Community Pharmacy England representative or official may also be asked to participate in the discussions.

All requests for review must be submitted to pharmacysupport@nhsbsa.nhs.uk by no later than 30 September 2021 and should include 'PPE' in the email subject.

7. NHS Discharge Medicine Service (England only)

- 7.1 Pharmacy contractors will receive an upfront payment of £400 to support initial costs incurred in setting up the NHS Discharge Medicine Service (DMS) (including the development of Standard Operating Procedures and training and assessment of competence). Any pharmacy on the pharmaceutical list on 1 February 2021 will automatically receive this payment on 1 April 2021, and this payment will be itemised in the Schedule of Payments. Any new pharmacies opening after 1 February 2021 but before the end of the 2021/22 financial year (this excludes contractors changing ownership, merging or relocating) will automatically be itemised in the next applicable Schedule of Payments.
- 7.2 From 15 February 2021 pharmacy contractors will receive a fee of £35 for each completed NHS DMS (i.e. stages 1 to 3 have been completed as set out in paragraph 7.3 below). The payment must be claimed via the Manage Your Service (MYS) portal no later than the 5th day of the month following that in which the NHS DMS was completed. To align with the payment timetable highlighted in Table 3 in Part I of the Drug Tariff, where one or more bank holidays occur within the first five days of the following month, claims for payment should be submitted by the 6th of that month. That claim must be made by somebody who is or is acting under the responsibility of a registered pharmacist or pharmacy technician, who is responsible for maintaining the confidentiality of any personal data concerning health that is submitted as part of the claim.
- 7.3 On the rare occasion (see paragraph 7.4) that a pharmacy contractor might not be able to complete the NHS DMS in full, the contractor will be able to claim the following fees for the stages of the NHS DMS that have been completed (n.b. details on the action required by pharmacy contractors at each stage of the NHS DMS are provided in Chapter 8 of Guidance on the NHS (Charges and Pharmaceutical and Local Pharmaceutical Services) (Amendment) Regulations 2020):
- Stage 1 - £12
 - Stage 2 - £11
 - Stage 3 - £12

PAYMENT FOR ESSENTIAL SERVICES (PHARMACY CONTRACTORS)

- 7.4 The claim for the stages of the DMS completed by the contractor must be made via the MYS portal no later than the 5th day of the month following that in which the final stage that the contractor was able to undertake was completed. To align with the payment timetable highlighted in Table 3 in Part I of the Drug Tariff, where one or more bank holidays occur within the first five days of the following month, claims for payment should be submitted by the 6th of that month. From 1 July 2024, if the contractor fails to submit by this deadline, later submissions will be accepted but only if made within three months of the date by which the claim should have been submitted. Later claims will not be paid. Where a contractor has completed some of the stages of the NHS DMS, but not all the stages of the NHS DMS that they intend to complete, they should not yet make a claim. When a contractor does claim payment for all of the stages they provided, but not for a completed DMS referral, the contractor will only receive payment for the stages of the DMS that they have completed.

8. Reimbursement of Covid-19 costs incurred by pharmacy contractors between 1 March 2020 and 31 March 2021 and recovery of the uplift to the advance payments received between 1 April 2020 and 1 July 2020 (England only)

- 8.1 Pharmacy contractors can claim for specific categories of Covid-19 related costs incurred between 1 March 2020 and 31 March 2021 in delivery of NHS pharmaceutical services.
- 8.2 Payments will be made on 1 October providing pharmacy contractors submit their claims as per paragraphs 8.4 and 8.5, subject to the arrangements for reviews and appeals in paragraph 8.10.
- 8.3 The uplift to the advance payments received between 1 April 2020 and 1 July 2020 (see Part I, Clause 5C paragraph 3 for detail) will be recovered as part of the monthly reconciliation from 1 October 2021 to 1 March 2022 in six equal parts. In cases of a change of ownership, the recovered payments will reflect the advance payments received by the previous owner, where the pharmacy F-code has been retained by the current owner.
- 8.4 Where there has been a change of ownership of a pharmacy after 15 August 2021, and the current owner of that pharmacy has a different pharmacy F-code as a result of that change but is, for the assessment of tax purposes, an associated company of the previous owner (for example, because the company that is current owner is under the control of the same person or persons as the company that was the previous owner), the recovered payments from the current owner will also reflect the advance payments received by the previous owner. If there is no such connection but the Secretary of State is nevertheless satisfied, from the surrounding circumstances, where ownership has changed after 15 August 2021, that the current owner could have retained the pharmacy F-code of the previous owner but has changed it wholly or partly in order to avoid liability for re-payment of the advance payments that the previous owner received, the Secretary of State may determine that current owner will be liable for the recovered payments that the current owner would have been liable for, had the current owner retained the pharmacy F-code of the pharmacy. The Secretary of State will determine such cases on referral from the NHSBSA and may ask the current and/or the previous owner to supply evidence and/or make written representations before making his determination.

Claims process for Covid-19 related costs of the four specified categories

- 8.5 All claims must be submitted to the NHSBSA between 5 July and 15 August 2021 by completing and returning the [claim form](#).
- 8.6 Pharmacies with two or more branches may make a single claim and provide documentation to evidence claims at company level.

PAYMENT FOR ESSENTIAL SERVICES (PHARMACY CONTRACTORS)

8.7 There are four categories of costs that can be claimed for. These are set out in table 1.

Table 1. Categories of Covid-19 costs that can be claimed for

	Category of costs	Includes	Excludes	Acceptable evidence
1	Additional staff costs due to Covid-19	- Additional staff costs for backfilling staff that were ill, shielding or self-isolating due to Covid-19 - Additional staff costs to deal with the increased demand in / time needed for the provision of NHS pharmaceutical services	- Additional staff costs for regular (non-Covid-19 related) absences - Deferred annual leave - Staff costs for Bank Holiday openings (funded separately)	Includes: - Invoices for locums - Overtime paid for staff - Increased overall staff bill compared to previous years
2	Costs for making premises Covid-secure	- Costs for Covid-19 related cleaning/ hygiene products - Costs for messaging and barriers - Costs exceeding £300 for adjusting premises to support social distancing	- PPE and hand sanitiser (provided/ funded separately) - Costs up to £300 for adjusting premises to support social distancing (funded separately)	Includes: - Invoices/receipts
3	IT and communication costs to support remote working and virtual patient contact due to Covid-19	- Hardware costs (e.g. phones, laptops, webcams) - Software costs (e.g. software licences)		Includes: - Invoices/receipts Additional evidence is required to demonstrate that the costs are Covid-19 related, e.g. evidence of spend in previous years, justification that these are additional costs as a result of Covid-19
4	Notified closures for infection control purposes (maximum 14 days)	- Notified closures for infection control purposes where all staff had to self-isolate - Notified closures for infection control purposes of pharmacies in health centres	- Closures not notified to NHSE&I - Closures not for the purpose of infections control - Closures for business reasons - Closures exceeding 14 days	Contractors are asked to specify the dates and number of days the pharmacy closed following notification of NHSE&I. Following confirmation from NHSE&I that the contractor notified the closure and that the closure is in scope, contractors will be paid according to paragraph 8.8d.

PAYMENT FOR ESSENTIAL SERVICES (PHARMACY CONTRACTORS)

8.8 Each claim must -

- (a) Confirm that it is for Covid-19 related costs in the four categories in table 1, incurred between 1 March 2020 and 31 March 2021 for the delivery of NHS pharmaceutical services.
- (b) Specify the amount claimed in each category of costs (categories 1 to 3) and the evidence available to support the claim.
- (c) Confirm that the documentation to evidence the value of the claim will be made available to the NHSBSA on request within 5 working days upon receiving a request from the NHSBSA.
- (d) Where a claim is made for closures agreed by NHSE&I, confirm that the closure was agreed with NHSE&I, the period of the closure, the number of days the pharmacy was closed and the name of the NHS authority that was notified of the closure. If confirmed by NHSE&I that the closure was notified and is in scope, contractors will be paid their average daily fees in 2019/20 plus their average daily number of dispensed items in 2019/20 multiplied by £0.77 to reflect medicine margin for each day they were closed between 1 March 2020 and 31 March 2021 for a maximum of 14 days.
- (e) Be submitted by 15 August 2021.

8.9 Claims that do not meet the criteria set out in paragraph 8.8 will be rejected.

8.10 Claims will be reviewed before or following payment. Where the evidence submitted does not support the claim, the payment will either be reduced before it is made to the contractor or, if payment has taken place, the over-payment will be recovered from the contractor's next monthly payment. If a contractor does not agree with the reduction of their payment or the recovery of the difference between the amount claimed and the amount paid, then they should notify the NHSBSA that they want the amount of the claim that has not been assessed as payable, or any part of that amount, to be the subject of an independent internal review within 30 days from the date or receipt of the letter from the NHSBSA setting out the review process. A contractor should specify in the notification why they disagree with the amount of the claim not payable, including why they believe that the evidence provided supports a higher claim and/or why they believe any rejected costs are in scope of the claims process. A contractor may provide additional evidence to support the independent review. The independent review will only look at the part of the claim that the contractor states is in dispute. The NHSBSA will inform the contractor of the outcome of the independent review and will confirm the additional amount of the claim payable following independent review. If following independent review, a contractor still disagrees with the amount of the claim payable then they can appeal the disputed amount to the Secretary of State under section 9(6) of the NHS Act 2006 within 30 days from the date of receipt of the letter from the NHSBSA informing the contractor of the outcome of the independent review and setting out the appeal process.

8.11 Claims reviewed before payment in full will be made will include:

- (a) Claims exceeding one third of annual NHS income in 2020/21 for contractors who opened after March 2019 or an average of 2019/20 and 2020/21 income for contractors who opened before March 2019;
- (b) Claims where initial review identifies a risk of a potential error that could result in a significant overpayment.

Partial payment to contractors whose claims fall under categories 8.11a and 8.11b will be made to ensure the recovery of Covid-19 advance during the verification of these claims does not unreasonably affect contractor's cashflow.

Contractors will not automatically receive the amount they have claimed. Once the total number of claims is in, HM Treasury will be asked to determine the funding envelope for the claims. If the envelope is the same as the amount claimed, the claims will be paid in full. If some form of capping mechanism proves necessary, then this will be set out in a Drug Tariff determination that will be published in September.

PAYMENT FOR ESSENTIAL SERVICES (APPLIANCE CONTRACTORS)**1. Infrastructure Payments**

- 1.1 Appliance contractors who dispense a stated number of prescription items in any month will receive an Infrastructure Payment from 1 April 2010.
- 1.2 Except where paragraph 1.4 applies the level of infrastructure payment will be as follows:
- within the first band, all Appliance Contractors will receive a fixed monthly payment of £152.50; and
 - in the remaining bands, Appliance Contractors will be paid a fee per each Part IXA, Part IXB and Part IXC item dispensed in that month

Band identifier	Number of Part IX prescription items dispensed in one month	Infrastructure payment
A	1 - 10	£152.50 fixed
B	11 - 1,000	£13.82 per item
C	1,001 - 35,000	£2.44 per item
D	35,000 +	£2.33 per item

- 1.3 Infrastructure payment does not have to be claimed but will be paid automatically each month.
- 1.4 Appliance contractors who have been added to the pharmaceutical list following a successful application which was granted after 1 July 2010 on the basis of the exemptions set out in regulation 13 of the NHS (Pharmaceutical Services) Regulations 2005 will not receive any infrastructure payment if they dispense less than 2,240 items in any month. If they dispense 2,240 items or more, they will receive £2.44 per item for items dispensed between 2,240-35,000 and £2.33 per item for items dispensed above 35,000. Similar applications are not possible under the NHS (Pharmaceutical Services) Regulations 2012.

2. Electronic Transmission of Prescriptions Allowances

- 2.1 The Electronic Prescription Service will be deployed in phases with two releases (Release 1 and Release 2) of ETP compliant pharmacy systems. Further details of service implementation and deployment can be found at <http://www.digital.nhs.uk>.
- 2.2 In order to be able to use the Electronic Prescription Service appliance contractors will need to have:
- an ETP compliant dispensing system accredited as such by NHS Digital (either Release 1 or Release 2)
 - appropriate network connectivity to be able to operate the Electronic Prescription Service (details of connectivity arrangements for appliance contractors will be made available by NHS Digital)
 - staff operating the service who are registered users and have been issued with smart cards and PIN numbers under the NHSCB's registration authority arrangements.
- 2.3 The release 1 allowance is paid only once, in relation to pharmaceutical services provided at the same premises irrespective of any subsequent merger or sale; or where there has been a relocation, there is no right to claim a further Release 1 allowance for the new relocated premises
- 2.4 A further allowance of £1,000 will be paid linked to the appliance contractor deploying Release 2 of the Electronic Prescription Service. Payment will be automatically triggered, when an appliance contractor submits a synthetic reimbursement endorsement message to NHS Prescription Services. This synthetic reimbursement endorsement message must be submitted to NHS Prescription Services by a date yet to be determined of which three months notice will be given, in order for the allowance to be paid.

PAYMENT FOR ESSENTIAL SERVICES (APPLIANCE CONTRACTORS)

- 2.5 The Release 2 allowance is paid only once, in relation to pharmaceutical services provided at the same premises irrespective of any subsequent merger or sale; or where there has been a relocation, there is no right to claim further Release 2 allowance for the new relocated premises.
- 2.6 Subject to the conditions in 2.2, an appliance contractor who operates Release 1 or Release 2 of the service if an appropriate prescription is presented or requested, shall be entitled to an ETP monthly allowance of £200 per calendar month from the NHSCB for each month that he is able to operate the service.
- 2.7 A contractor must submit an ETP Monthly Allowance Claim Form (previously known as form PPAETP1) to the NHSCB by the end of the first month that he is able to operate the service to receive the monthly allowance for that month and subsequent months. If at a later date the appliance contractor becomes unable to operate the Electronic Prescription Service, the contractor must inform the NHSCB in writing immediately so that the NHSCB can determine whether payment of the ETP monthly allowance should be stopped on a permanent basis or suspended for a month (or other period as specified by the NHSCB). When the EPS service is resumed, a completed ETP Monthly Allowance Claim Form will need to be resubmitted.

3. Electronic Transfer of Prescriptions (Wales)

- 3.1 The Electronic Transfer of Prescription (ETP) service for Wales will be deployed in phases with two separate releases (Release 1, 2D Barcoded Prescriptions and Release 2, Electronic Transmission of Claims) of ETP compliant pharmacy systems. Further details of service implementation and deployment can be found at <http://howis.wales.nhs.uk/wmss>.
- 3.2 In order to be able to use the full Electronic Transfer of Prescription service, Dispensing Appliance Contractors will need to have:
 - an ETP compliant dispensing system, accredited as such by the NHS Wales (firstly Release 1 and then Release 2)
 - appropriate NHS Wales accredited network connectivity (details of which will be made available to Dispensing Appliance Contractors by NHS Wales), to be able to operate the full Electronic Transfer of Prescription service (specifically Release 2)
 - designated staff to operate the service who are registered users and have been notified to NHS Wales authorities.
- 3.3 Any Dispensing Appliance Contractors who have dispensed more than 1200 items in the 12 months preceding 1 April 2010 will be paid an allowance of £2,600 in their June 2010 payment. Payment will automatically be triggered and no claim form needs to be submitted. If an Appliance Contractor dispenses less than 1200 items in the 12 months before 1 April 2010 or they open after 1 April 2010, if they are in a position to operate Release 1 of the Electronic Transfer of Prescription service, they may claim the allowance of £2,600 by submitting an ETP3 Claim Form to the NHS Wales Business Services Centre. Claims must be made by 31 March 2011. After this date no further payments will be made in respect of Release 1.
- 3.4 The Release 1 allowance is paid only once, in relation to pharmaceutical services provided at the same premises irrespective of any subsequent merger or sale; or where there has been relocation, there is no right to claim a further Release 1 allowance for the new relocated Premises.
- 3.5 A further allowance of £1,000 will be paid linked to the Dispensing Appliance Contractor deploying Release 2 of the Electronic Transfer of Prescription service. Payment will be automatically triggered, when a Dispensing Appliance Contractor submits a synthetic reimbursement endorsement message to NHS Wales Prescription Services Unit. This synthetic reimbursement endorsement message must be submitted to NHS Wales Prescription Services Unit by a date yet to be determined of which three months' notice will be given, in order for the allowance to be paid.
- 3.6 The Release 2 allowance is paid only once, in relation to pharmaceutical services provided at the same premises irrespective of any subsequent merger or sale; or where there has been a relocation, there is no right to claim further Release 2 allowance for the new relocated premises.

PAYMENT FOR ESSENTIAL SERVICES (APPLIANCE CONTRACTORS)

- 3.7 Subject to the conditions in 3.2, a Dispensing Appliance Contractor who operates Release 1 or Release 2 of the service if an appropriate prescription is presented, shall be entitled to an ETP monthly allowance of £200 per calendar month from the LHB for each month that he is able to operate the service.
- 3.8 A Dispensing Appliance Contractor must submit an ETP1 Claim Form to the NHS Wales Business Service Centre by the end of the first month that he is able to operate the service to receive the monthly allowance for that month and subsequent months. If at a later date the Dispensing Appliance Contractor becomes unable to operate the Electronic Transfer of Prescription Service, the contractor must inform the LHB in writing immediately so that the LHB can determine whether payment of the ETP monthly allowance should be stopped on a permanent basis or suspended for a month (or other period as specified by the LHB). When the ETP service is resumed, a completed ETP1 Claim Form will need to be resubmitted.

ADVANCED SERVICES (PHARMACY AND APPLIANCE CONTRACTORS)(ENGLAND)

NEW MEDICINE SERVICE, STOMA CUSTOMISATION, APPLIANCE USE REVIEW, COMMUNITY PHARMACY SEASONAL INFLUENZA VACCINATION SERVICE, COMMUNITY PHARMACY ADULT SEASONAL INFLUENZA AND COVID-19 VACCINATION SERVICE, COMMUNITY PHARMACY CHILDHOOD SEASONAL INFLUENZA VACCINATION SERVICE, NHS PHARMACY FIRST SERVICE, NHS COMMUNITY PHARMACY HYPERTENSION CASE-FINDING SERVICE, COMMUNITY PHARMACY SMOKING CESSATION SERVICE, NHS PHARMACY CONTRACEPTION SERVICE AND LATERAL FLOW DEVICE (LFD) TESTS SUPPLY SERVICE

Advanced Services (Pharmacy and Appliance Contractors)(England)

1. The New Medicine Service (NMS), Stoma Customisation, Appliance Use Review, Community Pharmacy Seasonal Influenza Vaccination Service, Community Pharmacy Adult Seasonal Influenza and COVID-19 Vaccination Service, Community Pharmacy Childhood Seasonal Influenza Vaccination Service, NHS Community Pharmacy Hypertension Case-Finding Service, Community Pharmacy Smoking Cessation Service, NHS Pharmacy Contraception Service, NHS Pharmacy First Service and Lateral Flow Device (LFD) Tests Supply Service form part of the Advanced Services within the community pharmacy contractual framework. Stoma Customisation and Appliance Use Reviews are applicable to appliance contractors as well as pharmacy contractors. The relevant directions are now set out in the Pharmaceutical Services (Advanced and Enhanced Services)(England) Directions 2013, referred to in this Part as 'the principal Directions'.

New Medicine Service**Monthly Fees**

2. A monthly payment will be paid for each completed intervention consultation and each completed follow-up consultation. The fee for both types of consultation will be £14. Payment can only be claimed if a consultation has been undertaken with the patient; if the patient is not contactable or declines the consultation, a payment cannot be claimed for that consultation. Where an intervention consultation and a follow-up consultation have been completed the contractor should claim for two consultations on the Manage Your Service (MYS) portal.
3. The number of NMS consultations is subject to an overall cap of 0.9% of monthly prescriptions, according to the banded structure which can be found in Table 1. Please note, the consultation numbers in Table 1 have been doubled to allow both types of consultations to be claimed using the current MYS functionality as an interim measure.
4. Claims for payment should be submitted via the MYS portal provided by the NHSBSA by the 5th day of the month following the month in which the chargeable activity was provided. To align with the payment timetable highlighted in Table 3 in Part I of the Drug Tariff, where one or more bank holidays occur within the first five days of the following month, claims for payment should be submitted by the 6th of that month.

Table 1

Volume of prescription items per month	Combined maximum number of intervention and follow-up consultations per month for which £14 payment will be received

ADVANCED SERVICES (PHARMACY AND APPLIANCE CONTRACTORS)(ENGLAND)**Stoma Customisation**

5. In England, from 1 April 2010 a fee of £4.32 is payable for every Part IXC prescription item that can be customised¹. The fee does not have to be claimed and will be paid automatically to those pharmacy and appliance contractors who in England have informed the NHSBSA of their intention to provide stoma appliance customisation services as an advanced service by the end of the month before they start providing the service.
6. Contractors are however required to meet certain preconditions, set out below in direction 9 of the principal Directions, before NHS England is able to enter into arrangements with them to provide the service - and their ongoing entitlement to provide the service is subject to compliance with the conditions that NHS England is required to impose on them by virtue of direction 10 of the principal Directions.

¹Products that qualify for the stoma customisation fee have been annotated in the Drug Tariff.

Appliance Use Review

7. In England, from 1 April 2010 a fee is payable to all pharmacy and appliance contractors meeting the requirements for this service for each Appliance Use Review they have carried out. The requirements they have to meet are also set out below in directions 11 to 13 of the principal Directions. As with the stoma customisation, there are both preconditions that the contractor has to meet before NHS England is able to enter into arrangements with them (set out in direction 11 of the principal Directions), and ongoing entitlement to provide the service is subject to compliance with the conditions that NHS England is required to impose on them (see directions 12 and 13 of the principal Directions)
8. A fee of £28 is payable for an Appliance Use Review conducted at premises or by telephone or video link managed by the pharmacy or appliance contractor. A fee of £54 is payable for a review conducted at the user's home. If, within a 24 hour period, reviews are conducted for several users living at the same location, the appliance or pharmacy contractor may claim £54 for the first review and £28 for each subsequent review.
9. In England, the total number of Appliance Use Reviews that an appliance or pharmacy contractor may claim fees for will be limited to one for every 35 Part IXA (qualifying items), Part IXB and Part IXC prescription items dispensed for the period commencing on 1 April and ending on 31 March in any one year (see direction 13 of the principal Directions).
10. In England contractors will be paid monthly, via the Pricing Authority on receipt of the appropriate claim form in the relevant month.

Community Pharmacy Seasonal Influenza Vaccination Service (ending 31 March 2026)

11. From 1 September 2024 a fee of £9.58 will be paid for each adult flu vaccination administered to a patient who is part of an eligible patient cohort that has been announced and authorised by NHS England to receive the vaccine. The eligible patient cohorts are those patients included in the annual flu letter and listed in Annex A of the NHS service specification. NHS England have announced that, from 1 September 2025, pregnant women are an eligible patient cohort that are authorised to receive the adult flu vaccination and that from 1 October 2025 all other eligible patient cohorts are authorised to receive the adult flu vaccination.
12. Pharmacy contractors will be reimbursed the cost of the vaccine in accordance with Part II, Clause 8C (Basic Price) of the Drug Tariff. An allowance at the applicable VAT rate will also be paid.
13. The fees will be payable only to contractors meeting the requirements of the service. The complete service requirements are set out in directions 7A and 7B of the principal Directions and the NHS service specification.
14. Claims for payment should be submitted via the MYS portal provided by the NHSBSA by the 5th day of the month following the month in which the chargeable activity was provided. To align with the payment timetable highlighted in Table 3 in Part I of the Drug Tariff, where one or more bank holidays occur within the first five days of the following month, claims for payment should be submitted by the 6th of that month. Later submissions will be accepted but only if made within three months of the date by which the claim should have been submitted. Later claims will not be paid, unless the submission of a claim was delayed by IT issues outside the contractor's control (such as issues with the NHS approved API system used by the contractor or with the MYS portal). Such claims will be accepted outside the usual grace period within twelve months of the date by which

ADVANCED SERVICES (PHARMACY AND APPLIANCE CONTRACTORS)(ENGLAND)

the claim should have been submitted. This is subject to the NHSBSA receiving evidence of the IT issue, and only if investigation finds that the evidence demonstrates that the IT issue was outside the control of the contractor, and it delayed the claim submission.

15. Payments to contractors will be made monthly as part of their normal payment schedule. When submitting a monthly claim via MYS, contractors can only make a single claim for each calendar month.

Community Pharmacy Adult Seasonal Influenza and COVID-19 Vaccination Service

16. From 1 April 2026 a fee of £10.06 will be paid for each adult flu vaccination administered to a patient who is part of an eligible patient cohort that has been announced and authorised by NHS England to receive the vaccine. The eligible patient cohorts are those patients included in the annual flu letter. NHS England have announced that, from 1 September 2026, pregnant women are an eligible patient cohort that are authorised to receive the adult flu vaccination and that from 1 October 2026 all other eligible patient cohorts are authorised to receive the adult flu vaccination.
17. Pharmacy contractors will be reimbursed the cost of the adult influenza vaccine in accordance with Part II, Clause 8C (Basic Price) of the Drug Tariff. An allowance at the applicable VAT rate will also be paid.
18. For contractors who register to provide COVID-19 vaccinations as well as adult influenza vaccinations, the following fees will apply: a fee of £10.06 per COVID-19 vaccine administered on or after 1 April 2026 and before 1 September 2026; a fee of £8.70 per COVID-19 vaccine administered on or after 1 September 2026 and until 31 January 2027; and a fee of £10.06 per COVID-19 vaccine administered on or after 1 February 2027 until 31 March 2027. A fee will only be paid for each vaccination administered to a patient eligible to receive vaccination (by their inclusion in a JCVI cohort which has been announced and authorised by the Commissioner as eligible for vaccination by community pharmacy) during the dates announced and authorised by the Commissioner for the administration of COVID-19 vaccines.
19. Where the pharmacy contractor registers to provide COVID-19 vaccinations in addition to adult influenza vaccinations, access to COVID-19 vaccines will be provided centrally by the Commissioner. Therefore no claim for reimbursement of vaccine costs apply to those COVID-19 vaccines administered to patients.
20. The fees for both vaccination programmes will be payable only to contractors meeting the requirements of the service. The complete service requirements are set out in directions 7A and 7B of the principal Directions and the NHS service specification.
21. Claims for payment should be submitted via the MYS portal provided by the NHSBSA by the 5th day of the month following the month in which the chargeable activity was provided. To align with the payment timetable highlighted in Table 3 in Part I of the Drug Tariff, where one or more bank holidays occur within the first five days of the following month, claims for payment should be submitted by the 6th of that month. Later submissions will be accepted but only if made within three months of the date by which the claim should have been submitted. Later claims will not be paid, unless the submission of a claim was delayed by IT issues outside the contractor's control (such as issues with the NHS approved API system used by the contractor or with the MYS portal). Such claims will be accepted outside the usual grace period within twelve months of the date by which the claim should have been submitted. This is subject to the NHSBSA receiving evidence of the IT issue, and only if investigation finds that the evidence demonstrates that the IT issue was outside the control of the contractor, and it delayed the claim submission.
22. Payments to contractors will be made monthly as part of their normal payment schedule. When submitting a monthly claim via MYS, contractors can only make a single claim for each calendar month.

Community Pharmacy Childhood Seasonal Influenza Vaccination Service

23. From 1 October 2025 a fee of £9.58 will be paid for each childhood flu vaccination administered to a patient aged two or three years of age (but not aged less than two years of age or aged four years of age or over on 31 August 2025 i.e. they were born on or after 1 September 2021 and on or before 31 August 2023). Children in older age groups may be included in this service in the future if announced and authorised by NHS England.

ADVANCED SERVICES (PHARMACY AND APPLIANCE CONTRACTORS)(ENGLAND)

24. The first line vaccine for this service is the live attenuated influenza vaccine (LAIV). This vaccine is centrally supplied, therefore no claim for reimbursement of vaccine costs apply to those LAIV vaccines administered to patients. The second line vaccine for this service is the cell-cultured inactivated influenza vaccine (IIVc). The pharmacy contractor will be reimbursed for the cost of the IIVc vaccine administered, in accordance with Part II, Clause 8C (Basic Price) of the Drug Tariff and an allowance at the applicable VAT rate will also be paid. The IIVc vaccine should only be administered where the patient was unsuitable for LAIV. No other vaccine is authorised to be administered for this service.
25. The fees will be payable only to contractors meeting the requirements of the service. The complete service requirements are set out in directions 7BA and 7BB of the principal Directions and the NHS service specification.
26. Claims for payment should be submitted via the MYS portal provided by the NHSBSA by the 5th day of the month following the month in which the chargeable activity was provided. To align with the payment timetable highlighted in Table 3 in Part I of the Drug Tariff, where one or more bank holidays occur within the first five days of the following month, claims for payment should be submitted by the 6th of that month. Later submissions will be accepted but only if made within three months of the date by which the claim should have been submitted. Later claims will not be paid, unless the submission of a claim was delayed by IT issues outside the contractor's control (such as issues with the NHS approved API system used by the contractor or with the MYS portal). Such claims will be accepted outside the usual grace period within twelve months of the date by which the claim should have been submitted. This is subject to the NHSBSA receiving evidence of the IT issue, and only if investigation finds that the evidence demonstrates that the IT issue was outside the control of the contractor, and it delayed the claim submission.
27. Payments to contractors will be made monthly as part of their normal payment schedule. When submitting a monthly claim via MYS, contractors can only make a single claim for each calendar month.

NHS Pharmacy First Service - from 31 January 2024**i) NHS Referrals for Minor Illness & Urgent Medicines Supply**

28. In England the following fee will be paid for the provision of the Pharmacy First Service including activity that was previously covered by the former NHS Community Pharmacist Consultation Advanced Service (CPCS). Regardless of whether a medicine/appliance was supplied, a fee of £15.00 for each Urgent Medicine consultation and £17.00 for each Minor Illness consultation will be paid in respect of each referral received and completed by the pharmacy contractor via NHS 111, IUC CAS or a General Practice – to note General Practices cannot refer for an **Urgent Medicine Supply**. The same fee will also be paid in respect of each referral received and completed by the pharmacy contractor via - 999 services or providers of urgent and emergency care who are authorised by NHS England to provide these (for example, Urgent Treatment or Urgent Care Centres, an Emergency Department or an Accident and Emergency Unit) referral routes into Pharmacy First as part of the Advanced Service.
29. Other referrals via NHS 111, IUC CAS, General Practice, 999 services or providers of urgent and emergency care who are authorised by NHS England to provide this (for example, Urgent Treatment or Urgent Care Centres, an Emergency Department or an Accident and Emergency Unit) and requests by patients for emergency supplies that are not part of the Advanced Service, do not attract this fee.
30. No further fees will be paid for an **NHS Minor Illness** referral or an **Urgent Medicine Supply**.
31. Pharmacy contractors will be reimbursed* the cost of any supplied medicine/appliance following a referral for an **Urgent Medicine Supply** in accordance with Part II, Clause 8 (Basic Price) of the Drug Tariff. An allowance at the applicable VAT rate will also be paid, where applicable.
32. The fee mentioned in paragraph 28 will be payable only to contractors who have registered for the Pharmacy First Service via the NHSBSA MYS portal and who meet the requirements set out in the Service Specification.
33. The service requirements are set out in the principal Directions and the NHS England Service Specification. Whether or not a referral has been completed by the pharmacy contractor, is to be understood by reference to the Service Specification.
34. NHS Minor Illness and Urgent Medicine Supply consultations and the associated claims must be conducted in accordance with the service specification. Where claims are submitted and the data

ADVANCED SERVICES (PHARMACY AND APPLIANCE CONTRACTORS)(ENGLAND)

provided indicates the activity was not in accordance with the appropriate service specification, the payments may be withheld by the NHSBSA whilst the claims are reviewed. Payments will be authorised where the contractor provides sufficient evidence to demonstrate that the consultation and any supply (in the case of an Urgent Medicine Supply) was in accordance with the appropriate service specification.

35. Claims for payments for **NHS Minor Illness referrals** and **Urgent Medicine Supply** and for reimbursement of costs for items supplied for **Urgent Medicines Supply** referrals should be made monthly via the MYS portal. Contractors must use an IT solution that meets the minimum digital requirements of the service (as specified within the Community Pharmacy Clinical Standards) and that includes an application programming interface (API) to facilitate transfer of data into the MYS portal to support the Pharmacy First Service.
36. Claims for payment should be submitted via the MYS portal provided by the NHSBSA by the 5th day of the month following the month in which the chargeable activity was provided. To align with the payment timetable highlighted in Table 3 in Part I of the Drug Tariff, where one or more bank holidays occur within the first five days of the following month, claims for payment should be submitted by the 6th of that month. Later submissions will be accepted but only if made within three months of the date by which the claim should have been submitted. From 1 June 2025 later submissions will be accepted *but only if made by the final day of the month following the month in which the chargeable activity was conducted*. Later claims will not be paid, unless the submission of a claim was delayed by IT issues outside the contractor's control (such as issues with the NHS approved API system used by the contractor or with the MYS portal). Such claims will be accepted outside the usual grace period within twelve months of the date by which the claim should have been submitted. This is subject to the NHSBSA receiving evidence of the IT issue, and only if investigation finds that the evidence demonstrates that the IT issue was outside the control of the contractor, and it delayed the claim submission.
37. The NHSBSA will make appropriate payments claimed by the pharmacy contractor as described above, in the same payment month as other payments for NHS Pharmaceutical Services and the payments will be separately itemised on the FP34 Schedule of Payments.
38. Where urgent medicines or appliances are supplied as part of an Urgent Medicine Supply referral and the patient is exempt from payment of NHS prescription charges, the pharmacy contractor must complete an FP10DT EPS dispensing token with the information required in the NHS England Service Specification and ensure completion of the exemption declaration in line with paragraph 2 of Part XVI of the Drug Tariff. These completed FP10DT EPS dispensing tokens should be sent to the NHSBSA as part of the month-end submission (clearly separated within the batch and marked 'PF UMS'), which should be sent not later than the 5th day of the month following that in which the urgent supply was made*. To align with the payment timetable highlighted in Table 3 in Part I of the Drug Tariff, where one or more bank holidays occur within the first five days of the following month, claims for payment should be submitted by the 6th of that month.

*Subject to the contractor having submitted a claim via the MYS portal containing all of the required information, the cost of medicines or appliances supplied under this part of the service will be reimbursed using the basic price specified in Drug Tariff Part II Clause 8 (Basic Price). For clarity, no other elements of the Drug Tariff in relation to reimbursement of medicines or appliances apply to this service, including the payments for consumables and containers.

ii) Clinical Pathway consultations

39. **The Clinical Pathway consultations** element of the NHS Pharmacy First Service will launch on 31 January 2024. A fee of £17.00 will be paid per Clinical Pathway consultation that crosses the Gateway (which is detailed in each Clinical Pathway). The Service Specification, seven Clinical Pathways, Treatment Protocol and associated Patient Group Directions (PGDs) can be found on NHS England's website. All pharmacists must ensure that they have read the final version of all the PGDs and signed to declare they are willing and competent to work to them within their professional code of conduct before conducting any Pharmacy First **Clinical Pathway** consultations.
40. A monthly fixed payment of £1,000 will be paid to pharmacy contractors delivering the NHS Pharmacy First Service who reach the minimum number of consultations required from February 2024. **Table 2** sets out the minimum number of **Clinical Pathway** consultations* required to secure the associated fixed payment. All consultations delivered must be claimed according to the claim window set out in Paragraph 45. Pharmacy contractors who fail to reach the minimum number of

ADVANCED SERVICES (PHARMACY AND APPLIANCE CONTRACTORS)(ENGLAND)

consultations* in a month will only be paid the service fee of £17.00 per consultation. If the supply of a product is indicated and the contractor must refer a patient to another pharmacy to complete the consultation, the original pharmacy will not be eligible for a consultation fee.

41. From 1 June 2025, a monthly fixed payment of £500 will be paid to contractors delivering between 20-29 consultations each month and all contractors must have signed up to deliver the contraception service and must be registered (this includes during the contractor's notice period) and able to deliver the Hypertension Case-Finding Service to receive either the £500 or the £1,000 monthly fixed payment. To be eligible for payment, contractors must be registered to deliver the Pharmacy First Service, Pharmacy Contraception Service and Hypertension Case-Finding Service on the last day of the month. Contractors who give notice that they will no longer provide one of the three services partway through the month and are delivering the service on the last day of the month, will receive that month's fixed payment if they deliver the required number of clinical pathway consultations. Distance Selling Pharmacies will be exempt from the requirement to be registered to deliver the Hypertension Case-Finding Service only.

Table 2

	Minimum number of consultations* required to be delivered during the month to secure the £500 fixed payment	Minimum number of consultations* required to be delivered during the month to secure the £1,000 fixed payment

* Consultations must cross the Gateway point detailed in the Clinical Pathway and must not be referred to another pharmacy to be eligible.

42. The medicines that may be supplied as part of the **Clinical Pathway** consultations element of this service are listed and detailed in each PGD or Treatment Protocol. Only those medicines listed in the PGDs or Treatment Protocol will be eligible for payment. The following Parts of the Drug Tariff will apply: Part II Clauses 8, 10 and 13, Part IV and Part V (including where no discount deduction is applicable as set out in Part II). The reimbursement price will be based on the Part VIII generic price of a medicine linked to the Actual Medicinal Product Pack (AMPP)* code and the quantity submitted by contractors as part of the claiming process for the products supplied under the service. If the AMPP code submitted is associated with a Virtual Medicinal Product (VMP) of a Virtual Medicinal Product Pack (VMPP) listed in Part VIII or is a different pack size, the unit price of the listed pack size in Part VIII will be paid. If the AMPP code submitted is associated with a VMP of two or more VMPPs listed in Part VIII but is different to the pack sizes listed, the unit price of the listed pack size nearest to the quantity supplied will be paid. An allowance at the applicable VAT rate will be paid for products supplied under the Treatment Protocol.

*Please refer to the Editorial Policy document on the [dm+d](#) website for the definitions of AMPP, VMP and VMPP.

ADVANCED SERVICES (PHARMACY AND APPLIANCE CONTRACTORS)(ENGLAND)

43. From 1 April 2024, an initial cap of 3,000 consultations per month per contractor will be put in place. From 1 October 2024, new caps will be introduced based on the actual delivery of the Pharmacy First Clinical Pathways.

Pharmacy First Clinical Pathway - Caps

From October 2024 the methodology used to set the quarterly caps for Pharmacy Clinical Pathways delivery will follow these core principles:

- Average monthly delivery will be calculated using 3 months of the most recent data available.
- Total service delivery should not exceed a set figure per quarter which will be used to calculate the different caps according to delivery. This is to ensure spend is evenly distributed throughout the year for the service to ensure fair and consistent access for all contractors. Any underspend, where quarterly caps are not met, will be redistributed and factored into calculations for subsequent quarters.
- Contractors delivering activity below a set threshold will be grouped together with a single quarterly cap termed Band 1. This will not be set at a level that would prevent contractors from qualifying for the monthly fixed payments.
- From April 2025 until May 2026 each band had an equal number of contractors based on previous delivery. From June 2026 contractors will be split between bands so that each band is delivering an equal number of consultations.
- The remaining contractors will be split into a set number of bands according to delivery. Each band will have a different cap and this will apply to all contractors assigned that band in a given quarter.
- We will review the process regularly to ensure the methodology is robust, supports contractors to deliver the service and provides value for money to the NHS. We will consult on any changes to the methodology prior to implementation.

The Pharmacy First Clinical Pathway cap allocation, per contractor, can be found on the NHSBSA website at [NHS Pharmacy First Service \(PFS\) | NHSBSA](#)¹

From April 2025 the methodology to set monthly caps for Pharmacy First Clinical Pathways delivery will follow these core principles:

- Average monthly delivery will be calculated using 3 months of the most recent data available.
- Total service delivery should not exceed a set figure which will be used to calculate the different caps according to delivery. This is to ensure spend is evenly distributed throughout the year for the service to ensure fair and consistent access for all contractors. Any underspend, where caps are not met, will be redistributed and factored into calculations for subsequent months.

- The remaining contractors will be split into a set number of bands according to delivery. Each band will have a different cap and this will apply to all contractors assigned that band each month. The top Band cannot exceed 700 consultations each month.
- We will continue to review the process regularly to ensure the methodology is robust, supports contractors to deliver the service and provides value for money to the NHS. We will consult on any changes to the methodology prior to implementation.

The Q3 & Q4 2024/25 Cap Methodology

A Worked Example of the Calculation for Q3 Oct-Dec 2024.

The methodology for Q3 and Q4 of 2024/25 is illustrated in the example below:

Step 1: The average monthly delivery for each contractor between May and July will be calculated. *In October 2024, May-July will be the most recent data available.*

ADVANCED SERVICES (PHARMACY AND APPLIANCE CONTRACTORS)(ENGLAND)

Step 2: Where average monthly delivery is calculated to be <15 per month, then the quarterly cap for Band 1 will initially be set at 120 per contractor.

This ensures contractors are not prevented from securing the monthly fixed payments.

Step 3: The quarterly cap for those delivering an average of >=15 per month will be calculated using this formula: Cap available = 3m – cap allocated to Band 1 + redistribution from first half of the year.

The redistributed activity will be half of 3 million per quarter less actual activity delivered, estimated from the most recent data available. The other half of this will be allocated to 2024/25 Q4 - Jan-Mar.

Step 4: Where average monthly delivery is calculated to be >=15 appts per month, for Bands 2 and above, contractors will be split equally into bands each with a different quarterly cap.

Step 5: The activity per contractor per band will be calculated using this formula: Cap for pharmacies in Band x = Cap available * Band proportion of total delivery by pharmacies delivering an average of >=15 per month from the most recent data available from May to July / number of pharmacies in Band x.

Where this formula results in a cap less than 120, contractors will be placed in Band 1.

NOTE: This will be designed to prevent a significant jump between Bands 1 and 2. If this methodology results in a difference between Band 1 and Band 2 that exceeds 50 consultations, we will adjust redistributed funding so that the difference does not exceed 50 consultations.

The Cap Methodology from April 2025

The methodology for April 2025 is illustrated in the example below:

Step 1: The average monthly delivery for each contractor between November and January will be calculated.

In April 2025, November-January will be the most recent data available.

Step 2: Where average monthly delivery is calculated to be <15 per month, then the monthly cap for Band 1 will be set at a minimum of 30 per contractor.

This ensures contractors are not prevented from securing the monthly fixed payments.

Step 3: The monthly allocation for those delivering an average of >=15 per month will be calculated using this formula: Cap available = Total monthly allowance – cap allocated to Band 1 + redistribution from earlier in the year.

Step 4: Where average monthly delivery is calculated to be >=15 appts per month, for Bands 2 and above, contractors will be split equally into bands each with a different cap. The top Band cannot exceed 700 consultations per month.

Step 5: The activity per contractor per band will be calculated using this formula: Cap for pharmacies in Band x = Cap available * Band proportion of total delivery by pharmacies delivering an average of >=15 per month from the most recent data available from November to January / number of pharmacies in Band x.

NOTE: This will be designed to prevent a significant jump between Bands 1 and 2. If this methodology results in a difference between Band 1 and Band 2 that exceeds 30 consultations, we will adjust redistributed funding so that the difference does not exceed 30 consultations.

From June 2026 the cap methodology will largely remain the same, with one alteration in step 4. The contractors in Bands 2 and above will be split so that each band has an equal proportion of consultations delivered, prior to this date the bands have been split so that there were equal numbers of contractors.

From 1 June 2025, where there is a change of ownership, data from the previous contractor's delivery of Pharmacy First Clinical Pathway consultations will be used to inform the Band for the new contractor in the months following the change of ownership. Once the new contractor has submitted data for each month from the most recent data available used to calculate a cap, the data from the previous contractor will no longer be used. The Band assigned to an individual contractor as a result of a change of ownership prior to 1 June 2025 will be considered on a case-by-case basis. If contractors have undergone a change of ownership and do not appear on the cap allocation per contractor list, or wish to query the Band which they have been assigned, they can contact contractorpayments@nhsbsa.nhs.uk.

44. Claims for payments for the provision of **Clinical Pathway** consultations and reimbursement of products supplied should be made monthly via the MYS portal. Contractors must use an IT solution

ADVANCED SERVICES (PHARMACY AND APPLIANCE CONTRACTORS)(ENGLAND)

that meets the minimum digital requirements of the service (as specified within the Community Pharmacy Clinical Standards) and that includes an application programming interface (API) to facilitate transfer of data into the MYS portal to support the Pharmacy First Service.

45. Contractors will need to submit the claim within the MYS portal, by the 5th day of the month following the month in which the chargeable activity was provided. To align with the payment timetable highlighted in Table 3 in Part I of the Drug Tariff, where one or more bank holidays occur within the first five days of the following month, claims for payment should be submitted by the 6th of that month. If the contractor fails to submit by this deadline, later submissions will be accepted, but only if made within three months of the date by which the claim should have been submitted. From 1 June 2025, later submissions will be accepted *but only if made by the final day of the month following the month in which the chargeable activity was conducted*. Later claims will not be paid, unless the submission of a claim was delayed by IT issues outside the contractor's control (such as issues with the NHS approved API system used by the contractor or with the MYS portal). Such claims will be accepted outside the usual grace period within twelve months of the date by which the claim should have been submitted. This is subject to the NHSBSA receiving evidence of the IT issue, and only if investigation finds that the evidence demonstrates that the IT issue was outside the control of the contractor, and it delayed the claim submission.
46. If a contractor wishes to cease provision of the NHS Pharmacy First service, they must de-register and provide 30 days' notice of their intention to do so. To de-register, the contractor must do so via the MYS portal. Activity must continue to be provided during the notice period and contractors will continue to be paid in the usual way. Please note that following de-registration from the Pharmacy First service the contractor will not be able to re-register for the service for a period of one month from the final day of their 30 days' notice. After the one month period has passed, contractors can re-register for the service via the MYS portal.
47. Prescription charges will apply to any products supplied against PGDs and the Treatment Protocol unless the patient is exempt, in accordance with the arrangements for prescriptions – set out in Part XVI of the Drug Tariff.
48. Where medicines are supplied in accordance with the Clinical Pathway consultation element of the Pharmacy First Service the pharmacy contractor must ensure completion of an FP10DT EPS dispensing token for all patients, including those who are exempt from payment of NHS prescription charges and those that pay prescription charges, with the information required in the NHS England Service Specification. The pharmacy contractor must also ensure that any declaration that a charge has been paid has been signed, and ensure completion of any exemption declaration in line with Regulation 8 and Regulation 9 of the National Health Service (Charges for Drugs and Appliances) Regulations 2015. These completed FP10DT EPS dispensing tokens should be sent to the NHSBSA as part of the month-end submission (clearly separated within the batch and marked 'PF CP'), which should be sent not later than the 5th day of the month following that in which the supply was made. To align with the payment timetable highlighted in Table 3 in Part I of the Drug Tariff, where one or more bank holidays occur within the first five days of the following month, claims for payment should be submitted by the 6th of that month.
49. Pharmacy First Clinical pathway consultations and the associated claims must be conducted in accordance with the service specification and the subsequent supply of prescription-only-medicines must be in accordance with the relevant PGD. Supplies that are not within the scope of the PGD include those where an excessive quantity of medicine is supplied, a patient is outside the appropriate age range, an Acute Otitis Media consultation is conducted by a Distance Selling Pharmacy (DSP), or a patient is not part of a specified patient cohort (e.g. a woman aged 65 or over for the Uncomplicated Urinary Tract Infection clinical pathway). Where claims are submitted and the data provided indicates the activity was not in accordance with the appropriate PGD or service specification, the payments may be withheld by the NHSBSA whilst the claims are reviewed. Payments will be authorised where the contractor provides sufficient evidence to demonstrate that the supply was in accordance with the appropriate PGD or service specification.

NHS Community Pharmacy Hypertension Case-Finding Advanced Service

50. In England, pharmacy contractors who sign up to deliver the NHS Community Pharmacy Hypertension Case-Finding Advanced Service as an Advanced Service will qualify for a single upfront payment of £440 to support initial costs incurred in setting up the service (including the development of Standard Operating Procedures and training of staff delivering the service).
51. From 1 April 2025, a fee of £10 will be paid for each patient receiving a clinic blood pressure check. A fee of £50.85 will be paid for each appropriate provision of ambulatory blood pressure monitoring

ADVANCED SERVICES (PHARMACY AND APPLIANCE CONTRACTORS)(ENGLAND)

(ABPM) to a patient in accordance with the requirements of the service. These are set out in directions 7BG and 7BH of the principal Directions and the NHS England service specification.

52. The consultation fee paid will be in accordance with the month in which a claim is made, independent of which month the consultation was conducted.
53. The fees will be payable only to contractors meeting the requirements of the service as set out in directions 7BG and 7BH of the principal Directions and the NHS England service specification including notification of the intention to provide the service to NHS England by completing an electronic registration through the NHSBSA MYS portal.
54. NHS Community Pharmacy Hypertension Case-Finding Service consultations and the associated claims must be conducted in accordance with the service specification. Consultations that are not within the scope of the service specification include those where a patient meets one of the exclusion criteria (e.g. patients who have their blood pressure regularly monitored by a healthcare professional). Where claims are submitted and the data provided indicates the activity was not in accordance with the service specification, the payments may be withheld by the NHSBSA whilst the claims are reviewed. Payments will be authorised where the contractor provides sufficient evidence to demonstrate that the consultation was in accordance with the service specification.
55. From 1 September 2023 data to support claims should be submitted via an IT system with an NHS approved API link to the MYS portal, which is provided by the NHSBSA. The API data will be summarised in MYS. Contractors must use MYS to confirm the API data and submit the claim by the 5th of the month following the month in which the chargeable activity was delivered. To align with the payment timetable highlighted in Table 3 in Part I of the Drug Tariff, where one or more bank holidays occur within the first five days of the following month, claims for payment should be submitted by the 6th of that month. If the contractor fails to submit by this deadline, later submissions will be accepted, but only if made via MYS within three months of the date by which the claim should have been submitted. Later claims will not be paid, unless the submission of a claim was delayed by IT issues outside the contractor's control (such as issues with the NHS approved API system used by the contractor or with the MYS portal). Such claims will be accepted outside the usual grace period within twelve months of the date by which the claim should have been submitted. This is subject to the NHSBSA receiving evidence of the IT issue, and only if investigation finds that the evidence demonstrates that the IT issue was outside the control of the contractor, and it delayed the claim submission. If a contractor cannot confirm the API data in MYS as accurate, they should follow the instructions in MYS and contact their IT system supplier in the first instance.
56. The NHSBSA will make appropriate payments claimed by the pharmacy contractor as described above, in the same payment month as other payments for NHS Pharmaceutical Services and the payments will be separately itemised on the FP34 Schedule of Payments.
57. If a contractor wishes to cease provision of the NHS Hypertension Case-Finding service, they must de-register and provide 30 days' notice of their intention to do so. To de-register, the contractor must do so via the MYS portal. Activity must continue to be provided during the notice period and contractors will continue to be paid in the usual way. Please note that following de-registration from the Hypertension Case-Finding service the contractor will not be able to re-register for the service for a period of four months from the final day of their 30 days' notice. After the four month period has passed, contractors can re-register for the service via the MYS portal.

NHS Community Pharmacy Smoking Cessation Advanced Service

58. In England, from 1 November 2022 pharmacy contractors who sign up to deliver the NHS Community Pharmacy Smoking Cessation Advanced Service will qualify for a single payment of £1000* 30 days after registration on MYS to provide the service, which must include a declaration by the pharmacy contractor of readiness to provide the service. The NHSBSA will make the payment to the pharmacy contractor, in the subsequent payment cycle for other payments for NHS Pharmaceutical Services subject to the payment conditions below (see *).
59. If a contractor wishes to cease provision of this service, they must de-register and provide 30 days' notice. To de-register, the contractor must do so via MYS. Please note that following de-registration from the Smoking Cessation service the contractor will not be able to re-register for the service for a period of four months from the final day of their 30 days' notice. After the four month period has passed, contractors can re-register for the service via the MYS portal.
60. Any service activity contractors provide during their notice period will continue to be paid in the usual way.

ADVANCED SERVICES (PHARMACY AND APPLIANCE CONTRACTORS)(ENGLAND)

61. From 10 March 2022, for each patient referred who has a first consultation, a fee of £30 will be paid. Subsequently a fee for each interim consultation with a patient of £10 will be paid. On completion of the last consultation (which may be at any point from and including the four-week review up until the 12-week review) a fee of £40 for each patient will be paid.
62. No consultation fees can be claimed where the pharmacist or pharmacy technician cannot make any contact with the referred patient, or where the patient declines the referral on first contact.
63. The service requirements for this service are set out in directions 7BI and 7BJ of the principal Directions and the NHS England service specification.
64. The medicines that may be supplied as part of this service are listed below, and only those medicines listed will be eligible for payment.

66. The cost of those medicines, if supplied as part of the service, will be reimbursed using the basic price specified in the Drug Tariff Part II Clause 8 – Basic Price. No other elements of the Drug Tariff in relation to reimbursement of medicines apply to this service. An allowance at the applicable VAT rate will be paid to cover the VAT incurred when purchasing the supplied medicine.
67. Claims for payments for this service and for reimbursement of costs for items supplied should be made monthly. Contractors registered for the service have two routes available for claiming, and either:
- If the functionality is available, via an assured pharmacy IT system, contractors must use the MYS portal provided by NHSBSA; or
 - Contractors must download, complete and return the form provided by the NHSBSA on their website (<https://www.nhsbsa.nhs.uk/pharmacies-gp-practices-and-appliance-contractors/dispensing-contractors-information/nhs-smoking-cessation-service-referral-secondary-care->

community-pharmacy). Contractors should ensure that they complete the relevant sections, including the Declaration mentioned in paragraph 58 and return the completed form to the NHSBSA at mys@nhsbsa.nhs.uk.

68. Claims for payment should be submitted to the NHSBSA by the 5th of the month following the month in which the chargeable activity was provided. To align with the payment timetable highlighted in Table 3 in Part I of the Drug Tariff, where one or more bank holidays occur within the first five days of the following month, claims for payment should be submitted by the 6th of that month. If the contractor fails to submit by this deadline, later submissions will be accepted, but only if made within three months of the date by which the claim should have been submitted. Later claims will not be paid, unless the submission of a claim was delayed by IT issues outside the contractor's control (such as issues with the NHS approved API system used by the contractor or with the MYS portal). Such claims will be accepted outside the usual grace period within twelve months of the date by which the claim should have been submitted. This is subject to the NHSBSA receiving evidence of the IT issue, and only if investigation finds that the evidence demonstrates that the IT issue was outside the control of the contractor, and it delayed the claim submission.
69. NHS Community Pharmacy Smoking Cessation Service consultations, subsequent supply of medicines, and the associated claims must be conducted in accordance with the service specification. Consultations and supplies that are not within the scope of the service specification include those where a patient meets one of the exclusion criteria (e.g. children and adolescents under the age of 18). Where claims are submitted and the data provided indicates the activity was not in accordance with the appropriate service specification, the payments may be withheld by the NHSBSA whilst the claims are reviewed. Payments will be authorised where the contractor provides sufficient evidence to demonstrate that the consultation and supply were in accordance with the service specification.
70. The NHSBSA will make appropriate payments claimed by the pharmacy contractor as described above, in the same payment month as other payments for NHS Pharmaceutical Services and the payments will be separately itemised on the FP34 Schedule of Payments.

*If a contractor wishes to de-register or ceases trading within 30 days of registering, they will not be eligible for a set-up fee payment. If a contractor wishes to de-register or cease trading more than 30 days after registering, they will be eligible for a set-up fee payment.

NHS Pharmacy Contraception Service – Ongoing Supply and Initiation of Oral Contraception

71. In England, from 24 April 2023 pharmacy contractors who sign up to deliver the NHS Pharmacy Contraception Service Advanced Service will qualify for the first instalment of the setup, which is a single payment of £400.
72. A total of £900 will be paid in the following instalments: £400 paid 30 days after signing up to deliver the service on the NHSBSA MYS portal, £250 paid after claiming the first 5 consultations and £250 paid after claiming a further 5 consultations (a total of 10 consultations claimed). The NHSBSA will make the payment to the pharmacy contractor, in the subsequent payment cycle for other payments for NHS Pharmaceutical Services subject to the payment conditions.
73. From 1 December 2023 in addition to providing an ongoing supply of existing oral contraception, the service will expand to also include the initiation of oral contraception from a participating contractor. From 29 October 2025 the service will expand to include the supply of oral emergency contraception from a participating contractor. The service requirements for this service are set out in the current version of the [NHS Pharmacy Contraception Service Specification](#).
74. A fee of £25 will be paid per consultation for the ongoing supply or initiation of oral contraception.
75. From 29 October 2025, a fee of £20 will be paid per consultation for oral emergency contraception.
76. The medicines that may be supplied as part of this service are listed in the [Patient Group Directions \(PGDs\) for Combined Oral Contraceptives \(COC\), Progesterone Only Pills \(POP\) and oral Emergency Contraception \(EC\)](#) and only those medicines listed will be eligible for payment.
77. The cost of those medicines, if supplied as part of the service, will be reimbursed using the basic price specified in the Drug Tariff Part II Clause 8 – Basic Price. The total cost of those medicines supplied as part of this service will be subject to the brands deduction rate as set out in Part V. The allowance for containers and consumables will not apply to products supplied as part of this advanced service. No other elements of the Drug Tariff in relation to reimbursement of medicines apply to this service.

ADVANCED SERVICES (PHARMACY AND APPLIANCE CONTRACTORS)(ENGLAND)

78. NHS Pharmacy Contraception Service consultations and the associated claims must be conducted in accordance with the service specification and the subsequent supply of medicine must be in accordance with the relevant PGD. Supplies that are not within the scope of the PGD include those where an excessive quantity of medicine is supplied, a patient is outside the appropriate age range, or a patient meets one of the exclusion criteria (e.g. patients with an established pregnancy). Where claims are submitted and the data provided indicates the activity was not in accordance with the appropriate PGD or service specification, the payments may be withheld by the NHSBSA whilst the claims are reviewed. Payments will be authorised where the contractor provides sufficient evidence to demonstrate that the supply was in accordance with the appropriate PGD or service specification.
79. Claims for payment should be submitted by the 5th of the month following the month in which the chargeable activity was provided. To align with the payment timetable highlighted in Table 3 in Part I of the Drug Tariff, where one or more bank holidays occur within the first five days of the following month, claims for payment should be submitted by the 6th of that month. If the contractor fails to submit by this deadline, later submissions will be accepted, but only if made within three months of the date by which the claim should have been submitted. Later claims will not be paid, unless the submission of a claim was delayed by IT issues outside the contractor's control (such as issues with the NHS approved API system used by the contractor or with the MYS portal). Such claims will be accepted outside the usual grace period within twelve months of the date by which the claim should have been submitted. This is subject to the NHSBSA receiving evidence of the IT issue, and only if investigation finds that the evidence demonstrates that the IT issue was outside the control of the contractor, and it delayed the claim submission.
80. If a contractor wishes to cease provision of this service, they must de-register and provide 30 days notice of their intention to do so. To de-register, the contractor must do so via MYS. Please note that following de-registration from the Contraception service the contractor will not be able to re-register for the service for a period of four months from the final day of their 30 days' notice. After the four month period has passed, contractors can re-register for the service via the MYS portal.
81. Any service activity contractors provide during their notice period prior to de-registering will continue to be paid in the usual way. If a pharmacy contractor de-registers from the service or ceases trading within 30 days of registration, they will not qualify for the £400 set up fee. In this event, if the £400 fee has already been paid to the contractor, this money will be recovered from the contractor. Any pharmacy contractors that de-register from the service will not be eligible for a further set up fee of £400, if they re-register at a later date and the original £400 set up fee paid to them has not been reclaimed.
82. Contractors must use an IT solution that meets the minimum digital requirements of the service (as specified within the Community Pharmacy Clinical Standard) and that includes an application programming interface (API) to facilitate transfer of data into the MYS portal to support the Pharmacy Contraception Service.

Lateral Flow Device (LFD) Tests Supply Service (for patients potentially eligible for COVID-19 treatments)

83. From 6 November 2023, a fee of £4.00+VAT will be paid for each completed transaction of the supply of one box of five Covid-19 Lateral Flow Devices from the pharmacy on confirmation that the patient is part of the eligible cohort. From 1 April 2025 a fee of £4.10+VAT will be paid. From 1 April 2026 a fee of £4.19+VAT will be paid.
84. The full list of eligibility criteria is determined by NICE and can be found in the NICE guidelines 'Supporting information on risk factors for progression to severe COVID-19' and is duly referenced in the Service Specification. Contractors should make sure they are referring to the latest version of the eligibility criteria.
85. The fees will be payable only to contractors meeting the requirements of the service including notification of the intention to provide the service by completing an electronic registration through the NHSBSA MYS portal. These requirements are set out in directions 7BM and 7BN of the principal Directions and in the service specification.
86. The payment for these tests, where supplied as part of the service, will be £3.50 for 5 LFD tests. An allowance at the applicable VAT rate will also be paid. The Secretary of State determines the payment of the LFD tests to be the average of the list price for one box of 5 LFD tests by the following three suppliers: AAH Pharmaceuticals Ltd, Alliance Healthcare (Distribution) Ltd and Phoenix Healthcare Distribution Ltd on or before the 8th of the month before.

ADVANCED SERVICES (PHARMACY AND APPLIANCE CONTRACTORS)(ENGLAND)

In circumstances, where contractors are unable to source one box of 5 LFD tests at or below the Drug Tariff payment price listed in this Part, Community Pharmacy England may request a review of the payment price. The review requires contractors to report any issues with the supply, ordering and pricing of the tests to Community Pharmacy England. To support the handling of the review, contractors may be required to submit evidence of any difficulties experienced including issues with pricing or supply. Any claims and supporting evidence will then be referred by Community Pharmacy England to the Department of Health and Social Care for review. Following this process, the Department of Health and Social Care will publish any details of any revised payment price and the month(s) in which it will apply.

87. Claims for payment should be submitted by the 5th of the month following the month in which the chargeable activity was provided. To align with the payment timetable highlighted in Table 3 in Part I of the Drug Tariff, where one or more bank holidays occur within the first five days of the following month, claims for payment should be submitted by the 6th of that month. If the contractor fails to submit by this deadline, later submissions will be accepted, but only if made within three months of the date by which the claim should have been submitted. Later claims will not be paid.
88. If a contractor wishes to cease provision of this service, they must de-register and provide 30 days' notice of their intention to do so. To de-register, the contractor must do so by notifying the Commissioner via MYS. Please note that following de-registration from the LFD Tests Supply service the contractor will not be able to re-register for the service for a period of four months from the final day of their 30 days' notice. After the four month period has passed, contractors can re-register for the service via the MYS portal.

Revocation and saving

3.—(1) The Pharmaceutical Services (Advanced and Enhanced Services) (England) Directions 2012^(a) are revoked.

(2) Notwithstanding the revocation in paragraph (1)—

- (a) the 2012 Directions continue to have effect for the purposes of the resolution, in accordance with paragraph 13 of Schedule 9 to the Pharmaceutical Services Regulations (transitional provisions – service provision issues: NHS chemists), of any matter relating to compliance with the terms of service of NHS chemists included in the 2012 Directions which is outstanding on 1st April 2013; and
- (b) for these purposes, the continuity principles (as defined in paragraph 1(8) of Schedule 9 to the Pharmaceutical Services Regulations (transitional provisions – the continuity principles)) apply to the 2012 Directions as if those Directions were provisions of the National Health Service (Pharmaceutical Services) Regulations 2012^(b), as in force on 31st March 2013, for the purposes of paragraph 1 of Schedule 9 to the Pharmaceutical Services Regulations.

PART 2**Advanced services: pharmacy contractors only****MUR services: general matters and pre-conditions for making arrangements**

4.—(1) The NHSCB must make arrangements for the provision of medicines use review and prescription intervention services (“MUR services”) with any pharmacy contractor (P) who—

- (a) meets the conditions set out in paragraphs (3) to (5); and
- (b) wishes to enter into such arrangements or is required to do so by virtue of regulation 66 of the Pharmaceutical Services Regulations (conditions relating to providing directed services).

(2) The underlying purpose of MUR services is, with the patient’s agreement, to improve the patient’s knowledge and use of drugs by in particular—

(a) Signed on 20th July 2012.

(b) S.I. 2012/1909. These Regulations, and the amendments to them, were revoked by S.I. 2013/349.

- (a) establishing the patient's actual use, understanding and experience of taking drugs;
- (b) identifying, discussing and assisting in the resolution of poor or ineffective use of drugs by the patient;
- (c) identifying side effects and drug interactions that may affect the patient's compliance with instructions given to them by a health care professional for the taking of drugs; and
- (d) improving clinical and cost effectiveness of drugs prescribed to patients, thereby reducing the wastage of such drugs.

(3) Condition 1 is that P is satisfactorily complying with P's obligations under Schedule 4 to the Pharmaceutical Services Regulations (terms of service of NHS pharmacists) in respect of the provision of essential services and an acceptable system of clinical governance.

(4) Condition 2 is that—

- (a) if P is a registered pharmacist—
 - (i) P has an MUR certificate, or
 - (ii) if P intends to employ or engage a registered pharmacist to perform MUR services, that registered pharmacist has an MUR certificate; or
- (b) if P is not a natural person, any registered pharmacist P intends to employ or engage to perform MUR services has an MUR certificate,

and P has supplied a copy of such certificates to the NHSCB (or supplied them to the relevant Primary Care Trust before 1st April 2013) prior to entering into an arrangement to provide MUR services.

(5) Subject to paragraph (6), condition 3 is that the MUR services are provided at an acceptable location, and for these purposes, "acceptable location" means—

- (a) an area for confidential consultations at P's pharmacy premises, which is—
 - (i) clearly designated as an area for confidential consultations,
 - (ii) distinct from the general public areas of the pharmacy premises, and
 - (iii) an area where both the person receiving MUR services and the registered pharmacist providing those services are able to sit down together and talk at normal speaking volumes without being overheard by any other person (including pharmacy staff),
- except that paragraphs (i) and (ii) shall not apply in circumstances where the pharmacy premises are closed to other members of the public;

- (b) an area for confidential consultations which is not at P's pharmacy premises, which is—
 - (i) clearly designated as an area for confidential consultations,
 - (ii) distinct from the general public areas of the premises in which it is situated, and
- (iii) an area where both the person receiving MUR services and the registered pharmacist providing those services are able to sit down together and talk at normal speaking volumes without being overheard by any other person,

and the NHSCB (or before 1st April 2013 the relevant Primary Care Trust) has approved the premises where the area is situated as being premises at which MUR services may be provided (and that approval has not been withdrawn); or

- (c) premises to which neither sub-paragraph (a) or (b) applies, but which are—
 - (i) premises as regards which P has obtained the approval of the NHSCB to provide MUR services to a particular patient on a particular occasion, or
 - (ii) premises or a category of premises as regards which P has obtained the approval of the NHSCB (or before 1st April 2013 the relevant Primary Care Trust) (which has not been withdrawn) to provide MUR services to a particular category of patients, in such circumstances and subject to such conditions as the NHSCB (or before 1st April 2013 the relevant Primary Care Trust) may have specified (which the NHSCB may vary without withdrawing its approval).

ADVANCED SERVICES (PHARMACY AND APPLIANCE CONTRACTORS)(ENGLAND)

(6) A registered pharmacist who is, or who is employed or engaged by, P may provide MUR services other than at an acceptable location if that registered pharmacist does so—

- (a) by telephone to a particular patient on a particular occasion; and
- (b) in circumstances where the telephone conversation cannot be overheard (except by someone whom the patient wants to hear the conversation, for example a carer),

but only if P has obtained the approval of the NHSCB to do so on that particular occasion.

MUR services: ongoing conditions of arrangements

5.—(1) The NHSCB must ensure that arrangements pursuant to direction 4(1) with a pharmacy contractor (P) provide that—

- (a) only a registered pharmacist with an MUR certificate, a copy of which has been supplied to the NHSCB (or before 1st April 2013 the relevant Primary Care Trust), may perform MUR services;
- (b) MUR services are only provided—
 - (i) at an acceptable location within the meaning given in direction 4(5), excepted in the circumstances provided for in direction 4(6), and
 - (ii) at a location for which the NHSCB's approval is required by virtue of direction 4(5)(b) or (c), if the necessary approval has been given by the NHSCB (or, in the case of approvals under direction 4(5)(b) or (c)(ii), before 1st April 2013 by the relevant Primary Care Trust) and has not been withdrawn;
- (c) where MUR services are provided other than at an acceptable location within the meaning given in direction 4(5), they are only provided—
 - (i) by telephone to a particular patient on a particular occasion, and
 - (ii) in circumstances where the telephone conversation cannot be overheard (except by someone whom the patient wants to hear the conversation, for example a carer), with P having obtained the approval of the NHSCB to do so on that particular occasion;
- (d) subject to paragraph (2), no more than 400 MUR services consultations are carried out under the arrangements in any financial year (whether at an acceptable location or by telephone);
- (e) an MUR services consultation which is not triggered by concerns over patient adherence must not be offered to a patient unless the patient has been receiving pharmaceutical services from P at or from the pharmacy premises for a period of at least 3 consecutive months;
- (f) a patient must not have—
 - (i) more than one MUR service consultation in any period of 12 months unless in the reasonable opinion of a registered pharmacist the patient's circumstances have changed sufficiently to justify one or more further consultations during this period, or
 - (ii) an MUR service consultation within 6 months of a consultation as part of a New Medicine Service, unless in the reasonable opinion of a registered pharmacist there are significant potential benefits to the patient which justify providing MUR services to them during this period;
- (g) at least 50% of the MUR services consultations carried out by P at or from pharmacy premises in any financial year are to be carried out with patients who are in one or more of the national target groups set out in Schedule 1;
- (h) P ensures that a written record of each MUR service consultation carried out by or on behalf of P is prepared by the registered pharmacist who carried out the consultation, on the approved form or in the approved manner and including the approved data ("approved" for these purposes means approved by the NHSCB);

ADVANCED SERVICES (PHARMACY AND APPLIANCE CONTRACTORS)(ENGLAND)

- (i) where the record mentioned in sub-paragraph (h) has to be on an approved form, P provides a copy of that form to the patient with whom the consultation to which it relates was carried out;
- (j) P provides information from the record mentioned in sub-paragraph (h) to the NHSCB or the Secretary of State, on request, in the manner approved for this purpose, and for the purposes approved, by the NHSCB;
- (k) P ensures that where—
 - (i) MUR services are provided to a patient by or on behalf of P, and
 - (ii) a registered pharmacist providing those services is of the opinion that it is appropriate to provide feedback about the consultation to any provider of primary medical services of which that patient is a registered patient,

that feedback is provided on the approved form or in the approved manner (“approved” for these purposes means approved by the NHSCB);
- (l) P keeps a copy of the record mentioned in sub-paragraph (h) for at least two years after the date on which the consultation to which the record relates is carried out;
- (m) the NHSCB must terminate the arrangements if it is on notice that P is not, or no longer, satisfactorily complying with P’s obligations under Schedule 4 to the Pharmaceutical Services Regulations (terms of service of NHS pharmacists) in respect of the provision of essential services and an acceptable system of clinical governance;
- (n) MUR services are only to be provided to patients who are being prescribed more than one drug, unless the only drug they are being prescribed is a high risk medicine; and
- (o) P must obtain from each patient to whom P provides MUR services a signed consent form to receiving those services, which—
 - (i) includes the approved wording as regards consent (“approved” for these purposes means approved by the NHSCB), and
 - (ii) amongst other matters, indicates the patient’s consent to particular information, specified in the form, relating to MUR services provided to the patient being handled in the manner specified in the form (for example, for the purposes of post payment verification),

and P must not provide MUR services to a patient unless the patient’s consent to that information being handled in the manner specified has been obtained.

(2) As regards the first financial year during which any arrangements made with a pharmacy contractor to provide MUR services have effect, paragraph (1)(d) shall apply as if for “400” were substituted “200” if the arrangements only take effect on or after 1st October of that financial year.

(3) For the purposes of paragraph (2), arrangements with P to provide MUR services at or from a particular location are to be treated as taking effect once P has—

- (a) notified the NHSCB (or before 1st April 2013 the relevant Primary Care Trust) in writing that P intends to start providing the MUR services; and
- (b) supplied the NHSCB (or before 1st April 2013 the relevant Primary Care Trust) with copies of any MUR certificates that P is required to supply in order to satisfy the condition in direction 4(4).

(4) For the purposes of paragraph (1)(f)(i), a patient’s circumstances are to be treated as having changed sufficiently to justify one or more further consultations if the patient—

- (a) has been discharged from hospital; and
- (b) has had changes made to the drugs they are taking while they were in hospital.

(5) A consultation as part of a New Medicine Service is not to be taken into account for the purposes of paragraph (1)(f)(ii) if since that consultation the patient—

- (a) has been discharged from hospital; and
- (b) has had changes made to the drugs they are taking while they were in hospital.

(6) A form approved by the NHSCB pursuant to paragraph (1)(h) may be in the form of an electronic record and may be sent or stored electronically (an approved manner may also provide for electronic storage and transmission of the approved data set).

(7) Any approval of the Secretary of State under direction 5(1)(h), (j), (k) or (o)(i) of the 2012 Directions (MUR services: ongoing conditions of arrangements) continues in effect under the corresponding provision of paragraph (1), unless or until the approval is revoked or superseded by an approval of the NHSCB under that corresponding provision.

New Medicine Service: general matters and preconditions for making arrangements

6.—(1) The NHSCB must make arrangements for the provision of a New Medicine Service with any pharmacy contractor (P) who—

- (a) meets the conditions set out in paragraphs (3) to (9); and
- (b) wishes to enter into such arrangements or is required to do so by virtue of regulation 66 of the Pharmaceutical Services Regulations (conditions relating to providing directed services).

(2) The underlying purpose of a New Medicine Service is to promote the health and well being of patients prescribed with new medicines for long term conditions, in order—

- (a) as regards the long term conditions—
 - (i) to help reduce symptoms and long term complications, and
 - (ii) in particular by intervention post dispensing, to help identification of problems with management of the condition and the need for further information or support; and
- (b) to help the patients—
 - (i) make informed choices about their care,
 - (ii) self-manage their long term conditions,
 - (iii) adhere to agreed treatment programmes, and
 - (iv) make appropriate life style changes.

(3) Condition 1 is that P has notified the NHSCB (or before 1st April 2013 the relevant Primary Care Trust) of P's intention to provide services as part of a New Medicine Service, in the form approved for that purpose by the NHSCB.

(4) Condition 2 is that P is satisfactorily complying with P's obligations under Schedule 4 to the Pharmaceutical Services Regulations (terms of service of NHS pharmacists) in respect of the provision of essential services and an acceptable system of clinical governance.

(5) Condition 3 is that—

- (a) if P is a registered pharmacist—
 - (i) P has an MUR certificate, or
 - (ii) if P intends to employ or engage a registered pharmacist to perform services as part of a New Medicine Service, that registered pharmacist has an MUR certificate; or
- (b) if P is not a natural person, any registered pharmacist P intends to employ or engage to perform services as part of a New Medicine Service has an MUR certificate.

(6) Condition 4 is that—

- (a) if P is a registered pharmacist—
 - (i) P completes in the approved manner the approved form warranting that P is competent to perform services as part of a New Medicine Service, or
 - (ii) if P intends to employ or engage a registered pharmacist to perform services as part of a New Medicine Service, that registered pharmacist completes in the approved manner the approved form warranting that they are competent to perform services as part of a New Medicine Service; or

ADVANCED SERVICES (PHARMACY AND APPLIANCE CONTRACTORS)(ENGLAND)

- (b) if P is not a natural person, any registered pharmacist P intends to employ or engage to perform services as part of a New Medicine Service completes in the approved manner the approved form warranting that they are competent to perform services as part of a New Medicine Service,

and “approved” for these purposes means approved by the NHSCB.

(7) Condition 5 is that P has in place a standard operating procedure, at the pharmacy premises at or from which services as part of a New Medicine Service is to be delivered, for delivery of the service—

- (a) which has been notified to the pharmacy staff;
- (b) which explains the service, eligibility criteria for it and the roles that pharmacy staff may be required to perform as part of it; and
- (c) about which staff have received appropriate training, if there is any role that they may be asked to perform as part of the service.

(8) Condition 6 is that P must have notified providers of primary medical services in their locality of P’s intention to provide services as part of a New Medicine Service.

(9) Subject to paragraph (10), condition 7 is that second and third stage services provided as part of the New Medicine Service are provided at an acceptable location, and for these purposes, “acceptable location” means an area for confidential consultations at P’s pharmacy premises, which is—

- (a) clearly designated as an area for confidential consultations;
- (b) distinct from the general public areas of the pharmacy premises; and
- (c) an area where both the person receiving services as part of the New Medicine Service and the registered pharmacist providing those services are able to sit down together and talk at normal speaking volumes without being overheard by any other person (including pharmacy staff),

except that sub-paragraphs (a) and (b) shall not apply in circumstances where the pharmacy premises are closed to other members of the public.

(10) A registered pharmacist who is, or who is employed or engaged by, P may provide second and third stage services as part of a New Medicine Service other than at the acceptable location at P’s pharmacy premises if that registered pharmacist does so—

- (a) by telephone to a particular patient on a particular occasion;
- (b) with the agreement of that patient, that patient having expressed a preference for that contact to be by telephone on that occasion; and
- (c) in circumstances where—
 - (i) the registered pharmacist is at P’s pharmacy premises, and
 - (ii) the telephone conversation cannot be overheard (except by someone whom the patient wants to hear the conversation, for example a carer).

(11) Any approval of the Secretary of State under direction 6(3) or (6) of the 2012 Directions (New Medicine Service: general matters and preconditions for making arrangements) continues in effect under the corresponding provision of this direction, unless or until the approval is revoked or superseded by an approval of the NHSCB under that corresponding provision.

New Medicine Service: ongoing conditions of arrangements

7.—(1) The NHSCB must ensure that arrangements pursuant to direction 6(1) with a pharmacy contractor (P) provide that—

- (a) only a registered pharmacist—
 - (i) with an MUR certificate, and
 - (ii) who has completed in the approved manner the approved form warranting that they are competent to perform services as part of a New Medicine Service,

ADVANCED SERVICES (PHARMACY AND APPLIANCE CONTRACTORS)(ENGLAND)

- may perform services as part of a New Medicine Service;
- (b) second and third stage services are only provided as part of a New Medicine Service at an acceptable location at P's pharmacy premises, within the meaning given in direction 6(9), except in the circumstances provided for in direction 6(10);
 - (c) where second and third stage services are provided as part of a New Medicine Service other than at the acceptable location at P's pharmacy premises, they are only provided—
 - (i) by telephone to a particular patient on a particular occasion, and
 - (ii) with the agreement of that patient, that patient having expressed a preference for that contact to be by telephone on that occasion; and
 - (iii) in circumstances where—
 - (aa) the pharmacist is at P's pharmacy premises, and
 - (bb) the telephone conversation cannot be overheard (except by someone whom the patient wants to hear the conversation, for example a carer);
 - (d) P maintains and keeps under review its standard operating procedure, at the pharmacy premises at or from which services as part of a New Medicine Service are to be delivered, for delivery of those services, and—
 - (i) any changes to it are notified to the pharmacy staff,
 - (ii) the procedure explains the service, eligibility criteria for it and the roles that pharmacy staff may be required to perform as part of it, and
 - (iii) staff receive appropriate training about the service, if there is any role they may be asked to perform as part of the service;
 - (e) P only offers to provide first stage services as part of their New Medicine Service (and so only offers to provide any part of the service) to persons who have, for the first time, been prescribed a particular NMS medicine (Schedule 2 lists these drugs) for the medical condition or therapy in relation to which the NMS medicine is listed in Schedule 2, and—
 - (i) the prescription is on a prescription form (within the meaning given in the Pharmaceutical Services Regulations(a)) and is presented at the pharmacy premises at or from which the service is to be provided, or
 - (ii) the prescribing occurred while the patient was at a hospital (whether as an inpatient or an outpatient), but—
 - (aa) as part of a course of treatment that is to continue once the patient is no longer at the hospital, and
 - (bb) the patient was referred to P by a health care professional at the hospital who is (partly) responsible for that course of treatment;
 - (f) the first stage services that P provides as part of the New Medicine Service (either with the patient at P's pharmacy premises or, provided that the registered pharmacist is at P's pharmacy premises and to the extent possible, by telephone) must comprise—
 - (i) agreeing with the patient who is being offered the service (whether as a consequence of prescriber referral or of P's own motion)—
 - (aa) when P dispenses the newly prescribed NMS medicine to the patient, or
 - (bb) in a case to which sub-paragraph (e)(ii) applies, when the patient contacts P about the service as a consequence of the referral mentioned in sub-paragraph (e)(ii)(bb),
- a time and location for the second stage intervention services (which may be a split location),

(a) See regulation 2(1) of those Regulations.

ADVANCED SERVICES (PHARMACY AND APPLIANCE CONTRACTORS)(ENGLAND)

- (ii) providing the patient with sufficient information about the New Medicine Service (for example, in a leaflet) to enable them to give their informed consent to receiving the service,
- (iii) obtaining from the patient a signed consent form to receiving services as part of P's New Medicine Service, which—
 - (aa) includes the approved wording as regards consent ("approved" for these purposes means approved by the NHSCB), and
 - (bb) amongst other matters, indicates the patient's consent to particular information, specified in the form, relating to services provided to the patient as part of the New Medicine Service being handled in the manner specified in the form (for example, for the purposes of post payment verification), and
- (iv) as appropriate, providing the patient with information relevant to the objectives listed in direction 6(2) (where this is not already required under Part 2 of Schedule 4 to the Pharmaceutical Services Regulations (terms of service of NHS pharmacists – essential services);
- (g) P must discontinue providing services to a patient as part of the New Medicine Service if the patient refuses to consent to the information mentioned in sub-paragraph (f)(iii)(bb) being handled in the manner specified in the form mentioned in that sub-paragraph, or if that consent is withdrawn prior to the completion of a full service intervention;
- (h) the second stage services that P provides as part of their New Medicine Service must comprise—
 - (i) a discussion with the patient about whether or not they wish to withdraw the consent attested to in the form mentioned in sub-paragraph (f)(iii),
 - (ii) assessment by the registered pharmacist performing the second stage services of the adherence by the patient to their treatment programme for the relevant NMS medicine,
 - (iii) identification of any problems either with the treatment (including any adverse drug reactions) or otherwise in relation to the patient's self-management of their long term condition, and identification of any need of the patient for further information and support in relation to the treatment or the long term condition,
 - (iv) agreement (where possible) between the registered pharmacist and the patient of the next steps, that is—
 - (aa) if the patient is adhering to the treatment programme for the relevant NMS medicine and no problems are identified under paragraph (iii), agreeing with the patient a time and location for third stage services (which may be a split location),
 - (bb) if any problems are identified under paragraph (iii) and it is the clinical judgement of the registered pharmacist that intervention by the patient's general practitioner is warranted, explaining that to the patient, completing the NMS feedback form (which is in a format approved by the NHSCB) and referring the matter to the patient's general practitioner (which amounts to a full service intervention in respect of that patient, unless the second stage services are being provided in respect of more than one medicine and the referral to the general practitioner does not relate to the use of every medicine in respect of which the service is being provided),
 - (cc) if any problems are identified under paragraph (iii) but it is the clinical judgement of the registered pharmacist that intervention by the patient's general practitioner is not warranted (or not warranted in relation to every medicine in respect of which the second stage services are being provided), agreeing with the patient a time and location for third stage services (which may be a split location in the event of an intervention by telephone) and any appropriate remedial steps to be taken prior to that intervention, and

ADVANCED SERVICES (PHARMACY AND APPLIANCE CONTRACTORS)(ENGLAND)

- (v) as appropriate, providing the patient with other information relevant to the objectives listed in direction 6(2) (where this is not already required under Part 2 of Schedule 4 to the Pharmaceutical Services Regulations);
 - (i) P must discontinue providing services to a patient as part of the New Medicine Service if, as a consequence of an act or omission of the patient, the patient does not receive the second stage services at the agreed time and P is unable, having made reasonable efforts to do so, to rearrange and provide those second stage services on another occasion;
 - (j) the third stage services that P provides as part of their New Medicine Service must comprise—
 - (i) assessment by the registered pharmacist performing the third stage services of the adherence by the patient to their treatment programme for the relevant NMS medicine,
 - (ii) identification of any new or continuing problems either with the treatment (including any adverse drug reactions) or otherwise in relation to the patient's self-management of their long term condition, and identification of any need of the patient for further information and support in relation to the treatment or the long term condition,
 - (iii) if any problems are identified under paragraph (ii) and it is the clinical judgement of the registered pharmacist that intervention by the patient's general practitioner is warranted, explaining that to the patient, completing the NMS feedback form (which is in a format approved by the NHSCB) and referring the matter to the patient's general practitioner, and
 - (iv) as appropriate, providing the patient with other information relevant to the objectives listed in direction 6(2) (where this is not already required under Part 2 of Schedule 4 to the Pharmaceutical Services Regulations),
 unless a full service intervention has been completed prior to P being able to make the assessment referred to in paragraph (i);
 - (k) the NHSCB must terminate the arrangements if it is on notice that P is not, or no longer, satisfactorily complying with P's obligations under Schedule 4 to the Pharmaceutical Services Regulations in respect of the provision of essential services and an acceptable system of clinical governance;
 - (l) P ensures that a written record (which may be an electronic record) of each consultation carried out by or on behalf of P as part of P's New Medicine Service is prepared by the registered pharmacist who carried out the consultation and includes the approved data ("approved" for these purposes means approved by the NHSCB);
 - (m) P provides information from those records to the NHSCB or the Secretary of State, on request, in the manner approved for this purpose, and for the purposes approved, by the NHSCB; and
 - (n) P keeps a copy of the record mentioned in sub-paragraph (l) for at least 2 years from the date on which the service intervention is completed or discontinued.
- (2) For the purposes of paragraph (1)(g) and (j), a full service intervention has been completed—
- (a) once a patient is referred to their general practitioner as mentioned in paragraph (1)(h)(iv)(bb);
 - (b) following the assessment made under paragraph (1)(j)(i)—
 - (i) if the patient is adhering to the treatment programme for the relevant NMS medicine and no problems are identified under paragraph (1)(j)(ii), once the assessment has been made and (where applicable) any further information has been provided as mentioned in paragraph (1)(j)(iv), or
 - (ii) if problems are identified under paragraph (1)(j)(ii), if—
 - (aa) it is the clinical judgement of the registered pharmacist that intervention by the patient's general practitioner is warranted, once that referral has been made, or

- (bb) it is the clinical judgement of the registered pharmacist that intervention by the patient's general practitioner is not warranted, once any appropriate advice in relation to the new or continuing problems has been given and (where applicable) any further information has been provided as mentioned in paragraph (1)(j)(iv); or
 - (c) if, as a consequence of an act or omission of the patient, the patient does not receive the third stage services at the agreed time and P is unable, having made reasonable efforts to do so, to rearrange and provide those third stage services on another occasion, once those reasonable efforts have been made.
- (3) Any approval of the Secretary of State under direction 7(1)(f)(iii)(aa), (h)(iv)(bb), (j)(iii), (l) or (m) of the 2012 Directions (New Medicine Service: ongoing conditions of arrangements) continues in effect under the corresponding provision of paragraph (1), unless or until the approval is revoked or superseded by an approval of the NHSCB under that corresponding provision.

Duration of New Medicine Service

8. Directions 6 and 7 cease to have effect at the end of 30th September 2013.

PART 3**Advanced services: appliances****Establishing and maintaining stoma appliance customisation services**

- 9.—(1) The NHSCB must make arrangements for the provision of stoma appliance customisation services by any pharmacy contractor (P) or appliance contractor (S)—
- (a) who supplies stoma appliances listed in Part IXC of the Drug Tariff in the normal course of business;
 - (b) who either wishes to enter into the arrangements or is required to do so by virtue of regulation 66 of the Pharmaceutical Services Regulations (conditions relating to providing directed services); and
 - (c) in relation to whom—
 - (i) Conditions 1, 2 and 3 are met, and
 - (ii) if services are to be provided elsewhere than at P's or S's listed chemist premises, Condition 4 is also met.
- (2) The underlying purpose of a stoma appliance customisation service is to—
- (a) ensure the proper use and comfortable fitting of the stoma appliance by a patient; and
 - (b) improve the duration of usage of the appliance, thereby reducing wastage of such appliances.
- (3) Condition 1 is that, before any arrangements are entered into, the NHSCB (or before 1st April 2013 the relevant Primary Care Trust) and the NHS BSA have each been supplied with notice that P or S wishes to provide stoma appliance customisation services.
- (4) Condition 2 is that P or S—
- (a) is satisfactorily complying with P's obligations under Schedule 4 to the Pharmaceutical Services Regulations (terms of services of NHS pharmacists) or S's obligations under Schedule 5 to those Regulations (terms of service of NHS appliance contractors), as the case may be; and
 - (b) has procedures in place to ensure referral of a patient to the prescriber of the appliance in any case where—
 - (i) a customised stoma appliance is not suitable for further customisation, or
 - (ii) a stoma appliance has been customised and is not a proper fit for the patient.

(5) Condition 3 is that stoma appliance customisation services must be provided at an acceptable location and, for these purposes, an “acceptable location” means—

- (a) an area within P’s or S’s listed chemist premises which—
 - (i) is distinct from the general public areas,
 - (ii) at all times when stoma appliance customisation services are being provided, is clearly designated as a private area,
 - (iii) is suitable and designated for the retention of the appropriate equipment for stoma appliance customisation,
 - (iv) is suitable and designated for the carrying out of modification of stoma appliances, and
 - (v) is suitable and designated for the volume of stoma appliances that may be customised at any given time; or
- (b) an area elsewhere than at P’s or S’s listed chemist premises which—
 - (i) is distinct from the general public areas of the premises in which it is situated, and
 - (ii) meets the requirements of paragraph (a)(ii) to (v).

(6) Condition 4 is that, in any case where any stoma appliance customisation services are to be provided elsewhere than at P’s or S’s listed chemist premises, procedures must be in place to ensure co-operation with any reasonable inspection or review of the premises by the NHSCB.

Requirements applying to stoma appliance customisation services

10.—(1) This direction has effect in relation to any arrangements with a pharmacy contractor (P) or appliance contractor (S) which are made pursuant to direction 9.

(2) The NHSCB must ensure that the arrangements provide that—

- (a) only appropriately trained and qualified persons are permitted to customise a stoma appliance;
- (b) a record of each stoma customisation must be completed;
- (c) each record must include the information listed in paragraph (3);
- (d) each record must be retained for a minimum period of 12 months or such longer period as the NHSCB may reasonably require;
- (e) a copy of the record must be supplied to the patient or, if requested by the patient, to the prescriber or another health care professional; and
- (f) unless prevented from doing so by illness or other reasonable cause, P or S must give at least 3 months’ notice in writing to both the NHSCB (or if it was before 1st April 2013, the relevant Primary Care Trust) and the NHS BSA in advance of ceasing to provide any stoma appliance customisation services.

(3) Each stoma customisation record must include—

- (a) details of advice given;
- (b) the type of stoma appliance customised;
- (c) dimensions used in respect of the modification of parts of the appliance;
- (d) measurements of the patient (if taken);
- (e) dimensions of any template made or modification of any existing template;
- (f) any referrals made to the prescriber; and
- (g) such other details as may be specified in the arrangements made with P or S.

(4) Stoma customisation records may be in the form of an electronic record and may be stored electronically.

Establishing and maintaining appliance use review services for specified appliances

11.—(1) The NHSCB must make arrangements for the provision of appliance use review services (“AUR services”) by any pharmacist (“P”) or supplier of appliances (“S”)—

- (a) who supplies specified appliances in the normal course of business;
- (b) who either wishes to enter into the arrangements or is required to do so by virtue of regulation 66 of the Pharmaceutical Services Regulations (conditions relating to providing directed services); and
- (c) in relation to whom—
 - (i) Conditions 1, 2 and 3 are met, and
 - (ii) if services are to be provided at listed chemist premises, Condition 4 is also met.

(2) The underlying purpose of an AUR service is, with a patient’s agreement, to improve the patient’s knowledge and use of any specified appliance by, in particular—

- (a) establishing the way the patient uses the specified appliance and the patient’s experience of such use;
- (b) identifying, discussing and assisting in the resolution of poor or ineffective use of the specified appliance by the patient;
- (c) advising the patient on the safe and appropriate storage of the specified appliance; and
- (d) advising the patient on the safe and proper disposal of specified appliances that are used or unwanted,

and an AUR service may be provided either when a pharmacist or specialist nurse visits a patient at home or when a patient visits listed chemist premises.

(3) Condition 1 is that, before any arrangements are entered into, the NHSCB (or before 1st April 2013 the relevant Primary Care Trust) and the NHS BSA have each been supplied with—

- (a) notice that P or S wishes to provide AUR services;
- (b) a statement of whether or not P or S proposes to provide any services to patients at home; and
- (c) unless services are to be provided solely during visits to a patient at home, a statement of each location (which must be listed chemist premises) at which services are to be provided.

(4) Condition 2 is that, before any arrangements are entered into, the NHSCB (or before 1st April 2013 the relevant Primary Care Trust) has also been supplied with the following information in relation to each pharmacist or specialist nurse who, as part of the AUR services to be provided by P or S, is to review the use of specified appliances—

- (a) full name;
- (b) documentary evidence of qualifications; and
- (c) details as to competency in respect of the use of specified appliances.

(5) Condition 3 is that P or S—

- (a) is satisfactorily complying with P’s obligations under Schedule 4 to the Pharmaceutical Services Regulations (terms of service of NHS pharmacists) or S’s obligations under Schedule 5 to those Regulations (terms of service of NHS appliance contractors), as the case may be; and
- (b) has procedures in place to ensure referral of a patient to the prescriber of the appliance in any case where a matter relating to a patient’s use of a specified appliance arises in the course of an AUR service but falls outside the scope of the service.

(6) Condition 4 is that, where any AUR services are to be provided at listed chemist premises, there is a consultation area at the premises which—

- (a) is distinct from the general public areas;

ADVANCED SERVICES (PHARMACY AND APPLIANCE CONTRACTORS)(ENGLAND)

- (b) at all times when a pharmacist or specialist nurse is reviewing the use of specified appliances, is clearly designated as an area for confidential consultation;
- (c) allows all persons taking part in the review to sit down together and talk at normal speaking volumes without being overheard by other visitors to, or staff at, the premises; and
- (d) having regard to the nature of specified appliances and the underlying purpose of AUR services, is suitable for a consultation to determine how a patient uses an appliance and the extent of the patient's knowledge about it.

Requirements applying to appliance use review services

12.—(1) This direction has effect in relation to any arrangements with a pharmacy contractor (P) or supplier of appliances (S) which are made pursuant to direction 11.

(2) The NHSCB must ensure that the arrangements include such provision about—

- (a) the qualifications of persons who review a patient's use of specified appliances;
- (b) the delivery of each AUR service; and
- (c) the administration of AUR services,

as is set out in the following provisions of this direction.

(3) The provision referred to in paragraph (2)(a) is that—

- (a) only a pharmacist or specialist nurse is permitted to review the use of specified appliances; and
- (b) the NHSCB must be sent (unless before 1st April 2013 the relevant Primary Care Trust was sent) the following information in relation to each pharmacist or specialist nurse who, as part of the AUR services provided by P or S, reviews the use of specified appliances—
 - (i) full name,
 - (ii) documentary evidence of education, training or experience in respect of the use of specified appliances, and
 - (iii) details as appropriate of relevant clinical training and practice in respect of the use of specified appliances.

(4) The provision referred to in paragraph (2)(b) is that—

- (a) where reasonably possible, an AUR service must be provided within 2 working days of the day on which a patient requests a review or agrees to one at the suggestion of P or S;
- (b) the pharmacist or specialist nurse who reviews the patient's use of a specified appliance must obtain the patient's prior written consent to receiving the service;
- (c) a record of each service must be completed;
- (d) each record must include—
 - (i) the date of the review of the patient's use of the specified appliance,
 - (ii) the name of the pharmacist or specialist nurse who carried out the review,
 - (iii) the name of the patient and the address at which the review took place,
 - (iv) the name of any other person present (and their relationship with the patient),
 - (v) the reason why a review is required,
 - (vi) the advice given to the patient, and
 - (vii) any intervention made; and
- (e) the patient must be informed in writing that the record will be kept and that information from it will be forwarded in accordance with paragraphs (5)(a) to (d); and

ADVANCED SERVICES (PHARMACY AND APPLIANCE CONTRACTORS)(ENGLAND)

- (f) a patient must not be refused delivery of an AUR service by reason solely of the patient's location if P or S would, in the normal course of business, dispense the related specified appliance to that location.
- (5) The provision referred to in paragraph (2)(c) is that—
 - (a) a copy of each record of an AUR service must be provided by the pharmacist or specialist nurse to P or S;
 - (b) if the patient is a registered patient, the information referred to in paragraph (4)(d)(i), (ii) and (iii) must be forwarded to any provider of primary medical services with which the patient is a registered patient;
 - (c) if the patient is a registered patient and the pharmacist or specialist nurse considers it necessary for the provider of primary medical services with which the patient is registered to be aware of other information from the record, all such information must be forwarded to that provider;
 - (d) any information forwarded to any provider of primary medical services under this paragraph must be copied to any nurse who is—
 - (i) employed or engaged by a provider, under arrangements with a clinical commissioning group, of services as part of the health service, and
 - (ii) providing relevant health care services to the patient,
 if it is known that there is such a nurse;
 - (e) each record must be retained for a minimum period of 12 months or for such longer period as the NHSCB may reasonably require; and
 - (f) information about the number of AUR services provided in any financial year must be submitted in accordance with any arrangements for payment of which P or S is notified.
- (6) The record of an AUR service may be in the form of an electronic record and may be stored electronically.

Maximum number of appliance use review services eligible for payment

13. The maximum number of AUR services for which a pharmacy contractor (P) or an appliance contractor (S) is eligible for payment in any financial year is not more than 1/35th of the aggregate number of specified appliances dispensed during that financial year by P or S (as the case may be).

PART 4**Enhanced services: pharmacy contractors only****Enhanced services provided by pharmacy contractors**

14.—(1) The NHSCB is authorised to arrange for the provision of the following additional pharmaceutical services with a pharmacy contractor (P)—

- (a) an Anticoagulant Monitoring Service, the underlying purpose of which is for P to test the patient's blood clotting time, review the results and adjust (or recommend adjustment to) the anticoagulant dose accordingly;
- (b) a Care Home Service, the underlying purpose of which is for P to provide advice and support to residents and staff in a care home relating to—
 - (i) the proper and effective ordering of drugs and appliances for the benefit of residents in the care home,

(3) These Directions apply in relation to England.

(4) In these Directions, “the 2013 Directions” means the Pharmaceutical Services (Advanced and Enhanced Services) (England) Directions 2013(b).

Amendment of direction 2 of the 2013 Directions

2. In direction 2 of the 2013 Directions (interpretation), insert each of the following definitions at the appropriate place in the alphabetical order—

““care home” means a care home within the meaning of the Care Standards Act 2000(c) in respect of which an organisation is registered under Chapter 2 of Part 1 of the Health and Social Care Act 2008(d) (the Care Quality Commission – registration in respect of the provision of health or social care) in respect of a regulated activity (within the meaning of that Part) carried on in the home;”;

“National PGD” means the Patient Group Direction developed by Public Health England in respect of the administration of intramuscular inactivated influenza vaccine for the national immunisation programme for active immunisation against influenza, which has the published expiry date of 31st August 2016(e) (and which may be revised by Public Health England from time to time);”;

“NIAVS” means the National Influenza Adult Vaccination Service, described in direction 7A(2);”;

(a) 2006 c. 41. Section 127 has been amended by the Health and Social Care Act 2012 (c. 7) (“the 2012 Act”), Schedule 4, paragraph 64; and section 128 has been amended by the 2012 Act, Schedule 4, paragraph 65.

(b) Signed on 12th March 2013, and amended by: the Pharmaceutical Services (Advanced and Enhanced Services) (England) (Amendment) Directions 2013, signed on 16th September 2013; the Pharmaceutical Services (Advanced and Enhanced Services) (England) (Amendment) (No. 2) Directions 2013, signed on 6th December 2013, which also revoked the Pharmaceutical Services (Advanced and Enhanced Services) (England) (Amendment) Directions 2013; the Pharmaceutical Services (Advanced and Enhanced Services) (England) (Amendment) Directions 2014, signed on 12th March 2014; and the Pharmaceutical Services (Advanced and Enhanced Services) (England) (Amendment) (No. 2) Directions 2014, signed on 5th December 2014.

(c) 2000 c. 14. See section 3 of that Act, which defines what a care home is for the purposes of that Act.

(d) 2008 c. 14.

(e) Publications gateway reference 04038.

“relevant NHS BSA online gateway” means the service provided for on the NHS BSA website^(a) which allows pharmacy contractors to submit online the information referred to in directions 7A(3) and 7B(13);” and

“working day” means any day from Monday to Friday except Good Friday, Christmas Day or any day that is specified or proclaimed as a bank holiday in England pursuant to section 1 of the Banking and Financial Dealings Act 1971^(b) (bank holidays).”.

New directions 7A and 7B of the 2013 Directions

3. In Part 2 of the 2013 Directions (Advanced services: pharmacy contractors only), after direction 7 (New Medicine Service: ongoing conditions of arrangements) insert the following directions—

National Influenza Adult Vaccination Service: general matters and preconditions to making arrangements

7A.—(1) Until the end of 29th February 2016, the NHSCB must make arrangements for the provision of services as part of the NIAVS with any pharmacy contractor (P) who—

- (a) meets Conditions 1 to 6 set out in this direction; and
- (b) wishes to enter into such arrangements or is required to do so by virtue of regulation 66 of the Pharmaceutical Services Regulations (Conditions relating to providing directed services).

(2) The underlying purpose of the NIAVS is to enable pharmacy contractors to participate in arrangements for the administration of intramuscular inactivated influenza vaccine to patients aged 18 and over, in accordance with the National PGD, as part of the national immunisation programme for active immunisation against influenza.

(3) Condition 1 is that P has notified the NHSCB, via the relevant NHS BSA online gateway, of P’s intention to provide services as part of the NIAVS.

(4) Condition 2 is that P is satisfactorily complying with P’s obligations under Schedule 4 to the Pharmaceutical Services Regulations (Terms of service of NHS pharmacists) in respect of the provision of essential services and an acceptable system of clinical governance.

(5) Condition 3 is that—

- (a) in respect of any registered pharmacist that P intends to employ or engage as part of the NIAVS, an approved form—
 - (i) has been completed, in the approved manner, warranting that the pharmacist is competent to perform services as part of the NIAVS, and
 - (ii) is held (or a copy of it is held) at the pharmacy premises at or from which the services which are part of the NIAVS are to be provided; and
- (b) if P is a registered pharmacist, P completes, in the approved manner, an approved form—
 - (i) warranting that P is competent to perform services as part of the NIAVS, and
 - (ii) which is held (or a copy of it is held) at the pharmacy premises at or from which the services which are part of the NIAVS are to be provided,

and “approved” for these purposes means approved by the NHSCB.

(6) Condition 4 is that P has in place at the pharmacy premises at or from which the services which are part of the NIAVS are to be provided standard operating procedures —

- (a) which have been notified to the pharmacy staff;

^(a) The website address is www.nhsbsa.nhs.uk.

^(b) 1971 c. 80.

ADVANCED SERVICES (PHARMACY AND APPLIANCE CONTRACTORS)(ENGLAND)

- (b) which explain—
 - (i) the services to be provided as part of the NIAVS,
 - (ii) the preconditions for providing the services (in this direction),
 - (ii) the ongoing conditions under which they have to be provided (in direction 7B), and
 - (iv) the roles that pharmacy staff may be required to perform as part of the services;
 - (c) which provide that registered pharmacists who may be required to administer vaccines as part of the service are advised that they should consider being vaccinated against Hepatitis B;
 - (d) which, if vaccines are to be administered at a care home, set out the standard operating procedures in respect of performing that activity away from the pharmacy premises; and
 - (e) about which pharmacy staff have received appropriate training, if there is any role that they may be asked to perform as part of the services.
- (7) Condition 5 is that, if P is intending to administer vaccines at a care home as part of the NIAVS, P must in respect of each occasion on which P intends to do so—
- (a) have notified the general practitioners of the patients to whom P is intending to administer vaccines of P's intention to do so; and
 - (b) obtain the agreement of the NHSCB to P doing so.
- (8) Condition 6 is that P must be able to provide the services which are part of the NIAVS at an acceptable location, and for these purposes "acceptable location" means—
- (a) a room for confidential consultations at P's pharmacy premises which is—
 - (i) clearly designated as a room for confidential consultations,
 - (ii) distinct from the general public areas of the pharmacy premises, and
 - (iii) a room where both the person receiving the services which are part of the NIAVS and the registered pharmacist who is to administer the vaccine are able to sit down together and talk at normal speaking volumes without being overheard by any other person (including pharmacy staff),
 except that paragraphs (ii) and (iii) do not apply in circumstances where the pharmacy premises are closed to other members of the public; or
 - (b) if, with the agreement of the NHSCB, P is to provide services as part of the NIAVS at a care home on a particular occasion, then for the purposes of that particular occasion only, a room—
 - (i) which is at that care home, and
 - (ii) where both the person receiving the services and the registered pharmacist who is to administer the vaccine are able to sit down together and talk at normal speaking volumes without being overheard by any other person, other than a person whose presence the person receiving the service requests or consents to (such as a carer).

National Influenza Adult Vaccination Service: ongoing conditions of arrangements

7B.—(1) The NHSCB must ensure that arrangements pursuant to direction 7A(1) with a pharmacy contractor (P) include terms equivalent to Conditions A to O set out in this direction.

(2) Condition A is that P has in place and keeps under review at the pharmacy premises at or from which services are to be provided standard operating procedures—

- (a) which have been notified to the pharmacy staff (including any changes to the procedures);

ADVANCED SERVICES (PHARMACY AND APPLIANCE CONTRACTORS)(ENGLAND)

- (b) which explain—
 - (i) the services to be provided as part of the NIAVS,
 - (ii) the preconditions for providing them (under direction 7A),
 - (iii) the ongoing conditions under which they have to be provided (under this direction), and
 - (iv) the roles that pharmacy staff may be required to perform as part of the services;
 - (c) which provide that registered pharmacists who may be required to administer vaccines as part of the service are advised that they should consider being vaccinated against Hepatitis B;
 - (d) which, if vaccines are to be administered at a care home, set out the standard operating procedures in respect of performing that activity away from the pharmacy premises; and
 - (e) about which pharmacy staff have received appropriate training, if there is any role that they may be asked to perform as part of the services.
- (3) Condition B is that intramuscular inactivated influenza vaccine must only be administered under the arrangements to persons aged 18 and over.
- (4) Condition C is that intramuscular inactivated influenza vaccine must only be administered under the arrangements by an appropriately trained registered pharmacist (notwithstanding that other health care professionals may administer the vaccine under the National PGD), and for these purposes, “appropriately trained” is to be construed in accordance with the “additional requirements” and “continued training requirements” in the National PGD.
- (5) Condition D is that a registered pharmacist administering the intramuscular inactivated influenza vaccine must adhere to the National PGD and, as appropriate, to the standard operating procedures referred to in condition A.
- (6) Condition E is that, in respect of each registered pharmacist who administers vaccines under the arrangements, an approved form—
- (a) has been completed, in the approved manner, warranting that the pharmacist is competent to perform services as part of the NIAVS; and
 - (b) is held (or a copy of it is held) at the pharmacy premises at or from which the services which are part of the NIAVS are to be provided.
- (7) Condition F is that, in respect of each occasion on which P intends to administer vaccines at a care home as part of the NIAVS, P must—
- (a) notify (if P has not already done so under Condition 5 in direction 7A(7)) the general practitioners of the patients to whom P is intending to administer vaccines of P’s intention to do so; and
 - (b) obtain the agreement of the NHSCB to P doing so.
- (8) Condition G is that P must only provide the services which are part of the NIAVS at an acceptable location, and for these purposes, “acceptable location” has the same meaning as in Condition 6 in direction 7A(8).
- (9) Condition H is that P must record the patient’s consent to the administration of the intramuscular inactivated influenza vaccine (which is a requirement of the National PGD) on the consent form approved for this purpose by the NHSCB.
- (10) Condition I is that the NHSCB must terminate the arrangements if it is on notice that P is not, or no longer, satisfactorily complying with P’s obligations under Schedule 4 to the Pharmaceutical Services Regulations (terms of service of NHS pharmacists) in respect of the provision of essential services and an acceptable system of clinical governance.
- (11) Condition J is that P must ensure that the patient’s general practitioner is notified, in the manner approved by the NHSCB (which may include approval of methods of transmission of the information as well as of the form in which the information is to be

transmitted) before the end of the working day after the day on which the patient is vaccinated.

(12) Condition K is that if—

- (a) a patient vaccinated under the arrangements presents with an adverse drug reaction which is or may be linked to that vaccination; and
- (b) a pharmacist who is P or who is employed or engaged by P believes the adverse reaction is of significance,

P or a person employed or engaged by P must ensure that the patient's general practitioner is notified (either as part of the notification in accordance with Condition J or separately).

(13) Condition L is that if P is to terminate the arrangements, P must notify the NHSCB of that via the relevant NHS BSA online gateway.

(14) Condition M is that once P has begun to provide services under the arrangements at P's pharmacy premises, then until P or the NHSCB has terminated the arrangements, P must ensure, in so far as is practicable, that services which are part of the arrangements are available at P's pharmacy premises throughout its core opening hours and supplementary opening hours (as defined in the Pharmaceutical Services Regulations(a)).

(15) Condition N is that each patient vaccinated under the arrangements must be asked to complete a patient questionnaire, approved for this purpose by the NHSCB, and thereafter P must process the information contained in any completed patient questionnaires in the manner requested by the NHSCB.

(16) Condition O is that NHSCB must terminate any arrangements that are entered into or still in force on 29th February 2016 with effect from the end of 29th February 2016.”.

(d) NHS England Publications gateway reference 05662.

New directions 7A and 7B of the 2013 Directions

3. For directions 7A and 7B of the 2013 Directions (National Influenza Adult Vaccination Service: general matters and preconditions to making arrangements, and ongoing conditions for arrangements) substitute the following directions—

Community Pharmacy Seasonal Influenza Vaccination Advanced Service: general matters and preconditions to making arrangements

7A.—(1) Until the end of 31st March 2017, the NHSCB must make arrangements for the provision of a service as part of the CPSIVAS with any pharmacy contractor (P) who—

- (a) meets the requirements set out in this direction; and
- (b) wishes to enter into such arrangements or is required to do so by virtue of regulation 66 of the Pharmaceutical Services Regulations (conditions relating to providing directed services).

(2) The underlying purpose of the CPSIVAS is to enable pharmacy contractors to participate in arrangements for the administration of inactivated influenza vaccine to patients in accordance with the National PGD, as part of the NHSCB, Public Health England and Department of Health annual flu programme(a).

(3) Condition 1 is that, before administering or purporting to administer any vaccines as part of the CPSIVAS, P has notified the NHSCB via the form to be used for this purpose published on the NHS BSA website(b) of P's intention to provide a service as part of the CPSIVAS(c).

(4) Condition 2 is that P is satisfactorily complying with P's obligations under Schedule 4 to the Pharmaceutical Services Regulations (Terms of service of NHS pharmacists) in respect of the provision of essential services and an acceptable system of clinical governance.

(5) Condition 3 is that any registered pharmacist who is to be involved in the administration of vaccines as part of the service—

- (a) has been appropriately trained and is competent to do so, having regard to the requirements of the National PGD and the CPSIVAS service specification; and
- (b) has completed the relevant Centre for Pharmacy Postgraduate Education declaration of competence(d), copies of which must be kept at P's pharmacy premises;

(6) Condition 4 is that pharmacy staff at pharmacy premises at or from which the service is to be provided, if there is any role that they may be asked to perform as part of the service, have been appropriately trained, having regard to requirements of the National PGD and the CPSIVAS service specification.

(7) Condition 5 is that P has in place at the pharmacy premises at or from which the service is to be provided appropriate standard operating procedures for the service, having regard to the requirements of the National PGD and the CPSIVAS service specification, about which staff (if there is any role that they may be asked to perform as part of the service) have received appropriate training and which include procedures in respect of—

- (a) cold chain integrity;
- (b) needle stick injuries;
- (c) advice to staff involved in the service in respect of vaccination against Hepatitis B;
- (d) the identification and management of adverse reactions;

(a) Available at www.gov.uk/government/collections/annual-flu-programme.

(b) This is www.nhsbsa.nhs.uk.

(c) This has to be done prior to providing a service as part of each annual vaccination programme.

(d) This is available on the CPPE website, www.cppe.ac.uk.

- (e) the handling, removal and safe disposal of any clinical waste related to the provision of the service;
 - (f) if vaccines are to be administered at a care home, performing that activity away from the pharmacy premises.
- (8) Condition 6 is that, if P is intending to administer vaccines at a care home as part of the CPSIVAS, P must in respect of each occasion on which P intends to do so, obtain the agreement of the NHSCB to P doing so in the manner provided for in the CPSIVAS service specification.
- (9) Condition 7 is that P must be able to provide the services which are part of the CPSIVAS at an acceptable location, and for these purposes “acceptable location” means—
- (a) a room for confidential consultations at P’s pharmacy premises which meets the requirements for such a room in the CPSIVAS service specification;
 - (b) if, with the agreement of the NHSCB, P is to provide services as part of the CPSIVAS at a care home on a particular occasion, then for the purposes of that particular occasion only, a room at that care home which meets the requirements for such a room in the CPSIVAS service specification.

Community Pharmacy Seasonal Influenza Vaccination Advanced Service: ongoing conditions of arrangements

7B.—(1) The NHSCB must ensure that arrangements pursuant to direction 7A(1) with a pharmacy contractor (P) include terms equivalent to the requirements set out in this direction.

(2) Condition A is that inactivated influenza vaccines must only be administered under the arrangements in accordance with the National PGD, and this includes the requirements of the National PGD before and after administration of a vaccine.

(3) Condition B is that the only inactivated influenza vaccines to be administered under the arrangements must be those listed in the NHSCB, Public Health England and Department of Health annual flu programme^(a).

(4) Condition C is that P has in place and keeps under review at the pharmacy premises at or from which the service is to be provided appropriate standard operating procedures for the service, as described in Condition 5 in direction 7A, about which staff (if there is any role that they may be asked to perform as part of the service) have received appropriate training.

(5) Condition D is that vaccines must only be administered under the arrangements by a registered pharmacist, and that registered pharmacist—

- (a) must have been appropriately trained and be competent to do so, having regard to the requirements of the National PGD and the CPSIVAS service specification;
- (b) must have completed the relevant Centre for Pharmacy Postgraduate Education declaration of competence^(b), copies of which must be kept at P’s pharmacy premises;
- (c) must be authorised by name under the National PGD before working to it; and
- (d) must adhere to—
 - (i) the National PGD,
 - (ii) the relevant requirements of the publication known as the Green Book^(c), and,
 - (ii) as appropriate, to the standard operating procedures referred to in condition C.

^(a) Available at www.gov.uk/government/collections/annual-flu-programme.

^(b) Available at www.cppe.ac.uk/services/docs/commissioners.

^(c) Available at www.gov.uk/government/collections/immunisation-against-infectious-disease-the-green-book.

(6) Condition E is that P must only provide the service at an acceptable location, and for these purposes, “acceptable location” has the same meaning as in Condition 7 in direction 7A(9).

(7) Condition F is that, in respect of each occasion on which P intends to administer vaccines at a care home as part of the CPSIVAS—

- (a) P must obtain the agreement of the NHSCB to P doing so in the manner provided for in the CPSIVAS service specification;
- (b) P must ensure that each patient’s general practitioner is made aware in advance of the vaccination that the patient will be vaccinated;
- (c) P must ensure that appropriate arrangements are in place at the care home for the handling, removal and safe disposal of any clinical waste related to the provision of the service;
- (d) P must ensure that vaccinations are only administered in a room at that care home which meets the requirements for such a room in the CPSIVAS service specification; and
- (e) P must ensure that appropriate infection control is available at the care home in relation to the provision of the service.

(8) Condition G is that P must ensure, in so far as is practicable, that services which are part of the arrangements are available and on offer at P’s pharmacy premises throughout its core opening hours and supplementary opening hours (as defined in the Pharmaceutical Services Regulations(a)).

(9) Condition H is that P must ensure the service is accessible, appropriate and sensitive to the needs of all service users, and that no eligible patient is excluded or experiences particular difficulty in accessing or using the service due to their race, gender, disability, sexual orientation, religion or belief, gender reassignment, marriage or civil partnership status, pregnancy or maternity, or age (subject to the requirements of the National PGD).

(10) Condition I is that P must ensure the patient’s consent to the administration of the vaccine is recorded using the national Flu Vaccination Record and Consent Form in the CPSIVAS service specification, and information in the form must be shared on request with the NHSCB, where it is needed for post payment verification.

(11) Condition J is that each patient vaccinated under the arrangements must be asked to complete the patient questionnaire in the CPSIVAS service specification, and thereafter P must process the information contained in any completed patient questionnaires in the manner requested by the NHSCB.

(12) Condition K is that, as regards each patient vaccinated under the arrangements who is registered with a general practitioner, P must ensure that the patient’s general practitioner is notified, using the form for this purpose in the CPSIVAS service specification, in the manner provided for in that service specification.

(13) Condition L is that if—

- (a) a patient vaccinated under the arrangements presents with an adverse drug reaction which is or may be linked to that vaccination; and
- (b) a pharmacist who is P or who is employed or engaged by P believes the adverse reaction is of clinical significance,

P or a person employed or engaged by P must ensure that, having managed the patient’s condition appropriately, the patient’s general practitioner and where appropriate the Medicines and Healthcare Products Regulatory Agency (under the Yellow Card Scheme) are notified as soon as possible, in the manner provided for in the National PGD and the CPSIVAS service specification.

(a) See regulation 2(1) of those Regulations.

ADVANCED SERVICES (PHARMACY AND APPLIANCE CONTRACTORS)(ENGLAND)

(14) Condition M is that P must keep a record of all patients receiving treatment under the arrangements, in the manner required and for the purposes specified in the National PGD and the CPSIVAS service specification.

(15) Condition N is that, if P is to terminate the arrangements, P must notify the NHSCB via the NHS BSA within one week of ceasing provision, using the service cessation form available for this purpose on the NHS BSA website.

(16) Condition O is that NHSCB must terminate any arrangements that are entered into or still in force on 31st March 2017 with effect from the end of 31st March 2017.”.

Amendment of the Pharmaceutical Services (Advanced and Enhanced Services) (England) (Amendment) Directions 2015

4. Direction 3 of the Pharmaceutical Services (Advanced and Enhanced Services) (England) (Amendment) Directions 2015^(a) (new directions 7A and 7B of the 2013 Directions) is revoked.

New directions 7C and 7D of the 2013 Directions

3. After direction 7B of the 2013 Directions (Community Pharmacy Seasonal Influenza Vaccination Advanced Service: ongoing conditions for arrangements) insert the following directions—

“NHS Urgent Medicine Supply Advanced Service pilot scheme: general matters and preconditions to making arrangements

7C.—(1) Until the end of 31st March 2018, the NHSCB must make arrangements for the provision of a service as part of the NUMSAS with any pharmacy contractor (P) who—

- (a) meets the requirements set out in paragraphs (3) to (8); and
- (b) wishes to enter into such arrangements or is required to do so by virtue of regulation 66 of the Pharmaceutical Services Regulations (conditions relating to providing directed services).

(2) The underlying purposes of the NUMSAS are—

- (a) to enable pharmacy contractors, in cases of urgency, to supply a drug or appliance under arrangements for the provision of NHS pharmaceutical services to a patient referred to them via the NHS 111 service who has previously been prescribed the drug or appliance in an NHS prescription but it is impractical for the patient to obtain an NHS prescription for the drug or appliance without undue delay; and
- (b) to support patients in understanding the importance of not running out of medicines or appliances with a view to preventing the future need for emergency supplies.

(3) P must notify the NHSCB via the NHS BSA website^(a) of P's intention to provide services as part of the NUMSAS, prior to doing so.

(4) P must be satisfactorily complying with P's obligations under Schedule 4 to the Pharmaceutical Services Regulations (Terms of service of NHS pharmacists) in respect of the provision of essential services and an acceptable system of clinical governance.

(5) P must have in place at the pharmacy premises at or from which the service is to be provided a business continuity plan and standard operating procedures, both of which are to cover provision of the service (having been amended to do so) as appropriate, having regard to the requirements of the NUMSAS service specification.

(6) Pharmacy staff at pharmacy premises at or from which the service is to be provided, if there is any role that they may be asked to perform as part of the service, must have been appropriately trained and must have appropriate knowledge (including of the relevant provisions of the business continuity plan and the standard operating procedures) and skills, having regard to requirements of the NUMSAS service specification.

(7) P must be able to provide services which are part of the NUMSAS in a room for confidential consultations at P's pharmacy premises which meets the requirements for such a room in the NUMSAS service specification.

(8) Pharmacy professionals at the pharmacy premises at or from which the service is to be provided must have access to and be able to use—

- (a) the EPS, including the EPS tracker system;
- (b) NHS summary care records, if P has access to these;
- (c) NHSmail; and
- (d) if another electronic messaging system is used by the NHS 111 service within their locality for referrals as part of the NUMSAS, that system.

(a) This is www.nhsbsa.nhs.uk.

NHS Urgent Medicine Supply Advanced Service pilot scheme: ongoing conditions of arrangements

7D.—(1) The NHSCB must ensure that arrangements pursuant to direction 7C(1) with a pharmacy contractor (P) include terms equivalent to the requirements set out in this direction.

(2) P must comply with the requirements of the NUMSAS service specification, in particular in respect of—

- (a) the handling of referrals via the NHS 111 service, including in respect of checking to see if referrals have been made and actions to be taken before the pharmacy premises close;
- (b) dealing with circumstances where a patient requests the service but has not been referred via the NHS 111 service;
- (c) the conduct of the initial telephone contact between P and the patient, including in respect of the obtaining of patient consent, as appropriate;
- (d) access to and making appropriate use of NHS summary care records and the EPS;
- (e) access to and making appropriate use of NHSmail, and if another electronic messaging system is used by the NHS 111 service within their locality for referrals as part of the NUMSAS, of that system;
- (f) the conduct of face to face consultations;
- (g) dealing with the circumstances where it is not appropriate to make an emergency supply (for example where the prescription is available via the EPS or the relevant requirements of the Human Medicines Regulations 2012^(a) are not met);
- (h) dealing with emergency supplies, where it is appropriate for an emergency supply to be made;
- (i) dealing with onward referrals, in the circumstances where these are provided for in the service specification;
- (j) ensuring that the patient and, if there is contact with a representative of the patient, the patient's representative are given appropriate information and advice (in particular, to support patients in understanding the importance of not running out of medicines or appliances), and appropriate records are made of that information and advice, as provided for in the service specification;
- (k) ensuring that the documentation that needs to be duly completed for P to be paid the due amount for the service is duly completed;
- (l) ensuring that the patient or a representative of the patient—
 - (i) duly completes the documentation required to ensure that NHS prescription charges are paid or exemptions are claimed correctly, and that the required checks are made of evidence of entitlement to exemptions, and
 - (ii) is asked to complete the patient experience survey relating to the service;
- (m) collecting NHS prescription charges, where these are payable;
- (n) ensuring there is appropriate feedback from P to the NHS 111 service;
- (o) ensuring there is appropriate notification of the patient's GP practice of the supply of any drug or appliance as part of the service, as provided for in the service specification; and
- (p) managing all records created or amended as part of the service as provided for in the service specification.

(3) P must ensure that pharmacy staff at pharmacy premises at or from which the service is to be provided, if there is any role that they may be asked to perform as part of the

^(a) S.I. 2012/1916.

ADVANCED SERVICES (PHARMACY AND APPLIANCE CONTRACTORS)(ENGLAND)

service, are appropriately trained and have appropriate knowledge (including of the relevant provisions of the business continuity plan and the standard operating procedures) and skills, having regard to requirements of the NUMSAS service specification.

(4) P must have in place and keep under review at the pharmacy premises at or from which the service is provided a business continuity plan and standard operating procedures, both of which are to cover provision of the service (having been amended to do so) as appropriate, having regard to the requirements of the NUMSAS service specification.

(5) P must where appropriate hold face to face consultations in the room at P's premises for confidential consultations which meets the requirements for such a room in the NUMSAS service specification, as mentioned in direction 7C(7).

(6) P must ensure, in so far as is practicable, that services which are part of the NUMSAS are available and on offer at P's pharmacy premises at the times during its core opening hours and supplementary opening hours (as defined in the Pharmaceutical Services Regulations^(a)) when, having regard to the NUMSAS service specification, the services are to be provided.

(7) P must ensure that services which are part of the NUMSAS are accessible, appropriate and sensitive to the needs of all service users, and that no eligible patient is excluded or experiences particular difficulty in accessing or using the service due to their race, gender, disability, sexual orientation, religion or belief, gender reassignment, marriage or civil partnership status, pregnancy or maternity, or age.

(8) P must not actively promote services which are part of the NUMSAS directly to the public.

(9) P must participate in any local audit of integrated urgent care service provision provided for in the NUMSAS service specification.

(10) P must participate in any evaluation of the pilot scheme provided for in the NUMSAS service specification.

(11) If P is to terminate P's participation in the NUMSAS, P must notify the NHSCB via the NHS BSA website as provided for in the NUMSAS service specification.

(12) The NHSCB must terminate any arrangements that are entered into or still in force on 31st March 2018 with effect from the end of 31st March 2018.”

(4) In these Directions, “the 2013 Directions” means the Pharmaceutical Services (Advanced and Enhanced Services) (England) Directions 2013(b).

Amendment of direction 2 of the 2013 Directions

2. In direction 2 of the 2013 Directions (interpretation)—

(a) for the definition of “National PGD”(c) substitute the following definition—

““National PGD” means the Patient Group Direction authorised by the NHSCB in respect of the administration of inactivated influenza vaccine to adults in accordance with the CPSIVAS and national influenza immunisation programme, which is valid from 1st September 2017 and has the published expiry date of 31st March 2018(d) (and which may be revised from time to time);”;

(b) for the definition of “CPSIVAS service specification”(e) substitute the following definition—

(a) 2006 c. 41. Section 127 has been amended by the Health and Social Care Act 2012 (c. 7) (“the 2012 Act”), Schedule 4, paragraph 64; and section 128 has been amended by the 2012 Act, Schedule 4, paragraph 65.

(b) Signed on 12th March 2013, and amended by: the Pharmaceutical Services (Advanced and Enhanced Services) (England) (Amendment) Directions 2013, signed on 16th September 2013; the Pharmaceutical Services (Advanced and Enhanced Services) (England) (Amendment) (No. 2) Directions 2013, signed on 6th December 2013, which also revoked the Pharmaceutical Services (Advanced and Enhanced Services) (England) (Amendment) Directions 2013; the Pharmaceutical Services (Advanced and Enhanced Services) (England) (Amendment) Directions 2014, signed on 12th March 2014; the Pharmaceutical Services (Advanced and Enhanced Services) (England) (Amendment) (No. 2) Directions 2014, signed on 5th December 2014; the Pharmaceutical Services (Advanced and Enhanced Services) (England) (Amendment) Directions 2015, signed on 15th September 2015; the Pharmaceutical Services (Advanced and Enhanced Services) (England) (Amendment) Directions 2016, signed on 30th August 2016; and the Pharmaceutical Services (Advanced and Enhanced Services) (England) (Amendment) (No. 2) Directions 2016, signed on 30th November 2016.

(c) Inserted by the Pharmaceutical Services (Advanced and Enhanced Services) (England) (Amendment) Directions 2016, signed on 30th August 2016.

(d) NHS England Publications gateway reference 07099.

(e) Inserted by the Pharmaceutical Services (Advanced and Enhanced Services) (England) (Amendment) Directions 2016, signed on 30th August 2016.

““CPSIVAS service specification” means the service specification for the CPSIVAS, produced by the NHSCB, which has the publication date of August 2017(a);”.

New directions 7A and 7B of the 2013 Directions

3. For directions 7A and 7B of the 2013 Directions (National Influenza Adult Vaccination Service: general matters and preconditions to making arrangements, and ongoing conditions for arrangements) substitute the following directions—

“Community Pharmacy Seasonal Influenza Vaccination Advanced Service: general matters and preconditions to making arrangements

7A.—(1) Until the end of 31st March 2018, the NHSCB must make arrangements for the provision of a service as part of the CPSIVAS with any pharmacy contractor (P) who—

- (a) meets the requirements set out in paragraphs (3) to (9); and
- (b) wishes to enter into such arrangements or is required to do so by virtue of regulation 66 of the Pharmaceutical Services Regulations (conditions relating to providing directed services).

(2) The underlying purpose of the CPSIVAS is to enable pharmacy contractors to participate in arrangements for the administration of inactivated influenza vaccine to patients in accordance with the National PGD, as part of the NHSCB, Public Health England and Department of Health annual flu programme(b).

(3) Before administering or purporting to administer any vaccines as part of the CPSIVAS, P must notify the NHSCB via the form to be used for this purpose published on the NHS BSA website(c) of P’s intention to provide a service as part of the CPSIVAS(d).

(4) P must be satisfactorily complying with P’s obligations under Schedule 4 to the Pharmaceutical Services Regulations (Terms of service of NHS pharmacists) in respect of the provision of essential services and an acceptable system of clinical governance.

(5) Any registered pharmacist who is to be involved in the administration of vaccines as part of the service (including locums)—

- (a) must have been appropriately trained and be competent to do so, having regard to the requirements of the National PGD and the CPSIVAS service specification (including the relevant requirements of the National Minimum Standards(e) referred to in paragraph 4.6 of that specification); and
- (b) must have completed the relevant Centre for Pharmacy Postgraduate Education declaration of competence(f), copies of which must be kept at P’s pharmacy premises;

(6) Pharmacy staff at pharmacy premises at or from which the service is to be provided, if there is any role that they may be asked to perform as part of the service, must have been appropriately trained, having regard to requirements of the National PGD and the CPSIVAS service specification.

(7) P must have in place at the pharmacy premises at or from which the service is to be provided appropriate standard operating procedures for the service, having regard to the requirements of the National PGD and the CPSIVAS service specification, about which staff (if there is any role that they may be asked to perform as part of the service) have received appropriate training and which include procedures in respect of—

- (a) cold chain integrity;

(a) NHS England Publications gateway reference 07052.

(b) Available at www.gov.uk/government/collections/annual-flu-programme.

(c) This is www.nhsbsa.nhs.uk.

(d) This has to be done prior to providing a service as part of each annual vaccination programme.

(e) These are available at www.gov.uk/government/publications/immunisation-training-national-minimum-standards.

(f) This is available on the CPPE website, www.cppe.ac.uk.

- (b) needle stick injuries;
 - (c) advice to staff involved in the service in respect of vaccination against Hepatitis B;
 - (d) the identification and management of adverse reactions;
 - (e) the handling, removal and safe disposal of any clinical waste related to the provision of the service (whether the service is provided at the pharmacy premises or elsewhere); and
 - (f) if vaccines are to be administered at a care home, performing that activity away from the pharmacy premises.
- (8) If P is intending to administer vaccines at a care home as part of the CPSIVAS, P must in respect of each occasion on which P intends to do so, obtain the agreement of the NHSCB to P doing so in the manner provided for in the CPSIVAS service specification.
- (9) P must be able to provide the services which are part of the CPSIVAS at an acceptable location, and for these purposes “acceptable location” means—
- (a) a room for confidential consultations at P’s pharmacy premises which meets the requirements for such a room in the CPSIVAS service specification;
 - (b) if, with the agreement of the NHSCB, P is to provide services as part of the CPSIVAS at a care home on a particular occasion, then for the purposes of that particular occasion only, a room at that care home which meets the requirements for such a room in the CPSIVAS service specification.

Community Pharmacy Seasonal Influenza Vaccination Advanced Service: ongoing conditions of arrangements

7B.—(1) The NHSCB must ensure that arrangements pursuant to direction 7A(1) with a pharmacy contractor (P) include terms equivalent to the requirements set out in paragraphs (2) to (17).

(2) Inactivated influenza vaccines must only be administered under the arrangements in accordance with the National PGD, and this includes the requirements of the National PGD before and after administration of a vaccine.

(3) The only inactivated influenza vaccines to be administered under the arrangements must be those listed in the NHSCB, Public Health England and Department of Health annual flu programme^(a).

(4) P must have in place and keep under review at the pharmacy premises at or from which the service is to be provided appropriate standard operating procedures for the service, as described in direction 7A(7), about which staff (if there is any role that they may be asked to perform as part of the service) have received appropriate training.

(5) Vaccines must only be administered under the arrangements by a registered pharmacist, and that registered pharmacist (including if he or she is a locum)—

- (a) must have been appropriately trained and be competent to do so, having regard to the requirements of the National PGD and the CPSIVAS service specification (including the relevant requirements of the National Minimum Standards^(b) referred to in paragraph 4.6 of that specification);
- (b) must have completed the relevant Centre for Pharmacy Postgraduate Education declaration of competence^(c), copies of which must be kept at P’s pharmacy premises;
- (c) must be authorised by name under the National PGD before working to it; and
- (d) must adhere to—

(a) Available at www.gov.uk/government/collections/annual-flu-programme.

(b) These are available at www.gov.uk/government/publications/immunisation-training-national-minimum-standards.

(c) This is available on the CPPE website, www.cppe.ac.uk.

- (i) the National PGD,
 - (ii) the relevant requirements of the publication known as the Green Book^(a), and
 - (iii) as appropriate, to the standard operating procedures referred to in paragraph (4).
- (6) P must only provide the service at an acceptable location, and for these purposes, “acceptable location” has the same meaning as in direction 7A(9).
- (7) In respect of each occasion on which P intends to administer vaccines at a care home as part of the CPSIVAS—
- (a) P must obtain the agreement of the NHSCB to P doing so in the manner provided for in the CPSIVAS service specification;
 - (b) P must ensure that each patient’s general practitioner is made aware in advance of the vaccination that the patient will be vaccinated;
 - (c) P must ensure that appropriate arrangements are in place at the care home for the handling, removal and safe disposal of any clinical waste related to the provision of the service;
 - (d) P must ensure that vaccinations are only administered in a room at that care home which meets the requirements for such a room in the CPSIVAS service specification; and
 - (e) P must ensure that appropriate infection control is available at the care home in relation to the provision of the service.
- (8) P must ensure, in so far as is practicable, that services which are part of the arrangements are available and on offer at P’s pharmacy premises throughout its core opening hours and supplementary opening hours (as defined in the Pharmaceutical Services Regulations^(b)).
- (9) P must ensure the service is accessible, appropriate and sensitive to the needs of all service users, and that no eligible patient is excluded or experiences particular difficulty in accessing or using the service due to their race, gender, disability, sexual orientation, religion or belief, gender reassignment, marriage or civil partnership status, pregnancy or maternity, or age (subject to the requirements of the National PGD).
- (10) P must ensure the patient’s consent to the administration of the vaccine is recorded using the national Flu Vaccination Record and Consent Form in the CPSIVAS service specification, and information in the form must be shared on request with the NHSCB, where it is needed for post payment verification.
- (11) P must ensure that each patient vaccinated under the arrangements, or where appropriate his or her carer, is given appropriate advice regarding the consequences of and adverse reactions to vaccination (having regard to the National PGD), including advice about when and where to seek appropriate advice in the event of an adverse reaction.
- (12) Each patient vaccinated under the arrangements must be asked to complete the patient questionnaire in the CPSIVAS service specification, and thereafter P must process the information contained in any completed patient questionnaires in the manner requested by the NHSCB.
- (13) As regards each patient vaccinated under the arrangements who is registered with a general practitioner, P must ensure that the patient’s general practitioner is notified, using the form for this purpose in the CPSIVAS service specification, in the manner provided for in that service specification.
- (14) If—
- (a) a patient vaccinated under the arrangements presents with an adverse drug reaction which is or may be linked to that vaccination; and

(a) Available at www.gov.uk/government/collections/immunisation-against-infectious-disease-the-green-book.

(b) See regulation 2(1) of those Regulations.

ADVANCED SERVICES (PHARMACY AND APPLIANCE CONTRACTORS)(ENGLAND)

- (b) a pharmacist who is P or who is employed or engaged by P believes the adverse reaction is of clinical significance,

P or a person employed or engaged by P must ensure that, having managed the patient's condition appropriately, the patient's general practitioner and where appropriate the Medicines and Healthcare Products Regulatory Agency (under the Yellow Card Scheme) are notified as soon as possible, in the manner provided for in the National PGD and the CPSIVAS service specification.

- (15) P must keep a record of all patients receiving treatment under the arrangements—

- (a) in the manner required by the National PGD and the CPSIVAS service specification, including the requirements relating to signature and dating by the immuniser and, in the case of electronic records, password protection; and
- (b) for the purposes specified in the National PGD and the CPSIVAS service specification.

(16) If P is to terminate the arrangements, P must notify the NHSCB via the NHS BSA within one week of ceasing provision, using the service cessation form available for this purpose on the NHS BSA website.

(17) NHSCB must terminate any arrangements that are entered into or still in force on 31st March 2018 with effect from the end of 31st March 2018."

New directions 7A and 7B of the 2013 Directions

3. For directions 7A and 7B of the 2013 Directions (National Influenza Adult Vaccination Service: general matters and preconditions to making arrangements, and ongoing conditions for arrangements) substitute the following directions—

Community Pharmacy Seasonal Influenza Vaccination Advanced Service: general matters and preconditions to making arrangements

7A.—(1) Until the end of 31st March 2019, the NHSCB must make arrangements for the provision of a service as part of the CPSIVAS with any pharmacy contractor (P) who—

- (a) meets the requirements set out in paragraphs (3) to (8); and
- (b) wishes to enter into such arrangements or is required to do so by virtue of regulation 66 of the Pharmaceutical Services Regulations (conditions relating to providing directed services).

(2) The underlying purpose of the CPSIVAS is to enable pharmacy contractors to participate in arrangements for the administration of inactivated influenza vaccine to patients in accordance with the National PGD, as part of the NHSCB, Public Health England and Department of Health and Social Care's annual flu programme(a).

(3) P must be satisfactorily complying with P's obligations under Schedule 4 to the Pharmaceutical Services Regulations (Terms of service of NHS pharmacists) in respect of the provision of essential services and an acceptable system of clinical governance.

(4) Any registered pharmacist who is to be involved in the administration of vaccines as part of the service (including locums) —

- (a) must have been appropriately trained and be competent to do so, having regard to the requirements of the National PGD and the CPSIVAS service specification (including the relevant requirements of the National Minimum Standards(b) referred to in paragraph 4.6 of that specification); and
- (b) must have completed the relevant Centre for Pharmacy Postgraduate Education declaration of competence(c), copies of which must be kept at P's pharmacy premises.

(5) Pharmacy staff at pharmacy premises at or from which the service is to be provided, if there is any role that they may be asked to perform as part of the service, must have been appropriately trained, having regard to requirements of the National PGD and the CPSIVAS service specification.

(6) P must have in place at the pharmacy premises at or from which the service is to be provided appropriate standard operating procedures for the service, having regard to the requirements of the National PGD and the CPSIVAS service specification, about which staff (if there is any role that they may be asked to perform as part of the service) have received appropriate training and which include procedures in respect of—

- (a) cold chain integrity;
- (b) needle stick injuries;
- (c) advice to staff involved in the service in respect of vaccination against Hepatitis B;
- (d) the identification and management of adverse reactions;
- (e) the handling, removal and safe disposal of any clinical waste related to the provision of the service (whether the service is provided at the pharmacy premises or elsewhere); and

(a) Available at www.gov.uk/government/collections/annual-flu-programme.

(b) These are available at www.gov.uk/government/publications/immunisation-training-national-minimum-standards.

(c) This is available on the CPPE website, www.cppe.ac.uk.

- (f) if vaccines are to be administered at a care home, or at a patient's home, performing that activity away from the pharmacy premises.
- (7) If P is intending to administer vaccines at a care home or a patient's home as part of the CPSIVAS, P must notify the NHSCB before the first occasion on which P intends to do so in the manner provided for in the CPSIVAS service specification.
- (8) P must be able to provide the services which are part of the CPSIVAS at an acceptable location, and for these purposes "acceptable location" means—
 - (a) a room for confidential consultations at P's pharmacy premises which meets the requirements for such a room in the CPSIVAS service specification;
 - (b) if, following notification to the NHSCB, P is to provide services as part of the CPSIVAS at a care home, a room at that care home which meets the requirements for such a room in the CPSIVAS service specification; or
 - (c) if, following notification to the NHSCB, P is to provide services as part of the CPSIVAS at a patient's home, a location in the patient's home that P considers suitable having regard to the standard operating procedures mentioned in paragraph (6).

Community Pharmacy Seasonal Influenza Vaccination Advanced Service: ongoing conditions of arrangements

7B.—(1) The NHSCB must ensure that arrangements pursuant to direction 7A(1) with a pharmacy contractor (P) include terms equivalent to the requirements set out in this direction.

(2) Inactivated influenza vaccines must only be administered under the arrangements in accordance with the National PGD, and this includes the requirements of the National PGD before and after administration of a vaccine.

(3) The only inactivated influenza vaccines to be administered under the arrangements must be those listed in the NHSCB, Public Health England and Department of Health and Social Care's annual flu programme(a).

(4) P must have in place and keep under review at the pharmacy premises at or from which the service is to be provided appropriate standard operating procedures for the service, as described in direction 7A(6), about which staff (if there is any role that they may be asked to perform as part of the service) have received appropriate training.

(5) Vaccines must only be administered under the arrangements by a registered pharmacist, and that registered pharmacist (including if he or she is a locum)—

- (a) must have been appropriately trained and be competent to do so, having regard to the requirements of the National PGD and the CPSIVAS service specification (including the relevant requirements of the National Minimum Standards(b) referred to in paragraph 4.6 of that specification);
- (b) must have completed the relevant Centre for Pharmacy Postgraduate Education declaration of competence(c), copies of which must be kept at P's pharmacy premises;
- (c) must be authorised by name under the National PGD before working to it; and
- (d) must adhere to—
 - (i) the National PGD,
 - (ii) the relevant requirements of the publication known as the Green Book(d),

(a) Available at www.gov.uk/government/collections/annual-flu-programme.

(b) These are available at www.gov.uk/government/publications/immunisation-training-national-minimum-standards.

(c) Available at www.cppe.ac.uk/services/docs/commissioners.

(d) Available at www.gov.uk/government/collections/immunisation-against-infectious-disease-the-green-book.

(ii) as appropriate, to the standard operating procedures referred to in paragraph (4).

(6) P must only provide the service at an acceptable location, and for these purposes, “acceptable location” has the same meaning as in direction 7A(8).

(7) In respect of the first occasion on which P intends to administer vaccines at a care home or a patient’s home as part of the CPSIVAS, P must notify the NHSCB of their intention to do so in the manner provided for in the CPSIVAS service specification.

(8) In respect of each occasion on which P intends to administer vaccines at a care home or a patient’s home as part of the CPSIVAS (apart from sub-paragraph (a), which only applies where patients are being vaccinated in care homes)—

- (a) P must ensure that each patient’s general practitioner is made aware in advance of the vaccination that the patient will be vaccinated;
- (b) P must ensure that appropriate arrangements are in place at the care home or the patient’s home (having regard to the standard operating procedures mentioned in direction 7A(6)) for the handling, removal and safe disposal of any clinical waste related to the provision of the service;
- (c) where vaccinations are administered at—
 - (i) a care home, P must ensure that vaccinations are only administered in a room which meets the requirements for such a room in the CPSIVAS service specification, or
 - (ii) a patient’s home, P must ensure that vaccinations are only administered in a location which P considers suitable having regard to the standard operating procedures referred to in paragraph (4); and
- (d) P must ensure that appropriate infection control is available at the care home or at the patient’s home.

(9) P must ensure, in so far as is practicable, that services which are part of the arrangements are available and on offer at P’s pharmacy premises throughout its core opening hours and supplementary opening hours (as defined in the Pharmaceutical Services Regulations^(a)).

(10) P must ensure the service is accessible, appropriate and sensitive to the needs of all service users, and that no eligible patient is excluded or experiences particular difficulty in accessing or using the service due to their race, gender, disability, sexual orientation, religion or belief, gender reassignment, marriage or civil partnership status, pregnancy or maternity, or age (subject to the requirements of the National PGD).

(11) P must ensure the patient’s consent to the administration of the vaccine is recorded using the consent form in the CPSIVAS service specification, and information in the form must be shared on request with the NHSCB, where it is needed for assurance and post payment verification.

(12) P must ensure that each patient vaccinated under the arrangements, (or where appropriate his or her carer) must be asked to complete the patient questionnaire in the CPSIVAS service specification, and thereafter P must process the information contained in any completed patient questionnaires in the manner requested by the NHSCB.

(13) As regards each patient vaccinated under the arrangements who is registered with a general practitioner, P must ensure that the patient’s general practitioner is notified, using the form for this purpose in the CPSIVAS service specification, in the manner provided for in that service specification.

(14) If —

- (a) a patient vaccinated under the arrangements presents with an adverse drug reaction which is or may be linked to that vaccination; and

^(a) See regulation 2(1) of those Regulations for the relevant definitions.

ADVANCED SERVICES (PHARMACY AND APPLIANCE CONTRACTORS)(ENGLAND)

- (b) a pharmacist who is P or who is employed or engaged by P believes the adverse reaction is of clinical significance,

P or a person employed or engaged by P must ensure that, having managed the patient's condition appropriately, the patient's general practitioner and where appropriate the Medicines and Healthcare products Regulatory Agency (under the Yellow Card Scheme) are notified as soon as possible, in the manner provided for in the National PGD and the CPSIVAS service specification.

- (15) P must keep a record of all patients receiving treatment under the arrangements—

(a) in the manner required and for the purposes specified in the National PGD and the CPSIVAS service specification, including the requirements relating to signature and dating by the immuniser and, in the case of electronic records, password protection; and

(b) for the purposes specified in the National PGD and the CPSIVAS service specification.

- (16) NHSCB must terminate any arrangements that are entered into or still in force on 31st March 2019 with effect from the end of 31st March 2019.”.

New directions 7BA and 7BB of the 2013 Directions

5. After direction 7B (Community Pharmacy Seasonal Influenza Vaccination Advanced Service: ongoing conditions of arrangements), insert the following directions—

“NHS Community Pharmacist Consultation Service: general matters and preconditions to making arrangements

7BA.—(1) The NHSCB must make arrangements for the provision of a service as part of the CPCS with any pharmacy contractor (P) who—

(a) meets the requirements set out in paragraphs (3) to (8); and

(b) wishes to enter into such arrangements or is required to do so by virtue of regulation 66 of the Pharmaceutical Services Regulations (conditions relating to providing directed services).

(2) The underlying purposes of the CPCS are, for NHS patients referred via the NHS 111 service or an IUC CAS—

- (a) to offer NHS patients with low acuity conditions, or who require urgent prescriptions, access to appropriate urgent care services from pharmacy contractors, with a view to releasing capacity in other areas of the urgent care system;
 - (b) to support NHS patients in self-managing their health more effectively, with a view to reducing unnecessary use of the urgent care system; and
 - (c) to increase patient awareness and use of pharmacy contractors as the “first port of call” for low acuity conditions and for medicines access and advice.
- (3) P must register to provide the service in the manner provided for in the CPCS service specification.
- (4) P must be satisfactorily complying with P’s obligations under Schedule 4 to the Pharmaceutical Services Regulations (Terms of service of NHS pharmacists) in respect of the provision of essential services and an acceptable system of clinical governance.
- (5) P must have in place at the pharmacy premises at or from which the service is to be provided a business continuity plan and standard operating procedures, both of which are to cover provision of the service, as appropriate, having regard to the requirements of the CPCS service specification.
- (6) Pharmacy staff, including locums, at pharmacy premises at or from which the service is to be provided must have been appropriately trained and must have appropriate knowledge and skills, having regard to the requirements of the CPCS service specification, if there is any role that they may be asked to perform as part of the service.
- (7) P must be able to provide the service in a room for confidential consultations at P’s pharmacy premises which meets the requirements for such a room in the CPCS service specification.
- (8) Pharmacy professionals at the pharmacy premises at or from which the service is to be provided must have access to, and be able to use—
- (a) the EPS;
 - (b) NHS summary care records;
 - (c) NHSmail (including the shared mailbox); and
 - (d) the CPCS IT system, as mentioned in the CPCS service specification, if it is used within their locality.

NHS Community Pharmacist Consultation Service: ongoing conditions of arrangements

7BB.—(1) The NHSCB must ensure that arrangements pursuant to direction 7BA(1) with a pharmacy contractor (P) include terms equivalent to the requirements set out in this direction.

(2) P must comply, and must ensure that their pharmacy staff including locums comply, with the requirements of the CPCS service specification, in particular in respect of—

- (a) the checking for, and handling of, referrals via the NHS 111 service or an IUC CAS, including, where the CPCS service specification so provides, contacting a patient who has not made contact with P;
- (b) dealing with circumstances where a patient requests a service as part of the CPCS but no referral message has been received via the NHS 111 service or an IUC CAS, including where none has been sent;
- (c) the conduct of the initial interview of the patient;
- (d) making appropriate use of NHS summary care records and the EPS;
- (e) documentation of referrals;
- (f) in cases relating to referral via the NHS 111 service or an IUC CAS for the possible emergency supply of a drug or appliance—

ADVANCED SERVICES (PHARMACY AND APPLIANCE CONTRACTORS)(ENGLAND)

- (i) conducting face to face consultations, where one is legally necessary or clinically appropriate,
 - (ii) dealing with the circumstances where it is not appropriate to make an emergency supply of a drug or appliance (for example, where the prescription is available via the EPS or the relevant requirements of the Human Medicines Regulations 2012(a) are not met),
 - (iii) dealing with emergency supplies of drugs and appliances, where it is appropriate for an emergency supply to be made,
 - (iv) onward referrals, if it is appropriate for an emergency supply of a drug or appliance to be made but P does not have the item in question,
 - (v) ensuring that the patient and, if there is contact with a representative of the patient, the patient's representative are given appropriate information and advice (in particular about ordering prescriptions in a timely manner and the benefits of electronic repeat dispensing),
 - (vi) ensuring that the patient, or a representative of the patient, duly completes the documentation required to ensure that NHS prescription charges are paid, or exemptions are claimed correctly, and that the required checks and records are made of evidence of entitlement to exemptions,
 - (vii) collecting NHS prescription charges, where these are payable,
 - (viii) maintaining and managing records of the emergency supply, and
 - (ix) post event messaging, including use of the national GP Practice Notification Form where such use is provided for by the CPCS service specification;
 - (g) in cases relating to referral via the NHS 111 service or an IUC CAS because of a possible low acuity condition—
 - (i) conducting face to face consultations, where one is clinically appropriate,
 - (ii) identifying where a patient needs to be referred to higher acuity services and the procedures to be followed in those circumstances (including the escalation process),
 - (iii) providing advice (verbal and printed) on self-care and the management of low acuity conditions, including advice in respect of symptoms not improving or becoming worse and when and where to go for further advice (including online resources) or treatment,
 - (iv) if medication is required for the presenting condition, responding as provided for in the CPCS service specification (which may mean offering another NHS service or a private sale),
 - (v) maintaining and managing records of the consultation, including of any medication offered or supplied (including supplies as part of another NHS service and private purchases), and
 - (vi) post event messaging, including use of the national GP Practice Notification Form where such use is provided for by the CPCS service specification;
 - (h) ensuring that the documentation that needs to be duly completed for P to be paid the due amount for the service is duly completed and submitted; and
 - (i) ensuring that the governance arrangements for the service are complied with, as provided for in the CPCS service specification.
- (3) P must ensure that pharmacy staff, including locums, at pharmacy premises at or from which the service is to be provided have been appropriately trained and have appropriate knowledge and skills, having regard to the requirements of the CPCS service specification, if there is any role that they may be asked to perform as part of the service.

(a) S.I. 2012/1916.

(4) P must have in place and keep under review at the pharmacy premises at or from which the service is to be provided a business continuity plan and standard operating procedures, both of which are to cover provision of such services, as appropriate, having regard to the requirements of the CPCS service specification.

(5) If the provision of the service has to be suspended for any reason, P must ensure that—

- (a) the relevant elements of its business continuity plan are activated; and
- (b) the NHS 111 service, any local IUC CAS and the NHSCB are informed, as provided for in the CPCS service specification.

(6) Where P holds face to face consultations at P's premises, these must be held in the room at P's premises for confidential consultations which meets the requirements for such a room in the CPCS service specification.

(7) P must ensure, in so far as is practicable, that the service is available and on offer at P's pharmacy premises at the times throughout its core opening hours and supplementary opening hours (as defined in the Pharmaceutical Services Regulations^(a)).

(8) P must ensure that the service is accessible, appropriate and sensitive to the needs of all service users, and that no eligible patient is excluded, or experiences difficulty in accessing or using the service due to their race, gender, disability, sexual orientation, religion or belief, gender reassignment, marriage or civil partnership status, pregnancy or maternity, or age.

(9) P must not actively promote services which are part of the CPCS directly to the public.

(10) P must not use the provision of the service as an occasion for attempting to divert a patient from, or to change their use of, their usual pharmacy.

(11) P must participate in any local audit of integrated urgent care service provision provided for in the CPCS service specification.

(12) P must provide the reports for service evaluation and monitoring purposes provided for in the CPCS service specification.

(13) If P is to terminate P's participation in the CPCS, P must do so in the manner provided for in the CPCS service specification."

Revocation of directions 7C and 7D of the 2013 Directions

6.—(1) Directions 7C and 7D of the 2013 Directions^(b) (NHS Urgent Medicine Supply Advanced Service Pilot Scheme – general matters and preconditions to making arrangements, and ongoing conditions of arrangements) are revoked.

(2) Direction 3 of the Pharmaceutical Services (Advanced and Enhanced Services) (England) (Amendment) (No. 2) Directions 2016, signed on 30th November 2016, is revoked.

2.—(1) Direction 2 of the 2013 Directions (interpretation) is amended as follows.

- (a) 2006 c. 41. Section 127 has been amended by the Health and Social Care Act 2012 (c. 7) (“the 2012 Act”), Schedule 4, paragraph 64; and section 128 has been amended by the 2012 Act, Schedule 4, paragraph 65.
- (b) Signed on 12th March 2013, and amended by: the Pharmaceutical Services (Advanced and Enhanced Services) (England) (Amendment) Directions 2013, signed on 16th September 2013; the Pharmaceutical Services (Advanced and Enhanced Services) (England) (Amendment) (No. 2) Directions 2013, signed on 6th December 2013, which also revoked the Pharmaceutical Services (Advanced and Enhanced Services) (England) (Amendment) Directions 2013; the Pharmaceutical Services (Advanced and Enhanced Services) (England) (Amendment) Directions 2014, signed on 12th March 2014; the Pharmaceutical Services (Advanced and Enhanced Services) (England) (Amendment) (No. 2) Directions 2014, signed on 5th December 2014; the Pharmaceutical Services (Advanced and Enhanced Services) (England) (Amendment) Directions 2015, signed on 15th September 2015; the Pharmaceutical Services (Advanced and Enhanced Services) (England) (Amendment) Directions 2016, signed on 30th August 2016; the Pharmaceutical Services (Advanced and Enhanced Services) (England) (Amendment) (No.2) Directions 2016, signed on 30th November 2016; the Pharmaceutical Services (Advanced and Enhanced Services) (England) (Amendment) Directions 2017, signed on 29th August 2017; the Pharmaceutical Services (Advanced and Enhanced Services) (England) (Amendment) Directions 2018, signed on 8th March 2018; the Pharmaceutical Services (Advanced and Enhanced Services) (England) (Amendment) (No. 2) Directions 2018, signed on 31st August 2018; and the Pharmaceutical Services (Advanced and Enhanced Services) (England) (Amendment) Directions 2019, signed on 13th March 2019; the Pharmaceutical Services (Advanced and Enhanced Services) (England) (Amendment) (No. 2) Directions 2019, signed on 22nd August 2019; the Pharmaceutical Services (Advanced and Enhanced Services) (England) (Amendment) (No. 3) Directions 2019, signed on 11th September 2019; the Pharmaceutical Services (Advanced and Enhanced Services) (England) (Amendment) (No. 4) Directions 2019, signed on 24th October 2019; the Pharmaceutical Services (Advanced and Enhanced Services) (England) (Amendment) Directions 2020, signed on 6th March 2020; the Pharmaceutical Services (Advanced and Enhanced Services and Emergency Declaration) Directions 2020, signed on 27th March 2020; and the Pharmaceutical Services (Advanced and Enhanced Services and Emergency Declaration) (Amendment) (England) Directions 2020, signed on 30th June 2020.
- (c) Signed on 27th March 2020. A relevant amendment was made to these Directions by the Pharmaceutical Services (Advanced and Enhanced Services and Emergency Declaration) (Amendment) (England) Directions 2020, signed on 30th June 2020.

(2) At the appropriate places in the alphabetical order insert—

““CPHCATS” means the Community Pharmacy Hepatitis C Antibody Testing Service, which is the advanced service described in direction 7BC(2);”;

“CPHCATS service specification” means the service specification for the CPHCATS, produced by the NHSCB, which has the publication date of August 2020(a);

“POCT” is a point of care test which tests for Hepatitis C antibodies; and

“PWID” means a person who injects illicit drugs (for example, steroids or heroin);”.

(3) In the definition of “CPSIVAS service specification”, for “August 2019” substitute “August 2020”.

(4) For the definition of “National PGD”(b) substitute the following definition—

““National PGD” means the Patient Group Direction authorised by the NHSCB in respect of the administration of inactivated influenza vaccine in accordance with the CPSIVAS and the national flu immunisation programme 2020/21, which is valid from 1st September 2020 and has the published expiry date of 31st March 2021(c) (and which may be revised from time to time);”.

Insertion of direction 2A

3. After direction 2 insert—

Processing of data relating to service provision and remuneration and for NHS management functions

2A.—(1) The processing of data which relates to the provision of an advanced or enhanced service and is provided by a patient or an NHS chemist in the course of, or to enable, the provision of an advanced or enhanced service is—

- (a) necessary for the performance of a task carried out in the public interest; and
- (b) if the data is personal data concerning health, necessary for the management of health care systems or services,

where the processing is by or on behalf of a relevant body or an NHS chemist (including by another body on behalf of the relevant body or the NHS chemist) and is for the purposes of performing, or facilitating the performance of, the functions listed in paragraph (2).

(2) Those functions are—

- (a) remunerating the NHS chemist for providing the advanced or enhanced service;
- (b) post payment verification;
- (c) charging the patient for providing the advanced or enhanced service (if that is expressly provided for by or under any enactment); and
- (d) management functions of a relevant body relating to ensuring that the functions mentioned in sub-paragraphs (a) to (c) are performed effectively, efficiently and economically.

(3) A person who—

- (a) is employed or engaged by a relevant body or an NHS chemist, or by a body processing data on their behalf as mentioned in paragraph (1); and
- (b) in the course of being so employed or engaged is required, for the purposes mentioned in paragraph (1), to undertake the processing of data described in that paragraph,

(a) The NHS Publishing Reference for the Hepatitis C Testing Service – Advanced Service: PAR0092.

(b) As substituted by the Pharmaceutical Services (Advanced and Enhanced Services) (England) (Amendment) (No. 2) Directions 2018, signed on 31st August 2018.

(c) NHS England and NHS Improvement Publications gateway reference 000781.

owes a duty of confidentiality in respect of that data (whether or not that person would do so but for this paragraph), but that duty is such that, if the processing is for the purposes mentioned in paragraph (1), that person is able, lawfully, to process that data by virtue of this direction.

(4) Words and expressions used in both—

(a) paragraphs (1) and (3); and

(b) Parts 1 and 2 (preliminary and general processing) of, and paragraph 2(2)(f) of Schedule 1 (special categories of personal data and criminal convictions etc data) to, the Data Protection Act 2018(a),

bear the meanings they bear in those provisions of the Data Protection Act 2018.”.

Amendment of direction 4 of the 2013 Directions

4.—(1) Direction 4 (MUR services: general matters and pre-conditions for making arrangements) of the 2013 Directions is amended as follows.

(2) In paragraph (6)—

(a) after “who is employed or engaged by, P” insert “, where clinically appropriate,”;

(b) in sub-paragraph (a), for “by telephone” substitute “by telephone or video link”;

(c) in sub-paragraph (b), for “the telephone conversation” substitute “the telephone or video link conversation”;

(d) omit “but only if P has obtained the approval of the NHSCB to do so on that particular occasion”.

Amendment of direction 5 of the 2013 Directions

5.—(1) Direction 5 (MUR service: ongoing conditions of arrangements) of the 2013 Directions is amended as follows.

(2) In paragraph (1), in sub-paragraph (c)—

(a) for “they are only provided” substitute “they are only provided, where clinically appropriate”;

(b) in paragraph (i), for “by telephone” substitute “by telephone or video link”;

(c) in paragraph (ii), for “the telephone conversation” substitute “the telephone or video link conversation”;

(d) omit “with P having obtained the approval of the NHSCB to do so on that particular occasion”;

(e) for sub-paragraph (o), substitute—

“(o) P must obtain from each patient to whom P provides MUR services verbal consent and must record the patient’s consent on the pharmacy’s clinical record for the service.”;

Amendment of direction 6 of the 2013 Directions

6.—(1) Direction 6 (New Medicine Services: general matters and preconditions for making arrangements) of the 2013 Directions is amended as follows.

(2) For paragraph (10) substitute—

“(10) A registered pharmacist who is, or who is employed or engaged by, P may, where clinically appropriate, provide any services as part of a New Medicine Service other than at the acceptable location at P’s pharmacy premises if that registered pharmacist does so—

(a) 2018 c. 12.

- (a) by telephone or by video link, with the prior agreement of any patient; and
- (b) in circumstances where the telephone or video link conversation cannot be overheard (except by someone whom the patient wants to hear the conversation, for example a carer).”.

Amendment of direction 7 of the 2013 Directions

7.—(1) Direction 7 (New Medicines Services: ongoing conditions of arrangements) of the 2013 Directions is amended as follows.

(2) In paragraph (1)—

- (a) at the beginning of sub-paragraph (b), insert “subject to sub-paragraph (c).”;
- (b) for sub-paragraph (c), substitute—
 - “(c) where clinically appropriate, the New Medicine Service can be provided other than at an acceptable location at P’s pharmacy premises—
 - (i) by telephone or video link, with the prior agreement of any patient, and
 - (ii) in circumstances where the telephone or video link conversation cannot be overheard (except by someone whom the patient wants to hear the conversation, for example a carer).”; and
- (c) in sub-paragraph (f)—
 - (i) for “provided that the registered pharmacist is at P’s pharmacy premises and to the extent possible,” substitute “where clinically appropriate, and with the prior agreement of the patient, provided from another location by P by telephone or by video link”;
 - (ii) in sub-paragraph (ii), for “(for example, in a leaflet)” substitute “(for example, in a leaflet or by P directing the patient to a web link where the patient can access such information on line, where the service is being provided remotely)”; and
 - (iii) for sub-paragraph (iii), substitute—
 - “(iii) obtaining verbal consent from the patient and recording that consent on the pharmacy’s clinical record for the service, and”.

Substitution of direction 7A and 7B of the 2013 Directions

8.—(1) For directions 7A and 7B of the 2013 Directions(a) (Community Pharmacy Seasonal Influenza Vaccination Advanced Service: general matters and preconditions to making arrangements) substitute—

“Community Pharmacy Seasonal Influenza Vaccination Advanced Service: general matters and preconditions to making arrangements

7A.—(1) Until the end of 31st March 2021, the NHSCB must make arrangements for the provision of a service as part of the CPSIVAS with any pharmacy contractor (P) who—

- (a) meets the requirements set out in paragraphs (3) to (7); and
- (b) wishes to enter into such arrangements or is required to do so by virtue of regulation 66 of the Pharmaceutical Services Regulations (conditions relating to providing directed services).

(2) The underlying purpose of the CPSIVAS is to enable pharmacy contractors to participate in arrangements for the administration of inactivated influenza vaccine to patients in accordance with the National PGD, as part of the NHSCB, Public Health

(a) As substituted by the Pharmaceutical Services (Advanced and Enhanced Services) (England) (Amendment) (No. 2) Directions 2018, signed on 31st August 2018.

England and Department of Health and Social Care's national flu immunisation programme 2020 to 2021(a).

(3) P must be satisfactorily complying with P's obligations under Schedule 4 to the Pharmaceutical Services Regulations (Terms of service of NHS pharmacists) in respect of the provision of essential services and an acceptable system of clinical governance.

(4) Any registered pharmacist who is to be involved in the administration of vaccines as part of the service (including locums) —

- (a) must have been appropriately trained and be competent to do so, having regard to the requirements of the National PGD and the CPSIVAS service specification (including the relevant requirements of the National Minimum Standards(b) referred to in paragraph 4.5 of that specification); and
- (b) must have completed the relevant Centre for Pharmacy Postgraduate Education declaration of competence (c), copies of which must be kept at P's pharmacy premises.

(5) Pharmacy staff at pharmacy premises at or from which the service is to be provided, if there is any role that they may be asked to perform as part of the service, must have been appropriately trained, having regard to requirements of the National PGD and the CPSIVAS service specification.

(6) P must have in place at the pharmacy premises, or any other premises or sites from which the service is to be provided, appropriate standard operating procedures for the service (which may be available electronically where the service is being provided at sites other than the pharmacy premises), having regard to the requirements of the National PGD and the CPSIVAS service specification, about which staff (if there is any role that they may be asked to perform as part of the service) have received appropriate training and which include procedures in respect of—

- (a) cold chain integrity;
- (b) needle stick injuries;
- (c) advice to staff involved in the service in respect of vaccination against Hepatitis B;
- (d) the identification and management of adverse reactions;
- (e) the handling, removal and safe disposal of any clinical waste related to the provision of the service (whether the service is provided at the pharmacy premises or elsewhere); and
- (f) performing that activity away from the pharmacy premises.

(7) P must be able to provide the services which are part of the CPSIVAS at an acceptable location, and for these purposes "acceptable location" means—

- (a) a room for confidential consultations at P's pharmacy premises which meets the requirements for such a room in the CPSIVAS service specification, or as part of measures put in place to assist in the handling of a pandemic, at any other location at P's pharmacy that P considers suitable having regard to the standard operating procedures mentioned in paragraph (6);
- (b) where the service is being provided at a premises or site other than P's pharmacy premises, such as a village hall, place of worship, mobile vaccination van or other location or site, a location or site which in the clinical judgement of P is considered to be suitable for the provision of the service, which meet the professional standards required by the General Pharmaceutical Council and the CPSIVAS service specifications;

(a) See the letters published on gov.uk with PHE publications gateway number GW-1266 and 2020153.

(b) These are available at www.gov.uk/government/publications/immunisation-training-national-minimum-standards.

(c) This is available on the CPPE website, www.cppe.ac.uk.

- (c) if P is to provide services as part of the CPSIVAS at a care home, a room or any other location in the home that P considers suitable having regard to the standard operating procedures mentioned in paragraph (6); or
- (d) if P is to provide services as part of the CPSIVAS at a patient's home, a location in the patient's home that P considers suitable having regard to the standard operating procedures mentioned in paragraph (6).

Community Pharmacy Seasonal Influenza Vaccination Advanced Service: ongoing conditions of arrangements

7B.—(1) The NHSCB must ensure that arrangements pursuant to direction 7A(1) with a pharmacy contractor (P) include terms equivalent to the requirements set out in this direction.

(2) Inactivated influenza vaccines must only be administered under the arrangements in accordance with the National PGD, and this includes the requirements of the National PGD before and after administration of a vaccine.

(3) The only inactivated influenza vaccines to be administered under the arrangements must be those listed in the NHSCB, Public Health England and Department of Health and Social Care's national flu immunisation programme 2020 to 2021(a).

(4) P must have in place and keep under review at the pharmacy premises or any other premises or sites from which the service is to be provided appropriate standard operating procedures for the service (which may be available electronically where the service is being provided at sites other than the pharmacy premises), as described in direction 7A(6), about which staff (if there is any role that they may be asked to perform as part of the service) have received appropriate training.

(5) Vaccines must only be administered under the arrangements by a registered pharmacist, and that registered pharmacist (including if he or she is a locum)—

- (a) must have been appropriately trained and be competent to do so, having regard to the requirements of the National PGD and the CPSIVAS service specification (including the relevant requirements of the National Minimum Standards(b) referred to in paragraph 4.5 of that specification);
- (b) must have completed the relevant Centre for Pharmacy Postgraduate Education declaration of competence(c), copies of which must be kept at P's pharmacy premises;
- (c) must be authorised by name under the National PGD before working to it; and
- (d) must adhere to—
 - (i) the National PGD,
 - (ii) the relevant requirements of the publication known as the Green Book(d), and,
 - (iii) as appropriate, to the standard operating procedures referred to in paragraph (4).

(6) P must only provide the service at an acceptable location, and for these purposes, "acceptable location" has the same meaning as in direction 7A(7).

(7) In respect of each occasion on which P intends to administer vaccines at a site other than the pharmacy premises as part of the CPSIVAS—

(a) See the letters published on gov.uk with PHE publications gateway number GW-1266 and 2020153, and in particular Appendix B to the letter of 5th August 2020.

(c) This is available on the CPPE website, www.cppe.ac.uk.

(d) Available at www.gov.uk/government/collections/immunisation-against-infectious-disease-the-green-book.

- (a) P must ensure that appropriate arrangements are in place at the care home or the patient's home, or any other location at which the service is being provided, (having regard to the standard operating procedures mentioned in direction 7A(6)) for the handling, removal and safe disposal of any clinical waste related to the provision of the service;
 - (b) where vaccinations are administered at—
 - (i) a care home, P must ensure that vaccinations are only administered in a room or any other location which P considers suitable having regard to the standard operating conditions mentioned in paragraph (4),
 - (ii) a patient's home, P must ensure that vaccinations are only administered in a location which P considers suitable having regard to the standard operating procedures referred to in paragraph (4), or
 - (iii) any other acceptable location within the meaning of direction 7A(7), P must ensure that vaccinations are only administered in a location which P considers suitable having regard to the professional standards required by the General Pharmaceutical Council and the CPSIVAS service specifications; and
 - (c) P must ensure that appropriate infection control is available at the care home, the patient's home, or any other location at which the service is provided.
- (8) P must ensure, in so far as is practicable, that services which are part of the arrangements are available and on offer at P's pharmacy premises throughout its core opening hours and supplementary opening hours (as defined in the Pharmaceutical Services Regulations(a)).
- (9) P must ensure the service is accessible, appropriate and sensitive to the needs of all service users, and that no eligible patient is excluded or experiences particular difficulty in accessing or using the service due to their race, gender, disability, sexual orientation, religion or belief, gender reassignment, marriage or civil partnership status, pregnancy or maternity, or age (subject to the requirements of the National PGD).
- (10) P must ensure the patient's verbal consent to the administration of the vaccine is obtained and recorded on the pharmacy's clinical record for the service, and this information must be shared on request with the NHSCB, where it is needed for assurance and post payment verification.
- (11) As regards each patient vaccinated under the arrangements who is registered with a general practitioner, P must ensure that the patient's general practitioner is notified in accordance with the CPSIVAS service specification, in the manner provided for in that service specification.
- (12) If—
- (a) a patient vaccinated under the arrangements presents with an adverse drug reaction which is or may be linked to that vaccination; and
 - (b) a pharmacist who is P or who is employed or engaged by P believes the adverse reaction is of clinical significance,
- P or a person employed or engaged by P must ensure that, having managed the patient's condition appropriately, the patient's general practitioner and where appropriate the Medicines and Healthcare products Regulatory Agency (under the Yellow Card Scheme) are notified as soon as possible, in the manner provided for in the National PGD and the CPSIVAS service specification.
- (13) P must keep a record of all patients receiving treatment under the arrangements—
- (a) in the manner provided and for the purposes specified in the National PGD and the CPSIVAS service specification, including the requirements relating to signature

(a) See regulation 2(1) of those Regulations for the relevant definitions.

and dating by the immuniser and, in the case of electronic records, password protection; and

- (b) for the purposes specified in the National PGD and the CPSIVAS service specification.

(14) NHSCB must terminate any arrangements that are entered into or still in force on 31st March 2021 with effect from the end of 31st March 2021.”.

Amendment of direction 7BA

9.—(1) Direction 7BA (NHS Community Pharmacist Consultation Services: general matters and preconditions to making arrangements) is amended as follows.

(2) In paragraph (2) for “via the NHS 111 service or an IUC CAS” substitute “via the NHS 111 service, an IUC CAS or a GP surgery”.

Amendment of direction 7BB

10.—(1) Direction 7BB (NHS Community Pharmacist Consultation Service: ongoing conditions of arrangements), is amended as follows.

(2) In paragraph (2), in sub-paragraphs (a), (b), (f) and (g), for “NHS 111 service or an IUC CAS” substitute “via the NHS 111 service, an IUC CAS or a GP surgery”.

(3) In paragraph (5), in sub-paragraph (b), for “NHS 111 service or an IUC CAS” substitute “via the NHS 111 service, an IUC CAS or a GP surgery”.

New directions 7BC and 7BD of the 2013 Directions

11. After direction 7BB (NHS Community Pharmacist Consultation Service: ongoing conditions of arrangements), insert the following directions—

“Community Pharmacy Hepatitis C Antibody Testing Service: general matters and preconditions to making arrangements

7BC.—(1) From 1st September 2020 to 31st March 2022, the NHSCB must make arrangements for the provision of a service as part of the CPHCATS with any pharmacy contractor (P) who—

- (a) meets the requirements set out in paragraphs (3) to (9); and
- (b) wishes to enter into such arrangements or is required to do so by virtue of regulation 66 of the Pharmaceutical Services Regulations (conditions relating to providing directed services).

(2) The underlying purposes of the CPHCATS are—

- (a) to offer PWIDs who are not engaged in community drug and alcohol treatment services the opportunity to receive a Hepatitis C antibody test at a community pharmacy; and
- (b) where the Hepatitis C antibody test produces a positive test, to refer the PWID for further testing and treatment.

(3) P must register to provide the service through the NHS BSA Manage Your Service platform on the NHS BSA website.

(4) P must be satisfactorily complying with P’s obligations under Schedule 4 to the Pharmaceutical Services Regulations (Terms of service of NHS pharmacists) in respect of the provision of essential services and an acceptable system of clinical governance.

(5) P must have in place at the pharmacy premises from which the service is to be provided standard operating procedures which include procedures to ensure health and safety and infection control procedures are maintained (including a needle stick injury

procedure), as provided for in and in line with the relevant guidelines referred to in the CPHCATS service specification.

(6) All pharmacy staff, including locums, at pharmacy premises from which the service is to be provided, who are to be involved in the provision of the service, must be competent to be so involved, and in particular—

- (a) must be familiar with the standard operating procedures;
- (b) if they may conduct POCTs, must be familiar with the manufacturer's instructions in respect of how to conduct POCTs; and
- (c) if they may conduct POCTs, must have been appropriately trained (including watching the NHSCB training video) and made aware of the risks associated with the handling and disposal of clinical waste.

(7) P must be able to provide the service in a room for confidential consultations at P's pharmacy premises which meets the requirements for such a room in the CPHCATS service specification.

(8) Pharmacy professionals at the pharmacy premises from which the service is to be provided must have access to, and be able to use—

- (a) NHSmail (including the shared mailbox); and
- (b) the Hepatitis C Registry, as mentioned in the CPHCATS service specification.

(9) All pharmacy staff, including locums, at the pharmacy premises at or from which the service is to be provided, who are to be involved in the provision of the service, must have been advised—

- (a) that as there is a small risk that they could come into contact with blood borne viruses, they should consider being vaccinated against Hepatitis B; and
- (b) of the risks should they decide not to be vaccinated.

NHS Community Pharmacy Hepatitis C Antibody Testing Service: ongoing conditions of arrangements

7BD.—(1) The NHSCB must ensure that arrangements pursuant to direction 7BC(1) with a pharmacy contractor (P) include terms equivalent to the requirements set out in this direction.

(2) P must comply, and must ensure that their pharmacy staff including locums comply, with the requirements of the CPHCATS service specification, in particular in respect of—

- (a) who may conduct POCTs;
- (b) the availability of POCTs;
- (c) determining eligibility to receive POCTs;
- (d) referral of persons who are not eligible for a POCT as part of the CPHCATS to an alternative service as part of which they are eligible for a POCT or to their GP;
- (e) which POCT is to be used;
- (f) storage of POCT materials;
- (g) the pre-test discussion between a person who is being offered a POCT and the pharmacy professional who would conduct the test;
- (h) obtaining a person's oral consent to being tested, and recording the patient's consent on the pharmacy's clinical record for the service;
- (i) advising a person who has been tested on the outcome of the test;
- (j) in a case where there is a negative antibody result, advising the person who has been tested about re-testing, as provided for in the CPHCATS service specification;
- (k) in a case where there is a positive antibody result—

- (i) referring the patient for further testing and where appropriate suitable treatment,
 - (ii) providing the patient with the relevant literature, as provided for in the CPHCATS service specification, and
 - (iii) if the patient has a GP and so consents, notifying the patient's GP of the test, the result and any onward referral for further testing and where appropriate suitable treatment;
- (l) the escalation process, if a person who has been tested fails to return for their results (including the capturing of data in respect of that person, as provided for in the CPHCATS service specification);
- (m) the removal and safe disposal of any clinical waste related to the provision of the service;
- (n) ensuring that the records of, or the records needed for, service provision (including the recording of the patient's consent on the pharmacy's clinical record for the service and the records needed for post payment verification) are maintained as provided for in the CPHCATS service specification;
- (o) ensuring that the documentation, including electronic documentation, that needs to be duly completed for P to be paid the due amount for the service is duly completed and submitted;
- (p) ensuring that, where a person who has been tested so consents, information about them is included in the Hepatitis C Registry, as provided for in the CPHCATS service specification;
- (q) ensuring that the governance arrangements for the service are complied with, as provided for in the CPHCATS service specification; and
- (r) ensuring that the service evaluation arrangements for the service are complied with, as provided for in the CPHCATS service specification.
- (3) P must have in place and keep under review at the pharmacy premises from which the service is to be provided standard operating procedures, which include procedures to ensure health and safety and infection control procedures are maintained (including a needle stick injury procedure), as provided for in and in line with the relevant guidelines referred to in the CPHCATS service specification.

“Community Pharmacy COVID-19 Lateral Flow Device Distribution Service: general matters and preconditions to making arrangements

7BE.—(1) The NHSCB must make arrangements for the provision of a service as part of the CPCLFDDS with any pharmacy contractor (P) who—

(a) meets the requirements set out in paragraphs (3) to (8); and

(b) wishes to enter into such arrangements or is required to do so by virtue of regulation 66 of the Pharmaceutical Services Regulations (conditions relating to providing directed services).

(2) The underlying purpose of the CPCLFDDS is to improve access to COVID-19 testing by making LFDs readily available from community pharmacies for distribution to asymptomatic patients.

(3) P must register to provide the service through the NHS BSA Manage Your Service platform on the NHS BSA website.

(4) P must be satisfactorily complying with P’s obligations under Schedule 4 to the Pharmaceutical Services Regulations (Terms of service of NHS pharmacists) in respect of the provision of essential services and an acceptable system of clinical governance.

(5) P must have in place at the pharmacy premises at or from which the service is to be provided standard operating procedures for the provision of the service with which all pharmacy staff, including locums, who are to be involved in the provision of the service are to be familiar.

(6) All pharmacy staff, including locums, at pharmacy premises at or from which the service is to be provided, who are to be involved in the provision of the service, must be competent to be so involved.

(7) P must have a suitable place, away from members of the public, to store LFD boxes that are to be provided as part of the service.

(8) P must ensure that P’s contact details, including the address of P’s pharmacy premises, are uploaded onto the NHS Test Finder service, so that those details are

Community Pharmacy COVID-19 Lateral Flow Device Distribution Service: ongoing conditions of arrangements

7BF.—(1) The NHSCB must ensure that arrangements pursuant to direction 7BE(1) with a pharmacy contractor (P) include terms equivalent to the requirements set out in this direction.

(2) P must comply, and must ensure that their pharmacy staff including locums comply, with the requirements of the CPCLFDDS service specification, in particular in respect of—

- (a) recording the lot numbers of LFD cartons delivered to the pharmacy premises (in accordance with product recall requirements), including in respect of the length of time for which that information is to be held;
 - (b) the weekly order limit for LFD cartons;
 - (c) storage of the LFD cartons;
 - (d) the numbers of LFD boxes to be provided to a person requesting provision of the service, and any requirements in respect of whom those persons may be;
 - (e) the information to be requested from a person who receives the service;
 - (f) the weekly entry of information—
 - (i) about the LFD boxes P supplies as part of the service, and
 - (ii) obtained from a person who receives the service,
 onto the NHS BSA Manage Your Service platform on the NHS BSA website, including the timeframe within which information must be entered;
 - (g) the information to be provided to a person who receives the service in respect of—
 - (i) the contents of the boxes being supplied and the purpose of the tests,
 - (ii) the reporting of results and the importance of doing so,
 - (iii) the implications of negative results, and
 - (iv) the recording of lot numbers of LFD cartons and reporting incidents in relation to LFDs;
 - (h) advertising LFD product recalls;
 - (i) ensuring that the documentation, including electronic documentation, that needs to be duly completed for P to be paid the due amount for the service, and for post payment verification processes, is duly completed and submitted;
 - (j) the steps to be taken if P is having problems delivering the service; and
 - (k) ensuring that the clinical governance requirements for the service are complied with.
- (3) P must have in place and keep under review at the pharmacy premises at or from which the service is to be provided standard operating procedures for the provision of the service with which all pharmacy staff, including locums, who are to be involved in the provision of the service are to be familiar.
- (4) P must ensure that all pharmacy staff, including locums, at pharmacy premises at or from which the service is to be provided, who are to be involved in the provision of the service, are competent to be so involved.
- (5) P must have a suitable place, away from members of the public, to store LFD boxes that are to be provided as part of the service.

(a) See <https://find-covid-19-rapid-test-sites.maps.test-and-trace.nhs.uk/>.

ADVANCED SERVICES (PHARMACY AND APPLIANCE CONTRACTORS)(ENGLAND)

(6) P must ensure that P's contact details, including the address of P's pharmacy premises, are, and remain, uploaded onto the NHS Test Finder service, so that those details are accessible via the 119 telephone service and via the application and website designated by the NHSCB for use by the public for finding the CPCLFDDS.

(7) P must ensure, in so far as is practicable, that the service is available at P's pharmacy premises at the times throughout its core opening hours and supplementary opening hours (as defined in the Pharmaceutical Services Regulations(a)).

(8) P must ensure that the service is accessible, appropriate and sensitive to the needs of all service users, and that no eligible patient is excluded, or experiences difficulty in accessing or using the service due to their race, gender, disability, sexual orientation, religion or belief, gender reassignment, marriage or civil partnership status, pregnancy or maternity, or age.

(9) If P is to cease providing the service permanently, P must do so in the manner provided for in the CPCLFDDS service specification."

(d) in sub-paragraph (f), for “where clinically appropriate, and with the prior agreement of the patient, provided from another location by P by telephone or by video link”, substitute “where clinically appropriate, and with the prior agreement of the patient, provided from another location by P by telephone or by video link, or if required at a patient’s home, subject to the requirements set out in sub-paragraph (c)”;

(e) after sub-paragraph (n), insert—

“(o) between 1st September 2021 and 31st March 2022, catch up reviews may be provided by P to eligible patients who meet the criteria set out in the service specification and who have missed a review due to the coronavirus pandemic as part of the New Medicine Service;

(p) where P provides catch up reviews, P must do so in accordance with the service specification, and in particular—

(i) though catch up reviews will ordinarily follow the standard New Medicine Service approach, as set out above, patient engagement and intervention stages of the New Medicine Service review may occur simultaneously at the point at which the patient is identified or contacted by P (which could be following a review of the pharmacy’s patients by P or when the patient’s medication is next dispensed at or from the pharmacy), or may vary from the standard approach, in accordance with the service specification, where patients have started taking the new medicines and have been established on the new medicine for a period of months,

(ii) if it is identified during the intervention stage that the patient has no issues with the prescribed medication requiring further review or support, P can use their professional judgement and not undertake the follow up review stage,

(iii) if P, following the delivery of the intervention stage, does not identify any issues requiring the follow up stage, P must provide clinical advice to support

the patient as required and close the New Medicine Service review process, and must record this in the pharmacy record, and

- (iv) if it is identified that the patient does not require a follow up review and the New Medicine Service is concluded after completion of the intervention stage, this is to be treated as if P had completed a full New Medicine Service review.”.

Substitution of direction 7A and 7B of the 2013 Directions

5.For directions 7A and 7B of the 2013 Directions (a) (Community Pharmacy Seasonal Influenza Vaccination Advanced Service: general matters and preconditions to making arrangements), substitute—

“Community Pharmacy Seasonal Influenza Vaccination Advanced Service: general matters and preconditions to making arrangements

7A.—(1) Until the end of 31st March 2022, the NHSCB must make arrangements for the provision of a service as part of the CPSIVAS with any pharmacy contractor (P) who—

- (a) meets the requirements set out in paragraphs (3) to (7); and
- (b) wishes to enter into such arrangements or is required to do so by virtue of regulation 66 of the Pharmaceutical Services Regulations (conditions relating to providing directed services).

(2) The underlying purpose of the CPSIVAS is to enable pharmacy contractors to participate in arrangements for the administration of inactivated influenza vaccine to patients in accordance with the National PGD or the National Protocol, as part of the NHSCB, Public Health England and Department of Health and Social Care’s national flu immunisation programme 2021 to 2022(b).

(3) P must be satisfactorily complying with P’s obligations under Schedule 4 to the Pharmaceutical Services Regulations (Terms of service of NHS pharmacists) in respect of the provision of essential services and an acceptable system of clinical governance.

(4) Any pharmacist, pharmacy technician or other authorised person who is to be involved in the administration of vaccines as part of the service must have been appropriately trained and be competent to do so, having regard to the requirements of the National PGD, the National Protocol and the CPSIVAS service specification (including the relevant requirements of the National Minimum Standards(c) referred to in paragraph 4.5 of that specification), and to any JCVI guidance on the required interval between, or the co-administration of, vaccinations under this service and other vaccination types.

(5) Pharmacy staff or other persons at pharmacy premises at or from which the service is to be provided, if there is any role that they may be asked to perform as part of the service, must have been appropriately trained, having regard to requirements of the National PGD, the National Protocol and the CPSIVAS service specification, and to any JCVI guidance on the required interval between, or the co-administration of, vaccinations under this service and other vaccination types.

(6) P must have in place at the pharmacy premises, or any other premises or sites from which the service is to be provided, appropriate standard operating procedures for the service (which may be available electronically), having regard to the requirements of the National PGD, the National Protocol and the CPSIVAS service specification, and to any JCVI guidance on the required interval between, or the co-administration of, vaccinations under this service and other vaccination types, about which staff (if there is any role that

they may be asked to perform as part of the service) have received appropriate training and which include procedures in respect of—

- (a) cold chain integrity;
- (b) needle stick injuries;
- (c) advice to staff involved in the service in respect of vaccination against Hepatitis B;
- (d) the identification and management of adverse reactions;
- (e) the handling, removal and safe disposal of any clinical waste related to the provision of the service (whether the service is provided at the pharmacy premises or elsewhere); and
- (f) performing that activity away from the pharmacy premises.

(7) P must be able to provide the services which are part of the CPSIVAS at an acceptable location, and for these purposes “acceptable location” means—

- (a) a room for confidential consultations at P’s pharmacy premises which meets the requirements for such a room in the CPSIVAS service specification, or, as part of measures put in place to assist in the handling of a pandemic, at any other location at P’s pharmacy that P considers suitable having regard to the standard operating procedures mentioned in paragraph (6);
- (b) where the service is being provided at a premises or site other than P’s pharmacy premises, such as a village hall, place of worship, mobile vaccination van or other location or site, a location or site which in the clinical judgement of P is considered to be suitable for the provision of the service, having regard to the standard operating procedures mentioned in paragraph (6) and which meet the professional standards required by the General Pharmaceutical Council and the CPSIVAS service specifications;
- (c) if P is to provide services as part of the CPSIVAS at a care home, a room or any other location in the home that P considers suitable having regard to the standard operating procedures mentioned in paragraph (6); or
- (d) if P is to provide services as part of the CPSIVAS at a patient’s home, a location in the patient’s home that P considers suitable having regard to the standard operating procedures mentioned in paragraph (6).

Community Pharmacy Seasonal Influenza Vaccination Advanced Service: ongoing conditions of arrangements

7B.—(1) The NHSCB must ensure that arrangements pursuant to direction 7A(1) with a pharmacy contractor (P) include terms equivalent to the requirements set out in this direction.

(2) Inactivated influenza vaccines must only be administered under the arrangements in accordance with the National PGD or the National Protocol, and this includes the requirements of the National PGD or the National Protocol before and after administration of a vaccine, and in line with any JCVI guidance on the required interval between, or the co-administration of, vaccinations under this service and other vaccination types,

(3) The only inactivated influenza vaccines to be administered under the arrangements must be those listed in the NHSCB, Public Health England and Department of Health and Social Care’s national flu immunisation programme 2021 to 2022^(a).

(4) P must have in place and keep under review at the pharmacy premises or any other premises or sites from which the service is to be provided appropriate standard operating procedures for the service (which may be available electronically), as described in direction

(a) See the letters published on gov.uk with PHE publications gateway number GW-1266 and 2020153.

ADVANCED SERVICES (PHARMACY AND APPLIANCE CONTRACTORS)(ENGLAND)

7A(6), about which staff (if there is any role that they may be asked to perform as part of the service) have received appropriate training.

(5) P must ensure that the requirements in the service specification that apply to any responsible pharmacist and the superintendent pharmacist of P are adhered to, including through an appropriate governance framework.

(6) Vaccinations must be administered under the supervision of a pharmacist trained in vaccination (including having a clear understanding of this service), and a record must be maintained of who that person is at each premises at any given time while the service is being provided.

(7) Vaccines must only be administered by a registered pharmacist or pharmacy technician or, to the extent that the National Protocol or the National PGD and the CPSIVAS service specification permit, any authorised person, and—

- (a) that registered pharmacist or pharmacy technician, or authorised person, must have completed the training required of that registered pharmacist, pharmacy technician or authorised person—they under the National PGD and the National Protocol, and must be competent to do so, having regard to the requirements of the National PGD, the National Protocol and the CPSIVAS service specification (including the relevant requirements of the National Minimum Standards^(a) referred to in paragraph 4.5 of that specification), and to any JCVI guidance on the required interval between, or the co-administration of, vaccinations under this service and other vaccination types; and
 - (b) P must ensure that the training mentioned in sub-paragraph (a) must have been updated each year by any registered pharmacist, pharmacy technician or authorised person that P has employed or engaged to administer vaccines from the date the training was originally undertaken by that registered pharmacist, pharmacy technician or authorised person, and in addition, P must ensure that face to face training for injection technique and basic life support (including administration of adrenaline for anaphylaxis) must have been undertaken by any such registered pharmacist, pharmacy technician or authorised person every three years from the time they last undertook such training;
 - (c) that registered pharmacist or pharmacy technician, or authorised person, must be authorised by name under the National PGD or the National Protocol before working to it; and
 - (d) that registered pharmacist or pharmacy technician, or authorised person, must adhere to—
 - (i) the National PGD or a National Protocol,
 - (ii) the relevant requirements of the publication known as the Green Book^(b), and,
 - (iii) as appropriate, to the standard operating procedures referred to in paragraph (4).
- (6) P must only provide the service at an acceptable location, and for these purposes, “acceptable location” has the same meaning as in direction 7A(7).
- (7) In respect of each occasion on which P intends to administer vaccines at a site other than the pharmacy premises as part of the CPSIVAS—
- (a) P must ensure that appropriate arrangements are in place at the care home or the patient’s home, or any other location at which the service is being provided, (having regard to the standard operating procedures mentioned in direction 7A(6))

(a) These are available at <https://www.gov.uk/government/publications/national-minimum-standards-and-core-curriculum-for-immunisation-training-for-registered-healthcare-practitioners>.

for the handling, removal and safe disposal of any clinical waste related to the provision of the service;

- (b) where vaccinations are administered at—
 - (i) a care home, P must ensure that vaccinations are only administered in a room or any other location which P considers suitable having regard to the standard operating conditions mentioned in paragraph (4),
 - (ii) a patient's home, P must ensure that vaccinations are only administered in a location which P considers suitable having regard to the standard operating procedures referred to in paragraph (4), or
 - (iii) any other acceptable location within the meaning of direction 7A(7), P must ensure that vaccinations are only administered in a location which P considers suitable having regard to the standard operating procedures mentioned in paragraph (4) and the professional standards required by the General Pharmaceutical Council and the CPSIVAS service specifications; and
- (c) P must ensure that appropriate infection control is available at the care home, the patient's home, or any other location at which the service is provided.

(8) P must ensure, in so far as is practicable, that services which are part of the arrangements are available and on offer at P's pharmacy premises throughout its core opening hours and supplementary opening hours (as defined in the Pharmaceutical Services Regulations(a)).

(9) P must ensure the service is accessible, appropriate and sensitive to the needs of all service users, and that no eligible patient is excluded or experiences particular difficulty in accessing or using the service due to their race, gender, disability, sexual orientation, religion or belief, gender reassignment, marriage or civil partnership status, pregnancy or maternity, or age (subject to the requirements of the National PGD or the National Protocol).

(10) P must ensure the patient's verbal consent to the administration of the vaccine is obtained and recorded on the pharmacy's clinical record for the service, and this information must be shared on request with the NHSCB, where it is needed for assurance and post payment verification.

(11) As regards each patient vaccinated under the arrangements who is registered with a general practitioner, P must ensure that the patient's general practitioner is notified in accordance with the CPSIVAS service specification, in the manner provided for in that service specification.

(12) If —

- (a) a patient vaccinated under the arrangements presents with an adverse drug reaction which is or may be linked to that vaccination; and
- (b) a pharmacist who is P or who is employed or engaged by P believes the adverse reaction is of clinical significance,

P or a person employed or engaged by P must ensure that, having managed the patient's condition appropriately, the patient's general practitioner and where appropriate the Medicines and Healthcare products Regulatory Agency (under the Yellow Card Scheme) are notified as soon as possible, in the manner provided for in the National PGD, the National Protocol and the CPSIVAS service specification.

(13) P must keep a record of all patients receiving treatment under the arrangements—

- (a) in the manner required and for the purposes specified in the National PGD, the National Protocol and the CPSIVAS service specification, including the requirements relating to signature and dating by the immuniser and, in the case of electronic records, password protection; and

(a) See regulation 2(1) of those Regulations for the relevant definitions.

ADVANCED SERVICES (PHARMACY AND APPLIANCE CONTRACTORS)(ENGLAND)

(b) for the purposes specified in the National PGD, the National Protocol and the CPSIVAS service specification, and to ensure compliance with any JCVI guidance on the required interval between, or the co-administration of, vaccinations under this service and other vaccination types:

(14) NHSCB must terminate any arrangements that are entered into or still in force on 31st March 2022 with effect from the end of 31st March 2022.”.

- (d) The service specification for the Community Pharmacy Hypertension Case-Finding Advanced Service is published on www.nhs.uk.
- (e) As substituted by the Pharmaceutical Services (Advanced and Enhanced Services) (England) (Amendment) Directions 2021, signed on 1st September 2021.
- (f) As substituted by the Pharmaceutical Services (Advanced and Enhanced Services) (England) (Amendment) Directions 2021, signed on 1st September 2021.

Amendment of direction 7BE of the 2013 Directions

5. In direction 7BE of the 2013 Directions(a) (Community Pharmacy COVID-19 Lateral Flow Device Distribution Service: general matters and preconditions to making arrangements)—

- (a) omit “, including locums,” at each place where it occurs (twice); and
- (b) for paragraph (8) substitute the following paragraph—

“(8) P must ensure, in the manner provided for in the CPCLFDDS service specification, that P’s contact details as a provider of the service are available to potential users of the service on an NHS website.”.

Revised direction 7BF of the 2013 Directions

6. For direction 7BF of the 2013 Directions(b) (Community Pharmacy COVID-19 Lateral Flow Device Distribution Service: ongoing conditions of arrangements), substitute the following direction—

“Community Pharmacy COVID-19 Lateral Flow Device Distribution Service: ongoing conditions of arrangements

7BF.—(1) The NHSCB must ensure that arrangements pursuant to direction 7BE(1) with a pharmacy contractor (P) include terms equivalent to the requirements set out in this direction.

(2) P must comply, and must ensure that their pharmacy staff comply, with the requirements of the CPCLFDDS service specification, in particular in respect of—

- (a) recording the lot numbers of LFD cartons delivered to the pharmacy premises (in accordance with product recall requirements), including in respect of the length of time for which that information is to be held;
- (b) the weekly order limit for LFD cartons;
- (c) storage, and stock and quality control, of the LFD cartons;
- (d) the numbers of LFD boxes to be provided to a person requesting provision of the service (a maximum of two boxes per transaction, unless this is amended in accordance with the service specification);
- (e) any requirements in respect of whom those persons may be (including in respect of the recommended minimum age for the collection of LFD boxes);
- (f) the information to be requested from a person who receives the service, including the 16-digit collect code;
- (g) encouraging the obtaining of 16-digit collect codes, and in respect of recording of any 16-digit collect codes supplied to P;
- (h) the information to be recorded by P onto the NHS BSA Manage Your Service platform on the NHS BSA website in respect of each individual transaction, including anonymous collections, and in respect of how long P is to keep that information;
- (i) the supply by P of additional information about anonymous collections, on request;
- (j) the frequency of entry by P of information onto the NHS BSA Manage Your Service platform on the NHS BSA website, and in respect of the entry of nil returns;

(a) Inserted by the Pharmaceutical Services (Advanced and Enhanced Services and Emergency Declaration) (England) (Amendment) Directions 2021, signed on 29th March 2021.

(b) Inserted by the Pharmaceutical Services (Advanced and Enhanced Services and Emergency Declaration) (England) (Amendment) Directions 2021, signed on 29th March 2021.

- (k) the information to be provided by P to a person who receives the service in respect of—
 - (i) the purpose of the test (and when instead to complete a PCR test),
 - (ii) the contents of the boxes being supplied,
 - (iii) the implications of negative results,
 - (iv) the implications of positive results and what to do in the event of one,
 - (v) the reporting of all results, and
 - (vi) the recording of lot numbers of LFD cartons and reporting incidents in relation to LFDs;
- (l) advertising service availability;
- (m) advertising and responding to LFD product recalls;
- (n) ensuring that the documentation, including electronic documentation, that needs to be duly completed for P to be paid the due amount for the service, and for post payment verification processes, is duly completed and submitted;
- (o) the steps to be taken if P is having problems delivering the service; and
- (p) ensuring that the clinical governance requirements for the service are complied with; and
- (q) the service evaluation requirements of the service.

(3) P must have in place and keep under review at the pharmacy premises at or from which the service is to be provided standard operating procedures for the provision of the service with which all pharmacy staff who are to be involved in the provision of the service are to be familiar.

(4) P must ensure that all pharmacy staff at pharmacy premises at or from which the service is to be provided, who are to be involved in the provision of the service, are competent to be so involved.

(5) P must have a suitable place, away from members of the public, to store LFD boxes that are to be provided as part of the service.

(6) P must ensure, in the manner provided for in the CPCLFDDS service specification, that P's contact details as a provider of the service are available to potential users of the service on an NHS website.

(7) P must ensure, in so far as is practicable, that the service is available at P's pharmacy premises at the times throughout its core opening hours and supplementary opening hours (as defined in the Pharmaceutical Services Regulations(a)).

(8) P must ensure that the service is accessible, appropriate and sensitive to the needs of all service users, and that no eligible patient is excluded, or experiences difficulty in accessing or using the service due to their race, gender, disability, sexual orientation, religion or belief, gender reassignment, marriage or civil partnership status, pregnancy or maternity, or age.

(9) If P is to cease providing the service permanently, P must do so in the manner provided for in the CPCLFDDS service specification.”.

New Directions 7BG and 7BH of the 2013 Directions

7. After direction 7BF of the 2013 Directions(b), insert the following directions—

(a) See regulation 2(1) of those Regulations.

(b) As substituted by these Directions.

“Community Pharmacy Hypertension Case-Finding Advanced Service: general matters and preconditions to making arrangements

7BF.—(1) The NHSCB must make arrangements for the provision of a service as part of the CPHCFAS with any pharmacy contractor (P) who—

- (a) meets the requirements set out in paragraphs (3) to (8); and
- (b) wishes to enter into such arrangements or is required to do so by virtue of regulation 66 of the Pharmaceutical Services Regulations (conditions relating to providing directed services).

(2) The underlying purposes of the CPHCFAS are—

- (a) to identify people with high blood pressure who have previously not had a confirmed diagnosis of hypertension, and to refer them to a provider of primary medical services in order to confirm the diagnosis and for appropriate management of the condition;
- (b) at the request of a provider of primary medical services, to undertake ad hoc clinic and ambulatory blood pressure measurements; and
- (c) to promote healthy behaviours in the persons to whom the service is provided.

(3) P must be satisfactorily complying with P's obligations under Schedule 4 to the Pharmaceutical Services Regulations (Terms of service of NHS pharmacists) in respect of the provision of essential services and an acceptable system of clinical governance.

(4) In advance of providing the service, P must—

- (a) notify the NHSCB of P's intention to provide the service by completion of the registration declaration on the NHS BSA Manage Your Service platform on the NHS BSA website; and
- (b) engage with providers of primary medical services or Primary Care Networks (or where appropriate both) locally in order to make them aware of P's intention to participate in the service.

(5) All pharmacists providing the service must be appropriately trained and competent to do so, and in particular—

- (a) must have completed the training provided by the equipment manufacturer on how to use the blood pressure monitoring equipment (if any);
- (b) must have read and understood and be familiar with the operational processes in the CPHCFAS service specification; and
- (c) must have read and understood and be familiar with NICE Guideline (NG 136) Hypertension in Adults: diagnosis and management^(a).

(6) P must have a room for confidential consultations at P's pharmacy premises available for use for the provision of the service which meets the requirements for such a room in the CPHCFAS service specification, in particular in respect of measuring blood pressure and access to IT equipment in order to make contemporaneous records (notwithstanding that the service specification permits aspects of the service to be provided elsewhere).

(7) P must have available for use as part of the service blood pressure monitors validated by the British and Irish Hypertension Society (as recommended by the National Institute for Health and Care Excellence).

(8) P must have in place at the pharmacy premises from which the service is to be provided standard operating procedures for the service—

- (a) which include the processes for maintenance and validation of the equipment used in the course of providing the service; and

(a) Available at www.nice.org.uk/guidance/ng136.

- (b) with which all pharmacy staff who are to be involved in providing the service must be familiar.

Community Pharmacy Hypertension Case-Finding Advanced Service: ongoing conditions of arrangements

7BG.—(1) The NHS CB must ensure that arrangements pursuant to direction 7BF(1) with a pharmacy contractor (P) include terms equivalent to the requirements set out in this direction.

(2) P must comply, and must ensure that their pharmacy staff comply, with the requirements of the CPHCFAS service specification, in particular in respect of—

- (a) the inclusion and exclusion criteria in respect of people who are to be offered, or not offered, the service;
 - (b) the identification of people to whom the service is to be provided (including by the use of promotional materials);
 - (c) the taking of referrals from providers of primary medical services (which may be for an initial consultation or for ambulatory blood pressure monitoring (ABPM) without an initial consultation);
 - (d) the initial consultation (where appropriate) at which, if the patient consents (and qualifies for the service), the patient's blood pressure is to be taken and the results discussed;
 - (e) the provision of information to the patient about the results at or after the initial consultation;
 - (f) the provision of information about the results to the patient's GP (if the patient has a GP);
 - (g) the next steps to be followed if either the systolic or diastolic measurements, or both, fall outside the normal range;
 - (h) the offer, in the circumstances provided for in the CPHCFAS, of ABPM;
 - (i) the loaning of ABPM devices, including where patients fail to attend appointments to borrow ABPM devices, and the follow-up action to be taken when ABPM devices are loaned;
 - (j) the return of ABPM devices;
 - (k) promoting healthy behaviours (including signposting to other services);
 - (l) recording the advice given to patients, and record management;
 - (m) ensuring that the documentation, including electronic documentation, that needs to be duly completed for P to be paid the due amount for the service, and for post payment verification processes, is duly completed and submitted; and
 - (n) the service evaluation requirements of the service.
- (3) All pharmacists providing the service must be appropriately trained and competent to do so, and in particular—
- (a) must have completed the training provided by the equipment manufacturer on how to use the blood pressure monitoring equipment (if any);
 - (b) must have read and understood and be familiar with the operational processes in the CPHCFAS service specification; and
 - (c) must have read and understood and be familiar with NICE Guideline (NG 136) Hypertension in Adults: diagnosis and management^(a).
- (4) P must have a room for confidential consultations at P's pharmacy premises for use in the provision of the service which meets the requirements for such a room in the CPHCFAS

(a) Available at www.nice.org.uk/guidance/ng136.

ADVANCED SERVICES (PHARMACY AND APPLIANCE CONTRACTORS)(ENGLAND)

service specification, in particular in respect of measuring blood pressure and access to IT equipment in order to make contemporaneous records (notwithstanding that the service specification permits aspects of the service to be provided elsewhere).

(5) P must ensure, in so far as is practicable, that the service is available at P's pharmacy premises at the times throughout its core opening hours and supplementary opening hours (as defined in the Pharmaceutical Services Regulations(a)).

(6) P must only use, in the course of providing the service, blood pressure monitors validated by the British and Irish Hypertension Society (as recommended by the National Institute for Health and Care Excellence).

(7) P must ensure that all blood pressure monitors used in the course of providing the service are subject to—

- (a) periodic validation, maintenance and recalibration; and
- (b) infection control and cleaning measures,

in the manner provided for by the CPHCFAS service specification.

(8) P must have in place at the pharmacy premises from which the service is to be provided standard operating procedures for the service—

- (a) which include the processes for maintenance, validation and recalibration of the equipment used in the course of providing the service; and
- (b) with which all pharmacy staff who are to be involved in providing the service must be familiar,

and P must review these procedures regularly or following any significant incident or change to the service.

(9) P must ensure that patient safety incidents arising in the course of the provision of the service are reported in accordance with the clinical governance approved particulars provided for by paragraph 28 of Schedule 4 to the Pharmaceutical Services Regulations.

(10) P must ensure that the service is accessible, appropriate and sensitive to the needs of all service users, and that no eligible patient is excluded, or experiences difficulty in accessing or using the service due to their race, gender, disability, sexual orientation, religion or belief, gender reassignment, marriage or civil partnership status, pregnancy or maternity, or age.

(11) If P is to cease providing the service permanently, P must do so in the manner provided for in the CPHCFAS service specification."

Renumbering of second direction 7BF and direction 7BG

3. As regards the directions inserted into the 2013 Directions by direction 7 of the Pharmaceutical Services (Advanced and Enhanced Services and Emergency Declaration) (Further Amendments) (England) Directions 2021(b)—

- (a) direction 7BF (Community Pharmacy Hypertension Case-Finding Advanced Service: general matters and preconditions to making arrangements) is renumbered direction 7BG; and
- (b) direction 7BG (Community Pharmacy Hypertension Case-Finding Advanced Service: ongoing conditions of arrangements) is renumbered direction 7BH.

Revocation of directions 7BE and 7BF of the 2013 Directions and consequential amendments

4.—(1) Directions 7BE of the 2013 Directions(e) (Community Pharmacy COVID-19 Lateral Flow Device Distribution Service: general matters and preconditions to making arrangements) and 7BF of the 2013 Directions(d) (Community Pharmacy COVID-19 Lateral Flow Device Distribution Service: ongoing conditions of arrangements) are revoked.

(2) In direction 2 of the 2013 Directions(e) (interpretation), omit the definitions of “CFCLFDDS”, “CFCLFDDS service specification” and “LFD”.

New directions 7BI and 7BJ of the 2013 Directions

5. After direction 7BH of the 2013 Directions, insert the following directions—

“Smoking Cessation Service: general matters and preconditions to making arrangements

7BI.—(1) The NHSCB must make arrangements for the provision of a service as part of the SCS with any pharmacy contractor (P) who—

- (a) meets the requirements set out in paragraphs (3) to (9); and
- (b) wishes to enter into such arrangements or is required to do so by virtue of regulation 66 of the Pharmaceutical Services Regulations (conditions relating to providing directed services).

(2) The underlying purposes of the SCS are to provide patients, referred on discharge from hospital by NHS trusts or NHS foundation trusts to community pharmacies, with medication and support to continue their smoking cessation treatment, with the aim of reducing morbidity and mortality from smoking and reducing health inequalities associated with higher rates of smoking.

(a) The service specification for the Smoking Cessation Service is published on www.nhsbsa.nhs.uk and has the NHS England and NHS Improvement Publication Approval Reference: PAR1298.

(b) Signed on 30th September 2021.

(c) Inserted by the Pharmaceutical Services (Advanced and Enhanced Services and Emergency Declaration) (England) (Amendment) Directions 2021, signed on 29th March 2021, and amended by the Pharmaceutical Services (Advanced and Enhanced Services and Emergency Declaration) (Further Amendments) (England) Directions 2021, signed on 30th September 2021.

(d) Substituted by the Pharmaceutical Services (Advanced and Enhanced Services and Emergency Declaration) (Further Amendments) (England) Directions 2021, signed on 30th September 2021.

(e) Relevant amendments were made by the Pharmaceutical Services (Advanced and Enhanced Services and Emergency Declaration) (England) (Amendment) Directions 2021, signed on 29th March 2021 and the Pharmaceutical Services (Advanced and Enhanced Services and Emergency Declaration) (Further Amendments) (England) Directions 2021, signed on 30 September 2021.

(3) P must be satisfactorily complying with P's obligations under Schedule 4 to the Pharmaceutical Services Regulations (Terms of service of NHS pharmacists) in respect of the provision of essential services and an acceptable system of clinical governance.

(4) In advance of providing the service, P must notify the NHSCB of P's intention to provide the service by completion of an electronic registration declaration on the NHS BSA Manage Your Service platform on the NHS BSA website.

(5) P must ensure that pharmacists providing the service are appropriately trained and competent to do so, as provided for in section 3 of the SCS service specification.

(6) P must be able to ensure, where possible, that referrals as part of the SCS, via the secure electronic system used for such referrals, can be received at the pharmacy throughout the pharmacy's core and supplementary opening hours.

(7) P must have in place at the pharmacy premises at or from which the service is to be provided standard operating procedures covering provision of the service, with which all pharmacy staff who are to be involved in the service are to be familiar, and which are to include—

- (a) key contact details;
- (b) equipment validation, maintenance and infection prevention and control measures (as per manufacturer's instructions and in line with current infection prevention and control guidance); and
- (c) signposting of locally commissioned smoking cessation services.

(8) P must have a room for confidential consultations at P's pharmacy premises available for use for the provision of the service (notwithstanding that it may be provided remotely, if that is agreed with the patient), which meets the applicable requirements of the Pharmaceutical Services Regulations.

(9) P must have a working carbon monoxide monitor that meets the requirements of the SCS service specification, and sufficient disposable mouthpieces to meet the likely demand for the service when providing it via face to face consultations at the pharmacy.

Smoking Cessation Service: ongoing conditions of arrangements

7BJ.—(1) The NHSCB must ensure that arrangements pursuant to direction 7BI(1) with a pharmacy contractor (P) include terms equivalent to the requirements set out in this direction.

(2) P must comply, and must ensure that their pharmacy staff comply, with the requirements of the SCS service specification, in particular in respect of—

- (a) the inclusion and exclusion criteria in respect of people who are to be offered, or not offered, the service;
- (b) the signposting of people excluded from the service to other services;
- (c) the taking of referrals of patients from hospitals via a secure electronic referral;
- (d) contacting the patients referred to them, and dealing with cases where the patient cannot be contacted, declines the service or needs to be referred to a different NHS pharmacist or another smoking cessation service provider;
- (e) where the patient consents to receiving the service, conducting the initial consultation, following the consultation structure within the NCSCST Standard Treatment Programme, and including where appropriate—
 - (i) undertaking a CO test,
 - (ii) provision of behavioural support, and
 - (iii) the provision of Nicotine Replacement Therapy (NRT) in accordance with the arrangements made at the hospital (a maximum of two weeks NRT is to be supplied at any one time, for a course length not exceeding 12 weeks from the defined quit date, and the products supplied must be on the list of the GSL

ADVANCED SERVICES (PHARMACY AND APPLIANCE CONTRACTORS)(ENGLAND)

NRT products which may be supplied as part of the service that is published in the Drug Tariff);

- (f) agreeing and undertaking a follow-up appointment cycle to monitor progress and provide support (interim appointments are to be no more than two weeks apart and timed to ensure supply of NRT does not run out on the day of the appointment);
 - (g) agreeing and undertaking the formal reviews at four and twelve weeks after the defined quit date;
 - (h) patients not continuing with the service, including in respect of re-engagement with the patient and signposting them to locally commissioned services;
 - (i) ongoing support for the patients between the two formal reviews, if theirs is a successful quit as defined in the SCS service specification, including the provision of NRT as required;
 - (j) communication with the patient's GP (if the patient has one) and the referring NHS Trust or NHS foundation trust, and reporting to the NHS BSA (including for payment and service evaluation purposes(a)); and
 - (k) record keeping and data and information management, including compliance with the Records Management Code of Practice for Health and Social Care(b).
- (3) P must ensure that the service is only provided by pharmacists, and all pharmacists providing the service must be appropriately trained and competent to do so, as provided for in section 3 of the SCS service specification.
- (4) P must be able to ensure, where possible, that referrals as part of the SCS, via the secure electronic system used for such referrals, can be received at the pharmacy throughout the pharmacy's core and supplementary opening hours.
- (5) P must have in place and keep updated at the pharmacy premises at or from which the service is to be provided standard operating procedures covering provision of the service, with which all pharmacy staff who are to be involved in the service are to be familiar, and which are to include—
- (a) key contact details;
 - (b) equipment validation, maintenance and infection prevention and control measures (as per manufacturer's instructions and in line with current infection prevention and control guidance); and
 - (c) signposting of locally commissioned smoking cessation services,
- and P must review these procedures regularly or following any significant incident or change to the service.
- (6) P must have a room for confidential consultations at P's pharmacy premises available for use for the provision of the service (notwithstanding that it may be provided remotely, if that is agreed with the patient), which meets the applicable requirements of the Pharmaceutical Services Regulations.
- (7) P must ensure that remote consultations with the patient take place in circumstances where the conversation cannot be overheard, except by someone whom the patient wants to hear the conversation (for example, a carer).
- (8) P must at all times have a working carbon monoxide monitor that meets the requirements of the SCS service specification, and sufficient disposable mouthpieces to meet the likely demand for the service when providing it via face to face consultations at the pharmacy.

(a) The service specification requires data to be collected automatically via an application programme interface (API) for the service, but the obligations that arise in relation to the API are contingent on it being in operation.

(b) Published at: <https://www.gov.uk/government/publications/records-management-code-of-practice-for-health-and-social-care>.

ADVANCED SERVICES (PHARMACY AND APPLIANCE CONTRACTORS)(ENGLAND)

(9) P must ensure that patient safety incidents arising in the course of the provision of the service are reported in accordance with the clinical governance approved particulars provided for by paragraph 28 of Schedule 4 to the Pharmaceutical Services Regulations.

(10) P must ensure that the service is accessible, appropriate and sensitive to the needs of all service users, and that no eligible patient is excluded, or experiences difficulty in accessing or using the service due to their race, gender, disability, sexual orientation, religion or belief, gender reassignment, marriage or civil partnership status, pregnancy or maternity, or age.

(11) If P is to cease providing the service permanently, P must do so in the manner provided for in the SCS service specification.”

Amendment of direction 2 of the 2013 Directions

2.—(1) Direction 2 of the 2013 Directions (interpretation) is amended as follows.

(2) In the definition of “CPSIVAS service specification”, for “August 2021” substitute “August 2022”.

(3) For the definition of “National PGD”(a) substitute the following definition—

““National PGD” means the Patient Group Direction authorised by NHS England in respect of the administration of inactivated influenza vaccine in accordance with the CPSIVAS and the national flu immunisation programme 2022/23, which is valid from 1st September 2022 and has the published expiry date of 31st March 2023(b) (and which may be revised from time to time);”.

(4) For the definition of “the National Protocol”(c) substitute the following definition—

““the National Protocol” means the protocol under regulation 247A of the Human Medicines Regulations 2012(d) (protocols relating to coronavirus and influenza vaccinations and immunisations) that has been approved by or on behalf of the Secretary of State in respect of the administration of inactivated influenza vaccine in accordance with the national flu immunisation programme 2022/23, which is valid from 1st September 2022(e) (and which may be revised from time to time);”.

Substitution of directions 7A and 7B of the 2013 Directions

3. For directions 7A and 7B of the 2013 Directions(f) (Community Pharmacy Seasonal Influenza Vaccination Advanced Service: general matters and preconditions to making arrangements), substitute—

“Community Pharmacy Seasonal Influenza Vaccination Advanced Service: general matters and preconditions to making arrangements

7A.—(1) Until the end of 31st March 2023, NHS England must make arrangements for the provision of a service as part of the CPSIVAS with any pharmacy contractor (P) who—

- (a) meets the requirements set out in paragraphs (3) to (7); and
- (b) wishes to enter into such arrangements or is required to do so by virtue of regulation 66 of the Pharmaceutical Services Regulations (conditions relating to providing directed services).

(2) The underlying purpose of the CPSIVAS is to enable pharmacy contractors to participate in arrangements for the administration of inactivated influenza vaccine to patients in accordance with the National PGD or the National Protocol, as part of NHS England, the UK Health Security Agency and the Department of Health and Social Care’s national flu immunisation programme 2022 to 2023(g).

(3) P must be satisfactorily complying with P’s obligations under Schedule 4 to the Pharmaceutical Services Regulations (Terms of service of NHS pharmacists) in respect of the provision of essential services and an acceptable system of clinical governance.

(4) Any pharmacist, pharmacy technician or other authorised person who is to be involved in the administration of vaccines as part of the service must have been

(a) As substituted by the Pharmaceutical Services (Advanced and Enhanced Services) (England) (Amendment) Directions 2021, signed on 1st September 2021.

(b) This is available at: <https://www.england.nhs.uk/publication/community-pharmacy-seasonal-influenza-vaccine-service/>.

(c) Inserted by the Pharmaceutical Services (Advanced and Enhanced Services) (England) (Amendment) Directions 2021, signed on 1st September 2021.

(d) S.I. 2012/1916; regulation 247A was inserted by S.I. 2020/1125.

(e) This has been approved but not yet published on gov.uk.

(f) As substituted by the Pharmaceutical Services (Advanced and Enhanced Services) (England) (Amendment) Directions 2021, signed on 1st September 2021.

(g) See the joint letters that were published on gov.uk on 22nd April 2022 and 22nd July 2022 and which are available at: www.gov.uk/government/publications/national-flu-immunisation-programme-plan/national-flu-immunisation-programme.

appropriately trained and be competent to do so, having regard to the requirements of the National PGD, the National Protocol and the CPSIVAS service specification^(a) (including the relevant requirements of the National Minimum Standards^(b) referred to in paragraph 4.5 of that specification).

(5) Other pharmacy staff or other persons at pharmacy premises at or from which the service is to be provided, if there is any role that they may be asked to perform as part of the service, must have been appropriately trained, including updates, having regard to requirements of the National PGD, the National Protocol and the CPSIVAS service specification.

(6) P must have in place at the pharmacy premises, or for any other locations from which the service is to be provided, appropriate standard operating procedures for the service (which may be available electronically), having regard to the requirements of the National PGD, the National Protocol and the CPSIVAS service specification, about which staff (if there is any role that they may be asked to perform as part of the service) have received appropriate training and which include procedures in respect of—

- (a) cold chain integrity;
- (b) needle stick injuries;
- (c) the identification and management of adverse reactions;
- (d) the handling, removal and safe disposal of any clinical waste related to the provision of the service (whether the service is provided at the pharmacy premises or elsewhere); and
- (e) performing that activity away from the pharmacy premises.

(7) P must be able to provide the services which are part of the CPSIVAS at an acceptable location, and for these purposes “acceptable location” means—

- (a) where the service is being provided at P’s pharmacy premises—
 - (i) a room for consultations at P’s pharmacy premises which meets the applicable requirements of paragraph 28A of Schedule 4 to the Pharmaceutical Services Regulations, or
 - (ii) other locations at P’s pharmacy where suitable facilities are available, infection control standards can be maintained and patient confidentiality and dignity respected;
- (b) where the service is being provided at a premises or site other than P’s pharmacy premises or the patient’s home, a location—
 - (i) which in the clinical judgement of P is considered to be suitable for the provision of the service, having regard to the standard operating procedures mentioned in paragraph (6), and which meets the standards for such locations required by the General Pharmaceutical Council, and
 - (ii) where suitable facilities are available, infection control standards can be maintained and patient confidentiality and dignity respected;
- (c) if P is to provide services as part of the CPSIVAS at a patient’s home, a location in the patient’s home that P considers suitable having regard to the standard operating procedures mentioned in paragraph (6).

Community Pharmacy Seasonal Influenza Vaccination Advanced Service: ongoing conditions of arrangements

7B.—(1) NHS England must ensure that arrangements pursuant to direction 7A(1) with a pharmacy contractor (P) include terms equivalent to the requirements set out in this direction.

(2) Inactivated influenza vaccines must only be administered under the arrangements in accordance with the National PGD or the National Protocol, and this includes the requirements of the National PGD or the National Protocol before and after administration of a vaccine.

(3) The only inactivated influenza vaccines to be administered under the arrangements must be those listed in NHS England, the UK Health Security Agency and the Department of Health and Social Care's national flu immunisation programme 2022 to 2023(a).

(4) P must have in place and keep under review at the pharmacy premises or any other premises or sites from which the service is to be provided appropriate standard operating procedures for the service (which may be available electronically), as described in direction 7A(6), about which staff (if there is any role that they may be asked to perform as part of the service) have received appropriate training.

(5) P must ensure that the requirements in the CPSIVAS service specification(b) that apply to any responsible pharmacist and the superintendent pharmacist of P are adhered to, including through an appropriate governance framework.

(6) Vaccinations must be administered under the supervision of a pharmacist trained in vaccination (including having a clear understanding of this service), and a record must be maintained of who that person is at each premises at any given time while the service is being provided.

(7) Vaccines must only be administered by a registered pharmacist or, to the extent that the National Protocol and the CPSIVAS service specification permit, another appropriately trained vaccinator, and—

- (a) P must ensure that every person involved in the administration of the vaccine must have completed the training, including any updates, required of that person under the National PGD or the National Protocol, and must be competent to perform the tasks required of them, having regard to the applicable requirements of the National PGD, the National Protocol and the CPSIVAS service specification (including the relevant requirements of the National Minimum Standards(c) referred to in paragraph 4.5 of that specification);
- (b) any vaccinator must be authorised by name under the National PGD or the National Protocol before working to it; and
- (c) any person involved in the administration of the vaccine must adhere to—
 - (i) the National PGD or a National Protocol,
 - (ii) the relevant requirements of the publication known as the Green Book(d), and
 - (iii) as appropriate, the standard operating procedures referred to in paragraph (4).

(8) P must only provide the service at an acceptable location, and for these purposes, “acceptable location” has the same meaning as in direction 7A(7).

(9) If the service is provided at P's pharmacy premises and the patient expresses a preference for the vaccination to take place in a consultation room, P must respect that preference.

(a) See the joint letters that were published on gov.uk on 22nd April 2022 and 22nd July 2022 and which are available at: www.gov.uk/government/publications/national-flu-immunisation-programme-plan/national-flu-immunisation-programme.

(d) Available at www.gov.uk/government/collections/immunisation-against-infectious-disease-the-green-book.

ADVANCED SERVICES (PHARMACY AND APPLIANCE CONTRACTORS)(ENGLAND)

(10) P must ensure the service is accessible, appropriate and sensitive to the needs of all service users, and that no eligible patient is excluded or experiences particular difficulty in accessing or using the service due to their race, gender, disability, sexual orientation, religion or belief, gender reassignment, marriage or civil partnership status, pregnancy or maternity, or age (subject to the requirements of the National PGD or the National Protocol).

(11) Prior to vaccination, P must—

- (a) seek the consent of the patient to the administration of the vaccine; and
- (b) as appropriate, seek the patient's consent to, or advise them about, the handling of information about them relating to the provision of the service, to the extent that this is, and in the manner in which this is, provided for in the National PGD, the National Protocol and the CPSIVAS service specification,

including advising the patient about how that information may be anonymised and used by NHS England for the purposes of service evaluation and research.

(12) As regards each patient vaccinated under the arrangements who is registered with a general practitioner, P must ensure that the patient's general practitioner is notified in accordance with the CPSIVAS service specification, in the manner provided for in that service specification.

(13) If—

- (a) a patient vaccinated under the arrangements presents with an adverse drug reaction which is or may be linked to that vaccination; and
- (b) a pharmacist who is P or who is employed or engaged by P believes the adverse reaction is of clinical significance,

P or a person employed or engaged by P must ensure that, having managed the patient's condition appropriately, the patient's general practitioner and where appropriate the Medicines and Healthcare products Regulatory Agency (under the Yellow Card Scheme) are notified as soon as possible, in the manner provided for in the National PGD, the National Protocol and the CPSIVAS service specification.

(14) P must keep a record of all patients receiving treatment under the arrangements—

- (a) in the manner required and for the purposes specified in the National PGD, the National Protocol and the CPSIVAS service specification, including the requirements relating to signature and dating by the vaccinator and, in the case of electronic records, password protection; and
- (b) for the purposes specified in the National PGD, the National Protocol and the CPSIVAS service specification.

(15) NHS England must terminate any arrangements that are entered into or still in force on 31st March 2023 with effect from the end of 31st March 2023.”.

(b) Inserted by the Pharmaceutical Services (Advanced and Enhanced Services) (England) (Amendment) (No.4) Directions 2019, signed on 25th October 2019, and amended by the Pharmaceutical Services (Advanced and Enhanced Services and Emergency Declaration) (England) (Amendment) (No.2) Directions 2020, signed on 28th August 2020.

(c) Inserted by the Pharmaceutical Services (Advanced and Enhanced Services) (England) (Amendment) (No.4) Directions 2019, signed on 25th October 2019, and amended by the Pharmaceutical Services (Advanced and Enhanced Services and Emergency Declaration) (England) (Amendment) (No.2) Directions 2020, signed on 28th August 2020.

(d) Inserted by the Pharmaceutical Services (Smoking Cessation Service) (England) Directions 2022, signed on 9th March 2022.

- (a) meets the requirements set out in paragraphs (3) to (8); and
 - (b) wishes to enter into such arrangements or is required to do so by virtue of regulation 66 of the Pharmaceutical Services Regulations (conditions relating to providing directed services).
- (2) The underlying purpose of the NHSPCS is to offer greater choice of where people can access contraception services, and in particular, as regards Tier 1 of the NHSPCS—
- (a) to provide a model for community pharmacy teams to continue the provision of oral contraception supplies initiated in primary care or sexual health clinics using a patient group direction to support the review and supply process; and
 - (b) to establish an integrated pathway between NHS services to allow people greater choice and access when considering continuing their current form of oral contraception.
- (3) P must be satisfactorily complying with P's obligations under Schedule 4 to the Pharmaceutical Services Regulations (Terms of service of NHS pharmacists) in respect of the provision of essential services and an acceptable system of clinical governance.
- (4) In advance of providing the service, P must notify NHS England of P's intention to provide the service by completion of an electronic registration declaration on the NHS BSA Manage Your Service platform on the NHS BSA website.
- (5) P must ensure that all pharmacy staff providing the service are appropriately trained and competent to do so, as provided for in section 5 of the NHSPCS service specification.
- (6) P must—
- (a) have standard operating procedures in place covering the provision of the service that cover the matters specified in Section 3.5 of the NHSPCS service specification, and must have in place arrangements for regularly reviewing those procedures; and
 - (b) have arrangements in place to ensure that all pharmacy staff involved in the provision of the service are familiar with those procedures.
- (7) As regards premises—
- (a) P must have a room for confidential consultations at P's pharmacy premises available for use for the provision of the service which meets the applicable requirements of the Pharmaceutical Services Regulations; and
 - (b) in all cases, where remote access to the service is preferred by the patient, P must have arrangements in place at P's premises which enable a person providing the service to communicate securely and confidentially via live video or audio link with the patient.
- (8) As regards equipment, P must have—
- (a) the equipment for blood pressure readings and body mass index readings that is required by the NHSPCS service specification for delivery of the service; and
 - (b) arrangements in place to meet the minimum digital requirements of the service as provided for in the NHSPCS service specification.

NHS Pharmacy Contraception Service: ongoing conditions of arrangements

7BL.—(1) NHS England must ensure that arrangements pursuant to direction 7BK(1) with a pharmacy contractor (P) include terms equivalent to the requirements set out in this direction.

(2) P must comply, and must ensure that their pharmacy staff comply, with the requirements of the NHSPCS service specification, in particular in respect of—

- (a) the inclusion and exclusion criteria in respect of people who are to be offered, or not offered, the service;

ADVANCED SERVICES (PHARMACY AND APPLIANCE CONTRACTORS)(ENGLAND)

- (b) the taking of referrals of patients from other providers of NHS services (although the service may be offered directly to people self-referring, and this possibility may be highlighted to people presenting with prescriptions for oral contraception);
 - (c) responding to requests from patients for the service and where appropriate referring them to alternative providers of a contraception service;
 - (d) where the patient consents to receiving the service, conducting the consultation provided for in the NHSPCS service specification in the manner specified, including in respect of—
 - (i) assessing safeguarding issues,
 - (ii) discussing alternative forms of contraception,
 - (iii) body mass index and blood pressure tests, where appropriate,
 - (iv) compliance with the patient group direction in accordance with which the oral contraception may be supplied, and
 - (v) advice about information sharing;
 - (e) outcomes of the consultation, including in respect of repeat supplies and what to do if supplying oral contraception is not clinically appropriate;
 - (f) patient safety incidents;
 - (g) communication with the patient's GP (if the patient has one and the patient consents to this);
 - (h) record keeping and data and information management, including compliance with the Records Management Code of Practice for Health and Social Care(a); and
 - (i) post payment verification, monitoring and service evaluation (including what is to be available for inspection if there is a site visit).
- (3) P must ensure that the service is only provided by pharmacists, except that body mass index and blood pressure tests may be conducted by a suitably trained pharmacy technician.
- (4) P must ensure that all pharmacy staff providing the service are appropriately trained and competent to do so, as provided for in section 5 of the NHSPCS service specification.
- (5) P must—
- (a) have in place and keep updated, as well as regularly reviewing, standard operating procedures covering the provision of the service that cover the matters specified in Section 3.5 of the NHSPCS service specification; and
 - (b) have arrangements in place to ensure that all pharmacy staff involved in the provision of the service are familiar with and adhere to those procedures.
- (6) As regards premises—
- (a) P must have a room for confidential consultations at P's pharmacy premises available for use for the provision of the service which meets the applicable requirements of the Pharmaceutical Services Regulations; and
 - (b) in all cases, where remote access to the service is preferred by the patient, P must have arrangements in place at P's premises which enable a person providing the service to communicate securely and confidentially via live video or audio link with the patient.
- (7) As regards equipment, P must have at all times when the service is provided—
- (a) the equipment for blood pressure readings and body mass index readings that is required by the NHSPCS service specification for delivery of the service; and

(a) Published at: <https://transform.england.nhs.uk/information-governance/guidance/records-management-code/> and has the NHS England Publication Approval Reference: PAR00019.

ADVANCED SERVICES (PHARMACY AND APPLIANCE CONTRACTORS)(ENGLAND)

(b) arrangements in place to meet the minimum digital requirements of the service as provided for in the NHSPCS service specification.

(8) P must ensure that the service is accessible, appropriate and sensitive to the needs of all service users, and that no eligible patient is excluded, or experiences difficulty in accessing or using the service due to their race, gender, disability, sexual orientation, religion or belief, gender reassignment, marriage or civil partnership status, pregnancy or maternity, or age.

(9) If P is to cease providing the service permanently, P must do so in the manner provided for in the NHSPCS service specification.”.

Amendment of direction 2 of the 2013 Directions

2.—(1) Direction 2 of the 2013 Directions (interpretation) is amended as follows.

(2) In the definition of “CPSIVAS service specification”, for “August 2022” substitute “August 2023”.

(3) For the definition of “National PGD”(a) substitute the following definition—

““National PGD” means the Patient Group Direction authorised by NHS England in respect of the administration of inactivated influenza vaccine in accordance with the CPSIVAS and the national flu immunisation programme 2023/24, which is valid from 1st September 2023 and has the published expiry date of 31st March 2024(b) (and which may be revised from time to time);”.

(4) For the definition of “the National Protocol”(c) substitute the following definition—

““the National Protocol” means the protocol under regulation 247A of the Human Medicines Regulations 2012(d) (protocols relating to coronavirus and influenza vaccinations and immunisations) that has been approved by or on behalf of the Secretary of State in respect of the administration of inactivated influenza vaccine in accordance with the national flu immunisation programme 2023/24, which is valid from 1st September 2023(e) (and which may be revised from time to time);”.

Substitution of directions 7A and 7B of the 2013 Directions

3. For directions 7A and 7B of the 2013 Directions(f) (Community Pharmacy Seasonal Influenza Vaccination Advanced Service: general matters and preconditions to making arrangements), substitute—

“Community Pharmacy Seasonal Influenza Vaccination Advanced Service: general matters and preconditions to making arrangements

7A.—(1) Until the end of 31st March 2024, NHS England must make arrangements for the provision of a service as part of the CPSIVAS with any pharmacy contractor (P) who—

(a) meets the requirements set out in paragraphs (3) to (7); and

(b) wishes to enter into such arrangements or is required to do so by virtue of regulation 66 of the Pharmaceutical Services Regulations (conditions relating to providing directed services).

(2) The underlying purpose of the CPSIVAS is to enable pharmacy contractors to participate in arrangements for the administration of inactivated influenza vaccine to patients in accordance with the National PGD or the National Protocol, as part of NHS England’s, the UK Health Security Agency’s and the Department of Health and Social Care’s national flu immunisation programme 2023 to 2024(g).

(3) P must be satisfactorily complying with P’s obligations under Schedule 4 to the Pharmaceutical Services Regulations (Terms of service of NHS pharmacists) in respect of the provision of essential services and an acceptable system of clinical governance.

(4) Any pharmacist, pharmacy technician or other authorised person who is to be involved in the administration of vaccines as part of the service must have been

(a) As substituted by the Pharmaceutical Services (Advanced and Enhanced Services) (England) (Further Amendments) Directions 2022, signed on 24th August 2022.

(b) This is available at: <https://www.england.nhs.uk/publication/community-pharmacy-seasonal-influenza-vaccine-service>.

(c) Inserted by the Pharmaceutical Services (Advanced and Enhanced Services) (England) (Further Amendments) Directions 2022, signed on 24th August 2022.

(d) S.I. 2012/1916; regulation 247A was inserted by S.I. 2020/1125.

(e) This is available at <https://www.gov.uk/government/publications/national-protocol-for-inactivated-influenza-vaccine>.

(f) As substituted by the Pharmaceutical Services (Advanced and Enhanced Services) (England) (Further Amendments) Directions 2022, signed on 24th August 2022.

(g) See the joint letter that was published on 3rd July 2023 and which is available at: <https://www.gov.uk/government/publications/national-flu-immunisation-programme-plan/national-flu-immunisation-programme-2023-to-2024-letter>.

appropriately trained and be competent to do so, having regard to the requirements of the National PGD, the National Protocol and the CPSIVAS service specification(a) (including the relevant requirements of the National Minimum Standards(b)referred to in paragraph 4.5 of that specification).

(5) Other pharmacy staff or other persons at pharmacy premises at or from which the service is to be provided, if there is any role that they may be asked to perform as part of the service, must have been appropriately trained, including updates, having regard to requirements of the National PGD, the National Protocol and the CPSIVAS service specification.

(6) P must have in place, at the pharmacy premises or for any other locations from which the service is to be provided, appropriate standard operating procedures for the service (which may be available electronically), having regard to the requirements of the National PGD, the National Protocol and the CPSIVAS service specification, about which staff (if there is any role that they may be asked to perform as part of the service) have received appropriate training and which include procedures in respect of—

- (a) cold chain integrity;
- (b) needle stick injuries;
- (c) the identification and management of adverse reactions;
- (d) the handling, removal and safe disposal of any clinical waste related to the provision of the service (whether the service is provided at the pharmacy premises or elsewhere); and
- (e) performing that activity away from the pharmacy premises.

(7) P must be able to provide the services which are part of the CPSIVAS at an acceptable location, and for these purposes “acceptable location” means—

- (a) where the service is being provided at P’s pharmacy premises—
 - (i) a room for consultations at P’s pharmacy premises which meets the applicable requirements of paragraph 28A of Schedule 4 to the Pharmaceutical Services Regulations, or
 - (ii) other locations at P’s pharmacy premises where suitable facilities are available, infection control standards can be maintained and patient confidentiality and dignity respected;
- (b) where the service is being provided at a premises or site other than P’s pharmacy premises or the patient’s home, a location—
 - (i) which in the clinical judgement of P is considered to be suitable for the provision of the service, having regard to the standard operating procedures mentioned in paragraph (6), and which meets the standards for such locations required by the General Pharmaceutical Council, and
 - (ii) where suitable facilities are available, infection control standards can be maintained and patient confidentiality and dignity respected; or
- (c) if P is to provide services as part of the CPSIVAS at a patient’s home, a location in the patient’s home that P considers suitable having regard to the standard operating procedures mentioned in paragraph (6).

(a) This is available at: <https://www.england.nhs.uk/publication/community-pharmacy-seasonal-influenza-vaccine-service>.

(b) These are available at <https://www.gov.uk/government/publications/national-minimum-standards-and-core-curriculum-for-immunisation-training-for-registered-healthcare-practitioners>.

Community Pharmacy Seasonal Influenza Vaccination Advanced Service: ongoing conditions of arrangements

7B.—(1) NHS England must ensure that arrangements pursuant to direction 7A(1) with a pharmacy contractor (P) include terms equivalent to the requirements set out in this direction.

(2) Inactivated influenza vaccines must only be administered under the arrangements in accordance with the National PGD or the National Protocol, and this includes the requirements of the National PGD or the National Protocol before and after administration of a vaccine.

(3) The only inactivated influenza vaccines to be administered under the arrangements must be those listed in NHS England's, the UK Health Security Agency's and the Department of Health and Social Care's national flu immunisation programme 2023 to 2024 joint letter^(a).

(4) P must have in place and keep under review at the pharmacy premises or any other locations from which the service is to be provided appropriate standard operating procedures for the service (which may be available electronically), as described in direction 7A(6), about which staff (if there is any role that they may be asked to perform as part of the service) have received appropriate training.

(5) P must ensure that the requirements in the CPSIVAS service specification^(b) that apply to any responsible pharmacist and the superintendent pharmacist of P are adhered to, including through an appropriate governance framework.

(6) Vaccinations must be administered under the supervision of a pharmacist trained in vaccination (including having a clear understanding of this service), and an appropriate record must be maintained of who that person is at each premises at any given time while the service is being provided.

(7) Vaccines must only be administered by a registered pharmacist or, to the extent that the National Protocol and the CPSIVAS service specification permit, another appropriately trained vaccinator, and—

- (a) P must ensure that every person involved in the administration of the vaccine must have completed the training, including any updates, required of that person under the National PGD or the National Protocol, and must be competent to perform the tasks required of them, having regard to the applicable requirements of the National PGD, the National Protocol and the CPSIVAS service specification (including the relevant requirements of the National Minimum Standards^(c) referred to in paragraph 4.5 of that specification);
- (b) any vaccinator must be authorised by name under the National PGD or the National Protocol before working to it; and
- (c) any person involved in the administration of the vaccine must adhere to—
 - (i) the National PGD or the National Protocol,
 - (ii) the relevant requirements of the publication known as the Green Book^(d), and
 - (iii) as appropriate, the standard operating procedures referred to in paragraph (4).

(8) P must only provide the service at an acceptable location, and for these purposes, “acceptable location” has the same meaning as in direction 7A(7).

(a) See the joint letter that was updated on 3rd July 2023 and which is available at: <https://www.gov.uk/government/publications/national-flu-immunisation-programme-plan/national-flu-immunisation-programme-2023-to-2024-letter>.

(b) This is available at: <https://www.england.nhs.uk/publication/community-pharmacy-seasonal-influenza-vaccine-service>.

(c) These are available at <https://www.gov.uk/government/publications/national-minimum-standards-and-core-curriculum-for-immunisation-training-for-registered-healthcare-practitioners>.

(d) Available at www.gov.uk/government/collections/immunisation-against-infectious-disease-the-green-book.

ADVANCED SERVICES (PHARMACY AND APPLIANCE CONTRACTORS)(ENGLAND)

(9) If the service is provided at P's pharmacy premises and the patient expresses a preference for the vaccination to take place in a consultation room, P must respect that preference.

(10) P must ensure the service is accessible, appropriate and sensitive to the needs of all service users, and that no eligible patient is excluded or experiences particular difficulty in accessing or using the service due to their race, gender, disability, sexual orientation, religion or belief, gender reassignment, marriage or civil partnership status, pregnancy or maternity, or age (subject to the requirements of the National PGD or the National Protocol).

(11) Prior to vaccination, P must—

- (a) seek the consent of the patient to the administration of the vaccine; and
- (b) as appropriate, advise them about the handling of information about them relating to the provision of the service, to the extent that this is, and in the manner in which this is, provided for in the National PGD, the National Protocol and the CPSIVAS service specification,

including advising the patient about how that information may be pseudonymised and used by NHS England for the purposes of service delivery, evaluation and research.

(12) As regards each patient vaccinated under the arrangements who is registered with a general practitioner, P must ensure that the patient's general practitioner is notified (where this is known) in accordance with the CPSIVAS service specification, in the manner provided for in that service specification.

(13) If—

- (a) a patient vaccinated under the arrangements presents with an adverse drug reaction which is or may be linked to that vaccination; and
- (b) a pharmacist who is P or who is employed or engaged by P believes the adverse reaction is of clinical significance,

P or a person employed or engaged by P must ensure that, having managed the patient's condition appropriately, the patient's general practitioner and where appropriate the Medicines and Healthcare products Regulatory Agency (under the Yellow Card Scheme) are notified as soon as possible, in the manner provided for in the National PGD, the National Protocol and the CPSIVAS service specification.

(14) P must keep a record of all patients receiving treatment under the arrangements—

- (a) using a NHS assured point of care system in the manner required and for the purposes specified in the National PGD, the National Protocol and the CPSIVAS service specification, including the requirements relating to signature and dating by the vaccinator and, in the case of electronic records, password protection; and
- (b) for the purposes specified in the National PGD, the National Protocol and the CPSIVAS service specification.

(15) NHS England must terminate any arrangements that are entered into or still in force on 31st March 2024 with effect from the end of 31st March 2024.”.

““NHS LFD TSS service specification” means the service specification for the NHS LFD tests supply service, published NHS England(a);”.

New directions 7BM and 7BN of the 2013 Directions

3. After direction 7BL (NHS Pharmacy Contraception Service: ongoing conditions of arrangements), insert—

“NHS LFD Tests Supply Service Advanced Service: general matters and preconditions to making arrangements

7BM.—(1) NHS England must make arrangements for the provision of a service as part of the NHS LFD tests supply service with any pharmacy contractor (P) who—

- (a) meets the requirements set out in paragraphs (3) to (5); and
- (b) wishes to enter into such arrangements or is required to do so by virtue of regulation 66 of the Pharmaceutical Services Regulations (conditions relating to providing directed services).

(2) The underlying purpose of the NHS LFD tests supply service is to offer at risk patients LFD tests to enable testing at home for COVID-19, following symptoms of infection, with a view to informing clinical assessments of whether a patient is suitable for and will benefit from National Institute for Health and Care Excellence recommended COVID-19 treatments.

(3) P must be satisfactorily complying with P’s obligations under Schedule 4 to the Pharmaceutical Services Regulations (Terms of service of NHS pharmacists) in respect of the provision of essential services and an acceptable system of clinical governance.

(4) P must have notified NHS England of P’s intention to provide the service by completing the registration declaration on the NHS BSA Manage Your Service platform.

(5) P must have in place, at P’s pharmacy premises, appropriate standard operating procedures for the service (which may be available electronically), having regard to the requirements of the National NHS LFD TSS service specification, about which staff (if there is any role that they may be asked to perform as part of the service) have received appropriate training and which include procedures in respect of—

- (a) reporting any patient safety incidents in line with the Approved Particulars for Patient Safety for pharmacies(b); and
- (b) liaison with other pharmacy contractors, in the event of P having no stock of COVID-19 lateral flow device tests, to support patients and their representatives being able to obtain tests elsewhere.

NHS LFD tests supply service: ongoing conditions of arrangements

7BN.—(1) NHS England must ensure that arrangements pursuant to direction 7BM(1) with a pharmacy contractor (P) include terms equivalent to the requirements set out in this direction.

(a) The services specification is published on www.england.nhs.uk and has the NHS England Publication Approval Reference: PRN00742.

(b) These are available on www.gov.uk.

ADVANCED SERVICES (PHARMACY AND APPLIANCE CONTRACTORS)(ENGLAND)

(2) P must comply with, and must ensure that P's pharmacy staff comply with the requirements of the NHS LFDTS service specification, in particular in respect of—

- (a) the eligibility criteria for receiving COVID-19 lateral flow device tests as part of the service;
- (b) the arrangements for confirming eligibility by—
 - (i) seeing an NHS letter that confirms eligibility or confirming previous sight of such a letter (by accessing the pharmacy's own records), or
 - (ii) in the absence of such a letter, a pharmacist or pharmacy technician, on behalf of P, satisfying themselves that the patient has a qualifying condition by virtue of having at least one risk factor for progressing to severe COVID-19, as set out in the relevant National Institute for Health and Care Excellence Guidelines for the use of casirivimab plus imdevimab, nirmatrelvir plus ritonavir, sotrovimab and tocilizumab for treating COVID-19(a);
- (c) the volume of COVID-19 lateral flow device tests to be supplied (there is a limit of one box of 5 tests per consultation);
- (d) record keeping, and data and information management, including the requirements in respect of—
 - (i) the sharing of information with NHS England for the purposes of service monitoring and evaluation, and
 - (ii) the sharing of information with NHS BSA and NHS England for the purposes of ensuring compliance with the service particulars, and for post-payment verification and contract management; and
- (e) the keeping of records in respect of purchases of COVID-19 lateral flow device tests.

(3) P must have in place and keep under review at P's pharmacy premises appropriate standard operating procedures for the service (which may be available electronically), as described in direction 7BM(5), about which staff (if there is any role that they may be asked to perform as part of the service) must receive appropriate training.

(4) P must ensure, in so far as is practicable, that the service is available at P's pharmacy premises throughout its core and supplementary opening hours (as defined in the Pharmaceutical Services Regulations).

(5) P must ensure the service is accessible, appropriate and sensitive to the needs of all service users, and that no eligible patient is excluded or experiences particular difficulty in accessing or using the service due to their race, gender, disability, sexual orientation, religion or belief, gender reassignment, marriage or civil partnership status, pregnancy or maternity, or age.

(6) If P wishes to stop providing the service, P must give notice of doing so in the manner provided for in the NHS LFDTS service specification.”.

ADVANCED SERVICES (PHARMACY AND APPLIANCE CONTRACTORS)(ENGLAND)**Amendment of direction 2 of the 2013 Directions**

2.—(1) Direction 2 of the 2013 Directions (interpretation) is amended as follows.

(2) At the appropriate places in the alphabetical order insert—

““NHS PFS service specification” means the Community Pharmacy advanced service specification for the NHS Pharmacy First Service (including the service previously known as the NHS Community Pharmacist Consultation Service (CPCS)), published by NHS England(a);” and

““NHS Pharmacy First Service” means the NHS Pharmacy First Service advanced service, which is described in direction 7BO(2);”.

Omission of directions 7BA and 7BB of the 2013 Directions

3. Omit direction 7BA (Community Pharmacist Consultation Service: general matters and preconditions to making arrangements) and 7BB (Community Pharmacist Consultation Service: ongoing conditions of arrangements) of the 2013 Directions(b).

New directions 7BO and 7BP of the 2013 Directions

4. After direction 7BN (NHS LFD Tests Supply Service Advanced Service: ongoing conditions of arrangements)(c), insert—

“NHS Pharmacy First Service: general matters and preconditions to making arrangements

7BO.—(1) NHS England must make arrangements for the provision of an advanced service as part of the NHS Pharmacy First Service with any pharmacy contractor (P) who—

- (a) meets the requirements set out in paragraphs (3) to (12); and
- (b) wishes to enter into such arrangements or is required to do so by virtue of regulation 66 of the Pharmaceutical Services Regulations (conditions relating to providing directed services).

(2) The underlying purposes of the NHS Pharmacy First Service are—

- (a) to offer patients who contact the NHS in specified ways the opportunity to access appropriate urgent care services in a convenient and easily accessible community pharmacy setting, thereby freeing up clinical capacity in other services and settings; and
- (b) at or from a community pharmacy—
 - (i) to identify ways in which patients can self-manage their health more effectively, with the support of pharmacists at community pharmacies,
 - (ii) to provide urgent access for patients who are not registered with a general practitioner in England to treatment for low acuity minor illnesses,
 - (iii) to ensure equity of access to the emergency supply of prescription only medicines, regardless of a patient’s ability to pay for the requested medicine, and

(England) Directions 2023, signed on 3rd November 2023; and the Pharmaceutical Services (Advanced and Enhanced Services) (Further Amendments) (No. 3) (England) Directions 2023, signed on 30th November 2023.

- (a) The services specification is published at www.england.nhs.uk and has the NHS England Publication Approval Reference: PRN00936.
- (b) Directions 7BA and 7BB were inserted by the Pharmaceutical Services (Advanced and Enhanced Services) (England) (Amendment) (No. 4) Directions 2019, signed on 25th October 2019, and amended by the Pharmaceutical Services (NHS Pharmacy Contraception Service and Other Amendments) (England) Directions 2023, signed on 17th April 2023.
- (c) Inserted by the Pharmaceutical Services (Advanced and Enhanced Services) (Further Amendments) (No. 2) (England) Directions 2023, signed on 3rd November 2023.

ADVANCED SERVICES (PHARMACY AND APPLIANCE CONTRACTORS)(ENGLAND)

(iv) to utilise the clinical skills of community pharmacy teams to complete episodes of care for patients,

thereby improving patient access and potentially displacing activity from general practice and urgent and emergency care settings.

(3) P must be satisfactorily complying with P's obligations under Schedule 4 to the Pharmaceutical Services Regulations (Terms of service of NHS pharmacists) in respect of the provision of essential services and an acceptable system of clinical governance.

(4) P must have notified NHS England of P's intention to provide the service by completing the registration declaration on the NHS BSA Manage Your Service platform.

(5) P must ensure that the pharmacy staff who are to provide the service are competent to do so, and that they have undergone appropriate training and are familiar with, to the extent necessary for any role that they may be asked to perform as part of the service—

(a) the use of an otoscope; and

(b) the clinical pathways, clinical protocols and patient group directions (PGDs) that are part of the service.

(6) P must have in place an IT system that meets the minimum digital requirements for the NHS Pharmacy First Service, as specified in the Community Pharmacy Clinical Services Standard that has been approved for use by NHS England(a).

(7) P must have in place, at P's pharmacy premises, appropriate standard operating procedures for the service, which meet the relevant requirements of the NHS PFS service specification, and must include the service in P's business continuity plan.

(8) P must ensure that all pharmacy staff who are to be involved in the provision of the service are familiar with the standard operating procedures and the parts of the business continuity plan that relate to the service.

(9) P must be able to provide all elements of the service, except that if P's premises are distance selling premises, P need not be able to provide (and in due course must not provide) consultations for the Acute Otitis Media clinical pathway.

(10) As regards premises—

(a) P must have a room for confidential consultations at P's pharmacy premises, available for use for the provision of the service, which meets the applicable requirements of the Pharmaceutical Services Regulations and the NHS PFS service specification (including with regard to accessible IT equipment); and

(b) P must have arrangements in place at P's pharmacy premises for when P undertakes remote consultations, which must enable a person providing the service to communicate securely and confidentially via live video or audio link with the person receiving the service, and any live video link must be of sufficient quality to allow for appropriate clinical examination where this is required.

(11) If P's pharmacy premises are distance selling premises, P must have arrangements in place to ensure that, where the gateway point of one of the clinical pathways is crossed, P is able to undertake remote consultations for that clinical pathway via live video link rather than via an audio link, the exception being the Acute Otitis Media clinical pathway which P is not to provide.

(12) P must have at P's pharmacy premises, for all times for when the service is to be provided, an otoscope, unless those premises are distance selling premises.

(a) This is available at www.england.nhs.uk.

NHS Pharmacy First Service: ongoing conditions of arrangements

7BP.—(1) NHS England must ensure that arrangements pursuant to direction 7BO(1) with a pharmacy contractor (P) include terms equivalent to the requirements set out in this direction.

(2) P must comply with, and must ensure that P's pharmacy staff comply with, the requirements of the NHS PFS service specification, in particular in respect of—

- (a) referral to P's pharmacy premises (which is a necessary precondition for the urgent repeat medicines and appliances supply service pathway, and for the minor illness referral service pathway, but not for the clinical pathways consultations service pathway);
- (b) the response to be made to a referring organisation, where a referral is made;
- (c) proactive contact with a patient who has been referred to P, to the extent this is provided for in the PFS service specification;
- (d) closure of the referral, where no contact is made;
- (e) in the case of a referral for an urgent repeat medicines or appliances supply—
 - (i) the conduct of the interview with the patient,
 - (ii) dealing with instances where a prescription is available to the patient,
 - (iii) dealing with instances where the medicine or appliance is not in stock at the pharmacy premises,
 - (iv) dealing with instances where it is appropriate for a supply to be made of a medicine or appliance that is in stock at the pharmacy premises, including determining the appropriate quantity to supply and dealing with any access issues where the patient is unable to get to the pharmacy premises, and
 - (v) dealing with instances where it is not appropriate for a supply to be made of a medicine or appliance (for example because of legal restrictions or patient factors), including ensuring the patient or their representative is able to speak to another appropriate health care professional;
- (f) in the case of a referral that relates to a low acuity, minor illness—
 - (i) ensuring that any relevant 'red flags' such as symptoms associated with sepsis, meningitis or cancer are recognised and responded to as part of the delivery of the service,
 - (ii) identifying concurrent medication or medical conditions which may affect the treatment of the patient,
 - (iii) the outcome of the referral (for example, self care advice and the potential sale of an over the counter medicine or referral to a separately commissioned pharmaceutical service or another NHS service),
 - (iv) dealing with instances where the patient has used the same service more than twice within a month with the same symptoms, and
 - (v) onward referrals for urgent appointments (where the pharmacist needs additional advice or to refer the patient to a higher acuity care location);
- (g) in a case where a patient either is referred to (by one of the referring organisations permitted to make referrals), or presents at or contacts P's pharmacy premises with symptoms potentially consistent with one of the conditions for which a clinical pathways consultation is potentially available—
 - (i) which are clinical pathways that (at the time of the referral or when the patient presents at or contacts P's pharmacy premises) are part of clinical pathways

ADVANCED SERVICES (PHARMACY AND APPLIANCE CONTRACTORS)(ENGLAND)

- consultations service pathway, which are established by reference to the NHS England's website(a),
- (ii) when the gateway point for one of the clinical pathways is crossed (a clinical pathways consultation may only be provided if, in the case of a particular patient, it is crossed),
 - (iii) confirming the patient's allergy status and identifying any concurrent medication or medical conditions that may affect the treatment of the patient, and
 - (iv) the outcome of the referral (for example, self care advice and the potential sale of an over the counter medicine, the potential supply of an NHS medicine or referral to a separately commissioned pharmaceutical service or another NHS service);
- (h) dealing with potential safeguarding issues;
 - (i) consulting clinical records;
 - (j) obtaining and recording patient consent to receive the service;
 - (k) record keeping, and data and information management, including the requirements in respect of—
 - (i) the sharing of information with NHS England for the purposes of service monitoring and evaluation (including any additional reports that a pharmacy is required to provide for service evaluation),
 - (ii) the sharing of information with NHS BSA and NHS England for the purposes of ensuring compliance with the service particulars, and for post-payment verification and contract management, and
 - (iii) managing occasions when the Pharmacy First IT system is unavailable (including when to notify NHS England or P's integrated care board of the issue);
 - (l) the collection of prescription charges (where NHS medicines or appliances are supplied) and establishing and recording prescription charge exemption status;
 - (m) the timing of any supply of NHS medicines or appliances and the choice of which NHS medicines or appliances to supply;
 - (n) the records to be kept of the supply of NHS medicines or appliances;
 - (o) post event messaging to the patient's general practitioner (if the patient is registered with one), including what is to happen if there are problems with the relevant electronic systems for such messaging;
 - (p) the reporting of patient safety incidents; and
 - (q) post payment verification.
- (3) P must ensure that the pharmacy staff who are providing the service are competent to do so, and that they have undergone appropriate training and are familiar with, to the extent necessary for any role that they may be asked to perform as part of the service—
- (a) the use of an otoscope; and
 - (b) the clinical pathways, clinical protocols and patient group directions (PGDs) that are part of the service,
- and P must keep records that are sufficient to demonstrate that P's pharmacy staff who are providing the service are competent to do so and have remained up to date with regard to the specific skills and knowledge that they need for any role that they may be asked to perform as part of the service.

(a) This is available at www.england.nhs.uk.

ADVANCED SERVICES (PHARMACY AND APPLIANCE CONTRACTORS)(ENGLAND)

(4) P must have in place, use and keep updated an IT system that meets the minimum digital requirements for the NHS Pharmacy First Service, as specified in the Community Pharmacy Clinical Services Standard that has been approved for use by NHS England(a).

(5) P must have in place and keep under review, at P's pharmacy premises, appropriate standard operating procedures for the service, which meet the relevant requirements of the NHS PFS service specification, and P must—

- (a) have included the service in P's business continuity plan; and
- (b) keep under review the arrangements that P has included for the service in P's business continuity plan.

(6) If P's pharmacy premises are distance selling premises, P must not provide clinical pathway consultations to persons who are present at (which includes in the vicinity of) those pharmacy premises.

(7) P must be able to provide, and must provide, all elements of the service, except that if P's premises are distance selling premises, P need not be able to provide, and must not provide, consultations for the Acute Otitis Media clinical pathway.

(8) As regards premises—

- (a) P must have a room for confidential consultations at P's pharmacy premises, available for use for the provision of the service, which meets the applicable requirements of the Pharmaceutical Services Regulations and the NHS PFS service specification (including with regard to accessible IT equipment); and
- (b) P must have arrangements in place at P's premises for when P undertakes remote consultations, which must enable a person providing the service to communicate securely and confidentially via live video or audio link with the person receiving the service, and any live video link must be of sufficient quality to allow for appropriate clinical examination where this is required.

(9) Where clinical examination is required, P must ensure that any such examinations undertaken as part of a remote examination are only undertaken using a live video link which is, at the material time, of a quality that allows for appropriate examination (or must refer the patient elsewhere).

(10) Beyond the gateway point, P must only undertake remote consultations for the clinical pathways via video link, the exception being the Acute Otitis Media clinical pathway which must not be undertaken remotely.

(11) P must have, at P's pharmacy premises, at all times for when the service is provided, an otoscope, unless those premises are distance selling premises.

(12) P must ensure, in so far as is practicable, that the service is available at P's pharmacy premises throughout its core and supplementary opening hours (as defined in the Pharmaceutical Services Regulations), and must check, with appropriate regularity and when the pharmacy opens and closes, P's Pharmacy First IT system (including the pharmacy's shared NHSmail) in order to pick up referrals in a timely manner and ensure that no relevant messages (to the delivery of the service) are missed.

(13) P must ensure the service is accessible, appropriate and sensitive to the needs of all service users, and that no eligible patient is excluded or experiences particular difficulty in accessing or using the service due to their race, gender, disability, sexual orientation, religion or belief, gender reassignment, marriage or civil partnership status, pregnancy or maternity, or age.

(14) Where requested to do so, P must participate in any local audit of integrated service provision that is organised by NHS 111 or an NHS commissioner of NHS urgent or emergency care services for any area in which P's pharmacy premises are located or for which P's pharmacy premises provides the service.

(a) This is available at www.england.nhs.uk.

ADVANCED SERVICES (PHARMACY AND APPLIANCE CONTRACTORS)(ENGLAND)

(15) NHS England must be able to withdraw all or any part of the service, and where NHS England does withdraw all or any part of the service, in accordance with the NHS PFS service specification, P must cease to provide that part or the service, whichever is withdrawn, at the point of the withdrawal.

(16) NHS England must be able to suspend P's participation in the service, and where NHS England does suspend P's participation in the service, in accordance with the NHS PFS service specification, P must not provide the service during the period of the suspension.

(17) If P wishes to stop providing the service, P must give notice of doing so in the manner provided for in the NHS PFS service specification.”.

(4) For the definition of “the National Protocol”(e) substitute—

““National Protocol” means the protocol entitled “National Protocol for inactivated influenza vaccine” authorised by Department of Health and Social Care Ministers pursuant to regulation 247A of the Human Medicines Regulations 2012(f), or that protocol, if it is revised by Department of Health and Social Care Ministers, as revised by them from time to time;”(g).

Amendment of 7A of the 2013 Directions

3. For directions 7A and 7B of the 2013 Directions (Community Pharmacy Seasonal Influenza Vaccination Advanced Service: general matters and preconditions to making arrangements)(h), substitute—

“Community Pharmacy Seasonal Influenza Vaccination Advanced Service: general matters and preconditions to making arrangements

7A.—(1) NHS England must make arrangements for the provision of a service as part of the CPSIVAS with any pharmacy contractor (P) who—

(a) meets the requirements set out in paragraphs (3) to (7); and

(b) wishes to enter into such arrangements or is required to do so by virtue of regulation 66 of the Pharmaceutical Services Regulations (conditions relating to providing directed services).

(NHS Pharmacy Contraception Service and Other Amendments) (England) Directions 2023, signed on 17th April 2023; the Pharmaceutical Services (Advanced and Enhanced Services) (England) (Further Amendments) Directions 2023, signed on 29 August 2023; the Pharmaceutical Services (Advanced and Enhanced Services) (Further Amendments) (No. 2) (England) Directions 2023, signed on 3rd November 2023; the Pharmaceutical Services (Advanced and Enhanced Services) (Further Amendments) (No. 3) (England) Directions 2023, signed on 30th November 2023; and the Pharmaceutical Services (Advanced and Enhanced Services) (Further Amendments) (No. 4) (England) Directions 2023, signed on 19th December 2023.

- (a) Inserted by the Pharmaceutical Services (Advanced and Enhanced Services) (England) (Amendment) (No. 2) Directions 2019, signed on 22nd August 2019, and amended each subsequent year prior to this year to update the date of the publication of the revised service specification.
- (b) NHS publication approval reference: PRN00996. iii.
- (c) As substituted by the Pharmaceutical Services (Advanced and Enhanced Services) (England) (Further Amendments) Directions 2023, signed on 29th August 2023.
- (d) NHS publication approval reference: PRN01418.
- (e) As substituted by the Pharmaceutical Services (Advanced and Enhanced Services) (England) (Further Amendments) Directions 2023, signed on 29th August 2023.
- (f) Inserted by S.I. 2020/1125 and amended by S.I. 2021/1452 and 2024/344.
- (g) UK Health Security Agency publications gateway number: GOV-16450.
- (h) As substituted by the Pharmaceutical Services (Advanced and Enhanced Services) (England) (Further Amendments) Directions 2023, signed on 29th August 2023.

(2) The underlying purpose of the CPSIVAS is to enable pharmacy contractors to participate in arrangements for the administration of inactivated influenza vaccine to patients in accordance with the National PGD and the National Protocol—

- (a) to sustain and maximise uptake of seasonal influenza vaccination in at risk groups;
- (b) to protect those who are most at risk of serious illness or death should they develop seasonal influenza; and
- (c) to provide more opportunities and improve convenience for eligible patients to access seasonal influenza vaccinations.

(3) P must be satisfactorily complying with P's obligations under Schedule 4 to the Pharmaceutical Services Regulations (Terms of service of NHS pharmacists) in respect of the provision of essential services and an acceptable system of clinical governance.

(4) Any vaccinator who is to be involved in the administration of vaccines as part of the service must have been appropriately trained and be competent to do so, having regard to the requirements of the National PGD, the National Protocol and the CPSIVAS service specification.

(5) Any vaccinator who is to be providing the service at a patient's own home (including a care home) must have a valid Disclosure and Barring Service (DBS) certificate.

(6) Pharmacy staff who are not vaccinators, and other persons at pharmacy premises at or from which the service is to be provided, if there is any role that they may be asked to perform as part of the service, must have been appropriately trained, including updates, having regard to requirements of the National PGD, the National Protocol and the CPSIVAS service specification.

(7) P must have in place, at the pharmacy premises or for any other locations from which the service is to be provided, appropriate standard operating procedures for the service (which may be available electronically), having regard to the requirements of the National PGD, the National Protocol and the CPSIVAS service specification, about which pharmacy staff (if there is any role that they may be asked to perform as part of the service) have received appropriate training and which include procedures in respect of—

- (a) cold chain integrity and cold chain storage;
- (b) needle stick injuries;
- (c) the identification and management of adverse reactions;
- (d) the handling, removal and safe disposal of any clinical waste and personal protective equipment relating to the provision of the service; and
- (e) providing the service away from the pharmacy premises.

(8) P must be able to provide the services which are part of the CPSIVAS at an acceptable location, and for these purposes "acceptable location" means, where the service is being provided—

- (a) at P's pharmacy premises—
 - (i) in a room for consultations which meets the applicable requirements of paragraph 28A of Schedule 4 to the Pharmaceutical Services Regulations^(a) (premises requirements in respect of consultation rooms), or
 - (ii) at an alternative location where there are suitable facilities available (allowing for infection control standards to be maintained and patient confidentiality and dignity to be respected), but only to the extent this is permitted by the CPSIVAS service specification;
- (b) elsewhere than at P's pharmacy premises, including at a patient's home or community venues, a location where there are suitable facilities available (allowing for infection control standards to be maintained and patient

^(a) Inserted by S.I. 2020/1126 and amended by S.I. 2023/1071.

confidentiality and dignity to be respected), but only to the extent that this is permitted by the CPSIVAS service specification.

Community Pharmacy Seasonal Influenza Vaccination Advanced Service: ongoing conditions of arrangements

7B.—(1) NHS England must ensure that arrangements pursuant to direction 7A(1) with a pharmacy contractor (P) include terms equivalent to the requirements set out in this direction.

(2) Only inactivated influenza vaccines are to be administered as part of the service, and they must be administered in accordance with the requirements of the National PGD or the National Protocol (that is, all the requirements of the National PGD or the National Protocol, whether they are to apply before, during or after administration of a vaccine).

(3) The only inactivated influenza vaccines to be administered as part of the service are those permitted by or by virtue of the CPSIVAS service specification.

(4) Vaccines must only be administered to eligible patients, as determined in accordance with the eligibility criteria provided by or by virtue of the CPSIVAS service specification (which include criteria as to when particular patient cohorts may be vaccinated, and when the service as a whole is to start and finish).

(5) P must have in place and keep under review at the pharmacy premises or any other locations from which the service is to be provided appropriate standard operating procedures for the service (which may be available electronically), as described in direction 7A(7), about which pharmacy staff (if there is any role that they may be asked to perform as part of the service) must have received appropriate training.

(6) P must ensure that the requirements in the CPSIVAS service specification that apply to any responsible pharmacist and the superintendent pharmacist of P are adhered to, including through an appropriate governance framework.

(7) Vaccinations must be administered under the supervision of a pharmacist trained in vaccination who has a clear understanding of this service, and an appropriate record must be maintained of who that person is at each premises at any time when the service is being provided at those premises.

(8) Vaccines must only be administered by an appropriately trained vaccinator, and—

- (a) P must ensure that every vaccinator must have completed the training, including any updates, required of that person under the National PGD, the National Protocol and the CPSIVAS service specification, and must be competent to perform the tasks required of them, having regard to the applicable requirements of the National PGD, the National Protocol and the CPSIVAS service specification;
- (b) every vaccinator must be authorised by name to administer vaccines under the National PGD or the National Protocol before working to it;
- (c) P must ensure that every vaccinator who provides the service at a patient's own home (including a care home) has a valid Disclosure and Barring Service (DBS) certificate; and
- (d) any person involved in the administration of the vaccine must adhere to—
 - (i) the National PGD or the National Protocol, whichever is appropriate,
 - (ii) the relevant requirements of the publication known as the Green Book^(a), and
 - (iii) as appropriate, the standard operating procedures referred to in paragraph (5).

(9) P must only provide the service at an acceptable location, and for these purposes, “acceptable location” has the same meaning as in direction 7A(8).

(a) Available at www.gov.uk/government/collections/immunisation-against-infectious-disease-the-green-book.

(10) If the service is provided at P's pharmacy premises and the patient expresses a preference for the vaccination to take place in a consultation room, P must respect that preference.

(11) Where the service is provided elsewhere than at P's pharmacy premises, P must ensure that all P's vaccinators are covered by an insurance or indemnity arrangement that covers vaccinating at the premises where the service is provided.

(12) P must not refuse to provide the service to a patient in the event that they are not registered with a general practitioner in England or because they do not have a NHS number.

(13) P must ensure the service is accessible, appropriate and sensitive to the needs of all service users, and that no eligible patient is excluded or experiences particular difficulty in accessing or using the service due to their race, gender, disability, sexual orientation, religion or belief, gender reassignment, marriage or civil partnership status, pregnancy or maternity, or age (subject to the eligibility requirements of the National PGD, the National Protocol and the CPSIVAS service specification).

(14) Prior to vaccination, P must—

- (a) seek and record the consent of the patient to the administration of the vaccine;
- (b) provide the patient with the patient information leaflet for the vaccine or direct them to a version of the leaflet on a website; and
- (c) as appropriate, advise them about the handling of information about them relating to the provision of the service, to the extent that this is provided for, and in the manner in which this is provided for, in the National PGD, the National Protocol and the CPSIVAS service specification, and which includes advising the patient about—
 - (i) the sharing of information with their general practitioner (if they have one), and
 - (ii) how their information may be pseudonymised and used by NHS England for the purposes of service delivery, evaluation and research.

(15) As regards each patient vaccinated as part of the service who is registered with a general practitioner, P must ensure that the patient's general practitioner is notified (where this is known) in accordance with the CPSIVAS service specification, including in the manner provided for in the CPSIVAS service specification.

(16) If—

- (a) a patient vaccinated as part of the service presents with an adverse drug reaction which is or may be linked to that vaccination; and
- (b) a pharmacist who is P or who is employed or engaged by P believes the adverse reaction is of clinical significance,

P or a person employed or engaged by P must ensure that, having managed the patient's condition appropriately, the patient's general practitioner and where appropriate the Medicines and Healthcare products Regulatory Agency (under the Yellow Card Scheme) are notified as soon as possible, and in the manner provided for in the National PGD, the National Protocol and the CPSIVAS service specification.

(17) P must ensure that any patient safety incidents relating to the provision of the service are reported in line with the clinical governance approved particulars for pharmacies published by NHS England^(a), and if those particulars are revised by NHS England, as revised by NHS England from time to time.

(18) P must maintain appropriate electronic records of P's provision of the service, in accordance with the CPSIVAS service specification, including—

(a) Available at www.england.nhs.uk/publication/approved-particulars/.

ADVANCED SERVICES (PHARMACY AND APPLIANCE CONTRACTORS)(ENGLAND)

- (a) using a NHS assured point of care system in the manner required by, and for the purposes specified in, the National PGD, the National Protocol and the CPSIVAS service specification;
- (b) having robust user and access management processes (with frequent updates to system access levels); and
- (c) ensuring same day record keeping (unless exceptional circumstances beyond P's control apply).

(19) P must comply with the arrangements for sharing data with NHS BSA and the service commissioners that are necessary for the performance of obligations under the National PGD, the National Protocol and the CPSIVAS service specification that are part of the management of the service, with any sharing of personal data being subject to an appropriate level of confidentiality.

(20) If P temporarily or permanently ceases to provide the service, P must update their NHS website profile as soon as possible to reflect the fact that the service is not available at P's pharmacy (or elsewhere from P).".

- (h) As substituted by the Pharmaceutical Services (Advanced and Enhanced Services) (Amendments Relating to the Influenza Vaccination Service) (England) Directions 2024, signed on 29th August 2024.

ADVANCED SERVICES (PHARMACY AND APPLIANCE CONTRACTORS)(ENGLAND)

- (b) wishes to enter into such arrangements or is required to do so by virtue of regulation 66 of the Pharmaceutical Services Regulations (conditions relating to providing directed services).
- (2) The underlying purpose of the CPSIVAS is to enable pharmacy contractors to participate in arrangements for the administration of inactivated influenza vaccine to patients in accordance with the National PGD and the National Protocol—
 - (a) to sustain and maximise uptake of seasonal influenza vaccination in at risk groups;
 - (b) to protect those who are most at risk of serious illness or death should they develop seasonal influenza; and
 - (c) to provide more opportunities and improve convenience for eligible patients to access seasonal influenza vaccinations.
- (3) P must be satisfactorily complying with P's obligations under Schedule 4 to the Pharmaceutical Services Regulations (Terms of service of NHS pharmacies) in respect of the provision of essential services and an acceptable system of clinical governance.
- (4) Any vaccinator who is to be involved in the administration of vaccines as part of the service must have been appropriately trained and be competent to do so, having regard to the requirements of the National PGD, the National Protocol and the CPSIVAS service specification, having undertaken appropriate training in line with the National Minimum Standards and Core Curriculum for Immunisation Training, and annual updates must be undertaken to ensure knowledge and practice remain current (competence can be demonstrated by using, for example, the vaccination services Declaration of Competence^(a) for registered pharmacy professionals or the UKHSA competency assessment tool^(b)).
- (5) Any vaccinator who is to be providing the service at a patient's own home (including a care home) must have a valid Disclosure and Barring Service (DBS) certificate.
- (6) Pharmacy staff who are not vaccinators, and other persons at pharmacy premises at or from which the service is to be provided, if there is any role that they may be asked to perform as part of the service, must have been appropriately trained, including updates, having regard to requirements of the National PGD, the National Protocol and the CPSIVAS service specification.
- (7) The responsible pharmacist at the pharmacy premises at or from which the service is to be provided, is professionally responsible for overseeing this advanced service, and if the responsible pharmacist is unable to provide sufficient oversight, for example due to workload or where vaccinations are undertaken off the pharmacy premises, an on-site pharmacist or pharmacy technician responsible for the delivery of the advanced service must be linked and work closely with the responsible pharmacist and the superintendent pharmacist through an appropriate governance framework to ensure appropriate oversight of the service.
- (8) P must have in place, at the pharmacy premises or for any other locations from which the service is to be provided, appropriate standard operating procedures for the service (which may be available electronically), having regard to the requirements of the National PGD, the National Protocol and the CPSIVAS service specification, about which pharmacy staff (if there is any role that they may be asked to perform as part of the service) have received appropriate training and which include procedures in respect of—
 - (a) cold chain integrity and cold chain storage;
 - (b) needle stick injuries;

(a) The Declaration of Competence is available on the CPPE website: <https://www.cppe.ac.uk/doc>

(b) Available at <https://www.gov.uk/government/publications/flu-immunisation-training-recommendations>

ADVANCED SERVICES (PHARMACY AND APPLIANCE CONTRACTORS)(ENGLAND)

- (c) the identification and management of adverse reactions;
 - (d) the handling, removal and safe disposal of any clinical waste and personal protective equipment relating to the provision of the service; and
 - (e) providing the service away from the pharmacy premises.
- (9) P must be able to provide the services which are part of the CPSIVAS at an acceptable location, and for these purposes “acceptable location” means, where the service is being provided—
- (a) at P’s pharmacy premises—
 - (i) in a room for consultations which meets the applicable requirements of paragraph 28A of Schedule 4 to the Pharmaceutical Services Regulations^(a) (premises requirements in respect of consultation rooms), or
 - (ii) at an alternative location where there are suitable facilities available (allowing for infection control standards to be maintained and patient confidentiality and dignity to be respected), but only to the extent this is permitted by the CPSIVAS service specification;
 - (b) elsewhere other than P’s pharmacy premises, including at a patient’s home or community venue, a location where there are suitable facilities available (allowing for infection control standards to be maintained and patient confidentiality and dignity to be respected), but only to the extent that this is permitted by the CPSIVAS service specification, and P must obtain consent from the commissioner if they wish to carry out vaccinations at a location other than at P’s pharmacy premises.
- (10) P must ensure that where vaccinations are undertaken off the pharmacy premises, P has in place arrangements to ensure there is an on-site pharmacist or pharmacy technician responsible for the delivery of the advanced service (or delivering the influenza vaccination service themselves) and that vaccinators—
- (a) are delivering vaccines in accordance with the National PGD or the National protocol, as appropriate;
 - (b) have professional indemnity that covers off-site vaccinations;
 - (c) continue to adhere to all professional standards relating to vaccinations;
 - (d) follow appropriate cold-chain storage measures;
 - (e) ensure that the setting used to administer the vaccination is appropriate (allowing for patient confidentiality to be respected); and
 - (f) appropriately dispose of any clinical waste or personal protective equipment used during the vaccination process.

Community Pharmacy Seasonal Influenza Vaccination Advanced Service: ongoing conditions of arrangements

7B.—(1) NHS England must ensure that arrangements pursuant to direction 7A(1) with a pharmacy contractor (P) include terms equivalent to the requirements set out in this direction.

(2) Only inactivated influenza vaccines are to be administered as part of the service, and they must be administered in accordance with the requirements of the National PGD or the National Protocol (that is, all the requirements of the National PGD or the National Protocol, whether they are to apply before, during or after administration of a vaccine).

^(a) Inserted by S.I. 2020/1126 and amended by S.I. 2023/1071.

(3) The only inactivated influenza vaccines to be administered as part of the service are those permitted by or by virtue of the CPSIVAS service specification.

(4) Vaccines must only be administered to eligible patients, as determined in accordance with the eligibility criteria provided by or by virtue of the CPSIVAS service specification (which include criteria as to when particular patient cohorts may be vaccinated, and when the service as a whole is to start and finish).

(5) P must have in place and keep under review at the pharmacy premises or any other locations from which the service is to be provided appropriate standard operating procedures for the service (which may be available electronically), as described in direction 7A(8), about which pharmacy staff (if there is any role that they may be asked to perform as part of the service) must have received appropriate training.

(6) P must ensure that the requirements in the CPSIVAS service specification that apply to any responsible pharmacist and the superintendent pharmacist of P are adhered to, including through an appropriate governance framework.

(7) The responsible pharmacist at the registered pharmacy premises is professionally responsible for overseeing this advanced service, and if the responsible pharmacist is unable to provide sufficient oversight, for example due to workload or where vaccinations are undertaken off the pharmacy premises, an on-site pharmacist or pharmacy technician responsible for the delivery of the advanced service must be linked and work closely with the responsible pharmacist and superintendent pharmacist through an appropriate governance framework to ensure appropriate oversight of the service.

(8) Vaccines must only be administered by an appropriately trained vaccinator, and—

- (a) P must ensure that every vaccinator must have completed the training, including any updates, required of that person under the National PGD, the National Protocol and the CPSIVAS service specification, and must be competent to perform the tasks required of them, having regard to the applicable requirements of the National PGD, the National Protocol and the CPSIVAS service specification;
- (b) every vaccinator must be authorised by name to administer vaccines under the National PGD or the National Protocol before working to it;
- (c) P must ensure that every vaccinator who provides the service at a patient's own home (including a care home) has a valid Disclosure and Barring Service (DBS) certificate; and
- (d) any person involved in the administration of the vaccine must adhere to—
 - (i) the National PGD or the National Protocol, whichever is appropriate,
 - (ii) the relevant requirements of the publication known as the Green Book(a), and
 - (iii) as appropriate, the standard operating procedures referred to in paragraph (5).

(9) P must only provide the service at an acceptable location, and for these purposes, “acceptable location” has the same meaning as in direction 7A(9).

(10) If the service is provided at P's pharmacy premises and the patient expresses a preference for the vaccination to take place in a consultation room, P must respect that preference.

(11) Where the service is provided elsewhere than at P's pharmacy premises, P must ensure that all P's vaccinators are covered by an insurance or indemnity arrangement that

(a) Available at www.gov.uk/government/collections/immunisation-against-infectious-disease-the-green-book.

covers vaccinating at the premises where the service is provided, and P must also ensure that, on each occasion the service is provided elsewhere than at P's premises, what needs to be in place by virtue of direction 7A(10) is also adhered to.

(12) P must not refuse to provide the service to a patient in the event that they are not registered with a general practitioner in England or because they do not have a NHS number.

(13) P must ensure the service is accessible, appropriate and sensitive to the needs of all service users, and that no eligible patient is excluded or experiences particular difficulty accessing or using the service due to their race, gender, disability, sexual orientation, religion or belief, gender reassignment, marriage or civil partnership status, pregnancy or maternity, or age (subject to the eligibility requirements of the National PGD, the National Protocol and the CPSIVAS service specification).

(14) Prior to vaccinations, P must—

- (a) seek and record the consent of the patient to the administration of the vaccine;
- (b) provide the patient with the patient information leaflet for the vaccine or direct them to a version of the leaflet on a website; and
- (c) as appropriate, advise them about the handling of information about them relating to the provision of the service, to the extent that this is provided for, and in the manner in which this is provided for, in the National PGD, the National Protocol and the CPSIVAS service specification, and which includes advising the patient about—
 - (i) the sharing of information with their general practitioner (if they have one), and
 - (ii) how their information may be pseudonymised and used by NHS England for the purposes of service delivery, evaluation and research.

(15) As regards each patient vaccinated as part of the service who is registered with a general practitioner, P must ensure that the patient's general practitioner is notified (where this is known) in accordance with the CPSIVAS service specification, including in the manner provided for in the CPSIVAS service specification.

(16) If—

- (a) a patient vaccinated as part of the service presents with an adverse drug reaction which is or may be linked to that vaccination; and
- (b) a pharmacist who is P or who is employed or engaged by P believes the adverse reaction is of clinical significance,

P or a person employed or engaged by P must ensure that, having managed the patient's condition appropriately, the patient's general practitioner and where appropriate the Medicines and Healthcare products Regulatory Agency (under the Yellow Card Scheme) are notified as soon as possible, and in the manner provided for in the National PGD, the National Protocol and the CPSIVAS service specification.

(17) P must ensure that any patient safety incidents relating to the provision of the service are reported in line with the clinical governance approved particulars for pharmacies published by NHS England^(a), and if those particulars are revised by NHS England, as revised by NHS England from time to time.

(18) P must maintain appropriate electronic records of P's provision of the service, in accordance with the CPSIVAS service specification, including—

(a) Available at www.england.nhs.uk/publication/approved-particulars/.

ADVANCED SERVICES (PHARMACY AND APPLIANCE CONTRACTORS)(ENGLAND)

- (a) using a NHS assured point of care system in the manner required by, and for the purpose specified in, the National PGD, the National Protocol and the CPSIVAS service specification;
- (b) having robust user and access management processes (with frequent updates to system access levels); and
- (c) ensuring same day record keeping (unless exceptional circumstances beyond P's control apply).

(19) P must comply with the arrangements for sharing data with NHS BSA and the service commissioners that are necessary for the performance of obligations under the National PGD, the National Protocol and the CPSIVAS service specification that are part of the management of the service, with any sharing of personal data being subject to an appropriate level of confidentiality.

(20) If P temporarily or permanently ceases to provide the service, P must update their NHS website profile as soon as possible to reflect the fact that the service is not available at P's pharmacy (or elsewhere from P)."

D I R E C T I O N S**THE NATIONAL HEALTH SERVICE ACT 2006****The Pharmaceutical Services (Advanced and Enhanced Services)
(Amendments Relating to the Childhood Influenza Vaccination
Service) (England) Directions 2025**

The Secretary of State gives the following Directions in exercise of the powers conferred by sections 127, 128, 272(7) and (8) and 273(1) of the National Health Service Act 2006(a).

Citation, commencement, extent, application and interpretation

1.—(1) These Directions may be cited as the Pharmaceutical Services (Advanced and Enhanced Services) (Amendments Relating to the Childhood Influenza Vaccination Service) (England) Directions 2025.

(2) These Directions come into force immediately after they are signed.

(3) These Directions extend to England and Wales but apply in relation to England only.

(4) In these Directions, “the 2013 Directions” means the Pharmaceutical Services (Advanced and Enhanced Services) (England) Directions 2013(b).

- (a) 2006 c. 41. Section 127 has been amended by the Health and Social Care Act 2012 (c. 7) (“the 2012 Act”), Schedule 4, paragraph 64, and by the Health and Care Act 2022 (c. 31) (“the 2022 Act”) Schedule 1, paragraph 1. Section 128 has been amended by the 2012 Act, Schedule 4, paragraph 65, and by the 2022 Act, Schedule 1, paragraph 1.
- (b) Signed on 12th March 2013, and amended by: the Pharmaceutical Services (Advanced and Enhanced Services) (England) (Amendment) Directions 2013, signed on 16th September 2013; the Pharmaceutical Services (Advanced and Enhanced Services) (England) (Amendment) (No. 2) Directions 2013, signed on 6th December 2013, which also revoked the Pharmaceutical Services (Advanced and Enhanced Services) (England) (Amendment) Directions 2013; the Pharmaceutical Services (Advanced and Enhanced Services) (England) (Amendment) Directions 2014, signed on 12th March 2014; the Pharmaceutical Services (Advanced and Enhanced Services) (England) (Amendment) (No. 2) Directions 2014, signed on 5th December 2014; the Pharmaceutical Services (Advanced and Enhanced Services) (England) (Amendment) Directions 2015, signed on 15th September 2015; the Pharmaceutical Services (Advanced and Enhanced Services) (England) (Amendment) Directions 2016, signed on 30th August 2016; the Pharmaceutical Services (Advanced and Enhanced Services) (England) (Amendment) (No.2) Directions 2016, signed on 30th November 2016; the Pharmaceutical Services (Advanced and Enhanced Services) (England) (Amendment) Directions 2017, signed on 29th August 2017; the Pharmaceutical Services (Advanced and Enhanced Services) (England) (Amendment) Directions 2018, signed on 8th March 2018; the Pharmaceutical Services (Advanced and Enhanced Services) (England) (Amendment) (No. 2) Directions 2018, signed on 31st August 2018; and the Pharmaceutical Services (Advanced and Enhanced Services) (England) (Amendment) Directions 2019, signed on 13th March 2019; the Pharmaceutical Services (Advanced and Enhanced Services) (England) (Amendment) (No. 2) Directions 2019, signed on 22nd August 2019; the Pharmaceutical Services (Advanced and Enhanced Services) (England) (Amendment) (No. 3) Directions 2019, signed on 11th September 2019; the Pharmaceutical Services (Advanced and Enhanced Services) (England) (Amendment) (No. 4) Directions 2019, signed on 24th October 2019; the Pharmaceutical Services (Advanced and Enhanced Services) (England) (Amendment) Directions 2020, signed on 6th March 2020; the Pharmaceutical Services (Advanced and Enhanced Services and Emergency Declaration) Directions 2020, signed on 27th March 2020; and the Pharmaceutical Services (Advanced and Enhanced Services and Emergency Declaration) (Amendment) (England) Directions 2020, signed on 30th June 2020; the Pharmaceutical Services (Advanced and Enhanced Services and Emergency Declaration) (Amendment) (England) (Amendment) (No.2) Directions 2020, signed on 28th August 2020; the Pharmaceutical Services (Advanced and Enhanced Services) (England) (Amendment) Directions 2021, signed on 9th March 2021; the Pharmaceutical Services (Advanced and Enhanced Services and Emergency Declaration) (Amendment) (England) Directions 2021, signed on 29th March 2021; the Pharmaceutical Services (Advanced and Enhanced Services and Emergency Declaration) (Amendment) (England) Directions 2021, signed on 29th June 2021; the Pharmaceutical Services (Advanced and Enhanced Services) (England) (Amendment) Directions 2021, signed on 1st September 2021; the Pharmaceutical Services (Advanced and Enhanced Services and Emergency Declaration) (Further Amendments) (England) Directions 2021, signed on 30th September 2021; the Pharmaceutical Services (Smoking Cessation Service) (England) Directions 2022, signed on 9th March 2022; the Pharmaceutical Services (Advanced and Enhanced Services) (Further Amendment) Directions 2022, signed on 5th April 2022; the Pharmaceutical Services (Advanced and Enhanced Services) (Further Amendments) Directions 2022, signed on 24th August 2022; the

Amendment of direction 2 of the 2013 Directions

2.—(1) Direction 2 of the 2013 Directions (interpretation) is amended as follows.

(2) At the appropriate places in the alphabetical order insert—

““Commissioner” means the organisation with responsibility for contract managing these advanced service arrangements (and for the time being this is NHS England);”;

““CPCSIVAS service specification” means the service specification for the community pharmacy childhood seasonal influenza vaccination advanced service entitled “Community pharmacy advanced service specification Childhood seasonal influenza vaccination 1 October 2025 - 31 March 2026”, or that service specification, if it is revised by NHS England, as revised by NHS England from time to time(a);”;

““CPiV PGD” means the Patient Group Direction entitled “Community Pharmacy Influenza Vaccine (2 and 3 years of age)” authorised by NHS England, or that patient group direction, if it is revised by the UK Health Security Agency (UKHSA), as revised by UKHSA from time to time(b);”;

““FDP” means the Federated Data Platform, which is the national data platform managed by NHS England and which hosts the vaccine supply and ordering tools that NHS England operates (pharmacy contractors must register for the FDP to manage their vaccine orders and submit stock takes for this service);”;

““NBS” means the National Booking System, the national system used by patients to book vaccination appointments;”;

““Service Commencement Date” means the date from which the administration of influenza vaccinations to children aged two and three years old shall commence and which shall be following an announcement by the Commissioner. (The Service Commencement Date in community pharmacy is 1 October 2025 for children aged two and three years old unless otherwise announced by the Commissioner.);”.

New directions 7BA and 7BB of the 2013 Directions

3. After direction 7B of the 2013 Directions (Community Pharmacy Seasonal Influenza Advanced Service: ongoing conditions of arrangements), insert—

“Community Pharmacy Childhood Seasonal Influenza Vaccination advanced service: general matters and preconditions to making arrangements

7BA.—(1) NHS England must make arrangements for the provision of a service as part of the CPCSIVAS with any pharmacy contractor (P) who—

(a) meets the requirements set out in paragraphs (2) to (21); and

Pharmaceutical Services (Advanced and Enhanced Services) (Amendment) (England) Directions 2023, signed on 28th March 2023; the Pharmaceutical Services (NHS Pharmacy Contraception Service and Other Amendments) (England) Directions 2023, signed on 17th April 2023; the Pharmaceutical Services (Advanced and Enhanced Services) (England) (Further Amendments) Directions 2023, signed on 29 August 2023; the Pharmaceutical Services (Advanced and Enhanced Services) (Further Amendments) (No. 2) (England) Directions 2023, signed on 3rd November 2023; the Pharmaceutical Services (Advanced and Enhanced Services) (Further Amendments) (No. 3) (England) Directions 2023, signed on 30th November 2023; the Pharmaceutical Services (Advanced and Enhanced Services) (Further Amendments) (No. 4) (England) Directions 2023, signed on 19th December 2023; and the Pharmaceutical Services (Advanced and Enhanced Services) (Amendments Relating to Influenza Vaccination Service) (England) Directions 2024, signed on 29th August 2024.

- (a) NHS publication approval reference: PRN02049.
(b) NHS Publication Approval Reference: PRN02117.

- (b) wishes to enter into such arrangements or is required to do so by virtue of regulation 66 of the Pharmaceutical Services Regulations (conditions relating to providing directed services).
- (2) The underlying purpose of the CPCSIVAS is to enable P to participate in arrangements for the administration of live attenuated influenza vaccine (LAIV) nasal spray suspension and inactivated influenza vaccine to patients in accordance with the CPIV PGD—
 - (a) to sustain and maximise uptake of seasonal influenza vaccination in children aged two and three years old;
 - (b) to protect those children against strains of the influenza virus and reduce the transmission of influenza in the wider population, some of whom are most at risk of serious illness or death should they develop seasonal influenza; and
 - (c) to provide more opportunities and improve convenience for children aged two and three years old to access seasonal influenza vaccinations.
- (3) P must be satisfactorily complying with P's obligations under Schedule 4 to the Pharmaceutical Services Regulations (Terms of service of NHS pharmacies) in respect of the provision of essential services and an acceptable system of clinical governance.
- (4) P must be providing at least one NHS commissioned vaccination service and one service that involves the assessment or treatment of children (for example the NHS Pharmacy First Service).
- (5) P must notify NHS England that they intend to provide the Childhood Seasonal Influenza Vaccination Service by completion of an electronic registration declaration through the NHS BSA MYS portal.
- (6) P must register on MYS by 23:59 on 31 August 2025 to receive vaccine ahead of the Service Commencement Date. P can register after this date and before the registration deadline, however it is not guaranteed they will receive vaccine in time for the Service Commencement Date. The deadline to register on MYS is 23:59 on 30 November 2025. If P do not register by this date, they will not be able to deliver the service in 2025/26.
- (7) Any vaccinator who is to be involved in the administration of vaccines as part of the service must have been appropriately trained and be competent to do so, having regard to the requirements of the CPIV PGD, the CPCSIVAS service specification, having undertaken appropriate training in line with the National Minimum Standards and Core Curriculum for Immunisation Training, as well as training to ensure they are competent to administer vaccines to children aged two and three years old using both the LAIV and inactivated flu vaccines, which could include the completion of the e-learning for health flu immunisation training for LAIV(a). (Competence can be demonstrated by using, for example, the vaccination services Declaration of Competence(b) for registered pharmacy professionals or the UKHSA competency assessment tool(c).)
- (8) Any vaccinator who is to be providing the service must have a valid enhanced Disclosure and Barring Service (DBS) certificate for the adult and children's barred list.
- (9) Pharmacy Staff who are not vaccinators, and other persons at pharmacy premises at or from which the service is to be provided, if there is any role that they may be asked to perform as part of the service, must have been appropriately trained, including updates, having regard to requirements of the CPIV PGD and the CPCSIVAS service specification.
- (10) The responsible pharmacist at the registered pharmacy premises is professionally responsible for overseeing this advanced service, and if the responsible pharmacist is unable

(a) Available at <https://www.e-lfh.org.uk/programmes/flu-immunisation/>

(b) The Declaration of Competence is available on the CPPE website: <https://www.cppe.ac.uk/doc>

(c) Available at <https://www.gov.uk/government/publications/flu-immunisation-training-recommendations>

to provide sufficient oversight, for example due to workload or where vaccinations are undertaken off the pharmacy premises, an on-site pharmacist or pharmacy technician responsible for the delivery of the advanced service must be linked and work closely with the responsible pharmacist and the superintendent pharmacist through an appropriate governance framework to ensure appropriate oversight of the service.

(11) P must have in place, at the pharmacy premises or for any other locations from which the service is to be provided, appropriate standard operating procedures for the service (which may be available electronically), having regard to the requirements of the CPIV PGD and the CPCSVAS service specification, about which pharmacy staff (if there is any role that they may be asked to perform as part of the service) have received appropriate training and which include procedures in respect of—

- (a) cold chain integrity and cold chain storage;
- (b) needle stick injuries;
- (c) the identification and management of adverse reactions;
- (d) the handling, removal and safe disposal of any clinical waste and personal protective equipment relating to the provision of the service; and
- (e) providing the service away from the pharmacy premises.

(12) P must be able to provide the services which are part of the CPCSVAS at an acceptable location, and for these purposes “acceptable location” means, where the service is being provided—

- (a) at P’s pharmacy premises—
 - (i) in a room for consultations which meets the applicable requirements of paragraph 28A of Schedule 4 to the Pharmaceutical Services Regulations^(a) (premises requirements in respect of consultation rooms), or
 - (ii) at an alternative location where there are suitable facilities available (allowing for infection control standards to be maintained and patient confidentiality and dignity to be respected), but only to the extent this is permitted by the CPCSVAS service specification;
- (b) elsewhere other than P’s pharmacy premises, including at a patient’s home or community venue, a location where there are suitable facilities available (allowing for infection control standards to be maintained and patient confidentiality and dignity to be respected), but only to the extent that this is permitted by the CPCSVAS service specification. P must obtain consent from the commissioner if they wish to carry out vaccinations at a location other than at P’s pharmacy premises.

(13) P must ensure that where vaccinations are undertaken off the pharmacy premises, P has in place arrangements to ensure there is an on-site pharmacist or pharmacy technician responsible for the delivery of the advanced service (or delivering the influenza vaccination service themselves) and that vaccinators—

- (a) are delivering vaccines in accordance with the CPIV PGD;
- (b) have professional indemnity that covers off-site vaccinations;
- (c) continue to adhere to all professional standards relating to vaccinations;
- (d) follow appropriate cold-chain storage measures;
- (e) ensure that the setting used to administer the vaccination is appropriate (allowing for patient confidentiality to be respected); and

^(a) Inserted by S.I. 2020/1126 and amended by S.I. 2023/1071.

(f) appropriately dispose of any clinical waste or personal protective equipment used during the vaccination process.

(14) P must offer seasonal influenza vaccines through the NBS to patients, and must have arrangements in place to ensure compliance with the requirements of using the NBS, including ensuring that—

- (a) accurate information is published and appointment or clinic times are uploaded in a timely way to allow patient bookings to take place;
- (b) at least 20 appointments are listed in the first month after the Service Commencement Date;
- (c) at least 10 appointments are listed per month after the first month, as defined in paragraph 18(b), to demonstrate continued service provision; and
- (d) that appointments are available at various times throughout the pharmacy's full opening hours, including late afternoons and Saturdays (where the contractor is open on Saturdays).

(15) P must offer vaccinations through advertised walk-in clinics via the Pharmacy Services Finder, and must have arrangements in place to ensure the walk-in clinic times offered promote access to the service, including late afternoons and Saturdays (where the contractor is open on Saturdays).

(16) P must register for FDP to be able to order vaccines, and the LAIV must be ordered via FDP (the LAIV for all patients is centrally supplied as a nasal spray for children, unless contraindicated, and the vaccine is supplied free of charge and will not be reimbursed as part of the NHS Influenza Programme).

(17) P must have arrangements in place to ensure that all orders of LAIV are in line with national ordering restrictions. P will be able to order a minimum quantity of 10 doses (1 pack) of centrally supplied LAIV from the FDP. Participating P who register by 31 August 2025 will receive vaccine supply by the Service Commencement Date.

(18) P may only request subsequent supply of LAIV when—

- (a) the pharmacy has recorded administration of at least 50% of the previously supplied doses; and
- (b) current stock levels are confirmed to be below one pack; and
- (c) appointments listed on NBS comply with the CPCSVAS; or
- (d) NBS booked appointments indicate a need for additional supply.

Any order that does not meet these requirements will be deferred until P evidences they have been met.

(19) P must plan clinics using the recommended first line vaccine for this cohort, which is LAIV. If P does not have stock of LAIV when a patient presents, they should be directed to an alternative provider who has stock of LAIV or told to rebook when the new stock is available.

(20) When LAIV is contraindicated, the recommended inactivated influenza vaccine must be used, as set out in Annex A to the CPCSVAS (for which P will be reimbursed for in accordance with Part VIC of the Drug Tariff) and if P does not have the recommended inactivated influenza vaccine in stock, patients must be directed to an alternative provider who has stock of a recommended inactivated influenza vaccine or told to rebook when the new stock is available (under the CPCSVAS, the recommended third line vaccine in the Flu Letter cannot be administered).

(21) P must have arrangements in place to ensure that the correct number of doses of vaccine are administered. Where two doses of vaccine are required, a failure to give both

doses may leave a child incompletely protected. Conversely, where only one dose of vaccine is indicated, payment will not be made for any second doses that are inadvertently given. Patients who are in clinical risk groups and who have not received influenza vaccination previously, will require a second dose of the appropriate vaccine at least four weeks after the first dose.

Community Pharmacy Childhood Seasonal Influenza Vaccination advanced service: ongoing conditions of arrangements

7BB.—(1) NHS England must ensure that arrangements pursuant to direction 7BA(1) with a pharmacy contractor (P) include terms equivalent to the requirements set out in this direction.

(2) LAIV and inactivated influenza vaccines are to be administered as part of the service, and they must be administered in accordance with the requirements of the CPIV PGD (that is, all the requirements of the CPIV PGD, whether they are to apply before, during or after administration of a vaccine).

(3) The only LAIV and inactivated influenza vaccines to be administered as part of the service are those permitted by or by virtue of the CPCSVAS service specification.

(4) Vaccines must only be administered to eligible patients, as determined in accordance with the eligibility criteria provided by or by virtue of the CPCSVAS service specification (which include criteria as to when particular patient cohorts may be vaccinated, and when the service as a whole is to start and finish).

(5) Prior to vaccination, informed consent^(a) must be sought from the parent or guardian of each patient to the administration of the vaccine. Informed consent should be recorded in the pharmacy's clinical record (including persons that have consented on the patient's behalf and that person's relationship to the patient must also be recorded).

(6) During the consultation, if there are concerns about a potential safeguarding issue, then appropriate action should be taken, where necessary, in line with local safeguarding processes.

(7) P must have in place and keep under review at the pharmacy premises or any other locations from which the service is to be provided appropriate standard operating procedures for the service (which may be available electronically), as described in direction 7BA(11), about which pharmacy staff (if there is any role that they may be asked to perform as part of the service) must have received appropriate training.

(8) P must ensure that the requirements in the CPCSVAS service specification that apply to any responsible pharmacist and the superintendent pharmacist of P are adhered to, including through an appropriate governance framework.

(9) The responsible pharmacist at the registered pharmacy premises is professionally responsible for overseeing this advanced service, and if the responsible pharmacist is unable to provide sufficient oversight, for example due to workload or where vaccinations are undertaken off the pharmacy premises, an on-site pharmacist or pharmacy technician responsible for the delivery of the advanced service must be linked and work closely with the responsible pharmacist and superintendent pharmacist through an appropriate governance framework to ensure appropriate oversight of the service.

(10) Vaccines must only be administered by an appropriately trained vaccinator, and—

(a) P must ensure that every vaccinator must have completed the training, including any updates, required of that person under the CPIV PGD and the CPCSVAS

(a) Available at <https://www.gov.uk/government/publications/consent-the-green-book-chapter-2>

service specification, and must be competent to perform the tasks required of them, having regard to the applicable requirements of the National PGD and the CPCSVAS service specification;

- (b) every vaccinator must be authorised by name to administer vaccines under the CPIOV PGD before working to it;
 - (c) P must ensure that every vaccinator who provides the service has a valid enhanced Disclosure and Barring Service (DBS) certificate for the adult and children's barred list; and
 - (d) any person involved in the administration of the vaccine must adhere to—
 - (i) the CPIOV PGD,
 - (ii) the relevant requirements of the publication known as the Green Book^(a), and
 - (iii) as appropriate, the standard operating procedures referred to in paragraph (5).
- (11) P must only provide the service at an acceptable location, and for these purposes, “acceptable location” has the same meaning as in direction 7BA(12).
- (12) If the service is provided at P's pharmacy premises and the patient expresses a preference for the vaccination to take place in a consultation room, P must respect that preference.
- (13) Where the service is provided elsewhere than at P's pharmacy premises, P must ensure that all P's vaccinators are covered by an insurance or indemnity arrangement that covers vaccinating at the premises where the service is provided, and P must also ensure that, on each occasion the service is provided elsewhere than at P's premises, what needs to be in place by virtue of direction 7BA(13) is also adhered to.
- (14) P must not refuse to provide the service to a patient in the event that they are not registered with a general practitioner in England or because they do not have a NHS number.
- (15) P must ensure the service is accessible, appropriate and sensitive to the needs of all service users, and that no eligible patient is excluded or experiences particular difficulty accessing or using the service due to their race, gender, disability, sexual orientation, religion or belief, gender reassignment, marriage or civil partnership status, pregnancy or maternity, or age (subject to the eligibility requirements of the CPIOV PGD and the CPCSVAS service specification).

(16) Prior to vaccinations, P must—

- (a) seek and record the consent of the parent or guardian of the patient to the administration of the vaccine;
- (b) provide the parent or guardian of the patient with the patient information leaflet for the vaccine or direct them to a version of the leaflet on a website; and
- (c) as appropriate, advise them about the handling of information about them relating to the provision of the service, to the extent that this is provided for, and in the manner in which this is provided for, in the CPIOV PGD and the CPCSVAS service specification, and which includes advising the patient about—
 - (i) the sharing of information with their general practitioner (if they have one), and

^(a) Available at www.gov.uk/government/collections/immunisation-against-infectious-disease-the-green-book.

- (ii) how their information may be pseudonymised and used by NHS England for the purposes of service delivery, evaluation and research.

(17) The parent or guardian of the patient must be informed that information relating to their vaccination will be shared with—

- (a) their registered general practice, for the appropriate recording of the vaccination in their medical record;
- (b) the NHS BSA for the purpose of making payments to the pharmacy and post-payment verification;
- (c) the commissioner and the UKHSA for managing and monitoring vaccination programmes. Data that has been pseudonymised may be used for evaluation and research purposes.

(18) As regards each patient vaccinated as part of the service who is registered with a general practitioner, P must ensure that the patient's general practitioner is notified (where this is known) in accordance with the CPCSVAS service specification, including in the manner provided for in the CPCSVAS service specification.

(19) If—

- (a) a patient vaccinated as part of the service presents with an adverse drug reaction which is or may be linked to that vaccination; and
- (b) a pharmacist who is P or who is employed or engaged by P believes the adverse reaction is of clinical significance,

P or a person employed or engaged by P must ensure that, having managed the patient's condition appropriately, the patient's general practitioner and where appropriate the Medicines and Healthcare products Regulatory Agency (under the Yellow Card Scheme) are notified as soon as possible, and in the manner provided for in the National PGD and the CPCSVAS service specification.

(20) P must ensure that any patient safety incidents relating to the provision of the service are reported in line with the clinical governance approved particulars for pharmacies published by NHS England^(a), and if those particulars are revised by NHS England, as revised by NHS England from time to time.

(21) P must maintain appropriate electronic records of P's provision of the service, in accordance with the CPCSVAS service specification, including—

- (a) using a NHS assured point of care system in the manner required by, and for the purpose specified in, the CPIV PGD and the CPCSVAS service specification;
- (b) having robust user and access management processes (with frequent updates to system access levels); and
- (c) ensuring same day record keeping (unless exceptional circumstances beyond P's control apply).

(22) P must comply with the arrangements for sharing data with NHS BSA and the service commissioners that are necessary for the performance of obligations under the CPIV PGD and the CPCSVAS service specification that are part of the management of the service, with any sharing of personal data being subject to an appropriate level of confidentiality.

(23) Where, by virtue of direction 7BA or this direction, it is a condition of providing the service that specified arrangements or plans are in place, or there are ordering, offering, administration or redirection requirements in respect of vaccines used as part of the service,

^(a) Available at www.england.nhs.uk/publication/approved-particulars/.

ADVANCED SERVICES (PHARMACY AND APPLIANCE CONTRACTORS)(ENGLAND)

P must when providing the service continue to have and must adhere to those arrangements and plans, and to those ordering, administration and redirection requirements (not just where doing so is specifically provided for in other paragraphs of this direction).

(24) If P wishes to permanently stop providing the service, they must notify the Commissioner that they are no longer going to provide the service via the MYS portal, giving 30 days' notice prior to cessation of the service (pharmacy contractors that de-register before the Service Commencement Date are not required to give 30 days' notice). P may be asked for a reason as to why they wish to stop providing the service. P must ensure they update NBS, Pharmacy Services Finder and their NHS website profile when they cease provision of the service.

(25) If P temporarily or permanently ceases to provide the service, P must update their NHS website profile as soon as possible to reflect the fact that the service is not available at P's pharmacy (or elsewhere from P).

(26) If P de-registers from the service, they will be unable to re-register for a period of four months from the date of re-registration."

(e) Inserted by the Pharmaceutical Services (NHS Pharmacy Contraception Service and Other Amendments) (England) Directions 2023, signed on 17th April 2023 and amended by the Pharmaceutical Services (Advanced and Enhanced Services) (Further Amendments)(No.3)(England) Directions 2023, signed on 30th November 2023.

“NHS Pharmacy Contraception Service: general matters and preconditions to making arrangements

7BK.—(1) NHS England must make arrangements for the provision of a service as part of the NHS Pharmacy Contraception Service Advanced Service with any pharmacy contractor (P) who—

- (a) meets the requirements set out in paragraphs (3) to (11); and
 - (b) wishes to enter into such arrangements or is required to do so by virtue of regulation 66 of the PLPS Regulations (conditions relating to providing directed services).
- (2) The underlying purpose of the NHSPCS is to offer greater choice where people can access contraception services, and in particular—
- (a) to provide a model for community pharmacy teams to initiate provision of oral contraceptive supplies, and to continue the provision of oral contraceptive supplies initiated in primary care or sexual health clinics using a patient group direction to support the review and supply process;
 - (b) to provide a national model for community pharmacy teams to provide free oral emergency contraception to individuals of childbearing potential to reduce the risk of pregnancy after unprotected sexual intercourse or where regular contraception has been compromised or used incorrectly;
 - (c) to establish an integrated pathway between existing services and community pharmacies that provides people with greater choice and access when considering starting or continuing their current form of oral contraception, or when requiring emergency contraception;
 - (d) to support tackling health inequalities through providing wider access to contraception services, supporting high-risk communities and vulnerable individuals through the provision of an integrated sexual health service to individuals from a pharmacy of their choice with no requirement to be registered with a GP.
- (3) P must be prepared to offer consultations for both the initiation of the provision of oral contraceptive supplies and for the continuation of the provision of oral contraceptive supplies.
- (4) P must be satisfactorily complying with P's obligations under Schedule 4 to the PLPS Regulations (Terms of service of NHS pharmacists) in respect of provision of essential services and an acceptable system of clinical governance.
- (5) NHS England is to announce the service commencement date for the part of the service that relates to oral emergency contraceptives and P must not commence the supply of oral emergency contraceptives nor commence the delivery of the service via pharmacy technicians prior to the commencement date.
- (6) In advance of providing the service, P must notify NHS England of P's intention to provide the service by completion of an electronic registration declaration on the NHS BSA Manage Your Service platform on the NHS BSA website.
- (7) P must ensure that all pharmacy staff who are to provide the service are appropriately trained and competent to do so, as provided for in sections 3 and 5 of the NHSPCS service specification.
- (8) P must—
- (a) have standard operating procedures in place covering the provision of the service that cover the matters specified in sections 3.7 and 3.8 of the NHSPCS service

specification, and must have in place arrangements for regularly reviewing those procedures; and

- (b) have in place arrangements to ensure that all pharmacy staff involved in the provision of the service are familiar with those procedures.
- (9) As regards premises—
 - (a) P must have a room for confidential consultations at P's pharmacy premises available for use for the provision of the service which meets the applicable requirements of the PLPS Regulations; and
 - (b) in all cases, where remote access to the service is preferred by the patient, P must have arrangements in place at P's premises which enable a person providing the service to communicate securely and confidentially via live video or audio link with the patient.
- (10) As regards equipment, P must—
 - (a) have the equipment for blood pressure readings and body mass index readings that is required by the NHSPCS service specification for delivery of the service;
 - (b) have arrangements in place to meet the minimum digital requirements of the service as provided for in the NHSPCS service specification; and
 - (c) have IT equipment accessible in the consultation room to allow contemporaneous records of the consultation provided as part of this service as provided for in the NHSPCS service specification.
- (11) As regards consultations, P must have arrangements in place to—
 - (a) provide all consultations from the pharmacy premises face to face or remote, directly with the person accessing the service, and for whom the medication is for; and
 - (b) ensure that distance selling premises pharmacies do not provide face to face consultations with patients present at the pharmacy premises.
- (12) If P has de-registered from the service, they are unable to re-register for a period of four months from the date of de-registration.

NHS Pharmacy Contraception Service: ongoing conditions of arrangements

7BL.—(1) NHS England must ensure that arrangements pursuant to direction 7BK(1) with a pharmacy contractor (P) include terms equivalent to the requirements set out in this direction.

- (2) P must comply and must ensure that their pharmacy staff comply, with the requirements of the NHSPCS service specification, in particular, in respect of—
- (a) the inclusion and exclusion criteria in respect of people who are to be offered, or not offered, the service;
 - (b) the taking of referrals or patients from other providers of NHS services (although the service may be offered directly to people self-referring, and this possibility may be highlighted to people presenting with prescriptions for oral contraception, it must not be offered, at that time, as an alternative to dispensing the person's NHS prescription);
 - (c) responding to requests from patients for the service and where appropriate referring them to alternative providers of a contraception service;

- (d) where the patient consents to receiving the service, conducting the consultation provided for in the NHSPCS service specification in the manner specified, including in respect of—
 - (i) assessing safeguarding issues,
 - (ii) discussing alternative forms of contraception,
 - (iii) body mass index and blood pressure tests, where appropriate,
 - (iv) compliance with the patient group direction in accordance with which the oral emergency contraception or oral contraception may be supplied,
 - (v) if the provision of oral contraceptive supplies is to be initiated, the choice of product,
 - (vi) advice about information sharing, and
 - (vii) discussing additional support and advice;
 - (e) outcomes of the consultation, including in respect of repeat supplies and what to do if supplying oral contraception is not clinically appropriate;
 - (f) patient safety incidents;
 - (g) where a patient attends the pharmacy to access a supply of emergency contraception, highlighting the service to them to consider their ongoing contraceptive requirements;
 - (h) communication with the patient's GP (if the patient has one and the patient consents to this);
 - (i) record keeping and data and information management, including compliance with the Records Management Code of Practice for Health and Social Care^(a); and
 - (j) payment arrangements, post payment verification, monitoring and service evaluation (including what is to be available for inspection if there is a site visit).
- (3) P must offer consultations for both the initiation of the provision of oral contraceptive supplies and for the continuation of the provision of oral contraceptive supplies.
- (4) P must respond to a request for the supply of oral emergency contraception or oral contraception as soon as is reasonably practicable, and if the pharmacy is unable to offer a consultation within the time frame needed, the individual should be signposted to an alternative pharmacy or other service provider for a consultation.
- (5) The responsible pharmacist of P's pharmacy must ensure that all delegated tasks undertaken as part of the service of which they have oversight are undertaken safely by competent pharmacy staff.
- (6) P must ensure that the service is only provided by pharmacists or pharmacy technicians, except that body mass index and blood pressure tests may be conducted by a suitably trained member of the pharmacy team.
- (7) P must ensure that all pharmacy staff providing the service are appropriately trained and competent to do so, as provided for in sections 3 and 5 of the NHSPC service specification.
- (8) P must—
- (a) have in place and keep updated, as well as regularly reviewing, standard operating procedures covering the provision of the service that covers matters specified in sections 3.7 and 3.8 of the NHSPCS service specification; and

(a) Published at <https://transform.england.nhs.uk/information-governance/guidance/records-management-code/> and has the NHS England Publication Approval Reference: PAR00019.

- (b) have arrangements in place to ensure that all pharmacy staff involved in the provision of the service are familiar with and adhere to those procedures.
- (9) As regards premises—
 - (a) P must have a room for confidential consultations at P's pharmacy premises available for use for the provision of the service which meets the applicable requirements of the PLPS Regulations; and
 - (b) in all cases, where remote access to the service is preferred by the patient, P must have arrangements in place at P's premises which enable a person providing the service to communicate securely and confidentially via live video or audio link with the patient.
- (10) As regards equipment, P must have at all times when the service is provided—
 - (a) the equipment for blood pressure readings and body mass index readings that is required by the NHSPCS service specification for delivery of the service; and
 - (b) arrangements in place to meet the minimum digital requirements of the service as provided for in the NHSPCS service specification.
- (11) P must ensure that the service is accessible, appropriate and sensitive to the needs of all service users, and that no eligible patient is excluded, or experience difficulty in accessing or using the service due to their race, gender, disability, sexual orientation, religion or belief, gender reassignment, marriage or civil partnership status, pregnancy or maternity, or age.
- (12) P must keep their profile manager status up to date (as this will ensure Find a Pharmacy and Service Finder are accurate).
- (13) If P is to cease providing the service permanently, P must do so in the manner provided for in the NHSPCS service specification.
- (14) NHS England must be able to suspend P's participation in the service, and where NHS England does suspend P's participation in the service, in accordance with the NHSPCS service specification, P must not provide the service during the period of suspension."

Amendment of direction 7BP of the 2013 Directions

5.—(1) Direction 7BP of the 2013 Directions (NHS Pharmacy First Service: ongoing conditions of arrangements)(a) is amended as follows.

(2) After paragraph (2) insert—

"(2A) The arrangements must cap clinical pathways consultations at the monthly levels to be determined as part of a cap methodology, which is to be published in the Drug Tariff as part of the determination for the remuneration of the service, and P is not entitled to be remunerated for more than P's set maximum number of clinical pathways consultations as determined in accordance with that methodology."

Amendment of Schedule 2 of the 2013 Directions

6.—(1) Schedule 2 of the 2013 Directions (NMS Medicines) is amended as follows(b).

(2) After the table entitled "Hypertension" insert—

(a) Inserted by the Pharmaceutical Services (Advanced and Enhanced Services) (Further Amendments) (No. 4) (England) Directions 2023, signed on 19th December 2023.
 (b) Amended by The Pharmaceutical Services (Advanced and Enhanced Services) (England) (Amendment) (No.3) Directions 2019, signed on 11th September 2019.

Amendment of direction 2 of the 2013 Directions

2.—(1) Direction 2 of the 2013 Directions (interpretation) is amended as follows.

(2) Omit the definitions of “CPSIVAS”, “CPSIVAS service specification”, “national PGD” and “national protocol.”

(3) At the appropriate places in the alphabetical order insert—

““CPCAIVAS” means the Community Pharmacy COVID-19 and Adult Influenza Vaccination Advanced Service;”;

““CPCAIVAS service specification” means the service specification for the community pharmacy COVID-19 and adult influenza vaccination advanced service entitled “Community Pharmacy Advanced Service Specification COVID-19 and Adult Influenza Vaccination programme: 1 April 2026 to 31 March 2027”, or that service specification if it is revised by NHS England, as revised by NHS England from time to time(a);”;

““point of care system” means a clinical IT system that has been assured by the commissioner to record COVID-19 vaccination events and adult influenza vaccination events;”;

““year round pathway patient” means those patients who are eligible for a catch-up or an additional dose of COVID-19 vaccination in accordance with the Green Book(b);”.

Amendment of directions 7A and 7B of the 2013 Directions

3. For directions 7A and 7B of the 2013 Directions (Community Pharmacy Seasonal Influenza Vaccination Advanced Service: general matters and preconditions to making arrangements and Community Pharmacy Seasonal Influenza Vaccination Advanced Service: ongoing conditions of arrangements)(c), substitute—

“Community Pharmacy COVID-19 and Adult Influenza Vaccination Advanced Service: general matters and preconditions to making arrangements

7A.—(1) NHS England must make arrangements for the provision of a service as part of the CPCAIVAS with any pharmacy contractor (P) who—

- (a) meets the requirements set out in paragraphs (3) to (16);
- (b) wishes to enter into such arrangements or is required to do so by virtue of regulation 66 of the Pharmaceutical Regulations (conditions relating to providing directed services); and
- (c) has notified the commissioner of their intention to provide either COVID-19 and adult influenza vaccinations to patients or adult influenza vaccinations

Pharmaceutical Services (Advanced and Enhanced Services) (Amendment) (England) Directions 2023, signed on 28th March 2023; the Pharmaceutical Services (NHS Pharmacy Contraception Service and Other Amendments) (England) Directions 2023, signed on 17th April 2023; the Pharmaceutical Services (Advanced and Enhanced Services) (England) (Further Amendments) Directions 2023, signed on 29 August 2023; the Pharmaceutical Services (Advanced and Enhanced Services) (Further Amendments) (No. 2) (England) Directions 2023, signed on 3rd November 2023; the Pharmaceutical Services (Advanced and Enhanced Services) (Further Amendments) (No. 3) (England) Directions 2023, signed on 30th November 2023; the Pharmaceutical Services (Advanced and Enhanced Services) (Further Amendments) (No. 4) (England) Directions 2023, signed on 19th December 2023; the Pharmaceutical Services (Advanced and Enhanced Services) (Amendments Relating to Influenza Vaccination Service) (England) Directions 2024, signed on 29th August 2024; the Pharmaceutical Services (Advanced and Enhanced Services) (Amendments Relating to the Adult Influenza Vaccination Service) (England) Directions 2025, signed on 28th August 2025; and the Pharmaceutical Services (Advanced and Enhanced Services) (Further Amendments) (England) Directions 2025, signed on 24th October 2025.

to patients, by the relevant dates and in the manner as set out in the CPCAIVAS service specification.

(2) The aims of the CPCAIVAS are—

- (a) to protect those who are most at risk of serious illness or death should they develop COVID-19 or influenza;
- (b) to sustain and maximise the uptake and co-administration of COVID-19 and adult influenza vaccinations to patients by continuing to build the capacity of community pharmacies as an alternative to general practice attendance; and
- (c) to provide more opportunities and improve convenience for eligible patients to access COVID-19 vaccinations and adult influenza vaccinations.

(3) P must be satisfactorily complying with P's obligations under Schedule 4 to the Pharmaceutical Services Regulations (terms of service of NHS pharmacies) in respect of the provision of essential services and an acceptable system of clinical governance.

(4) Any vaccinator who is to be involved in the administration of vaccines as part of the service must have the necessary experience, skills, competence and training to administer vaccines in line with the requirements of the CPCAIVAS service specification, and records of training must be kept in line with those requirements.

(5) Pharmacy staff who are not vaccinators but who might be asked to perform a role as part of the service must have been appropriately trained, including updates, in line with the requirements of the CPCAIVAS service specification.

(6) Any vaccinator who is to be providing COVID-19 vaccinations to patients aged under 18 years, or if COVID-19 or adult influenza vaccinations are to be undertaken at a patient's own home must have a valid enhanced Disclosure and Barring Service (DBS) certificate demonstrating that they have been checked against the adult and children's barred list.

(7) The responsible pharmacist at the pharmacy premises at or from which the service is to be provided, is to be professionally responsible for overseeing the CPCAIVAS, and if the responsible pharmacist is unable to provide sufficient oversight, (for example due to workload or where vaccinations are undertaken away from the pharmacy premises), an on-site pharmacist or pharmacy technician responsible for the delivery of the CPCAIVAS must be linked and work closely with the responsible pharmacist and the superintendent pharmacist through an appropriate governance framework to ensure appropriate oversight of the service.

(8) P must have in place, at the pharmacy premises or for any other locations from which the service is to be provided, appropriate standard operating procedures for the service (which may be available electronically), having regard to the CPCAIVAS service specification, about which pharmacy staff (if there is any role that they may be asked to perform as part of the service) have received appropriate training and which include procedures in respect of—

- (a) cold chain integrity;
- (b) the escalation of any issues identified (clinical and non-clinical);
- (c) signposting details;
- (d) record keeping and staff training.

(9) P must be able to provide the services which are part of the CPCAIVAS at an acceptable location, and for these purposes "acceptable location" means, where the service is being provided—

- (a) at P's pharmacy premises—
 - (i) in a room for consultations which meets the applicable requirements of paragraph 28A of Schedule 4 to the Pharmaceutical Services Regulations^(a) (premises requirements in respect of consultation rooms), or
 - (ii) at an alternative location where there are suitable facilities available (allowing for infection control standards to be maintained and patient confidentiality and dignity to be respected), but only to the extent this is permitted by the CPCAIVAS service specification;
- (b) elsewhere other than P's pharmacy premises, including at a patient's home, a care home or a community venue, a location where there are suitable facilities available (allowing for infection control standards to be maintained and patient confidentiality and dignity to be respected), but only to the extent that—
 - (i) this is permitted by the CPCAIVAS service specification,
 - (ii) P has obtained consent from the commissioner if P wishes to carry out vaccinations at a location other than at P's pharmacy premises,
 - (iii) this location is in the same NHS England region as P's registered premises, and
 - (iv) the majority of vaccinations must still be delivered from P's registered premises, except for distance selling premises pharmacies.

(10) Distance selling premises pharmacies are not permitted to provide vaccinations to patients at the pharmacy premises.

(11) P must ensure that where vaccinations are undertaken away from the pharmacy premises, P has in place arrangements to ensure there is an on-site pharmacist or pharmacy technician responsible for the delivery of the CPCAIVAS off-site (or delivering the vaccination service themselves) and that—

- (a) vaccines are administered by appropriately trained vaccinators in line with the appropriate legal mechanism;
- (b) P has professional indemnity insurance that covers off-site vaccinations;
- (c) vaccinators continue to adhere to all professional standards relating to vaccinations;
- (d) vaccinators follow appropriate cold chain storage measures;
- (e) the setting used to administer the vaccines is appropriate (including ensuring patient confidentiality and dignity can be respected); and
- (f) staff appropriately dispose of any clinical waste or personal protective equipment used during the vaccination process.

(12) P is required to make arrangements for the removal and safe disposal of any clinical waste and personal protective equipment related to the provision of the CPCAIVAS (including where the vaccination is undertaken away from the pharmacy premises).

(13) Where P registers to provide COVID-19 vaccinations in addition to adult influenza vaccinations, access to COVID-19 vaccines is to be provided centrally by the commissioner and deliveries of the vaccine are to be made to P's registered premises, and vaccines must not be shared with other providers providing a similar

vaccination service or moved (except as expressly permitted by the CPCAIVAS service specification) without the express prior consent of the commissioner.

(14) P must adhere to the requirements in the CPCAIVAS service specification in relation to the ordering of COVID-19 vaccine supply, maintaining and providing accurate capacity and clinic session data, stock and inventory data and record-keeping, which includes providing support in relation to stock forecasting, use and ordering of COVID-19 vaccine as requested by the commissioner.

(15) P must adhere to the requirements in the CPCAIVAS service specification in relation to the ordering of influenza vaccine supply, following guidance in the Flu Letter on recommended vaccines.

(16) Adult influenza clinics must be planned using the recommended licensed influenza vaccines as set out in the Flu Letter and the Green Book(a), (and where P does not have a recommended influenza vaccine in stock, patients should be directed to an alternative provider who has stock of a recommended vaccine or told to rebook when the stock is available), and administration of alternative vaccines must only be considered where the recommended vaccine is not available to order from any manufacturer or P's regular wholesaler, or on an exceptional basis where there is a valid reason why the patient may not return for a further appointment.

Community Pharmacy COVID-19 and Adult Influenza Vaccination Advanced Service: ongoing conditions of arrangements

7B.—(1) NHS England must ensure that arrangements pursuant to direction 7A(1) with a pharmacy contractor (P) include terms equivalent to the requirements set out in this direction.

(2) Only COVID-19 and influenza vaccines are to be administered as part of the service, and they must be administered in accordance with the requirements of the CPCAIVAS service specification and within the dates published by the commissioner.

(3) The only COVID-19 and influenza vaccines to be administered as part of the service are those permitted by or by virtue of the CPCAIVAS service specification.

(4) Vaccines must only be administered to patients who are eligible to receive vaccination (by their inclusion in a Joint Committee on Vaccination and Immunisation cohort(b) which has been announced and authorised by the commissioner as eligible for vaccination by community pharmacy), and P must comply with the announcements, authorisations and priority orders in place at the date of the administration of a vaccine, and throughout the term (which are subject to change).

(5) P must ensure that vaccinations offered under the CPCAIVAS are provided in line with the Green Book(c) (which outlines all relevant details on the dosage, timings and administration of COVID-19 and influenza vaccines, and disposal of clinical waste), and P must ensure that vaccines are offered in line with any Joint Committee on Vaccination and Immunisation guidance on the co-administration of vaccines or the required interval between any vaccinations, including where they have been administered by another provider.

(a) The up to date version is available at <https://www.gov.uk/government/collections/immunisation-against-infectious-diseases-the-green-book>.

(b) The Joint Committee on Vaccination and Immunisation publishes its statement on patients who are eligible for the vaccines at: <https://www.gov.uk/health-and-social-care/health-protection-immunisation>.

(c) The up to date version is available at <https://www.gov.uk/government/collections/immunisation-against-infectious-diseases-the-green-book>.

(6) P must have in place and keep under review at the pharmacy premises or any other locations from which the service is to be provided appropriate standard operating procedures for the service (which may be available electronically), as described in direction 7A(8), about which pharmacy staff (if there is any role that they may be asked to perform as part of the service) must have received appropriate training.

(7) P must ensure that the requirements in the CPCAIVAS service specification that apply to any responsible pharmacist and the superintendent pharmacist of P are adhered to, including through an appropriate governance framework.

(8) The responsible pharmacist at the registered pharmacy premises is to be professionally responsible for overseeing the CPCAIVAS, and if the responsible pharmacist is unable to provide sufficient oversight, (for example due to workload or where vaccinations are undertaken away from the pharmacy premises), an on-site pharmacist or pharmacy technician responsible for the delivery of the CPCAIVAS must be linked and work closely with the responsible pharmacist and superintendent pharmacist through an appropriate governance framework to ensure appropriate oversight of the service.

(9) Vaccines must only be administered by an appropriately trained vaccinator, and P must ensure that those involved in vaccination activity—

- (a) have the necessary experience, skills, competence and training to administer vaccines in line with the requirements of the CPCAIVAS service specification, and records of training must be kept in line with those requirements;
- (b) have the necessary experience, skills and training with regard to the recognition and initial management of anaphylaxis;
- (c) are competent to deliver the service having regard to the applicable requirements of the CPCAIVAS service specification;
- (d) understand and are authorised to work under the valid legal mechanism for administration of the vaccine in question;
- (e) have read and understood the clinical guidance published in the Green Book and the associated information for healthcare practitioners, and have a process in place to check any updates to these documents and the relevant legal mechanisms;
- (f) are appropriately trained and made aware of the risks associated with the handling and disposal of clinical waste and that correct procedures are in place and used to minimise those risks, including a needle stick injury procedure;
- (g) have a valid enhanced DBS check demonstrating that they have been checked against the adult and children's barred list if vaccinations are to be undertaken in the patient's own home (including a care home) or if COVID-19 vaccines are to be administered to patients under the age of 18.

(10) In relation to vaccine supply, handling and storage, P must ensure that—

- (a) the receipt, storage, transportation and preparation of all vaccines is in accordance with any relevant medicines legislation, manufacturer's, MHRA, UKHSA and NHSE's instructions, and all associated guidance in the Green Book, and is undertaken with appropriate cold chain management (including appropriate and timely action when temperature deviations occur), clinical oversight and in accordance with governance arrangements which are in place in line with the CPAIVAS service specification;

- (b) robust and reliable stock management processes are in place to minimise vaccine wastage whilst ensuring sufficient vaccine is available to support the vaccination offer to patients, and to mitigate risks associated with handling multiple vaccine types; and
 - (c) the vaccine is only stored overnight at Care Quality Commission/General Pharmaceutical Council registered premises, in accordance with approved medicines management arrangements.
- (11) P must actively try to minimise wastage and persistent wastage above 30% of COVID-19 vaccine allocated may result in reduced or paused supply of vaccine to P, pending review by the commissioner.
- (12) P must provide support in relation to stock forecasting, use and ordering of COVID-19 vaccine as requested by the commissioner.
- (13) P must only provide the service at an acceptable location, and for these purposes, "acceptable location" has the same meaning as in direction 7A(9).
- (14) If the service is provided at P's pharmacy premises and the patient expresses a preference for a vaccination to take place in a consultation room, P must respect that preference.
- (15) Where the service is provided elsewhere than at P's pharmacy premises, P must ensure that all P's vaccinators are covered by an insurance or indemnity arrangement that covers vaccinating at the premises where the service is provided, and P must also ensure that, on each occasion the service is provided elsewhere than at P's premises, what needs to be in place by virtue of direction 7A(11) is also adhered to.
- (16) P must not refuse to provide the service to a patient in the event that they are not registered with a general practitioner in England or because they do not have an NHS number.
- (17) P must ensure the service is accessible, appropriate and sensitive to the needs of all service users, and that no patient is excluded or experiences particular difficulty in accessing and effectively using this service due to a protected characteristic, as outlined in the Equality Act 2010, including age, disability, gender reassignment, marriage and civil partnership, pregnancy and maternity, race, religion or belief, sex or sexual orientation.
- (18) Prior to vaccinations, a registered healthcare professional trained in vaccination and familiar with the characteristics of the vaccine being administered must:
- (a) assess the patient to be eligible in accordance with the CPCAIVAS service specification and the Green Book;
 - (b) assess that the administration of the vaccine is clinically appropriate, (which will include providing information that the patient may need to make a final decision on whether to proceed with the vaccination); and
 - (c) seek the informed consent of the patient to the administration of the vaccine.
- (19) P must ensure that—
- (a) the patient is provided with the patient information leaflet for the vaccine or be directed to a web-based version of the leaflet; and
 - (b) the patient is informed about how information relating to their vaccination will be recorded and shared, providing detail in relation to that in line with the CPCAIVAS service specification.

(20) Where P can administer COVID-19 vaccinations to patients aged under 18 years—

- (a) the patient must have been assessed as competent to consent and does consent, or
- (b) the patient is not assessed as competent to consent but does not object and consent is provided by somebody with parental responsibility.

(21) In relation to the COVID-19 vaccination, P must—

- (a) offer co-administration of both vaccines where clinically appropriate to each patient P is able to vaccinate subject to availability and where P has registered to provide both COVID-19 and adult influenza vaccinations;
- (b) identify patients eligible for COVID-19 vaccination and/or adult influenza vaccination who present at the pharmacy and encourage them to take up the vaccination offer; and
- (c) where the pharmacy contractor is registered to provide COVID-19 vaccinations, administer vaccines to patients aged 18 years or over only if the provisions at 7A(6) and 7B(9)(g) have been complied with.

(22) P must adhere to the requirements in the CPCAIVAS service specification in relation to the ordering of COVID-19 vaccine supply, maintaining and providing accurate capacity and clinical session data, stock and inventory data and record-keeping.

(23) P must not administer vaccines to patients who are housebound, in a care home, under 18 years of age (who are eligible for a COVID-19 vaccine only), nor to year round pathway patients who require an additional dose during the seasonal COVID-19 vaccination campaign or outside the announced and authorised COVID-19 vaccination campaigns unless so requested by the commissioner (which P may choose whether to accept or refuse) or if P approaches the commissioner and obtains consent to vaccinate these patients.

(24) P must offer COVID-19 vaccinations to patients through the national booking service^(a) (and may offer co-administered COVID-19 and adult influenza vaccinations through the national booking service), and must comply with the requirements and minimum publication standards for national booking as set out in the CPCAIVAS service specification.

(25) P must offer vaccinations through advertised walk-in clinics via the NHS pharmacy services finder.

(26) The COVID-19 vaccine must not be used to administer vaccinations to private patients.

(27) As regards each patient vaccinated as part of the service who is registered with a general practitioner, P must ensure that the patient's general practitioner is notified (where this is known) in accordance with the CPCAIVAS service specification, including in the manner provided for in the CPCAIVAS service specification.

(28) If—

- (a) a patient presents with an adverse drug reaction following the initial vaccination; and

^(a) Available at <https://digital.nhs.uk/services/vaccinations-national-booking-service>.

- (b) a pharmacist who is P or who is employed or engaged by P believes the adverse reaction is of clinical significance such that the patient's registered general practice should be informed,

this information should be shared with the registered general practice as soon as possible and a report submitted to the Medicines and Healthcare products Regulatory Agency under the Yellow Card Scheme^(a).

(29) P must report any patient safety incidents in line with the Clinical Governance Approved Particulars for pharmacies.

(30) P must follow the UKHSA: "Vaccine incident guidance"^(b) and local NHS arrangements for responding to and reporting errors in vaccine storage, handling and administration.

(31) P must maintain appropriate electronic records of P's provision of the service, in accordance with the CPCAIVAS service specification, including—

- (a) ensuring that any staff recording the administration of a vaccine have received relevant training to be able to update records appropriately and accurately;
- (b) using an NHS assured point of care system in the manner required by, and for the purpose specified in, the CPCAIVAS service specification;
- (c) having robust user and access management processes (with frequent updates to system access levels); and
- (d) ensuring same day record keeping (unless where exceptional circumstances apply).

(32) P must comply with the arrangements for sharing data with NHS BSA and the service commissioners that are necessary for the performance of obligations under the CPCAIVAS service specification that are part of the management of the service, with any sharing of personal data being subject to an appropriate level of confidentiality.

(33) If P temporarily ceases to provide the services, P must update their listing via NHS Profile Manager and the national booking service as soon as practically possible to reflect that the service is not available from the pharmacy, and where P is providing COVID-19 vaccinations P must also opt out of replenishment for COVID-19 vaccine in the federated data platform^(c).

(34) If P wishes to permanently cease providing the service, P must notify the commissioner giving 30 days' notice in accordance with the CPCAIVAS service specification including that P must continue to provide the service for the duration of the notice period, and update the national booking service and NHS Profile Manager when P ceases provision of the service, and the conditions relating to de-registration set out in the CPCAIVAS service specification are to apply.

(35) If P fails to comply with a requirement of the arrangements, as provided for in this direction and the CPCAIVAS service specification, NHS England may impose the sanctions for that failure that are provided for in the CPCAIVAS service specification (in addition to the other sanctions that may be imposed in accordance with the Pharmaceutical Regulations).".

Deputy Director, Pharmacy, Eye Care and Controlled Drugs
Department of Health and Social Care

NATIONAL COMMUNITY PHARMACY AND APPLIANCE CONTRACTOR SERVICES (WALES)

THE CLINICAL COMMUNITY PHARMACY SERVICE, DISCHARGE MEDICINES REVIEW SERVICE, PHARMACIST PRESCRIBING SERVICE AND STOMA CUSTOMISATION, APPLIANCE USE REVIEW AND LATERAL FLOW TEST (LFT) SUPPLY SERVICE

The Clinical Community Pharmacy Service

1. The Clinical Community Pharmacy Service (CCPS) is a nationally directed service within the community pharmacy contractual framework. The CCPS comprises the following four components:
 - The provision of emergency contraception
 - The provision of Bridging and QuickStart contraception
 - The supply of prescribed medicines in an emergency
 - The provision of the national common ailments service
2. In order to provide the CCPS a pharmacy contractor must provide all elements listed in 1.
3. A payment of £12,500 is payable to pharmacy contractors providing the CCPS and will be paid monthly, calculated as 1/12th of the payment.
4. The fees payable for individual components of the CCPS can be found in Part VIE Additional Clinical Services (Wales).

The Discharge Medicines Review Service

5. A fee of £53.50 per DMR full service intervention is payable from 1 April 2025 to all pharmacy contractors meeting the requirements to provide the service.
6. Contractors will be paid monthly via the NHS Wales Shared Services Partnership on the basis of the number of completed DMR claims submitted to NHS Wales Shared Services Partnership in the relevant month. All claims for payment must be made using the relevant module available on the Choose Pharmacy Application.
7. Where a contractor initiates DMR service consultations in any financial year but is not able to complete the full service intervention before 31 March of that financial year they shall be eligible to receive payment provided that they initiate a claim using the relevant module available on the Choose Pharmacy Application not later than 5 April of the following financial year. The payment will be made on completion of the DMR full service intervention.

Pharmacist Independent Prescribing Service (PIPS)

8. The Pharmacist Independent Prescribing Service (PIPS) is a nationally directed service within the community pharmacy contractual framework.
9. Any pharmacy wishing to provide the PIPS must also be providing the CCPS. The PIPS comprises the following components:
 - The prescribing of routine contraception
 - The management of common ailments, not normally managed by the national common ailment service
 - The provision of a prescribing service agreed by the relevant local health board
10. The fees payable to pharmacies providing the PIPS for the first twelve months of delivering the service are shown in the following table (Table 1) subject to meeting the requirements of paragraph 11:

Band	Availability (hours per week)	Upper consultation threshold per month	Fees up to the upper consultation threshold per month	Fees above the upper consultation threshold per month
1	16 to 23 hours each week	75	£2,184.22	£2,184.22 + £27.32 per consultation
2	24 to 31 hours each week	100	£2,808.11	£2,808.11 + £27.32 per consultation
3	32 or more hours each week	145	£3,743.34	£3,743.34 + £27.32 per consultation

NATIONAL COMMUNITY PHARMACY AND APPLIANCE CONTRACTOR SERVICES (WALES)

Arrangements for Bank Holidays: When claiming for hours of IP availability and bandings at the end of the month, any bank holidays that occur during normal working days where the PIPS is normally provided should be considered as hours worked, (e.g. a pharmacy contractor providing 16 hours of PIPS per week Monday and Tuesday 8 hours a day, but were closed on Monday due to Bank Holiday, should still consider that as 16 hours of PIPS availability). If a bank holiday falls on a week you are away on holiday, then this can be considered as a working day of IP availability. If a bank holiday falls on a day where the PIPS is not usually provided then that day cannot be included.

11. At month 6, pharmacy contractors are expected to be delivering the minimum number of consultations outlined in Table 2 (paragraph 12).

For example: for a pharmacy contractor declaring Band 1, a minimum of 15 consultations per month (averaged over months 4, 5 and 6 of service commissioning).

- 11.1 Where, after 6 months of delivering the service, a pharmacy contractor is delivering the minimum number of consultations per month (averaged over months 4, 5 and 6), payments will continue as per Table 1 (paragraph 10) for the remainder of the first year of service delivery.

- 11.2 Where, after 6 months of delivering the service, a pharmacy contractor is not delivering the minimum number of consultations per month (averaged over months 4, 5 and 6), to continue to receive the payments outlined in Table 1 (paragraph 10) the pharmacy must have completed the national electronic claim and audit form (NECAF) declaration within the first 6 months of service commissioning.

- 11.3 Where, after 6 months of delivering the service, a pharmacy contractor is not delivering the minimum number of consultations per month (averaged over months 4, 5 and 6), and does not complete the NECAF declaration as per paragraph 11.2, payments outlined in Table 1 (paragraph 10) will no longer be payable and the pharmacy will receive payments as outlined in Table 2 (paragraph 12).

If the relevant Health Board subsequently agrees to accept a late declaration, the pharmacy contractor will be eligible to receive the payment outlined in Table 1 for the remainder of the 12 months from date of commissioning, with payments reinstated from the 1st day of the month following the submission of the declaration.

12. The fees payable to pharmacies providing the PIPS following twelve months of delivering the service are shown in the following table:

	Availability (hours per week)		Minimum	Threshold	Upper limit
Band 1	16 to 23 hours each week	Consultations	15	35	75
		Payment	Below min. £27.32 per consultation Once reach min. £1,372.55/ month	£2,184.22/ month once reach threshold	Above upper limit £2,184.22 + £27.32 per consultation
Band 2	24 to 31 hours each week	Consultations	25	50	100
		Payment	Below min. £27.32 per consultation Once reach min. £1,746.90/ month	£2,808.11/ month once reach threshold	Above upper limit £2,808.11 + £27.32 per consultation
Band 3	32 or more hours each week	Consultations	40	80	145
		Payment	Below min. £27.32 per consultation Once reach min. £2,495.57/ month	£3,743.34/ month once reach threshold	Above upper limit £3,743.34 + £27.32 per consultation

Arrangements for absence due to annual leave and short periods of sickness of the PIPS accredited pharmacist: In circumstances, where despite the best endeavours of the pharmacy contractor, the usual availability banding level and threshold cannot be reached in a calendar month the pharmacy contractor may claim the usual payment level, where the period of absence of the PIPS accredited pharmacist does not exceed 2 weeks. This arrangement can be used for a maximum of 8 weeks in any 12 month period.

Arrangements for Bank Holidays: When claiming for hours of IP availability and bandings at the end of the month, any bank holidays that occur during normal working days where the PIPS is normally provided should be considered as hours worked, (e.g. a pharmacy contractor providing 16 hours of PIPS per week Monday and Tuesday 8 hours a day, but were closed on Monday due to Bank Holiday,

NATIONAL COMMUNITY PHARMACY AND APPLIANCE CONTRACTOR SERVICES (WALES)

should still consider that as 16 hours of PIPS availability). If a bank holiday falls on a week you are away on holiday, then this can be considered as a working day of IP availability. If a bank holiday falls on a day where the PIPS is not usually provided then that day cannot be included.

13. Pharmacy contractors will be paid monthly by the NHS Wales Shared Services Partnership (NWSSP) on the basis of a monthly submission of their banded availability and consultation numbers. Submissions must be made by the last day of the following month, using the national electronic claim and audit form (NECAF) system (for example claims relating to May must be submitted by 30 June).
 - 13.1 Where a variation to arrangements for payment is approved by the relevant health board (see paragraphs 15 and 16) pharmacy contractors should not submit any claims using NECAF during the approved period. In these circumstances approved payments will be made monthly by the NWSSP on instruction from the relevant health board for the duration of the period of variation.
14. A quarterly fee of £302.86 will be payable to pharmacies to support ongoing clinical governance requirements and professional development of the pharmacist independent prescriber. A submission can be made each quarter using NECAF with records of any activity undertaken kept for health board teams to inspect where required.
15. Pharmacy contractors may submit an application to the relevant health board for consideration of a variation to the arrangements for payment for the PIPS set out in paragraph 10 or 12 where the pharmacy contractor is unable to maintain current consultation levels due to exceptional circumstances relating to one or more of the criteria below,
 - For PIPS accredited pharmacists acting as Designated Prescribing Practitioners (DPP) for community pharmacists undertaking the Independent Prescribing qualification.
 - For pharmacy contractors where there has been a change in PIPS provider (i.e. a change in PIPS accredited pharmacist).
 - Following change of ownership where there has been a change in PIPS accredited pharmacist/PIPS service scope.
- 15.1 Within first 12 months of service provision: The current availability model (as set out in paragraph 10) provides an appropriate payment mechanism for pharmacy contractors to establish the service and variation arrangements should not be needed.

Variation may be considered only where there is a temporary suspension of the service to maintain availability only model for the full 12 month period (such as where there is a pause in the service and then a restart within the first 12 months).
16. Where a variation to the arrangements for payment for the PIPS is approved by the relevant health board the maximum period of variation will be 3 calendar months. Payments will be confirmed by the health board and made by the NHS Wales Shared Services Partnership (NWSSP) based on the previous 3 calendar months PIPS payments.
 - 16.1 Where a pharmacy contractor wishes to terminate a variation to the arrangements for payment earlier than the agreed end date, the pharmacy contractor must contact the relevant health board to discuss termination arrangements.

Stoma customisation and Appliance Use Reviews are provided by appliance contractors.

Stoma Customisation

17. In Wales, from 1 April 2010 a fee of £4.32 is payable for every Part IXC prescription item that can be customised¹. The fee does not have to be claimed and will be paid automatically to those pharmacy and appliance contractors who in Wales have informed their Local Health Board of their intention to provide stoma appliance customisation services as an advanced service by the end of the month before they start providing the service.
18. Contractors are however required to meet certain preconditions, set out below in direction 3 Pharmaceutical Services (Advanced Services) (Appliances) (Wales) Directions 2010, ("the Appliances Directions") before their Local Health Board is able to enter into arrangements with them to provide the service - and their ongoing entitlement to provide the service is subject to compliance with the conditions that Local Health Boards are required to impose on them by virtue of direction 4 of the Appliances Directions.

¹Products that qualify for the stoma customisation fee have been annotated in the Drug Tariff.

Appliance Use Review

19. In Wales, from 1 April 2010 a fee is payable to all pharmacy and appliance contractors meeting the requirements for this service for each Appliance Use Review they have carried out. The requirements they have to meet are also set out below in the Appliances Directions. As with the stoma customisation, there are both preconditions that the contractor has to meet before the Local Health Board is able to enter into arrangements with them (set out in direction 5 of the Appliances Directions), and ongoing entitlement to provide the service is subject to compliance with the conditions that the Local Health Board is required to impose on them (see direction 6 of the Appliances Directions).
20. A Fee of £28 is payable for an Appliance Use Review conducted at premises managed by the pharmacy or appliance contractor. A fee of £54 is payable for a review conducted at the user's home. If, within a 24 hour period, reviews are conducted for several users living at the same location, the appliance or pharmacy contractor may claim £54 for the first review and £28 for each subsequent review.
21. In Wales, the total number of Appliance Use Reviews that an appliance or pharmacy contractor may claim fees for will be limited to one for every 35 Part IXA (qualifying items), Part IXB and Part IXC prescription items dispensed for the period commencing on 1 April and ending on 31 March in any one year (see direction 7 of the Appliances Directions)
22. In Wales contractors will be paid monthly via the NHS Wales Shared Services Partnership on behalf of LHBs on receipt of the appropriate claim form in the relevant month.

Lateral Flow Test (LFT) Supply Service (for patients potentially eligible for COVID-19 treatments)

23. From 8 January 2024, a fee of £4.00+VAT will be paid for each patient supply of Covid-19 Lateral Flow Tests (a maximum of two boxes per patient per supply) from the pharmacy on confirmation that the patient is part of the eligible cohort.
24. The full list of eligibility criteria is determined by NICE and can be found in the NICE guidelines 'Supporting information on risk factors for progression to severe COVID-19' and is duly referenced in the Service Specification. Contractors should make sure they are referring to the latest version of the eligibility criteria.
25. The fees will be payable only to contractors meeting the requirements of the service including notification of the intention to provide the service by completing the NHS Wales Shared Services Partnership electronic listing form.
26. Claims for payment should be submitted by the 5th of the month following the month in which the chargeable activity was provided. All claims must be made within the financial year to which they apply (1 April to 31 March) with all claims submitted no later than the 5th May following the end of the relevant financial year. Claims made after this date will not normally be paid.
27. If a contractor wishes to cease provision of this service, they must de-register and provide 30 days' notice of their intention to do so. To de-register, the contractor must do so by notifying the commissioner via the NHS Wales Shared Services Partnership.

(2) Expressions used in these Directions and in the Pharmaceutical Services Regulations have the same meaning as in those Regulations.

General matters and pre-conditions for making arrangements

3.—(1) Where a Local Health Board makes arrangements with an NHS pharmacist for the provision of any of the clinical services specified in directions 4 to 8, the NHS pharmacist must satisfy the conditions set out in paragraphs (2) to (7).

(1) S.I. 2004/478 (W. 48).
 (2) S.I. 2012/1916.
 (3) S.I. 2012/1261 (W. 156).
 (4) S.I. 2020/1073 (W. 241).

NATIONAL COMMUNITY PHARMACY AND APPLIANCE CONTRACTOR SERVICES (WALES)

(2) The first condition is that the NHS pharmacist has notified the Local Health Board of their intention to provide the relevant clinical service, in the manner approved(1) for that purpose, and provided the Local Health Board with a satisfactory enhanced criminal record certificate.

(3) The second condition is that the NHS pharmacist is satisfactorily complying with their obligations under Schedule 5 to the Pharmaceutical Services Regulations in connection with the provision of pharmaceutical services.

(4) The third condition is that—

- (a) if the NHS pharmacist is a registered pharmacist, they must complete all approved training required in order to provide the services which form part of the relevant clinical service;
- (b) if the NHS pharmacist is a registered pharmacist and they intend to employ or engage a registered pharmacist or pharmacy technician to provide services which form part of a clinical service, that registered pharmacist or pharmacy technician must complete all approved training required in order to provide the services which form part of the relevant clinical service; or
- (c) if the NHS pharmacist is a body corporate or partnership, any registered pharmacist or pharmacy technician they intend to employ or engage to provide any services which form part of a clinical service must complete all approved training required in order to provide services as part of the relevant clinical service.

(5) The fourth condition is that—

- (a) if the NHS pharmacist is a registered pharmacist, they must complete [in the approved manner the approved form] warranting that they are competent to provide the services which form the relevant clinical service;
- (b) if the NHS pharmacist is a registered pharmacist and they intend to employ or engage a registered pharmacist or pharmacy technician to perform services which form part of a clinical service, that registered pharmacist or pharmacy technician must complete in the approved manner the approved form warranting that they are competent to provide those services; or
- (c) if the NHS pharmacist is a body corporate or partnership, any registered pharmacist or pharmacy technician they intend to employ or engage to provide any services which form part of a clinical service must complete in the approved manner the approved form warranting that they are competent to provide those services.

(6) The fifth condition is that the NHS pharmacist has in place, at the pharmacy at, or from, which services which form part of the relevant clinical service are to be provided, a standard operating procedure for the delivery of the service—

- (a) which has been notified to all pharmacy staff,
- (b) which explains the clinical service, its eligibility criteria and the roles that pharmacy staff may be required to perform as part of its delivery, and
- (c) about which pharmacy staff have received appropriate training, if there is any role that they may be required to perform as part of the service.

(7) The sixth condition, subject to paragraph (8), is that the clinical services provided under any arrangement are provided at an acceptable location, and in this direction, “acceptable location” means an area for confidential consultations at the NHS pharmacist’s pharmacy premises, which is—

- (a) clearly designated as an area for confidential consultations,
- (b) distinct from the general public areas of the pharmacy premises, and
- (c) is an area where both the person receiving services and the registered pharmacist or pharmacy technician providing those services are able to sit down together and talk at normal speaking volume without being overheard by any other person (including other pharmacy staff).

(8) A registered pharmacist or pharmacy technician who is, or who is employed or engaged by, the NHS pharmacist may provide services other than at the acceptable location at the NHS pharmacist’s pharmacy premises if that registered pharmacist or pharmacy technician does so—

(1) The approved forms for the clinical services can be accessed at: <http://www.wales.nhs.uk/ourservices/directory/LocalHealthBoards>

NATIONAL COMMUNITY PHARMACY AND APPLIANCE CONTRACTOR SERVICES (WALES)

- (a) by telephone, or video call or in person at a location other than the pharmacy premises in order to provide services to a particular patient on a particular occasion,
- (b) with the agreement of that patient, that patient having expressed a preference for that contact to be by telephone, or video call or at a location other than the pharmacy premises on that occasion, and
- (c) in circumstances where—
 - (i) the registered pharmacist or pharmacy technician is at the NHS pharmacist's pharmacy, and
 - (ii) the conversation cannot be overheard (except by someone who the patient wants to hear the conversation, for example, a carer); or
 - (iii) the provision of services takes place in a location other than the NHS pharmacy premises, with the consent of the Local Health Board.

The Discharge Medicines Review Service

4.—(1) Each Local Health Board must make arrangements for the provision of a discharge medicine review ("DMR") service, for persons within and outside its area, with NHS pharmacists included in its pharmaceutical list who—

- (a) wish to enter into such arrangements and notify the Local Health Board of their intention to provide the DMR service in accordance with direction 3(2), and
- (b) satisfy the conditions set out in direction 3, paragraphs (3) to (7) inclusive, and
- (c) agree to provide the DMR service in accordance with the relevant specification(1).

(2) The underlying purpose of the DMR service is, with the patient's agreement, to contribute to a reduction in risk of medication errors and adverse drug events by, in particular—

- (a) increasing the availability of accurate information about a patient's medicines,
- (b) improving communication between health care professionals and others involved in the transfer of patient care, and patients and their carers,
- (c) increasing patient involvement in their own care by helping them to develop a better understanding of their medicines, and
- (d) reducing the likelihood of unnecessary duplicated prescriptions being dispensed, and reducing wastage of medicines.

5.—(1) Prior to entering into arrangements with an NHS pharmacist for the provision of the DMR service under direction 4, a Local Health Board must satisfy itself those arrangements provide that—

- (a) only a registered pharmacist or pharmacy technician, who has completed in the approved manner the approved form warranting that they are competent to provide Part 1 and Part 2 services as part of the DMR service, is to provide those services;
- (b) Part 1 and Part 2 services provided as part of the DMR service are to be provided at an acceptable location at the NHS pharmacist's pharmacy premises, within the meaning given by direction 3(7) except in the circumstances provided for by direction 3(8);
- (c) the NHS pharmacist may only offer the provision of the DMR service—
 - (i) to persons who have been discharged from one care setting to another within the previous 4 weeks,
 - (ii) for whom the pharmacy has received a copy of an advice note regarding the patient's medicines issued by the care setting from which the patient has been discharged, and—
 - (aa) a change has occurred to the patient's medicines prior to the patient being discharged,
 - (bb) the patient is taking 4 or more medicines,
 - (cc) the patient requires a reasonable adjustment to be made to the presentation of their medicines,

NATIONAL COMMUNITY PHARMACY AND APPLIANCE CONTRACTOR SERVICES (WALES)

- (dd) the registered pharmacist or pharmacy technician has, in their professional opinion, reason to consider that the patient would benefit from the service, and
- (iii) if the NHS pharmacist, or a pharmacy technician employed or engaged by the NHS pharmacist, providing the DMR service has obtained consent to receiving DMR services from the patient to whom the registered pharmacist or pharmacy technician provides those services, which amongst other matters indicates that the patient has either consented or does not consent to particular information, relating to DMR services provided to the patient, being handled in the manner specified by the Welsh Ministers (for example, the purpose of post payment verification).
- (d) the registered pharmacist or pharmacy technician—
 - (i) must maintain a record of any consent obtained under sub-paragraph (c)(iii),
 - (ii) must not provide Part 1 or Part 2 services to a patient unless the patient has consented to receive those services in accordance with sub-paragraph (c)(iii), and
 - (iii) may only process the information, including the patient's personal data, in the manner for which the patient has provided their consent in accordance with sub-paragraph (c)(iii);
- (e) the Part 1 services that are to be provided by the registered pharmacist or pharmacy technician as part of the DMR service must comprise—
 - (i) providing the patient with sufficient information about the DMR service to enable that patient to give their informed consent to receiving the service,
 - (ii) a discussion with the patient about the medicines the patient is taking,
 - (iii) identification by the registered pharmacist or pharmacy technician providing the service of any discrepancies between the medicines the patient is taking and those prescribed at discharge, and
 - (iv) agreement, where possible, between the registered pharmacist or pharmacy technician and the patient of the next steps, that is—
 - (aa) if no discrepancies between the medicines the patient is taking and those prescribed at discharge, agreeing with the patient a time and location for the provision of Part 2 services to the patient,
 - (bb) if any discrepancies or problems are identified under sub-paragraph (e)(iii) and it is the clinical judgment of the registered pharmacist or pharmacy technician that intervention by a general practitioner is required, explaining that to the patient, completing the approved DMR feedback form and referring the matter to the general practitioner with whom the patient is a registered patient,
 - (cc) if any discrepancies or problems are identified under sub-paragraph (e)(iii) but it is the clinical judgement of the registered pharmacist or pharmacy technician that intervention by a general practitioner is not required, agreeing with the patient a time and location for the provision of Part 2 services to that patient, and any remedial steps to be taken prior to that intervention;
- (f) the Part 2 services that are to be provided by the registered pharmacist or pharmacy technician as part of the DMR service must comprise—
 - (i) a discussion with the patient about the medicines the patient is taking,
 - (ii) an assessment by the registered pharmacist or pharmacy technician performing the Part 2 services of the extent to which any discrepancies between the medicines the patient is taking and those prescribed at discharge have been resolved,
 - (iii) if any problems are identified under sub-paragraph (f)(ii) and it is the clinical judgement of the registered pharmacist or pharmacy technician that intervention by a general practitioner is required, explaining that to the patient, completing the approved DMR feedback form and referring the matter to the general practitioner with whom the patient is a registered patient;
- (g) the registered pharmacist or pharmacy technician ensures that the Choose Pharmacy Record is updated as soon as reasonably practicable after each consultation has been carried out by or on behalf of the NHS pharmacist as part of the DMR service and includes the approved data;

NATIONAL COMMUNITY PHARMACY AND APPLIANCE CONTRACTOR SERVICES (WALES)

- (h) the NHS pharmacist provides information from the Choose Pharmacy Record to the Local Health Board and Digital Health and Care Wales(1); and
 - (i) the NHS pharmacist keeps a copy of the record mentioned in sub-paragraph (g) for at least 2 years, beginning with the date on which the service intervention is completed or discontinued.
- (2) For the purposes of sub-paragraphs (1)(e) and (f), provision to a patient of the DMR service has been completed—
- (a) once a patient has received the Part 1 and, if necessary, Part 2 services, or
 - (b) if, as a consequence of an act or omission of the patient, the patient does not receive the Part 2 services at the agreed time and the NHS pharmacist is unable, having made reasonable efforts to do so, to rearrange and provide those Part 2 services on another occasion, once those reasonable efforts have been made.

The Clinical Community Pharmacy Service

6.—(1) Each Local Health Board must make arrangements for the provision of the Clinical Community Pharmacy Service specified in paragraph (2), for persons within and outside its area, with NHS pharmacists included in its pharmaceutical list who—

- (a) wish to enter into such arrangements and notify the Local Health Board of their intention to provide the Clinical Community Pharmacy Service in accordance with direction 3(2),
- (b) satisfy the conditions set out in direction 3, paragraphs (3) to (7) inclusive, and
- (c) agree to provide the Clinical Community Pharmacy Service in accordance with the relevant specification(2).

(2) An arrangement to provide the Clinical Community Pharmacy Service must include the provision by the NHS pharmacist of—

- (a) a Common Ailment Service, the underlying purpose of which is for the registered pharmacist to provide advice and support to eligible patients complaining of a common ailment, and where appropriate, to supply drugs to them for the treatment of the common ailment;
- (b) an Urgent Contraception Service, the underlying purpose of which is for the registered pharmacist to supply contraception in cases of urgency or emergency, or to supply regular contraception, to a patient under a Patient Group Direction(3);
- (c) a Seasonal Influenza Vaccination Service, the underlying purpose of which is for the registered pharmacist to administer an influenza vaccination to a patient under a Patient Group Direction, or a protocol authorised by Welsh Ministers in accordance with regulation 247A of the Human Medicines Regulations (Protocols relating to coronavirus and influenza vaccinations and immunisations);
- (d) an Emergency Medicine Supply Service, the underlying purpose of which is to ensure, at the request of a patient in cases of urgency, prompt access to drugs or appliances—
 - (i) which have previously been prescribed for them in an NHS prescription but for which they do not have an NHS prescription, and
 - (ii) where, in the case of prescription only medicines, the requirements of regulation 225(1) of the Human Medicines Regulations (emergency sale etc. by Pharmacist: at patient's request) are satisfied.

The Pharmacy Independent Prescribing Service

7.—(1) Each Local Health Board must make arrangements for the provision of the Pharmacy Independent Prescribing Service, for persons within and outside its area, with NHS pharmacists who are independent prescribers, or NHS pharmacists who intend to employ or engage an independent prescriber to deliver the service on their behalf, included in its pharmaceutical list and who—

NATIONAL COMMUNITY PHARMACY AND APPLIANCE CONTRACTOR SERVICES (WALES)

- (a) are providing the Clinical Community Pharmacy Service under an arrangement with a Local Health Board in accordance with direction 6,
 - (b) wish to enter into an arrangement to provide the Pharmacy Independent Prescribing Service and notify the Local Health Board of their intention to do so in accordance with direction 3(2),
 - (c) satisfy the conditions set out in direction 3, paragraphs (3) to (7) inclusive, and
 - (d) agree to provide the Pharmacy Independent Prescribing Service in accordance with the relevant specification⁽¹⁾.
- (2) The underlying purposes of the Pharmacy Independent Prescribing Service are—
- (a) to provide access to prescription only medicines for the treatment of common ailments that require treatment with prescription only medicines that are not available under the Clinical Community Pharmacy Service;
 - (b) to provide access to emergency or regular contraception where those needs cannot be met under the Clinical Community Pharmacy Service; and
 - (c) for the provision of any other service which the NHS pharmacist agrees with the relevant Local Health Board to provide.

Additional services

8.—(1) Each Local Health Board may make arrangements for the provision of the additional pharmaceutical services specified in paragraph (2), to persons within or outside its area, with NHS pharmacists included in its pharmaceutical list, or in the pharmaceutical list of a neighbouring Local Health Board, who—

- (a) wish to enter into an arrangement to provide an additional service specified in paragraph (2) and notify the Local Health Board of their intention to do so in accordance with direction 3(2),
 - (b) satisfy the conditions set out in direction 3, paragraphs (3) to (7) inclusive, and
 - (c) agree, where applicable, to provide that additional service in accordance with the relevant specification⁽²⁾.
- (2) The additional pharmaceutical services specified are—
- (a) an Anticoagulant Monitoring Service, the underlying purpose of which is for the NHS pharmacist to test the patient's blood clotting time, review the results and adjust (or recommend an adjustment to) the anticoagulant dose accordingly;
 - (b) a Care Home Service, the underlying purpose of which is for the NHS pharmacist to provide advice and support to residents and staff in a care home relating to—
 - (i) the proper and effective ordering of drugs and appliances for the benefit of residents in the care home,
 - (ii) the clinical and cost-effective use of drugs,
 - (iii) the proper and effective administration of drugs and appliances in the care home,
 - (iv) the safe and appropriate storage and handling of drugs and appliances, and
 - (v) the recording of drugs and appliances ordered, handled, administered, stored or disposed of;
 - (c) a Disease Specific Management Service, the underlying purpose of which is for the NHS pharmacist to advise on, support and monitor the treatment of patients with specified conditions, and where appropriate, to refer the patient to another health care professional;
 - (d) an Emergency Pandemic Treatment and Prophylaxis Supply Service—
 - (i) the underlying purpose of which is for the NHS pharmacist to supply medicines to a patient under a Patient Group Direction or protocol authorised by Ministers or an NHS body in accordance with regulation 247 of the Human Medicines Regulations (exemption for supply in the event or anticipation of pandemic disease), and
 - (ii) if an NHS pharmacist arranges to provide this service, it must provide it for the duration of the arrangement it has agreed with the Local Health Board;

 - (iv) where appropriate, refer the patient to another health care professional;
- (i) a Medication Review Service, the underlying purpose of which is for the NHS pharmacist to—
 - (i) conduct a review of the drugs used by a patient on the basis of information and test results included in the patient's patient care record, with the objective of considering the continued appropriateness and effectiveness of the drugs for the patient,
 - (ii) advise and support a patient regarding the use of their drugs including encouraging the active participation of the patient in decision making relating to their use of drugs, and
 - (iii) where appropriate, refer the patient to another health care professional;
- (j) a Medicines Assessment and Compliance Support Service, the underlying purpose of which is for the NHS pharmacist to—
 - (i) assess the knowledge of, compliance with and use of, drugs by vulnerable patients and patients with additional learning needs, and
 - (ii) offer advice, support and assistance to vulnerable patients and patients with additional learning needs⁽¹⁾ regarding the use of drugs with a view to improving the patient's knowledge of, compliance with and use of, such drugs;
- (k) a Needle and Syringe Supply Service, the underlying purpose of which is for the NHS pharmacist to—
 - (i) provide sterile needles, syringes and associated materials to drug misusers,
 - (ii) receive from drug misusers used needles, syringes and associated materials, and
 - (iii) offer advice to drug misusers and where appropriate refer the drug misuser to another health care professional or a specialist drug treatment centre;
- (l) an On Demand Availability of Specialist Drugs Service, the underlying purpose of which is for the NHS pharmacist to ensure that patients or health care professionals have prompt access to specialist drugs;
- (m) an Out of Hours Service, the underlying purpose of which is for the NHS pharmacist to dispense drugs and appliances in the out of hours period (whether or not for the whole of the out of hours period);
- (n) a Patient Group Direction Service, the underlying purpose of which is for the NHS pharmacist to supply or administer prescription only medicines to patients under Patient Group Directions;

(1) As defined in section 2 of the Additional Learning Needs and Education Tribunal (Wales) Act 2018 (anaw. 2).

NATIONAL COMMUNITY PHARMACY AND APPLIANCE CONTRACTOR SERVICES (WALES)

- (o) a Prescriber Support Service, the underlying purpose of which is for the NHS pharmacist to support health care professionals who prescribe drugs, and in particular to offer advice on—
 - (i) the clinical and cost-effective use of drugs,
 - (ii) prescribing policies and guidelines, and
 - (iii) repeat prescribing;
 - (p) a Schools Service, the underlying purpose of which is for the NHS pharmacist to provide advice and support to children and staff in schools relating to—
 - (i) the clinical and cost-effective use of drugs in a school,
 - (ii) the proper and effective administration and use of drugs and appliances in a school,
 - (iii) the safe and appropriate storage and handling of drugs and appliances, and
 - (iv) the recording of drugs and appliances ordered, handled, administered, stored or disposed of;
 - (q) a Screening Service, the underlying purpose of which is for the NHS pharmacist to—
 - (i) identify patients at risk of developing a specified disease or condition,
 - (ii) offer advice regarding testing for a specified disease or condition,
 - (iii) carry out such a test with the patient's consent, and
 - (iv) offer advice following a test and refer the patient to another health care professional where appropriate;
 - (r) a Stop Smoking Service, the underlying purpose of which is for the NHS pharmacist to—
 - (i) advise and support patients wishing to give up smoking, and
 - (ii) where appropriate, to supply appropriate drugs and aids;
 - (s) a Supervised Administration Service, the underlying purpose of which is for the NHS pharmacist to supervise the administration of prescribed medicines in the pharmacy;
 - (t) a Prescribing Service, the underlying purpose of which is for the NHS pharmacist who is an independent prescriber, or who employs or engages an independent prescriber, to prescribe medicines in circumstances specified by the relevant Local Health Board;
 - (u) an Anti-viral Collection Service, the underlying purpose of which is for the NHS pharmacist to supply anti-viral medicines, in accordance with regulation 247 of the Human Medicines Regulations (Exemption for supply in event of or in anticipation of pandemic disease), to patients for treatment or prophylaxis; and
 - (v) a Waste Minimisation Service, the underlying purpose of which is to identify prescribed medicines or appliances which are not required by the patient at the point of supply.
- (3) The Local Health Board may terminate an arrangement made under paragraph (2) if, in the opinion of the Local Health Board, the NHS pharmacist is not, or no longer, satisfactorily complying with their obligations under Schedule 5 to the Pharmaceutical Services Regulations in connection with the provision of pharmaceutical services.

Payment for provision of clinical services

9. The Local Health Board must make payments to an NHS pharmacist who provides services under an arrangement made pursuant to these Directions in accordance with—

- (a) Part VID of the Drug Tariff, for the provision of the DMR service, the Clinical Community Pharmacy Service or Pharmacy Independent Prescribing Service, and
- (b) Part VIE of the Drug Tariff, for the provision of any other service.

Conditions of payment

10.—(1) A payment under these Directions is only payable if an NHS pharmacist, in respect of each person for which a payment under these Directions is claimed in accordance with the arrangements for claiming payments set out in Parts VID and VIE of the Drug Tariff, has supplied the Local Health Board via Choose Pharmacy, NECAF (where the relevant Choose Pharmacy module is not available), or an alternative mechanism agreed between the NHS pharmacist and Local Health Board, with—

NATIONAL COMMUNITY PHARMACY AND APPLIANCE CONTRACTOR SERVICES (WALES)

- (a) the name of the person,
- (b) the date of birth of the person,
- (c) the NHS number of the person, where it is known, and
- (d) the date on which the service has been provided to the person.

(2) The Local Health Board may request from an NHS pharmacist any information which the Local Health Board does not have but needs, and the NHS pharmacist either has or could be reasonably expected to obtain, in order for the Local Health Board to form an opinion on whether the NHS pharmacist is entitled to a payment under these Directions.

(3) The Local Health Board may, in appropriate circumstances, withhold payment of any, or any part of, payments due under these Directions if an NHS pharmacist breaches any of these conditions.

Overpayments and withheld amounts

11.—(1) If a Local Health Board makes a payment to an NHS pharmacist pursuant to these Directions and—

- (a) the NHS pharmacist was not entitled to receive all or part thereof, whether because it did not meet the entitlement conditions for the payment or because the payment was calculated incorrectly (including where a payment on account overestimates the amount that is to fall due);
- (b) the Local Health Board was entitled to withhold all or part of the payment because of a breach of a condition attached to the payment, but is unable to do so because the money has already been paid; or
- (c) the Local Health Board is entitled to repayment of all or part of the money paid,

regulation 57 of the Pharmaceutical Services Regulations applies and the Local Health Board may recover the money paid by deducting an equivalent amount from any payment payable under these Directions or any other payment payable to an NHS pharmacist in accordance with the Drug Tariff and by virtue of its provision of NHS services, and where no such deduction can be made, it is a condition of the payments made pursuant to these Directions that the NHS pharmacist must pay to the Local Health Board that equivalent amount.

(2) Where a Local Health Board is entitled pursuant to paragraph (1) to withhold all or part of a payment because of a breach of a payment condition, and the Local Health Board does so or recovers the money by deducting an equivalent amount from another payment payable under these Directions or any other payment payable to an NHS pharmacist in accordance with the Drug Tariff and by virtue of its provision of NHS services, it may, where it sees fit to do so, reimburse the NHS pharmacist the amount withheld or recovered, if the breach is remedied.

Underpayments and late payments

12.—(1) If the full amount of a payment that is payable under these Directions has not been paid before the date on which the payment falls due, once it falls due, it must be paid promptly unless—

- (a) this is with the consent of the NHS pharmacist, or
- (b) the amount of, or entitlement to, the payment, or any part thereof, is in dispute.

(2) If the NHS pharmacist's entitlement to the payment is not in dispute but the amount of the payment is in dispute, then once the payment falls due, pending the resolution of the dispute, the Local Health Board must—

- (a) pay to the NHS pharmacist, promptly, an amount representing the amount that the Local Health Board accepts that the NHS pharmacist is at least entitled to, and
- (b) thereafter pay any shortfall promptly, once the dispute is finally resolved.

(3) However, if an NHS pharmacist has—

- (a) not claimed a payment to which it would be entitled under these Directions if it claimed the payment, or
- (b) claimed a payment to which it is entitled under these Directions but a Local Health Board is unable to calculate the payment until after the payment is due to fall due because it does not have the information it needs in order to calculate that payment (all reasonable efforts to obtain the information having been undertaken),

that payment is (instead) to fall due on the first working day of the month after the month during which the Local Health Board obtains the information it needs in order to calculate the payment.

NATIONAL COMMUNITY PHARMACY AND APPLIANCE CONTRACTOR SERVICES (WALES)

Payments on account

13. Where a Local Health Board and the NHS pharmacist agree (but the Local Health Board's agreement may be withdrawn where it is reasonable to do so and if it has given the NHS pharmacist reasonable notice thereof), the Local Health Board must pay to an NHS pharmacist on account any amount that is—

- (a) the amount of, or a reasonable approximation of the amount of, a payment that is due to fall due under these Directions, or
- (b) an agreed percentage of the amount of, or a reasonable approximation of the amount of, a payment that is due to fall due under these Directions, and if that payment results in an overpayment in respect of the payment, direction 11 applies.

Post payment verification

14. Post payment verification(1) applies to the provision of services under arrangements made pursuant to these Directions.

Dispute resolution

15.—(1) In the case of a dispute (other than in relation to an overpayment, in which case regulation 57(1)(b) of the Pharmaceutical Services Regulations applies) arising out of, or in connection with, the provision of services under these Directions, the NHS pharmacist and the Local Health Board must make every reasonable effort to communicate and cooperate with each other with a view to resolving the dispute, before referring the dispute for consideration and determination to the Welsh Ministers in accordance with the dispute resolution procedure (or, where applicable, before commencing court proceedings) specified in paragraphs (2) to (15) below.

(2) The procedure specified in the following paragraphs applies in the case of any dispute arising out of or in connection with the provision of services under these Directions which is referred to the Welsh Ministers.

(3) Any party wishing to refer a dispute as mentioned in paragraph (2) must send to the Welsh Ministers a written request for dispute resolution which must include or be accompanied by—

- (a) the names and addresses of the parties to the dispute,
- (b) a copy of any arrangement made under these Directions, and
- (c) a brief statement describing the nature and circumstances of the dispute.

(4) Any party wishing to refer a dispute as mentioned in paragraph (2) must send the request under paragraph (3) within a period of 3 years beginning with the date on which the matter giving rise to the dispute happened or should reasonably have come to the attention of the party wishing to refer the dispute.

(5) The Welsh Ministers may determine the dispute themselves or, if the Welsh Ministers consider it appropriate, appoint a person or persons to consider and determine it.

(6) Before reaching a decision as to who should determine the dispute, under paragraph (5), the Welsh Ministers must, within 7 days beginning with the date on which a matter under dispute was referred to them, send a written request to the parties to make in writing, within a specified period, any representations which they may wish to make about the matter under dispute.

(7) The Welsh Ministers must give, with the notice given under paragraph (6), to the party other than the one which referred the matter to dispute resolution a copy of any document by which the matter was referred to dispute resolution.

(8) The Welsh Ministers must give a copy of any representation received from a party to the other party and must in each case request (in writing) a party to whom a copy of the representations is given to make within a specified period any written observations which it wishes to make on those representations.

(9) Following receipt of any representations from the parties or, if earlier at the end of the period for making such representations specified in the request sent under paragraph (6) or (8), the Welsh Ministers must, if they decide to appoint an adjudicator to hear the dispute—

NATIONAL COMMUNITY PHARMACY AND APPLIANCE CONTRACTOR SERVICES (WALES)

- (a) inform the parties in writing of the name of the person or persons whom they have appointed, and
 - (b) pass to the adjudicator any documents received from the parties under paragraph (3), (6) or (8).
- (10) For the purpose of assisting the Welsh Ministers or the adjudicator, as the case may be, in the consideration of the matter, the Welsh Ministers or the adjudicator may—
- (a) invite representatives of the parties to appear before them to make oral representations either together or, with the agreement of the parties, separately, and may in advance provide the parties with a list of matters or questions to which the Welsh Ministers or the adjudicator wish them to give special consideration, or
 - (b) consult other persons whose expertise the Welsh Ministers or the adjudicator consider would assist in the consideration of the matter.
- (11) Where the Welsh Ministers or the adjudicator consult another person under paragraph (10)(b), the Welsh Ministers or the adjudicator must notify the parties accordingly in writing and, where the Welsh Ministers or the adjudicator consider that the interests of any party might be substantially affected by the result of the consultation, they must give to the parties such opportunity as they consider reasonable in the circumstances to make observations on those results.
- (12) In considering the matter, the Welsh Ministers or the adjudicator must consider—
- (a) any written representations made in response to a request under paragraph (6), but only if they are made within the specified period;
 - (b) any written observations made in response to a request under paragraph (8), but only if they are made within the specified period;
 - (c) any oral representations made in response to an invitation under paragraph (10)(a);
 - (d) the results of any consultation under paragraph (10)(b); and
 - (e) any observations made in accordance with an opportunity given under paragraph (11).
- (13) Subject to the other provisions within this direction and to any agreement by the parties, the Welsh Ministers or the adjudicator, as the case may be, have wide discretion in determining the procedure for the resolution of the dispute to ensure the just, expeditious, economical and final determination of the dispute.
- (14) The determination of the Welsh Ministers or the adjudicator, as the case may be, and the reasons for it, must be recorded in writing and the Welsh Ministers or the adjudicator must give notice of the determination (including the record of the reasons) to the parties.
- (15) In this direction—
- “adjudicator” (“*dyfarnwr*”) means the person or persons appointed by the Welsh Ministers under paragraph (5);
 - “specified period” (“*cyfnod penodedig*”) means such period as the Welsh Ministers specify in a request, being not less than 2, nor more than 4, weeks beginning with the date on which the notice referred to is given, but the Welsh Ministers may, if they consider that there is good reason for doing so, extend any such period (even after it has expired) and, where they do so, a reference in this paragraph to the specified period is to the period as so extended.

Consequential amendments, revocations and savings

16. The Schedule provides for consequential amendments and revocations.

17.—(1) An arrangement entered into by a Local Health Board and NHS pharmacist under direction 4 of the Pharmaceutical Services (Advanced and Enhanced Services) (Wales) Directions 2005 continues to apply as if it were made under direction 8 of these Directions, subject to paragraph (2).

(2) An arrangement for the provision of the Minor Ailment Scheme, the Patient Group Direction Service or the Emergency Supply Service, entered into by a Local Health Board and NHS pharmacist under direction 4 of the Pharmaceutical Services (Advanced and Enhanced Services) (Wales) Directions 2005, continues to apply as if it were made under direction 8 of these Directions until 1 April 2022 when any such arrangement expires.

- (iv) a vacuum pump or constrictor ring for erectile dysfunction,
or
- (v) a wound drainage pouch;
- (b) an incontinence appliance listed in Part IXB of the Drug Tariff; or
- (c) a stoma appliance listed in Part IXC of the Drug Tariff;
“stoma appliance customisation” (“addasu cyfarpar stoma”) means the customisation of a quantity of more than one stoma appliance, where—
- (a) the stoma appliances to be customised are listed in Part IXC of the Drug Tariff;
- (b) the customisation involves modification to the same specification of multiple identical parts for use with each appliance; and
- (c) that modification is based on the patient’s measurements or record of those measurements and, if applicable, a template; and
“supplier of appliances” (“cyflenwr cyfarpar”) means a person with whom a Local Health Board has entered into arrangements for the provision of pharmaceutical services, being arrangements which are incorporated into terms of service as a consequence of regulation 3(c) of the Pharmaceutical Services Regulations.

Stoma appliance customisation services

Establishing and maintaining stoma appliance customisation services

- 3.—(1) The underlying purpose of a stoma appliance customisation service is to—
- (a) ensure the proper use and comfortable fitting of the stoma appliance by a patient; and
 - (b) improve the duration of usage of the appliance, thereby reducing wastage of such appliances.
- (2) Each Local Health Board must make arrangements for the provision of stoma appliance customisation services for persons within or outside its area by any pharmacist (“P”) or supplier of appliances (“S”)—
- (a) who is on the Local Health Board’s pharmaceutical list;
 - (b) who supplies stoma appliances listed in Part IXC of the Drug Tariff in the normal course of business;
 - (c) who wishes to enter into the arrangements; and
 - (d) in relation to whom—
 - (i) Conditions 1, 2 and 3 are met, and
 - (ii) if services are to be provided elsewhere than at P’s pharmacy or S’s premises, Condition 4 is also met.
- (3) Condition 1 is that, before any arrangements are entered into, the Local Health Board has been supplied with notice that P or S wishes to provide stoma appliance customisation services.
- (4) Condition 2 is that P or S—

**NATIONAL COMMUNITY PHARMACY AND APPLIANCE CONTRACTOR SERVICES
(WALES)**

- (a) is satisfactorily complying with P's obligations under Schedule 1 to the Pharmaceutical Services Regulations or S's obligations under Schedule 3 to those Regulations (as the case may be);
 - (b) has an acceptable system of clinical governance; and
 - (c) has procedures in place to ensure referral of a patient to the prescriber of the appliance in any case where—
 - (i) a customised stoma appliance is not suitable for further customisation, or
 - (ii) a stoma appliance has been customised and is not a proper fit for the patient.
- (5) Condition 3 is that stoma appliance customisation services must be provided at an acceptable location and, for these purposes, an "acceptable location" ("lleoliad derbynid") means—
- (a) an area within P's pharmacy or S's premises which—
 - (i) is distinct from the general public areas,
 - (ii) at all times when stoma appliance customisation services are being provided, is clearly designated as a private area,
 - (iii) is suitable and designated for the retention of the appropriate equipment for stoma appliance customisation,
 - (iv) is suitable and designated for the carrying out of modification of stoma appliances, and
 - (v) is suitable and designated for the volume of stoma appliances that may be customised at any given time; or
 - (b) an area elsewhere than at P's pharmacy or S's premises which—
 - (i) is distinct from the general public areas of the premises in which it is situated, and
 - (ii) meets the requirements of paragraph (a)(ii) to (v).
- (6) Condition 4 is that, in any case where any stoma appliance customisation services are to be provided elsewhere than at P's pharmacy or S's premises, procedures must be in place to ensure co-operation with any reasonable inspection or review of the premises by the Local Health Board of the area where the services are provided.

Requirements applying to stoma customisation services

- 4.—(1) This direction has effect in relation to any arrangements with a pharmacist ("P") or supplier of appliances ("S") which are made pursuant to direction 3.
- (2) The Local Health Board must ensure that the arrangements provide that—
- (a) only appropriately trained and qualified persons are permitted to customise a stoma appliance;
 - (b) a record of each stoma customisation must be completed;
 - (c) each record must include the information listed in paragraph (3);

**NATIONAL COMMUNITY PHARMACY AND APPLIANCE CONTRACTOR SERVICES
(WALES)**

- (d) each record must be retained for a minimum period of 12 months or such longer period as the Local Health Board may reasonably require;
 - (e) a copy of the record must be supplied to the patient or, if requested by the patient, to the prescriber or another health care professional; and
 - (f) unless prevented from doing so by illness or other reasonable cause, P or S must give at least 3 months' notice in writing to both the Local Health Board in advance of ceasing to provide any stoma appliance customisation services.
- (3) Each stoma customisation record must include—
- (a) details of advice given;
 - (b) the type of stoma appliance customised;
 - (c) dimensions used in respect of the modification of parts of the appliance;
 - (d) measurements of the patient (if taken);
 - (e) dimensions of any template made or modification of any existing template;
 - (f) any referrals made to the prescriber; and
 - (g) such other details as may be specified in the arrangements made with P or S.
- (4) Stoma customisation records may be in the form of an electronic record and may be stored electronically.

Appliance use review services for specified appliances

Establishing and maintaining appliance use review services for specified appliances

5.—(1) The underlying purpose of an appliance use review service ("AUR service") is, with a patient's agreement, to improve the patient's knowledge and use of any specified appliance by, in particular—

- (a) establishing the way the patient uses the specified appliance and the patient's experience of such use;
- (b) identifying, discussing and assisting in the resolution of poor or ineffective use of the specified appliance by the patient;
- (c) advising the patient on the safe and appropriate storage of the specified appliance; and
- (d) advising the patient on the safe and proper disposal of specified appliances that are used or unwanted,

and an AUR service may be provided either when a pharmacist or specialist nurse visits a patient at home or when a patient visits a pharmacy or visits the premises of a supplier of appliances.

(2) Each Local Health Board must make arrangements for the provision of AUR services for persons within or outside its area by any pharmacist ("P") or supplier of appliances ("S")—

- (a) who is on the Local Health Board's pharmaceutical list;

**NATIONAL COMMUNITY PHARMACY AND APPLIANCE CONTRACTOR SERVICES
(WALES)**

- (b) who supplies specified appliances in the normal course of business;
 - (c) who wishes to enter into the arrangements; and
 - (d) in relation to whom—
 - (i) Conditions 1, 2 and 3 are met, and
 - (ii) if services are to be provided at a pharmacy or at the premises of a supplier of appliances, Condition 4 is also met.
- (3) Condition 1 is that, before any arrangements are entered into, the Local Health Board have each been supplied with—
- (a) notice that P or S wishes to provide AUR services;
 - (b) a statement of whether or not P or S proposes to provide any services to patients at home; and
 - (c) unless services are to be provided solely during visits to a patient at home, a statement of each location at which services are to be provided.
- (4) Condition 2 is that, before any arrangements are entered into, the Local Health Board has also been supplied with the following information in relation to each pharmacist or specialist nurse who, as part of the AUR services to be provided by P or S, is to review the use of specified appliances—
- (a) full name;
 - (b) documentary evidence of qualifications; and
 - (c) details as to competency in respect of the use of specified appliances.
- (5) Condition 3 is that P or S—
- (a) is satisfactorily complying with P's obligations under Schedule 1 to the Pharmaceutical Services Regulations or S's obligations under Schedule 3 to those Regulations (as the case may be);
 - (b) has an acceptable system of clinical governance; and
 - (c) has procedures in place to ensure referral of a patient to the prescriber of the appliance in any case where a matter relating to a patient's use of a specified appliance arises in the course of an AUR service but falls outside the scope of the service.
- (6) Condition 4 is that, where any AUR services are to be provided at a pharmacy or at the premises of a supplier of appliances, there is a consultation area at the pharmacy or premises which—
- (a) is distinct from the general public areas;
 - (b) at all times when a pharmacist or specialist nurse is reviewing the use of specified appliances, is clearly designated as an area for confidential consultation;
 - (c) allows all persons taking part in the review to sit down together and talk at normal speaking volumes without being overheard by other visitors to, or staff at, the pharmacy or the premises; and
 - (d) having regard to the nature of specified appliances and the underlying purpose of AUR services, is suitable for a

consultation to determine how a patient uses an appliance and the extent of the patient's knowledge about it.

Requirements applying to appliance use review services

6.—(1) This direction has effect in relation to any arrangements with a pharmacist ("P") or supplier of appliances ("S") which are made pursuant to direction 5.

(2) The Local Health Board must ensure that the arrangements include such provision about—

- (a) the qualifications of persons who review a patient's use of specified appliances;
- (b) the delivery of each AUR service; and
- (c) the administration of AUR services,

as is set out in the following provisions of this direction.

(3) The provision referred to in paragraph (2)(a) is that—

- (a) only a pharmacist or specialist nurse is permitted to review the use of specified appliances; and
- (b) the Local Health Board must be sent the following information in relation to each pharmacist or specialist nurse who, as part of the AUR services provided by P or S, reviews the use of specified appliances—
 - (i) full name,
 - (ii) documentary evidence of education, training or experience in respect of the use of specified appliances, and
 - (iii) details as appropriate of relevant clinical training and practice in respect of the use of specified appliances.

(4) The provision referred to in paragraph (2)(b) is that—

- (a) where reasonably possible, an AUR service must be provided within 2 working days of the day on which a patient requests a review or agrees to one at the suggestion of P or S;
- (b) the pharmacist or specialist nurse who reviews the patient's use of a specified appliance must obtain the patient's prior written consent to receiving the service;
- (c) a record of each service must be completed;
- (d) each record must include—
 - (i) the date of the review of the patient's use of the specified appliance,
 - (ii) the name of the pharmacist or specialist nurse who carried out the review,
 - (iii) the name of the patient and the address at which the review took place,
 - (iv) the name of any other person present (and their relationship with the patient),
 - (v) the reason why a review is required,
 - (vi) the advice given to the patient, and

**NATIONAL COMMUNITY PHARMACY AND APPLIANCE CONTRACTOR SERVICES
(WALES)**

- (vii) any intervention made; and
 - (e) the patient must be informed in writing that the record will be kept and that information from it will be forwarded in accordance with paragraphs (5)(a) to (d).
- (5) The provision referred to in paragraph (2)(c) is that—
- (a) a copy of each record of an AUR service must be forwarded to P or S;
 - (b) if the patient is a registered patient, the information referred to in paragraph (4)(d)(i), (ii) and (iii) must be forwarded to any provider of primary medical services with which the patient is a registered patient;
 - (c) if the patient is a registered patient and the pharmacist or specialist nurse considers it necessary for the provider of primary medical services with which the patient is registered to be aware of other information from the record, all such information must be forwarded to that provider;
 - (d) any information forwarded to any provider of primary medical services under this paragraph must be copied to any nurse employed by a Local Health Board who is practising with the provider and providing relevant primary medical services to the patient, if it is known that there is such a nurse;
 - (e) each record must be retained for a minimum period of 12 months or for such longer period as the Local Health Board may reasonably require; and
 - (f) information about the number of AUR services provided in any financial year must be submitted in accordance with any arrangements for payment of which P or S is notified.
- (6) The record of an AUR service may be in the form of an electronic record and may be stored electronically.

Maximum number of appliance use review services eligible for payment

7. The maximum number of AUR services for which a pharmacist (“P”) or a supplier of appliances (“S”) is eligible for payment in any financial year is not more than 1/35th of the aggregate number of specified appliances dispensed during that financial year by P or S (as the case may be).

Amendment of the 2005 Directions

8. In the 2005 Directions, for paragraph (1)(e) of direction 4 (enhanced services), substitute—

- “(e) a Home Delivery Service, the underlying purpose of which is for the pharmacist to deliver to the patient’s home—
- (i) drugs, and
 - (ii) appliances other than specified appliances within the meaning of regulation 2(1) of the Pharmaceutical Services Regulations;”.

**NATIONAL COMMUNITY PHARMACY AND APPLIANCE CONTRACTOR SERVICES
(WALES)**

Transitional provision

9.—(1) Paragraph (2) applies to any arrangements which were made between a Local Health Board and a pharmacist under direction 4(1)(e) of the 2005 Directions and which were in force immediately before 1 April 2010.

(2) In so far as the arrangements relate to home delivery by the pharmacist of any specified appliance, the arrangements may continue in force until—

- (a) the pharmacist enters into arrangements to provide appliance use review services in accordance with directions 5 and 6; or
- (b) if later, 31 December 2010.

ENHANCED SERVICES (PHARMACY CONTRACTORS) (ENGLAND) AND ADDITIONAL CLINICAL SERVICES (PHARMACY CONTRACTORS) (WALES)

Directions have been issued to the NHSCB in England and LHBs in Wales authorising them to make arrangements for enhanced services. The directions are reproduced in Part VIC and VID.

For enhanced services, the NHSCB and LHBs are the determining authority for the payment arrangements. The NHSCB can commission enhanced service from any pharmacy in England and LHBs can commission enhanced services from pharmacies within its area or the area of neighbouring LHBs. Determinations to allow for this on an England/Wales basis are detailed below.

Determination of payments for enhanced services

In accordance with section 164(3)(b) of the National Health Service Act 2006, the NHSCB is appointed as the determining authority for the purposes of making a determination for the fees and allowances for the provision of the enhanced services referred to in direction 14 of the Pharmaceutical Services (Advanced and Enhanced Services)(England) Directions 2013, by pharmacy contractors based in England.

When making a determination of remuneration in respect of an enhanced service, the NHSCB must

- have consulted the body that is, under section 165(1)(a) of the 2006 Act, the body representative of persons to whose the remuneration the determination would relate to, if the service is to be provided on the basis of a service specification that sets standard conditions nationally, OR
- have consulted any Local Pharmaceutical Committee (LPC) (or LPC's) for the area in which the service is to be provided, if the service does not have a national service specification and is only to be provided in the area of the LPC (or LPC's) consulted.
- allow for the making for any deduction that may or must be made from that remuneration by virtue of any provision of, or made under, the 2006 Act

Where the NHSCB makes a determination of the remuneration payable in respect of an enhanced service, it must publish the determination in such manner as it thinks appropriate for bringing it to the attention of persons included in the relevant pharmaceutical lists.

In Wales, in accordance with Regulation 56 of the National Health Service Regulations (Pharmaceutical Services) 2020, each Local Health Board is the determining authority for the purposes of making a determination for the fees and allowances for the provision of the additional services referred to in direction 8 of The Pharmaceutical Services (Clinical Services) (Wales) Directions 2022, by pharmacists included in its pharmaceutical list or in the list of a neighbouring Local Health Board.

1. Arrangements for payment of Community Pharmacy Contractors providing Community Pharmacy National Additional Clinical Services (Wales only)

- 1.1 Pharmacy Contractors in Wales who provide one or more of the Community Pharmacy National Additional Clinical Services shall receive payment in accordance with the schedule of fees and allowances set out below. No other fees or allowances will be payable in respect of the Community Pharmacy National Additional Clinical Services.
- 1.2 Pharmacy Contractors shall have the agreement of their Local Health Board before providing any Community Pharmacy National Additional Clinical Services.
- 1.3 Pharmacy Contractors shall ensure that services are provided only by pharmacists that meet the nationally determined training and competence framework for the services provided, where applicable.
- 1.4 Pharmacy Contractors shall ensure that services are provided in accordance with the nationally determined specifications for each service.
- 1.5 All claims for payment for provision of services must be made using the Choose Pharmacy Application or where the relevant module is not available at the pharmacy, the National Electronic Claim and Audit Form (NECAF) system.

ENHANCED SERVICES (PHARMACY CONTRACTORS) (ENGLAND) AND ADDITIONAL CLINICAL SERVICES (PHARMACY CONTRACTORS) (WALES)

- 1.6 All claims relating to additional clinical services provided in the period commencing on 1 April and ending on 31 March of any financial year must be made by 5 May of the following financial year. For example claims relating to the financial year ending 31 March 2015 must be made by 5 May 2015.
- 1.7 Where a service is not specifically listed in the table below, refer to the individual service specification related to the service.

- 1.1 To qualify for the Pharmacy Quality Scheme (PQS) 2026/27 payment, pharmacy contractors will have to meet all the gateway criteria in Table 1 to be eligible for the PQS domains. This includes the questionnaire which must be completed by the end of 31 December 2026. Pharmacy contractors must claim payment for the PQS 2026/27 quality criteria during the declaration period, which is between 09:00 on 1 February 2027 and 23:59 on 26 February 2027.
- 1.2 Meeting the gateway criteria will not, in and of itself, earn a PQS payment for the pharmacy contractor, as these payments are also subject to the payment conditions relating to the domains, which are made up of the quality criteria set out in section 2.

Table 1. Gateway criteria

Domain	Description of the Gateway criteria
Gateway Criteria	Palliative and End of Life Care Action Plan Contractors must complete the questionnaire to evaluate the value of the Palliative and End of Life Care criteria. The questionnaire will be accessible from the NHSBSA website https://www.nhsbsa.nhs.uk/provider-assurance-pharmaceutical-services/pharmacy-quality-scheme-pqs from August 2026 and must be submitted by the end of 31 December 2026 to meet the gateway criteria. Contractors who successfully complete their questionnaire submission will receive a confirmation email as evidence that their submission has been successful. This email must be provided if a contractor needs to demonstrate that they have successfully completed their questionnaire submission. Should a contractor not receive this questionnaire confirmation email within one hour of submitting this then; after first checking their junk email folder, they should email the provider assurance team at pharmacysupport@nhsbsa.nhs.uk immediately to make them aware of the issue. No patient identifiable data should be entered into the questionnaire. As soon as possible after 2 June 2026 and by the end of 31 March 2027, the contractor: ● must have updated NHS Profile Manager to show they are a 'Pharmacy palliative care medication stockholder' if they routinely hold the 16 palliative and end of life critical medicines listed below and can support local access to parenteral haloperidol. If NHS Profile Manager is updated centrally by head office, it will need to be confirmed that this will be done by the end of 31 March 2027. Contractors who claimed for the Medicines Optimisation domain in 2025/26 must ensure their status is correct and updated for 2026/27 by logging into NHS Profile Manager and confirming this between 2 June 2026 and by the end of 31 March 2027 by verifying their account at https://organisation.nhswebsite.nhs.uk/sign-in. If this verification has not been completed a contractor will not have met this requirement even if their profile is still showing them as a stockholder. Contractors with profiles that cannot currently be updated via NHS Profile Manager, may still meet this criterion and update the Directory of Services (DoS) profile by contacting their Regional DoS lead. Contact details available at https://servicefinder.nhs.uk/help/contact-your-regional-DoS-team. If contractors are not a stockholder of these 16 palliative and end-of-life critical medicines, they are not required to update NHS Profile Manager. The 16 palliative and end of life critical medicines are: ● Cyclizine solution for injection ampoules 50mg/1ml ● Cyclizine tablets 50mg ● Dexamethasone solution for injection ampoules 3.3mg/1ml

PHARMACY QUALITY SCHEME (ENGLAND)

	● Dexamethasone tablets 2mg ● Haloperidol tablets 500mcg (or 1.5mg tablets or 5mg/5ml liquid) ● Hyoscine butylbromide solution for injection 20mg/1ml ● Levomepromazine solution for injection ampoules 25mg/1ml ● Metoclopramide solution for injection ampoules 10mg/2ml ● Midazolam solution for injection ampoules 10mg/2ml ● Morphine sulfate oral solution 10mg/5ml ● Morphine sulfate solution for injection ampoules 10mg/1ml ● Morphine sulfate solution for injection ampoules 30mg/1ml ● Oxycodone solution for injection ampoules 10mg/1ml ● Oxycodone oral solution sugar free 5mg/5ml ● Sodium chloride 0.9% solution for injection ampoules 10ml ● Water for injections 10ml By the end of 31 March 2027, contractors must have an action plan in place to use when they do not have the required stock of the 16 palliative and end of life critical medicines and/or parenteral haloperidol available for a patient. This must include collated information from pharmacies in their area to be able to aid a patient, relative/ carer in obtaining medication as swiftly as possible by redirecting them to the nearest open community pharmacy that stocks the 16 palliative and end of life critical medicines and/or parenteral haloperidol. To meet the Gateway criteria, all contractors must have this action plan irrespective of whether they do or do not routinely stock the 16 palliative and end of life critical medicines listed above. The action plan must include: ● an awareness of any locally commissioned services for palliative care including any on call and delivery arrangements; ● a list of community pharmacies stocking the 16 palliative and end of life critical medicines for palliative/end of life care in their area and noting the ability to check the DoS to find pharmacies stocking these medicines; ● details of where parenteral haloperidol can be accessed locally, e.g. through any local commissioning arrangements; ● awareness of other support services that may be useful for patients/relatives/ carers. The action plan for 2026/27 must be available for inspection from the end of 31 March 2027 at premises level and must be retained for 3 years for PPV purposes. When making a declaration for these criteria, the following information must be reported on the MYS application: ● Confirm if the pharmacy does or does not stock the 16 palliative and end of life critical medicines. ● If the pharmacy does stock the 16 palliative and end of life critical medicines, a declaration that by the end of 31 March 2027, they must have updated their DoS status via NHS Profile Manager to show they are a 'Pharmacy palliative care medication stockholder'. ● A declaration that by the end of 31 March 2027, the pharmacy will have a new or updated action plan in place on the premises, available for inspection, with collated information from pharmacies in their local area to be able to aid a patient, relative/ carer in obtaining medication as swiftly as possible by redirecting them to the nearest open community pharmacy that stocks the 16 palliative and end of life critical medicines and/or parenteral haloperidol. Contractors should note that they will not be able to claim payment for the quality criteria during the declaration period if the questionnaire has not been completed by 31 December 2026, as the gateway criteria will not have been met.

PHARMACY QUALITY SCHEME (ENGLAND)

2. PQS 2026/27 domains

- 2.1 To receive a PQS payment the pharmacy contractor must have met the gateway criterion by the end of 31 December 2026. The contractor must also declare between 09:00 on 1 February 2027 and 23:59 on 26 February 2027 as having met and have evidence demonstrating meeting one or more of the domains in Table 2 (please note, contractors must meet all the quality criteria in each domain to be eligible for a PQS payment in respect of that domain). No PQS payment will be made to contractors that fail to submit their declaration by 23:59 on 26 February 2027, even if they have evidence to demonstrate that they have undertaken the work to meet the scheme requirements. The overall level of the PQS payment will depend on how many of the domains the pharmacy contractor declares it has met.

Table 2. Domains and Quality Criteria

Domain	Description of the Quality criterion
Medicines Optimisation & Patient Safety	Respiratory Asthma guidelines By the end of 31 March 2027, all pharmacists working at the pharmacy on the day of the declaration must have completed EITHER the CPPE Asthma for Pharmacy Quality Scheme 2026/27 e-learning programme¹ OR unit 4 of the CPPE Fundamentals of respiratory therapeutics e-learning since 19 February 2025 (when the e-learning was updated in line with the new clinical guideline) AND passed the Asthma e-assessment² (between 19 February 2025 and 31 March 2027) to update their knowledge in line with the new <u>BTS/NICE/SIGN Joint Guideline on Asthma</u>³. Contractors will need to have evidence to demonstrate that all pharmacists working at the pharmacy on the day of the declaration have satisfactorily completed EITHER of the above e-learning AND have passed the Asthma e-assessment. This evidence must be available for inspection from the end of 31 March 2027 at premises level and must be retained for 3 years for PPV purposes. When making a declaration for this criterion, the following information must be reported on the MYS application: - the total number of pharmacists working at the pharmacy on the day of the declaration who have satisfactorily completed EITHER the CPPE Asthma for Pharmacy Quality Scheme 2026/27 e-learning programme OR unit 4 of the CPPE Fundamentals of respiratory therapeutics e-learning since 19 February 2025 AND passed the Asthma e-assessment (between 19 February 2025 and 31 March 2027). - the total number of pharmacists working at the pharmacy on the day of the declaration who have not satisfactorily completed EITHER the CPPE Asthma for Pharmacy Quality Scheme 2026/27 e-learning programme OR unit 4 of the CPPE Fundamentals of respiratory therapeutics e-learning since 19 February 2025 AND passed the Asthma e-assessment (between 19 February 2025 and 31 March 2027) but who will undertake this requirement by the end of 31 March 2027. - that the contractor has the evidence to demonstrate that all pharmacists have EITHER completed the CPPE Asthma for Pharmacy Quality Scheme 2026/27 e-learning programme OR unit 4 of the CPPE Fundamentals of respiratory therapeutics e-learning since 19 February 2025 AND passed the Asthma e-assessment (between 19 February 2025 and 31 March 2027) or that they will have this evidence by the end of 31 March 2027.

PHARMACY QUALITY SCHEME (ENGLAND)

Professional Practice	Safe Management of urgent repeat medicines supply requests and referrals Following the 'Charlie Marriage: Prevention of Future Deaths Report'⁴ and following feedback from Controlled Drug Accountable Officers (CDAOs) on the inappropriate supply of controlled drugs, this criterion focuses on the safe management of urgent repeat medicines supply requests. Contractors must ensure they have appropriate procedures to follow if the pharmacy is unable to respond to requests and/or referrals for urgent supplies of time critical medicines and with specific guidance about the supply of controlled drugs in line with regulations. By the end of 31 March 2027, contractors must have updated all relevant standard operating procedures (SOPs) to include specific guidance to follow in the event they are unable to respond to requests and/or referrals for urgent supplies of medicines. The updated SOPs must contain guidance on: 1) how urgent requests for time-critical medicines are dealt with and 2) how urgent requests for Controlled Drugs are managed in line with regulations. Contractors must ensure that all pharmacy staff are familiar with the updated SOPs. The SOPs for 2026/27 must be available for inspection from 31 March 2027 at premises level and must be retained for 3 years for PPV purposes. When making a declaration for this criterion, the following information must be reported on the MYS application: ● contractors must declare that by the end of 31 March 2027, the pharmacy will have new or updated SOPs in place on the premises, available for inspection, which includes guidance to staff on how urgent requests for time critical medicines are dealt with, and how urgent requests for Controlled Drugs are managed in line with regulations. Clinical services audit Contractors must complete a clinical audit, which will be on the quality of Pharmacy First clinical pathways consultations to develop an action plan for improving practice. In addition to a pharmacist completing the audit, contractors will be expected to ensure the pharmacist completes a peer discussion (approximately 1 to 2 hours) focused on reviewing the findings of the audit and the action plan, with a 'buddy' pharmacist. The audit must be carried out with a minimum of 10 patients. Contractors should make a record of the start and end date of the audit as they will be required to enter this information into the MYS application when they make their declaration. Contractors should choose a period in 2026/27 that achieves the minimum number of patients with sufficient time to complete the audit and peer discussion and their declaration from 1 February 2027. Contractors must complete the audit, action plan and peer discussion no later than 31 March 2027. Further details of the 2026/27 clinical audit will be published and reported on the MYS data collection tool, which will be accessible from the NHSBSA website https://www.nhsbsa.nhs.uk/provider-assurance-pharmaceutical-services/pharmacy-quality-scheme-pqs from August 2026. The pharmacy must have completed the audit, sharing their anonymised data with NHS England, and incorporating any learnings from the audit into future practice by the end of 31 March 2027. Completing the audit data submission is an essential requirement for meeting the audit criterion. Undertaking the audit without submitting the data will mean the contractor will not have met the requirements of this domain. MYS allows a contractor to start their data collection and then return to it later should this be necessary. Where a data collection has been started but not submitted, it will not be eligible for payment.

⁴<https://www.judiciary.uk/prevention-of-future-death-reports/charlie-marriage-prevention-of-future-deaths-report/>

PHARMACY QUALITY SCHEME (ENGLAND)

	Contractors who successfully complete their data collection submission will receive a data collection submission confirmation email as evidence that their submission has been successful. This email must be provided if a contractor needs to demonstrate that they have successfully completed their data collection submission. Should a contractor not receive this data submission confirmation email within one hour of submitting their declaration then, after first checking their junk email folder, they should email the provider assurance team at pharmacysupport@nhsbsa.nhs.uk immediately to make them aware of the issue. No patient identifiable data should be entered onto the MYS data collection tool. When making a declaration for this criterion, the following must be confirmed on the MYS application: ● a declaration that by the end of 31 March 2027 the contractor will have completed the clinical audit; ● the start and end date of the audit period (which may be different from the date data are first entered on the MYS data collection tool); ● a declaration that by the end of 31 March 2027 the contractor will have shared their anonymised data or have declared that no patients have been identified as being suitable for audit via the data collection tool on the MYS application. ● that the contractor has or will have incorporated any learnings from the audit into their action plan to inform future practice by the end of 31 March 2027. ● that the contractor has completed a peer discussion and incorporated learning into their professional practice by end of 31 March 2027.

- 2.2 For training in PQS 2026/27 the following terms are used in the requirements to define different types of staff:
- **Registered pharmacy professionals** are pharmacists and pharmacy technicians.
 - **Patient-facing pharmacy staff** include all registered pharmacy professionals, trainee pharmacists, trainee pharmacy technicians, dispensary staff, medicine counter assistants and delivery drivers. Contractors may also have other staff that can be identified as having patient-facing roles.
 - **Non-registered pharmacy staff** include all trainee pharmacists, trainee pharmacy technicians, dispensary staff, medicine counter assistants and delivery drivers.
 - **Patient-facing staff that provide advice on medicines or healthcare** include all registered pharmacy professionals, trainee pharmacists, trainee pharmacy technicians, dispensary staff and medicine counter assistants.
 - **Non-registered patient-facing pharmacy staff who provide health advice** include trainee pharmacists, trainee pharmacy technicians, dispensary staff and medicine counter assistants.
- 2.3 An electronic certificate of completion of the training will be provided following the completion of the Asthma e-assessment for CPPE Asthma for Pharmacy Quality Scheme 2026/27 e-learning programme. Contractors must keep a copy of the certificate for each member of staff as evidence that the training and e-assessment has been completed.
- 2.4 If staff members have previously completed the training and, where applicable, successfully passed the e-assessments which are within the validity period as explained in Table 2, they are not required to complete this training again.
- 2.5 All training and e-assessments must have been successfully completed by the end of 31 March 2027. However, in relation to training requirements where new staff who have recently joined the pharmacy or staff returning from long term leave, for example maternity leave, have not undertaken the training and assessment by the end of 31 March 2027 the pharmacy contractor can count them as having completed the training and assessment, if the pharmacy contractor has a training plan in place to ensure that these staff complete the training and assessment within 30 days of the day of the declaration or by the end of 31 March 2027, whichever is the later. This training plan and demonstrable evidence of completion of training and assessment must be retained at the pharmacy to demonstrate that the pharmacy contractor has met this quality criterion.

PHARMACY QUALITY SCHEME (ENGLAND)

- 2.6 By the end of 31 March 2027, the contractor must have for each staff member, excluding those staff for whom there is a training plan in place as described above, at premises level, an electronic copy of the personalised certificate (stored and accessible digitally) provided upon completion of the training and assessment (where applicable), as evidence that all relevant members of staff have completed the training.
3. Payment for PQS 2026/27
- 3.1 Pharmacy contractors must claim payment for the PQS 2026/27 quality domains during the declaration period which is between 09:00 on 1 February 2027 and 23:59 on 26 February 2027. Contractors must have evidence to demonstrate meeting the gateway criterion* and the domains that they have claimed for by the end of 31 March 2027.
- * Contractors, who opened or had a change of ownership from 1 January 2026 resulting in a new ODS code will not be eligible for the gateway criterion and will not qualify for payment for PQS 2026/27.
- 3.2 Pharmacy contractors will need to make a declaration to the NHSBSA using the MYS application. MYS is available at <https://www.nhsbsa.nhs.uk/pharmacies-gp-practices-and-appliance-contractors/dispensing-contractors-information/manage-your-service-mys>. Completing the declaration is an essential requirement for meeting the scheme requirements. Undertaking some or all the scheme requirements without submitting the final declaration will not enable a payment to be made. MYS allows a contractor to start their declaration and then return to it later should this be necessary. Where a declaration has been started but not submitted, it will not be eligible for payment. Contractors are advised to take care in completing their declaration, and to review their answers before submitting. Declarations cannot be reopened, reset or amended once submission has been made. Contractors who successfully complete their declaration will receive a declaration confirmation email as evidence that their declaration has been successful. This email must be provided if a contractor needs to demonstrate that they have successfully completed their declaration. Should a contractor not receive this declaration confirmation email within one hour of submitting their declaration then, after checking their junk email folder, they should email the provider assurance team at pharmacysupport@nhsbsa.nhs.uk immediately to make them aware of the issue.
- 3.3 The domains have a designated maximum number of points dependent on the participating contractor's total prescription volume during the period from February 2025 to January 2026 **/** according to the NHSBSA's payment data as shown in Table 3.
- * Contractors, who opened part way through this period, will have their total prescription volume determined as the average number of prescriptions dispensed per month during the full months they were open from February 2025 to January 2026 multiplied by 12. Please note that change in ownership for the purpose of the PQS banding only is not treated as a new contractor.
- ** Contractors, who opened after 1 February 2026, will be placed in band 2 for PQS 2026/27. Please note that change in ownership for the purpose of the PQS banding only is not treated as a new contractor.
- *** Contractors, who are eligible for the Pharmacy Access Scheme (PhAS), are automatically placed in band 2.
- **** Where two pharmacies have consolidated, in accordance with Regulation 26A, since 1 February 2025, the total prescription volume of the continuing pharmacy will be determined as the item volume for the continuing pharmacy only. The item volume for the closing pharmacy will not be attributed to the continuing pharmacy. This is not the same as a change in ownership situation.

Table 3. Maximum number of points per domain

Band	Band 1	Band 2
Annual Items	0-1,800	1,801 and above
Medicines Optimisation & Patient Safety	0.75	15.00
Professional Practice	0.75	15.00
Total	1.50	30.00

PHARMACY QUALITY SCHEME (ENGLAND)

- 3.4 The total funding for PQS 2026/27 is £20 million. The funding will be divided between qualifying pharmacies based on the number of points they have achieved up to a maximum £128.40 per point. Each point will have a minimum value of £64.20, based on all contractors achieving maximum points. Payments will be made to eligible contractors depending on the band they are placed in, how many domains they have declared they are meeting, and hence points claimed.

- 3.5 For example:

Assuming the number of contractors in each band and the average number of points achieved by each contractor is as set out in Table 4, we can calculate how many points in total were delivered and therefore the value of each point:

Table 4

	Number of contractors	Average points per contractor
Band 1	10	1
Band 2	8,310	18

The total number of points is 149,590 which means £20 million would deliver a value per point of £133.70.

However, each point is capped at a total of £128.40. So, the contractor would receive £128.40 per point they earned. This would mean that around £0.8 million (out of the £20 million) would remain undelivered through the PQS and would be taken into account in the delivery of the overall Community Pharmacy Contractual Framework funding agreement.

4. Aspiration payment

- 4.1 Contractors will be able to claim an aspiration payment. The aspiration payment is optional for pharmacy contractors and not claiming it will not impact on the pharmacy contractor's ability to claim payment for PQS 2026/27.
- 4.2 Pharmacy contractors will need to make a declaration to the NHSBSA using MYS and indicate which domains they intend to achieve before the end of the declaration period. MYS is available at <https://www.nhsbsa.nhs.uk/pharmacies-gp-practices-and-appliance-contractors/dispensing-contractors-information/manage-your-service-mys>. The aspiration payment must be claimed between 09:00 on 13 July 2026 to 23:59 on 28 July 2026 for contractors to receive payment on 1 September 2026.
- 4.3 Completing the declaration within the declaration window is essential to receive an aspiration payment. MYS allows a contractor to start their declaration and then return to it later should this be necessary. Where a declaration has been started but not submitted, it will not be eligible for payment. Contractors are advised to take care in completing their declaration, and to review their answers before submitting. Declarations cannot be reopened, reset or amended once submission has been made. Contractors who successfully complete their declaration will receive a declaration confirmation email as evidence that their declaration has been successful. This email must be provided if a contractor needs to demonstrate that they have successfully completed their declaration. Should a contractor not receive this declaration confirmation email within one hour of submitting their declaration then, after checking their junk email folder, they should email the provider assurance team at pharmacysupport@nhsbsa.nhs.uk immediately to make them aware of the issue.
- 4.4 The maximum number of points for which a pharmacy contractor can be paid an aspiration payment is 80% of the number of points available. The value of each point for the aspiration payment is set at £64.20 (i.e. the minimum value of a point for PQS 2026/27).
- 4.5 The aspiration payment will be reconciled with the payment for the PQS 2026/27 on 1 April 2027. Where there is a change of ownership during the course of 2026/27 and the previous contractor received an aspiration payment and does not make a declaration between 09:00 on 1 February 2027 and 23:59 on 26 February 2027, this aspiration payment will be recovered from the previous contractor. A new contractor cannot rely upon the PQS activities conducted by a previous contractor for PQS payment where a change of ownership has occurred resulting in a new ODS code being issued for the contractor.

PHARMACY QUALITY SCHEME (ENGLAND)

4.6 For example:

Example 1

PQS band for 2026/27	Band 2
Maximum 'aspiration points' which can be paid	24
Points intended to deliver, as per Aspiration payment declaration	30
Aspiration payment (paid at £64.20 per aspiration point)	£1,540.80
Points actually delivered, as per 2026/2027 declaration (made between 09:00 on 1 February 2027 and 23:59 on 26 February 2027)	30
Reconciliation payment (1 April 2027)(based on final value of £75 per point)	£709.20
Total 2026/27 PQS payment	£2,250.00

The pharmacy's prescription volume in the period from February 2025 to January 2026 would put them in Band 2 for 2026/27 PQS. They intend to achieve 30 points in 2026/27 (i.e. the maximum available for Band 2). They receive an aspiration payment of £1,540.80 (i.e. 80% of 30 points is 24, and 24 multiplied by £64.20 is £1,540.80). The pharmacy achieves the 30 points as intended. In addition, the points delivered by all contractors mean the value of a point is set at £75. In the reconciliation payment the pharmacy contractor receives £709.20.

5. Validation of Claims

- 5.1 NHS England has a duty to be assured that where contractors choose to take part in the PQS that they meet the requirements of the scheme and earn the payments claimed. NHS England will work with the NHSBSA Provider Assurance Team to undertake verification checks on all declarations. The verification checks include comparing the information provided by contractors in their declarations against the datasets and evidence sources available, as well as evidence held by the pharmacy to demonstrate meeting the scheme requirements.
- 5.2 When contractors make their submission for the PQS 2026/27, they are making a declaration that they have met the gateway criteria and will meet the quality criteria in each of the domains they are claiming for by the end of 31 March 2027. It is the contractor's responsibility to be able to provide evidence of meeting the scheme requirements and this may be required by the NHSBSA for post-payment verification.
- 5.3 Contractors experiencing any difficulty with collating evidence of meeting the scheme requirements or making the declarations for the PQS 2026/27 can contact the NHSBSA Provider Assurance Team at pharmacysupport@nhsbsa.nhs.uk to make them aware of these difficulties at the time the difficulties occur.
- 5.4 In cases where NHS England consider that a claim has been made for a PQS payment for which the contractor is not eligible, it will be treated as an overpayment. In such cases, contractors will be contacted by the NHSBSA and notified of the overpayment recovery process. Any overpayment recovery would not prejudice any action that NHS England may also seek to take under the performance related sanctions and market exit powers within The National Health Service (Pharmaceutical and Local Pharmaceutical Services) Regulations 2013.

COLLABORATIVE WORKING SCHEME (WALES)

Integrating Community Pharmacy in Primary Care Clusters (Wales)

Purpose

1. The intention of the collaborative working scheme is to encourage pharmacy contractors in Wales to engage with primary care clusters and develop and improve collaborative working relationships with healthcare professionals within the cluster and wider multi-disciplinary teams.
2. Funding is being provided to support this through:
 - 2.1 The appointment of a Community Pharmacy Collaborative Lead (the CPCL), in each primary care cluster ("the Pharmacy Lead Element"); and
 - 2.2 Through back filling of pharmacist and where appropriate pharmacy technician or other pharmacy employee time to engage with the pharmacy lead and/or be involved in collaborative working with local healthcare professionals ("the Pharmacy Element").

The Pharmacy Lead Element

3. A Community Pharmacy Cluster Lead (CPCL) shall be appointed within each cluster, by pharmacies within the cluster. The relevant local health board will ratify appointments.
4. The CPCL must be a pharmacist or pharmacy technician working regularly (i.e. two or more days each week for the period during which they are the pharmacy lead) in a pharmacy or pharmacies within the cluster and with knowledge of the local area and people working within it.
 - 4.1 The CPCL role may be shared by two people who meet the criteria specified in paragraph 4, where both are employed by a single pharmacy contractor.
5. Up to four quarterly payments each of £1366.22 (£5464.88 in total) will be payable in respect of the CPCL role. Payments will be made to the pharmacy contractor in which the pharmacy lead usually works subject to paragraphs 8 to 11.
6. The relevant health board shall confirm the cluster lead to the NHS Wales Shared Services Partnership by the 5th of the first month of each quarter (April, July, October and January respectively).
7. Payment will be made at the end of each quarter (June, September, December and March respectively).

Pharmacy contractor requirements

8. In order to qualify for payment, the pharmacy contractor must agree to:
 - 8.1 Make reasonable arrangements with the employee to enable them to undertake the duties associated with the CPCL role (up to 48 hours per year), through either:
 - 8.1.1 Providing time for the CPCL within normal working hours to undertake duties associated with the role, or
 - 8.1.2 Making arrangements with the employee for time spent outside of normal working hours to undertake duties associated with the role in accordance with the pharmacy contractor's agreed policy.
 - 8.2 Make arrangements with the employee for time outside of normal working hours (up to eight hours per year) to deliver the four pharmacy collaborative meetings in accordance with the pharmacy contractor's agreed policy.
 - 8.3 Release the CPCL to attend NHS Wales agreed CPCL training, which will be no more than four working days per year.
 - 8.4 Release the CPCL to attend relevant cluster meetings (up to eight hours per year) where these occur during the working day or make arrangements with the employee for time spent outside of normal working hours in accordance with the pharmacy contractor's agreed policy.

COLLABORATIVE WORKING SCHEME (WALES)

CPCL requirements

9. In order to qualify for payment, the CPCL must:
 - 9.1 meet, physically or virtually, at least quarterly with the representatives of all pharmacies within the relevant cluster;
 - 9.2 meet regularly with other professional leads within the relevant cluster;
 - 9.3 meet regularly with the nominated representatives of the local health board;
 - 9.4 attend meetings of the relevant cluster; and
 - 9.5 provide feedback on cluster plans, meetings and priorities to all pharmacies in the relevant cluster.
10. The CPCL must maintain evidence of meeting the responsibilities outlined in 9.1 to 9.5 for inspection by the relevant local health board. This may be in an electronic format and must include: the dates and times of meetings; the names and affiliations of the attendees; a summary of the main points of discussion; any actions agreed; and the current status of those actions.
11. Specifically, for 2025-26, in addition to the core requirements set out in the Professional Collaborative Role Descriptor the CPCL must use the cluster collaborative and cluster meetings to progress implementation of the Electronic Prescription Service, changes to the Common Ailment Service and Periods of Treatment Review within the cluster.

Vacancies and difficult to fill clusters

Interim arrangements for pharmacy lead eligibility

12. For clusters that have been vacant for more than 2 months, a pharmacist or pharmacy technician who is employed by at least one of the pharmacies within the cluster can be put forward, irrespective of whether they meet the criteria for working within the cluster. The nominee must have some knowledge of the cluster and the pharmacy services provided within it. This interim arrangement, therefore, may be suitable for relief staff, GPhC registered operational staff (e.g. area managers) or registrants currently working regularly in another cluster.
13. Should an eligible individual be identified during this interim arrangement, the necessary steps should be taken to enable the individual to assume the pharmacy lead role as soon as possible. The interim arrangements would then come to an end. During the period of the interim arrangements, the relevant health board must contact pharmacies in the cluster at least once every 6 months to identify eligible individuals who would be willing to act as the pharmacy lead.

Difficult to fill clusters

14. Within vacant clusters (e.g. where a vacancy has remained unfilled for 10-12 weeks) the relevant health board (with support from Community Pharmacy Wales) must hold at least one collaborative meeting per annum - which would qualify for a single attendance payment under the collaborative working scheme. The agenda of these meetings must include, as a minimum, the promotion of the pharmacy lead vacancy, an explanation of the role and the support available, and an update on the work of the cluster.

The Pharmacy Element

15. A payment of £302.86 will be payable to pharmacy contractors for each collaborative working meeting undertaken that meets the criteria for payment set out in paragraphs 18 to 21.
16. Pharmacy contractors will be eligible to claim payment for up to six collaborative working meetings undertaken between 1 April 2026 and 31 March 2027.
17. Pharmacy contractors will be eligible for an additional payment of £302.86 where a minimum of three pharmacy collaborative meetings and two meetings with healthcare professionals have been completed between 1 April 2026 and 31 March 2027. The maximum annual payment for the Pharmacy Element will be £2120.02.

COLLABORATIVE WORKING SCHEME (WALES)Criteria for payment

18. Collaborative working meetings must either be:
 - 18.1 Pharmacy collaborative meetings arranged by the Community Pharmacy Collaborative Lead (CPCL) for the relevant cluster, or
 - 18.2 Meetings arranged by the contractor with healthcare professionals within the relevant cluster to discuss areas of mutual interest from the following:
 - 18.2.1 Implementing the Electronic Prescription Service.
 - 18.2.2 Optimising use of the NHS Wales App to support repeat prescription ordering.
 - 18.2.3 Implementing the Periods of Treatment review.
 - 18.2.4 Delivery of community pharmacy advanced and additional clinical services.
 - 18.2.5 A cluster identified priority for the current financial year.
19. Pharmacy collaborative meetings, described in paragraph 18.1, must be attended, in person or virtually, by either a pharmacist or pharmacy technician who works regularly at the pharmacy (i.e. on two or more days each week for a period of at least eight consecutive weeks which begins before and ends after the date the work is undertaken).
20. Meetings arranged by the contractor with healthcare professionals, described in 18.2, must be attended, in person or virtually, by either:
 - 20.1 A pharmacist or pharmacy technician who works regularly at the pharmacy (i.e. on two or more days each week for a period of at least eight consecutive weeks which begins before and ends after the date the work is undertaken) where the discussion relates to the provision of clinical services.
 - 20.2 Another suitably competent member of the pharmacy contractor's staff where the discussion relates to the implementation of the NHS Wales App, Electronic Prescription Service or Periods of Treatment Review.

The contractor must ensure that the person attending the meeting has the necessary skills and competence in the agreed areas of discussion and be able to agree actions at the meeting and progress these following the meeting.

21. A detailed report of each collaborative meeting must be maintained at the pharmacy for inspection by the relevant local health board. This may be in an electronic format and must include: the date and time of the meeting; the names and affiliations of the attendees; a summary of the main points of discussion; any actions agreed; and the current status of those actions.
22. A summary report must be made to generate each claim using the National Electronic Claim and Audit Form (NECAF) system.

Arrangements for change of ownership

Where a pharmacy changes ownership during the financial year (1 April to 31 March), the following conditions will apply.

23. Where the pharmacy contractor included in the health board's Pharmaceutical List on 1 April of the current financial year has completed a minimum of five collaborative working meetings (as set out in paragraph 17) and payments have been made, this pharmacy contractor will be eligible to claim the additional payment prior to transfer of ownership. No further claims can be submitted by the pharmacy contractor who is subsequently included in the health board's Pharmaceutical List (at 31 March of the current financial year).
24. Where the pharmacy contractor included in the health board's Pharmaceutical List on 1 April of the current financial year does not complete a minimum of five collaborative working meetings (as set out in paragraph 17) prior to transfer of ownership, this contractor will not be eligible to claim the additional payment. The pharmacy contractor whose name is subsequently included in the health board's Pharmaceutical List on 31 March of the current financial year will be entitled to claim payment for the remaining number of collaborative working visits (six less the number completed by the contractor whose name was included in the health board's Pharmaceutical List on 1 April of the current financial year). Where this contractor meets the requirements for the additional payment (i.e. the contractor must have completed a minimum of five collaborative working

COLLABORATIVE WORKING SCHEME (WALES)

meetings (as set out in paragraph 17) since the date of inclusion in the health board's Pharmaceutical List.

25. Where a new pharmacy contract is awarded the pharmacy contractor will be entitled to claim payment where the specified criteria is met from the date of inclusion in the health board Pharmaceutical List. The additional payment will be paid where a minimum of five collaborative working meetings (as set out in paragraph 17) are completed.

QUALITY AND SAFETY SCHEME (WALES)

Overview

The Quality and Safety Scheme for 2026-27 will align with the Your Medicines Your Health (YMYH) Programme co-ordinated by AWTTC, with 3 broad themes.

- Theme 1: Promoting Wellbeing
- Theme 2: Patient centred care
- Theme 3: Sustainable Medicines Use

For 2026-2027 the scheme will focus on Theme 1. Scheme details will be published shortly.

SUPPORT FOR TRANSFORMATION (WALES)

Presgripsiwn Newydd/New Prescription Transformation Payment

Purpose

1. From 1 April 2025, the scheme will recognise the efforts made by those contractors who have engaged in wider ambitions of Presgripsiwn Newydd (A New Prescription) and made adjustments to their business model, remodelled their workforce and demonstrated a sustained shift towards delivering clinical services.
2. There are three elements to the scheme
 - A Payment to contractors who have extended the average prescription period of treatment to 35 days or more.
 - B Payment to contractors employing one of more registered pharmacy technicians.
 - C Payment to contractors commissioned to provide all three Directed Clinical Services (The Discharge Medicines Review Service, The Clinical Community Pharmacy Service and the Pharmacist Independent Prescribing Service).

Claims and Payments

3. Payments will be made quarterly (June, September, December and March) to contractors who meet one of more of the scheme criteria on the last day of the relevant quarter.

Extended prescription period of treatment element

4. Contractors will be eligible for payment where the average period of treatment for items dispensed is 35 days or more in the last month of the relevant quarter (June, September, December and March).
5. Contractors will not be required to make a NECAF claim for this element. The NWSSP will calculate the average prescription interval for items dispensed in the relevant month (June, September, December and March) and will calculate the payment to eligible contractors where the average period of treatment is 35 days or more.
6. The agreed AWTTTC basket of medicines will be used to calculate the average prescription interval.
7. The allocation of £0.125m per quarter will be distributed equally to all contractors who meet the criteria set out in paragraph 4.

Pharmacy technician element

8. Contractors will be eligible for payment where the contractor employs one or more registered pharmacy technicians on the last day of the relevant quarter (June, September, December and March).
9. The allocation of £0.125m per quarter will be distributed equally to all contractors who complete a declaration in the National Electronic Claim and Audit Form (NECAF) system for the relevant quarter (June, September, December and March), indicating they have met the criteria outlined in paragraph 8.

Directed Clinical Services element

10. Contractors will be eligible for payment where the contractor is commissioned to provide The Discharge Medicines Review Service, The Clinical Community Pharmacy Service and the Pharmacist Independent Prescribing Service on the last day of the relevant quarter (June, September, December and March).
11. Contractors will not be required to make a NECAF claim for this element. The NWSSP All Wales Pharmacy Database will be used to calculate the payment to eligible contractors.
12. The allocation of £0.125m per quarter will be distributed equally to all contractors who meet the criteria set out in paragraph 10.

Change of ownership

13. Where a pharmacy changes ownership payment will be made to the pharmacy contractor whose name is included in the Health Board Pharmaceutical List on last day of the relevant quarter (June, September, December or March) where the relevant criteria are met.

SUPPORT FOR TRANSFORMATION (WALES)

14. Where a contractor is removed from a health boards Pharmaceutical List before the last day of the relevant quarter (June, September, December or March) the contractor will not be eligible for payment for that quarter.
15. Where a new pharmacy contract is awarded the pharmacy contractor will be entitled to claim payment where the relevant criteria are met where the contractor is included in the health boards Pharmaceutical List last day of the relevant quarter (June, September, December or March).

Workforce Incentive Scheme

Purpose

16. From 1 April 2025, the scheme will support contractors who do not currently employ a registered pharmacy technician to develop pharmacy technician roles. In doing so the scheme will also support a workforce survey to all pharmacy contractors.
17. The scheme will provide funding for those contractors who do not currently employ a pharmacy technician to develop pharmacy technician roles. This element can only be claimed by contractors who at the time the claim is made do not employ a registered pharmacy technician where they meet the criteria set out below

Scheme Detail

18. Funding will be made available to support contractors who do not currently employ a registered pharmacy technician to:
 - 18.1 Enrol at least one member of staff in a GPhC approved pharmacy technician training programme. The member of staff may be either
 - 18.1.1 enrolled under the 2024-25 workforce incentive scheme, where the contractor was claiming Band 1 payment only or
 - 18.1.2 enrolled on or after 1 April 2025; or
 - 18.2 Enrol (on or after 1 April 2025) at least one member of staff in an access course necessary to meet the entry requirements for a GPhC approved pharmacy technician training programme.

Claims and Payments

19. Where a contractor meets the criteria set out in 18.1 or 18.2 the pharmacy contractor shall complete a declaration in the National Electronic Claim and Audit Form (NECAF) system by the last day of the month following the month the claim relates to (for example claims relating to May must be submitted by 30 June), indicating which of the conditions outlined in paragraph 18 was met and the total number of contracted hours the relevant member of staff was employed in the previous month.
20. An annual payment of either:
 - 20.1 £3,000 is payable to contractors who meet the criteria set out in 18.1 or
 - 20.2 £1,000 is payable to contractors who meet the criteria set out in 18.2
21. The payment will be paid monthly, calculated as 1/12th of the payment, based on the declaration made by the pharmacy in the relevant month.
22. Where a pharmacy contractor meets the criteria set out in 18.1.1 (i.e. they had enrolled a member of staff on a course under the previous scheme and were claiming Band 1 payment only), the pharmacy may claim the payment set out in 20.1 for those months where the member of staff remains enrolled on the approved training programme.

Arrangements for change of ownership

23. Where a pharmacy changes ownership between 1 April and 31 March of the current financial year, the monthly payment will be made to the contractor whose name is included in the Health Board Pharmaceutical List on the last day of the current calendar month.
24. Where a new pharmacy contract is awarded the pharmacy contractor will be eligible to claim payment from the first day of the calendar month in which the pharmacy contractor is included in the Health Board Pharmaceutical List.

SUPPORT FOR TRANSFORMATION (WALES)

-
25. Where a pharmacy contractor closes before the last day of the calendar month the contractor will not be eligible for payment for that month.

BASIC PRICES OF DRUGS**BASIC PRICE OF DRUGS
COVERED BY PART II CLAUSE 8A**

The price listed in respect of a drug specified in the following list is the basic price (see Part II, Clause 8) on which payment will be calculated pursuant to Part I Clause 5B 1 for the dispensing of that drug

1. All drugs listed in this Part have a pack size and price which has been determined by the Secretary of State for Health and Social Care as respects England and the Welsh Ministers as respects Wales.
2. Categories A, C, H and M of the drugs (appearing in Col.4) are as under:
 - 2.1 Category A - Drugs which are readily available as licensed generic medicines. Category A reimbursement prices are set using information from suppliers obtained under the Health Service Products (Provision and Disclosure of Information) Regulations 2018. All available pack sizes of licensed generic medicines will be considered. Broken Bulk may be claimed for those products whose smallest pack size has a price greater than or equal to £50, if necessary.
 - 2.2 Category C - Drugs which are not readily available as licensed generic medicines, where the reimbursement price is based on a particular proprietary product or supplier. Where the reimbursement price of the product is based on a non-proprietary product, the price listed in this Part of the Drug Tariff is indicative of the price determined and in this case the Secretary of State determines the price to be the price listed by the manufacturer or supplier on or before the 8th of the month being reimbursed. Endorsement of pack size is required if more than one pack is listed. Broken Bulk may be claimed, if necessary.
 - 2.3 Category H - Drugs which are not readily available as licensed generic medicines and are available from more than one supplier. Category H reimbursement prices are set using information from suppliers obtained under the Health Service Products (Provision and Disclosure of Information) Regulations 2018. All available pack sizes will be considered. Broken Bulk may be claimed, if necessary.
 - 2.4 Category M - Drugs which are readily available as licensed generic medicines. Broken Bulk may be claimed for those products whose smallest pack size has a price greater than or equal to £50, if necessary. Category M reimbursement prices are set using information from suppliers obtained under the Health Service Products (Provision and Disclosure of Information) Regulations 2018. The following pack sizes are considered when calculating Category M reimbursement prices:
 - for tablets and capsules, all prescription only medicine pack sizes up to and including 120 unit doses;
 - for liquids and some creams (including special containers) up to and including 500ml/500g.

Where a pack size for a product listed in this Part exceeds the quantities stated above, the listed pack size is the only pack size considered when calculating the price.

3. Recommended International Non-proprietary Names

With effect from 1 December 2003 drugs will be listed in this Part by their recommended International Non-proprietary Name (rINN), with the exception of Adrenaline and Noradrenaline (which will be listed by their BAN). Where such products are ordered by the former BAN, reimbursement will be made whether the manufacturer of those products is using the former BAN or the rINN to name them. Where prices are calculated for Category A products such prices will be included in the calculation whether they are listed by suppliers as a former BAN or as a rINN.

4. NHS dictionary of medicines and devices (NHS dm+d)

The drugs listed in this Part will reflect the naming convention used in the NHS dictionary of medicines and devices. Where such products are ordered by another naming convention, reimbursement will be made using the Part VIII dm+d naming convention. Where prices are calculated for Category A products such prices will be included in the calculation whether they are listed by suppliers using the NHS dm+d naming convention or as other naming conventions. Products are displayed as Name, strength, modification (when present), presentation and 'freeness' (when present e.g. sugar free, gluten

BASIC PRICES OF DRUGS

free).

eg Aciclovir 400mg/5ml oral suspension sugar free.

A salt will only be displayed if more than one clinically significant salt exists in that presentation.
eg Calcium carbonate and Calcium gluconate.

Please note that the NHS dm+d uses the European Directorate for the Quality of Medicines & Healthcare (EDQM) List of Standard Terms e.g. gastro-resistant is used to describe enteric coated.

5. Symbols

The following symbols are used in Part VIIIA

- Special Container
- Item requiring reconstitution
- § Selected List Scheme (SLS)

6. Methylated Spirit

Industrial Methylated Spirit should be supplied or used and payment will be calculated accordingly, where:

6.1 "Methylated Spirit", "Spirit", "Spt. Vini. Meth.", "SVM", "IMS", is ordered alone or as an ingredient of a preparation for external use, or

6.2 A liniment, lotion, etc., in the preparation of which Methylated Spirit is permitted, is ordered and the prescriber has not indicated to the contrary.

7. Rectified Spirit

7.1 Where Alcohol (96%), or Rectified Spirit (Ethanol 90%), or any other of the dilute Ethanol is prescribed alone or as an ingredient in a medicament for external application, payment will be made for supply of Industrial Methylated Spirit unless the prescriber has indicated that no alternative may be used.

7.2 Where Alcohol (96%), or Rectified Spirit (Ethanol 90%), or any other of the dilute Ethanol is prescribed as an ingredient of a medicine for internal use, the price of the duty paid to Customs and Excise will be allowed, unless the contractor endorses the prescription form "rebate claimed".

8. Purified Water (Exclusive of ordinary potable water)

Payment for Purified Water will be made:

8.1 where it is ordered; or

8.2 where the NHSCB for England and LHB for Wales, after consultation with the Local Medical Committee and Local Pharmaceutical Committee, has decided that the water ordinarily available is unsuitable for dispensing purposes, and has notified the contractor accordingly, the pharmacist should use purified water and will be paid at the Drug Tariff rate, through local arrangements specified in the notice.

9. Actuation

Where the quantity is an actuation, it will be abbreviated in this Part to 'actn'.

10. A "Bulk" prescription is an order for two or more patients, bearing the name of a school or institution in which at least 20 persons normally reside, for the treatment of at least 10 of whom a particular doctor is responsible. Such a prescription must be an order for a drug which is prescribable under the NHS and which is not designated a "Prescription Only Medicine" (POM) under Section 58(1) of the Medicines Act 1968, or for a prescribable dressing which does not contain a product which is designated POM.

ARRANGEMENTS FOR PAYMENT FOR SPECIALS AND IMPORTED UNLICENSED MEDICINES WITH A PRICE PER UNIT ABOVE A MINIMUM QUANTITY

The arrangements laid out in this Part cover specials and imported unlicensed medicines to be priced per unit above a minimum quantity.

Basic price of certain Specials and Imported unlicensed medicines

The price listed in respect of a drug specified in the following list is the basic price on which payment will be calculated pursuant to Part I Clause 5B 1 for the dispensing of that drug.

Drugs listed in this Part have a minimum quantity and price for that quantity and a price per subsequent ml/g/tab/cap unless in a special container.

The Secretary of State determines the price based on information of manufactured specials or imports submitted by suppliers that hold a Manufacturer 'Specials' Licence or Wholesale Dealer Licence issued by the Medicine and Healthcare products Regulatory Agency (MHRA).

Formulations - The Tariff covers the formulations specified. The following symbols are used in Part VIIIB.

STD Standard formulation including standard flavours

SF Sugar free

AF Alcohol free

CF Colour free

FF Flavour free

LF Lactose free

PF Preservative free

NSF Non standard flavours

■ Special Container

§ Selected List Scheme (SLS)

Price - All unlicensed medicines in this Part are listed with a minimum quantity and corresponding price, which is payable for any amount prescribed up to the minimum quantity. Unless in a special container, subsequent quantities will be payable at the additional price per ml/g/tab/cap up to the total quantity prescribed. The price of each product listed in this Part covers the formulations specified and this price will be paid regardless of how the product was sourced.

Endorsement requirements above Part II Clause 9

It is not necessary to endorse prescription forms for unlicensed medicines listed in this Part other than with the endorsement requirements outlined in Part II Clause 9.

If the unlicensed medicine is obtained from a supplier holding a MHRA Manufacturer 'Specials' Licence or Wholesale Dealer Licence, the contractor shall endorse the prescription with the initials 'SP' to claim the additional fees payable for dispensing unlicensed medicines.

The 'ED' endorsement would only apply if the unlicensed medicine has been prepared under the manufacturing part of the Section 10 exemption from the Medicines Act 1968, by the contractor or by a third party. In this case, the contractor shall endorse the names, quantities and cost of ingredients used in preparing the special.

Arrangements for payment for all other Specials and Imported unlicensed medicines

Prescriptions for specials not listed in the Drug Tariff Part VIIIB and Part VIIID will be paid depending on how the special was sourced and the price endorsed on the prescription form.

- Where the unlicensed medicine is manufactured under a Manufacturer 'Specials' Licence or Wholesale Dealer Licence issued by the MHRA, the contractor shall endorse the:
 - initials 'SP' to claim the additional fees payable for dispensing unlicensed medicines
 - pack size from which the order was supplied
 - invoice price per pack size from which the product was supplied less discount/rebates
 - manufacturer's/wholesaler's licence number
 - batch number of the unlicensed medicine.
- Where the special has been prepared under the manufacturing part of the Section 10 exemption from the Medicines Act 1968, by the contractor or by a third party, the contractor shall endorse the names, quantities and cost of the ingredients used in preparing the special and endorse the prescription form with the initials 'ED' to claim the additional fees payable for dispensing unlicensed medicines prepared using this exemption.

**ARRANGEMENTS FOR PAYMENT FOR SPECIALS AND IMPORTED UNLICENSED
MEDICINES WITH A PRICE PER UNIT ABOVE A MINIMUM QUANTITY**

Further requirements when supplying unlicensed medicines

Contractors shall

- a Keep the following records for 5 years:
 - The source of the special or imported unlicensed product
 - The person to whom and the date on which the special or imported unlicensed product was sold or supplied
 - The prescriber's details
 - The quantity of each sale or supply
 - The batch number of the special

- b Make available these records for inspection by the Licensing Authority.

For specials not listed in the Drug Tariff Part VIIB and Part VIID, the contractor or his representative must stamp, date, initial and endorse the Certificate of Analysis (COA)/Certificate of Conformity (COC) with the invoice price less discount and prescriber's details and retain the COA/COC for 5 years.

For imported unlicensed products not listed in the Drug Tariff Part VIIB and Part VIID, the contractor or his representative shall make every reasonable effort to obtain a Certificate of Analysis (COA)/Certificate of Conformity (COC) for each imported product sourced and retain the COA/COC for 5 years.

- Where a COA/COC is available, the contractor must stamp, date, initial and endorse the COA/COC with the invoice price less discount and prescribers details.
- Where a COC/COA is not available, the contractor must stamp, date, initial and endorse the invoice with the invoice price less discount (where not clearly detailed by the supplier) and the prescriber's details.

ARRANGEMENTS OF PAYMENT FOR PRODUCTS SUPPLIED FREE OF CHARGE OR PRODUCTS WITH A NOMINAL PRICE (ENGLAND)

The price listed in respect of a drug specified in the following list is the basic price (see Part II, Clause 8) on which payment will be calculated pursuant to Part I Clause 5B.1 for the dispensing of that drug.

The products listed in this Part are products -

- (i) that the Secretary of State has centrally secured and has made arrangements for the product to be supplied to pharmacy contractors, whether directly or via an intermediary, at no cost to the pharmacy contractor, or
- (ii) the Secretary of State is on notice are available from a manufacturer or supplier at a nominal price that is significantly below the NHS list price for the product because of a commercial arrangement between NHS England and the manufacturer or supplier of the product. In these circumstances, reimbursing pharmacy contractors at the NHS list price (which would ordinarily be reflected in the Category C price) would not represent value for money. Accordingly, the Secretary of State determines a basic price for products in this Part that is based on the nominal price of the listed pack size, and so takes account of the commercial arrangement between NHS England and the manufacturer or supplier, although the Secretary of State will not have been privy to the detail of the commercial arrangement.

Where contractors are unable to source the products listed at or below the basic price listed in this Part, or who are subjected to additional charges when purchasing the products listed in this Part, they may request a review of the basic price and repayment of any additional costs incurred. The review requires the following steps to be taken. If there are any issues with the supply, ordering and pricing of the product, contractors must first contact the suppliers of the product for notification and resolution. Should no resolution be identified by the suppliers within 5 working days of receipt, then contractors should escalate to Community Pharmacy England. To support the handling of the review, contractors are required to submit evidence of any difficulties experienced including issues with pricing or supply. Any claims and supporting evidence will then be referred by Community Pharmacy England to the Department of Health and Social Care. Following a successful review, where pricing issues are identified, any adjustments will be applied by the Pricing Authority to the contractors account at the earliest possible payment date

ARRANGEMENTS FOR PAYMENT FOR SPECIALS & IMPORTED UNLICENSED MEDICINES WITH PRICES DETERMINED RELATIVE TO A COMMONLY IDENTIFIED PACK SIZE

The arrangements laid out in this Part cover specials and imported unlicensed medicines to be paid relative to a commonly identified pack size.

Basic price of certain Specials and Imported unlicensed medicines

All unlicensed medicines listed in this Part have a pack size and a price which has been determined by the Secretary of State, based on information submitted by suppliers that hold a Manufacturer 'Specials' Licence or Wholesale Dealer Licence as issued by the Medicine and Healthcare products Regulatory Agency (MHRA). The price listed in respect of a drug specified in the following list is the basic price on which payment will be calculated pursuant to Part I Clause 5B 1 for the dispensing of that drug. In calculating Part VIID reimbursement prices, for tablets and capsules, pack sizes up to and including 250-unit doses will be considered.

Formulations - The Tariff covers the formulations specified. The following symbols are used in Part VIID.

STD	Standard formulation
SF	Sugar free
AF	Alcohol free
CF	Colour free
FF	Flavour free
LF	Lactose free
NSF	Non standard flavours
PF	Preservative free
■	Special Container
§	Selected List Scheme (SLS)

The price of each product listed in this Part covers the formulations specified and this price will be paid regardless of how the product was sourced.

Endorsement requirements above Part II Clause 9

It is not necessary to endorse prescription forms for unlicensed medicines listed in this Part other than with the endorsement requirements outlined in Part II Clause 9. Broken Bulk may be claimed if necessary, unless the unlicensed medicine is classed as a special container. To claim for Broken Bulk, contractors should refer to Clause 11, Part II and contractors should endorse the prescription with 'BB'.

If the unlicensed medicine is obtained from a supplier holding a MHRA Manufacturer 'Specials' Licence or Wholesaler Dealer Licence, the contractor shall endorse the prescription with the initials 'SP' to claim the additional fees payable for dispensing unlicensed medicines.

The 'ED' endorsement would only apply if the unlicensed medicine has been prepared under the manufacturing part of the Section 10 exemption from the Medicines Act 1968, by the contractor or by a third party. In this case, the contractor shall endorse the names, quantities and cost of ingredients used in preparing the special. However, it is unlikely that products listed in this Part would be prepared using this exemption.

Arrangements for payment for all other Specials and Imported unlicensed medicines

Prescriptions for specials and imported unlicensed medicines not listed in the Drug Tariff Part VIIB and Part VIID will be paid depending on how the special was sourced and the price endorsed on the prescription form.

- Where the unlicensed medicine is manufactured under a Manufacturer 'specials' Licence or Wholesale Dealer Licence issued by the MHRA, the contractor shall endorse:
 - the initials 'SP' to claim the additional fees payable for dispensing unlicensed medicines
 - pack size from which the order was supplied
 - invoice price per pack size from which the product was supplied **less** discount/rebates
 - manufacturer's/wholesaler's licence number
 - batch number of the unlicensed medicine.
- Where the special has been prepared under the manufacturing part of the Section 10 exemption from the Medicines Act 1968, by the contractor or by a third party, the contractor shall endorse the names, quantities and cost of the ingredients used in preparing the special and endorse the prescription form with the initials 'ED' to claim the additional fees payable for dispensing unlicensed medicines prepared using this exemption.

Contractors should follow the requirements on record-keeping as set out in Part VIIB.

APPLIANCES (APPROVED LIST OF APPLIANCES - NOTES)

APPROVED LIST OF APPLIANCES

See Part II, Clause 8A (page 17)

The price listed in respect of an appliance specified in the following list is the basic price (see Part II, Clause 8) on which payment will be calculated pursuant to Part I, Clause 5B in respect of the dispensing of appliances.

NOTES

1. **Definition** - The appliances that may be supplied against orders on Forms FP10 are listed below and must conform with the specifications shown. See Part I, Clause 2 (page 4). These specifications include published official standards ie BP, BPC or relevant British, European or International Standards or the Drug Tariff Technical Specification. It should be emphasized that any appliance must conform with the entry in this part of the Tariff as well as the official standard or technical specification quoted therein.
2. **Sealed Packets** - These are those which are "tamper-evident" - sealed with an easily detachable device that prevents removal of the contents without the seal being broken. Additionally in the case of sterile products: once a sealed package has been opened it should not be possible to re-seal it easily. Where an appliance, other than a bandage, required by the Tariff to be supplied in a sealed packet is ordered of a quantity or weight not listed in the Tariff, the quantity ordered should be made up as nearly as possible with the smallest numbers of sealed packets available for the purpose. Where the quantity ordered is less than the smallest quantity/weight, supply the smallest pack. The quantity of material in each packet supplied should be recorded on the prescription form.
3. **Quality** - Medical devices placed on the Great Britain market must meet the relevant requirements of the Medical Devices Regulations 2002, including the relevant UKCA marking and conformity assessment requirements. The government has put in place legislation to extend the acceptance of CE marked medical devices on the Great Britain market up to 30 June 2030. Detail can be found on the website of the UK regulatory authority Medicines and Healthcare products Regulatory Agency (MHRA).
4. **Weights** - All weights specified in the Tariff in respect of appliances are exclusive of wrappings and packing material.
5. **Invoice price** - This is the price chargeable for the appliance to the contractor by the manufacturer, wholesaler or supplier and is exclusive of VAT.
6. **Technical Specifications** - Numbered Technical Specifications apply for some items in Part IXA/B/C and are available and can be obtained by emailing pixie@nhsbsa.nhs.uk. A list of Technical Specifications is given on page 463. UKCA and CE marked Devices have shown that they meet the essential requirements of the relevant regulations and there is no further need for them to demonstrate compliance with other specifications, such as those referred to above.
7. **Nurse Prescribing** - See Part XVIIIB for details of Nurse Prescribing.

1. The term "bandage" used in a prescription form without qualification is to be interpreted to mean an Open-Wove Bandage, Type 1 BP 5cm x 5m. All bandages supplied are to be of the lengths and widths specified in the Tariff. Where a bandage longer than those specified in the Tariff is ordered, the number of bandages which will, in total, provide the length nearest to that ordered should be supplied. Where a bandage in a width other than those specified is ordered, the next wider specified width should be supplied. 2. All bandages to be supplied completely wrapped as received from the manufacturer or wholesaler. Elastic Adhesive Bandages to be supplied sealed in containers as received from the manufacturer or wholesaler. Except where otherwise stated all bandages possessing elasticity to be not less than 4.5m in length when fully stretched.

CATHETERS, URINARY, URETHRAL

1. Catheter sizes are designated by the Charrière (Ch) gauge system - even numbers only. (The equivalent metric sizes for Charrière gauges 6-30 are 2.0mm-10.0mm, rising in 0.66mm). Where size is not stated by the prescriber, size 14 or 16 should be supplied.
2. If a balloon size is not stated by the prescriber when ordering a Foley catheter, a 10ml balloon catheter should be supplied - a 5ml balloon in the case of a paediatric catheter.
3. Where the brand is not stated by the prescriber, the basic price of each listed catheter Basic Price p supplied must not exceed:

Nélaton (Male)	44
Nélaton (Female)	40
Nélaton (Paediatric)	40
Foley (Male) long term	399
Foley (Female) long term	399
Foley (Paediatric) long term	555
4. 5-units of plastic catheters, for example, represents on average one month's supply for patients practising intermittent catheterisation.
5. *For names and addresses of suppliers see pages 781-782*
6. *The rate of use of single use Nélaton catheters is approximately between 6 and 45 times greater than reusable Nélaton catheters for patients practising intermittent catheterisation.*

All products in this category receive a home delivery fee of 340p unless marked with the symbol ♥. Products marked with this symbol receive a fee of 930p.

All products in this category must be dispensed with a supply of wipes and disposal bags.

Hydrocolloid Dressing - Semi-permeable - Sterile - With Adhesive Border

Indications: Light to medium exudating wounds.

Precautions: Not suitable for infected wounds. Heavy exudate leads to too frequent changes of dressing. Dressing should seal round the borders of a wound.

Sterile one-piece pack:**Comfeel Plus Contour**

These dressings are contoured to facilitate application to difficult areas, such as elbows and heels.

General Notes

Prescribing

Before the prescription can be dispensed the following details must be given by the prescriber.

1. Quantity - single or pair
2. Article including any accessories (see page 571-572 for knit, style and price)
3. Compression Class I, II or III

Constructional Specification

The complete structural specification, as well as performance requirements are contained in Drug Tariff Specification No. 40 (revised 2022)

Specially Made Garments

1. In cases where stock sizes are not suitable for patients owing to irregular limb dimensions, surgical stockings in the prescribed compression class, to be made to the patient's individual measurements, should be specified.
2. All such garments are specially shaped during manufacture and may have a knitted in or open heel and open or knitted in toe.

All articles must conform to BS 661210:2018+A1:2022 with regard to manufacturing standards of quality and safety, testing, compression profile, durability of compression on repeated washing and stiffness of elastic garments, marking and labelling.

Labelling

All articles must state clearly on the packaging that they conform with Drug Tariff Technical Specification No 40.

APPLIANCES**LYMPHOEDEMA GARMENTS**

NB: Where a manufacturer's custom made garments are prescribed, including specifically prescribed additional options, the dispenser must ensure that full details are clearly endorsed on the FP10. The additional options for the base garments do not attract any additional prescription charges.

One prescription charge is payable where one or more of the same base garment is supplied. More than one prescription charge is payable if different base garments (including different compression of the same garment type) are ordered.

1. Prescribers and suppliers should note that products not included in the list are not prescribable (See Part 1 Clause 2). Attention is drawn particularly to the information on the average life-in-use of each type of product which, together with the pack size, should enable prescribers to calculate their patients' requirements with reasonable accuracy.
2. Only basic information on each product has been provided and prescribers may on occasions wish to seek further information about certain products eg when assessing a patient for the first time. If so, this is always available from the manufacturers (addresses and telephone numbers are given at the end of the entry). Information may also be sought from community nurses and community pharmacists. Where possible manufacturers/suppliers' order code numbers have been shown but prescribers should note that the order numbers shown are not necessarily the full codes for the appliances they wish to order. This is particularly true of urinal systems where additional code numbers are usually necessary to denote variations from the basic design and individual sizes.
3. Prescribers are reminded that incontinence pads (including products not necessarily described as such but using the absorption principle), incontinence garments, skin wipes and occlusive devices such as female vaginal devices and male penile clamps are not prescribable under the Drug Tariff provisions.

All products in Part IXB receive a home delivery fee of 340p.

INCONTINENCE SHEATHS

The incontinence sheaths (also known as penile sheaths and external catheters) listed below, are, except where indicated, of the soft, flexible, latex type. Sheaths are available with and without fixing devices which may be applied externally (around the outside of the sheath) or internally (around the penis between the skin and the sheath). A list of fixing devices and other adhesion products is included in 'Incontinence Sheath Fixing Strips & Adhesives'.

Note: Each Sheath may be left in place for 1 to 3 days between changes.

The following symbols are used in this section

- ⊗ Non-adhesive sheath without liner

LEG BAGS

The leg bags listed are suitable for collection of urine from indwelling catheters or incontinence sheaths. They are intended for daytime use although the larger bags may have adequate capacity for overnight use by some patients. The bags may be worn in different positions on the leg and the intended position (eg thigh, knee or calf) will determine the length of the inlet tube. The bags are attached to the leg by means of straps (included with each pack) which are generally either latex or foam with velcro fasteners.

Note: Plastic leg bags identified in the list with an asterisk* may on average be used for 5-7 days. With proper care and cleansing rubber leg bags are re-usable for 4-6 months.

Symbols used in this section

S These leg bags are supplied sterile. This does not affect the guidance given in the note at the beginning.

* Plastics

W Due to the size and weight of these bags when full, this capacity of bag should be prescribed only for wheelchair-bound patients.

All products in this category must be dispensed with a supply of wipes and disposal bags.

NIGHT DRAINAGE BAGS

These bags are suitable for night-time use for the collection of urine from indwelling catheters or incontinence sheaths. They are generally used in conjunction with a bag hanger which, being a nursing aid, is not prescribable. Supply arrangements for bag hangers tend to vary throughout the country but they are normally supplied through the community nursing service.

Note: The drainage bags listed below except non-drainable bags, have a life-in-use of, on average 5-7 days.

Symbols used in this section

- # Non-drainable bags
- S These Night Drainage Bags are supplied sterile
- Single Use Only
- * Plastics

All products in this category must be dispensed with a supply of wipes and disposal bags.

SUSPENSORY SYSTEMS

These appliances should not be confused with leg bag garments which are not prescribable. Each system comprises a drainage bag with its means of support.

Note: The bags may be used for 5-7 days, sometimes longer, but the support systems will have a much longer life.

Products marked with the symbol ■ in this category must be dispensed with a supply of wipes and disposal bags.

URINAL SYSTEMS

The devices listed below are specialist appliances which comprise several components and need to be correctly fitted by someone competent to do so. Generally patients should have 2 appliances, one to wear and one to wash.

Note: In general the individual components can be prescribed separately for replacement purposes. With proper care and cleansing, each appliance should last for 6 months.

Products marked with the following symbol ■ in this category must be dispensed with a supply of wipes and disposal bags.

STOMA APPLIANCES

(Colostomy, Ileostomy, Urostomy)

1. Prescribers and suppliers should note that products not included in the list are not prescribable (See Part I Clause 2).
2. Where the information is available, the "**Reference Capacity**" of a stoma bag will be given. This is intended to give a guide of comparison between different bag sizes, but *should not be taken to indicate actual usable capacity*. "Reference Capacity" shall be measured according to BS 7127:Part 101:1991, Appendix M, with the level of water set at the lower edge of the opening of wafer or flange.
3. Only basic information has been provided and prescribers may on occasions wish to seek further information about certain products eg when assessing a patient for the first time. If so this is always available from the manufacturers (addresses and telephone numbers are given at the end of the entry). Information may also be sought from stoma nurses and community pharmacists.
4. Where the prescriber has not specified the type of appliance or part thereof or accessory, the pharmacy or appliance contractor must endorse the prescription form stating the type supplied and submit the invoice if requested by the NHSBSA, NHS Prescription Services.

All products in IXC receive a home delivery fee of 340p.

All products with convexity should only be used after prior assessment of suitability by an appropriate medical professional.

CHEMICAL REAGENTS

APPROVED LIST OF CHEMICAL REAGENTS

The only chemical reagents which may be supplied as part of the pharmaceutical services are those listed in Part IXR of the Tariff.

The price listed in respect of a chemical reagent specified in the following list is the basic price on which payment will be calculated pursuant to Part I, Clause 5B for the dispensing of that chemical reagent.

The Notes to Part IX shall also apply to Part IXR when 'chemical reagent(s)' shall be substituted for 'appliance(s)'.

All quantities within this section are those of the manufacturer's original pack and are special containers (see Drug Tariff Part II, Clause 10B)

HOME OXYGEN THERAPY SERVICE

1. HOME OXYGEN

- 1.1. Clinical best practice guidelines advise that oxygen therapy should be provided for patients in the home only after careful evaluation and never on a placebo basis. Oxygen may be supplied depending on the type of therapy required by a patient - for example, short burst (or intermittent) or long term therapy. The British Thoracic Society has issued updated clinical best practice guidelines for the assessment and provision of oxygen therapy. See the BTS website at <http://www.brit-thoracic.org.uk>
- 1.2. Extracts from the guidelines are included below.

Home Oxygen Service Arrangements from December 2010

- 1.3. On 3 December 2010, the Department of Health and Social Care and the Welsh Government appointed five companies to the National Framework Agreement (NFA) for the delivery of an integrated (cylinder, concentrator, liquid) and standardised home oxygen service in England and Wales. Appointment to the NFA allowed these companies to bid for the regional contracts.
- 1.4. Four companies for England and Wales now meet all the home oxygen needs in all regions. Contact details for each supplier providing the service in each oxygen service region in England and in Wales are included at section 5. There is a free phone arrangement
- 1.5. Although the South West region is supplied by one of the four suppliers the service specification they operate on is based on the 2008 specification.

Home Oxygen Order Form (HOOF)

- 1.6. The supplier will provide the oxygen ordered by clinical staff on a Home Oxygen Order Form (HOOF) and comes in 2 parts:
 Part A: Before Oxygen Assessment - Non-Specialist or Temporary Order
 Part B: After Specialist / Paediatric Oxygen
 Part A can be downloaded from:
http://www.pcc-cic.org.uk/sites/default/files/articles/attachments/new_hoof_form_v7.pdf
 Part B is available from the Regional/ICB HOS Lead

Ordering Home Oxygen Services

- 1.7. All registered health care professionals may order home oxygen for delivery direct to patients at home. Clinical staff should indicate the service(s) required on the form, together with details of the patient's oxygen flow rate and hours of use. Where a patient is awaiting referral for clinical assessment, advice is that a flow rate of 2l/min might be specified when ordering home oxygen. On assessment, the clinical specialist team will determine whether a patient's flow rate and hours of use require adjustment.
- 1.8. The supplier will provide the equipment as listed on the HOOF, provided it poses no risk to the patient or surrounding areas. In such cases the supplier will escalate to the health care professional. The supplier is also responsible for arrangements for the payment of patient's electricity costs associated with use of equipment supplied.
- 1.9. These services, including advice to clinical staff, patients and their carers on the use of oxygen equipment supplied, are available on a 24 hour, 7 day a week basis. There is a free phone arrangement for patient use.
- 1.10. Details of the service specification, including requirements to support the discharge of patients from hospital and the response times for the delivery of each service, are available on the website listed at paragraph 1.6.

HOME OXYGEN THERAPY SERVICE

2. EMERGENCY HOME OXYGEN SERVICE

- 2.1. Where a clinician decides that a patient requires oxygen at home as soon as possible, the supplier may be requested to deliver this to the patient's home within four hours. This service carries a higher service cost than a standard 3 working day installation and should only be used for urgent new orders. It is inappropriate to order home oxygen on an emergency basis where a patient or carer has forgotten to order supplies - particularly if the patient has access to a back up cylinder to meet his/her immediate needs. Each oxygen supplier operates a 24 hour, 7 day a week helpline.

Assessment for home oxygen

- 2.2. Patients should be assessed by a competent and qualified health care professional for all their oxygen therapy; long term, short burst and ambulatory, according to national clinical guidelines.

3. CHANGES TO A PATIENT'S REQUIREMENTS

A Patient's Oxygen Needs

- 3.1. If for any reason, a clinician wishes to alter the patient's oxygen supply, he will need to inform the patient and complete a new order for home oxygen and send this to the supplier. The supplier will make the necessary arrangements to adjust or provide new equipment, as appropriate. **The supplier will not be able to make these changes until a revised order for home oxygen has been received.**

Holiday Arrangements and Attendance at School or Workplace

- 3.2. A clinician may also wish to make arrangements for a secondary order for oxygen therapy - that is, for delivery to a location other than the patient's home. For example, where a patient remains able to attend school or the workplace or where a patient wishes to go on holiday within England and Wales
- 3.3. In these circumstances, the clinician will need to complete a secondary order, providing details of the address for delivery of the equipment. In the case of holidays, the patient can arrange this directly with their home supplier provided no changes are needed to their current mode of supply. The supplier will make the necessary arrangements to install and remove this equipment, subject to prior agreement by those concerned (for example, school, employer, hotel etc).
- 3.4. The supplier is not responsible or required to secure agreement to provide home oxygen equipment in a location other than a patient's home. This will need to be obtained by the patient or patient's family in relation to holiday accommodation or the patient's workplace. Agreement to the provision of oxygen equipment in schools may be arranged through the School Health Service. **The supplier will be unable to provide oxygen equipment in a location other than the patient's home unless prior agreement has been obtained.**
- 3.5. The arrangements set out in paragraph 3.3 do not apply to patients wishing to take holidays outside the UK. In these circumstances, patients should seek advice on reciprocal arrangements for health care between the United Kingdom and other countries (this is available in a Department of Health and Social Care leaflet and on the Department of Health and Social Care website - <http://www.dh.gov.uk>). Patients may also wish to discuss any private arrangements for the provision of oxygen supplies that may be available from their local oxygen service supplier.
- 3.6. Current arrangements for the provision of oxygen therapy to patients at home will continue in Scotland - that is, pharmacy contractors providing a cylinder service and the concentrator service delivered under contract with a separate supplier. ICBs for England/LHBs in Wales will be advised as to arrangements for patients wishing to visit Scotland - for example, for holidays or to stay with friends or relatives.

HOME OXYGEN THERAPY SERVICE

Patient's Use of Oxygen

- 3.7. It is for clinical staff to counsel patients on the need for oxygen therapy and the regime to be followed to achieve the benefits. The supplier will provide equipment to deliver the required flow rate and hours of use specified on the HOOF. However, if a patient or carer continues to adjust equipment to change the flow rate, the supplier will inform the clinician so that the patient can be advised further as to flow rate or for review of oxygen therapy needs. The supplier cannot change the flow rate specified by a clinician. If a clinician is concerned that a patient may persist with over use of oxygen, he may wish to put in place monitoring arrangements and discuss these with the supplier, as necessary.

Withdrawal of Home Oxygen Service

- 3.8. The supplier is contracted to provide the service ordered until he is informed otherwise and, thus, will continue to make a charge for the service until notified that it should be withdrawn. Therefore, it is essential that the supplier is informed as soon as possible where oxygen therapy is no longer required by a patient - for example, due to the death of a patient or, following assessment or review of a patient's needs, that the patient no longer requires oxygen therapy.

Death of a Patient

- 3.9. Where a patient receiving home oxygen therapy dies, his GP practice or a member of the clinical specialist team treating the patient, as appropriate, should advise the relevant ICB for England, LHB for Wales, so that arrangements can be made for withdrawal of this service by the ICB for England, LHB for Wales.

Where a Patient discontinues oxygen therapy

- 3.10. Where, following review of need, home oxygen therapy is no longer required by a patient, his GP practice or a member of the clinical specialist team treating the patient, as appropriate, should advise the relevant ICB for England, LHB for Wales, so that arrangements can be made for withdrawal of this service by the ICB for England, LHB for Wales.

Removal of Oxygen Equipment from a Patient's Home

- 3.11. A supplier may be requested to remove equipment from a patient's home by
- 3.11.1 the patient's GP practice or a member of the clinical specialist team treating the patient or
 - 3.11.2 a person authorised by the relevant ICB for England, LHB for Wales or
 - 3.11.3 a patient or patient's relative or carer. Where a patient, a patient's relative or carer requests removal of equipment, the supplier is required to inform the clinician who has ordered the service and the relevant ICB for England, LHB for Wales immediately of the details and date of receipt of the request.
- 3.12. The ICB for England, LHB for Wales should inform the Pricing Authority of withdrawal of the service where
- 3.12.1 a GP practice or a member of a specialist team has informed the ICB for England, LHB for Wales that a patient has died or has discontinued oxygen therapy and/or where the GP practice or member of the specialist team has informed the ICB for England, LHB for Wales that the supplier has been requested to remove equipment from the patient's home or
 - 3.12.2 the supplier has informed the ICB for England, LHB for Wales that he has received a request from the patient, the patient's relative or carer to remove equipment from the patient's home or
 - 3.12.3 where a person authorised by the ICB for England, LHB for Wales has requested the supplier to remove equipment from the patient's home.
- 3.13. When informing the Pricing Authority of the withdrawal of the service, the ICB for England, LHB for Wales, should include the date of any request to the supplier to remove equipment from a patient's home.
- 3.14. The supplier is required to remove the equipment within 14 days of receiving a request for removal.

HOME OXYGEN THERAPY SERVICE

4. CLAIMS FOR PAYMENT

Each oxygen service supplier listed at section 5 will be able to access the Pricing Authority website and submit oxygen payment claims at any time within the first 10 calendar days of the month following that in which the home oxygen service has been provided.

In Wales, claims should be submitted to the relevant LHB or the LHB's nominated representative body.

This Part has been rescinded and is intentionally blank.

PHARMACY ACCESS SCHEME (ENGLAND)

1. Premise

- 1.1 The aim of the Pharmacy Access Scheme (PhAS) is to ensure that a baseline level of patient access to NHS community pharmaceutical services in England is protected. Qualifying pharmacies will receive an additional payment.
- 1.2 The PhAS has been designed to capture the pharmacies that are most important for patient access, specifically those pharmacies where patient and public access would be materially affected should they close.

2. PhAS until 31 December 2021

- 2.1 The following pharmacies will be excluded from the scheme:
 - (i) Pharmacies in areas with dense provision of pharmacies.
 - (ii) Pharmacies, which dispense a high number of prescription items per year (109,012 or more items per year).
 - (iii) Distance selling pharmacies.
 - (iv) Local pharmaceutical services (LPS) pharmacies¹.
- 2.2 The scheme will include a review process to deal with any inaccuracies in calculations, or any unforeseen circumstances or exceptional geographical factors affecting access, like a road closure. The review process will also include cases where there may be a high level of deprivation, and pharmacies are 0.8 to 1 mile from another pharmacy, but critical for access.

¹ If a pharmacy with an LPS contract would have qualified for the PhAS were it on the pharmaceutical list, and then is included in the pharmaceutical list after 1 September 2016 because of a right of return or other contractual change, that pharmacy will be treated for the purposes of the PhAS as if it actually were on the pharmaceutical list on 1 September 2016.

3. Entitlement

- 3.1 From 1 December 2016 a pharmacy contractor will be eligible for the PhAS if it meets all of the following criteria:
 - (a) The pharmacy is more than a mile away from its nearest pharmacy as at 1 September 2016 (measured by road distance); and,
 - (b) The pharmacy is on the pharmaceutical list as at 1 September 2016; and,
 - (c) The pharmacy dispenses less than 109,012 prescription items per year².
- 3.2 The list of eligible pharmacy contractors is published at <https://www.gov.uk/government/publications/community-pharmacy-reforms>. The list will be fixed for the length of the scheme as set out in 3.1³.

² Contractors, who were not open for a full year in 2015/16, will have their payments capped if they exceed 109,012 items in the financial year.

³ Pharmacy contractors, who will be subject to temporary arrangements as per section 29 of the NHS (Pharmaceutical and Local Pharmaceutical Services) Regulations 2013, will be kept on the list of eligible contractors. However, any permanent changes, which result in the contractor not fulfilling the PhAS criteria as per paragraph 3.1, will result in the contractor being deleted from the list.

4. Payment

- 4.1 The payment calculation for PhAS is calculated in the following way:
 - 4.1.1 December 2016 to March 2017 –

Step 1 – take the 2015/16* remuneration (total fees and allowances plus 80p per item indicative for medicine margin) for a contractor and apply to it 1% efficiency savings.

Step 2 – calculate contractor's estimated remuneration for 2016/17 based on dispensed items in 2015/16* using fees and allowances for the first eight months of the year as at April 2016 and fees and allowances for the last four months of the year as at 1 December 2016 plus 77p per item indicative for medicine margin**.

PHARMACY ACCESS SCHEME (ENGLAND)

Step 3 – take the difference between Step 1 and Step 2 to obtain the full payment.

Step 4 – divide by four the number obtained in Step 3 to obtain a monthly payment.

4.1.2 April 2017 to March 2018 –

Step 1 – take the 2015/16* remuneration (total fees and allowances plus 80p per item indicative for medicine margin) for a contractor and apply to it 3% efficiency savings.

Step 2 – calculate contractor's estimated remuneration for 2017/18 based on dispensed items in 2015/16* using fees and allowances as at 1 April 2017 plus 76p per item indicative for medicine margin***, and £6,400 Pharmacy Quality Scheme Payment****.

Step 3 – take the difference between Step 1 and Step 2 to obtain the full payment.

Step 4 – divide by twelve the number obtained in Step 3 to obtain a monthly payment.

4.1.3 Payments from April 2018, until otherwise determined, will be the monthly payment determined for April 2017 - March 2018.

4.2 Eligible PhAS pharmacy contractors will receive a fixed monthly payment based on the calculation outlined in paragraph 4.1.

4.3 Eligible PhAS pharmacy contractors will not be required to make a claim.

4.4 Eligible PhAS pharmacy contractors will receive the Pharmacy Quality Scheme reconciliation payment if appropriate as outlined in Part VIIA.

*Payments to pharmacy contractors, for which we have less than twelve months' worth of data and, as appropriate, former LPS pharmacies, will be adjusted accordingly.

**£800 million divided by a volume increase of 2.0%

***£800 million divided by a volume increase of 4.04%

****This calculation assumes pharmacy contractors achieve 100 points at £64 per point.

In 2019, the name of the Quality Payment Scheme was changed to Pharmacy Quality Scheme.

5. Review Process

5.1 A review process is included in the scheme to allow for consideration of extenuating circumstances which may mean that access is not being protected in the way intended by the scheme. The cases that will qualify for a review are as follows:

5.1.1 Inaccuracies (for example if the pharmacy postcode is incorrect or the distance from the next pharmacy is calculated incorrectly).

5.1.2 Physical feature anomalies (such as a semi-permanent roadblock meaning two pharmacies are then more than 1 mile from each other) and where the pharmacy is critical for access.

5.1.3 "Near miss" pharmacies (i.e. located 0.8 miles or more from another pharmacy) in areas of the top 20% (of Lower Layer Super Output Areas (LSOAs), when ranked by the Index of Multiple Deprivation) most deprived areas in England and who are critical for access.

5.2 Pharmacies, which dispense more than 109,012 items per annum, will not be considered for the review process.

5.3 Applications for review must be made within three months of the start of the scheme (1 December 2016) and NHS England will accept applications for review from 1 November 2016. Reviews will be administered and completed by NHS England; including the assessment of and decisions taken on all applications for review. Applications for review in cases relating to physical feature anomalies will be considered beyond this three month period, but only if the application relates to a change in circumstances which occurs after the end of the three month period. In such cases, the application for review must be brought within three months of the change in circumstances. Details of where to send requests for reviews are available at <http://www.nhsbsa.nhs.uk/PrescriptionServices/5827.aspx>. NHS England will aim to complete a review within six weeks of receiving a request.

PHARMACY ACCESS SCHEME (ENGLAND)

6. PhAS from 1 January 2022

- 6.1 The following pharmacies will be excluded from the scheme:
- (i) Distance selling pharmacies.
 - (ii) Local Pharmaceutical Services (LPS) pharmacies¹.
 - (iii) Pharmacies in areas with dense provision of pharmacies.
 - (iv) Pharmacies, which received less than 1,200 or more than 104,789 Single Activity Fees (SAFs) in 2019/20.
- 6.2 If a pharmacy with an LPS contract would have qualified for the PhAS were it on the pharmaceutical list, and then is included in the pharmaceutical list after 31 March 2021 because of a right of return or other contractual change, that pharmacy will be treated for the purposes of the PhAS as if it were on the pharmaceutical list on 31 March 2021. LPS pharmacies returning to the pharmaceutical list, if meeting eligibility criteria outlines in paragraph 6.1, will receive backdated payments from 1 January 2022 or the date they returned to the pharmaceutical list: whichever is later.
- 6.3 The scheme will include a review process to deal with any inaccuracies in calculations, or any unforeseen circumstances or exceptional geographical factors affecting access, like a road closure.

7. Entitlement

- 7.1 From 1 January 2022 a pharmacy contractor will be eligible for the PhAS if they meet all of the following criteria:
- (i) Physical distance from other pharmacies:
 - (a) The pharmacy's postcode is not in the 20% most deprived areas of England (according to the Index of Multiple Deprivation 2019) and the pharmacy is more than a mile away from its nearest pharmacy as at 31 March 2021 (pharmacy to pharmacy distance is measured using Ordnance Survey¹); or
 - (b) The pharmacy's postcode is in the 20% most deprived areas of England and the pharmacy is more than 0.8 mile away from its nearest pharmacy as at 31 March 2021 (pharmacy to pharmacy distance is measured using Ordnance Survey Road¹); or
 - (c) The pharmacy was more than a mile away from its nearest pharmacy in 2016 (prior to the review process) and the new distance determination calculated in 2021 is the only reason precluding that pharmacy from PhAS eligibility (i.e. there was no change in geographical location since 2016 for the pharmacy premises and its next nearest pharmacy and / or the algorithm shows that a different pharmacy is the nearest one in comparison to the 2016 data); or
 - (d) The pharmacy was deemed eligible for PhAS scheme in 2016 via the "near miss" criteria in the review process and the new distance determination calculated in 2021 is the only reason precluding that pharmacy from PhAS eligibility (i.e. there was no change in geographical location since 2016 for the pharmacy premises and its next nearest pharmacy).
 - (ii) The pharmacy is on the pharmaceutical list as at 31 March 2021.
 - (iii) The pharmacy received between 1,200 and 104,789 SAFs in 2019/20 (to note – for pharmacy contractors, who opened part way through 2019/20, their number of paid SAFs for the months they were opened were scaled up to 12 months and for pharmacy contractors, who opened during 2020/21, their number of paid SAFs during 2020/21 were scaled up to reflect a full year and used as proxy for 2019/20).
 - (iv) Pharmacy premises must be directly accessible to the public.

¹ The analysis to establish walking distances between pharmacies is underpinned by the UK national mapping agency, Ordnance Survey (OS) mapping products for official addressing (Ordnance Survey AddressBase) to locate pharmacies from address details, and for highways routing networks (Ordnance Survey MasterMap Highways Network Roads and Paths) datasets to create the walking routes. The respective datasets were the versions

PHARMACY ACCESS SCHEME (ENGLAND)

extracted on 31 March 2021 according to OS product revision cycle for each dataset. The analysis to generate the walking routes between pharmacies was undertaken using the ESRI ArcGIS software products ArcGIS Pro and related Network Analyst Extension.

- 7.2 The list of eligible pharmacy contractors is published at <https://www.gov.uk/government/publications/community-pharmacy-contractual-framework-2019-to-2024>.
- 7.3 A condition of the first (January) PhAS payment, which will be paid out with the reconciliation payment on 1 April 2022, is that the pharmacy contractor must be registered on the Manage Your Service (MYS) platform to provide the Community Pharmacist Consultation Service (CPCS) on 31 December 2021. For the pharmacy contractor to continue to receive the monthly PhAS payment as part of their reconciliation payment, they must have been registered to provide the CPCS on the MYS platform up until 31 January 2024 for greater than or equal to half of the number of full days in the relevant month. The CPCS service will expand to become the Pharmacy First Service - further details will be published in Part VIC. From 1 February 2024 contractors must ensure they are registered for the Pharmacy First Service on the MYS platform greater than or equal to half of the number of full days in the relevant month to continue to receive PhAS monthly payment. From 1 January 2026, a contractor does not qualify for the month's PhAS payment if the pharmacy has been closed for that month or has dispensed no prescriptions during that month.
- 7.4 Pharmacy contractors, who will be subject to temporary arrangements as per section 29 of the NHS (Pharmaceutical and Local Pharmaceutical Services) Regulations 2013, will be kept on the list of eligible contractors. However, any permanent changes, which result in the contractor not fulfilling the PhAS criteria as per paragraph 6.1 (i) and (iv), will result in the contractor being deleted from the list.

8. Payment

- 8.1 Eligible PhAS pharmacy contractors will not be required to make a claim and they will receive a monthly payment with their reconciliation payment as per Table 1 providing they meet the eligibility criteria outlined in paragraph 6.1 and the requirement in paragraph 7.3.

Table 1. Monthly PhAS payments from January 2022

PHARMACY ACCESS SCHEME (ENGLAND)

-
- 8.2 Pharmacy contractors should note that the monthly payments outlined in Table 1 might be subject to change.

9. Review Process

- 9.1 A review process is included in the scheme to allow for consideration of extenuating circumstances which may mean that access is not being protected in the way intended by the scheme. The cases that will qualify for a review are as follows:
- 9.1.1 Inaccuracies (for example if the pharmacy postcode is incorrect or the distance from the next pharmacy is calculated incorrectly).
 - 9.1.2 Physical feature anomalies (such as a semi-permanent roadblock meaning two pharmacies are then more than 1 mile from each other).
- 9.2 Pharmacies, which were paid fewer than 1,200 or more than 104,789 SAFs in 2019/20 will not be considered for the review process.
- 9.3 Applications for review must be submitted between 4 January and 4 March 2022. Reviews will be administered and completed by NHS England and NHS Improvement (NHSE&I), including the assessment of and decisions taken on all applications for review. All pharmacy contractors will be informed of the outcome of the review process by the end of May 2022.
- 9.4 Contractors must apply for the review process through a portal commissioned by NHSE&I. The detail of how to apply will be communicated to contractors prior to 1 January 2022. Applications for review must contain evidence of how the contractor meets the eligibility criteria (for example, proof of their correct address, a physical anomaly along the mapped route or distance from another pharmacy). Only distance data from Ordnance Survey Road network mapping will be accepted as evidence for the purpose of the review process.
- 9.5 Contractors, who are deemed to be eligible for PhAS through the review process, will have their payments backdated to 1 January 2022.
- 9.6 Appropriate review processes will be adopted for relevant pharmacies with LPS contracts that return to the pharmaceutical list.

ESSENTIAL SMALL PHARMACIES SCHEME (ESPS)(WALES)

In Wales:

ESPS arrangements for those pharmacy contractors qualifying for ESPS payments from April 2025 are as follows:

1. Interpretation

In this Part -

"Authority" means the LHB for Wales in whose locality the premises are located;

"Contractor" means only the pharmacy contractor whose name is included in a pharmaceutical list of the Authority;

"pharmacy" means a pharmacy at premises from which the contractor supplies pharmaceutical services;

"premises" means the premises from which the contractor provides pharmaceutical services;

"year" means the period from 1 April in any one year to 31 March of the following year.

2. Entitlement

2.1. Where, in any year -

2.1.1 the pharmacy dispenses fewer than 35,160 prescriptions; and

2.1.2 that pharmacy is more than 1 kilometre by the nearest practicable route available to the public on foot from the next nearest pharmacy or is less than 1 kilometre but previously qualified as a special consideration case and the circumstances of the pharmacy remain unchanged; and

2.1.3 in the case of pharmacy which has, in the year immediately preceding that year, dispensed fewer than 6,000 prescriptions, the authority certifies in writing at the beginning of that year that the pharmacy is essential to the proper provision of pharmaceutical services, the contractor shall, subject to the following subparagraphs, be entitled to ESPS payments calculated in accordance with paragraph 3 below.

(Note. No new special consideration cases will be entertained).

2.2. A contractor shall be entitled to claim ESPS payments in any year if, on or before 31 January of that year, he estimates, on the basis of the number of prescriptions dispensed in the preceding twelve months or having regard to any special circumstances, that the number of items to be dispensed in the next year will be less than 35,160.

2.3. The contractor shall apply to the Authority for ESPS payments, in the form specified (Form ESPS1 for contractors on the list not less than 10 months at 31 January of the financial year to which the application relates and Form ESPS2 for those on list less than 10 months) on or before 31 January of the financial year to which the application relates.

2.4. Before any payment is made, the contractor shall declare to the Authority his estimate of the number of prescriptions dispensed by the pharmacy in the previous year, if the Authority is satisfied that -

2.4.1 that number is less than 35,160

2.4.2 that the number of prescriptions to be dispensed in the year to which the claim relates is unlikely to exceed 35,160 and

2.4.3 the conditions set out in sub-paragraph 2.1.2 and 2.1.3 above are met, payments shall be made by the Authority in accordance with paragraph 3, subject to the conditions in sub-paragraphs 2.5 and 2.6.

2.5. The Authority, will as soon in the current financial year as they have available the Pricing Authority figure of prescriptions dispensed by the contractor during the preceding financial year, compare this with the contractor's declared estimated figure (sub-paragraph 2.4 above) and if the PA figure of prescriptions dispensed in the previous financial year is 35,160 or more,

ESSENTIAL SMALL PHARMACIES SCHEME (ESPS)(WALES)

the ESPS payments made so far in the current financial year shall be recovered from the contractor in the 3 months following that in which the last ESPS payment was made.

- 2.6. Where, at any time in any year during which ESPS payments are made to the contractor in respect of a pharmacy:
- 2.6.1 the number of prescriptions dispensed by that pharmacy exceeds 35,160 the contractor shall be deemed not to have been entitled to ESPS payments for that year in respect of that pharmacy, and any such payment made to him in that year shall be recovered from the remuneration due to him in the 3 months immediately following the month in which the number of prescriptions dispensed reached 35,160.
 - 2.6.2 a second contractor begins to provide pharmaceutical services from a pharmacy at premises which are less than 1 kilometre by the nearest practicable route available to the public on foot from the premises of the first contractor, payment to the first contractor shall continue at the full rate for the remainder of the year and will then cease.
 - 2.6.3 in a case to which sub-paragraph 2.1.3 applies, the Authority decides that the pharmacy is no longer essential, it shall notify the contractor and after the date of that notification no further ESPS payments shall be paid in that year in respect of that pharmacy.
- 2.7. Where the provision by the contractor of pharmaceutical services from any premises has just begun, the preceding sub-paragraphs shall be modified as follows:
- 2.7.1 the contractor may apply to the Authority for ESPS payments, in the form specified (Form ESPS2) at any time during the year;
 - 2.7.2 he shall be entitled to ESPS payments if -
 - 2.7.2.1 in the case of a contractor who is providing services from premises from which, immediately before the day on which he began to provide those services, those services were provided by another contractor, the number of prescriptions dispensed in the twelve months immediately preceding that day was less than 35,160;
 - 2.7.2.2 in any other case, he estimates, and the Authority is satisfied that, less than 35,160 prescriptions will be dispensed in the first twelve months of the provision of pharmaceutical services, and
 - 2.7.2.3 in any case the condition in sub-paragraph 2.1.2 is satisfied;
 - 2.7.3 any entitlement shall begin -
 - 2.7.3.1 if the claim is made within 3 months of the entry on the list in question, from the date of entry;
 - 2.7.3.2 in any case, from the date on which the application is made.

ESSENTIAL SMALL PHARMACIES SCHEME (ESPS)(WALES)**3. Payments**

- 3.1. From 1 April 2025, ESPS payments shall be the difference between one-twelfth of the target payment (£100,075) and the remuneration due (i.e. professional fees as in Part IIIA and any payments made under Part VIA but excluding payments made under Part IIIA 3.F and Part VIA 4), subject to para 3.3 below. See worked example.
- 3.2. Payments shall be made in arrears.
- 3.3. From 1 April 2025, the maximum monthly payment shall be £8,339. If in any month the contractor is entitled to more than the maximum payment, the amount due shall be carried forward and paid in the following month, again subject to the maximum monthly payment applicable to that second month.
- 3.4. Any over, or any under, ESPS payment shall be if necessary, corrected in the remuneration paid in the first month of the following year.
- 3.5. Where a contractor normally provides pharmaceutical services at a pharmacy for less than 35 hours a week, any ESPS payment shall be calculated by reference to the following formula:
- 3.5.1 $\text{Average hours}/35 \times \text{payments appropriate to a full-time pharmacy with the same prescription volume, as determined by the Welsh Ministers.}$

4. Worked Example

4.1. Month 1.

April calculate 1/12 of target payment £100,075

make ESPS payment of the difference between calculated amount and remuneration due.

4.2. Month 2.

May calculate 2/12 of target payment £100,075

make ESPS payment of the difference between calculated amount and sum of total payment of remuneration due plus ESPS made in month 1 and remuneration due in month 2.

4.3. Month 3.

June calculate 3/12 of target payment £100,075

make ESPS payment of difference between calculated amount and sum of total payments made in months 1 and 2 and remuneration due in month 3.

PAYMENTS IN RESPECT OF FOUNDATION TRAINEE PHARMACISTS (FORMERLY PRE-REGISTRATION TRAINEES)

In England only:

1. From 1 July 2025 funding of £26,500 per year will be payable to pharmacy contractors who provide foundation trainee pharmacists (formerly known as pre-registration trainees) with the training experience needed by pharmacy graduates and certain undergraduates for admission to the General Pharmaceutical Council's Register of Pharmacists. From 1 November the total funding will increase to £27,295. This will be reflected in payments from November and an uplift will be applied to payments already made from 1 July 2025 to 31 October 2025. The funding supports one full-time equivalent, employed for a period of at least 52 weeks, and is payable at annual rates in respect of each foundation training place filled by a pharmacy graduate and recognised by NHS England as foundation training, or an undergraduate on a sandwich course recognised by the General Pharmaceutical Council as foundation training.
2. Pharmacy contractors who have undertaken to provide foundation training should submit a claim for the training period they will provide to NHS England via the NHSBSA Manage Your Service (MYS) portal at the start of the training period. Where a contractor submits a claim by the 5th of the month after the training period begins, NHS England will arrange for the funding to be paid in 12 instalments unless the programme is a sandwich course, in which case the number of instalments will reflect the length of the training offered within each training period. Where a contractor submits a claim in a following month, NHS England will arrange for the funding to be paid in a first instalment covering the months between the date that the foundation training began and the claim submission, with remaining instalments up to the end of the training period being paid monthly in arrears. Where a claim is made by the 5th of the month, payments will be made in line with the normal pharmacy payment timetable.
3. Contractors MUST notify NHS England via the MYS portal if the arrangement to provide foundation training ceases.

REWARD SCHEME - FRAUDULENT PRESCRIPTION FORMS

Payments to chemists who claim a payment under Regulation 97(1) of the National Health Service (Pharmaceutical and Local Pharmaceutical Services) Regulations 2013 for England and under Regulation 58(1) of The National Health Service (Pharmaceutical Services) (Wales) Regulations 2020 for Wales.

The Scheme allows chemists to claim a financial reward where they have identified a fraudulent prescription form and thereby either prevented fraud or contributed with valuable information to the investigation of fraud. A reward is payable where:

- fraudulent activity can be proven
- the conditions for the scheme are met as set out below.

Slightly different versions of the Scheme apply in England and Wales.

PART I: ENGLAND

The NHS Counter Fraud Authority (NHSCFA)(Referred to below as the Authority) is responsible for receiving and considering claims for reward payments in England.

The Scheme applies to all claims which are received by the Authority on or after 7 May 2003.

Retention and Reporting Reward: claims where a chemist -

- (a) has not provided the drugs, medicines or listed appliances ordered on the fraudulent prescription form, or
- (b) has provided the drugs, medicines or listed appliances ordered on the fraudulent prescription form, but had reason to believe at the time or subsequently came to have reason to believe that the form is fraudulent,

and reports this to the relevant authorities as laid out below.

The chemist will be eligible for a payment of £70, where all the conditions for either the retention element of the reward or the reporting element of the reward are met. Only one reward will be payable for each dispensing occasion.

The conditions for the retention element of the reward are:

- i the drugs, medicines or listed appliances specified on the fraudulent prescription form have not been provided, the prescription form has been retained by the chemist, and the NHS Commissioning Board has been informed as soon as practicable, in accordance with Regulation 97(1)(a) of the National Health Service (Pharmaceutical and Local Pharmaceutical Services) Regulations 2013;
- ii a claim is made by contacting the Authority as soon as practicable, normally within 7 days of the form having been presented. A claim form provided by the Authority must be completed and returned to the Authority, along with the original prescription form, normally within 28 days of the form having been presented; and
- iii the form presented as a prescription form was not a genuine order for the person named on the form. An order would not be a genuine order if, for example, it had been stolen or counterfeited and not signed by an authorised prescriber; or had been altered otherwise than by the authorised prescriber by whom it was issued.

The conditions for the reporting element of the reward are:

- i the drugs, medicines or listed appliances specified on the fraudulent prescription form have been dispensed, but the chemist has reason to believe at the time or subsequently comes to have reason that the order is not genuine;
- ii the chemist has notified the NHS Commissioning Board as soon as practicable, in accordance with Regulation 97(1)(b) of the National Health Service (Pharmaceutical and Local Pharmaceutical Services) Regulations 2013;
- iii a claim is made by contacting the Authority as soon as practicable, normally within 7 days of the form having been presented. A claim form provided by the Authority must be completed

REWARD SCHEME - FRAUDULENT PRESCRIPTION FORMS

and returned to the Authority along with the original prescription form, normally within 28 days of the form having been presented;

- iv a detailed explanation of why the chemist felt it necessary to dispense must be included on the claim form. A reward will only be payable where the Authority is satisfied that the chemist had good and sufficient reasons to dispense; and
- v the form presented as a prescription form was not a genuine order for the person named on the form. An order would not be a genuine order if, for example, it had been stolen or counterfeited and not signed by an authorised prescriber; or had been altered otherwise than by the authorised prescriber by whom it was issued.

Where the time-limits for either contacting the Authority and the NHS Commissioning Board or for returning a claim form to the Authority, as specified above, are exceeded, the Authority will nevertheless consider a claim if there are exceptional circumstances justifying the delay.

PART II: WALES

Individual Local Health Boards are responsible for receiving and considering claims for reward payments in Wales.

The Scheme applies to all claims which are received by Local Health Board Local Counter Fraud Teams on or after 1 February 2003.

Retention and Reporting Reward: claims where a chemist -

- (a) has not provided the drugs, medicines or listed appliances ordered on the fraudulent prescription form,
or
- (b) has provided the drugs, medicines or listed appliances ordered on the fraudulent prescription form, but had reason to believe at the time or subsequently came to have reason to believe that the form is fraudulent,

and reports this to the relevant authorities as laid out below.

The chemist will be eligible for a payment of £70, where all the conditions for either the retention element of the reward or the reporting element of the reward are met. Only one reward will be payable for each dispensing occasion.

The conditions for the retention element of the reward are:

- i the drugs, medicines or listed appliances specified on the fraudulent prescription form have not been provided, the prescription form has been retained by the chemist, and the Local Health Board has been informed immediately, in accordance with regulation 58 of the National Health Service (Pharmaceutical Services) (Wales) Regulations 2020;
 - ii a claim is made by contacting the Local Health Board as soon as practicable, normally within 7 days of the form having been presented. A claim form provided by the Local Health Board must be completed and returned, along with the original prescription form, normally within 28 days of the form having been presented; and
-

REWARD SCHEME - FRAUDULENT PRESCRIPTION FORMS

-
- iii the form presented as a prescription form was not a genuine order for the person named on the form. An order would not be a genuine order if, for example, it had been stolen or counterfeited and not signed by an authorised prescriber; or had been altered otherwise than by the authorised prescriber by whom it was issued.

The conditions for the reporting element of the reward are:

- i the drugs, medicines or listed appliances specified on the fraudulent prescription form have been dispensed, but the chemist believes at the time or subsequently comes to believe that the order is not genuine;
- ii the chemist has notified the Local Health Board as soon as practicable, and in any case within 14 days of the order being presented to the chemist, in accordance with regulation 58 of the National Health Service (Pharmaceutical Services) (Wales) Regulations 2020;
- iii a claim is made by contacting the Local Health Board as soon as practicable. A claim form provided by the Local Health Board (available from:
<https://nwssp.nhs.wales/ourservices/primary-care-services/primary-care-services-documents/community-pharmacy-downloads/pharmacy-reward-scheme-claim-form/>
)
 must be completed and returned along with the original prescription form, normally within 28 days of the form having been presented;
- iv a detailed explanation of why the chemist felt it necessary to dispense must be included on the claim form. A reward will only be payable where the Local Health Board is satisfied that the chemist had good and sufficient reasons to dispense; and
- v the form presented as a prescription form was not a genuine order for the person named on the form. An order would not be a genuine order if, for example, it had been stolen or counterfeited and not signed by an authorised prescriber; or had been altered otherwise than by the authorised prescriber by whom it was issued.

Where the time-limits for either contacting the Local Health Board or for returning a claim form, as specified above, are exceeded, Local Health Board will nevertheless consider a claim if there are exceptional circumstances justifying the delay.

ARRANGEMENTS FOR CONTRACTORS CONCERNING PRESCRIPTION PRICING ERRORS**For the period 1 April 2011 to 31 March 2012**

For England only:

Since the introduction of the capacity improvement programme (CIP) by the NHS Business Services Authority (NHSBSA) it has become apparent that the number of errors in pricing is at a level where a scheme to acknowledge this situation is appropriate. Considerable work has been undertaken to quantify the cost of the errors to contractors and whether it can be established which contractors payments may have been affected the most. While it is possible to quantify the errors, it is not possible to identify which contractors may have been particularly affected.

Previously, arrangements were made to cover the periods up to 31 March 2009 and 1 April 2009 to 31 March 2011. Further arrangements as outlined below will be made to cover from 1 April 2011 to 31 March 2012.

All contractors who are open on 1 October 2012 will receive a payment based on the extent to which they were open for business during the reference period from 1 April 2011 to 31 March 2012. This is in recognition of the levels of errors and any inconvenience caused by the new processing system for the period 1 April 2011 to 31 March 2012. That period will be divided into bands of three months and each band will be worth £150. A contractor will receive a payment based on the number of bands during which they were, at some point, open eg a contractor who was open for the entire period will receive a payment of £600 while a contractor who opened for the first time at some point between 1 January and 31 March 2012 will receive a payment of £150.

Table 1

Payment band (during which the contractor must have been open at some point for business)	Payment to recognise the increase in errors and any inconvenience caused by CIP (accumulated)(£)
1 January 2012 - 31 March 2012	150
1 October 2011 - 31 December 2011	300
1 July 2011 - 30 September 2011	450
1 April 2011 - 30 June 2011	600

Contractors who have purchased a business during this period will only be paid in respect of the payment bands when they owned the business unless they have purchased the business with liabilities and the account code has remained unchanged. Contractors who have ceased trading on or before 1 October 2012 will not receive a payment, even if they were trading for the entirety of the reference period.

The Table 1 payment will be made automatically in October's advance payment, which is made in December 2012 to all the contractors referred to in the previous paragraph and no claim needs to be submitted to qualify for the payment.

Any contractor who thinks their payments from 1 April 2011 to 31 March 2012 have been significantly affected has until 31 December 2012 to ask in writing for a recheck of a month or months' prescriptions directly to the NHSBSA. After this time, no further requests for rechecking of prescriptions pre 31 March 2012 will be accepted.

To request a check:

- Contractors must submit their request for a check to NHSBSA in respect of particular month(s) using the appropriate form available from NHS Prescription Services of the NHS Business Services Authority or at www.nhsbsa.nhs.uk. A separate form needs to be completed for each month they wish to have checked. Contractors with more than one pharmacy need to complete separate request forms for each pharmacy, and for each month, they wish to have checked.

ARRANGEMENTS FOR CONTRACTORS CONCERNING PRESCRIPTION PRICING ERRORS

- NHSBSA will select an equal number of months to check. Using the results from all the months reprocessed:
 - Where a net underpayment is revealed, the contractor will be paid the value of the underpayment;
 - Where a net overpayment is revealed, the NHSBSA will recover the value of the overpayment.
 - Where a net underpayment is revealed in excess of £500, the contractor will be paid an additional payment of £400 to recognise that they have been significantly affected by the new payment system.

This means that contractors who seek a check will risk losing any underpayment owed when balanced with any overpayment revealed by NHSBSA, even if there was an underpayment in the months for which the contractor has requested a check.

Following 31 December 2012, the deadline for contractors to request a recheck of their account, any contractor who has chosen not to request a recheck will receive an additional payment. This payment will be split into the same bands as in table 1 (each band worth £100) and contractors will be paid the table 2 payments according to the number of bands during which they were open for business at some point during the reference period. It will only be payable if the contractor is still open on 1 January 2013. For example, a contractor who is open the entire reference period will be paid £400 while a contractor, which first opened during January 2012, will be paid £100. This additional payment will be paid in January's advance payment made in March 2013.

Table 2

Payment band (during which the contractor must have been open at some point for business)	Additional payment value for contractors who choose <u>not</u> to request a recheck (accumulated)(£)
1 January 2012 - 31 March 2012	100
1 October 2011 - 31 December 2011	200
1 July 2011 - 30 September 2011	300
1 April 2011 - 30 June 2011	400

For the purposes of both Table 1 and Table 2 payments, contractors are treated as being open on a particular day if that day falls within a period when they are providing pharmaceutical services, even if under their terms of service they are not required to be open on that particular day.

From 1 April 2012

For England only:

From April 2012, a contractor who thinks there is an issue with their monthly payment can ask the NHSBSA, in writing, to recheck a month or specific months' prescriptions.

All contractors who provide NHS pharmaceutical services can request a month or specific months' prescriptions to be rechecked. Contractors who have purchased a business since 1 April 2012 can only request a recheck for the months where they owned the business, unless they have purchased the business with liabilities and the account code has remained unchanged. Those contractors who ceased trading after 1 April 2012 and not sold the business with liabilities can request a recheck for any month where they owned the business, subject to the normal limitation periods.

To request a recheck from NHSBSA,

- A contractor must submit their request using the appropriate form available from NHS Prescription Services of the NHS Business Services Authority or at www.nhsbsa.nhs.uk.
- All requests must be submitted no later than 18 months from the end of the month of dispensing eg for prescriptions dispensed in April 2012; a contractor must submit their request for a check by 31 October 2013.
- A separate form needs to be completed for each month they wish to have checked. Contractors with more than one pharmacy need to complete separate request forms for each pharmacy and month, they wish to have checked.

ARRANGEMENTS FOR CONTRACTORS CONCERNING PRESCRIPTION PRICING ERRORS

To ensure that adjustments fairly reflect both underpayments and overpayments, the NHSBSA will select an equivalent number of additional months to check, where appropriate. Using the results:

- Where a net underpayment is revealed, the contractor will be paid the value of the underpayment:
- Where a net overpayment is revealed, the NHSBSA will recover the value of the payment.

Once the 18 month deadline for requesting a check has elapsed eg 31 October 2013 for prescriptions dispensed in April 2012, no further requests can be made for that particular month.

DEVOLVING THE GLOBAL SUM - TEMPORARY SAFEGUARDING PAYMENTS

For England only:

If prescribers systematically increase prescription duration on all or a significant percentage of their prescription items, this could lead to dispensing contractors facing increased supplier bills in certain months (as more medicines are dispensed per prescription than usual) and then decreased prescription item volume in subsequent months. Where a contractor's dispensing business is affected in this way, the contractor may be entitled to make one or both of the following claims under temporary safeguarding arrangements.

Claim 1 - To provide support to pay an increase in supplier's bill

For a month where the prescription item duration has increased compared to that seen previously, as the contractor will have dispensed significantly more medication per prescription item than usual, the 100% advance (which is based on a historic net ingredient cost) is likely to be insufficient to cover the contractor's supplier bill for the month.

In these circumstances, the contractor is able to claim for that month, for an increase in their 100% advance (Claim1). The amount that can be claimed should reflect the amount by which the contractor's supplier bill has increased solely due to the increase in prescription item duration and no other reason.

The claim will need to -

- Be made on the appropriate form available from the NHS Prescription Services of the NHS Business Services Authority at <https://www.nhsbsa.nhs.uk/pharmacies-gp-practices-and-appliance-contractors/drug-tariff/drug-tariff-part-xiv>.
- Be signed by the contractor using an advanced electronic signature.
- Be submitted via email to contractorpayments@nhsbsa.nhs.uk at the same time as the FP34C is submitted for that month to the NHS Prescription Services of the NHS Business Services Authority.
- Include a declaration that to the best of the contractor's knowledge there is no reason apart from increased prescription duration, directly or indirectly instigated by an ICB, that would have contributed to the larger than normal suppliers bill e.g. not because of a new GP operating in their area who typically prescribes for a longer duration than other local GPs or because the contractor has dispensed higher than usual high cost drug prescription items.
- Be substantiated for example with a copy of the previous three months supplier bills and the current increased bill - or where this is inconclusive, some other rationale.

On receipt of a valid claim at the NHS Prescription Services of the NHS Business Services Authority

- The contractor will be paid an increase in their 100% advance in line with the claim
- The increased advance will be taken into account in the usual way the following month when the final accurate payment for the month is paid.

Claim 2 - Remuneration

For the months following an increase in prescription duration, contractors may experience a drop in items dispensed and as a result earn fewer fees.

In these circumstances, the contractor is able to claim for an affected month, for any lost fees and allowances (Claim 2).

The claim will need to -

- Be made on the appropriate form available from the NHS Prescription Services of the NHS Business Services Authority at <https://www.nhsbsa.nhs.uk/pharmacies-gp-practices-and-appliance-contractors/drug-tariff/drug-tariff-part-xiv>.
- Be signed by the contractor using an advanced electronic signature.
- Be submitted via email to contractorpayments@nhsbsa.nhs.uk at the same time as the FP34C is submitted for that month to the NHS Prescription Services of the NHS Business Services Authority.
- Include a declaration that to the best of the contractor's knowledge there is no reason apart from increased prescription duration, directly or indirectly instigated by an ICB, that would have contributed to a decrease in fees earned e.g. a new pharmacy opened nearby.

DEVOLVING THE GLOBAL SUM - TEMPORARY SAFEGUARDING PAYMENTS

On receipt of a valid claim at the NHS Prescription Services of the NHS Business Services Authority

- The contractor will be paid on the volume of prescription items for same month of the previous year, but at the current value of fees and allowances.
- Where a contractor makes a claim, for the month in which they are claiming they will be paid on the volume of the previous year's prescriptions regardless of whether this volume is lower than the prescription volume submitted for the month claimed.

Claim 1 and 2 - In general,

- Claim 1 would not normally be expected to be made in the same month as Claim 2.
- Because of the nature of Claim 1 it would not normally be appropriate to claim it in consecutive months, but it may be appropriate to claim it more than once.
- Typically, Claim 2 would follow a Claim 1, but Claim 2 could be made where a Claim 1 has not been made in a previous month, for example, where prescription duration has increased slowly. In these cases, the usual 100% advance may have been sufficient, but the contractor is experiencing a reduction in fees and allowances for which they wish to claim.
- Because of the nature of Claim 2, it may be appropriate to claim it in consecutive months, but it is unlikely to be appropriate for it to be claimed every month.

For Claim 1 and 2, in situations where the claim is outside conditions agreed by Department of Health and Social Care (DHSC) and Community Pharmacy England, the claim will be subject to joint verification by the NHSCB and the contractor's Local Pharmaceutical Committee (LPC), subject to agreement with the contractor on LPC involvement.

Where a contractor makes one or more valid claims in the previous three months, they will be entitled to an "amendment allowance" of £30 for the quarter (regardless of how many claims made), in recognition of the administrative time required to make claims.

DISPENSING COMPENSATION PAYMENT (WALES)

For Wales only:

1. Welsh Health Circular WHC/2002/025 encourages general medical services (GMS) providers in Wales to increase the period of treatment of repeat prescriptions wherever it is appropriate.
2. In situations where GMS providers systematically increase the period of treatment on a significant percentage of prescription this could lead to a reduction in the volume of prescriptions dispensed by some pharmacy contractors.
3. Where a contractor's dispensing business is affected in this way, the contractor may be entitled to a dispensing compensation payment.
4. The dispensing compensation payment is payable to any contractor that experiences a reduction in prescription volume in the relevant month and where the reduction is attributable to changes in GP prescribing specifically related to increases to the period of treatment.
5. The dispensing compensation payment will be payable during the period 1 April 2025 to 31 March 2026.
6. A contractor will be eligible for the dispensing compensation payment where:
 - 6.1 For the period
 - 6.1.1 1 April 2026 to 31 March 2027: The reduction in prescription volume is greater than 7% when compared to the average prescription volume for the period April 2025 to March 2026 (the reference period) plus 1.59%.
 - 6.2 The prescription volume in the relevant month is lower than the prescription volume in the same month in the reference period.
 - 6.3 The contractor makes a declaration using the National Electronic Claim and Audit Form (NECAF) system confirming the decrease in prescription volume is the direct result of increases to the periods of treatment of prescriptions from GMS providers whose prescriptions are dispensed at the pharmacy.

Calculation of Dispensing Compensation payment

7. The value of the dispensing compensation payment will be calculated as the difference between the actual payment in the relevant month and the average monthly payment made to the pharmacy in the reference period, less 7% excluding any establishment payments and practice payments in both the reference and relevant period.
8. Pharmacies in receipt of funding through the essential small pharmacies scheme (ESPS) are not eligible for dispensing compensation payments.

BORDERLINE SUBSTANCES

Borderline Substances

In certain conditions some foods and toilet preparations have characteristics of drugs and the Advisory Committee on Borderline Substances advises as to the circumstances in which such substances may be regarded as drugs. The Advisory Committee's recommendations are listed below. Prescriptions issued in accordance with the Committee's advice and endorsed "ACBS" will normally not be investigated.

Manufacturers wishing to notify changes to their products should contact the ACBS by post:

ACBS Secretariat
Room 2E14
Medicines Regulation & Prescribing
Medicines & Pharmacy Directorate
Department of Health and Social Care
Quarry House
Leeds
LS2 7UA

LIST A

This is an alphabetical index of products which the ACBS has recommended for the management of the conditions shown under each product.

General Practitioners are reminded that the Advisory Committee on Borderline Substances recommends products on the basis that they may be regarded as drugs for the treatment of specified conditions. Doctors should satisfy themselves that the products can be safely prescribed, that patients are adequately monitored and that, where necessary, expert hospital supervision is available. Prescriptions for products recommended by the Committee should be endorsed "ACBS".

Note: The Committee has recommended a number of products as complete feeds for certain conditions. They may be prescribed both as sole sources of nutrition and as necessary nutritional supplements prescribable on medical grounds.

Definitions

1. The Committee has defined proven lactose or sucrose intolerance as "A condition of intolerance to an intake of the relevant disaccharide confirmed by:

- (i) demonstrated clinical benefit of the effectiveness of the disaccharide free diet;
and
- (ii) the presence of reducing substances and/or excessive acid (1.00pH) in the stools, a low concentration of the correspondent disaccharidase enzyme on intestinal biopsy, or by breath tests or lactose tolerance tests."

2. The Committee has defined proven whole protein sensitivity as "Intolerance to whole protein, proven by at least two withdrawal and challenge tests, as suggested by an accurate dietary history."

3. The Committee has defined dysphagia as that associated with "Intrinsic disease of the oesophagus, eg. oesophagitis; neuromuscular disorders, eg. multiple sclerosis and motor neurone disease; major surgery and/or radiotherapy for cancer of the upper digestive tract; protracted severe inflammatory disease of the upper digestive tract, eg. Stevens-Johnson Syndrome and epidermolysis bullosa."

LIST C

LIST C

The products which have been considered by the ACBS and may not be prescribed on Form FP10, are now included in Part XVIII.A.

NOTES ON CHARGES

NOTES ON CHARGES FOR DRUGS AND APPLIANCES PAYABLE UNDER REGULATIONS MADE UNDER SECTION 172(1) AND (2) OF THE NATIONAL HEALTH SERVICE ACT 2006 AND SECTION 121(1) AND (2) OF THE NATIONAL HEALTH SERVICE ACT (WALES) ACT 2006

- (i) Information about the number of charges payable is in paragraph 11 - with examples of the application of the charging arrangements in paragraph 12.
- (ii) Where the arrangements or charge rates differ between England and Wales, provisions for England (ie set out in regulations made in England) apply to prescriptions dispensed by community pharmacists, appliance contractors and dispensing doctors in agreement with NHS Commissioning Board (NHSCB) in England. Provisions for Wales (ie set out in regulations made in Wales) apply to prescriptions dispensed by community pharmacists, appliance contractors and dispensing doctors in agreement with Local Health Boards (LHB) in Wales. The cost of prescription prepayment certificates (PPCs) and Hormone Replacement Therapy prescription pre-payment certificates (HRT only PPCs) will apply in accordance with the normal address of the patient. Details are in paragraph 6.
- (iii) Any PPC or exemption certificate issued in England, Northern Ireland, Scotland or Wales is valid across the UK. The HRT only PPC is issued in England only and is valid across the UK.
- (iv) In the following paragraphs, where no separate provision for Wales is noted, the same provisions apply in England and Wales.

1. CHARGES PAYABLE

- A £9.90 (England) for each prescription item, preparation or type of appliance including each anklet, legging, knee-cap, below-knee, above knee or thigh stocking. In Wales from 1 April 2007 there will be no prescription charge for a patient (or the patient's representative) who presents a Welsh prescription form (WP10, or another in that series) or for a patient (or a person on a patient's behalf) who presents an English prescription form (FP10) with a valid Entitlement Card. No charge is payable for Oxygen concentrators from 1 April 1992.
- B Any drugs, appliances or chemical reagents, which are supplied in line with a Serious Shortage Protocol (SSP), are to be charged as if they were dispensed in line with a prescription, except in the following circumstances:
 - (i) if, as a consequence of the supply being in accordance with a SSP, the patient receives a smaller quantity of the drug or Part IX appliance than the quantity originally ordered on the prescription then no patient charge is payable.
 - (ii) if, as a consequence of supplying in accordance with a SSP, there is a requirement for an additional drug or Part IX appliance to be provided to a patient and more charges would therefore become payable than had they received the supply as originally ordered on the prescription, then only those prescription charges that would have applied had the supply been made in accordance with the original prescription are payable.

2. PHARMACY AND APPLIANCE CONTRACTORS

Unless a completed declaration of entitlement to exemption or remission (see paragraphs 4 and 5) is made on the prescription form or EPS Token, a charge is payable for each drug or Part IX appliance supplied, including each piece of elastic hosiery (apart from some circumstances where supply is made pursuant to a Serious Shortage Protocol, see further paragraph 1B).

In order to secure exemption or remission from prescription charges, when presenting a prescription form to a pharmacy, or appliance contractor, the patient, or their representative, must complete the declaration on the back of the prescription form or EPS Token. The regulations require them to do so, unless the exemption is for those aged under 16, or 60 and over and the date of birth is printed on the prescription form (see paragraph 5). Patients and their representatives are also not required to make a declaration or sign the back of the form or EPS Token if the item prescribed is provided free-of-charge as provided by legislation i.e. contraceptives (see paragraph 10.1) or treatment for a sexually transmitted infection (see paragraph 10.2) or treatment for tuberculosis (TB), the effects of TB, or the adverse effects from TB treatment (see paragraph 10.4).

Patients and their representatives are not required to make a declaration or sign the back of the form or EPS token if a real time exemption check by the pharmacy or appliance contractor of electronic records that are

NOTES ON CHARGES

managed by the NHSBSA for the purposes (amongst other purposes) of providing advice, assistance and support to patients or their representatives in respect of whether a charge is payable under these Regulations has confirmed that no charge is to be made and recovered.

Patients, or their representatives, are required to sign the prescription form or EPS Token to declare that a charge has been paid, except for supplies under Patient Group Directions and, for non-prescription medicines, in connection with additional pharmaceutical services such as Pharmacy First. Patient charges are retained by the dispensing practitioner whose payment for provision of pharmaceutical services is adjusted accordingly.

In Wales: From 1 April 2007 there is no longer any requirement for a patient or their representative to sign the declaration on the reverse of a WP10 to be exempt from paying a prescription charge. However, if a patient presents an FP10 for dispensing in a Welsh pharmacy and it is not accompanied by a valid Entitlement Card then the declaration must be signed in the usual way or a charge paid in accordance with the English regulations made under section 121(1) and (2) of the National Health Service Act 2006.

3. DISPENSING DOCTORS

Unless a completed declaration of entitlement to exemption or remission (see paragraphs 4 and 5) is made on the prescription form, the charges set out at (1) above are payable in respect of each item supplied by a dispensing doctor (apart from some circumstances where supply is made pursuant to a Serious Shortage Protocol, see further paragraph 1B). In order to secure exemption or remission from prescription charges when presenting a prescription form to a dispensing doctor, the patient, or a person on his behalf, must complete the declaration on the back of the prescription form. The regulations require them to do so, unless the exemption is for those aged under 16, or 60 and over and the date of birth is printed on the prescription form (see paragraph 5). Patients and their representatives are also not required to make a declaration or sign the back of the form if the item(s) prescribed is provided free-of-charge as provided by legislation i.e. contraceptives (see paragraph 10.1) or treatment for a sexually transmitted infection (see paragraph 10.2) or treatment for tuberculosis (TB), the effects of TB, or the adverse effects from TB treatment (see paragraph 10.4). Patients and their representatives are not required to make a declaration or sign the back of the form or EPS token if a real time exemption check by the doctor of electronic records that are managed by the NHSBSA for the purposes (amongst other purposes) of providing advice, assistance and support to patients or their representatives in respect of whether a charge is payable under these Regulations has confirmed that no charge is to be made and recovered.

Patients, or their representatives, are required to sign the prescription form to declare that a charge has been paid. Charges are retained by the dispensing practitioner whose payment for provision of pharmaceutical services is adjusted accordingly.

In Wales: From 1 April 2007 there is no longer any requirement for a patient or their representative to sign the declaration on the reverse of a WP10 in order to secure exemption from paying a prescription charge.

When an item dispensed by a dispensing doctor is delivered to a patient outside the surgery, every reasonable effort should be made to obtain a signed declaration from the patient that they have either paid the charge or are exempt (except for any patients aged under 16, or 60 and over).

However, there will be occasions when repeat prescriptions are delivered to points outside the surgery, or for example for collection from village shops in rural areas. Where a patient is exempt from charges and it is not practical for the patient to sign the form, a dispensing doctor or responsible member of the practice team should mark the reverse of the form as "remote delivery" and sign the form.

4. PEOPLE ENTITLED TO EXEMPTION

Provided that the appropriate declaration is made by a patient or their representative (apart from those instances detailed in paragraph 5), a charge is not payable to the pharmacist, appliance contractor or dispensing doctor for drugs or Part IX appliances, including elastic elastic hosiery, supplied for:

- 4.1 Children aged under 16;
- 4.2 Young people aged 16, 17 or 18 in qualifying full-time education;
- 4.3 People aged 60 and over.
- 4.4 People holding a valid exemption certificate, which is issued to:
 - 4.4.1 expectant mothers*;
 - 4.4.2 women who have given birth to a child (including a still-born child) in the last 12 months*;

NOTES ON CHARGES

4.4.3 people suffering from the following specified conditions who have a valid exemption certificate:

- permanent fistula (for example, caecostomy, colostomy, laryngostomy or ileostomy) requiring continuous surgical dressing;
- a form of hypoadrenalism (for example, Addison's Disease) for which specific substitution therapy is essential;
- diabetes insipidus and other forms of hypopituitarism;
- diabetes mellitus, except where treatment is by diet alone;
- hypoparathyroidism;
- myasthenia gravis;
- myxoedema (that is, hypothyroidism requiring thyroid hormone replacement);
- epilepsy requiring continuous anti-convulsive therapy;
- a continuing physical disability which means they cannot go out without the help of another person;
- for further information about the exemption for cancer please see 4.9.

4.5 War pensioners holding a War Pension exemption certificate or Prescription exemption certificate issued by the Ministry of Defence for prescriptions needed for treating their accepted disablement;

4.6 People who have purchased a prescription prepayment certificate (PPC), which is valid at the point of dispensing.

People who hold a Hormone Replacement Therapy only prescription pre-payment certificate (HRT only PPC) which is valid at the point of dispensing are exempt from paying prescription charges for any HRT items listed in paragraph 10.3.

4.7 From 1 April 2013 released prisoners and those released from secure accommodation (defined as a court, a secure training centre or a secure children's home) who present a non-electronic prescription (any FP10 form type) will not have to pay a prescription charge for any item on that form. From 1 December 2024 this exemption from the prescription charge will also apply where the patient is issued with an electronic prescription upon release.

For all prescriptions the address of the prison or secure accommodation should be included within the practice address. For non-electronic prescriptions, the letters HMP included within the practice address will indicate that the prescription is exempt from prescription charges. The prescribing code and the cost centre code for the organisation should also be included for all prescriptions.

The patient does not have to sign the declaration on either the non-electronic prescription (FP10) or electronic prescription EPS token (FP10DT). However, for electronic prescriptions, contractors will need to select the "Was prescribed free-of-charge HMP/prisoners/persons detained in other secure accommodation medication" (0015) exemption category to ensure NHSBSA process this as an exempt claim.

4.8 Prescription Forms from Devolved Administrations

Dispensed in Wales: From 1 April 2007 all patients (including temporary residents) who have prescriptions issued by prescribers contracted to a Local Health Board or Welsh NHS Trust (WP10), or those patients in possession of a valid Entitlement Card (issued by NHS Shared Services Partnership on behalf of a Local Health Board) and a prescription written by a prescriber contracted to the NHS Commissioning Board or an English NHS Trust (FP10), are eligible for free prescriptions. In all other cases the English charge will apply unless the patient is entitled to an exemption as specified in 4.1 to 4.7 above.

Dispensed in England: From 1 April 2007 patients (including temporary residents) who have been issued a WP10 and meet the entitlement criteria as specified in 4.1 to 4.7, are eligible for free prescriptions. In all other cases the English charge will apply.

From 1 April 2011 any patient who presents a Scottish prescription form (GP10) in England will pay an English prescription charge for items dispensed unless the person is entitled to exemption as specified in 4.1 to 4.7.

From 1 August 2010, any patient who presents an NHS prescription form originating from Northern Ireland (coded HS21CS) will not pay a prescription charge for any items on that form that are dispensed in England.

NOTES ON CHARGES

Following the abolition of prescription charges in Northern Ireland on 1 April 2010, a new prescription form (coded HS21CS) has been produced in Northern Ireland and this is now in circulation. The form does not include a tick box and declaration section on the reverse of the form but does include a signature box for those collecting any Schedule 2 and 3 Controlled drugs.

The previous version of the Northern Ireland prescription form may be in circulation for the time being. Both versions of the forms must be dispensed without collecting prescription charges. A patient or patient representative signature is not required on either version of the form (except in the case of Schedule 2 and 3 Controlled drugs when a collector's signature is still required).

4.9 EXTENSION OF THE LIST OF MEDICAL CONDITIONS GIVING EXEMPTION FROM NHS PRESCRIPTION CHARGES: GUIDANCE FOR DOCTORS

ALL CONDITIONS

We ask all doctors to advise patients of their entitlement to medical exemption from prescription charges and give them a form FP92A once a relevant diagnosis is made. Application for an exemption certificate should only be made once the diagnosis of one of the medical conditions listed on the FP92A is confirmed. The exemption certificate will be backdated one month from the date the application is received.

Exemption certificates only apply to charges for NHS prescriptions, but they cover all prescriptions, not just those for the exempting condition.

Pending receipt of an exemption certificate, patients should ask the dispenser for an NHS receipt (FP57 Receipt and Refund claim for NHS prescription charges) when they pay a prescription charge. A FP57 form must be issued at the time prescription charge(s) are collected by the dispenser and cannot be provided at a later date.

Patients diagnosed with one of the qualifying conditions for medical exemption, who are aged 60 and over are exempt from NHS prescription charges on age grounds and do not need to apply for a medical exemption certificate. However, patients who are exempt because they are receiving a relevant benefit, for example Universal Credit, may wish to apply for a medical exemption certificate so they are covered if their financial circumstances change.

The current version of the application form is the FP92A0823. The version of the form marked 1 January 2009 can still be used. Old versions of FP92A should be destroyed securely.

CANCER

The National Health Service (Charges for Drugs and Appliances) Regulations 2015 ("the Charges Regulations") provide for the medical exemption criteria to include cancer patients. They give exemption from charges for cancer patients in respect of all prescription items (not just those for cancer). Exemption certificates for cancer patients will last for 5 years and can be used to their end date even if the patient's cancer treatment finishes during that period. At the end of 5 years a new application may be made if the patient still meets any of the conditions in (i) – (iii) below.

The regulations set out that:

"No charges shall be payable by a person with a valid exemption certificate issued by the Secretary of State on the ground that the person is undergoing treatment for –

- (i) cancer;
- (ii) the effects of cancer; or
- (iii) the effects of cancer treatment".

The words used are intended to have the following meanings but interpretation is a matter for the doctor's clinical judgement in deciding whether or not to confirm the patient's statement and sign the application form.

The cancer medical exemption is not intended for patients who have been treated and are now apparently clear of cancer where no further treatment is planned. In these cases, treatment does not include routine follow ups with planned discharge later.

Advisory sunscreen because of risk of skin cancer is not a qualifying condition for exemption. This does not preclude prescribing sunscreens (per drug tariff) where clinically appropriate.

"Cancer": means diagnosed cancer (any cancer), not suspected cancer, e.g. skin lesion where no biopsy (or diagnostic test) has been carried out, nor pre-cancerous cells, e.g. following smear test.

"Undergoing" means continuing treatment not just one episode such as nitrogen freezing of a skin lesion with no further treatment planned.

NOTES ON CHARGES

"Treatment" for diagnosed prostate cancer is in accordance with NICE guidelines as at: www.nice.org.uk

"Treatment" includes a course of tamoxifen following diagnosed cancer or similar drug to like effect. It also includes the prescription of lymphoedema garments needed as an effect of cancer or its treatment. These are listed in the Drug Tariff and can be prescribed on an FP10.

"The effects of cancer" includes palliative care if treatment for cancer itself has ceased (e.g. pain relief). It also includes effects directly related to cancer that did not exist before the diagnosis, for example change in mental health. The effects of cancer (and cancer treatment) would also include "ostomies" although these patients could apply for an exemption certificate if they have a permanent fistula.

"The effects of cancer treatment" may be in respect of current treatment or previous treatment and could arise some time after the treatment. They include all the side-effects of cytotoxic drugs listed in chapter 8 of BNF and includes prevention of side effects of these drugs. This is an example, not exhaustive, and effects of treatment also include late effects of radiation, including the need for camouflages, and secondary lymphoedema.

5. NO PRESCRIPTION CHARGE EXEMPTION DECLARATION NEEDED FROM CERTAIN PATIENTS

- 5.1. In England certain patients exempt on age grounds (aged under 16 or aged 60 and over) are not required to make a declaration of entitlement to claim exemption from prescription charges. This means that certain patients do not have to complete any part of the exemption declaration or sign the declaration. In such cases pharmacists will not have to complete any part of the patient declaration.
- 5.2. This easement applies only to patients (and representatives acting on behalf of patients) whose date of birth is automatically printed out on a hard copy paper prescription or inserted into an electronic prescription by an appropriate computer system that stores the patient's NHS care record. This easement also applies to repeat prescriptions (both electronic and paper) in the same way.
- 5.3. Patients who are given hand-written prescription forms where the date of birth is inserted manually, and who claim exemption from prescription charges on age grounds, must complete the declaration of exemption.
- 5.4. Patients are not required to sign the declaration where the only item(s) prescribed are a free-of-charge contraceptive listed in paragraph 10.1, and/or item(s) that have been endorsed with 'FS' for free-supply by the prescriber as required by regulations - this applies to items used to treat a sexually transmissible infection (STI) (see paragraph 10.2) and items for the treatment for TB, the effects of TB or the adverse effects from TB treatment (see paragraph 10.4).
- 5.5. Patients are not required to sign the declaration where their exemption from prescription charges has been confirmed by Real Time Exemption Checking (RTEC).
- 5.6. Patients are not required to sign the declaration where a smaller quantity to the amount prescribed is supplied in accordance with a Serious Shortage Protocol (SSP).

6. PEOPLE ENTITLED TO REMISSION

- 6.1 People, who are included in an award of Income Related Employment and Support Allowance or Pension Credit Guarantee Credit (PCGC);

All active claims to Income Support and income-based Jobseeker's Allowance will end on 1 April 2026. Some payments will continue to be made for a two-week run-on period to provide transitional protection. People may therefore claim exemption from prescription charges on the grounds of Income Support or Income-based Jobseeker's Allowance until the end of 14 April 2026. After 14 April 2026, to continue to be entitled to free NHS prescriptions, a person must meet the Universal Credit criteria*** for help with health costs, based on their last complete assessment period, or qualify under another valid exemption category.

- 6.2. Universal Credit. People who are included in a positive award of Universal Credit, that is an award above £0 and:
 - (i) Have no earnings or net earnings** not exceeding £435 in the Universal Credit assessment period***;
 - (ii) Have no earnings or net earnings** not exceeding £935 in the Universal Credit assessment period***, and also have a child element included in their Universal Credit award or have been assessed as having limited capability for work, or limited capability for work related activity.

NOTES ON CHARGES

People who are getting Universal Credit and who meet the criteria above should tick the Universal Credit box 'U'. Where a dedicated Universal Credit box is not available on the form they should tick box K (*get income based Jobseekers Allowance) on the reverse of the prescription form. See paragraph 6.4 below.

Until NHS forms, including the FP10 prescription form and dispensing tokens, are updated, to reflect the updated list of benefits that provide exemption from prescription charges, current forms should continue to be used.

**** Earnings of a couple.** The relevant earnings to be considered, in respect of a person who is a member of a couple, are the combined earnings of the couple.

***** Eligibility for remission of a charge at the point of dispensing** is based on the claimant's last complete assessment period. Universal Credit is assessed monthly, based on the date of claim of an individual. The assessment period will run for a calendar month from the effective date of claim for Universal Credit (which will be shown on the award notice), and between the same dates each month, thereafter.

Recipients of Universal Credit will be given an award notice that can be used as evidence of entitlement to remission of charges. It should be noted that whether a person has limited capability for work may not be identified on the Universal Credit award notice. A patient may not receive/have access to an updated award notice where there has been a relevant change in circumstances (e.g. change in amount of earnings). It is the patient's responsibility to consider whether they meet the criteria, including having limited capability for work and whether they meet the relevant earnings threshold.

- 6.3 Working Tax Credit and Child Tax Credits ended on 5 April 2025. This means that people ceased to receive this benefit from 6 April 2025. NHS forms will be updated to reflect this change at the earliest opportunity.
- 6.4 People who are included in an award of Income Related Employment and Support Allowance should tick box H *gets Income Support or Income-related Employment and Support Allowance, on the reverse of the prescription form to claim free prescriptions until NHS forms are updated.

Evidence should be provided in the form of an Employment and Support Allowance award notice. Note: receipt of the contribution based Employment and Support Allowance alone does not entitle a person to free prescriptions.
- 6.5 People and their partners who are named on an NHS Charges certificate HC2 because they are entitled to full help through the NHS Low Income Scheme.
- 6.6 Leaflet HC11 and the equivalent HC11W in Wales provides information for patients about help with health costs within the respective countries. HC11 is on the NHSBSA website at www.nhsbsa.nhs.uk/help-nhs-prescription-costs.
- 6.7 Leaflet HC12 and the equivalent HC12W in Wales provides information for patients about NHS charges and optical voucher values within the respective countries. HC12 is on the NHSBSA website at www.nhsbsa.nhs.uk/help-nhs-prescription-costs.
- 6.8 Copies of the HC12 (HC12W and HC11W in Wales) should be made available to patients. They may be ordered free of charge directly from:

7. PRESCRIPTION CHARGE REFUND PROCEDURE

- 7.1. This guidance applies to refunds of prescription charges in England only. Patients enquiring about getting a refund paid in Scotland should call the following number
Scotland - 0131 275 6076

NOTES ON CHARGES

Or they can write to: Practitioner Services (Pharmacy Repayments), 1 South Gyle Crescent, Edinburgh, EH12 9EB, Scotland

Security of FP57 Prescription receipt and refund forms

- 7.2. FP57 Prescription Receipt and Refund forms are secure items and should not be left in locations where they may be accessed by the public. They should be locked away when not required. Only authorised staff may process prescription refunds. If a pad or a form disappears, or cannot be accounted for, report this urgently to your local Integrated Care Board (ICB) Area Team (in England) or Business Services Centre (in Wales). Pharmacists should be alert to the possibility of misuse of the forms.

When to issue FP57 Prescription receipt and refund forms

- 7.3. Only issue a FP57 Prescription Receipt and Refund claim form when the patient (or their representative) requests this (but see section 8 below) or is in genuine doubt about whether they might be exempt from prescription charges, or they have applied (or are thinking about applying) for a prescription charge exemption certificate or pre-payment certificate (3-month PPC, 12-month PPC or HRT only PPC).
- 7.4. When a patient (or their representative) states they do not have to pay prescription charges because they are in an exempted group or hold a prescription pre-payment certificate (3-month PPC, 12-month PPC or HRT only PPC), they are not required to pay a charge simply because they do not have any evidence of entitlement. If they are prepared to sign to say they are exempt, they should complete and sign the declaration on the reverse of the prescription form. The "Evidence Not Seen" box should be crossed, as per normal Point of Dispensing check procedures.
- 7.5. Only issue a FP57 Prescription Receipt and Refund claim form at the time the prescription charge is paid. If the patient or their representative is persistent in their request and they have grounds why they do not have a prescription refund and receipt, they should be advised to write to NHSBSA, Help with Health Costs, Bridge House, 152 Pilgrim Street, Newcastle Upon Tyne, NE1 6SN or ring 0300 330 1343, to explain why they were unable to obtain an FP57. Their Review Section will examine the claim and will either send a payment directly to the patient or advise the patient why they do not qualify.
- 7.6. If a receipt is required by a carer or representative, for example to show that the charge was paid, a till receipt may be sufficient proof. Only if a refund may be required should the patient be issued with a FP57 Prescription Receipt and Refund form.

Issuing FP57 Prescription receipt and refund forms

- 7.7. Part A or Part 1 on the new FP57 must be fully completed by the dispenser or an authorised member of staff. There must be no alterations to the amounts or the quantities in Part A/Part 1. If a mistake is made, then start again with a new form and cross through the discarded form in such a way that it cannot be used and write, "CANCELLED" diagonally across it. The dispenser can initial any other alterations elsewhere on the form. Any forms which have been discarded due to alterations or mistakes in Part A/Part 1 should be kept for audit purposes.

The FP57 has been updated. There will be a period of transition where old stock is used up, prior to use of new stock being available. Old stock should continue to be used until stocks of it run out. The new FP57 now includes an additional row in Part 1 in which to record charges for items on the HRT medicines list (see paragraph 10.3) and to align more closely with the letters used on the FP10 NHS prescription form. Where a patient may be claiming a refund for listed HRT items on the grounds that they held a valid HRT only PPC at the point of dispensing or they are considering applying for a backdated HRT only PPC, the new FP57 should be used [version FP570423].

If a patient plans to claim a refund for a HRT item on the grounds that they held a valid HRT only PPC that applied at the point of dispensing, or they were considering applying for a backdated HRT only PPC and the new FP57 is not available, the pharmacist should issue a separate 'old' FP57 (version 1008) for HRT items listed in paragraph 10.3 and annotate part A of the form with 'Listed HRT' and initial the annotation to confirm the charges paid were for listed HRT items. A separate 'old' FP57 (version 1008) form should be issued for items that are not listed in paragraph 10.3.

- 7.8. The dispenser's stamp and date of payment must be on the form with the patient's name and address, the rate of prescription charge paid per item, the number of charges paid and the total paid.

NOTES ON CHARGES

Pharmacies processing forms for refunds

- 7.9. Patients should preferably return the prescription refund and receipt form to the community pharmacy that issued it. However, if this is not possible they may take the form to the most convenient pharmacy (normally in the country where the charge was paid.)
- 7.10. Community pharmacists should accept the claim even if the form was issued by a hospital or other NHS organisation. If a dispensing doctor or appliance contractor has taken a payment and the patient requires a refund, the dispensing doctor or appliance contractor must provide the patient with a FP57 Prescription Receipt and Refund form. The patient should go to a community pharmacy or their dispensing doctor to obtain the refund.
- 7.11. Pharmacists in England may make refunds for prescription refund and receipt forms issued in England, Scotland or Wales. The paid form will be sent to the NHSBSA, NHS Prescription Services (in England). Pharmacists in Wales may make prescription refunds on Welsh receipt and refund forms (WP57) only. The paid form should be sent to Powys LHB via the Business Services Centre local offices (in Wales) in the normal way.
- 7.12. When a patient presents a prescription refund and receipt form for payment, the pharmacist (or any member of staff who would normally collect a prescription charge) should check the following:
 - serial number on the form to ensure it is in the same format as the forms held by that pharmacy;
 - that there are no alterations to the amounts or quantities in Part A/Part 1 and the form appears genuine, e.g. there is no white border indicating that it is a "home produced" copy.
- 7.13. If the form is not in order the pharmacist should phone the NHS Counter Fraud Authority (NHSCFA) fraud line number 0800 028 4060 (in England) and CFS Wales on 01495 745844 (in Wales).
- 7.14. If the form is in order, take the following steps:
 - For patients claiming a refund based on the Universal Credit exemption arrangements:
 - (i) Where the prescription charge was paid on or after 1 December 2016, check if the patient was included in an award of Universal Credit and, on the day the charge was paid:
 - had no earnings or net earnings** not exceeding £435 in the relevant Universal Credit assessment period***. Or
 - had no earnings or net earnings** not exceeding £935 in the relevant Universal Credit assessment period*** and had a child element included in the Universal Credit award or if they have been assessed as having limited capability for work, or limited capability for work related activity.
 - ** Earnings of a couple. From 1 December 2016, the relevant earnings to be considered, in respect of a person who is a member of a couple, are the combined earnings of the couple.
 - *** Universal Credit is assessed monthly, based on the date of claim of an individual. The assessment period will run for a calendar month from the effective date of claim for Universal Credit (which will be shown on the award notice), and between the same dates each month, thereafter.

Eligibility for a refund of a charge paid is based on either the last assessment period before the charge was paid or the same assessment period in which the charge was paid. This allows a person to claim a refund of a charge paid during the period their Universal Credit was being determined, where it is subsequently confirmed that they qualify for Universal Credit and they meet the eligibility criteria.
 - (ii) Where a charge was paid before 1 December 2016, the earnings threshold amounts applied to the individual earnings of either member of a couple. This treatment of earnings on an individual basis remains relevant for determining entitlement to a refund of charges paid between 1 November 2015 and 30 November 2016 only. (Examples of treatment of earnings on an individual basis, one member of a couple earns £300 in the relevant assessment period and the other earns £200, and assuming the relevant threshold is £435, each meets the criteria, even though jointly their earnings would exceed the threshold. Alternatively, one member of a couple earns £500 and the other earns £200, again assuming the relevant threshold is £435, the partner with the higher earnings would not

NOTES ON CHARGES

meet the criteria (as the earnings are above the threshold) but the partner with earnings of £200 would do so.)

- Check that the claim is being made within three months of the date the charge was paid, or the patient has an authorised form (LIS04(P)) from NHSBSA, Help with Health Costs
- Request evidence of entitlement to exemption or sight of form LIS04(P) authorising payment
- Check that the evidence relates to the patient
- Check that the evidence covers the date the charge was paid
- Note on the form what was produced, e.g. medical exemption certificate
- Note on the form the reference number on the exemption document (where applicable) e.g. 1234365
- Note on the form the LIS04(P) form reference number and date
- The person claiming the refund must print their name and address (i.e. the representative's details where appropriate)
- Pay the amount shown in Part A/Part 1 of the form
- Obtain signature of patient, or representative, and date for the cash
- Ensure that you, or the member of staff authorised to make refunds sign and print their name on the FP57/WP57 form.

Time Limit for making claims

- 7.15. A refund must be claimed within 3 months of the date on which the prescription charge was paid (e.g. if charge is paid 1 January, the refund must be claimed by 31 March). If more than 3 months have elapsed between the time the charge was paid and the prescription refund and receipt form is presented for payment, the refund may not be paid unless the patient has a form LIS04(P).
- 7.16. In the event of a late claim, patients will need to send the prescription refund and receipt form to NHSBSA, Help with Health Costs, Bridge House, 152 Pilgrim Street, Newcastle Upon Tyne, NE1 6SN and explain why they did not claim the refund within the 3 month time limit. Their Review Section will examine the claim and either authorise a refund by sending form LIS04(P) or advise the patient why they do not qualify.

Old style forms

- 7.17. You may be presented with the FP57/WP57 (0403 or 1008) version of the form. If a patient does produce a 0403 or 1008 form, the refund may be paid as long as either the form is presented within three months of the charge being paid, or the patient has an authorised form LIS04(P).

8. PRESCRIPTION PRE-PAYMENT CERTIFICATES (PPCs)

In England, a patient can buy the 3-month or 12-month PPC to cover all prescription items or the HRT only PPC to cover prescription for HRT medicines licensed to treat the menopause which are included in the list at paragraph 10.3.

Patients can buy PPCs:

- 8.1 Over the internet, using their debit or credit card, at www.nhsbsa.nhs.uk/ppc;
- 8.2 Over the telephone, using their debit or credit card, by calling 0300 330 1341;
- 8.3 By post, making payment by cheque, postal order, or their debit or credit card by completing the PPC application form (FP95);
- 8.4 By 10 monthly direct debit instalments of £11.45. These PPCs are available by post, by completing the PPC application form (FP95), by telephone, by calling 0300 330 1341 or internet, at www.nhsbsa.nhs.uk/ppc. **This applies for 12-month PPCs only.**
- 8.5 At a pharmacy registered to sell 3-month PPCs, 12-month PPCs and HRT only PPCs on behalf of the NHSBSA. A list of pharmacies registered to sell PPCs can be found at www.nhsbsa.nhs.uk/ppc.

NOTES ON CHARGES

All types of PPC may start up to one month earlier or one month later than the date on which the application is received by the NHSBSA.

Doctors and pharmacists could greatly assist any patient who makes frequent payments for prescriptions by drawing attention to the availability of PPCs and HRT only PPCs.

These certificates cost:

- £114.50 (England) for a 12-month PPC.
- £32.05 (England) for a 3-month PPC.
- £19.80 for a HRT only PPC (valid for 12 months).

The 12-month PPC is worthwhile for anyone requiring 12 or more items in 12 months, the 3-month PPC is worthwhile for anyone requiring 4 or more items in three months. The HRT only PPC is worthwhile for anyone requiring 2 or more HRT prescription items in 12-months. The HRT items covered are listed at paragraph 10.3.

9. BULK PRESCRIPTION

Charges are not payable in respect of "bulk" prescriptions for schools or institutions supplied in accordance with the Regulations See Note 9, Part VIIIA (page 325).

10. CONTRACEPTIVE SERVICES, SEXUAL HEALTH RELATED TREATMENT, HRT PPC AND TB TREATMENT

- 10.1. No charge is payable for contraceptive substances and listed contraceptive appliances prescribed on FP10 or any of its variants. Contraceptives used in conjunction with an oestrogen as part of a hormone replacement therapy (HRT) regime should continue to be supplied free of charge regardless of whether a patient has a HRT only PPC or not.

The great majority of family planning prescriptions will be for contraceptive devices (See Part IXA) spermicidal gels, creams, films, pessaries and aerosols; or those systemic drugs promoted as contraceptives which are listed below: prescriptions for those products will not be specially marked and a prescription charge should not be levied.

Prescriptions for other drugs - If the prescription is for contraceptive purposes the prescriber should mark the item with the symbol ♀ (or endorse the item in another way which makes it clear that the prescription is for contraceptive purposes e.g. CC) and a prescription charge should not be levied for any items so marked. In the absence of such an endorsement by the prescriber, the normal prescription charge will apply to that item.

Where a dispensing doctor paid on the Drug Tariff basis supplies for contraceptive purposes a drug which is not on the list he or she should mark the item with the symbol ♀ (or endorse the item in another way which makes it clear that the prescription is for contraceptive purposes e.g. 'CC') on the prescription form before it is submitted for pricing.

- 10.2. No charge is payable for NHS treatment for Sexually Transmitted Diseases (STDs) - see section 173 of the National Health Service Act 2006 and regulation 10(2) of the Charges Regulations.

To be consistent with professional and other guidance (e.g. the National Institute for Clinical Excellence and the British Association for Sexual Health and HIV) we will refer to Sexually Transmitted Infections (STIs) rather than STDs, reflecting that many conditions are asymptomatic so an individual cannot be said to have a disease, and that an infection implies the condition is transmissible whereas a disease does not. The management of STIs in any setting, including primary care, should conform to national standards. Further guidance on STIs that may be suitable for managing in primary care can be found in the guidelines section of the British Association for Sexual Health and HIV (BASHH) website (<https://bashh.org/guidelines>) and in BASHH's Standards for the management of sexually transmitted infections (<https://www.bashh.org/about-bashh/publications/standards-for-the-management-of-stis/>).

If a prescription contains items for the treatment of an STI the prescriber should endorse each item with 'FS' which stands for 'free supply for specified use' to make it clear that the item is for the treatment of an STI and a prescription charge should not be levied for any items so marked. In the absence of an 'FS' endorsement by the prescriber, the normal prescription charge(s) will apply to that item unless the patient has a valid exemption from prescription charges.

- 10.3. No charge is payable for the products listed below when a person has purchased a Hormone Replacement Therapy only prescription pre-payment certificate (HRT only PPC) which is valid at the point of dispensing.

Contraceptive progesterone products used in conjunction with an oestrogen as part of a HRT regimen e.g. Mirena, remain free-of-charge (see list at para 10.1).

If a patient normally pays for their prescriptions and has a valid HRT only PPC and their prescription contains a mixture of HRT items listed below and other prescription items then the prescription should be returned to the prescriber and the HRT items listed below should each be prescribed on a separate prescription from other items.

For prescriptions that only contain the HRT items listed below and free of charge contraceptives separate prescriptions are not necessary from a prescription processing perspective. If a patient holds a valid HRT only PPC at the point of dispensing, then contractors should select the HRT only PPC category/code on dispensing systems.

For prescriptions that only contain the HRT items listed below and items endorsed 'FS' for free supply, if the patient is exempt on the grounds that they hold a valid HRT only PPC at the point of dispensing then the HRT only PPC category should be selected on dispensing systems.

However, if a mixed prescription is issued in error, and the patient holds a valid HRT only PPC at the point of dispensing, either the HRT items listed below, or the non-HRT items may be supplied if there is an urgent need, and the patient and pharmacist reach agreement to do so. The items not dispensed would need to be marked as such and the patient would need to obtain a new prescription for the items not dispensed, if the items that are not dispensed are HRT items, they should be prescribed on a separate prescription for each item.

If there is an urgent need for both the HRT listed below and the other non-HRT items, then the HRT only PPC exemption cannot be used (except where all the non-HRT are free of charge contraceptives or are endorsed with FS as described above). The patient would need to pay the charges for all items dispensed and be issued with a FP57 Receipt and Refund form to claim a refund for the listed HRT for which the HRT only PPC is accepted.

The FP10 prescription form, EPS token and dispensing systems have been updated to include a new exemption category 'W HRT only prescription pre-payment certificate', Electronic Reimbursement Message (EREM) code 0020.

NOTES ON CHARGES

Where a patient holds a valid HRT only PPC and has a prescription for only the HRT items listed below, the patient should select box W 'HRT only prescription pre-payment certificate, where the prescription form or EPS token does not have box W patients should be instructed to select box F 'prescription pre-payment certificate'.

Where a patient has provided evidence of a valid HRT only PPC and the chargeable items on the prescription are for the HRT items list below, the contractor should select HRT only PPC (box W / EREM code 0020), even if the workaround has required the patient to select box F prescription pre-payment certificate in the absence of a box W.

If the dispensing system has not been updated contractors should also select the F / EREM 0007 prescription pre-payment certificate. If the dispensing system has been updated they should select W / EREM 0020 to reflect the evidence provided by the patient.

If a patient does not have a valid HRT only PPC then the mixed prescription should be processed in the normal way as charge paid unless the patient is exempt from prescription charges under one of the other grounds of exemption.

Where the patient plans to buy a HRT only PPC and backdate it to the cover the date the items are dispensed and the charge is taken, a FP57 Receipt and Refund form should be given to the patient.

List of medicines covered by the HRT PPC

NOTE:

Contraceptives listed in paragraph 10.1 are supplied free-of-charge. Where these contraceptives are used as the progestogenic opposition of oestrogen for HRT they will remain free-of-charge. Therefore a patient should not buy a HRT only PPC for these products alone.

Generic versions of the products listed below are also covered by the HRT only PPC, provided the prescription is written generically.

Only licensed versions of the products below are covered by the HRT only PPC.

HRT hormones

Hormone Replacement Therapy (HRT) is the replacement of female sex hormones oestrogen and progesterone in women to control symptoms of the menopause. Some medicines that are converted or break down into oestrogen, progestogen or androgen hormones are prescribed for relief of menopausal symptoms. For the purposes of the HRT PPC these are included within this definition of HRT. Types of HRT include:

- combined oestrogen plus progestogen HRT - for women who still have their uterus
- oestrogen only HRT - for women who have had a hysterectomy
- tibolone - acts as a combined hormone therapy.

To be included on the list below (and therefore within scope of the HRT PPC) the products must be:

- (1) HRT as defined above; and
- (2) licensed for the treatment of menopausal symptoms in the UK.

Please note: there can be variation in the licensing of different medicines containing the same active substance.

If a product that meets the criteria is missing from the list below please contact hrtpcenquiries@dhsc.gov.uk.

10.4. TREATMENT OF TUBERCULOSIS

From 1 December 2025, no charge is payable for NHS treatment for tuberculosis (TB), the effects of TB and the adverse effects from TB treatment that is provided via an NHS prescription - see regulation 13C of the NHS (Charges for Drugs and Appliances) Regulations 2015 ("the Changes Regulations"). The prescriber must endorse each item with 'FS' which stands for 'free supply for specified use' to make it clear that the item is for the treatment of TB (or STIs see paragraph 10.2) and a prescription charge should not be levied for any items so marked. In the absence of an 'FS' endorsement by the prescriber, the normal prescription charge will apply to that item unless the patient holds a valid exemption from prescription charges.

The management of TB in any setting, including primary care, should conform to national standards and guidelines. Further guidance can be found on the NICE website: <https://cks.nice.org.uk/topics/tuberculosis/management/management/>.

11. NOTES ON THE NUMBER OF CHARGES PAYABLE**11.1 SINGLE PRESCRIPTION CHARGE PAYABLE**

Unless the patient claims exemption a single prescription charge is payable where:

- 11.1.1 The same drug or preparation is supplied in more than one container.
- 11.1.2 Different strengths of the same drug are ordered as separate prescriptions on the same prescription form (see also paragraph 12.4.2).
- 11.1.3 More than one appliance of the same type (other than hosiery*) is supplied.
- 11.1.4 A set of parts making up a complete appliance is supplied.
- 11.1.5 Drugs are supplied in powder form with the solvent separate for subsequent admixing.
- 11.1.6 A drug is supplied with a dropper, throat brush, or vaginal applicator.
- 11.1.7 Several flavours of the same preparation are supplied.

NOTES ON CHARGES

11.2	MULTIPLE PRESCRIPTION CHARGES PAYABLE
	More than one prescription charge is payable where:
11.2.1	Different drugs, types of dressing or appliances are supplied.
11.2.2	Different formulations or presentations of the same drug or preparation are prescribed (but see 12.4.2) and supplied.
11.2.3	Additional parts are supplied together with a complete set of apparatus or additional dressing(s) together with a dressing pack.
11.2.4	More than one piece of elastic hosiery* is supplied.
*	(Anklet, legging, knee-cap, below-knee, above knee or thigh stocking).

Contractors should note there may be some exceptions where supply is made pursuant to a Serious Shortage Protocol (see further paragraph 1B). Contractors should also note that "optional extras" or "additional options" ordered with lymphoedema garments do not attract additional prescription charges or fees.

12. EXAMPLES OF APPLICATION OF PRESCRIPTION CHARGE ARRANGEMENTS

NON-MEDICAL INDEPENDENT PRESCRIBING (NURSES, PHARMACISTS, OPTOMETRISTS, PHYSIOTHERAPISTS AND CHIROPODISTS/PODIATRISTS)

Nurse and Pharmacist Independent Prescribers are able to prescribe any medicine for any medical condition within their competence. This includes any controlled drug listed in Schedules 2-5, except diamorphine, cocaine and dipipanone for the treatment of addiction (Nurse and Pharmacist Independent Prescribers are able to prescribe other controlled drugs for the treatment of addiction).

Optometrist Independent Prescribers can prescribe any licensed medicine for ocular conditions affecting the eye and surrounding tissue, but cannot prescribe any controlled drug independently.

Physiotherapist Independent Prescribers can prescribe any licensed medicine for any condition within their competence within the overarching framework of human movement, performance and function. With effect from June 2015, this includes the following controlled drugs: temazepam (oral), lorazepam (oral), diazepam (oral), dihydrocodeine (oral), morphine (oral and injectable), fentanyl (transdermal) and oxycodone (oral).

Podiatrist Independent Prescribers can prescribe any licensed medicine within their competence and relevant to the treatment of disorders affecting the foot, ankle and associated structures. With effect from June 2015, this includes the following controlled drugs: temazepam (oral), lorazepam (oral), diazepam (oral), dihydrocodeine (oral).

Nurse, Pharmacist, Optometrist, Physiotherapist & Chiropracist/Podiatrist Independent Prescribers:

- must work within their own level of professional competence and expertise;
- are recommended to prescribe generically, except where this would not be clinically appropriate or where there is no approved generic name;
- can prescribe licensed medicines independently for uses outside their licensed indications (so-called 'off-licence' or 'off-label'). They must accept clinical/legal responsibility for that prescribing, and should only prescribe off-licence/off-label where it is accepted clinical practice. In general, the General Optical Council discourages optometrists from prescribing 'off-licence' or 'off-label'. Further guidance is provided in the College of Optometrists Clinical Management Guidelines;
- may prescribe any appliances/dressings that are listed in Part IX of the Drug Tariff. Optometrist, Physiotherapist and Chiropracist/Podiatrist Independent Prescribers can only prescribe appliances/dressings for the treatment of conditions relevant to their respective areas of professional practice;
- must not prescribe drugs and other substances listed in Part XVIII A of the Drug Tariff at NHS expense;
- may prescribe drugs listed in Part XVIII B of the Drug Tariff at NHS expense, but only in the specified circumstances, for the specified patient groups listed in the Drug Tariff and where this is within their scope of professional practice;
- Nurse and Pharmacist Independent Prescribers can prescribe unlicensed medicines for their patients, on the same basis as doctors and supplementary prescribers. Optometrist, Physiotherapist and Chiropracist/Podiatrist Independent Prescribers cannot prescribe unlicensed medicines;
- may prescribe borderline substances, which have been approved by the Advisory Committee on Borderline Substances (ACBS). A list of ACBS approved products and the circumstances under which they can be prescribed, can be found in Part XV of the Drug Tariff. Although this is a non-mandatory list, Nurse and Pharmacist Independent Prescribers should normally restrict their prescribing of borderline substances to items on the ACBS approved list. Optometrist, Physiotherapist and Chiropracist/Podiatrist Independent Prescribers should not need to prescribe any items on the ACBS list.

NATIONAL OUT-OF-HOURS FORMULARY

THE FORMULARY CORE DRUG LIST

The following National Out-of-Hours Core Formulary contains the *minimum* list of drugs that patients should be able to access. Exact mechanisms for the provision of these drugs should be decided locally, taking into account existing treatment protocols. **(England only. At the time of going to press the Welsh Ministers had not adopted the formulary)**

Guidance and information on template PGDs can be found on the website: <http://www.pgd.nhs.uk/>

Drug	Comment	Oral			
		Child	Adult	Injectable	Other
ANALGESIA					
Codeine or equivalent	Oral formulations to be supplied as a full course to appropriately treat the presenting condition. Codeine preferred as it has a dual role for pain relief and diarrhoea.		Y		
Diamorphine	Diamorphine is preferred for its use in both cardiac pain and palliative care.			Y	
Non Steroidal Anti-Inflammatory Drug (NSAID)	Oral formulations to be supplied as a full course to appropriately treat the presenting condition. The exact preparation(s) should be decided after local negotiation. Intramuscular injection of a NSAID may avoid the need for controlled drug use.	Y	Y	Y	
Paracetamol	Supply as a full course to appropriately treat the presenting condition.	Y	Y		
ASTHMA					
Inhaled Ipratropium	Supply as a full course to appropriately treat the presenting condition.				Y
Inhaled Salbutamol or equivalent	Supply as a full course to appropriately treat the presenting condition.				Y
Prednisolone	Oral formulations to be supplied as a full course to appropriately treat the presenting condition. Soluble tablets may be preferable for dual use in children and adults.	Y	Y		
Spacer Device	Or nebuliser device.				Y
CARDIAC EMERGENCIES					
Adrenaline/Epinephrine	Strength/formulation suitable for treatment of cardiac arrest.			Y	
Aspirin	For use in all patients with suspected Myocardial Infarction unless contraindicated or already taken.		Y

ALLERGY/ANAPHYLAXIS					
Adrenaline/Epinephrine	Strength/formulation suitable for treatment of anaphylaxis.			Y	
Hydrocortisone	Hydrocortisone sodium succinate can be used for anaphylaxis, asthma and hypoadrenalism.			Y	
Chlorphenamine	Supply as a full course to appropriately treat the presenting condition.	Y	Y	Y	
Non-Sedating Antihistamine	Supply as a full course to appropriately treat the presenting condition. Choice of preparation to be decided locally.		Y		
DIABETIC EMERGENCIES					
Glucagon Injection	Current recommendation is for both Glucose IV and Glucagon to be carried. Children may not respond to Glucagon so are more likely to need glucose. Patients not responding should be admitted.			Y	
Glucose				Y	
OPIOID OVERDOSE					
Naloxone	Any patient with an opioid overdose should be admitted to hospital, as repeated doses may be required.			Y	
GASTROINTESTINAL					
Antacid	Supply as a full course to appropriately treat the presenting condition taking into account manufacturers' pack sizes.		Y		
Domperidone	Supply as a full course to appropriately treat the presenting condition (see also metoclopramide).		Y		
Glycerol Suppositories	Included for immediate symptom relief (may be suitable for use by other healthcare professionals).				Y
Anti-Spasmotic Agent	Supply as a full course to appropriately treat the presenting condition.		Y		
Loperamide	Supply as a full course to appropriately treat the presenting condition.		Y		
Metoclopramide	Included as there is no parenteral formulation of domperidone			Y

Prochlorperazine	Oral formulations to be supplied as a full course to appropriately treat the presenting condition.		Y	Y	Y
PSYCHIATRIC EMERGENCIES/CNS					
Diazepam	Supply as a full course to appropriately treat the presenting condition. Course length to be decided locally taking into account local policies and guidelines. Small quantities may be more appropriate. An appropriate rectal formulation to be included.	Y	Y	Y	Y
Haloperidol	Supply as a full course to appropriately treat the presenting condition. May also be used for treatment of severe nausea and vomiting.		Y	Y	
Procyclidine	Supply as a full course to appropriately treat the presenting condition.		Y	Y	
OBSTETRIC AND GYNAECOLOGY					
Levonorgestrel 1500	Full course to be supplied - included as current evidence suggests early treatment is appropriate.		Y		
Syntometrine Injection	Rarely used but essential to have available for intra or post partum obstetric emergencies. Special storage arrangements may be necessary.			Y	
PALLIATIVE CARE DRUGS					
Diamorphine	It is expected that these drugs would be part of a special tamper proof palliative care pack that would be locally available. Local discussions will be necessary to determine appropriate access. The quantities supplied should be enough to allow appropriate symptom relief until formal review by palliative care team or General Practitioner.			Y

DRUGS, MEDICINES AND OTHER SUBSTANCES NOT TO BE ORDERED UNDER A GENERAL MEDICAL SERVICES CONTRACT

Part XVIII A informs of the drugs, medicines and other substances that may not be ordered under the National Health Service (General Medical Services Contracts) (Prescription of Drugs etc.) Regulations 2004 and the National Health Service (General Medical Services Contracts) (Prescription of Drugs etc.) (Wales) Regulations 2004. The different provisions as they apply to England and Wales are as follows:

In England only

Food marketed as gluten-free or very low gluten may not be ordered under the National Health Service (General Medical Services Contracts) (Prescription of Drugs etc.) (Amendment) Regulations 2018, unless they are gluten-free breads or gluten-free food mixes.

In England and Wales

Note: Some of the references to products listed in Schedule 1 to the National Health Service (General Medical Services Contracts)(Prescription of Drugs etc.) Regulations 2004, and reproduced below in Part XVIII A, are to their British Approved Name (BAN). For the purposes of this list, reference to a generic product's British Approved Name also includes any corresponding generic medicine which is now known by the recommended International Non-proprietary Name. For example, there is an entry in Part XVIII A of the Drug Tariff for Guaiphenesin Syrup (any strength), but Guaifenesin is now the rINN. Neither product should be ordered under a general medical services contract.

- (a) has chronic respiratory disease (including asthma and chronic obstructive pulmonary disease);
- (b) has significant cardiovascular disease, excluding an adult or child patient who has hypertension only;
- (c) has chronic renal disease;
- (d) is immunocompromised;
- (e) has diabetes mellitus; or
- (f) is aged 65 years or over;

"child" means any person under the age of 16 years;

"*EEA Agreement*" means the Agreement on the European Economic Area signed at Oporto on 2 May 1992 as adjusted by the Protocol signed at Brussels on 17 March 1993 and as amended so far as is relevant to these Regulations, by Decision of the EEA Joint Committee No 7/94 of 21 March 1994;

"*EEA State*" means a State which is a contracting party to the EEA Agreement or Switzerland.

"*Pandemic influenza*" means influenza caused by a new virus subtype that has an increased and sustained transmission during a global outbreak of influenza;

"patient" has the same meaning as in the National Health Services (General Medical Services Contracts)(Wales) Regulations 2004; and

"*residential care establishment*" means a place where persons reside on a long-term basis in order to receive continuing care.

CRITERIA NOTIFIED UNDER THE TRANSPARENCY DIRECTIVE

Criteria notified to the European Commission under Article 7 of the Council Directive relating to the transparency of measures regulating the pricing of medicinal products for human use and their inclusion in the scope of national health insurance schemes (89/105/EEC)

The following six criteria have been separately notified by the UK Government to the European Commission since 1989 to comply with Article 7 of the Transparency Directive.

First, under the Selected List Scheme, medicinal products in seventeen therapeutic categories which are excluded from prescription on the grounds that, on expert advice, they had no clinical or therapeutic advantage over other, cheaper, drugs in the following categories:-

mild to moderate painkillers
 indigestion remedies
 laxatives
 cough and cold remedies
 vitamins
 tonics
 benzodiazepine sedatives and tranquillisers
 anti-diarrhoeal drugs
 drugs for allergic disorders
 hypnotics and anxiolytics
 appetite suppressants
 drugs for vaginal and vulval conditions
 contraceptives
 drugs used in anaemia
 topical anti-rheumatics
 drugs acting on the ear and nose
 drugs acting on the skin

Second, products may be considered as "borderline substances" which are not truly medicinal products with clinical or therapeutic value and are excluded from NHS prescription on that ground.

Third, as well as being freely available on sale over the counter to the general public the cost to the NHS if the product(s) were to be supplied on prescription could not be justified at any price likely to be economic to the manufacturer and that the supply of the product is not considered a priority for the use of the limited resources available to the NHS.

Fourth, that products which nonetheless may meet a legitimate clinical or therapeutic need when properly prescribed, are subject to misuse by drug misusers, and such misuse, or the manner in which the product is administered by drug misusers, gives rise to the risk of physical or mental morbidity and alternative products are available to meet all legitimate clinical or therapeutic needs.

Fifth, a medicinal product or a category of medicinal products may be excluded entirely from supply on NHS prescription. It may alternatively be excluded except in specified circumstances, or except in relation to specified conditions or categories of condition, or specified categories of patient. A medicinal product or a category of them may be so excluded where the forecast aggregate cost to the NHS of allowing the product (or category of products) to be supplied on NHS prescription, or to be supplied more widely than the permitted exceptions, could not be justified having regard to all the relevant circumstances including in particular: the Secretary of State's duties pursuant to the NHS Act 1977 and the priorities for expenditure of NHS resources.

Sixth, products which comprise an injection device prefilled with a drug may be excluded from supply on NHS prescription if the same drug is available and can be used more economically in a container which may be used in conjunction with a refillable injection device.

REMUNERATION - PAYMENT DISPUTES) (ENGLAND) DIRECTIONS 2022**

D I R E C T I O N S

NATIONAL HEALTH SERVICE ACT 2006

The National Health Service Litigation Authority
(Pharmaceutical Remuneration – Payment Disputes) (England)
Directions 2022

The Secretary of State for Health and Social Care gives the following Directions in exercise of the powers conferred by sections 7(1), 8 and 272(7) and (8) of the National Health Service Act 2006(a).

Citation, commencement, application and interpretation

1.—(1) These Directions may be cited as the National Health Service Litigation Authority (Pharmaceutical Remuneration – Payment Disputes) (England) Directions 2022 and come into force on the day after the day on which they are signed.

(2) These Directions apply in relation to England.

(3) In these Directions—

“the 2013 Regulations” means the National Health Service (Pharmaceutical and Local Pharmaceutical Services) Regulations 2013(b);

“appellant” means a person bringing an appeal of the nature described in direction 2(1);

“the Authority” means the National Health Service Litigation Authority(c) established by the National Health Service Litigation Authority (Establishment and Constitution) Order 1995(d) (or, where the context so requires, persons or a committee exercising functions on its behalf in accordance with direction 2(4) and 3(1)); and

“the decision” is to be construed in accordance with direction 2(1).

(4) In these Directions, words and expressions used in these Directions and in the 2013 Regulations bear the meanings they bear in the 2013 Regulations.

Disputes relating to payments of pharmaceutical remuneration: delegation of functions to the Authority and to its committees and staff

2.—(1) The Authority is directed to exercise the functions of the Secretary of State relating to receiving and determining any dispute referred to the Secretary of State under section 9(6) of the 2006 Act(e) (NHS contracts) in respect of any of the following decisions (“the decision”)—

- (a) the recovery of an overpayment from an NHS pharmacist under regulation 94(1) of the 2013 Regulations (recovery of overpayments) which is in the nature of an appeal against a decision of the NHSCB that there has been an overpayment;

(a) 2006 c. 41. Section 7 has been amended by the Health and Social Care Act 2012 (c. 7) (“the 2012 Act”), section 21. Section 8 has been amended by the 2012 Act, Schedule 4, paragraph 5, and Schedule 14, paragraph 3.

(b) S.I. 2013/349.

(c) The National Health Service Litigation Authority now operates under the name “NHS Resolution”.

(d) S.I. 1995/2800, as amended.

(e) Section 9 has been amended by: the Health and Social Care Act 2008 (c. 14), Schedule 5, paragraph 82; the Health and Social Care Act 2012, Schedule 4, paragraph 6, Schedule 7, paragraph 18, Schedule 14, paragraph 4, Schedule 17, paragraph 10, Schedule 19, paragraph 9, and Schedule 21, paragraph 6; and the Care Act 2014 (c. 23), Schedule 5, paragraph 16.

**THE NATIONAL HEALTH SERVICE LITIGATION AUTHORITY (PHARMACEUTICAL
REMUNERATION - PAYMENT DISPUTES) (ENGLAND) DIRECTIONS 2022**

- (b) a decision of the NHSCB, pursuant to a provision of the Drug Tariff, to recover a Covid 19 related uplift to a payment in advance where the uplift was paid to another NHS pharmacist; or
- (c) a decision of the NHSCB, pursuant to a provision of the Drug Tariff, not to pay, or only to pay part of, a claim for a payment that is made by an NHS pharmacist in respect of Covid 19 related costs.

(2) The Authority must determine the appeal itself and not appoint a person to consider and determine the appeal pursuant to section 9(8) of the 2006 Act.

(3) The Authority is directed to exercise the powers of the Secretary of State under section 2 of the 2006 Act^(a) (general power) to do anything that is calculated to facilitate, or is conducive or incidental to, the discharge of the functions of the Secretary of State that the Authority is exercising by virtue of paragraph (1), but only to the extent that it is necessary for the proper exercise of that function.

(4) The functions that the Authority is directed to exercise by virtue of paragraphs (1) and (3) may be exercised on behalf of the Authority either by an officer or employee of the Authority or by a committee established in accordance with direction 3(1).

(5) Reference in this direction to decisions of the NHSCB includes to decisions taken on its behalf under delegated authority.

Membership of a committee

3.—(1) The Authority may (and where direction 6(3)(a) applies must) make arrangements for any of the functions that it is directed to exercise by virtue of direction 2(1) and (3) to be exercised on its behalf by a committee established for the purpose and constituted in accordance with this direction.

(2) A committee established under paragraph (1)—

- (a) may, but need not, be composed wholly or partly of officers of the Authority; and
- (b) is to consist of no more than 5 members, of whom—
 - (i) in the case of a committee consisting of 2 members, both members must be lay persons, or
 - (ii) in the case of a committee consisting of more than 2 members, a majority or all of the members must be lay persons.

(3) No person is to be a member of a committee established under paragraph (1) (whether or not their involvement would give rise to a reasonable suspicion of bias) who—

- (a) is a person who is included in a pharmaceutical list or is an employee of such a person;
- (b) assists in the provision of pharmaceutical services under Chapter 1 of Part 7 of the 2006 Act (pharmaceutical services and local pharmaceutical services – provision of pharmaceutical services);
- (c) is an LPS chemist, or provides or assists in the provision of local pharmaceutical services;
- (d) is a provider of primary medical services;
- (e) is a member of a provider of primary medical services that is a partnership or a shareholder in a provider of primary medical services that is a company limited by shares;
- (f) is employed or engaged by a primary medical services provider; or
- (g) is employed or engaged by an APMS contractor in any capacity relating to the provision of primary medical services.

(4) No person is to be a member of a committee established under paragraph (1) which is considering any matter if, because of an interest or association they have, or because of a pressure

^(a) Section 2 was substituted by the Health and Social Care Act 2012, Schedule 4, paragraph 1(1).

to which they may be subject, their involvement in that consideration would give rise to a reasonable suspicion of bias.

- (5) In paragraph (2), “lay person” means a person who is not and never has been registered by—
- (a) a body (B) mentioned in section 25(3)(a) to (ga) of the National Health Service Reform and Health Care Professions Act 2002(a) (the Professional Standards Authority for Health and Social Care); or
 - (b) a body that preceded B as the statutory regulator of any profession regulated by B.

Dismissing appeals: preliminary matters

4. The Authority must determine an appeal against the decision by dismissing it—

- (a) if—
 - (i) the NHSCB has advised the appellant that the appeal to the Authority must be brought within 30 days of the date on which the appellant was notified of the decision by the NHSCB, and
 - (ii) the appellant does not bring it within 30 days of that date (the day on which the notification was received being treated as day zero); or
- (b) if it is of the opinion that the notification of the appeal from the appellant to the Authority contains no valid grounds of appeal (for example, because it amounts to a challenge to the legality or reasonableness of these Directions, the 2013 Regulations or the Drug Tariff).

Flexibility with regard to the manner of determining appeals

5.—(1) Except in so far as these Directions provide to the contrary, the Authority is to determine the appeal against the decision in such manner (including with regard to procedures) as the Authority sees fit.

(2) Where appropriate, the Authority may, if the Authority thinks fit, consider two or more appeals together and in relation to each other, but where the Authority does so, the Authority must give notice to the appellants and the NHSCB of the Authority’s intention to do so.

Oral hearings

6.—(1) Subject to paragraph (2), the Authority may determine the appeal without hearing any oral representations.

(2) Before the appeal is finally decided, the appellant may ask to make oral representations, and if such a request is made, a hearing must be arranged, unless the Authority is satisfied that—

- (a) a hearing is unnecessary; or
 - (b) it must dismiss the appeal by virtue of direction 4.
- (3) If a hearing is arranged—
- (a) the hearing must be before a committee established under direction 3(1); and
 - (b) the Authority must give not less than 14 days notice of the time and place at which the oral representations are to be heard to—
 - (i) the NHSCB, and
 - (ii) the appellant,
 and they (or their duly authorised representatives) are to be the only persons entitled to make oral representations at the hearing.

(a) 2002 c. 17; section 25(3) has been amended by: the Health and Social Care Act 2008 (c. 14), Schedule 10, paragraph 17; S.I. 2010/231; the Health and Social Care Act 2012 (c. 7), Schedule 15, paragraph 36(b); and the Children and Social Work Act 2017 (c. 16), Schedule 4, paragraph 2.

**THE NATIONAL HEALTH SERVICE LITIGATION AUTHORITY (PHARMACEUTICAL
REMUNERATION - PAYMENT DISPUTES) (ENGLAND) DIRECTIONS 2022**

Decisions of the Authority

7.—(1) On deciding an appeal against a decision, the Authority may—

- (a) dismiss the appeal and confirm the decision;
- (b) substitute for the decision any decision that the NHSCB could have taken when it took the decision; or
- (c) quash the decision, with or without remitting the matter to the NHSCB for it to take the decision again subject to such directions as the Authority considers appropriate.

(2) Once the Authority has determined the appeal, the Authority must notify the following of its decision—

- (a) the NHSCB; and
- (b) the appellant,

and must include with that notification a statement of the reasons for the Authority's decision and the Authority's findings of fact.

(3) For the purposes of the 2013 Regulations and the Drug Tariff, the Authority's decision becomes the NHSCB's decision on the matter (but no further appeal to the Authority on that decision is possible), unless the Authority's decision is overruled by a court.

PAYMENTS TO CHEMISTS SUSPENDED BY THE NHS COMMISSIONING BOARD OR BY DIRECTION OF THE FIRST-TIER TRIBUNAL

Payments to a suspended contractor

3.—(1) Subject to the following provisions of this determination, the NHSCB must pay to each contractor (SC) suspended from a pharmaceutical list in accordance with Chapter 6 of Part 7 of the National Health Service Act 2006(a) (pharmaceutical services and local pharmaceutical services – disqualification) a suspended contractor monthly payment (SCMP) of—

- (a) as regards each complete calendar month for which SC is suspended, an amount equal to SC's reference remuneration; or
- (b) if SC is only suspended for part of a calendar month, an amount calculated by multiplying SC's reference remuneration by the fraction produced by dividing the number of days for which SC was suspended during that month (including weekends and bank holidays) by the total number of days in that month.

(2) For the purposes of sub-paragraph (1) but subject to the following provisions of this determination, the "reference remuneration" of SC is the total of the relevant fees and allowances to which SC is entitled in respect of relevant listed premises during the relevant period, divided by the duration of the relevant period (which may differ for different elements of the reference remuneration if more than one set of premises are listed in relation to SC and those premises are listed in relation to SC for different periods).

(3) For the purposes of paragraph (2), the "relevant fees and allowances" means the following fees payable to SC during the relevant period—

- (a) fees (for pharmacy contractors) payable under clause 1 of Part IIIA;
- (b) fees (for pharmacy contractors) payable under clause 2 of Part IIIA;
- (c) fees (for appliance contractors) for dispensing appliances payable under Part IIIB;
- (d) payments (for pharmacy contractors) payable under Part VIA;
- (e) payments (for appliance contractors) payable under Part VIB;
- (f) payments for advanced services (for pharmacy and appliance contractors) payable under Part VIC;
- (g) payments for enhanced services (for pharmacy contractors) payable under Part VIE; and
- (h) payments in respect of pre-registration trainees payable under Part XIII.

(4) For the purposes of paragraphs (2) and (3), the duration of the "relevant period" is—

- (a) in the case of any relevant listed premises that have been listed in relation to SC for at least 12 complete calendar months prior to the suspension of SC, the 12 complete calendar months that preceded SC's suspension; or
- (b) in the case of any relevant listed premises that have been listed in relation to SC for less than 12 complete calendar months prior to the suspension of SC—
 - (i) if the premises have been listed in relation to SC for at least one calendar month prior to the suspension of SC, the number of complete calendar months prior to that suspension during which the premises were listed in relation to SC; or
 - (ii) if the premises have not been listed in relation to SC for at least one calendar month prior to the suspension of SC, the portion of that month, expressed as a fraction, prior to the suspension of SC during which the premises were listed in relation to SC.

Adjustments to suspended contractor monthly payments to take account of premises closures or changes of ownership

4.—(1) Subject to paragraph (3), where premises cease to be listed in relation to a contractor (SC) after SC has been suspended from a pharmaceutical list, as respects the period after those premises cease to be so listed, no account is to be taken of pharmaceutical services provided by SC at those premises prior to SC's suspension in the calculation of a SCMP.

(a) 2006 c. 41.

PAYMENTS TO CHEMISTS SUSPENDED BY THE NHS COMMISSIONING BOARD OR BY DIRECTION OF THE FIRST-TIER TRIBUNAL

(2) For these purposes, where the premises cease to be listed in relation to SC after the start of a calendar month, SC remains entitled to a proportion of—

- (a) the element of the SCMP; or
- (b) the SCMP,

that related to those premises, calculated by reference to the number of days in that month during which the premises were listed in relation to SC divided by the total number of days in that month.

(3) Paragraph (1) does not apply in circumstances where premises cease to be listed in relation to SC as a consequence of the relocation of the business at those premises to new premises.

(4) For the avoidance of doubt, no payments are payable under this Determination in respect of any period when SC no longer has any premises listed in relation to SC on a pharmaceutical list.

Additional payments: increasing turnover

5.—(1) If the NHSCB is satisfied that a suspended contractor (SC) to whom it is required to pay a SCMP would, but for the suspension, have been entitled to receive payments under Part VIA or VIB for a particular month in respect of particular premises that in total are higher than the amount in respect of payments under that Part that was included in the calculation of SC's SCMP for that month, it must make an additional payment to that contractor.

(2) The amount of the additional payment is to be the difference between the contractor's SCMP and the amount the SCMP would have been if the higher total referred to in sub-paragraph (1) had instead been the total of payments under Part VIA or VIB in respect of the particular premises that had been used in the appropriate place in the calculation of SC's SCMP.

Additional payments: temporary cover

6.—(1) If—

- (a) a person (X) other than a suspended contractor (Y) has been listed in relation to relevant listed premises; and
- (b) the NHSCB is satisfied that Y is paying X a payment (in addition to any agreed share of the payments under paragraphs 3 and 5) in respect of the provision of professional services by a chemist (Z),

the NHSCB must make an additional payment to Y in respect of that provision of professional services.

(2) The amount of the additional payment is to be the cost to X of the professional services provided by Z, up to a maximum of £150 per day.

Arrangements for claims and making payments

7.—(1) Payment of an SCMP, or of an additional payment under paragraph 5 or 6, is to be made in arrears as soon as is practicable after the end of the month to which the payment relates, but—

- (a) in the case of SCMPs, they are only payable if, before the first monthly payment, by the end of the month after the first month in respect of which a suspended contractor (SC) wishes to claim SCMPs, SC has notified the NHSCB that SC wishes to claim SCMPs; or
- (b) in the case of additional payments under paragraph 6, they are only payable if, by the end of the month after the month in respect of which SC wishes to claim the additional payment, SC has notified the NHSCB that it wishes to claim an additional payment.

(2) Where it is reasonable to do so, payments under this determination may be withheld, temporarily or permanently, if SC does not provide the NHSCB with the information that it reasonably requires in order to establish entitlement to, or the correct level of, payments under this determination.

(3) If SC's first SCMP is due but the NHSCB is only able to make a reasonable estimate of the amount that is due, it must pay a reasonable estimate of the amount that is due, and thereafter

PAYMENTS TO CHEMISTS SUSPENDED BY THE NHS COMMISSIONING BOARD OR BY DIRECTION OF THE FIRST-TIER TRIBUNAL

adjust (where it is able to do so) future SCMPs to take account of any underpayment or overpayment that has arisen because of the use of that estimate.

(4) For the avoidance of doubt—

- (a) sub-paragraph (3) is without prejudice to the NHSCB's powers to recover overpayments under regulation 98(6) of the 2013 Regulations (payments to suspended chemists); and
- (b) the payments to be made under this determination are the payments to be made by the NHSCB to SC and not the payments to be made by the NHSCB to any person who is providing pharmaceutical services instead of SC because of SC's suspension from a pharmaceutical list.

Revocations and transitional arrangements

8.—(1) The Payments to Suspended NHS Chemists (England) Determination 2012 is revoked.

(2) Paragraph 13(8)(a) of Schedule 9 to the 2013 Regulations (transitional provisions – service provision issues: NHS chemists) applies in relation to payments to a suspended contractor in respect of a period of suspension that preceded 1st September 2012 (as a consequence of which, decisions on payments in respect of the period of suspension that preceded 1st September 2012, and any appeals relating to those decisions, are to be in accordance with the 2005 Regulations and with the determinations mentioned in paragraph 8(1) of the Suspended NHS Chemists (England) Determination 2012).

(3) Paragraph 13(8)(b) of Schedule 9 to the 2013 Regulations applies in relation to payments to a suspended contractor in respect of a period of suspension between 1st September 2012 and 31st March 2013 inclusive (as a consequence of which, decisions on payments in respect of the period of suspension between 1st September 2012 and 31st March 2013 inclusive, and any appeals relating to those decisions, are to be in accordance with the 2012 Regulations and with the Suspended NHS Chemists (England) Determination 2012).

(4) Where a matter is to be dealt with in accordance with the determinations mentioned in sub-paragraphs (2) and (3) by virtue of paragraph 13(8) of Schedule 9 to the 2013 Regulations, in dealing with that matter, the NHSCB (or where appropriate on appeal the Secretary of State) is to treat those determinations as provisions of the Drug Tariff for the purposes of the continuity principles (as defined in paragraph 1(8) of Schedule 9 to the 2013 Regulations), whether or not those determinations continue to be included in the Drug Tariff.

EXPLANATORY NOTE

The following example is intended to illustrate the method of calculation of suspended contractor monthly payments under this Determination.

A pharmacy contractor is suspended by the NHSCB after close of business on 14th February 2014 and on that date has three sets of premises listed in relation to them on a particular pharmaceutical list: one (premises X) has been listed for two years; the second (premises Y) has been listed since the 15th May 2013; and the third (premises Z) has been listed since the start of February 2014.

In the 12 months prior to 1st February 2014, the contractor's income from the relevant fees and allowances at premises X was £120,000; in the eight months prior to 1st February 2014, the contractor's income from the relevant fees and allowances at premises Y was £96,000; and in the

**PAYMENTS TO CHEMISTS SUSPENDED BY THE NHS COMMISSIONING BOARD OR BY
DIRECTION OF THE FIRST-TIER TRIBUNAL**

first two weeks of February 2014, the contractor's income from the relevant fees and allowances at premises Z was £4,000. Accordingly, the reference remuneration for the contractor is $(£120,000 \div 12 = £10,000) + (96,000 \div 8 = £12,000) + (£4,000 \div 0.5 = £8,000) = £30,000$. For February 2014, the amount due will be $£30,000 \times (14 \div 28) = £15,000$, and from March 2014 onwards, the amount will be £30,000 – unless any or all of the premises close or are sold. So for example, if, with effect from 16th June 2014, premises Z are sold to another contractor, the reference remuneration for June 2014 is adjusted to £26,000 and from July 2014 to £22,000.

REQUISITIONS AND PRIVATE PRESCRIPTIONS FOR CONTROLLED DRUGS

Following the Government's response to the Fourth Report of the Shipman Inquiry (Safer Management of Controlled Drugs), the requirements for requisitions and private prescriptions for controlled drugs have changed.

For EnglandPrivate Prescriptions for Controlled Drugs

From 1 July 2006 all private prescriptions issued for controlled drugs in Schedule 2 or 3 of the Misuse of Drugs Regulations 2001 must be ordered using the prescription form designed specially for this purpose (FP10PCD).

Following dispensing, the original FP10PCD prescription forms must be submitted to the NHS Business Services Authority (NHSBSA) for audit purposes.

Requisitions for Controlled Drugs

From 30 November 2015 the supply of controlled drugs in Schedule 2 or 3 of the Misuse of Drugs Regulations 2001 (as amended) must be requisitioned using the new FP10CDF form. This can be accessed from the NHS Business Services Authority website: <http://www.nhsbsa.nhs.uk/PrescriptionServices/1120.aspx>

The requirement to use the mandatory form applies to the professionals listed at regulation 14(4), which now includes paramedics and the person in charge or acting person in charge of an organisation providing ambulance services, and only when stocks of the relevant controlled drugs are to be obtained in the community, including from wholesalers but outside settings such as hospitals.

From 1 June 2015, hospices and prisons are exempt from the requirement to use the mandatory form when requisitioning supplies of Schedule 2 and 3 controlled drugs. They can continue to use the old version of the FP10CDF form while stocks last.

Once the supply has been issued, the requisition form must be marked in accordance with the regulations before being submitted to the NHS Business Services Authority for audit purposes. Hospitals and wholesalers are exempt from this requirement.

Submission of Forms

One FP34PCD submission document must be completed and submitted with each monthly submission of original FP10PCD prescription forms/FP10CDF requisition forms. The submission document is available at <http://www.nhsbsa.nhs.uk> along with guidance on how to complete the document.

The original prescriptions/requisitions should be sorted separately, packed securely and dispatched to the NHS Business Services Authority by no later than the fifth day of the month following that in which they were supplied.

The FP34PCD submission document and original FP10PCD prescription forms/FP10CDF requisition forms must be submitted to the following address:

NHSBSA, NHS Prescription Services
Unit 5, Greenfinch Way
Newburn Riverside
Newcastle upon Tyne
NE15 8NX

Please ensure that original FP10PCD prescription forms/FP10CDF requisition forms are only sent with the relevant FP34PCD submission document and are not included in the monthly submission of NHS prescription forms.

REQUISITIONS AND PRIVATE PRESCRIPTIONS FOR CONTROLLED DRUGS

For WalesPrivate Prescriptions for Controlled Drugs

From 1 January 2007 all private prescriptions issued for controlled drugs in Schedule 2 or 3 of the Misuse of Drugs Regulations 2001 must be ordered using the prescription form designed specially for this purpose (WP10PCD (Pad) or WP10PCDSS (Single Sheet)).

Following dispensing, the original WP10PCD or WP10PCDSS prescription forms must be submitted to NHS Wales Shared Services Partnership (NWSSP) – Primary Care Services for audit purposes.

Requisitions for Controlled Drugs

From 30 November 2015 requisitions used for the supply of controlled drugs in Schedule 2 or 3 of the Misuse of Drugs Regulations 2001 must be ordered using a WP10CDF requisition form. The requirement to use the mandatory form applies to the professionals listed at regulation 14(4) of the Misuse of Drugs Regulations 2001 as amended.

Since 1 June 2015, hospices and prisons have been exempt from the requirement to use the mandatory form when requisitioning supplies of Schedule 2 and 3 controlled drugs.

Once the supply has been issued the requisition must be submitted to NHS Wales Shared Services Partnership (NWSSP) – Primary Care Services for audit purposes. Supplies of the WP10CDF form can be obtained from local Business Service Centre stores. Requisitions for supplies by hospitals and wholesalers are exempt from this requirement.

Submission of Forms

The supplier must submit all CD requisitions that they have processed to NHS Wales Shared Services Partnership (NWSSP) – Primary Care Services using the WP34C form which can be downloaded from - <http://www.hsw.wales.nhs.uk/page.cfm?orgid=166&pid=9848>.

The WP34C submission document and original WP10PCD/WP10PCDSS prescription forms and WP10CDF requisition forms must be submitted to the following address:
